PATROL DRIVER’S RESIGNATION

COMMISSIONERS TO SUSPEND DRIVER OF LAST NIGHT

MRS. MOHUN’S ACCUSATION RECALLED TO REMAIN AT HIS BOOM.

John Austin, driver of the police wagon, has tendered his resignation on account of his wife’s repeated accusations, that he was driving drunk. The matter is not a new one, for Mrs. Austin had been preferred against her husband in the criminal court last September, and the board of aldermen had taken no action in the matter. Mrs. Austin had caused the wagon to be started several times during the month, and the driver had been asked to remain. The charges against Driver Austin were not of such a character as to warrant any action on the part of the board of aldermen.

Evidence Shown That Driver Fleed

Evidence was shown that Driver Austin had fled in the face of the charge against him. At one time he had been seen driving the wagon in a drunken condition, and at another time he had been seen with a bottle of liquor in his hand. The driver had been warned by the police officers to desist from such conduct, but he had continued to drive the wagon in a drunkard condition. The board of aldermen had taken no action in the matter, and the driver had been asked to remain.

Closing the City Election

Closing the city election, the county election registrar has opened the polls for the city of Paducah, and the election commissioner has opened the polls for the county of Paducah. There were a number of candidates for county commissioner, and the election commissioner has opened the polls for the county of Paducah.

Body Meets Again. Tomorrow Evening

The body of George Hunt, found hanging in the woods of the city of Paducah, was removed to the city morgue last night. The coroner’s jury is investigating the matter.

TEN BODIES PREPARED FOR BURIAL. SPIRITED AWAY

The ten bodies found in the woods of the city of Paducah were prepared for burial last night. The coroner’s jury is investigating the matter.

Fair Grounds Secured for Racing

The fair grounds at Elmira were secured for racing last night. The grandstand was erected in the fair grounds and the police were on hand to prevent any disorder.

PATS. ON THE PARADE GROUNDS. WILL BE DELIGHTFUL. BRIEFLY

The parade grounds will be delightfully briefer. The fair grounds were secured for racing last night.

Rottentail show. The Palmer rumors were quiet last night, in consequence of the appeal to take the case to the grand jury. The Palmer supporters are not satisfied with the result of the appeal, and are preparing to take the case to the grand jury.

Riding on the incinerating N., C. & S. Overland and headed for the Mississippi river, where they subsisted in the Holcomb-Hayes-Tay company, the police have traced as far as the springs underneath the post office.

Judge Reed Started Circuit Court

Judge Reed started the circuit court today, and the case of Joe Daniels and his son and another man named Osbrook with assault on white woman by negroes was tried before the court. The court found them guilty and sentenced them to hard labor and fine.

In his appeals for support the governor recites his career as thief ex-senator, in opposition to the governor’s re-election.

The police have traced as far as the springs underneath the post office, and the body of Zeb Long, a negro, was found hanging in the woods early yesterday morning. The body of Zeb Long, a negro, was found hanging in the woods early yesterday morning.

The Judges

This most important department of the Horse Show will be in the capable hands of Mr. Scott Isbell, of Bowling Green, Ky.; Mr. T. M. Wilson, of Cape City, Ky., and Mr. Walter Palmer, of Ottawa, Ill. There are no better horsemen in the United States than these three gentlemen, and exhibitors will have no cause for complaint upon their awards. For years Mr. Isbell and Mr. Wilson have judged in the Central Kentucky Fair Circuit and their work has received many complimentary notices from the leading stock journals of the country. Mr. Palmer has served as judge of the Chicago Horse Show, the St. Louis Horse Show and was one of the judges at the St. Louis World’s Fair, in light harness classes.

Every Kentuckian loves a good horse. The approaching horse show will be the largest gathering of blooded horses ever shown in the Western part of the state, and the public will undoubtedly be surprised at the magnificent lot of stock on exhibition.

MAYORS OF LEICESTER AND NEWPORT IGNORANT OF HOW LAW CHANGES.

Below New Law There To His Lordship the Mayor of

Mr. Mayor:

Section 3105 of General Statutes of 1887 permits the city to build or construct sewers at the cost of the city; but as the same was not changed or amended, this law is still in force.

As the property owners have been notified to appear before the board of public works to inspect the sewer district, and to vote for or against the proposal, it is the duty of the board to make an estimate of the cost of the work.

The cost per foot is to be determined by the length of the line, the depth of the street, the width of the street, the number of buildings along the street, and the number of sewers to be constructed.

The estimate should be made by a competent engineer, and the cost should be compared with the cost of the same work in other cities.

The general council made a report on the subject, and recommended the adoption of the following plan:

The cost of the sewer district is to be estimated by a competent engineer, and the cost of the sewer work is to be determined by the length of the line, the depth of the street, the width of the street, the number of buildings along the street, and the number of sewers to be constructed.

The estimate should be made by a competent engineer, and the cost should be compared with the cost of the same work in other cities.

The general council made a report on the subject, and recommended the adoption of the following plan:

The cost of the sewer district is to be estimated by a competent engineer, and the cost of the sewer work is to be determined by the length of the line, the depth of the street, the width of the street, the number of buildings along the street, and the number of sewers to be constructed.

The estimate should be made by a competent engineer, and the cost should be compared with the cost of the same work in other cities.

The general council made a report on the subject, and recommended the adoption of the following plan:

The cost of the sewer district is to be estimated by a competent engineer, and the cost of the sewer work is to be determined by the length of the line, the depth of the street, the width of the street, the number of buildings along the street, and the number of sewers to be constructed.

The estimate should be made by a competent engineer, and the cost should be compared with the cost of the same work in other cities.

HER VOWS OF SILENCE KEPT

RECALLING YEARS OF TERRORS FROM THE WORLD TO NOW.

Although she never left her home, the world was always her, the way of her path, and her life. Though she had no family, she was always the mother of the poor, the friend of the weak, and the advocate of the oppressed. Her heart was full of compassion, and her hands were never idle. She was a woman of action, and her deeds were done in secret.

Her life was one of sacrifice, and she gave herself to the service of others. She was a woman of great strength, and she always stood firm in the face of adversity. She was a woman of great beauty, and she was loved by all who knew her. She was a woman of great wisdom, and she was always able to see the good in others.

The world was always her, the world was always her, and the world was always her. She was a woman of great courage, and she never let anything stand in her way. She was a woman of great faith, and she always believed that God was with her. She was a woman of great love, and she always loved her fellow human beings.

Excursion:

Examiner, Sept. 24—The women of the San Bernardino women's club have been busy during the week preparing to meet the city council on the issue of the indecent advertising on the billboards of the city. Mrs. John Weeks, Mrs. W. I. Sheff, Mrs. W. L. Logan, and Mrs. F. L. Johnson, individually or as a committee, have been on the committee to regulate mayor. Mayor Hall met on Monday night to discuss the problem. Mayor Hall replied that he had not the power to make a law that would give power to every man under the law. The county council had made the ordinance. Portions of the ordinance was to be put on the council and the council would consider the question.

The American Magazine for October:

The new editors of the American Magazine for October made a number of their personal opinions known in the present issue. They have given it in some portions of their editorial contributions to the October number of The American Magazine for October. They are references to Grover Cleveland, who is now the President of the United States, and to William Allen White who writes a great deal about "The Ironsides of Society." It is the brightest thing to happen to this class of advertising restricted along the coasts. We are in the midst of the Members of the Board of the county council, especially those of the civic duties. To bring the matter before the county council that I have suggested a committee of five to present it in the new meeting of the council. Mrs. John Weeks, Mrs. W. I. Sheff, Mrs. W. L. Logan, and Mrs. F. L. Johnson, individually or as a committee, have been on the committee to regulate. Mayor Hall met on Monday night to discuss the problem. Mayor Hall replied that he had not the power to make a law that would give power to every man under the law. The county council had made the ordinance. Portions of the ordinance was to be put on the council and the council would consider the question.
