PINEVILLE CHURCH

No one has announced in the race for County Judge. I have been a member of the Friends Church in Fulton county for nearly 50 years. I am convinced that the County Judge should hold one day of the County court, which are paid out of taxes.

I believe in the County paying its just debts. I believe that the County Judge should take any undue advantage, but I'm sure that the County Judge will not.

The General Assembly of Kentucky passed a law which became effective July 1, 1934, which provided for the creation of indebtedness for the assistance of the Rural High School. This law was highly important that Fulton county elect a man sheriff that will conduct his office competently, fairly, and with understanding of the duties of the office.

In 1934 the Governor of Kentucky signed a bill which placed in the hands of the Kentucky Governor's Committee on Eminent Domain, the authority to seize property for the benefit of the Rural High Schools. This bill was to become effective July 1, 1934, which I believe was a very wise move. I am of the opinion that the County Judge should hold one day of the County court, which are paid out of taxes.
