YOUNG GUN FOUND DEAD

At 8 a.m. on Saturday morning, Sheriff J. M. Brown was notified at his home in Little River, 17 miles south of Fulton, on state route 60, concerning the body of 18-year-old Homer Roberson which was found in a cornfield near his home. Homer Roberson was the son of Mr. and Mrs. Sam Roberson, who live on Highway 109, 15 miles south of Fulton. Homer Roberson was last seen on July 28th in the Little River area. His body was identified by the Sheriff and the medical examiner, Dr. W. H. White. No cause of death was determined.

"Home of Good Baking"

To The Voters Of Fulton & Hickman Counties

It has been my privilege for the last two months, to talk to many old friends and to make new ones, over the First Legislative District, but it has been my misfortune, not to have been able to see everyone in the District to talk to them personally. Those whom I have missed, I hope to see between the Primary and the final election, if you choose me as your nominee for Representative.

Much propaganda has been issued by my opponent, and I hope that the people of the First District have discovered, that it is propaganda.

The Farm Bureau members have been circularized by a man whom I do not know, and who has never seen or talked with me, and who has not made any inquiry himself or through anyone else, as to my attitude toward any farm legislation. If he had been interested in fairness and in representation for the farmers, he would have made inquiry as to my attitude, and if he had, he would have learned "THAT IF THE MAJORITY OF THE FARM MEMBERS WANT LEGISLATION PASSED I WILL HELP THEM GET IT PASSED."

With this reply, he would have learned that there is no controversy between the candidates for the Legislature over farm legislation.

The letter proves my statements, however, and that is: that although Representative for two terms, Mr. Waterfield still cannot secure sufficient support to pass even popular legislation. The farmers have not been benefited by Mr. Waterfield introducing the Bill. He has the personal antagonism of the Railroad men, by Mr. Waterfield that he would get transportation at will, but it has been my desire to help him, if he had, he would have learned the attitude toward any farm legislation. If he had been interested in fairness and in representation for the farmers, he would have made inquiry as to my attitude, and if he had, he would have learned "THAT IF THE MAJORITY OF THE FARM BUREAU MEMBERS WANT LEGISLATION PASSED I WILL HELP THEM GET IT PASSED."

The record shows that Fulton and Hickman Counties have alternated the office of Representative, and that in this District, neither County has held it for more than two terms. My opponent has held it for two terms, and it is now Fulton County's time to have the office.

In this last statement before the primary, I state fairly and honestly, that I may not break any records in accomplishment, but I will try any records to attempt, to the end that Fulton and Hickman Counties may have fair representation in the House of Representatives.

Faithfully submitted,

James H. Warren
A few days ago there appeared in the local newspaper a political advertisement, under the name of one of my opponents for the office of County Judge, under the heading of "SOME WHY AND WHEREFORE TO THE VOTERS OF FULTON COUNTY." On account of the misleading inference as well as plain misstatement of fact contained in the said article, I wish to make it clear that it is not the practice of attorneys to mislead the people. It is my custom to speak in plain language so that it may be understood by the people, and this I have consistently endeavored to do.

I am always glad to receive criticism from either civic committees or discuss matters pertaining to the County and have certainly not intentionally been discourteous to any of them. It is my custom to speak in plain language so that it may be understood by the people, and this I have consistently endeavored to do.

Criticism is offered over the fees paid to the Bankers Bond Company, Investment bankers, in connection with the refinancing of the County's indebtedness. The banks are paid for delivery of the County's bonds. The amount delivered in payment of the fees was a maximum of $30,000 at the time of the time-thirty-three cents on the dollar. This has been discussed by the Citizens of Fulton County in general meetings and the County Judge has always been willing to discuss any aspect of the County's financial status.

As to whether or not my administration of the fiscal affairs has improved Fulton County over the term of the outstanding bonds in excess of $50,000,000 as shown by the statement of certified public accountants, I leave it to the voters to either or not this was a good job well done.

Criticism is offered over the attorney's fees charged by the attorneys who handled the proceedings for which payments were made. When I first entered upon the duties of County Judge, the administration of the County's fiscal affairs was in the hands of the County Treasurer, and the County Judge was responsible to the citizens for the proper management of the County's affairs. I have always been willing to discuss any aspect of the County's financial status.

I leave it to the voters to either or not this was a good job well done.

The Bankers Bond Company of Louisville is a company which deals in various securities, including many municipal and county issues. During my Administration, in July of the year in which the Bankers Bond Company was appointed by the County Judge to the fiscal affairs of the County, they have been adequately taken care of. The County has not made a profit or lost any money during the past seven years. For 1932-1933, its net income was approximately $28,000.00 in bank and other accounts.

A remarkable contrast.
SUNDAAY IS sharing his illness. Mrs. E. I. Brundige has recently been turned over to a new one. Two of her cows have been torn down recently, and two of Ins youngest cows have been killed. Her daughter, Mrs. Tom Vaughan, will celebrate their 60th Wedding anniversary this Saturday. The couple will be joined by many friends from all over the country. Mrs. Vaughan is expected to take a complete rest from her store.

Princeton, Ky.—With August fast approaching, preparations are rapidly complete for the fall festival. The grand parade, which always opens the festival, will feature more bands from Cadiz, Hanson, Clay, and Pettit. In the dark tobacco land, great pomp and festivities and receive a选美皇后 will be crowned and...
NOTICE!

In order that the record may be kept clear and in conformance with regulations that have been made concerning the construction of roads, I am submitting the following:

One of my requests for County Judge in his announcement meant the N.P.A. and the State for having built the two roads that we have in the County, which leaves the impression that the County did not put up any money to get these roads constructed. This statement is inexact.

As a matter of fact, since I have been Judge, or during the past 11 years the County has expended for the construction of County roads SEC.1791, as shown by the records. In addition to this, we have furnished the N.P.A. and the Rural Roads all road machinery used in construction of those roads, which cost the County several thousand dollars in addition to the SEC. 1791.

The County has also furnished all of the gravel and to make a long story short, the County is required and does pay 20 per cent of the cost of all roads constructed by the N.P.A.

There has been budgeted for this past years roads $25,010.00 which means that at the end of year's term $9,001.11 will have been expended for roads.

Signed by
Claude L. Walker
County Judge

NEWS AND FACTS...of Statewide Interest

NOT WANTED!

"Jack-joints", "hooch-tanks", "dives", and other lawbreaking retail beer outlets are not wanted by Kentucky's $20,000,000 legalized beer industry.

Beer is a wholesome beverage, and the makers of beer insist that it be sold under equally wholesome conditions.

Kentucky's beer industry, therefore, wants all undesirable retail beer outlets eliminated entirely. Accordingly, we are cooperating with state and local law-enforcement officials to maintain wholesome conditions wherever beer is sold.

We invite you to help in this public-opinion "clean up" effort, by (1) patronizing only reputable beer retailers; and (2) reporting any disorderly outlets to enforcement officials to this committee.

LUTEN FAMILY

The descendants of Dr. Samuel Luten of Fulton and Hickman counties are meeting at Benton Lake Park on Sunday, Aug. 8 for a family reunion.

Dr. Luten was one of the pioneers of the area. The family traces their roots back to England before 1685. Relations were present from three generations.

Mr. and Mrs. S. D. Griffey, Mr. and Mrs. E. C. Whayne and Miss Virginia, Inez and Elise Luten of Kentucky were among those present.

The descendants of Dr. Samuel Luten and his family were a descendant of Major Thomas Luten, who was a captain in the Revolutionary War.
