Local Schools Report Many Students Absent

A large number of students are reported absent in both the Murray City School and the Calloway County School Systems today, according to officials at both school systems.

Fred Schultz, superintendent of the Murray City Schools, said 319 students are absent from the city schools today with a total of 83 per cent of the student body in attendance.

The total enrollment at Murray High School, Murray Middle School, and Carter and Robertson Elementary Schools is 1900, Schultz said, and usually 95 per cent of the students are in attendance each day.

Tuesday the schools reported an attendance of 81 per cent with 358 students out in the city schools; therefore the figures today are better than Tuesday, Schultz said.

William B. Miller, superintendent, and Charlie Lassiter, director of pupil personnel, both for the Calloway County

Schools, said the attendance was lower today in the county schools than on Tuesday.

Today Calloway County High and the six elementary centers at Almo, Faxon, Hazel, Kirksey, Lynn Grove, and New Concord, reported a total of 360 students out for an attendance of 86 per cent of the total student enrollment of 2668 in the seven schools.

On Tuesday the schools had an attendance of 88 per cent with slightly over 300 absent, Lassiter said.

High absenteeism in the schools has been reported due to the flu epidemic in the city and county, officials said. Schools in neighboring cities and counties have been closed due to the flu epidemic.

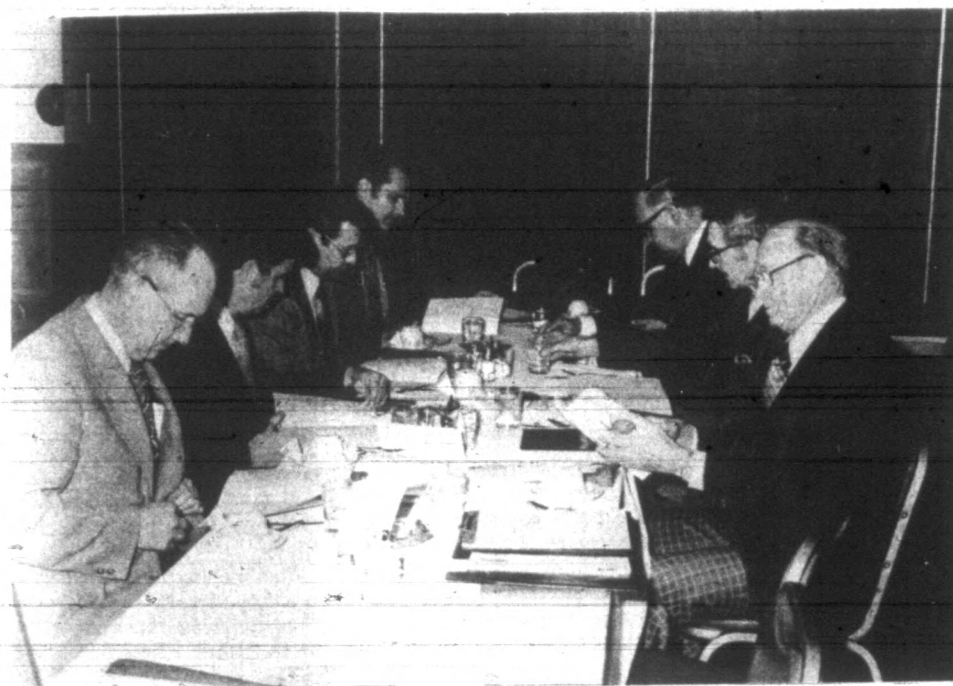

Mayfield City Schools are closed for the remainder of the week due to the flu. Last week schools in Marshall and Graves Counties were closed for three

days due to illness.

Dr. Janice Hooks, director of the Murray University School, said a small percentage of their enrollment was absent due to flu and chicken pox. The school has an enrollment of 210 in the kindergarten and grades one through six.

Both Supt. Schultz and Supt. Miller said the absenteeism as of now was mostly the students and only a few of the teachers and staff are absent due to illness.

The money received by the school systems for the Minimum Foundation program of the state of Kentucky is determined by the average daily attendance of the schools during the year, and officials said this was the reason for closing of schools with a high absenteeism due to snow and ice and in this case, flu epidemic, if the reports of absenteeism become higher.

ADVANCE GIFTS COMMITTEE—The Advance Gifts Committee for the local boy scout drive met Tuesday at the Holiday Inn. The local civic leaders will be leading the collection this week prior to the kickoff breakfast to get advance contributions for the boy scout drive. Left, Holmes Ellis, Bobby Grogan, Joe Dick and Dave Dickson. Right, Max Hurt, Ed Shimmers, and H. Glenn Doran. (Staff Photo by David Hill)

Murray DECA Chapter Wins National Honor

The Murray Area Vocational Education Center DECA Chapter has been selected as a winner in the Civic Consciousness Project sponsored by National DECA and the General Federation of Women's Clubs.

The projects were judged by Pam Powell, Director of Youth Activities in the White House and were judged on creativity, and originality in implementing the project.

The Murray project submitted was on the involvement of the DECA Chapter's members in the Murray Woman's Club-Kappa Department's Haunted House. The project summarized the activities that all the members were involved in helping the Haunted House. The students made signs to advertise the house, marched in the MSU Homecoming Parade as Haunted House Characters, participated in the MSU TV Program on the Haunted House, helped build the maze for the house, and provided at least ten workers each of the three nights that the House was open.

The Murray Area Vocational Education Center DECA Chapter was one of five schools

in the United States receiving an award. The Murray Chapter won the award for the DECA Central Region which is made up of the following states: Illinois, Indiana, Ohio, Michigan, Minnesota, Kansas, Missouri, South Dakota, North Dakota, Wisconsin, Iowa, Nebraska, and Kentucky.

The other winners were: North Atlantic Region Winner—Mohegan Community College, Norwich, Connecticut; Southern Region Winner—White County High School, Sparta, Tennessee; Western Region Winner—Pueblo High School, Tuscon, Arizona; and the National Winner—Fort Lauderdale High School, Fort Lauderdale, Florida.

A feature will be printed on the Projects receiving the awards in the April issue of the DECA Distributor, the national publication for Distributive Education Students. The winners will also be recognized during the National DECA Career Development Conference in Chicago, April 27-May 3.

The Murray DECA Chapter Advisors are Stan Key and Vicki Shell.

House Bill Would Equalize Per Pupil Spending In State

FRANKFORT, Ky. (AP) — Rep. Joe Clarke, D-Danville, introduced a "power equalization" bill Tuesday under which each school district in Kentucky would spend the same amount of tax money per pupil.

House Bill 591 would equalize the per pupil spending for each district at the level of the district with the highest property assessment per pupil.

A National Educational Finance Project recommended last year some form of equalizing educational spending in Kentucky. Clarke's bill is the first to be introduced on the subject during the current legislative session, which now is more than half over.

HB 591 also would allow school districts to raise taxes to reach the taxing level required. Other bills introduced Tuesday included:

—HB 611, adding eight college students to the State Council on Public Higher Education. Rep. Terry Mann, D-Newport.

—HB 612, requiring that fixed prices to landowners for gas and oil wells on their property be adjusted as the price of the gas and oil change. Rep. Clayton Little, D-Hartley.

—HB 614, providing for collective bargaining by employees of non-profit hospitals. Little.

—Senate Bill 242, allowing the state to set effluent limitations on discharges into Kentucky's waterways, to control pollution. Sen. Michael Moloney, D-Lexington.

—SB 238, specifying how

abortions can be performed in Kentucky, allowing a woman to do it herself during the first 12 weeks of pregnancy and requiring a physician to do it thereafter; after "the stage of viability" of the fetus, an abortion could be performed only to save the life of the mother. Sen. Tom Easterly, D-Frankfort.

—SB 245, making strip-mine operators liable for property damages resulting from their failure to reclaim land they have mined or from a slide of overburden pushed below the mining operation. Sen. John Chris Cornett, D-Hindman.

Council Draws Criticism From Representative

FRANKFORT, Ky. (AP) — The State Council on Public Higher Education drew sharp criticism in the House Tuesday for requesting that the General Assembly delay until 1976 a decision on a school of veterinary medicine in Kentucky.

Rep. Lloyd Clapp, D-Wingo, said the council should not attempt to tell the legislature what to do.

"One member of the council had the audacity to stand before the news media and say we were acting irresponsibly," Clapp said.

He referred to a resolution adopted by the council Monday, urging that the legislature refer the question of Kentucky's need for a veterinary school to the council for further study.

The council is concerned about Senate Bill 69, which has passed the Senate and is before the House State Government Committee, which would create a veterinary medicine school at Murray State University although it would provide no funds to build such a school.

Some opponents of the measure have contended any decision on a veterinary school should be left to the council, the state's coordinating agency for higher education.

Clapp said there is "great interest" among officials at the University of Kentucky in stopping the bill. He said UK was not interested in a veterinary school until Western Kentucky universities indicated they wanted to set one up.

Water District Extension Approved By County Judge

County Judge Robert O. Miller today approved a \$75,000 extension of the Murray Water District Number One east of Murray.

The extension will affect about 35 families, as well as the Sulfur Springs T.V.A. recreational area on Kentucky Lake.

The extension takes in an area from the present east boundary down Highway 280 (Pottertown Road), to the Beane Road, approximately 1 1/2 miles east, with a six-inch water line, and an extension east on the Sulfur Springs Church Road, with a four-inch water

line to the T.V.A. recreational area.

The total cost of \$75,000 will be financed through loans from F.H.A. and aid from the Tennessee Valley Authority.

Judge Miller said this morning that the move will ultimately affect the Panorama Shores and Lakeway Shores subdivisions, as the extension moves the boundary of the water district about halfway to Kentucky Lake.

Theft Investigated By Murray Police

Murray City Police investigated one case of theft and vandalism to an automobile Tuesday.

David Zachary, Hart Hall, reported that two hubcaps were stolen from his car while it was parked on the dormitory parking lot. Also missing was the car registration, inspection sticker, receipt, and the knobs off the radio, lights, and air conditioner, from inside the car.

Trailer Home Gutted Tuesday

Murray City Firemen answered a call to the home of Cratic Colson, Waldrop Trailer Court at 10:30 p.m. Tuesday. Firemen said the trailer was a total loss, with only the frame left standing. Thirty-three men and three trucks remained on the scene until 11:45 to bring the fire under control.

James Awarded Damages Tuesday

A circuit court jury Tuesday awarded Thomas A. James damages in the amount of \$845.46 in a civil suit action.

James, a building contractor, had brought the action against James H. Marsh, whom James alleged owed him money for work on Marsh's house.

The suit asked for \$941.46 in damages, but the jury awarded the lesser amount. James was represented by local attorney Edd Overbey; Marsh by Sid Easley.

Inflation Reported Worse Than Expected By Government

WASHINGTON (AP) — The government reported today that inflation in the closing three months of 1973 was even worse than earlier estimates, rising at an annual rate of 8.8 per cent.

This was the worst rate of inflation in 22 years—since the 13 per cent increase in the first quarter of 1951.

The government also reported that real growth of the economy in the fourth quarter of 1973 was 1.6 per cent, an increase over the preliminary estimate of 1.3 per cent.

The figures were contained in the Commerce Department's

revised report on the Gross National Product, a measure of the total output of goods and services in the nation last year.

The revised report said that for all of 1973, real economic growth was 5.9 per cent and inflationary growth was 5.4 per cent. Last month's preliminary report had placed real growth at 5.9 per cent but it estimated inflationary growth at 5.3 per cent.

The Nixon administration is projecting a 7 per cent inflation rate for 1974, with a high rate in the first part of the year and a lower rate in the second half.

Promotions Announced By Bank Of Murray Directors

The board of directors of the Bank of Murray announced the promotions of six officers of the bank at the board's recent February board meeting. Those promoted are:

Elected to vice president from assistant vice president were Howard Steely, Neva Gray Allbritten and Marjorie Shroat Dunn.

Elected to assistant vice president from assistant cashier were Thomas Rushing, Bob Manning and Michael Sykes.

Steely is a loan officer in the Commercial Loan Department. He has been with the bank since 1962. Steely is a graduate of Murray College High School, attended Murray State University, the Kentucky School of Banking and the National Commercial Lending School, and a past president of Jr. Chamber of Commerce. He is a director of the Murray Optimist Club and a member of the University Church of Christ. He is married to Freda Pitts Steely and they reside on Lancelot Drive with their son, Kelly.

Neva Gray Allbritten is an officer in the Commercial Loan Department and has the additional responsibilities of the Federally Insured Student Loans and the Small Business Administration Loans. Mrs. Allbritten came to the bank in

January 1937. She is a graduate of Murray High School, and attended Murray State University and the Kentucky School of Banking. She is an enthusiastic supporter of Murray and is active in Murray community projects. She is a past president of the Murray Woman's Club, and a past Board Member of the Kentucky

Federation of Women's Clubs. In addition, Mrs. Allbritten currently holds membership in the Murray Chapter of National Secretaries Association, Murray, Jr. Rose and Garden Club, the Advisory Board of Murray Woman's Club, bank representative to DECA at Murray State University, and is a Mother Patroness of Alpha

Sigma Alpha Sorority, of Murray State University. She is a member of the First Christian Church and is married to James Rudy Allbritten. They reside at 804 Sycamore Street and are the parents of one daughter, Mrs. Lynda Houck of Edwardsville, Illinois.

Marjorie Shroat Dunn is an officer in the Commercial Loan Department of the bank. She has the additional responsibility of the bank's investment portfolio and customer investments and purchases of U.S. Government Securities. Mrs. Dunn's banking career began in February 1947. She is a graduate of Murray High School, Murray State University and attended the Kentucky School of Banking. She has served as Treasurer and Chairman of the Kentucky Group of the National Association of Bank Women.

Active in community affairs, Mrs. Dunn is currently serving as treasurer of the City of Murray, and is also on the Firemen and Policemen's Pension Board. Mrs. Dunn holds membership in the Murray Woman's Club, Murray Business and Professional Women's Club having serving as a past president, and is a former charter member of the Murray Quota Club. She is also a member of the Alumni Chapter of Alpha Gamma Delta Fraternity of Murray State University. She is a member of the First Baptist Church and is married to Felix Howard Dunn. They reside at 601 Elm Street, in Murray.

Thomas Rushing is a commercial lending officer and has been with the Bank of Murray since 1971. He is a graduate of Murray High School, Murray

State University, and the Kentucky School of Banking. He is a city councilman and is serving as chairman of the council's planning and traffic committee. He is also a member of the water and sewer

Department of the bank. She has the additional responsibility of the bank's investment portfolio and customer investments and purchases of U.S. Government Securities. Mrs. Dunn's banking career began in February 1947. She is a graduate of Murray High School, Murray State University and attended the Kentucky School of Banking. She has served as Treasurer and Chairman of the Kentucky Group of the National Association of Bank Women.

PROMOTIONS ANNOUNCED—Promotions announced by the Bank of Murray today are, left to right, standing, Bob Manning, assistant vice-president, Tom Rushing, assistant vice-president, Howard Steely, vice-president, Michael Sykes, assistant vice-president; seated, Neva Gray Allbritten, vice-president, and Marjorie Shroat Dunn, vice-president. (Staff Photo by Mike Brandon)

AT BANKER'S SEMINAR—Inflation is the nation's most serious economic problem, Dr. Norman N. Bowsher, center, assistant vice president of the Federal Reserve Bank in St. Louis, told a seminar of West Kentucky bankers at Murray State University Tuesday night. Shown visiting with Dr. Bowsher, a nationally-known economist and financial authority, following his address are Dr. Howard Giles, left, chairman of the Department of Economics at Murray State, and Murray State President Constantine W. Curris, who welcomed the group to the campus.

MEMPHIS PATIENT

Orville Anderson of Murray is patient at the Methodist hospital, Memphis, Tenn., where he is undergoing tests. His address is Methodist Hospital, 1265 Union Avenue, Room Thomas 7707, Memphis, Tenn.

DR. BETTY HINTON, right, discussed Astrology at the meeting of the Sigma Department of the Murray Woman's Club. With her is Mrs. Joe Hal Spann, a member of the department.

26 dum-dums were ignorant of R.S.V.P.!

By Abigail Van Buren

DEAR ABBY: Every year my husband and I give a large gala party. This year we mailed out 82 invitations. They were marked, "R. S. V. P." with our phone number. Our return address was on every envelope.

The day before the party we had only 48 responses! I asked two of my friends to please help me phone those from whom we had not heard to find out whether they were coming.

Would you believe that 26 said, "Yes, we're coming, but we didn't think we had to let you know unless we COULDN'T make it." [Three in that group asked if they could bring their houseguests—which totaled nine extra.] Three couples declined, saying they had meant to let us know, but just never got around to it. Five couldn't be reached, so we assumed that they were out of town.

My husband was furious, and said: "Next year we're not calling up anybody. If they don't respond but come anyway, when they come to the door we'll just say, 'Sorry, we weren't expecting you.'"

Abby, please print this, and tell people that R. S. V. P. means, "Please let us know whether OR NOT you are coming?"

DEAR HAD IT: Here's your letter. "And if it's any comfort to you, you have lots of company. People who ignore R. S. V. P. invitations are either ignorant or negligent. And it's a toss-up as to which is worse."

DEAR ABBY: My husband and I haven't lived together for 14 years. He sleeps upstairs and I sleep downstairs. We hardly speak.

Here's my question: If two people who aren't married but have lived together as man and wife for seven years are considered legally married, why wouldn't my husband and I, who have NOT lived together as man and wife for 14 years, be considered legally divorced? STUMPED

DEAR STUMPED: Altho there are "common law marriages," there are no common law divorces.

DEAR ABBY: I am writing about a relative of mine. She has built a chapel in her home, and I mean, it's as big as some churches have. She must have spent a fortune on it. I want to know is this proper to do—religionwise? This woman has a church to go to. She doesn't have to have a church right in her own home.

Her chapel is like a cathedral. She even has a cross on the roof! It looks to me like it is an insult to her own church. I would appreciate your opinion, and I'd also like to know how ministers feel about this. WONDERING

DEAR WONDERING: A chapel is a place to pray, right? So what's improper about building a place to pray in one's home?

CONFIDENTIAL TO PORTLAND VIEWPOINT: I'm with you. Anything that breeds jealousy, misunderstanding and hostility between husband and wife should be done away with. And the Company Christmas Party which excludes spouses heads the list!

Hate to write letters? Send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Cal. 90212 for Abby's booklet, "How to Write Letters for All Occasions."

Dr. Betty Hinton Speaks On "Astrology" At The Meeting Of The Sigma Department

Dr. Betty Hinton was the guest speaker at the meeting of the Sigma Department of the Murray Woman's Club held on Monday, February 11, at 7:30 p.m. at the club house.

The speaker spoke on the topic, "More About You and Your Horoscope." She related that Astrology determines your own blueprint and does not predict, but sets up tendencies. "It is not 'fortune telling', as some might surmise, nor does it conflict with religion," said the speaker.

Dr. Hinton shared with the group charts which she had prepared on two members present. During this time she indicated factors that determined her conclusions. A question-answer period followed the most interesting program.

Mrs. Fred Wells, program chairman, introduced Dr. Hinton.

The opening meditation was given by Mrs. O. B. Boone, Jr. The department chairman, Mrs. James Frank, presided.

and the secretary, Mrs. Tommy Alexander, read the minutes. Mrs. A. B. Crass gave the financial report.

In the absence of Mrs. Frank Fazi, Kindergarten chairman, Mrs. Frank reported that several vacancies remain in the kindergarten for the school year 1974-75. Interested persons should contact Mrs. Fazi at 753-6032.

Announcement was made that Mrs. Bobby Toon will be chairman of the Summer "Cath-Up" kindergarten this year. The program is sponsored by the department for children who have not had pre-school experience and will be entering public school in the fall.

Mrs. Frank urged members to contact Mrs. Ken Winters, contest chairman, regarding articles to be entered in the spring sewing contest. The department voted to contribute \$100 to the Murray High School band to assist in financing their trip to the Orange Bowl in Miami, Fla.

Hostesses for the evening were Mrs. G. T. Lilly, Mrs. Robert V. Johnson, Mrs. Harold Hurt, Mrs. Bailey Hendricks, Mrs. Morgan Sisk, Mrs. Don Burchfield, and Mrs. Hal Houston.

Cleaning Washers

When cleaning front-loading washers, use low-sudsing detergent. Toploaders don't need such low-suds care.

Mrs. George Hart Discusses "Old Houses" At Meet, Waldrop Home

Mrs. George Hart, The Captain Wendell Oury Chapter of the Daughters of the American Revolution held its February 9th meeting at the lovely home of Mrs. Wesley Waldrop, Miller Avenue.

Mrs. George Hart entertained the members and guests with a program on "Old Houses of Calloway County and Their Histories." She showed a series of slides of these buildings with interesting comments on events which had taken place in Calloway County in connection

with each one.

Mrs. Hart gave a personal touch to her talk by calling on members for stories and anecdotes about them. Miss Maude Nance told the story of the old Stubblefield house in New Concord in which the Nance family lived for many years and of the tobacco factory which stood on the place and its troubles during the reconstruction years.

Mrs. John J. Livesay told the story of the brick house which was built in 1845 by the Hamlin family, describing the construction and telling of how Mrs. Virginia Hamlin had the woodworks made from cherry trees cut on her father's place in Virginia and hauled by wagon to build her new home in Calloway County.

Mrs. Hart had Miss Nance, all of the hoop skirts of Old Antioch Church, a "Grandmother Story" of how the women of the church defied a company of Federal Cavalry during the war between the states.

Assisting Mrs. Hart were Miss Carol Carter of Murray State University and Miss Karen Alexander from the Calloway County Public Library who made tape

recordings of the program.

Mrs. John A. Nance, chapter regent, opened the meeting with the pledge of allegiance to the flag and led the members in reciting the DAR creed. Miss Maude Nance read the minutes and Mrs. Leon Grogan gave the treasurer's report.

During a brief business session it was voted to donate \$100 to the Calloway County 4-H Club to help defray the cost of sending members on their Washington trip.

It was voted that Mrs. Grogan make arrangements for the conducting of the DAR History contest which will be held in April. All eighth grade students are eligible to participate.

A brief article on the "Energy Crisis" was read by Mrs. Charlotte Sturm.

Mrs. Waldrop, assisted by Mrs. Price Doyle, served a delicious dessert course.

The March meeting of the DAR chapter will be a polluck luncheon at the home of Mrs. Ralph Slow.

Waldrop Home Is Scene Of Calloway Society Group Meet

The Calloway County Genealogical Society met on Monday, February 11, at 1:30 p.m. at the home of Mrs. Wesley Waldrop on Miller Avenue.

Mrs. Charlie Stubblefield, president, opened the meeting followed by the roll call. A report was given on the sales of Bible Records. It was reported that only fifty-one books were left from the second printing.

Any person wishing to purchase one of these books may do so by calling Mrs. Stubblefield at 436-2241, Mrs. Price Doyle at 753-1422 or any member of the society.

The printing of a new book on Genealogy of Calloway Residents was discussed and any one who wishes to submit their family records for printing are urged to submit them to any member.

Local family histories of Calloway residents were discussed with many interesting stories being told.

A delicious dessert was served by the hostess, Mrs. Waldrop.

The next meeting will be held on Monday, March 11, at the home of Mrs. John J. Livesay, New Concord.

Dr. Clell Peterson Talks On "Birds" At Garden Meet

Dr. Clell Peterson, English Professor at Murray State University, and a member of the National Audubon Society and the State Ornithological Society, was guest speaker at the February 7th meeting of the Garden Department of the Murray Woman's Club held at the club house.

"Birds in Your Back Yard" was the topic of Dr. Peterson's presentation which was made with the aid of a projector and slides. An accomplished photographer, Dr. Peterson had photographed all the birds shown, many of them in his own back yard here in Murray. Distinguishing markings of the

were pointed out as well as their feeding and nesting characteristics.

The speaker who was introduced by Mrs. Ronald Cella, program chairman, is a native of Minnesota and received his Ph. D. in English from the University of Minnesota. He is co-author of the recently published book, "Kentucky Birds: A Finding Guide."

Mrs. Leonard Vaughn, Department Chairman, presided at the meeting and the devotion was given by Mrs. W.B. Graves.

The Department will hold a buffet luncheon and bridge on March 13 and Mrs. Carney

Wanda Roberts Speaks At Meet Of Quota Club

The Quota Club of Murray met for the regular program meeting at noon, Tuesday, February 12, at the Triangle Inn. Mrs. Helen Spann, president, presided.

Mrs. Earleen Doran, program chairman, introduced Mrs. Wanda Roberts, a speech therapist in the Calloway County School system. Mrs. Roberts gave an interesting talk on her duties at Kirksey Elementary School and Lynn Grove Elementary School.

Several visitors and new members were in attendance.

MRS. LEONARD VAUGHN, chairman of the Garden Department of the Murray Woman's Club, presented Dr. Clell Peterson with a package of sunflower seed for his birds following his presentation at the February meeting.

Woman's World

MEMBERS OF the Dance Committee of the Town and Gown Dance to be sponsored by the Murray State Women's Society on Saturday, February 23, from nine p.m. to one a.m. at the Murray Country Club are, left to right, Mesdames Dorothy Sheeks, Judith Nall, Myra Yates, Lynda Venz, Sophie Sagrera, Polly Seale, and Penny Warren, background, Mrs. Marian Posey and Mrs. Lorraine Settime. Not pictured are Mrs. Roberta Garfield and Mrs. Carole Holcomb. The Amusement Company will provide music for the members and their guests with tickets at \$7.50 per couple. Mrs. Walter Sagrera and Mrs. John Yates are co-chairmen of the event and Mrs. Harry Conley is decoration committee chairman. Mrs. Ronald Cella and Mrs. James Owen are general social chairmen of the MSU Women's Society.

Jack cheese

Monterey Jack is a mild cheese that comes in creamy white wheels or slices. If you're starting your cheese adventures, begin with mild cheese before graduating to the more flavorful and aromatic ones. Monterey is especially good in an open face sandwich made with a slice of ham, then topped with the cheese and broiled long enough to melt the cheese.

Education Council Action Questionable

We are prone to agree with Murray State president, Dr. Constantine Curris, in his assessment of the position that the Council on Public Higher Education should take in the squabble over the location of a school of veterinary medicine at Murray State.

A resolution adopted by the council Monday requests the Kentucky General Assembly not take final action on Senate Bill 69 (which designates the school for Murray) until it has been submitted to the council for study. The higher education council proposes to then make a recommendation to the 1976 legislature on the matter.

We agree with Dr. Curris that the hastily drafted resolution came about because SB 69 "quite obviously has been gaining considerable momentum" in the legislature. It is also obvious that the University of Kentucky is wielding as much influence as possible to keep Murray State from receiving the school. Officials of Western Kentucky University have also voiced opposition to a vet school being located at MSU.

Resolutions by most area chambers of commerce, the Murray and Calloway County governing bodies, several civic and professional organizations in the area and many other groups have been adopted supporting the location of such a school at Murray State.

Murray is in the heart of the

nation's livestock industry and is also very near the population center of the U. S. which is in Southern Illinois.

If a veterinary school is to be established in Kentucky, Murray seems to us to be the most suitable location, despite the insistence by UK president Otis Singletary that his school should be considered.

We are in agreement with council executive director A. D. Allbright that "higher education has been for years a football in the political arena." He said a 1972 law giving the council the responsibility of approving new college programs was designed to remove that atmosphere and put higher education on firmer ground.

We could not agree with him more. That is why we feel that the Council of Public Higher Education should not enter the political arena as they have done in this case.

As Dr. Curris said, MSU was being discriminated against by the mere convening of the special meeting, because many bills of interest to the council are before the legislature, "but only one (SB 69) has been singled out for consideration" at the special meeting.

We do think the higher education council serves a worthwhile purpose, however, the voice of the people is best heard through elected officials, not government appointees.

Senator Dee Huddleston

REPORTS TO THE PEOPLE OF KENTUCKY

ROOF BOLT SHORTAGE THREATENS JOBS

If there is anything we do not need during the current energy shortage it is the shutdown of energy-producing industries; that is why such industries have been given priority allocations of needed fuel. However, some of these industries face another crisis - a shortage of materials which are essential to production.

A major case in point is the shortage of roof bolts used in coal mining. Many of you probably have never heard of roof bolts, which are used to provide roofing protection in underground mining. These bolts are required by law for the safety of miners. Yet, because there is a shortage of these roof bolts many mines could be forced to close.

In Harlan County alone, several mines and the jobs of 2,200 miners are at stake. In addition, this could eliminate vital coal production at a time when we need all the energy we can get. To try to prevent this, I have already been in contact with the Mining Enforcement Safety Administration and the Federal Energy Office.

By the time this column appears, I hope we will have scheduled a meeting with roof bolt manufacturers, steel industry producers, federal mining officials and administration energy spokesmen. I want to impress on them the critical nature of the shortage and what it means in terms of our total energy needs.

Coal is essential to solving the energy shortage - and that means increased production as well as coal gasification and liquefaction. But the government should make sure all necessary materials are available to coal companies - both large and small.

One of the most encouraging reports in recent years is the Appalachian Regional Commission's study showing that for the first time since World War II more people are moving into the 13-state Appalachian region than are leaving it.

The study conducted by A.R.C. indicates that for the two-year period between 1970-72 the population of the Appalachian region grew by 444,000 - which represents a growth rate of 2.44 percent.

These statistics prove that the commitments by state and federal governments in recent years to improve Appalachia were more than justified. I am hopeful that we have indeed turned the corner in our fight to provide economic strength and stability to this great region of our state.

Seen & Heard Around Murray

By JAMES C. WILLIAMS

Heard a discussion the other evening on TV about how to prevent cooking odors in the home, such as cabbage, etc.

We were remotely interested in the cure-all for this event, since we like to smell cabbage cooking. We like to smell the turkey cooking through the night on Thanksgiving or Christmas Eve. The odor of marinated steaks broiling beats by far highly touted perfumes for milady.

Speaking of steaks, we had a pleasant evening the other day when a group drove over to the lodge at the dam to dine on Buffalo steaks. Pete and Frances Hulse, Don and Euelene Robinson, Chuck and Margaret Shuffett, Becky their daughter, and Elizabeth Stout plus our household, all partook (is that the past tense of partake?) on Buffalo steaks. Nelson the lady in the blue dress who finds tables for folks, took care of the party of ten. After this delightful and unusual repast, we all came back home and went by to see Chuck and Margaret's new den. It is a real honey and one of a kind. One wall is made of rocks, not stone, but rocks, artfully arranged. Some of those old brown slick rocks, some fossils, and some rock rocks. Completely charming and innovative.

Chuck got the paneling for the room from an old house. Weathered gray boards that had seen much of life, but like all intelligent boards, remain mute and refuse to divulge their secrets.

Reading the other day about a little boy who was saying his prayers at bedtime in a low voice. "Speak louder, dear, I can't hear you," his mother whispered. "I wasn't talking to you" the little boy replied.

Enjoyable evening last Thursday. We attended the MSU foreign language Mardi Gras. For sale were foods from Russia, Germany, Spain, Mexico and France. We sampled them all and found all to be delicious.

Entertainment was all by students and well received.

"I think that with the growing wealth of the world...there may indeed be genuine leisure, that a high commitment of this leisure is that we reinit the discourse and understanding between the members of our community. As a start, we must learn again, without contempt and with great patience, to talk to one another; and we must hear." - J. Robert Oppenheimer.

Aid To Poor Countries

It was unfortunate when the House of Representatives voted, 248 to 155, to kill a bill authorizing \$1.5 billion as a contribution to aid the economic development of the world's poorest countries.

The vote Jan. 23 defeated an administration-sponsored bill to give the money to the International Development Association, an agency of the World Bank.

Secretary of State Henry A. Kissinger and Secretary of the Treasury George P. Schultz called the defeat "a major setback to our efforts of cooperation and to the ability of the United States to provide leadership in a

world where there is an increasingly serious tendency for nations

to believe that their best interest lies in going it alone."

There are reasons for disillusionment with foreign aid. But World Bank aid, under international direction, is not the same as the massive amounts poured out by Uncle Sam in order to buy friends, an effort that has generally been unsuccessful.

Drouth has stricken Africa, India and Latin America. The oil shortage is expected to reduce fertilizer production. The increase in the price of oil will hit the poor nations harder than any. Famine is a reality in Africa and a threat elsewhere.

The United States should do its share to help.

Government Fatsos

Mayor Orville Hubbard of Dearborn, Michigan, who weighs better than an eighth of a ton, put his City Hall subordinates and himself on a "Do as I say and do as I do" regimen.

He went on a diet and threatened not to reappoint municipal staffers who didn't follow suit and shed quantities of blubber.

The results were negatively measurable: In two weeks Hizzoner had shed 17 pounds and 18 other City officials dropped nearly 160 pounds among them.

Maybe you can't beat City Hall but you can cut it down to size. - Norfolk (Va.) Virginian-Pilot

In The Bag

There have been reports that supermarkets in some areas were in danger of running out of paper bags, although a survey in Nashville indicated that the situation here had not reached such proportions.

Perhaps if the paper crisis can be deferred a while, the supply of bags will out-last the supplies of things to be put in the bags; and hence no problem. No problem? - Nashville (Tenn.) Banner

Confidence Lacking

Politics 0, People 0

American people are competitive and tend to view politics as they do football - whoever makes the most points wins the game.

While politics and the profession that it serves do have elements of organized sports there is, unfortunately, also one major difference. In politics both sides can lose and the harder they play the greater the loss can be. That, it appears is what is happening in the Watergate game that has tended to establish Congress on one side of the field and the Administration on the other.

This is what we glean from a recent Harris poll which indicates that only 21 per cent of the American people believe that Congress is doing an overall good job. Mr. Harris notes that his sampling shows that 30 per cent of the Americans also believe that President Nixon is doing well.

Such a competitive comparison, however, begs the question. Nobody who wants the best for his country and its institutions can take much comfort from the knowledge that fewer than one fourth of all Americans respect their legislators and fewer than one third declare their support of the President.

The taproot of our government is confidence of the people in the representatives they send to Washington. Moreover, cynicism toward Washington is erosive. It spreads toward state capitols, city halls and all American institutions and professions. Thus it is of the gravest concern that 79 per cent of the citizens do not believe that Congress performing well in lessening the impact of the energy shortage, that 88 per cent think Congress rates a failing mark for its inability to come to grips with inflation, that the overwhelming majority of Americans do not applaud the way Congress deals with the budget, and so forth.

Our conclusion becomes more gloomy when we add to these figures the data from previous polls which show that most Americans do not consider homosexuals, prostitutes, militants and people who do not believe in God to be dangerous. In 1967 all of those were considered harmful. Now, American people see a greater danger in the behavior of persons in government.

We hope that the pollsters' figures at least have the shock value of putting the purely partisan aspects of Watergate into perspec-

life. The prolonged political drama in the Senate, the foot-dragging of the House Judiciary Committee and congressional undermining of the office of the presidency is wounding both parties severely, and through them the nation that depends upon two strong parties for consensus.

The polls, among other indicators, make it clear that the concerns of the average citizen are not related to the prospect of which politician might gain or lose more from Watergate but toward the cost of food, the inability to get gasoline, shortages of everything and the obvious failings of the people in government to cope fully with any of the problems.

We suggest that good politics in 1974 is not an effort to capitalize on each other's weaknesses, but positive, constructive efforts to put the United States back on the track.

Into Exile

By expelling Alexander Solzhenitsyn from his motherland the Soviet government is only trying to finesse the issue which the defiant author had raised. To imprison him would simply confirm that the brutal system of silencing dissent, which Solzhenitsyn described in his latest book "The Gulag Archipelago," not only prevailed in the Stalin era but is a fact of life in the Soviet Union today.

Now, the Kremlin has removed him as a disruptive influence within Soviet society, hoping also to diminish the circulation of news about him from abroad. There is an ominous note in the fact that Solzhenitsyn's wife and children remained behind, with a hint that whether they receive permission to join him in West Germany might be conditioned on his behavior in exile. The Communists never give up hostages without exacting a price.

We can assume now that Moscow will attempt to paint its handling of the Solzhenitsyn affair as evidence of a generous and tolerant policy toward dissent. We doubt, however, if the many champions of Solzhenitsyn's cause in the free world are as blind to the subtleties of the Soviet system as the Kremlin might presume.

10 Years Ago Today

Major refurbishing estimated at a cost of \$35,000 is being planned for Kenlake Hotel on Kentucky Lake, according to Parks Commissioner Robert D. Bell.

The Murray-Calloway County United Fund Drive for 1963-64 has reached its goal, according to Don Tucker and Gene Cathey, co-chairmen of the drive.

Deaths reported are Willis Shown, age 68, Miss Nancy Ferguson, age 16, and Mrs. Ruth Golusha, age 82.

6 The Murray State Thoroughbreds beat Austin Peay 69 to 68 in a basketball game last night. Murray is now first place in the Ohio Valley Conference league.

20 Years Ago Today

Thomas H. Overcast, metalsmith third class USN, is serving aboard the attack cargo ship USS Libra in the Mediterranean area.

"Ray Munday completed a job at his welding place the other day that may not have been his biggest job but it was probably the longest. It was a smokestack 52 feet long and 24 inches in diameter," from the column, "Seen & Heard Around Murray."

Barkley Jones spoke at the meeting of the Murray Rotary Club.

Mrs. Edward P. Lawrence left Tuesday to join her husband, Airman Third Class Lawrence, who is stationed at Anchorage, Alaska. Mrs. Lawrence is the former Maxine McDougal.

Bible Thought for Today

Let them have dominion.—Genesis 1:26. Be careful to whom and what you give dominion of your thoughts and lives and deeds.

Isn't It The Truth!

by Carl Riblet Jr.

If men don't watch out, women are going to get their way and have a world of unisex, a world where the females are not feminine and the males are not masculine and, God forbid, where men may no longer be needed.

"Man's fate and woman's are contending powers; each tries to dodge the other in the game."

Murray High Zips By Mayfield 73-65

By MIKE BRANDON
Ledger & Times Sports Editor

We've heard from various sources about a lot of bugging taking place lately but the type of bug this time is not the one of the electrical nature.

It's the flu bug that is the culprit and its bite was evident Tuesday night at Murray High as the Tigers took a 73-65 victory over Mayfield.

The win avenges an earlier 64-54 loss to the Cardinals and lifts the Tigers to a 19-2 season mark while Mayfield is now 20-4.

But it wasn't the same Mayfield club nor for that matter, the same Murray High team, that locked horns last night.

Mayfield played without the services of 6-8 junior center Bill Hubbard who is out with the flu and guard Jeff Wilson who is also fighting a bout with the bug.

Williams Hurt

And if that wasn't enough, top-scorer Eddie Williams, a 6-4 junior, sprained an ankle early in the second quarter and spent the rest of the game sitting in the stands.

Both Murray High guards, Ray Lane and Glenn Jackson, were also battling the flu as well as senior Tyrone McCuiston but all were able to play.

But in the final minutes of the ballgame, after the Tigers were led by as much as 17 points, the physical conditions began to show.

With four minutes left in the contest, Lane removed himself from the lineup and took a seat on the bench and was replaced by sophomore Bob Wilder.

At the time, the Tigers were holding a 63-54 lead. Lane got about two minutes.

rest before Wilder, who was playing with four fouls, drew his fifth personal and Lane dragged back onto the floor.

Mayfield closed to within six points twice in the final two minutes, the last time coming at the 1:31 mark when guard Keith Pyle scored from 10 feet to trim the Tiger lead to 67-61.

But a beautiful steal and a drive for a layup by senior Johnny Shelly followed by a fastbreak bucket by Jackson lifted the lead back to 10 and the game was safely in hand.

It was not the Tiger ballclub that defeated Calloway County Friday night.

Weary Tigers

Instead, Murray High was flat for most of the second half as their fine first half effort seemed to drain away a lot of energy.

Fives times in the first period the score was tied before Lane scored on a fastbreak with 5:39 remaining to give Murray a 12-10 lead, an advantage which was never relinquished.

Jackson followed with a short jumper and Wilder went high to tip in a shot and the Tigers suddenly had zipped to a six-point spread.

By the end of the first quarter, the lead remained at six as the Tigers carried a 22-16 edge into the second eight-minute canto.

The Tigers drew first blood in the second period when Jackson scored on a fastbreak to boost the lead to six and then Williams twisted his ankle and went out.

That left only 6-3 forward Larry Sanderson and 5-10 guard

Keith Pyle as the only regulars in the Mayfield lineup.

Murray was able to use its board strength and its speed and by halftime, the Tigers were coasting to a 43-28 bulge. The largest lead of the game came with just 40 seconds left in the half when Jackson scored on a break before Greg Bazzell's 10-footer ended the scoring in the period.

In the half, Murray High outrebounded Mayfield 29-13.

The third quarter found Lane going on a scoring rampage and hitting for 12 points in the period as the Tigers continued to control the tempo of the game.

Lane's 20-footer in the closing seconds left Murray with a 59-42 cushion going into the final frame.

The Tigers were coasting with a 61-48 lead early in the last period when Mayfield rattled off six consecutive points and cut the margin to seven points.

Although the Cardinals could never come any closer than six over the next six minutes, the game wasn't decided until Shelly and Jackson hit the back-to-back baskets to lift the lead to 10 points.

Jackson Leads Scoring

Jackson paced the scoring for the Tigers with 24 points while Lane followed with 22. Hudspeth also hit double digits with 14.

Tyrone McCuiston added eight points and Bob Wilder, the other starter, scored three and pulled off 10 big rebounds.

Murray outrebounded Mayfield 41-32. McCuiston was the leading retriever for the Tigers with 11 while Sanderson

pulled down 15 for the Cardinals.

"We played good ball in spurts but we just couldn't ever put them away. We were weak and we thought we'd be a bit down because of our physical condition," Tiger Coach Bob Toon said.

Mayfield was scheduled to play Hickman County Friday but that game has been postponed as the Mayfield city schools have been dismissed for the remainder of the week because of the flu epidemic.

Cardinal Coach Bob Sparks said the teams would try and reschedule the game early next week before the District Tournament.

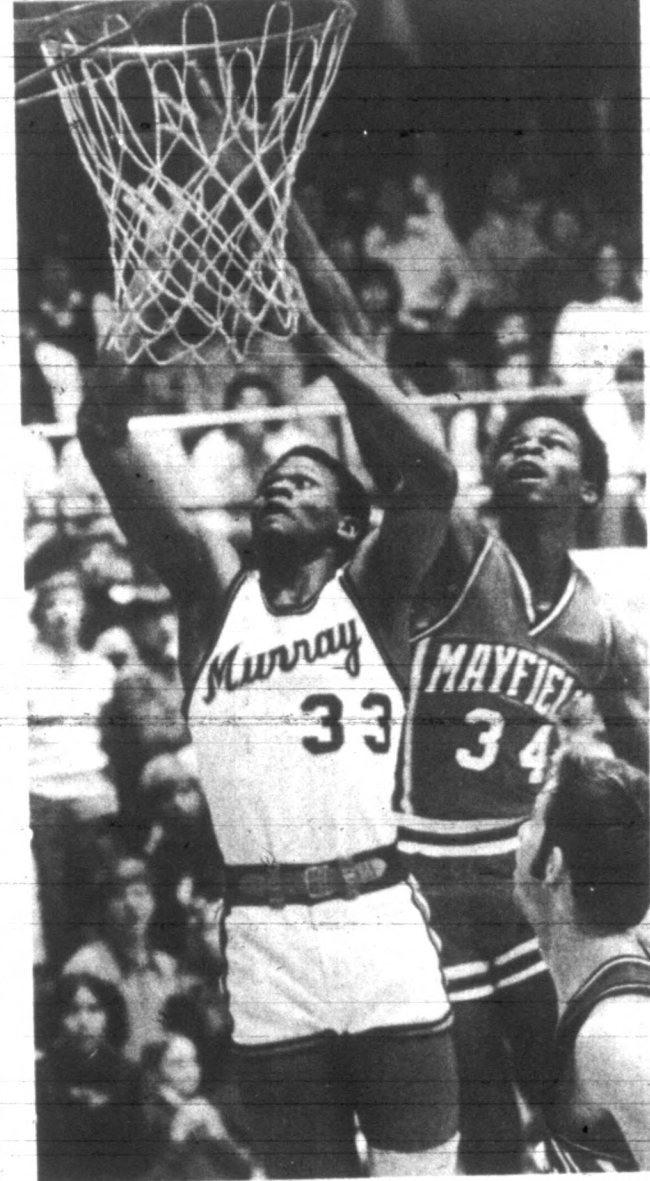

The preliminary game found the Tigers taking a 30-27 win, their second victory of the season over Mayfield.

Phil Miller paced the scoring with eight while David Frank and Mark Williams each had six. Others included Dale McCuiston with four, Eli Alexander with three, Donnie Williams two and Keith Tabers one.

The varsity Tigers are scheduled to host Fulton County Friday before meeting Benton next Thursday in the first contest of the Fourth District Tournament.

Mayfield	16	12	14	23-65
Murray	22	21	16	14-73

Mayfield (65)—Williams 8, Sanderson 18, Pyle 11, Roberts 10, Bazzell 14 and Hawkins 4. Murray (73)—Hudspeth 14, Wilder 3, McCuiston 8, Lane 22, Jackson 24 and Shelley 2.

INSIDE POSITION—Tyrone McCuiston (32) gets inside and scores a bucket while Eddie Williams (34) of Mayfield defends. McCuiston scored eight points and had 11 rebounds. Williams left the game early in the second period with a sprained ankle. (Staff Photo by Mike Brandon)

Dan Issel Keys Colonel Comeback Over Memphis

By THE ASSOCIATED PRESS

The Kentucky Colonels were losing to the Memphis Tams 52-45 at halftime in their American Basketball Association game Tuesday night, so Coach Babe McCarthy took advantage of the intermission to regroup his forces and have a talk with Dan Issel.

"He told me I was playing lousy," Issel recalled. "He was right."

The second half was a different story, as a fired-up Issel brought the Colonels back, scored nine points and grabbed five rebounds in the closing four minutes to lead Kentucky's 109-97 triumph over the Tams.

In the only other ABA game, the Indiana Pacers clipped the San Antonio Spurs 107-102.

"He was the difference," said Memphis Coach Butch van Breda Kolff of Issel, who finished with 15 points and 11 rebounds in helping the Colonels snap a three-game losing streak.

Bob McAdoo Scores 36 Points As Braves Cream Bucks 145-109

By BRUCE LOWITT
AP Sports Writer

The Buffalo Braves — mainly Bob McAdoo — couldn't do anything wrong. They ran Kareem Abdul-Jabbar and the rest of the Milwaukee Bucks off the floor 145-109 Tuesday night. It was the most points ever scored by Buffalo or allowed by Milwaukee in the history of the two National Basketball Association teams.

In other NBA games, the New York Knicks nipped Portland 119-116 in overtime, Chicago clobbered Phoenix 130-96, Boston defeated Detroit 107-97, Golden State clipped Cleveland 104-98 and Kansas City-Omaha downed Los Angeles 92-86. In American Basketball Association play, Kentucky beat Memphis 109-97 and Indiana topped San Antonio 107-10.

Jabbar, who finished with a game-high 38 points, had 25 of them in the first half — but he was carrying the Bucks, who trailed 70-48 at that point. McAdoo, in a little less than three quarters, hit on 15 of 23 shots from the field and got 36 points, 21 of them in the first half. "My only regret," he said, "was that I didn't play more."

Jack Marin added 20 points and Ernie DiGregorio 18 in the Braves' assault. Buffalo shot a sizzling team-record 66.7 per-

cent from the floor in registering the 36-point differential, the widest victory margin the team has ever run up.

Knicks 119, Blazers 116

With less than two minutes to go in the fourth quarter and Portland leading 103-96, New York's Walt Frazier and Earl Monroe stole Portland blind and hit a variety of bombs and layups which sent the game into overtime — and kept it up by scoring every point in the extra period with a series of dazzling jump shots that finally subdued the Blazers.

Frazier finished with 32 points, Monroe had 29 and Bill Bradley 25. Sidney Wicks, who kept Portland from collapsing completely in the final frantic minutes of regulation play, wound up with 34 points.

Bulls 130, Suns 96

Howard Porter and Chet Walker scored 25 points apiece against Phoenix and Jerry Sloan his 23 to power Chicago's

biggest offensive show of the season and enable the Bulls to pull within two games of first-place Milwaukee in the Midwest Division.

Celtics 107, Pistons 97

"I just told them to keep running," Boston Coach Tom Heinsohn told his players. The Celtics then returned to the court against Detroit and, paced by JoJo White's hot hand, ran a 66-59 deficit into a 77-70 advantage during a four-minute stretch in the third period.

Warriors 104, Cavaliers 98

Cazzie Russell scored 37 points — 15 of them in the fourth period — and Nate Thurmond and Clyde Lee did the rebounding chores to carry Golden State past Cleveland.

Kings 92, Lakers 86

Jimmy Walker scored 15 of his 30 points in the fourth quarter to enable Kansas City-Omaha to pull away from the fading Lakers in the final five minutes.

Marvin Barnes Paces Providence To Victory

By FRED ROTHENBERG
AP Sports Writer

When you're Marvin Barnes, and you can score 32 points and grab 23 rebounds, you can apparently set your own rules. Barnes shuns pre-game warmups, much to the displeasure of his coach, Dave Gavitt, and the big Providence center sometimes shuns the game's first half.

"He came out to play in the second half," said Rhode Island Coach Jack Kraft after Barnes warmed up in the first half with nine points, then caught fire in the next 20 minutes with 23 more points, leading 11th-ranked Providence to a 76-73 college basketball victory over Rhode Island Tuesday night.

"He's just outstanding," added Kraft. "There isn't much you can do when he wants to play."

"Marvin was great in the last three minutes," said Gavitt, who added he wouldn't discipline Barnes even though the 6-foot-9, 213-pound player ambled on the court for the pregame practice seven minutes after his teammates.

Elsewhere in the Top 20, 15th-ranked Creighton beat California-Irvine 83-52 and 20th-ranked Louisville defeated Wichita

State 106-90.

Junior Bridgeman tossed in 28 points and Louisville outrebounded Wichita State 36-8 at the foul line for the Cardinals' eighth Missouri Valley Conference victory in nine outings.

Bridgeman sank 11 of 18 from the floor and the Cardinals went 36 for 50 at the foul line.

Robert Wilson's game-high 29 points paced Wichita State.

Gene Harmon, with 24 points, and Doug Brookins, with 16, led Creighton past University of California-Irvine.

Elsewhere in college basketball, Phil Sellers, who scored his 1,000th career point en route to a 25-point game, helped Rutgers to an 89-82 victory over Connecticut; freshman forward Glen Williams' seven straight baskets sparked a second-half rally that snapped Boston College's seven-game winning streak and gave St. John's an 80-72 victory; Bennie Allen's jumpers with 27 seconds left forced the overtime and St. Peter's, N.J., ran off six straight points in the overtime to defeat Boston University 113-108, and Navy captain Bob Marshburn scored 8 points to help beat Adelphi.

Tiger Frosh Defeated At Paducah Tournament

The Murray High Freshman basketball season came to a jolting end Tuesday night at the Paducah Tilghman Invitational as Mayfield romped to a 58-34 victory over the frosh Tigers.

In two previous meetings, the Tigers had taken wins over the Cardinals, winning by six at Murray and by two points at Mayfield.

But it was cold shooting in the opening period of the contest that led to the downfall in their third matchup with Mayfield.

Ten times in the first period the Tigers shot and 10 times they missed before the spell was finally broken at the 2:31 mark when Rollins scored on a short jumper.

By that time, Mayfield was holding a 6-2 lead.

The only other bucket in the period came by guard Raymond Sims on a layup. At the end of the quarter Mayfield led 10-4.

Murray trailed 14-8 midway through the second frame when Mayfield opened up for nine consecutive points and zipped to a 23-8 bulge. The 15 point spread held as the Cardinals carried a 25-10 cushion into the dressing room at intermission.

Trailing 34-20 late in the third period, the Tigers rallied for six consecutive points on a tip by Richie Richardson, a 25-footer by Sims and a 10-footer by Richardson and suddenly Mayfield led just 34-28.

But Murray could not get any closer as the period ended with Mayfield holding a 38-26 cushion.

In the final period, Mayfield outscored the Tigers 20-8 to increase the margin of victory. Raymond Sims was the only starter to hit double figures as he tossed in 12 points.

Auto Racing Museum

TALLADEGA, Ala. (AP) — An auto racing museum will probably be built near the Alabama International Motor Speedway, according to State Rep. Phil Smith of Talladega.

Smith said Thursday that methods of financing the \$3.5 million project are under discussion with state officials. The museum and Hall of Fame would hopefully be finished by the time the last leg of Interstate 20 is completed in about two years.

Smith said "We're going to do it eventually — it's just a matter of time." He said Gov. George C. Wallace and the National Association of Stock Car Automobile Racing are backing the project.

"We didn't play that bad of a game," Murray Coach Clayton Hargrove said.

"We just couldn't get our shots to fall. The kids came back in the second half and got within eight points and never did quit."

"It's been a good season and I'm proud of the team for the way it has played," Hargrove added.

The frosh Tigers finished with a season mark of 8-4.

##

Lakers Edge Heath In Overtime 63-61

By DAVID HILL
Lakers and Pirates Sports Writer
Struggling through an ice-cold night from the floor, the Calloway County Lakers barely escaped the Heath High School gym with a 63-61 overtime win Tuesday.

LET HIM HAVE IT—Heath's Klope (34) isn't arguing with James Wells if he's going to push Morehead (40) around like that. Wells got two of his 26 points with this drive against Heath Tuesday night.
(Staff Photo by David Hill)

At the end of the third quarter, before the Pirates came out to score four straight points as the fourth frame opened.
After a single free throw by Mark Miller, the Pirates again scored four points to pull to within one, at 53-52. A layup by Greg Howard made the margin three, but the Pirates were right back, and then tied the score at 57 when Frazier made the back end of a two shot trip to the line courtesy of James Wells, who fouled out of the game with three minutes to go.
The Pirates went ahead on a

layup by Frazier with just over a minute remaining, and held the 59-57 lead until, with 40 seconds left, Mark Miller was fouled.
Miller calmly sank both free throws to knot the score and send the game into overtime.
After the Pirates brought the ball in bounds and down the floor, freshman guard Tommy Futrell made a dramatic steal with two seconds left. The Lakers quickly called time out, and Greg Howard made the desperation shot from midcourt which fell short, sending the game into overtime.

Jett opened the overtime period scoring as he hit the first of a one-and-one free throw to make it 60-59 for the Pirates. The Lakers came right back as Tommy Futrell took a beautiful feed from Randy Shelton for a layup and a 61-60 lead.
Greg Howard seemingly put the game on ice as he calmly sank two free throws with just ten seconds left to give the Lakers a three-point lead. But the game still wasn't over.

As Wright brought the ball down for the Pirates, Futrell attempted to steal the ball and fouled Wright, with just eight seconds left. Wright hit the first shot, missed the second, and the Pirates had the ball and a chance to tie the score.

The Pirates were able to get off one shot, again got the rebound, and had the ball under the basket for a short put-back when the horn ended it all, and the Lakers had their win.

The game was tied six times in the first quarter and neither team looked too impressive. Calloway hit seven of 16 shots from the field, while Heath hit seven of 15. Big James Wells pulled down six rebounds and collected two points in the period, as the frame ended with the score tied at 15.

The second quarter belonged to Wells as he netted 15 of his game-high 26 points, and gathered in five loose rebounds to lead the Lakers to a 36-29 half-time lead.
The Lakers hit a total of 24 of 64 from the floor, while Heath managed 24 of 71. Calloway sank 15 of their 26 free throw

tries, as Heath hit 13 of 23.
Calloway led the rebounding with a wide 45-33 margin, but also led in turnovers, 14-12.
Howard joined Wells in double figures with 13 points, while Futrell had eight, Williams six, Miller five, Shelton three, and Scarbrough two.
Wright led the scoring for Heath, with 18 points. Frazier had 13, Elrod 12, Hines eight, Jett three, and Hargrove two, Morehead five.
The Calloway Baby Lakers were edged by the Heath B-teamers 44-38 in the preliminary game.

Mike Wells led the scoring with 13 points, Byars had 10, Doran 9, and Calhoun, McCuiston and Wilkerson 2 each.

Hickman County Pounds Rebels

A chapter in Marshall County basketball history came to an abrupt end Tuesday night as the South Marshall Rebels played for the last time on their floor.
But the Hickman County Falcons, last year's First

Austin Peay Has Edge In Schedule

Austin Peay, which leads Middle Tennessee State by one game with three games left in the Ohio Valley Conference, has a scheduling edge, too.
Both teams play two of their remaining three on the road. But the two play each other Monday—at Austin Peay.
Austin Peay, 9-2, plays at Western Kentucky Saturday, then hosts the Blue Raiders Monday and closes the regular season March 2 at Murray.
Middle Tennessee, 8-3, hosts Murray Saturday, then plays Austin Peay and closes March 2 at Western Kentucky.

Region representatives to the State Tournament, spoiled Senior Night for South Marshall as the Rebels were demolished 62-37.

It was poor shooting by South Marshall that led to the downfall.
The Rebels managed only 15 of 63 field goals for a .238 mark while Hickman County cashed in on 24 of 48 attempts for 50 per cent.

Once again the Rebels played without the services of leading scorer, junior forward Larry McGregor who is sidelined with a knee condition.

McGregor should be able to return for the Rebels' opening game in the District Tournament next week when they play in the semifinals against the winner of the Murray High and Benton game.

South Marshall led only once in the entire contest; that being at 4-2 when Terry Mathis gunned in a 20-footer.

Six consecutive points by the Falcons left the Rebels four

points behind with 2:07 left in the period. At the end of the quarter, Hickman County held a 10-8 edge.

A 25-footer by Rogers and a steal and drive by guard Ricky Weatherspoon lifted the Falcons to a six-point edge before Gary Mitchell hit a 15-footer with 5:45 left to make it 14-10.

Neither team was able to mount any kind of momentum and by the end of the half, the low-scoring contest found Hickman County holding a 22-15 lead.

Spraggs opened the second half by canning a 15-footer, Spates stole the ball and drove for a bucket, Rogers hit two outside shots and Spraggs hit on a steal and drive.

And suddenly, with 4:31 left in the third period, Hickman County was romping to a 32-15 spread.

The scoring ice was finally broken at the 4:17 mark when Reed scored on a 10-footer for the Rebels.

By the end of the period, Hickman County was romping to 40-10.

Twice in the final quarter, the Falcons held leads of 25 points for their largest margin of the contest.

Mathis and Reed each scored 12 to pace South Marshall while five men placed in double figures for Hickman County.

In the preliminary contest, South Marshall ran its season mark to 18-4 with a 55-31 win.

The varsity Rebels fall to 13-15 with the loss and will close regular season play Friday in Paducah when South Marshall visits St. Mary.

Hickman 10 12 18 22-62
South Marshall 8 7 6 16-37

Hickman (62)—Barclay 16, Spates 12, Larkins 10, Rogers 10, Weatherspoon 10 and Spraggs 4.

South (37)—Mathis 12, Reed 12, Dickerson 7, Ivey 4, Mitchell 2, Coble and Nimmo.

Bankers . . . (Continued from Page 1)

said, "it has resulted from too many dollars chasing too few goods." Economists, he went on, have focused on two basic causes of the excessive spending in recent years. These are "fiscal policy" or taxing and spending by the federal government, and "monetary policy" or managing the nation's money stock. The monetary actions, he said, have been the more

powerful of the two and have received less publicity. Except for a brief period from early 1969 to early 1970, money has been rising at an unusually rapid pace, he stated.

In recent months, however, some slowing in money growth has again been evident, he said, but the duration of the movement has been too brief for much economic effect to take place.

As for the nation's economic outlook, Bowsher anticipated that total spending for goods and services is likely to slow from the 10.4 percent annual rate of increase in recent years to about an 8 percent rate in 1974. The forecast, he said, is based on an assumed reasonably steady 5 percent growth of money in 1974.

The nation's production, he said, will probably rise at a relatively slow 1 or 2 percent in 1974, and probably will decline for a time in the early part of the year.

"If price controls become more rigid or if gas rationing is imposed, output may be even more adversely affected," he said.

As for the interest rate outlook, Bowsher feels the economic forces are likely to work in the direction of lower rates in early 1974.

"With the moderation in spending and production, demands for credit are expected to be less vigorous," he said. "Short-term rates are likely to fall more than long-term rates, since market participants will probably not change their long-run expectations very much this spring."

Gas Prices In State Stations More In Line

LOUISVILLE, Ky. (AP) — Service station operators are becoming more adept at figuring the correct price of gasoline, according to Internal Revenue Service agents.

The IRS checked 129 service stations around the state last month and found 57 charging more than the price allowed.

Of the 56 service stations visited this month, 13 had pricing errors. Those with errors comprised 23 percent of the stations checked, compared with 45 percent last month.

Bill Benningfield is among those agents from the Louisville office of the IRS charged with checking gasoline station prices to be certain they are in line with the Cost of Living Council regulation.

Benningfield said he believes the improvement may be due to the fact that more station operators are mastering the required price computations.

He also suggested that one factor may be the operators' knowledge that they are being watched.

The basis for a station's gasoline price is its price last May 15. An operator adds to his May 15 price the cost increases passed on to him by his gas supplier, plus a one-cent "overhead" price increase allowed as of Jan. 1.

Last month, the gasoline refunds in Kentucky totalled about \$9,500. This month the 13 violations have produced a total of \$1,610 in refunds.

Deaths and Funerals

William Paschall Dies; Funeral Is Being Held Today

William J. Paschall of Puryear, Tenn., died Monday at 11:30 p.m. at the Henry County General Hospital, Paris, Tenn. He was 79 years of age.

The deceased was a retired employee of the Puryear Lumber Company and was a veteran of World War I. He was a member of the United Methodist Church.

Mr. Paschall and his wife, Ruth, were married October 27, 1915, and she preceded him in death on January 4 of this year. Born December 23, 1894, in Henry County, Tenn., he was the son of the late Frank Paschall and Sarah Williams Paschall.

Survivors are one daughter, Mrs. Carlos (Martha) Bucy of Paris, Tenn.; one grandson, Joe Carlos Bucy, and one great grandson, Christopher Bucy, Nashville, Tenn.; two brothers, L. E. Paschall of Puryear, Tenn., and Jake Paschall of Florida.

The funeral is being held today at two p.m. at the chapel of the McEvoy Funeral Home, Paris, Tenn., with Rev. W. A. Farmer officiating. Burial will be in the Walker Cemetery near Paris, Tenn.

Edgar Sheppard, Tappan Employee, Dies At Hospital

Edgar Sheppard, age 55, of Hardin Route One, died Monday at 8:22 p.m. at the Western Baptist Hospital, Paducah.

The deceased had taken total permanent disability retirement from the Murray Division of the Tappan Company on February 1, 1972. Mr. Sheppard had been employed at the Murray plant since May 10, 1948, and worked in the maintenance department. He was a member of the Union Ridge Baptist Church.

Mr. Sheppard is survived by his wife, Mrs. Bertie Sheppard; four sons, Glenn Sheppard of Murray, Route Three, and Harold, Hayes, and Jerry Sheppard, all of Dexter; stepson, Owen Henderson of Hardin Route One; stepdaughter, Mrs. Etta Lou Bourland of Benton Route One.

Also surviving are one sister, Mrs. Margie Henson of Benton Route Five; one brother, Troy Sheppard of Paducah; eight grandchildren; six step-grandchildren.

Funeral services will be held Thursday at one p.m. at the chapel of the Collier Funeral Home, Benton, with Rev. Heyward Roberts and Rev. John Slinger officiating. Interment will be in the Murray Memorial Gardens. Friends may call at the funeral home.

Memorial Services For Kevin West Scheduled Tonight

Memorial worship services for Kevin West will be held tonight (Wednesday) at 7:30 p.m. at the Calvert City United Methodist Church for relatives and friends.

Young West, age 14, was presumed drowned Wednesday, February 13, when he fell into the waters on the lakeside of Kentucky. The Marshall County Rescue Squad and members of the family continue to patrol the waters in an attempt to locate the body of the young boy.

Survivors are his parents, Mr. and Mrs. Charles Cecil West, two sisters, Susan and Samantha West, and one brother, Clay West, all of Calvert City; grandparents, Mr. and Mrs. Henry West of Murray and Mr. and Mrs. J. B. Scott of Murray Route Six; great grandmother, Mrs. C. C. West of Murray.

The family requests that memorial gifts, rather than flowers, be considered. They may be directed as preferred, but undesignated gifts will be directed to the Rescue Squad and to the Boy Scouts. The Calvert City United Methodist Church is acting as receiver of the gifts.

Young West was an eighth grade student at Calvert City Elementary School.

HOMEMAkers MEET

The New Frontier Homemakers Club will meet Thursday, February 21, at 9:30 a.m. at the home of Mrs. Peter Whaley, 802 Guthrie Drive, Murray. The craft lesson will be on "String Art."

Larry Turner, Jr., Dies This Morning At The Age Of Two

Larry (Chip) Turner, Jr., two year old son of Mr. and Mrs. Larry Turner, Sr., of Murray Route Seven, died this morning at 7:15 at the Murray-Calloway County Hospital.

Larry Turner, Jr.

The little boy had been ill due to cancer for over one year and had undergone surgery at the Le Bonheur Children's Hospital, Memphis, Tenn. Since last June, the little boy had been an out-patient undergoing treatment at St. Jude's Hospital, Memphis.

The two year old boy was born June 7, 1971, and his parents are Larry Turner, Sr., and Brenda Ladd Turner.

Survivors are his parents, Mr. and Mrs. Turner, Sr.; grandparents, Mr. and Mrs. Clyde Turner and Mr. and Mrs. W.A. (Bill) Ladd, all of Murray; great grandparents, Mrs. Mayme Turner, Grundy Turner, and Mr. and Mrs. Bryan Overcast, all of Murray, and Mrs. W.A. Ladd, Sr., of Paris, Tenn.

Funeral services will be held Friday at ten a.m. at the chapel of the Blalock-Coleman Funeral Home with Dr. James A. Fisher, Sr., officiating. Burial will be in the Murray Memorial Gardens.

The family requests that in lieu of flowers that expressions of sympathy take the form of contributions to the St. Jude's Hospital, Memphis, Tenn.

Friends may call at the funeral home after four p.m. today (Wednesday).

Special Program At Middle School Thursday

Parents of the students in grades six of the Murray Middle School, taught by Mrs. Opal Howard and Robert Reynolds, have been invited to a special program at the school on Thursday, February 20, at 7:30 p.m.

This will not be the regular Murray Middle School PTA meeting as announced on Tuesday.

Dr. Howard Keller B&PW Club Speaker

The Business and Professional Women's Club will hold its regular dinner meeting on Thursday, February 21, at 6:30 p.m. at the Murray Woman's Club House.

Dr. Howard Keller, associate professor in the Department of Foreign Languages, Murray State University, will be the guest speaker. His wife, Helga, a native of Germany, will also be a special guest. Dr. Keller, a native of Brooklyn, N. Y., came to Murray in September 1970.

The World Affairs committee composed of Betty O. Vinson, chairman, Ruth Lassiter, Mayrtle Cayce, and Willina Hall, is in charge of the arrangements for the Thursday meeting.

Mrs. Betty Riley, president, urges all members to attend.

Home Department Will Meet Here Thursday

The Home Department of the Murray Woman's Club will meet Thursday, February 21, at two p.m. at the club house.

Mrs. James Owen is the program leader for the day. Mrs. A. C. LaFollette, chairman, urges all members to attend.

Husbands for the meeting will be Mrs. Starkie Colson, Mrs. Clifton Harrell, Mrs. Carl Lockhart, and Mrs. William Moffett.

Consolidation Group To Meet

MAYFIELD, Ky. — A meeting of "People of Consolidation" will be held Thursday evening at the courthouse here starting at 7 p.m.

The group was formed recently to work for consolidation of Graves County's seven high schools.

A special election will be held on March 12 on the question of voting a 30c tax for 25 years to finance the construction of two centrally located high schools, one in the south and the other in the north part of Graves County.

The schools will cost some \$6 million and would be designed to accommodate 600 students each.

The centralized schools would consolidate the seven existing high schools.

'Family Planning' Program On Tuesday

A "Family Planning" program will be presented by Mrs. Linda Clark, assistant professor of maternal child nursing, Nursing Department, Murray State University, on Tuesday, February 26, at seven p.m.

The program will be presented at the meeting of the Student Home Economics Association to be held on the third floor (north side) of the Applied Science Building, Murray State.

The public is invited to attend, a spokesman said.

RESIDENTS CELEBRATING JANUARY AND FEBRUARY BIRTHDAYS:

Seated: Vallie Hall, Feb. 3; Margaret Hicks, Feb. 3; Laura Waggoner, Feb. 4; Winnie O'Leary, Feb. 10; Arthur Jones, Jan. 19.

Standing: Mary Rushing, Jan. 18; Rollie Roberts, Jan. 8; Marvin Smith, Feb. 28; Ann Sewell, Jan. 25; Bun Ray, Feb. 6.

A new Resident, Mrs. Lillie Moody will celebrate her birthday on Feb. 20th.

Youth is not a time of life—it is a state of mind. It is not a matter of ripe cheeks, red lips and supple knees—it is a temper of the will, a quality of the imagination, a vigor of the emotions—it is a freshness of the deep springs of life.

Nobody grows old merely living a number of years; people grow old only by deserting their ideals. Years wrinkle the skin, but to give up enthusiasm wrinkles the soul.

In the central place of your heart there is a wireless station; so long as it receives messages of beauty, hope, cheer, courage, grandeur and power from the Infinite Father, so long are you young.

When the wires to Heaven are all down and all the central place of your heart is covered with the snows of pessimism and the ice of cynicism, then are you grown old indeed and may God have mercy on your soul.

Beautiful young people are accidents of nature. But beautiful old people are works of art!!!

Marjorie Barstow Greenbie

MANY THANKS:

To the Almo 5th and 6th graders for the Valentine baskets.

Also, the Murray High F.H.A. for the Valentine decorations for our doors.

Please come to see us again, soon!!!

WESTERN KENTUCKY LEGISLATORS Rep. James E. Bruce, left, D-Hopkinsville, and Sen. Carroll Hubbard Jr., D-Mayfield, pause to discuss pending legislation before a recent session of the Kentucky General Assembly. Bruce, who represents the ninth district of Christian and Hopkins Counties, has served in the House of Representatives since 1964. Hubbard, an attorney from the first senatorial district, is presently serving in his fourth legislative session.

Senate Approves House Bill Establishing Landfill Controls

FRANKFORT, Ky. (AP)—A House Bill establishing stricter controls over landfill operations was approved 26-8 by the Senate Tuesday.

Several Senators changed their votes from yes to no after learning midway through the roll call that the measure could affect the right of private landowners to haul away and dispose of their own refuse.

HB 72, which passed the House 75-16, would require public notice prior to construction of a landfill operation and also would require a permit from the Department of Natural Resources and Environmental Protection before operating a landfill.

A permit also would be needed from the department to haul hazardous wastes or to operate a facility at which hazardous wastes are handled.

The bill was amended by a Senate committee to require hearings in counties where landfills are proposed.

In other action the Senate approved SB 112, a massive reorganization measure that Senate floor leader Tom Gar-

rett, D-Paducah, said would restore "responsibility and accountability" to government.

The reorganization, already in effect by executive order is the first major one of state government since the 1930s.

Also receiving Senate approval was SB 128, which permits soybean farmers to assess themselves not more than one-half cent per bushel to promote marketing and research.

The sponsor, Sen. William Sullivan, D-Henderson, said soybeans are becoming Kentucky's leading cash crop.

Sullivan said any farmer not wanting to pay the assessment can make application within 30 days and obtain exemption.

He said such an assessment is subject to referendum by the farmers involved.

The Senate also approved: — SB 119, authorizing the Kentucky Railroad Commission (KRC) to negotiate agreements with the Federal Railroad Administration (FRA) to administer the Federal Railroad Safety Act of 1970.

— SB 158, permitting the Louisville Board of Health to charge reasonable fees for inspection and regulation of sewage-treatment plants.

— HB 7, redefining the 15th and 16th judicial districts in Kentucky, establishing two new judicial districts and adding a judge to the 48th judicial district.

— HB 108, to permit condominiums to be defined as containing two dwelling units rather than four.

Miss Foust Says Audit Politically Motivated

FRANKFORT, Ky. (AP) — State Auditor Mary Louise Foust said Tuesday a House motion calling for an audit of her agency seems politically motivated.

The motion, sponsored by Rep. Thomas Givhan, D-Shepherdsville, was approved by the House last week.

"To request such was perhaps the reason Givhan ran for the House," Miss Foust said in a letter to speaker Norbert Blume, D-Louisville.

The veteran auditor clashed with Givhan while he questioned her persistently during a legislative budget hearing a week ago, saying "I think you're wasting time" and sometimes shouting at him.

Miss Foust indicated Givhan's line of questioning stems from a critical audit she made of Bullitt County when he was county attorney.

"Our office is being run professionally and Tom Givhan's evaluation of our services can be discounted by his lack of knowledge," she wrote Blume.

Declaring she welcomes an objective audit of her office by the Legislative Research Commission, Miss Foust said there already is an audit by an independent certified public accountant which soon will be released.

"There is no one who will more quickly admit that the office does not do what the law requires than I," she said. "The parsimonious legislature is responsible for that."

Miss Foust said the State Board of Accountancy considers her operations professional, that federal agencies have commended her work "and the people have congratulated me for my stand against Tom Givhan."

Regulation of Reclamation Approved By House Thursday

FRANKFORT, Ky. (AP) — The House has approved a bill requiring the Department for Natural Resources and Environmental Protection to regulate reclamation of surface land areas affected by underground mining.

The bill, House Bill 389, was approved 70-17 Tuesday. Sponsored by Rep. John Swinford, a D-Cynthiana, the measure is designed to make underground mine operators act to minimize environmental damage caused by haul roads, coal refuse piles and other above-ground disturbances.

Under the measure, underground mine operators would be required to post bonds of from \$500 to \$1,500 for each acre of land affected. The bonds would be forfeited if the operators did not reclaim land damaged by mining activity. The bill provides a \$400,000 appropriation to implement the program.

The measure was opposed by several Eastern Kentucky legislators, and the House rejected by a vote of 30-56 a motion by Rep. Glenn Freeman, D-Cumberland, to lay the bill on the clerk's desk.

Freeman, who protested that most of the bill's vocal supporters were from non-coal-producing areas, said he was not opposed to the thrust of the bill, but said he wanted action deferred in order to draft an amendment to put a grandfather clause in the bill. Such a clause would have exempted mines now in operation from the requirements of the bill.

Rep. George Stewart, D-Pineville, a coal operator, spoke in opposition to the bill, contending it would pose a hardship to small mine operators.

Swinford said no state law currently permits regulation of underground mines and said protection of areas affected by deep mines is essential.

The House also approved 80-4 a bill that would revoke the driver's license of habitual traffic offenders for five years and jail them if caught driving without the license.

The bill defines such violators as persons charged within a five-year period with three or more counts of these offenses: voluntary or involuntary manslaughter, operating while license is suspended or revoked. Perjury in applying for a license, any crime punishable as a felony under vehicle laws and failure to stop if involved in an accident resulting in death or

injury or property damage over \$200.

The House also voted to defer action on a bill that would close arrest records 12 months after a charge was dropped or the defendant was acquitted. The motion to lay the bill on the clerk's desk was made by Rep. Bob Benson, D-Louisville, the sponsor, after the House approved two amendments Benson said weakened his measure.

One amendment deleted a prohibition on employers seeking the arrest records of prospective employees. The other deleted a requirement that consumer reporting agencies purge their files of such arrest records. As amended, the bill would have required only that records kept by law enforcement agencies be closed.

The House also approved 56-33 a bill that would require licensing of employees of dental laboratories, other than dentists. A companion bill, approved 66-22, would require dental hygienists to complete a training course before taking an examination for a license.

Under the measure, underground mine operators would be required to post bonds of from \$500 to \$1,500 for each acre of land affected. The bonds would be forfeited if the operators did not reclaim land damaged by mining activity. The bill provides a \$400,000 appropriation to implement the program.

The measure was opposed by several Eastern Kentucky legislators, and the House rejected by a vote of 30-56 a motion by Rep. Glenn Freeman, D-Cumberland, to lay the bill on the clerk's desk.

U.S. Surpasses Soviets In Submarine Detection

By MIKE SHANAHAN
AP Military Writer
WASHINGTON (AP) — In a kind of guerrilla war of the deep, the United States has far surpassed the Soviet Union in the ability to locate and keep track of the other country's submarines.

While highly-sophisticated U.S. sonar equipment can pick up surface ships hundreds of miles away and submarines 15 to 20 miles away, U.S. anti-submarine specialists have been surprised at the slow pace of Russian antisubmarine development.

They say the Russians are at least a decade behind, especially in sonar equipment aboard their atomic submarines.

The contrast becomes vital with today's opening of a new round of strategic arms limitation talks in Geneva. Some U.S. officials expect the Soviets to propose mutual limitations on the development of antisubmarine warfare gear.

"That would be completely to their advantage if we agree," said one high-ranking official. "It will be at least a decade before Soviet ASW (antisubmarine warfare equipment) can be taken seriously."

As explained by U.S. officials, the only job assigned to Soviet attack submarines is to maintain the ability to destroy enemy shipping. Unlike American ships, Soviet subs are not assigned to keep open shipping lines or to escort convoys.

"So to keep track of those subs we have to engage in a kind of guerrilla warfare, you know, three or four of ours to one of theirs."

No matter what happens to strategic bombers or land-

based missiles, both the United States and the Soviet Union are sure of raining destruction on the other in the event one strikes first.

The reason: The ability of each country's missile-carrying submarines to stay hidden and respond quickly to an attack.

Once one country or the other can quickly zero in on the other's subs, the nuclear tables have been turned and the strategic balance has been tipped.

Less than six weeks remain for Murray State students to enter essays on democracy in America in the Herbert J. Levine Scholarship Contest, Dr. Riley Venz, chairman of the Department of History, has pointed out.

For the sixth consecutive year, undergraduates at Murray State have the opportunity to win scholarships totaling \$300 in the program, established on an annual basis by Dr. and Mrs. Herbert J. Levine of Centralia, Ill.

Six Murray students have received the scholarships since

1969. This year's essay topic is "Moralism in American Politics," Dr. Venz reminded, pointing out that each essay should be from 800 to 1,200 words in length and accompanied by a declaration that the material is the writer's original work.

Entries, typewritten on 8 1/2 x 11-inch paper with a 1 1/2-inch margin on the left of the page and a one-inch margin elsewhere, must be submitted to the Department of History before April 1, he said.

In addition, each entry should

be in a binder and accompanied by a biographical data sheet on the writer, also in a binder, he added. Winners will be announced shortly after the April 1 deadline, and every effort will be made to present the scholarships at the annual Honors Day program April 14.

First prize is a \$200 scholarship, and second prize is a \$100 scholarship, both to be used at Murray State.

Dr. Levine, a Centralia physician, and his wife established the fund to encourage Murray State undergraduates to express their

personal views on an announced, but current, aspect of American democracy. Similar scholarships are offered by the Levines on other campuses.

THAT'S THE SPIRIT

Morning coffee for the 1,000 employees of T. W. Lench Ltd., manufacturers of industrial fasteners in Rowley Regis, England, is being laced with whisky or rum during the power crisis. — CNS

Four species of poplar trees are found in Ontario, of which aspen and balsam are the most common.

Italians top saints' roster

An unofficial Vatican survey of all the saints canonized in the last 1,000 years shows that "official paradise" has more Italian saints than any other nationality — of 1,848 "registered" saints, 626 are Italians.

The nation with the second highest number of saints is France (576) followed by Britain (271) and Spain and Portugal (215). — CNS

Your Individual Horoscope

Frances Drake

FOR THURSDAY, FEBRUARY 21, 1974

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

ARIES (Mar. 21 to Apr. 20) Think carefully about shouldering new responsibilities. Even if you are willing, be certain you can share certain present duties with others.

TAURUS (Apr. 21 to May 21) Watch emotions carefully now. Don't let sudden enthusiasms carry you away to a point where they actually become obsessions. **GEMINI** (May 22 to June 21) There may be a catch to a certain financial proposition made now. You'd do well to take the advice of an expert in such

lines. **CANCER** (June 22 to July 23) Postpone a trip if possible. Travel is not under the best of influences right now. **LEO** (July 24 to Aug. 23) Your lucky day! Like a "bolt from the blue," you may receive an unexpected windfall in the afternoon. **VIRGO** (Aug. 24 to Sept. 23) A chance to push your interests. Others can be won around to your way of thinking easily and willingly now. **LIBRA** (Sept. 24 to Oct. 23) A more or less routine day, but some slightly unconventional and off-beat ac-

tivities during the evening hours could be fun. **SCORPIO** (Oct. 24 to Nov. 23) Your innate aggressiveness and self-will could be liabilities now. Certain associates will be oversensitive; will resent interference of any kind. **SAGITTARIUS** (Nov. 23 to Dec. 21) Jupiter restrictions lift. A favorable report now gives you the "green light" to go ahead with important plans, decisions. **CAPRICORN** (Dec. 22 to Jan. 20) A good day for dealing with superiors, with persons in authority generally. Any or all should be receptive to your ideas.

AQUARIUS (Jan. 21 to Feb. 19) Stimulating influences now heighten your ambitions and energies, but don't overtax your energies. Delegate some work to associates. **PISCES** (Feb. 20 to Mar. 20) Your intuition is one of the strongest in the zodiacal spectrum. If you get a hunch now, act on it. Stars are on your side. **YOU BORN TODAY** are endowed with a keen and analytical mind; have strong will power and enormous reserve energy. You have a magnetic personality and your versatility is so outstanding that, properly educated, of

course, there is practically no field of endeavor at which you could not succeed. You would do extremely well in banking, science (especially chemistry or medicine) or writing. You could also excel in music or on the stage. The deeply idealistic and humanitarian side of your nature also fits you for the religious life or for any occupation which involves the welfare of the underprivileged. Birthdate of: Cardinal Newman, Eng. clergyman, writer; W.H. Auden, famed poet. **RUSSIAN OIL** The Soviet Union has announced that oil production is expected to rise to 450 million tons this year, an increase of 30 million tons over 1973.

Smokey The Bear Reaching Old Age

By JAMES GERSTENZANG. Associated Press Writer WASHINGTON (AP) — Smokey the Bear, his brown eyes dimmed by time and the fur around his nose fading to a pale brown, is spending his last years in quiet near-solitude. No longer the celebrity of years past, his popularity has been eclipsed by the more recent arrivals at Washington's National Zoological Park — China's giant pandas.

Smokey, the symbol of forest fire prevention who has been pictured for more than 20 years wearing blue jeans and a forest ranger's hat, will be 24 years old this spring.

He is approaching the average life span of a bear in captivity, 25 years, and an adopted heir, Little Smokey, has been moved into an adjoining cage in preparation for the old bear's eventual demise.

Little Smokey, like his adoptive father, is from New Mexico's Lincoln National Forest.

Smokey has been "arthritis and rather stiff in the hind quarters" for many years, said Zoo Director Theodore H. Reed. He's been eating well and his coat still shines, but zoo officials say that soon they may have to destroy him "if he reaches a point in which he is in obvious discomfort and pain," according to Billie Hamlet, the zoo's public information officer said.

"There's no sense in beating about the bush ... He's way over the hill ... it's just one of those things that has to be faced. He's not a cub anymore."

A sign at the front of his cage tells how he was found orphaned by a forest fire in 1950. He was then flown to the Washington zoo.

Mail continues to arrive addressed to Smokey, who has been given his own zip code — 20252. Three women work full-time answering the nearly 5,000 weekly letters while the bear lolls in his quarters. Reed says Smokey is responding to the medication given to treat his stiffness — a problem since he was a cub — but he remains quiet and secluded.

Roy Byrd Is Named Manager Of Goodyear Store Here

Roy Byrd has been named as the store manager for the new Goodyear Store which is holding its grand opening this week.

Byrd, a native of Arkansas, has been with Goodyear for the past four years, and was manager of the Fulton Goodyear store for 2½ years

prior to his present position. Byrd is married and has a four-year old son. He and his family live at 1635 Catalina.

The local store specializes in Goodyear tires, with all types of automotive service. The store also carries major appliances,

televisions and small appliances. Brands include General Electric, Westinghouse, and Zenith.

This is the seventh Goodyear store in Western Kentucky. The Goodyear chain has over 1,700 stores nationwide.

Six other employees complete the staff of the local store. The other six employees are all local residents.

Jerry Key is the sales manager and Linda Donoho is the credit and operating assistant.

ROY BYRD
Store Manager

GOODYEAR STORE OPENS—The newly opened Goodyear store in Murray is holding its grand opening this week. The store, the seventh in Western Kentucky and one of over 1,700 nationwide, specializes in Goodyear tires, and also carries small and major appliances, televisions, and offers a complete automotive service department.

Pick A Peachy-Keen And Economical Menu Builder From Your Grocer's Shelf

Want to pick a peach in February? Don't look on trees. Go to the shelves of the local market where they are available every season of the year.

Canned peaches are economical and plentiful now, so it's a good time to make some peachy desserts and salads.

Yellow fleshed offer three important nutrients—Vitamin A and C and iron. Each grade and type of peach contain about the same nutrient content. The clingstone type is a firm, smooth peach which is good for salads and serving plain. Freestone are soft and do not hold their shape well, but have an excellent flavor. They are good in pies, puddings and cobbler.

Using peaches for part of the main course can make the plainest meal very interesting. Why not try Peachy Barbecue Ribs for a real taste change? You will also enjoy the Chicken Hawaiian with its fruit flavor. All the recipes are "peachy keen."

PEACHY BARBECUED RIBS

- 3 lbs. spare ribs, cut into serving pieces
- 2 tsp. salt
- 1 No. 2½ can peach halves
- 1 C. catsup
- 2 Tbs. Worcestershire sauce
- ¼ C. minced onions
- 2 Tbs. flour
- 2 Tbs. prepared mustard
- ½ tsp. ground cloves
- 1 tsp. salt
- ½ tsp. pepper

Arrange ribs, meaty side up, in a shallow baking pan. Sprinkle with 1 tsp. salt. Drain peaches, reserve syrup. Blend 1 cup syrup with catsup, Worcestershire sauce, onions, flour, mustard, cloves, remaining salt and pepper in a saucepan. Heat to boiling, pour over ribs. Bake at 350 degrees for 1½ hours or until tender. Arrange peaches around the ribs, baste with sauce and heat 5 minutes longer. Makes 6 servings.

HAWAIIAN CHICKEN

- 1 large or 2 small broiler-fryers, cut up
- ¼ C. flour
- 1 tsp. paprika
- 1 tsp. salt
- ¼ tsp. pepper
- ¼ C. margarine
- 1 Tbs. grated orange rind
- ½ C. orange juice
- 1 No. 303 can sliced peaches
- 1 sliced orange

Shake the chicken pieces in a paper bag filled with the flour, paprika, salt and pepper, fry them until golden on all sides in hot fat. Arrange in a large casserole.

Sprinkle chicken pieces with the orange rind and pour on the orange juice. Place peach slices and peach juice on the chicken, cover and bake 1 hour in a 350 degree oven or until tender. Poke the orange slices between the chicken pieces and bake 5 minutes longer. Serves 6.

PEACH AND CARROT CASSEROLE

- 4 or 4 large carrots

- 4 ribs celery
- 1 C. peach slices and juice
- 1 Tbs. cornstarch
- ¼ tsp. salt
- ¼ tsp. pepper
- ¼ tsp. caraway seeds
- 2 Tbs. margarine
- ½ C. bread crumbs

Cook diced carrots and celery until tender. Drain peaches. Pour juice into a saucepan. Add salt, cornstarch and caraway. Cook until thickened. Arrange vegetables and peaches in a buttered casserole. Pour sauce over them. Melt margarine and combine with crumbs. Sprinkle over casserole. Bake at 350 degree for 10 minutes. Serves 4.

PEACHES ROSEMARY

- ¾ No. 2½ can peach halves
- 2 Tbs. soft margarine
- ½ tsp. seasoned salt
- ½ tsp. crushed rosemary
- ½ C. dairy sour cream
- ¼ C. dry bread crumbs
- 2 Tbs. grated parmesan cheese

Drain peaches and pat dry with a paper towel. Blend together the salt, margarine, rosemary and sour cream.

Place peach halves cut side up in a shallow pan. Fill each with the sour cream mixture, sprinkle with crumbs and cheese. Broil 5 minutes or until fruit is hot and cream is flecked with light brown. Serves 6.

FIVE-CUP DESSERT

- 1 C. drained chopped peaches
- 1 C. cold cooked rice
- 1 C. miniature marshmallows
- 1 C. chopped nuts
- 1 C. heavy cream whipped or 2 C. whipped topping

Combine ingredients in the order given. Chill thoroughly and serve in sherbet glasses. Garnish with whipped cream and cherries. Serves 8.

SKILLET PEACH CAKE

- ¼ C. butter
- ¼ C. brown sugar, packed
- 1 C. chopped nuts
- 1 No. 303 can sliced peaches
- 1 pkg. yellow cake mix

Preheat oven to 350 degrees. Prepare cake mix according to packaged directions. Melt butter in a large skillet. Add

brown sugar and cook and stir gently until dissolved. Remove pan from heat. Sprinkle nuts on the sugar. Arrange the peach slices over the nuts. Pour cake batter over the peaches carefully (do not disturb the peaches). Fill the skillet about one half full (use the remaining batter for cup cakes).

Bake for 30 minutes. Let cake set for 5 minutes, then turn upside down onto a cake plate. Serve with whipped cream.

(Adding rum flavoring or almond flavoring enhances the flavor of the cake.)

Stripper Oilman Says He's 'Now Getting Some Gravy'

BAKERSFIELD, Calif. (AP) — Jess Douglas says he has long struggled to succeed with his nine marginal oil wells like "a farmer making a living on 40 acres."

But like a small farmer who finds his crop suddenly in short supply, Douglas now is reaping big profits from soaring crude oil prices spurred by the energy crisis.

Six months ago, Douglas' monthly production of 500 to 600 barrels from his nine "stripper" wells brought \$2.10 a barrel, 38 cents less than the price 16 years earlier.

Douglas says he had to work 12-to 16-hour days and trim

costs by inventing his own tools to earn a decent living for his family of four.

By December, Standard Oil of California was paying \$3.76 a barrel. "Three years ago \$3 would have been a fantasy thought," Douglas said.

The "fantasy" price doubled again and then some, reaching \$8 a barrel early this year as the government lifted price controls on stripper wells and new oil production.

Stripper wells such as Douglas owns produce less than 10 barrels a day. With 350,000 of them nationwide, they provide 13 per cent of the country's domestic production; the

National Stripper Well Association estimates.

In California's San Joaquin

Valley, where Douglas pumps his oil, 63 per cent of the 24,000 wells are strippers, the state Division of Oil and Gas says.

Douglas realizes the high prices may not last. But even if prices slip to \$5 a barrel, he plans to resume drilling for new wells. His last was drilled in 1968.

"All along I kept thinking someday all my work would pay off," Douglas said. "And now I am getting some gravy, and I think I deserve it considering the years and years of struggle."

For a simple punch mix pineapple juice with champagne.

Don't get married -- it's Year of the Tiger

According to the Chinese lunar calendar the Year of the Tiger which began Jan. 23 is not ideal for marriage for men not willing to marry a tigerish woman.

The tiger is generally esteemed by the Chinese as the king of beasts. It is regarded as a symbol of courage, bravery and victory — apparently virtues not valued in a wife. — CNS

The Asket Basket By Sally DuFord

Got a question or a comment about homemaking? Address it to "The Asket Basket," in care of Mrs. Sally DuFord, P.O. Box 1203, Paris.

Dear Readers,

Thanks to the following ladies for their recipe for JAPANESE FRUIT PIE. Mrs. Lexie Cole, Paris; Mrs. David Lindsey, Mansfield; Mrs. James Malon, Henry; and Mrs. Eunice Lashlee, Paris, Tenn.

JAPANESE FRUIT PIE

- 2 eggs, beaten
- 1 stick of margarine, melted
- 1 C. sugar
- ½ C. golden raisins
- ½ C. coconut
- ½ C. pecans
- 1 tsp. vinegar or lemon juice
- 1 tsp. vanilla

Unbaked 9 inch pie shell

Mix all ingredients together well. Pour into an unbaked pie shell. Bake in a preheated 350 degree oven for 30 to 40 minutes or until the center is set.

For a larger pie Mrs. Lashlee suggests using: 1 stick margarine, 2 C. sugar, 3 eggs, 2 Tbs. vinegar, 1 C. coconut, 1 C. raisins and 1 C. pecans

Dear Sally,

I wonder if some of your readers have a mayonnaise cake recipe. Thank you.

Mrs. Adeline Wilson, Murray, Ky.
(EDITOR'S NOTE: A mayonnaise cake recipe appeared in this column Jan. 16, 1974.)
