The K. of P. Grand Lodge

The Paducah delegation to the grand lodge of the Knights of Pythias were congratulated on their victory in prevailing upon that body to hold its session in Paducah.

Mr. Gus Smith, the latter for years the general manager of the Paducah Hotel, and for six years past has held a chair in the Princeton University at a most able and, by his conduct to the leading periods of the country, has been enabled to support his family.

We freely accord to every state that right to an opinion, and in different with him we expect never colored. It has been seen that the democrats have grossed its views, and the theocratic, who can be found, but a
cast out of his party, would have to re.

It is a fact that the democrats in the New York legislature should report the matter to the House, and the fact that the corporations are against him explains it all.

The harder the corporations and the newspapers, the better for the people.

A Fight For Democracy.

The News-Scimitar is making a clean fight for honest and incorruptible government and just government. The people of Paducah are interested in the rights of the poor and the workingman. The people of Paducah are interested in the rights of the poor and the workingman.

There is not a city anywhere in this state that is not in the hands of the democrats. Paducah is as much as any other city.

An Ox Race in Germany

Bears With Stygian Flag:

In many of the out-of-the-way parts of Germany on racing has been a very popular sport among the peasants. The bear races are well attended and much excitement is caused by the bears meeting their opponents. The bear races are held in the country, and the bears must be ridden by their owners. The man is not allowed to have either whip or spur and must not hit the animal himself, trusting to the instinct of the bear to guide the beast. It is here that the skill of the rider comes into play, and the ability of the owner of the bear to ride. The bear races are held in fields, perhaps as many as two hundred at a time. The dogs are then let loose and the bear races begin, the bear being the first to jump and work the best. The dog is the second.
