EAR WILL be differ-

e changes may be so
to go almost unnoticed.
But there could be great social
upheavals that would change
our way of living.
There is no method by which
we can forecast, with accuracy,
what will happen to us. If we
knew now all the things that
will happen to us in 1957 we
probably would collapse of
right.
Fortunately, most changes
come gradually, permitting us to
adjust to them.
WONDER WHAT 1957 has in
store for us?
Could this be a year that a

ered?
Could 1957 be the beginning

Will it be the birth year of

Who knows?
Maybe we'll find something

CHANGES ARE COMING. The
periodical Primitive Physic lists
group of physical ailments and
treatment prescribed in the good
year 1747. Here they are:
Hic Passio (violent colic);
hold a live puppy constantly on
the belly.
Jaundice: Wear leaves of ele-
phantine upon and under the feet.
Pleurisy: A bladder filled with
warm milk and water should be
applied to the side.
Rheumatism (to prevent):
Wear washed wool under feet.
Or, make a strong broth of
cow heels and wash the parts
with a day.
Ring Worm: Apply garlic or
cotton apples.
Rupture: Take agrimony,
pleen wort, Solomon's seal,
strawberry roots, a handful of
each, and wash them well, stamp
and boil them well for two hours
in two quarts of wine. Drink a
glass every morning.
Struck by Lightning: Plunge

ter. Or, blow strongly in his
mouth with a bellows. It is still
better if a strong man blows in
his mouth.
Wander if the folks of 2057 will
think that the penicillin shots

FROM OUT TEXAS WAY
comes another tall tale.
It seems that a New Yorker,
Californian and a Texan died
and were cremated the same
day.
The New Yorker was the first
and out of the furnace and
ashes only filled a pint jar.
The Californian was next and
ashes made a full quart.
The Texan was last. When the

teams of sweat from his face
and shouting:
"Holy cow. If we get two more
days of this hot weather it will
be in the cotton crop for sure."

Conder to Head Polio Drive Here

Reed Conder, principal of South Marshall High School, has been named chairman of the March of Dimes drive in Marshall County for this year. He served in the same capacity last year.

The March of Dimes drive is held each year in January to raise funds for victims of infantile paralysis. The campaign will continue all through January.

Mr. Conder says that funds still are needed for the treatment of many polio victims who were stricken before discovery of the wonderful Salk vaccine. Some persons still are being stricken with the crippling disease despite the fine progress of prevention since the Salk vaccine was put into use. Funds also are used to buy the vaccine.

There are no funds available for the treatment and care of many of these polio victims except through the generosity of the general public, and the March of Dimes campaign must be carried on until the Salk vaccine finally reduces polio to the vanishing point.

Contribution forms are being mailed to county residents, and liberal donations are urged. A Mothers March also will be held this year, as well as a Blue Crutch sale day. The fund campaign also will be taken to all the schools.

Last year, \$1,600 was raised in Marshall County during the polio fund drive. But a total of \$5,000 was spent in the county and it was necessary for the county to appeal to the national organization for funds.

Funeral Held At Oak Valley For Andy Peck

Funeral services were held last Saturday afternoon at Oak Valley Church for Andy Peck, 69, a well known resident of Calvert City Route 2.

The services were conducted by Lake Riley and burial, Filbeck-Cann, was in the Peck Cemetery. Pallbearers were Woodrow and Shirley Dunn, Guy and Orvis Pugh, R. A. Foust and Bob Peck.

Mr. Peck recently had suffered a stroke, but was believed to be recuperating satisfactorily. His children had planned to return to their homes in Detroit, but wanted him to go to a hospital to recuperate.

He was taken to a Paducah hospital and when his children were left his bedside Thursday night, he was resting well. His condition took a sudden turn for the worse during the night, however, and he passed away at 1:50 a. m. Friday.

He is survived by his wife, Mrs. Hallie Peck; his mother, Mrs. William Peck of Calvert City Route 2; a daughter, Mrs. Sue Gustafsen of Detroit; three brothers, Walter of Route 7, Ralph of Detroit and Joe Peck of Dallas; and three sisters, Mrs. Ora Pugh of Calvert City Route 2, Mrs. Charley Dunn of Route 7 and Mrs. William Manley of Paducah Route 4.

AWARD FOR REBELS—South Marshall's Rebels won the basketball tournament at Mayfield and also the sportsmanship award. Pictured here are co-captains Wilkins and Miller of the Rebels receiving for the entire team the sportsmanship award.

Fire Levels Home Of Walter Prince

The big, old fashioned frame residence of Walter Prince, Benton attorney, was destroyed by fire early New Year's morning. The house was in Cole's Addition.

The house and contents were a total loss, and Mr. and Mrs. Prince escaped the burning residence in their night clothing.

Mrs. Prince awakened about midnight and thought she saw smoke in the house. She went to bed, however, but kept worrying about the smoke.

She then went to Mr. Prince's bedroom, also upstairs, and found the room filled with smoke. After much difficulty, she aroused Mr. Prince, who was partly overcome by smoke fumes. He pulled on a pair of trousers over his pajamas and put on an overcoat, but did not stop to put on shoes.

They went downstairs and Mrs. Prince ran next door to the home of their son, Marvin Prince, who telephoned the fire department. The time was 12:50 a. m.

The fire was raging when firemen arrived. They brought the fire almost under control on the first floor after a hard fight, but the flames then shot through the roof and firemen were helpless. Firemen fought the blaze until 4 a. m., and the fire was still smoldering at daybreak.

The Princes lost all of their personal effects and home furnishings collected over a lifetime.

The loss was only partly covered by insurance.

The fire is believed to have started from a coal stoker furnace.

Mr. and Mrs. Prince are residing temporarily at their son's home.

Lonnie Odom Badly Burned By Explosion

Lonnie Odom, operator of a filling station on Route 5, received severe facial burns on Dec. 24 as a result of a delayed explosion of dynamite.

Mr. Odom was treated at Baptist Hospital in Paducah, and is now recuperating at his home on Route 5.

Mr. Odom had rigged up a half pound can of dynamite to set off the morning of Christmas Eve in celebration of the holidays.

He lighted the fuse, but the dynamite did not explode. He went to investigate, and the charge went off.

The accident happened near his filling station.

Mrs. George Jacob of Detroit spent the holidays in Benton.

Rebels and Jets Win in Christmas Ball Tournaments

South Marshall's Rebels won the Mayfield basketball tournament by defeating Fulton 71 to 66, and the North Marshall Jets won the consolation trophy at the Paducah tournament by blasting Tighman 71 to 50.

The tournaments, held last week, put Marshall County's teams in the spotlight of Western Kentucky high school basketball.

Benton High School undefeated Indians, top-rated team in this district, did not play in either tournament. Benton and North Marshall will play Friday night of this week. Benton already has defeated most of the top teams in the district.

South Marshall's Rebels, in grabbing the championship at Mayfield, also won the sportsmanship trophy donated by the Mayfield Junior Chamber of Commerce.

The Rebels and Fulton were tied at 55-all at the end of the third period, but Fulton's big pivot man, Ron McAllister, fouled out in the last period and the Rebels dashed to victory.

Harold Wilkins hit the loops for 33 points to lead the Rebels. He hit 12 of 24 field shots and nine of 11 free throws. Fortis got 21 points, Miller 9, Mathis 6 and Butler 2.

The Rebels had defeated Hickman 71 to 65 in the semi-finals, and Fulton had edged out Mayfield 53 to 57.

In the consolation game at Paducah, North Marshall got away to a slow start but finished fast with a 21-point victory, 71 to 50, over Tighman.

The score was tied at 31-all early in the third period, but Ronnie Ford and Joe Story sparked a drive that shot the Jets into a 48-39 lead at the end of the period. The Jets had easily sailing in the fourth quarter.

Ford was top man for the Jets with 23 points. Wilson got 16, Story 12, Hall 10, Larimer 4, and Doyle and Ricks 3 each.

The Jets lost a close one in the semi-finals to Lone Oak, 45 to 48. The Jets were 30 to 20 at half time, and it looked like an easy victory, but they cooled off in the third period and went seven minutes without a single tally. This enabled Lone Oak to build up a 36-30 lead, which they extended one time to 45-34.

But Jerry Hall hit four straight baskets for the Jets and the game was nip and tuck to the final whistle. Joe Story was top man for the Jets with 16 points. Hall and Ford each got 10 points.

The Jets defeated highly-touted Wingo 70 to 67 in a thriller to get to the semi-finals. The Jets led by only one point with 30 seconds to play, and Max Hays of Wingo dashed for a lay-up but was called for charging. Ford sank both shots for the Jet victory.

Sedalia won the Paducah tournament by defeating Lone Oak 63 to 47 in the finals.

Dun & Bradstreet Asks Statements of Ky. Business Firms

Dun & Bradstreet is mailing annual requests for year-end statements to 2,649,732 business concerns listed in the Dun & Bradstreet reference book. Ninety-eight years ago, the first reference book published contained 18,513 U. S. business listings for 26 states. Today 34 of the 18 states have more business listings than the entire country had nearly a century ago.

Included in this mailing are 42,000 business owners in Western and Central Kentucky and Southern Indiana. Preston Hendrick, district manager, at Louisville which handles credit reporting for 102 counties in this area, said requests are being sent for the first time to 5,964 concerns which were newly listed during the past year.

The reference book which Dun & Bradstreet publishes six times a year covers listings in 57,000 communities in the United States. During the past 60 days nearly 63,000 new names were added and approximately 60,000 names were removed. Credit ratings were changed during this period on more than 105,000 businesses.

The Marshall County section of the current issue and the Dun & Bradstreet reference book contains 247 listings.

Mr. and Mrs. James W. English of Route 7 were shoppers in town Friday.

Top Click of the New Car Season

Want to get your New Year off to a rollicking start?

Want to take the wheel of the car that's winning raves from Coast to Coast and back again?

Then take the wheel of a 1957 Buick and try the sparkling-new performance team in all autodom.

We mean the team with the highest-powered V8 engine ever to ginger a Buick—and an advanced new Variable Pitch Dynaflo.*

Here, with just a judicious touch of foot to treadle, you get response so obediently instant, so liquid smooth, and so full range in "Drive"—that you've never in your life felt anything like it.

It's sports-car going in a full-sized traveler that's sheer delight from start to finish.

Know what else?

Folks like the way this new kind of performance comes dressed in sleek and glamorous styling that's fresher than tomorrow's news.

They like the new roominess inside these low-sweep Buicks and the new luxury of their "nested" ride.

They like the new ease of handling, the new steadiness of cornering, the way stops are always on the level no matter how quickly you use the brakes.

Fact is, folks like everything about the newest Buick yet—the car that's fast becoming the biggest hit of the new car year—and you will, too. Come on in and try it this week. We'll have the red carpet out for you.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It's standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

SAFETY REMINDER
In fast-moving traffic on turnpikes, parkways and freeways, keep a good distance from the car in front—and a little more for good measure. That way you, and every driver behind you, get a bigger margin of safety for braking action.

County Soil Notes

By HERBERT ANDERSON

Ted Crouch, east of Briensburg; C. E. Jenkins and Charles Walters, east of New Harmony Church; Finis Pierce and Roehle Jones, west of Benton on the Oak Level Road; Connie Watkins, Fairdealing; Elton Oakley, Aurora; and J. H. Morgan, west of Benton on the Symsonia Road, have completed the construction of farm ponds for livestock water.

All received the technical help of the Soil Conservation Service

which is made available by the Marshall County Soil Conservation District.

Most of these farm pond owners will make fish ponds out of them. Bass and bream for stocking ponds are furnished free by the Kentucky Department of Fish and Wildlife Resources.

I had a pleasant trip through Tennessee and Mississippi during the Christmas season. A lot of soil and water conservation can be seen as one drives along the highways in those states.

Low W. Shreve, service fore-

ter, Mayfield, tells me he has received the initial tree allotment for the 1957 spring planting season. Each species is \$7 per thousand. Orders will be accepted in multiples of 100 only. There will be no packing fees. Species available are black locust, loblolly pine, and white pine.

I have some order blanks in my office at 1201 Poplar Street in Benton. I will be glad to help you fill out one.

Mrs. Joe Dunn of Route 3 was a shopper in town Monday.

Mrs. Virginia Cossler and Mrs. Solon Smith were shoppers in Mayfield Monday.

Miss Mildred Dunn Is Married in Ohio

Arrangements of white poinsettias and palms lent a holiday setting to the Chapel of Memories of the Central Christian Church, Lexington, for the wedding of Miss Mildred Dunn, Columbus, Ohio, and Mr. Charles A. Thomas, Springfield, Ohio, as Dr. Leslie Smith performed the marriage ceremony on Dec. 22 at 1:30 p.m.

The bride is the daughter of Mr. and Mrs. Guy Dunn of Benton Route 3. Mr. Thomas is the son of Mrs. J. Elbert Thomas and the late Dr. Thomas of Dayton, Ohio.

Given in marriage by Mr. Ivan Jett of Georgetown, the bride wore a street length gown of champagne peau de soie. The fitted bodice, which had three-quarter length sleeves, was designed with a scooped neckline enhanced by hand-run Alencon lace. The very full skirt featured matching lace trim. She wore a champagne satin hat with a face veil and carried a bouquet of white feathered carnations, outlined with holly and ivy, centered with a white orchid.

Mrs. Ivan Jett of Georgetown was matron of honor. She wore a gown of soft brown lace over pink taffeta, fashioned similar to the dress of the bride. Her bandeaux of green leaves was trimmed with yuletide roses. Mrs. Jett carried a cascade of yuletide roses and holly.

For her daughter's wedding, Mrs. Dunn wore a blue malivica R. and K. original dress with many accessories. Both Mr. Dunn and Mrs. J. Elbert Thomas wore shoulder corsages of orchids.

C. E. Beard Jr. of Springfield served as best man. Ushers were Richard Thomas, Dayton, brother of the bridegroom, and Col. D. Y. Dunn, Lexington, cousin of the bride.

Following the wedding, a reception was held in the Fellowship Hall of the church. Hostesses at the reception were Mrs. C. E. Beard, Springfield; Mrs. D. Y. Dunn, Lexington; Mrs. Richard Thomas, Dayton; Miss Virginia Stacy, Columbus, Miss.; Sue Warren of Birmingham, Ala.; Miss Mary Huck, Dayton, and Miss Mary Margaret Baker, Glasgow, Ky.

After the reception the newlyweds left on a trip to New York and Bermuda. For traveling Mrs. Thomas wore a Hattie Carnegie suit of mauve wool with navy shoes and bag, and a purple felt cloche, also by Miss Carnegie.

The bride is a graduate of the University of Kentucky School of Economics, and prior to her marriage was a food lecturer with the Ohio Fuel Gas Company, Columbus.

The bridegroom received his A. B. and M. A. degrees from Wittenberg College and has taken additional graduate work at Kent State University, Ohio State University, and Harvard.

He is an instructor at Springfield High School.

The couple will reside at 2101 Harsham Boulevard, Springfield.

Mrs. James Baker of Paducah recently visited Mr. and Mrs. Charlie Walters on Symsonia Route 1.

That Electric Iron Needs Plenty Care If it is to Last Long

The life of an electric iron may depend on the care its sole receiver from the housewife, says an Iowa State home economist.

Naomi Shank, extension equipment specialist, said the iron needs protection from scratches and dents. Don't scrape off sticking starch with a knife or other sharp tools.

If the iron dose collect starch, cool before beginning to clean. Then use a very fine steel wool or damp cloth with non-abrasive scouring powder.

Buff the plate vigorously with a dry soft cloth after working it with steel wool. Then heat it slightly, apply beeswax or paraffin and cool.

Another dry cloth buffing will remove excess paraffin, which will guard against further sticking starch.

Charles Solomon has been dismissed as a patient from the Riverside Hospital in Paducah.

Arlie Holland of Route 7 was in town Friday on business.

Four Gospels

Lesson for January 6, 1957

THE story of the Wise Men who came to see the baby Jesus is so familiar that this column will deal this week with a question in the background of all study of the Gospels. Matthew 1 to be the book studied in the churches during the next three months. The existence of four gospels raises a very ancient question: Why more than one? The early Christians church was somewhat embarrassed by that question. More attempts than one were made to discard all but one, or else to combine them all into one harmonized story. If the four gospels are alike, why repeat? And if they are different, which is right? Most of the problems involved cannot even be raised here. But there is room to set down a few notes on that one question: What is the point of having four gospels?

The conclusion to which the early church came, and for which we may well be grateful, is that there is only one Gospel, but four gospels. Adopted at a very early date were the headings we still read: the Gospel; according to Matthew, according to Mark—and so on. The gospels tell different stories, but the story is still the same. They all bear witness to the same Christ, just as in a courtroom trial it is important if possible to have more than one eye-witness report of an incident, it is valuable to have more than one report of the life, character and teaching of Jesus. Just as, in court, it would be suspicious if all the eye-witnesses agreed on all details, so it would raise suspicion and be of no help if all our gospels agreed on all details. The essentials of the four gospels are all the same; and the variations add to our knowledge. It is plain that the early church had thought that each gospel was something indivisible, or at least had. But in that world of the redeemed, the experience of faith is one they all shall have. We cannot even imagine this, how it will be. But think how each activity in this world is dedicated to one object alone—to stave death. All that will vanish with itself.

No More
Another absolutely and unimaginably new thing will be the complete erasure of all forms of evil, especially suffering and sin. (Ignorance and ugliness too no doubt will be done away with, but they do not weigh upon us here quite so awfully as the other two). No matter what your idea may be about sin and suffering, what they are and where they came from, you have to admit that human life is woven of these threads. At this very moment every reader's life would be radically different if he himself had never signed, and as for our neighbors' sins, and the sins of our ancestors, the world we have inherited is a world fashioned and controlled by sinners. It is only by the mercy of God that it is not worse than it is. Try to think what it would be if there were no sin of evil affecting it whatever. You can't really think it; but that is to show what an amazingly new state of things the "new heavens and earth" must be.

Home With God
Most wonderful, and least imaginable, of all the new features of life to come, is the presence of God. It is true, God is everywhere. But it is also true that God in some places and situations is more direct and less veiled than in others. That is said in Revelation about God's coming to dwell with men as us to think of God's presence in the truly New World as being more direct and less veiled than for us at our present stage of existence.

Indeed, as God is real to us in a way far more (as a rule) than when we are feeding the hogs or mending a haircut, so the presence of God in the all-new World may be far beyond our highest awareness of him here, as the prayer is more spiritual than the haircut on hogs. All we know is that in the world we seldom do feel quite at ease in God's presence, and may be seldom certain that he is near. But "over yonder," we shall at home with God as we never have in this life. Foretastes of the new life we may enjoy here: in freedom from fear of death, in a growing more purified by the spirit, in the "practice of the Presence of God," but the fullness of it we cannot imagine, only that God that these things shall
