NOTICE to Wheat Growers

Relative to Marketing Their 1941 Crop

Owing to the Enactment of recent Farm Legislation, it becomes necessary for the Grower to obtain a marketing certificate from the AAA Committee in the county in which the wheat is grown, to be presented to the processor or processor of the wheat, so that the wheat can be received.

See the Chairman of the Committee in your county and obtain the certificate. This is true of all classes of wheat and will place you in a position to have the wheat received by the miller or processor.

First Year Results

of the Kentucky Beer Industry's "Clean Up or Close Up" Campaign

Our one year campaign was organized to cooperate with law enforcement officials in eliminating the small minority of beer retailers permitting unlawful conditions or anti-social practices in their place of business.

Continuous activity on the part of our Committee, which included investigation of more than 1,500 small beer outlets, has resulted in definite progress toward that objective.

To date, on our Committee's recommendation to the state and local authorities, 18 beer retailers have lost their licenses, 2 others have had their licenses suspended because they could not conduct their place of business in accord, with public sanitary and with the high standards of Kentucky's $100,000,000 legalized beer industry.

We want our second year, we renew our pledge to the public and our oath of allegiance to our law enforcement officials. We are determined that conditions whichbeer outlet shall be as wholesome as beer itself.

By restricting your patronage to reputable beer retailers, you can help to preserve the social and economic benefits of beer—a beverage which annually provides employment for 1,800 jobs for Kentuckians and parts money totaling more than $5,000,000 a year.
