## THE LISTENING POST

● All over the Nation boys are going into the armed services and in all these communities fathers and mothers are thinking the thoughts which always come when a boy goes to the Army or Navy. Recently the son of a newspaper man in West Frankfort, Illinois, joined up, and Editor Purcell wrote an open letter to his son. The letter first appeared in the Illinois newspaper early in March and since then has appeared in many other publications. Knowing that many Fulton fathers have the same thoughts I am passing the letter along:

● Well, Bill, your number is up. You are going to the army. There is a job of serious, nasty, uncivilized business to be taken care of and you have been assigned a part in it.

● The task is unpleasant, repulsive. The assignment is different to anything that you had planned. Yet, it is a privilege as well as a responsibility. For only Americans—the pick of the nation's manhood—are eligible to march with Uncle Sam's armed citizenry and participate in this grim game of war.

● There is, now, but one thing to do. Make the most of it. Be a soldier in every sense of the word.

● I told you, as a little curly-headed boy, when you started to school, that I wanted you to endeavor always to be the best in your classes. I had no idea that you would achieve that distinction. I had not been that caliber of student before you. But that kind of aiming never has a bad effect on the score.

● Then, when you grew up and started thinking of your first job, I told you that, even though you were employed at nothing more important than ditch-digging, I wanted you to try to be the best ditch-digger on the job. I had no idea that you would achieve such top-rank standing in your chosen vocation. I had not. But ambition and the will to get ahead never kept anybody down.

● Now, as you go with millions of other sons from millions of other American homes, I want you to put all that you have into this business of soldiering. It matters not whether you ever wear bars or stars if you are man enough to be a good soldier. And being a good soldier means more than drilling and marching and fighting—and dying.

● It means living—a man's world—as a man should live.

● There is an inclination on the part of too many men, once they are in the army—away from the reputation—to cut loose, go the gait. There is in the army, as in civilian life, every type of manhood and every social strata. Every man is on his own. The choice is yours.

● Men, like water, ultimately seek their own level—in the army as elsewhere. Don't lower your standards, Bill.

● Then, there is the matter of soldiering. The fellow who has difficulty with army life are those who refuse to adjust themselves to the rigid discipline that, although stern and harsh, is as necessary as are guns and tanks and planes. The "yes, sir" men are those

### MID-WEEK SERVICE AT METHODIST CHURCH

The pastor of the First Methodist Church will resume his mid-week addresses tonight at 8:00 o'clock. The services averaged over 100 one hundred during an 18 month period.

The subject tonight is, "Limiting the Load," and concerning this theme the pastor stated, "When you no longer can relax inwardly, get ready for 'brain-storms,' 'nerves' and 'break-downs.' They are the price you pay for overloading the mind and heart. Ninety percent of the men and women who counsel with me in the privacy of my study think of themselves as 'run down' when they are really 'wound up!' Ninety percent of the men and women who come to me with some problem, have so hugged their problem to their bosom that they are like a man who holds a penny too close to his eye and therefore can see nothing else. There is an intelligent solution for every problem but it never will come from a distorted vision. You are not going to pieces outwardly until you crack up inwardly. Your fears will never triumph till your faith is dead. You can 'Limit the Load' on your mind and heart and you have no right to overload either. I'd like to share my thinking with the thoughtful who will honestly approach the problem of overloaded minds and hearts. You may lull all you desire, but it is true that the Master knew what to do with broken bodies, distressed minds and heavy hearts.

### NOTICE ALL EASTERN STARS AND MASONS

Fulton City Chapter Eastern Star will have pot-luck supper, beginning 7:30 p. m. Thursday, May 7, in Masonic Lodge rooms at Fulton. All members and their friends expected to attend and bring a dish. All Masons, their wives, children and friends cordially invited to come, bring a dish. Coffee and soft drinks will be served and games will be played. A general good time is expected. —MRS. E. ## War Department Opposes Bill To Halt "Quickie" Commissions

Washington, —Faced with a growing shortage of officers for the burgeoning Army, the War Department was reported today to be bringing heavy pressure to bear against legislation that would halt the issuance of "quickie" commissions to civilians.

The proposal was slated to go before the House on Wednesday in the form of an amendment by Rep. Faddis (D.-Pa.), to a Senate-approved bill doubling the \$21 monthly pay of Army "buck" privates and granting increases to other ratings up to and including second lieutenants.

One member of the Senate military committee who asked not to be quoted by name said War Department officials had expressed the opinion that adoption of the Faddis amendment would hamper rapid expansion of the Army by making it impossible to release

London, —British Commandos, regular infantrymen and royal marine moved up to Madagascar's Diego Suarez naval base tonight in a swift incursion which struck from the reaching hand of the Axis a vital Indian ocean position and effected a major Allied coup in the war-wide struggle for mastery of the seas.

"Operations are proceeding and our casualties have so far been light," the admiralty and war office said in a brief joint communiqué at 10 o'clock tonight. "It is understood that the governor-general of Madagascar has declared his intention to resist."

The landing forces, protected by warships and warplanes, dashed ashore at Courier bay, ten miles across the isthmus from Diego Suarez itself, at dawn this morning and by nightfall had broken the Vichy French coastal defenses, captured a battery which had shelled the landings and were smashing at the back door of the base through the hot tropical jungle.

Reach Andrakaka  
Advices released by Vichy sources tonight said the British occupying forces, which the French estimated, perhaps excessively, at 20,000, had reached Andrakaka, four miles from the naval base. The same report put the French and Indian defenders at 7,500, nearly twice the London estimate.

The French said also that the British naval forces consisted of two cruisers, four destroyers, two troop transports and an aircraft carrier, and reported that two British planes were shot down.

Attempting, apparently, to stand at the shoulder of Vichy, the German radio earlier in the day said a French submarine and tender had been sunk and that there were French casualties.

Primary Objective  
Diego Suarez was the primary British objective, although it is likely there will be a subsequent move against Tulear on the southwest coast. Tulear has a good air-drome from which the Allied planes could patrol the entrance to Mozambique channel between Durban and Tulear, 900 miles apart.

British troops exclusively were conducting the operation, although in the cause of all the United Nations. There were none of the Free French nor dominion forces such as fought in the invasion of Syria.

trained officers for field duty and replace them in administrative posts with qualified civilians.

Faddis charged that favoritism had been shown in some instances and that high ranking commissioners had been given to men who lacked the necessary qualifications and experience.

Aside from the Faddis proposal, little controversy was expected in the House over the pay increase bill. Trouble was predicted, however, for two other important military measures, one to establish women's branches of the Army, Navy and Marines and the other to provide family allowance payments for dependents of drafted men.

The Senate scheduled resumption today of a battle over the funds of the Tennessee Valley Authority, an important section of the \$2,126,000,000 independent offices appropriations bill.

## Ration Leaves Americans Well Off As Compared With English

Washington, —Americans who set out today to obtain their first war ration books—for sugar—still are living the life of Riley compared with what the Germans and English faced at the outbreak of the war in 1939.

All of the necessities and most of the luxuries of life are obtainable here now, but that doesn't mean it will always be that way. Price Administrator Leon Henderson believes that by the end of 1942 per capita output of consumer goods and services will have dropped to the 1935 level and by the close of 1943 to the depression low of 1932.

Although Americans have felt the pinch so far only on new automobiles and tires and are about to be put on sugar and, in some areas, on gasoline rations, Henderson looks for a gradual widening of the goods-apportioning program.

He says the country is bound to run into "important shortages" later and "naturally we will be prepared for rationing."

At the start of the war German citizens had to give up their automobiles if they were not used in war work; only 10 per cent of the people could buy gasoline; tires were confiscated; all durable goods limited to purchase by special permit, and taxis used only for war and civilian emergency purposes.

Great Britain, waited three months after the start of the war—January, 1940—before rationing necessities. Then the entire civilian population was compelled to grocer and produce cards to get register with the neighborhood subnormal quantities of butter, eggs, bacon and ham, sugar and tea.

Britain extended rationing of clothing in June, 1941.

### RESULTS OF WHEAT MARKETING QUOTA IS REVEALED

Fulton County Farmers Seem Well Pleased With The Set-Up

H. M. Pewitt, Chairman of the Fulton County Agricultural Conservation Association, stated that the farmers of this county seem well pleased with the present set-up on the wheat program. Out of 124 eligible voters, 62 exercised their right by voting in the referendum which resulted in 60 in favor of marketing quotas and 2 against.

Mr. Pewitt further stated that considering that this is a busy season with the farmer, a 59% vote was considered a good percentage, and expressed his appreciation to those who did express their appreciation of the present program in operation in their behalf.

Only those having an acreage growing of wheat amounting to 15 acres or more, and those having less than 15 acres showing a normal production of 200 bushels or more, were eligible to vote in this Referendum.

### FORMER FULTON MAN RECEIVES PROMOTION

O. H. McFarlin, formerly of this city, was appointed assistant superintendent of the Memphis Division of the Illinois Central with headquarters in Memphis, effective May 1. Mr. McFarlin, who has been trainmaster in Memphis, lived in Fulton up until 1931, when he was transferred to Memphis. He has many local friends who will be pleased to learn of his promotion.

### GUS BARD PRESENTS PROGRAM ON YOUTH AT ROTARY CLUB

Special Program Is Attended By Many School Boys

Gus Bard, program chairman for the regular meeting of the Rotary Club, presented an interesting Youth program, featured by the attendance of the eighteen or twenty boys. Most of these were sons and grandsons of Rotarians, and several of these boys took part in the program. Jimmy Landson, son of Ford Landson, presided in place of his father, Joe Davis, Jr., acted as secretary, Jack Browder read an interesting and amusing paper, and Loyal Hartman, Jr., spoke interestingly on "Citizenship in Fulton High." All of these youngsters acquitted themselves well, and it was clear that our civic clubs have the youths who will carry on in future years.

Mr. Bard then presented a thoughtful and challenging talk on "Destiny of Youth." "When this subject was first assigned me about a year ago," Mr. Bard said, "we had no idea of Pearl Harbor or Bataan. We then were able to buy automobiles, tires, sugar and many other things which we cannot buy now. But we still have the greatest asset of all, despite the things which we have lost. We still have youth, and this is the most priceless asset any Nation can ever have."

"Democracy is not a form of government, as so many seem to think," Mr. Bard remarked. "Rather, democracy is an exaltation of character which finds its flowering in what we call democracy. I have heard it said that our modern youth is soft and will have its ears pinned back in this war. I do not believe this. No enemy has ever pinned our ears back and we are not intending for this to happen in this conflict. Our boys will see this through as they have always seen the Nation through every crisis. These boys with us today are of the same sort as the men of '76, the men of '61, the men of '17. We need have no fear on this score."

The speaker told of an American boy who served in the first World War and left a verse behind him which still has the philosophy our boys of today have, and read the verse, "Rendezvous With Death."

### SENIOR TRIP MONEY DIVIDED BY CLASS

## Corregidor Falls To Japanese After Bitter Siege Lasting Several Months, Radio Reports

Troops In Bay Fortress Were Short On Food And Ammunition During Recent Weeks, Washington Reports—Japs Began Storming Attack Last Night

Clearing Up Manila Bay Will Give Japs Magnificent New Naval Base—Have Been Unable To Make Use Of Base As Long As Forts Held Out Against Attack

Radio reports this morning carried the news that Corregidor had fallen to the Japanese after landing parties had effected beachheads on the small island and were storming the fortress. Little information is available and it is presumed that the Japanese have taken over all communications. Fall of the fortress was forecast yesterday when President Roosevelt let it be known that the garrison was short of ammunition and food. While no precise figures are available, it is likely that several thousand soldiers, marines and sailors have been captured by the Japanese. Fate of the other forts in the bay area, Mills and Drum, was not stated, but it is presumed that the enemy has taken all of these.

### SENIORS TO PRESENT PLAY ON FRIDAY NITE

"Elmer, The Youngest," A Comedy, To Be At Science Hall

"Elmer, The Youngest," a three-act comedy will be presented Friday night, May 8, at 8 o'clock at Science Hall by the 1942 Senior of Fulton High school. The play, which is under the direction of Miss Mary Royster, senior sponsor, has all the earmarks of being one of the funniest presented here in some time.

The story is built around Elmer, the youngest member of the Gardner family, who is 17 years old and has just finished high school. He has three older sisters, one of them already married and out of his life, but he is absorbed over the other two's destinies.

Anne is engaged to marry a stick of a doctor but Elmer is sure she is really in love with Lance Abernathy, his boyhood playmate, so he sends for Lance and with the aid of Luigi, an Italian servant starts laying the groundwork. Carrie has been the victim of Elmer's scheming before—he having interfered with her chances of marriage—so when she finds this scheme built around Anne and the Doctor she decides to do something. How Carrie and Elmer battle between them—not only verbally but in a knock down fight—he for Lance and she for the Doctor, provides the background of this splendid comedy.

Come out and see the senior play Friday night!

### DECORATION DAY

Sunday, May 10, will be annual Decoration Day at Palestine Cemetery.

Washington, —The Army announced tonight that the Japanese had begun a "landing attack" on Corregidor, and the capital feared that the resistance of American troops, lacking both food and ammunition and under constant bombardment, had about reached its end.

The Army communique did not say what the prospects were. It confined itself to a grim, one-sentence statement that the assault was in progress at midnight Tuesday, Manila time (9 a. m., Central War Time, today). Presumably a battle was on, but there was no hint of its trend or outcome.

7,000 Men Threatened  
A total of 7,000 men or more were believed to be on Corregidor and other island forts in Manila Bay, although there was no official word of the number. The defenders included both Americans and Filipinos.

The attack followed a day which saw the rocky, island fortress bombed 13 times, and shelled continuously for a period of five hours. Presumably the landing attempt was made from nearby Bataan peninsula, the scene of an epic resistance but inevitable defeat several weeks ago.

Informed opinion in Army quarters was that Lieutenant General Jonathan Wainwright and his men on Corregidor could not hold out much longer. Not only has the fort been bombed from the air, but it has been pounded unceasingly by big guns emplaced both on Bataan and on the Cavite shore.

Shore Defenses Wrecked  
It was generally considered that this battering had destroyed the fort's shore or beach defenses including barbed wire entanglements, pill boxes and the like, thus facilitating the Japanese landing.

## Govt. Halts Use Of Iron And Steel In 400 Common Articles

Washington, —The government ordered today a halt to the use of iron and steel in more than 400 classes of common civilian articles. Thousands of manufacturing plants were commanded by the War Production Board to cease production on a long list of items containing iron and steel within 90 days. Limited production was permitted up to the deadline.

Included in the sweeping ban were bathtubs, mail boxes, fountain cigarette lighters, house numbers, pens, pie plates, cash registers, automobile accessories, theatre marquees, fly traps, tool boxes, pleasure boats, mop wringers, and steel light standards.

Manufacturers may not turn to any substitute metal "except gold or silver," WPB ruled in a clause designed to conserve war-vital copper, lead, brass, zinc and aluminum. The long awaited edict—most drastic conservation order so far issued—gave what amounted to a

finishing blow to the country's durable consumers' goods industry, which WPB Chairman Donald M. Nelson has ordered choked off in order to convert materials, machines and manpower to war work.

Effective after midnight tonight, the decrees climaxed a series of stop-orders covering automobiles, refrigerators, vacuum cleaners, typewriters and other articles whose output was ordered suspended in the interest of a "sound but lean" civilian economy for the war's duration.

Even some items customarily used by the armed forces must go out of production after the 90-day deadline. The order affects not only manufacturing plants, but wholesalers, distributors, retailers, and the consuming public, who are forbidden to receive articles known to have been made or delivered in violation of the order.

#### DIRTY LITTLE SHEETS

Apparently Attorney General Biddle found the water was not so hot as he had feared. Except for a few professional liberals, and of course the Christian Frontiers, almost everybody was pleased when Father Coughlin's Social Justice was given the works.

Now Mr. Biddle has announced his readiness to go after a lot more "dirty little sheets," which are preaching sedition, bigotry, defeatism, anti-democracy generally.

The attorney general has a broad and fertile field in which to work.

This nation at war, fighting not alone for the theoretical cause of democracy but for its very existence, has been tolerating hundreds of "dirty little sheets" which have no possible excuse for existence.

Few of them, individually, do much harm. Their circulation is limited. Their prestige is nil. They are read principally by men and women whose loyalty ranges from passivity to non-existence.

Even a categorical list of such publications would require more space than the entire lot is worth. The Department of Justice has stripped the gears of "Copperhead Notes" by its action against Ellis O. Jones and the deserter Robert Noble, and of the vicious "Gallilean" by the arrest of William Dudley Pulley.

But there still remain at least a hundred subversive daily and weekly printed and mimeographed sheets which, by design or coincidence, play Hitler's game in this country.

There is "The Broom," issued in that highly strategic defense city, San Diego. Its tone may be judged from its discovery that V. (for Victory) actually is a Jewish symbol standing for "Violence, Vengeance and Sabotage."

This is reminiscent of the expose by "X-ray," of Munich, Ind., that the V dates from the feast of Belshazzar. The context in which

### FIFTEEN YEARS AGO

Notice was given today to all property owners to have proper water connections made with city mains. This step is necessary as preliminary to the street paving program in the city.

Hon. H. T. Smith spoke today at the Rotary Club, giving an interesting talk on Oliver Hazard Perry and the battle on Lake Erie in 1813.

Murray High School will play Fulton's Bulldogs tomorrow at the local park.

At the meeting of the W. C. T. U. little Winna Frances Price gave two delightful readings.

Mrs. Walter Shepherd is in Paducah today.

Mrs. Clyde Omar and baby left last night for a visit to friends in Hattiesburg, Miss.

Miss Lillie May Harvell of Arlington is the guest of Mrs. Luke Mooneyham.

Mrs. W. T. Hughes is in Union City today.

Jack Snow is reported ill today. L. C. Puckett and family have moved to Fulton from Wingo. They are living on Maple Avenue.

Mr. and Mrs. Clyde Williams were guests of Mr. and Mrs. Will Creason in Mayfield today.

"X-Ray" publicizes its learning may be judged from a February article warning that the Jews are seeking to mingle their and Negro blood with that of other races through the blood banks which have been established for transfusions for our war wounded.

How can a nation at war continue to tolerate "Publicity," published by E. J. Garner at Wichita, which commented on Pearl Harbor.

"The Japs did Sunday just what Secretary of State Hull and his war-mongering pal, Lord Halifax, of London, have been longing for—they attacked Honolulu and the Philippines. Now the United States has a war on its hands. So then what?"

By citation and quotation, space permitting, the case against these and scores of others could be made irrefutable. Truly, Mr. Biddle was restrained in the best Philadelphia Quaker tradition when he confined his epithet to "dirty little sheets."

We can fight this war very well without such publications or their authors and sponsors.

Now is the time to renew your subscription to the Fulton Daily Leader.

### U. S. SERVICE UNITS SUPPORTING BRITISH IN AFRICAN DESERT

Construction Of Great American Arsenal Under Way

Cairo. —United States service troops in steadily increasing numbers are in positions supporting the main British desert army and air forces ranged against the threatening German Africa corps of Marshal Erwin Rommel.

Major Gen. Fussell L. Maxwell, commander of the North African mission, permitted disclosure of their presence from here today, although American uniforms and huge trucks bearing the "U. S. A." letters have been seen in growing strength for several weeks.

Gen. Maxwell emphasized that the soldiers stationed in this torrid area, barring the Axis from conquest of Egypt and the Suez Canal, were entirely service personnel—mechanics, technical experts, supply specialists and trainers.

Their job is to support combat troops of the British, Indians, South Africans, free French and New Zealanders posted on the desert front 80 miles west of Tobruk in Mussolini's colony of Libya.

Swarms of American-made fighter planes and bombers are fighting daily in the battle of Libya.

Construction of the great U. S. built arsenal in Eritrea on the Red Sea is "well under way," Gen. Maxwell said. He added that it was hoped operations would start there before long.

On the desert battlefield today, British patrols "had occasional brushes with enemy patrols," a communique said.

### ICELAND BREEZES AID COMPLEXION

Fort Worth, Texas. —Pvt. Charles E. O'Rourke of the United States Marine, back from Iceland, said the far northern climate was excellent for the complexion.

"Why, tough Marines acquire a skin just like a baby's," he said. "Something about that climate makes skins so soft most of the fellows were embarrassed. After all, a babyfaced Marine is unthinkable."

O'Rourke, home on furlough, said the troops became accustomed to everything strange about Iceland except the lack of trees. The only ones there are in hothouses and Icelanders gather around them on Sunday like Americans at the zoo.

### LISTENING POST

(Continued from page one)

who get along in the army.

● To attempt to buck the game is folly. The army is bigger than any man in it. Failure to become a working part of it is the worst mistake any soldier can make. Army life is not easy. To cultivate a mental feeling or resentment and self pity can only make it more difficult. That is true of any station in life.

● So, I hope, Bill, that you will be able to accept your lot in this grim business as just another chapter in life's exacting school of experience and endeavor to get out of it something worth while; something that will help in the years ahead.

● You can always find that something if you search for it. Never cease searching.

● I am saying these things to you—not because you are different to the millions of other young men who have gone and are going out to engage in this world contest in death—but because you are of my own flesh and blood.

● Because, man though you are, you will ever be that little boy of mine.

● The uniform that will shortly be issued to you stands for the high and noble principles upon which this nation was founded and has since existed—principles that, to much of the rest of the world, are

unknown. It stands for freedom among men and nations; the right to live and the will to let live. It stands for humanity, civilization, Christianity.

● It has never gone to war except in defense of the principles for which it stands. It has never gone on a rampage of conquest or oppression. That uniform, Bill, is the hope of Old Glory and 130 million Americans. It is the hope of civilization. Wear it with pride.

● I remember well that day, almost 24 years ago, when, while sitting in a lecture period at Camp Gordon, I was handed a telegram that announced that you had made me a father. I was the soldier, then. You were the war baby.

● I remember the day, four months later, when I gazed for the first time upon your face. I remember every day of your life since that time. I shall watch—and pray—every anxious day for your safe return.

● When you have a son of your own some day, as I hope you shall, you will know what I mean. I hope your going to the army will be more successful in freeing your sons from the scourge of war than was mine for you.

● There are two things that I want to give you, Bill, as you go to join other fathers' sons in this business of killing, from which God alone knows whether you will return.

● Both went with me to the army 25 years ago.

● One is a khaki-covered textbook on military methods and soldiery. Peruse its pages and endeavor to master the art of being a good soldier. It may not bring you promotions and high honors for there are in the army, after all, more mere men than anything else. But it will bring to you the satisfaction of doing well whatever you do. It will help you to learn more quickly what is expected of a good soldier.

● The other, also khaki-covered, is a Bible. Don't feel that to take it is being silly. There will no doubt be times when just to hold it in your hand will bring a mysterious comfort. I confess that I read it but little while I was in uniform.

Yes sir, you can take a tip from Mammy . . . for Mammy isn't a "toast nibbler"; nor does she use an extra amount of sugar on cereals for breakfast. She still bakes a big pan of those hot biscuits just as she did 'way back when.

Did you know that wheat has been a dependable source for food since time immemorial? Flour milling dates back more than two thousand years, so we believe you can depend on FLOUR as a part of your daily diet. So, take a tip from Mammy and serve more hot biscuits.

MRS. D. B. VAUGHAN  
HOSTESS TO CLUB

Mrs. D. B. Vaughan was hostess to her buncos club yesterday at her home on Central Avenue when eleven members and one visitor, Mrs. Max McKnight, were present.

After a series of games those winning prizes were Mrs. W. I. Shupe, buncos, pillow slips; Mrs. McKnight, high score, toilet soap; Mrs. John Morris, second high, a Mammymemo novelty; Mrs. Lennis Williams, booby, a salad set; and Mrs. Roy Barron, consolation, a vase.

Mrs. Vaughan served refreshing cold drinks with cookies. Mrs. Morris will entertain the club next Tuesday at her home on Jefferson street.

AUXILIARY TO RAILWAY  
EXPRESS AGENCY MEETS

The Ladies' Auxiliary to the Railway Express Agency held its monthly meeting and the last session of the year yesterday afternoon with Mrs. R. B. Allen at her home on Green street. Mrs. George Hall served as assistant hostess.

During the business period, presided over by the retiring president, Mrs. Charles Cook, the annual election of officers was held with the following elected: Mrs. O. M. Johnson, president; Mrs. O. E. Norman, vice-president; Mrs. James Gibbs, secretary; Mrs. Charles Bowers, treasurer; Mrs. R. B. Allen, chaplain; Mrs. Pete Green, historian; Mrs. G. B. Baker, contact chairman; Mrs. Charles Cook and Mrs. Wiley Stephenson, program committee; and Mrs. C. A. Boyd, sunshine committee.

Plans were then made for the annual picnic, for both the men and women, which will be enjoyed this year on Friday, May 15.

After the business the remainder of the afternoon was spent in games of bingo and Mrs. C. A. Boyd won the prize at the conclusion. Mrs. Allen and Mrs. Hall served a delightful plate following the games.

The meeting adjourned to be held again next September.

CHARACTER BUILDERS CLASS  
OF METHODIST CHURCH TO  
HONOR MRS. KOELLING AT TEA

On Friday afternoon, May 8, the Character Builders Sunday School Class will have a tea from 4 to 6 o'clock at the Methodist Parsonage, honoring Mrs. J. C. Koelling, who is to leave Fulton to make her home in St. Louis. All members of the above class, the members of the Woman's Society of Christian Service and ladies of the Methodist church are invited.

## BIRTH ANNOUNCEMENT

Mr. and Mrs. Joe Williamson of Gallatin, Tenn., announce the birth of a 7 1-2 pound son, Joseph Milton, born yesterday afternoon, May 5, 1942, at 3:20 o'clock at the Vanderbilt hospital of Nashville.

Mrs. Williamson was formerly Miss Betty Koehn of Fulton.

SPECIAL PROGRAMS TO BE  
PRESENTED IN SCHOOLS  
(Submitted by Music Department  
of Woman's Club)

Much interest and enthusiasm is manifested in good music on the part of school children due to the efforts of the teachers in the teaching of music appreciation. During National and Inter-American Music Week, May 3-10, emphasis is being placed on appreciation of good music. Special programs are to be presented in the various schools.

At Terry-Norman there are to be several programs of pupil participation. Recognition programs are planned in which selections from well known operas will be played and identified. On Friday the entire group will hear Dr. Walter Damrosch's program for young people. This program is to be broadcast from 1 to 1:30 p. m.

The Fulton grades are to have programs of group singing, stories of music, stories of operas, study of the organizations of orchestras, and the identification of musical instruments. A chapel program has been arranged for the South Fulton grades, in observance of Music Week.

The Junior Music Club, sponsored by the adult Music Department, has enjoyed a most successful year under the capable leadership of Mrs. Hugh Pigue. This afternoon the club will entertain the Junior Music club of Union City at the Woman's Club building and an outstanding program will be presented.

The following Saturday this local club will be the guests of the Union City Junior Music Club for an exchange program.

MRS. LOUISE TUCK  
ENTERTAINS CLUB

Two tables of players were present last night when Mrs. Louise Tuck entertained the Stamps and Bonds for Victory Buncos Club at her home in East Fulton. Eight players were all members of the club.

Miss Julia Tulley won buncos prize, Miss Bessie Arnold won high score prize and Mrs. Ann Page was the low scorer, all receiving war savings stamps. Mrs. Tuck served a sandwich plate to the following persons—

Miss Tulley, Miss Arnold, Mrs. Page, Miss Christine Darnell, Miss Annie Laurie Reed, Mrs. Alfred B. Green, Mrs. Robert Bowlin and Mrs. Bernice Paschall.

Miss Annie Laurie Reed will be the next hostess to the club, in two weeks.

MRS. ABE JOLLEY  
HOSTESS TO CLUB

Entertaining members of her afternoon bridge club and two substitutes, Mrs. Guy Gingles and Mrs. A. G. Baldridge, Mrs. Abe Jolley was hostess to two tables of contract yesterday afternoon at her home on West State Line. At the conclusion of the games Mrs. Clarence Pickering was presented the high score prize and Mrs. Jolley served light refreshments late in the afternoon.

The club will have its next meeting with Mrs. J. O. Carter, Fair Heights.

MRS. LOUIS WEAKS  
HOSTESS TO CLUB

A Tuesday luncheon club held its semi-monthly meeting yesterday when Mrs. Louis Weaks was hostess. Luncheon was served at 1 o'clock in the Coffee Shop and the group went from there to Mrs. Weaks home on Park Avenue.

Mrs. Harry Murphy won the high score prize following several contract games. Mrs. Bob White will have this club at its next meeting.

DECORATION DAY  
AT CHAPEL HILL

Sunday, May 10, is Decoration Day at Chapel Hill Methodist church and Rev. T. L. Peerey will be in charge of the regular church services.

SALARY LIMIT  
CASE IS ARGUED

Frankfort, Ky., —Urging the Kentucky Court of Appeals to reverse its \$5,000 salary ruling, Attorney General Hubert Meredith declared today that unless the court holds that State Back Tax Collector Clifford E. Smith is a State officer, "it brands the members (of the General Assembly) as ignoramuses and the General Assembly as an ass."

The high court recently decided that Smith, who collects delinquent taxes under a Revenue Department contract, was an "independent contractor," and therefore was not subject to the constitutional \$5,000 a year pay limit.

Teachers Are "In"

Hugh B. Bearden, technical adviser of the State Public Service Commission, was placed in the same category by the court, as were several attorneys who collect for the Welfare Department.

Officers and teachers in State educational institutions were declared, however, to be under direct supervision as to their work and were classified as State officers or employees, subject to the salary limit.

Meredith's petition declared the law under which the back tax collector is employed specifically sets out his duties and provides that his work be done "under the direct supervision of the Commissioner of Revenue." He cited another section providing for "removal from office" of the collector in case he violated the law.

Wants Same Footing  
Meredith also asserted the Public Service Commission lacked authority to contract for Bearden's

services as technical adviser and that "under the statutes he is an employee."

## Tigers Whip Union City In Well Played Game Last Night 2 To 1

Playing brilliantly behind the three-hit pitching of Johnny Barger, the Tigers again edged Union City here last night, winning in the eighth frame on Manager Mullen's timely single to rightfield 2 to 1 after a stirring battle between Barger and Howe. The Union City left hander gave up eight hits, but was tight in the pinches and the Tigers had plenty of trouble with him when men were on the runways. However, Barger was a shade better and with perfect support would have registered a shut-out. Feret dropped a high twisting ball from Podalak's bat in the fourth, and the Union City left fielder at once stole second. He rode home on Hamby's smash down the third base line. The latter tried to stretch his blow to a double and was shot down at second by a great throw from Joe Pollock in left.

After running behind until the sixth, the Tigers got to Howe for the tying tally. John Pavoris slashed a booming triple to the scoreboard and Manager Mullen brought him in with a sacrifice fly to center. The ball might have gone for a hit, but it struck a wire and fell into Gearing's hands in short center. The latter made a good throw for Pavoris, but the

Tiger first sacker made port safely with the tying run.

In the eighth Carol Peterson slashed a double to deep right center and cantered in when Manager Mullen clouted a sharp single into right. The Tiger manager batted in both runs for the night and played a nice game at second.

The fielding gem of the game was turned in by Held at short for the Hounds. Derrick, who had poled two hits previously, hit a screaming drive which seemed a certain hit. Held jumped at the precise split second and speared that screaming drive with his gloved hand to rob the local shortstopper of his third hit.

Barger seemed to have all that was necessary and was never in trouble except for the two errors by Feret. He walked one man, fanned eleven and allowed three singles. That's good enough to win almost any game, but Howe almost matched him for the entire game, except for the timely hits which came late in the game. Howe fanned seven and walked one.

The final game of the series is being played tonight and then the Tigers go to Bowling Green for two games. They will return here Saturday to start a three-game series with Hopkinsville.

## CHESTER MURRELL HAS INTERESTING PICTURE

Chester Murrell has an interesting picture at the city fire department which shows the group of men employed in the freight office here in May, 1881. Chester's father,

Ben Murrell, was one of the group, and Joe Hall, brother of George Hall, well known citizen, was also in the picture. Others included Turner Creedle, still living here, Mr. Quiggins and Mrs. Walters.

Chester says that at the time the picture was made the freight office was somewhere near the Walnut street crossing just above Lake Street. Later he said it was located where the Legg Produce house now stands. Gus Bard, who saw the picture, agrees with Chester that the station one time stood at the latter location, because he remembers stealing a lump of brown sugar out of a barrel in the freight office when it was located there.
