## Deadline Today For Filing Return

WASHINGTON (AP) — Today is April 15, the deadline for filing your 1973 income tax return, unless you live in Maine, Massachusetts or North Carolina.

In those states you have until Tuesday because today is a legal holiday — Patriot's day in Maine and Massachusetts and Easter Monday in North Carolina.

The Internal Revenue Service estimated that it will receive more than 80 million returns this year, up considerably from 425,000 returns filed in 1913, the year that the Payne-Aldrich act created the income tax.

And of these 80 million, officials say nearly half are sent in during the last two weeks, with many tax-payers hurrying to the post office to get them postmarked before the midnight deadline.

Officials of the IRS declined to estimate the number of persons who may be trying to cheat on their taxes, although one spokesman said such attempts seem to be running about the same level as in the past.

Last year the IRS prosecuted

1,342 persons for income tax evasion. Of these 821 pleaded guilty, 330 pleaded no contest, including former Vice President Spiro T. Agnew, 123 were convicted after pleading innocent and 68 were acquitted.

Thanks to withholding, many taxpayers are in line for refunds, and the IRS says the average refund this year is about \$360.

Free tax assistance is offered by IRS, but spokesmen report that nearly half of the nation's taxpayers seek assistance from commercial tax preparers.

And the Tax Reform Research Group, an investigative organization, has charged that checks of IRS offices in seven states revealed mistakes and inconsistencies in the advice IRS gives to taxpayers.

Officials said group staffers took identical tax forms and questions to at least three IRS offices in each of seven states. They said IRS advice ranged from telling them they could expect a refund of \$812 in Flushing, N.Y., but that they owed the government \$52 at the Portland, Ore., office.

MRS. HAROLD HURT, 1974 Charity Ball chairman and Melissa Butterworth at the Murray Day Care Center. All proceeds from the Charity Ball, which will be held on June 1, 1974, are donated to the Mental Health Center.

## Preliminary Plans For Charity Ball Underway

By Melissa Easley

The 1974 Charity Ball committee invites local citizens to support the Murray Comprehensive Care Center. Mrs. Harold Hurt will serve as chairman along with Mrs. Gary Marquardt as co-chairman.

This kind of event to raise money is unique in Murray. Absent are the usual roadblocks, pledges, or house to house canvases characteristic of most fund raising drives. Since 1965, tickets which are tax deductible have been sold for the annual Charity Ball. In those 10 years approximately \$17,000 has been donated to the Center. The Center includes a Mental Health Center as well as a Day Care Center for children with developmental disabilities. The buildings are located at 702 and 704 Main St.

Last year's proceeds of \$3,301

were used to decorate, equip and furnish the newly purchased house at 704 Main St., which houses the Day Care Center. In addition, renovation of the already existing Mental Health Center was also accomplished. This year's goal is intended to retire the debt on the Day Care Center house.

The dance is to be held June 1 at the Harry Lee Waterfield Student Union Building. Continuous music will be provided by The Amusement Company, a local rock band, and the Berl Olsinger Orchestra from Memphis. In keeping with the 74-76 Bicentennial theme, decorations will be carried out in an "Old South" atmosphere. An assortment of food donated by local merchants will be served throughout the evening.

Tickets will go on sale April 29. Cash donations are also accepted and should be directed to Mrs. Robert McCoart, 300 S. 5th St., Murray, Ky.

The following people have agreed to serve on committees:

Sue McCoart—donations; Melissa Easley—publicity; Nancy Hutson, Rainey Apperson, and Jane Prince—patrons; Judith Belt (assisted by Creative Arts Dept. of Murray Women's Club)—decorations; Charlotte Gregory—table decorations; Mary Ellen Contri and Marilyn Paulk—refreshments; Martha Tibbs—programs; Annette Alexander—tickets; Annie Knight—reservations; Pat Mayfield—advertisements; Edwina Simmons—treasurer; Wilson Woolley—photography.

## Calloway County Land Area Shows Increase

Almost unnoticed, Calloway County has increased in land area in the last 10 years or so. According to the latest government findings, the county is somewhat larger than previous figures indicated.

Its current size, as listed by the Census Bureau, is 384 square miles. This compares with the 381 square miles reported in 1960.

What caused the change? Was it due to conquest, condemnation or annexation? Or did it just appear out of thin air?

None of those. As is the case in other parts of the country, the new figures represent an adjustment to compensate for physical shifting of rivers and other bodies of water and for previous errors in measurement.

Similar ups and downs were noted in a great many communities. Throughout the nation, it was found, there was a drop in the last decade from a land area of 3,548,974 square miles to 3,536,855, representing a loss of 12,119 square miles.

On the other hand, the nation's inland waterways gained 12,030 square miles in the period, which means that the country as a whole had a net loss of 89 square miles in the 10 years.

In part, it is attributed to land erosion caused by shifts in the size of streams, lakes and other waterways.

Much of it, however, is due to a refinement in the method of computing areas. For many years, the size of counties was determined from existing

county maps. These maps generally carried their boundary lines to the center of bordering rivers, which exaggerated the land totals.

Discovery of this fact led the Census Bureau to a recalculation of land masses.

It was enabled to do this more accurately than ever before through the use of a new machine that can measure areas electronically down to a fraction of a square inch.

As a result, for example, the State of Kentucky is now reported officially to have a land area of 36,650 square miles, compared with the 39,863 shown for it in 1960.

The government's latest figures list Calloway County as having a population density of 72 per square mile.

## Mrs. Lowry Announces Stubblefield Chairwomen

Mrs. C.C. Lowry, West District Women's Chairman, today announced the appointment of county chairwomen for the campaign to reelect First District Congressman Frank A. Stubblefield.

Stubblefield, a Murray Democrat, is seeking his ninth consecutive term in the U.S. House of Representatives. The incumbent is Chairman of the Tobacco Subcommittee in the House Agriculture Committee and is the second ranking member on the Agriculture Committee.

Mrs. Lowry, of Murray, made the following county appointments:

## Five Accidents Investigated By Murray Police; No Injuries

Murray City Police investigated five accidents over the holiday weekend, but no injuries were reported in any of the incidents.

At 11:20 a.m. Friday, cars driven by Evelyn M. Matthews of Cape Girardeau and Kent A. Klein, 1513 Dudley, were involved in a two car accident on North 12th, according to police.

Investigating officers said the cars were both going south when the accident occurred.

Damage to the Matthews car was to the rear end, and damage to the Klein car was to the front end.

At 1:26 p.m. Friday, a three-car accident occurred at 15th and Chestnut, involving cars driven by Phillip G. Rogers, 1624 Miller, Thomas L. Moore of Louisville, and Robert F. White of Gilbertsville, according to police.

Officers said the Rogers car was going east on Chestnut the

Moore car was going west on Chestnut, and the White car was going north on 15th when the accident occurred.

Damage to the Rogers car was to the front; damage to the Moore car was to the right door and quarter-panel; and damage to the White car was to the front, according to police.

At 5:30 p.m. Friday, cars driven by George C. Smith, Route Five Mayfield, and Larry D. Shekell, Route Three, were involved in an accident on North 12th St., according to police.

Officers said the cars were both going south on 12th when the accident occurred. Damage to the Smith truck was to the rear end, and damage to the Shekell car was to the front.

At 6:45 p.m. Saturday, cars driven by James M. Parrish, Route Two, and William G. Barnett of Hazel, were involved in a two-car accident at the intersection of 15th and Chestnut Streets, according to police.

Officers said the Parrish car was damaged on the front, and the Barnett car was damaged on the rear. Both cars were going west on Chestnut at the time of the accident.

At 11:25 p.m. Sunday, cars driven by Vickie S. Kalberer, 904 Story, and David A. Rushing, of Clinton, collided at the intersection of 16th and Main Streets, according to police.

Officers said the cars were both going south on 16th when the accident occurred. Damage to the Kalberer car was to the rear end and damage to the Rushing car was to the front.

## Break-Ins Reported To Murray Police

A \$75 adding machine was reported stolen in a break-in at the Eddy Linn Body Shop on Pague Ave., according to Murray City Police who investigated the incident.

Officers said entry was gained to the shop by breaking a window in the front door.

A break-in was also reported at William's Radiator-Glass Co., where \$6 in change was taken from a drink machine and a desk drawer.

Robert Moyer, 1231 Dogwood, reported the theft of a \$50 battery and cables from his car, according to police.

Investigations are continuing into these incidents, police said.

## Sen. Hubbard Appoints 7 District Co-Chairmen

State Sen. Carroll Hubbard of Mayfield, a candidate for First District U.S. Representative in the May 28 Democratic party primary, has appointed seven district co-chairmen to head his campaign. The announcement was made in Paducah Saturday.

Hubbard's campaign co-chairmen are Henderson County Commonwealth Attorney Ulvester Walker, Logan County Democratic Party Chairman James C. Milam of Russellville, McCracken County Coroner John Barker, Union County magistrate Jimmy Veatch of Morganfield, Murray State University

Student Government Association president Eugene K. (Geno) Roberts, Jr. of Mayfield, Providence Mayor Charles McDowell and Carlisle County Court Clerk Warren Owens of Bardwell.

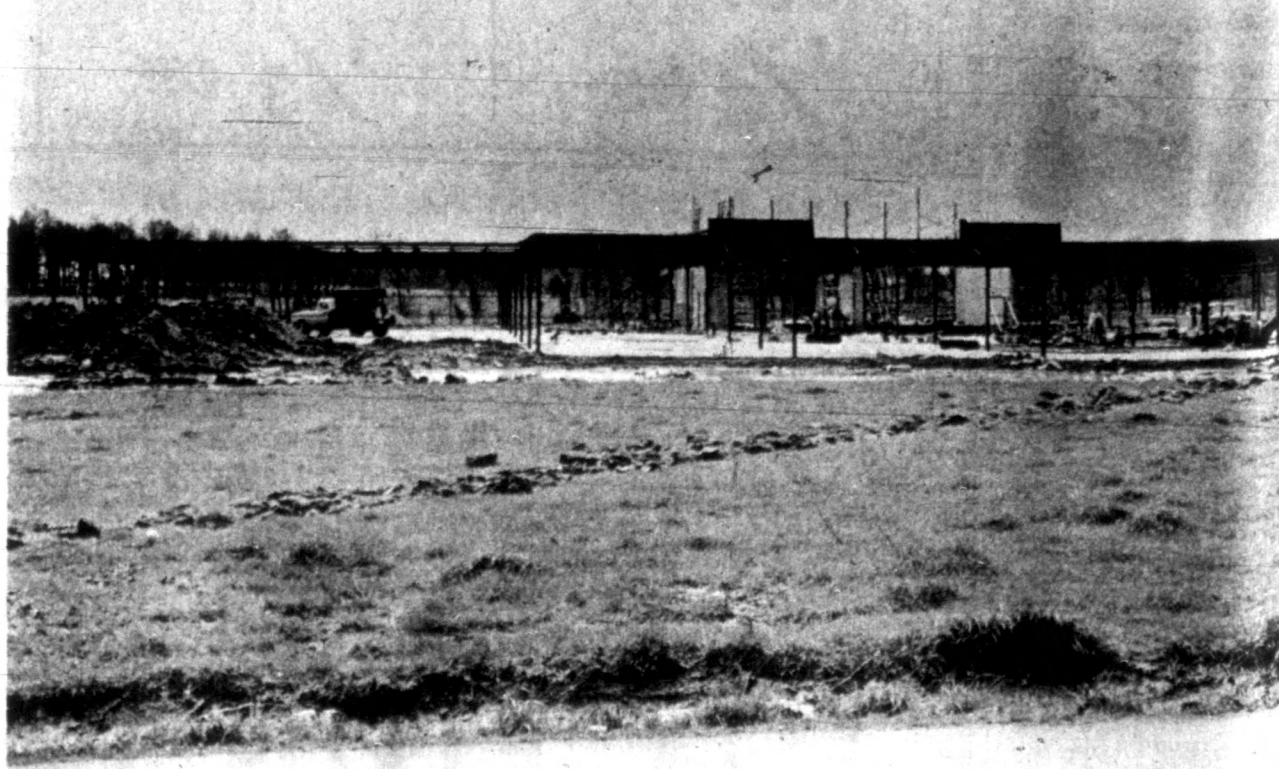

John L. Williams, Jr., of Princeton, immediate past president of the Kentucky Bankers' Association, has been appointed by Hubbard as treasurer of the campaign committee.

Barker, of Paducah, is president of the Kentucky Coroner's Association and Veatch is president of the Kentucky Magistrates' Association.

## Mother-Daughter Banquet Held By Murray High School FHA Chapter

The fifteenth annual Mother-Daughter Banquet of the Murray High School Chapter of the Future Homemakers of America was held on April 9 at the Murray State University Ballroom.

This year's theme, "LOVE IS...YOU,MOM," was carried throughout the decorating scheme. The tables were decorated with spring colored pastel flowers made of yellow blue, and pink gingham cloth flowers, and pastel candles on runners of alternating gingham pastels. The backdrop stating the theme and Love-Is characters was the focus of the decorations.

Programs and name tags

were original Mother-Daughter Love-Is characters, designed by Lynn Hewitt.

Toastmistress, Krista Kennedy, keynoted the banquet, followed by a moving tribute to Mothers, given by Martha McKinney.

Recognition of special guests, given by Nancy Garrison, included Chapter Mothers: Mrs. Bill Sams, Mrs. John McKinney, Mrs. Fred Schultz, Mrs. James Garrison, Mrs. Keith Kennedy, Mrs. R.D. Tynes, and Mrs. William Halford. Other honorary members recognized were Fred Schultz, Mrs. Eli Alexander, Mrs. Betty Scott, Mrs. Charlotte Barker, and Mrs. Clara Humphreys, and Miss Debbie Burt.

This year's Kentucky Association Parliamentarian, Selwyn Shultz, and Amanda Buice, Region No. 1 Reporter, brought greetings from their respective offices. Rhonda Garland said that FHA Care Day would be Wednesday, Thursday and Friday. All members were urged to bring personal items to send to tornado victims.

The final recognition—given to graduating senior's mothers—emphasized that...LOVE IS...YOU, MOM!

The evening was highlighted by soloist Phyllis Cottrell and accompanist Susan Hainsworth, with selections of "Time in a Bottle," and "You'll Never Walk Alone."

Those receiving Junior Degrees include: Regina Bumphis, Janice Rose, Mary Ann Jones, Jo Ann Williams, Pat Baggett, Jan Outland, Susan Rogers, Donna Keller, Jane Flora, Sharon Steele, Pam Lassiter, Leslie Homra, Teresa Cunningham, Debbie Wilson, Paula Dickens, Paula Edwards, Lucretia Crawford, Donna Miller, Robyn Parker, Beth Outland, Mary Arnold, Kelly Williams, Lagena James, Jennifer Darnell, Susan Valentine, Jane Wager, Jackie Galloway, Debbie Smith, Sheila Walker, Diana Martin, Kim Suiter, Joni Guthrie, Debbie Suiter, Gwen Purdon, Leeanna Dick, Julie Outland, and Veranda Mathis.

Chapter Degrees were awarded to: Martha McKinney, Willie Nell Reed, Sheila Foster, Glenda Scarbrough, and Becky Sams.

Miss Kathy Halford and Miss Beverly Rogers were also recognized as being nominated to receive their State Degrees.

The banquet ended with all members reciting the FHA Creed.

Sponsors of the club are Mrs. Sally Crass and Mrs. Lucy Lilly.

## Teacher lists benefits of controversial books

By Abigail Van Buren

© 1974 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: As a teacher of 11th grade English, may I respond to the irate parent who objected to the "trashy" books his child was required to read in school? That letter could have been directed at me personally because I have recommended such widely accepted literary classics as "The Grapes of Wrath," "Brave New World," and the ever-controversial "Catcher in the Rye."

First of all, I respect the wishes of any parent who does not want his child to read certain books, and if the parent has the courage to let me know directly (and not through an anonymous phone call to my principal), I will gladly suggest some alternatives.

Second, I, like you, Abby, am also "turned off" by certain vulgar four-letter words, mainly because of my own straight-laced upbringing. However, I suggest that no one can judge a book by selecting isolated passages from it. For instance, both "Grapes of Wrath" and "Catcher in the Rye" deal with the importance of feeling a sense of concern and responsibility for one's fellowman.

I realize that this letter is probably much too long for your column, but I feel so strongly about the value of presenting modern, readable and relevant books to our teenagers that I wish to air my views. As a teen-ager I never was nearly as excited about books as I am today, and I attribute my lack of enthusiasm to the dull, "safe," un-controversial books which were the typical fare for high school English classes back in the '50s.

I want more than anything else to create in my students a genuine desire to read, and that can be accomplished only by exposing them to thought-provoking books that speak directly to them in modern language which, unfortunately, often includes a few words which happen to be offensive to me.

A TEACHER [I HOPE]

DEAR TEACHER: Well put. Thanks for writing.

DEAR ABBY: What do you say to a mother-in-law who insists on naming our unborn SON? [If it's a daughter—no problem.]

Doesn't she know that the baby's name should be chosen by the baby's mother and father?

This is our first child and we are hoping for a boy, but this situation is making me secretly want a girl! Hurry your answer. I hope it gets here before the baby does.

MOM-IN-WAITING

DEAR MOM: No one can name your baby without your consent. When the baby arrives, don't "say" anything, do your own naming, and don't apologize.

DEAR ABBY: Why should the parents of the bride pay for the wedding? I know the book of etiquette says they should—but that's not a good enough reason.

My father made it clear to his daughters that he would double mortgage his home to give us all college educations, but as for weddings—he'd buy us a ladder. I didn't take the college education, and when it came time for me to marry, my fiancé and I decided to have a big wedding at our own expense.

Working together for a common goal taught us about the responsibilities we were going to have to face as husband and wife. After a year of scrimping and saving, we had a beautiful formal wedding with all the trimmings. We were so proud of ourselves!

Six years later, we are in our own home, with baby number two on the way. Everything we have we both worked for together, and we don't have to thank anyone but God for it. I want to say a big thank you to my father for making that decision and sticking to it. That was the best gift he ever gave me.

HAPPY IN N. J.

DEAR HAPPY: Three cheers for Dad. And hooray for you and your husband. Young lovers, take note!

## Palestine Women Meet At Church For Luncheon

The Palestine United Methodist Church Women met at the church for the March meeting at ten a.m. with a potluck luncheon being served at noon.

Fourteen members were present. The purpose of the program was to convey to United Methodist Women what American Indians attempt to teach their youth, a church spokesman said.

Mrs. Myrtle McDaniel read the scripture, Jeremiah 8:20-21. Mrs. Helen Brooks called the roll with a total of 169 chapters being reported read by the members. The offering was taken by Mrs. Sheila Mullinax.

The opening prayer was by Mrs. Winnie Burkeen. A reading was given by Mrs. Mae Goodwin entitled "The Love That Lives." Mrs. Clarice McDaniel gave a reading on "God Shows Your Faith." A reading on "Whose Delinquency?" was by Mrs. Ela Burkeen. Luke 21 was read and discussed.

A question was asked, "How Many Marys are in the Bible" and the members found six. For the April program the women will study the explain a verse on St. Luke 21:23.

The group was dismissed with prayer by Mrs. Mae Goodwin.

Present were Mesdames Freda Lovett, Clarice McDaniel, Avis Childress, Lorene Burkeen, Maudie Hopkins, Dean Burkeen, Sheila Mullinax, Winnie Burkeen, Reba Parrish, Eula Grace Paris Parrish, Myrtle McDaniel, Mae Goodwin, Helen Brooks, Ela Burkeen, and the little girl, Christy Mullinax.

The next meeting will be April 16 at the church.

# Work For Uncle

About the only time Americans ever get tax-conscious as they should be is at this period in April at the deadline for the filing of federal and state tax returns.

No matter how much was withheld from a worker's paycheck during 1973 an amazing number of people in this area and all over the country are discovering the withholdings were still not enough to cover what he owes the government.

Since all minds are on taxes right now, it is appropriate to point out something. The average American who puts in an eight-hour day will work for 2 hours and 38 minutes of that time just to pay his taxes for 1974!

So warns Tax Foundation Inc. in a copyrighted article. The organization labors all year in the futile effort to make people realize how much they pay for the privilege of being governed.

Wasn't it ever thus? Not by a jugful. The amount of time a worker labors for the governments, not for his employer or himself, creeps or jumps up every year. This year's tax-time will sneak up a minute over 1973, which was higher than '72.

Even though the federal income tax rate did not rise for 1974 and Kentucky's recent General Assembly didn't hike taxes in the commonwealth, Kentuckians will still feel the 1-minute-a-day rise because of the increase in Social Security withholding this year.

No wonder we hate Mondays. Put on a weekly basis, the statistics show an employee labors all day Monday and until 10 minutes after 2 on Tuesday to pay his taxes.

If one wants to put the work-for-your-taxes figures on an annual basis, the average employee will labor the entire first four months of this year to pay his taxes. The first day he will be getting any actual take-home pay will be May 1.

In light of the quoted figures, it is not surprising that it takes more money and work to pay one's taxes than it does for any other of his living expenses. It is well that this is true. If anything else required as much working time, the worker would be laboring all day for nothing.

Despite the big rise in food prices in the past year, Tax Foundation

discovered that the expensive habit of eating still doesn't take as much of the worker's dollar as taxes. For food and beverages the average employee labors just over one hour in an eight-hour day.

Surprisingly, housing and household operation expenses top food and are the closest rival for taxes. It takes an hour and 24 minutes to provide shelter for the family.

The worker allegedly labors 25 minutes of his day to buy clothing, 38 minutes for transportation, 23 minutes for medical care, 19 minutes for recreation, and an hour and 12 minutes for all other expenses. The cost of transportation and medical care must be claiming a bigger share of the worker's day, but Tax Foundation doesn't comment on this.

When Americans will do something about the fact nearly one-third of our time is spent laboring to pay taxes is anybody's guess. It won't come until a lot more citizen pressure is put on the various and sundry officials who so enjoy spending tax money.

## A New Start For France

The successor to the late Georges Pompidou as president of France will be elected next month in what is expected to be a "wide-open" election.

And whether Gaullists or the growing numbers of leftists prevail in the balloting, the designation of Pompidou as the "bridge" between the policies of grandeur espoused by his mentor, Charles de Gaulle, and the anticipated more "normal" objectives of the new leader is accurate.

Under Pompidou, France allowed Britain to enter the Com-

mon Market. And, until inactivated by his ultimately fatal illness, he acknowledged that France must cooperate with its neighbors and with the United States if his nation was to prosper.

The torturous retreat from rigidity under Pompidou is the forerunner of certain change in France. We can only hope at this time that the shift in direction is not so radical as to present the world with problems greater even than those tied to De Gaulle's proclivity to go it alone.

## Discrepancy Remedied

By passing legislation making it easier for children of middle-income families to qualify for government-guaranteed college loans, the Congress acted to remedy an obviously inequitable situation.

Inflation has raised incomes and also hiked the burden that family incomes must bear in providing education. The measure provides that no test of family resources is required when no more than \$2,000 is borrowed for college expenses and when the family income, adjusted, is no more than \$15,000. Qualifying income could

be higher in cases of families with several children.

This is a realistic approach to the loan program. A recent survey by the American Association of State Colleges and Universities found that less than half of the money available for federal education grants has been spent this year because of red tape and rules that leave only the poorest families eligible.

Lower middle income families need the assistance in sending young people to college. The students need the benefits of a good education. The President should act favorably on the bill.

**FRANKFORT**—The sounds of bulldozers, chain saws and hammers have filled the air from the Tennessee border to Cincinnati this past week as Kentuckians began the arduous task of digging out and rebuilding after devastating tornadoes, churned across the Commonwealth April 3.

The loss to Kentucky is staggering: more than 70 of her citizens dead, hundreds more injured, at least \$100 million in property damage and untold millions of dollars in economic loss because of business, industrial and agricultural disruption and unemployment.

Brandenburg in Meade County suffered hardest at the hands of Nature. Thirty-one of her people were killed, including too many young lives snuffed out by the twisting tornadoic winds.

Brandenburg's business district, schools and churches were virtually obliterated and those who did not lose homes or loved ones found themselves out of work when the town's entire industrial economy was wiped out.

Somehow, the loss of life in other parts of Kentucky was miraculously less concentrated than in Meade County.

Louisville, where an estimated 900 residences in the city's fashionable East End were destroyed, escaped with minor fatalities compared with tiny Brandenburg.

Frankfort, with 200 ruined homes and as many as 400 others substantially damaged, rode out the tornadoes with only four deaths.

The small community of Stamping Ground on the Franklin-Scott County border was 60 per cent leveled with no loss of life.

Although the dead of anyone in such a natural disaster is to be mourned, we must consider ourselves enormously fortunate to have escaped as we did.

Had the tornadoes meted out their fatalities in proportion to damage, the Kentucky death toll would have been unspeakable.

And, in these times of seemingly universal

skepticism and disillusionment, the reaction of the people of Kentucky to the plight of the friends and neighbors, however near or far, has been a lesson to all of us who sometimes wonder if the idea of the Brotherhood of Man is not an archaic concept long ago destroyed by the 20th century.

Perhaps the best example of the overwhelming generosity of the people of Kentucky is giving to those in need was a woman in Louisville who decided to prepare Easter baskets for the children of Brandenburg.

After a local radio station broadcast her project, she was literally deluged with assistance and a project that began in her kitchen became a major undertaking, with one unsolicited delivery of 1,000 Easter baskets to help bring happiness back to children forced to witness death and destruction on such a monumental scale.

As long as praise-and thanks-is being handed out, Gov. Wendell Ford and the often-maligned state government should be singled out for special commendation.

Within moments of the disaster, Ford was spearheading relief and recovery efforts from his blacked-out Capitol office.

Transportation Secretary James Gray, was on the radio calling out Highway Department crews almost before the dust had settled across ruined homes, business and farms. The Department of Agriculture went to work to help feed thousands of homeless Kentuckians and the Forestry Division of the Department of Natural Resources and Environmental Protection is still working throughout the state to clear tens of thousands of uprooted trees.

The Kentucky National Guard performed yeoman service protecting the devastated areas and directing the traffic of idiot sightseers who always come out of the walls in times of disaster to gape at their neighbors' misfortunes and hamper rescue and relief efforts.

We in Kentucky can only hope that the federal agencies in charge of long range disaster recovery will perform as well as state government in meeting the crisis here.

# May An Ideal Time To Plant Soybeans

The month of May is an ideal time to plant soybeans in Kentucky. However, soybeans can be planted as late as the middle of June without any serious yield losses, according to Morris Bitzer and James Herbeck, extension grains crop specialists with the University of Kentucky College of Agriculture.

Bitzer and Herbeck point out that for best soybean stands, soil temperatures should be above 65 degrees at planting time. Temperatures above 70 degrees are preferable when planting low quality seed with less than 80 percent germination. Soybeans planted in warm soil will grow more rapidly and provide stiffer competition to weeds.

You should plant high quality seed if you want a good stand of soybeans, the UK specialists note. They recommend Kentucky certified seed, which has

passed rigid field standards for genetic purity and has been laboratory tested for mechanical purity and germination. The use of planter box fungicides will aid in good germination and field emergence, especially with seed of less than 80 percent germination.

The ideal planting depth for soybeans is about one and one-half inches, and they should not be planted more than two inches deep. The UK specialists say many growers planted their beans too deep last year, resulting in poor stands. If you are planting in a very loose seedbed, it is easy to plant deeper than you intend to. You may want to firm up a very loose seedbed before planting.

Varieties vary in seed size, so you should base seeding rates on the number of seeds per foot of row. Bitzer and Herbeck recommend 10-12 seeds per foot

of row with 40-42 inch rows, 8-10 with 30-36 inch rows, and 7-9 with 21-28 inch rows. These seeding rates range from 40-65 pounds per acre.

Soybeans planted in low-fertility soil will usually respond to phosphorus and potassium application. Molybdenum should be mixed with the seed if the pH is less than 6.2. Inoculating your seed will insure adequate nodulation for sufficient nitrogen for soybeans plants. The inoculant should not be mixed with a fungicide or molybdenum, but

should be applied to the seed separately just before planting. The other materials may be harmful to the bacteria in the inoculant if all are mixed together and applied well before planting time.

Weed competition can lower soybeans yields considerably, so Bitzer and Herbeck recommend using the proper herbicides to help control weeds. A publication available from local county extension offices, AGR-6, "Chemical Control of Weeds in Farm Crops in Kentucky-1974," contains information and

recommendation on weed control.

Plant full-season varieties which are adapted to your area. Group III varieties, such as Wayne, Calland and Williams, are ideal for the northern part of Kentucky. Group IV varieties, such as Bonus, Cutler 71 and Kent, are adapted statewide. Group V varieties, such as Dare, York and Mack, are recommended for the southern areas of the state.

Even if you are planting soybeans late in the season, as with a double cropping system, you should still use full-season varieties, according to Bitzer and Herbeck. Also, rows not more than 20 inches wide should

be used when planting soybeans after June 15.

Race 3 of the soybean cyst nematode has been found in the Purchase Area of Kentucky and along the Ohio River in Union, Henderson and Daviess Counties. Soybean yield can be greatly reduced when fields are infested with the nematode. Consult PPA-3, "Soybean Cyst Nematode," for recommendations on controlling this tiny pest. The publication is available without charge from local county extension offices.

Of all substances, helium has the lowest boiling point, at 268.94 degrees below zero centigrade.

## Convention To Be Held At Ken-Bar Resort

The tenth annual convention of the Kentucky Federation of Chapters of the National Federation of Retired Federal Employees will be held at Ken-Bar Resort Wednesday and Thursday, June 5-6.

Eric Bengson, president of the Paducah chapter, has invited all federal retirees, whether or not they are a member of the organization, to attend the convention.

Retirees who want to stay at the resort the night of the

convention should contact Bengson for reservations blanks, which should then be sent to Ken-Bar.

Also, retirees wishing to attend the banquet at 6:30 p.m. Wednesday, should contact Bengson by sending \$5 to Eric Bengson, 139 Lakeside Drive, Paducah, no later than May 15. Room reservations must be made no later than May 1.

Registration for the convention will begin at ten a.m. June 5.

# Knicks Hoping For Repeat In History In Rematch With Boston

By DAVE O'HARA  
AP Sports Writer  
BOSTON (AP) — The New York Knicks are hoping that history repeats, but with captain John Havlicek healthy and in top form, the Boston Celtics figure to be even tougher this year in the National Basketball Association's Eastern Conference playoff final.

The Celtics got off to a quick start in the best-of-seven series, whipping the Knicks 113-88 Sunday with a tough defense and hot shooting. The teams will play Game 2 in New York Tuesday night.

The series opener was virtually a replay of the first game between the same clubs last year, the Celtics drubbing the Knicks 134-108. However, the Knicks rebounded in New York 129-96 in the second game and went on to win the series and the NBA championship.

Havlicek, a superstar, suffered a shoulder injury in the third game last year and the Celtics were unable to compensate. The shoulder mended during the off-season and the 12-year pro from Ohio State is flying.

Dividing his time between a forward position and the backcourt, Havlicek scored 25 points, collected 12 assists and grabbed four rebounds before being removed with 9:15 left and the Celtics in command with a 93-64 lead.

"Havlicek did it all," said New York star Walt Frazier. "He's always moving, and can make shots on the run. You can get the best position on him and he still gets the ball off. You can't relax on him. We're going to have to stop the Celtics from running. We didn't today."

The winner of the Boston-New York series will face the winner of the Milwaukee-Chicago Western Conference series for the NBA title. The Bucks and Bulls play the first game of their best-of-seven set Tuesday

night at Milwaukee. The American Basketball Association also is into its league semifinals. In the East Division, the New York Nets, leading Kentucky 1-0, meet the Colonels tonight in Game 2 at Uniondale, N.Y., and in the West, the Utah Stars, with a 1-0 advantage over Indiana, face the Pacers again tonight at Salt Lake City.

The Celtics hit 44 of 85 shots for a lopsided victory before a crowd of 14,101 and a national television audience. New York hit on only 34 of 103 field goal attempts, a poor 33 per cent.

Havlicek broke a 23-23 tie early in the second period and the Celtics went on to continually break through New York's defense, outscoring the Knicks 18-4 in a six-minute stretch to pull away for good.

In the NBA West, Chicago, which never had advanced past the opening round of the playoffs in six previous attempts, barely made it this time, holding off the Detroit Pistons 96-94 Saturday in the final game of their best-of-seven series. The Bulls built an early 19-point lead, then withstood a furious Detroit rally.

Chet Walker paced the Bulls with 26 points. Meanwhile, Milwaukee has been resting since eliminating Los Angeles in five games on April 7.

In the ABA, the Nets opened the East Division final Saturday night with a 119-106 thrashing of Kentucky. Julius Erving paced the Nets with 35 points

## Laker Girls Do Well In Track Meet

Two members of the Calloway County High School Girl's Track team earned third-place finishes in the Murray State Invitational held Saturday in Stewart Stadium.

No team scores were kept as only six events were held for high school girls.

Diane Olive took third in the 440-yard dash with a fine effort of 67.0 while in the long jump, Phyllis Adams was third with 15-10.

Also in the long jump, Sarah Von Schoech was fourth with 15-5 1/2.

There was a tie for third place in the high jump as Janet Usrey and Tina Todd both cleared 4-4 for the Lakers.

Another third place finish was recorded by the 440 relay team which turned in a 55.5. Vicky Butterworth, Kathy Johnson, Olive and Adams all ran legs in the event.

In the 100, Adams finished sixth with a clocking of 12.6.

Track will resume for the Calloway County girls next Tuesday, when they will host Lone Oak and Mayfield in a home triangular meet.

and rookie Larry Kenon added 20 points and a game-high 15 rebounds, but it was the strong defensive job by New York's Billy Paulitz on the Colonels' Foot-2 Artis Gilmore that proved vital. Paulitz held Gilmore to 13 points and 10 rebounds.

Utah began the ABA West final with a 105-96 victory over tired Indiana Saturday night. Willie Wise led the Stars with 34 points, including 17 in the crucial fourth period when Utah overcame a slight deficit. George McGinnis topped the Pacers with 39 points.

## Horton Kills Pigeon But Yaz Kills Tigers With His Hitting

By BRUCE LOWITT  
AP Sports Writer

Major league baseball found out about the birds and the bees Sunday.

The American League got the bird while the National League got the bees.

A swarm of bees in San Diego took over the home plate area in San Diego, briefly delaying the Padres' game against San Francisco—but that's another story.

The bird was a victim of a "fowl" ball hit by Detroit's Willie Horton. And the Tigers were the victims of a couple of balls hit very fair...and very far...by Boston's Carl Yastrzemski, carrying the Red Sox to a 7-5 triumph.

Red Sox 7, Tigers 5  
The ball, hit by Horton struck and killed a pigeon passing over old Fenway Park, landed only a few feet in front of home plate.

The popup by Horton in the ninth inning hit the pigeon, which fell dead immediately in front of home plate.

"It scared the hell out me," said Boston catcher Bob Montgomery. "I jumped a foot in the air—and Willie jumped

## Racer Golf Team Takes Third In Tourney Play

Murray State's golf team finished a strong four in a field of 13 over the weekend at the Illinois Intercollegiate Golf Tournament held in Champaign.

Illinois State claimed the team honors with a 746 while Northern Illinois was second with 755.

Western Michigan was third with 764 and Murray fourth with 767 and the University of Illinois "A" team fifth with 770.

Other scores were Western Illinois 774, Purdue 781, Iowa 786, Southern Illinois 787, Bradley 793, University of Illinois "B" team 797, Wisconsin 809 and Eastern Illinois 811.

Brad Barker of Illinois State fired rounds of 71 and 72 for a

one-under par 143 to take honors as the individual medalist.

Bruce Douglas led Murray with rounds of 75-74 for a 149 while Kevin Klier was second with 76-75 for 151.

Kevin Arnold fired rounds of 77-78 for 155 while Mike Hoyle had 77-80 for 157.

Mike Perich also carded a 157 with rounds of 76-81. John Storms was the sixth man with rounds of 83-79 for a 162.

Paul Celano, one of the Racers' top golfers, was not able to make the trip because of a dislocated vertebrae in his neck.

He will return to the links this weekend when Murray plays in the prestigious Kepler Invitational at Ohio State.

# Padres Have Problems With Bees While Cardinals Split Twinbill

By FRANK BROWN  
AP Sports Writer

The San Diego Padres can wait until the National League approves the designated hitter rule, but they'll keep a designated exterminator on hand — just in case bees decide they like the surroundings in San Diego Stadium.

The bees put up a tenacious struggle to keep baseball from being played Sunday.

They swarmed around the home plate area before the game started, preventing the Padres and San Francisco Giants from taking batting practice and delaying the start of the game for 25 minutes until the exterminator made his appearance.

Some of the buzzing bees just wouldn't leave and the spray can made an appearance after nearly every half-inning.

The Padres won the game, by the way. Bobby Tolan's double scored Clarence Gaston to cap a five-run San Diego eighth inning and bring about a 6-5 victory.

Gary Matthews had put San Francisco in front 5-1 with a three-run homer in the seventh inning. But San Diego, with its new mascots, rallied to win.

Pirates 8-5, Cards 4-6

Rennie Stennett doubled for two runs in a five-run fourth inning which carried the Pirates to victory in the first game, but made a throwing error that resulted in two third-inning runs and a loss in the nightcap.

It was the first victory after six losses for the Pirates.

Willie Stargell hit a two-run homer for Pittsburgh in the first game and Stennett homered in the second. Bake McBride hit a home run for the Cardinals in the nightcap.

Phillies 2-5, Mets 1-3

The Phillies wrapped up both games in the late innings, taking the opener on a successful suicide squeeze bunt by Bill Robinson in the 11th and win-

ning the second on a two-run double by Mike Anderson in the ninth.

The Mets managed only one run—Rusty Staub's first homer of the season—in the first game, despite 15 hits. Larry Bowa opened the Philadelphia 11th with a double off New York reliever Tug McGraw.

Tug McGraw, Bowa moved to third on Mike Anderson's infield hit, then charged the plate with Robinson at bat.

The Phils were checked on two hits through seven innings of the second game, but broke through for two in the eighth and three in the ninth.

Dodgers 7, Astros 2

Ron Cey collected three singles and Jimmy Wynn added two—including his fourth home run of the season and a triple—to spark a 15-hit Los Angeles attack and swamp the Astros.

Tommy John gave up seven hits in winning his third game. Steve Garvey also homered for the Dodgers.

Paducah Tilghman scored three runs in the third inning and then held off Calloway County Friday on the Laker diamond for a 4-3 win.

Mark Miller went the distance on the mound for the Lakers and fanned four men while giving up only one walk.

Calloway County took a 1-0 lead in the home half of the second when Randy Shelton walked, Joe Futrell singled and then David Thorn smacked a run-scoring single.

But in the top of the third, Tilghman had two singles, a two-run double and a sacrifice fly and scored three times to grab a 3-1 lead.

Tilghman added another run in the fifth to lead 4-1 as a single and a double accounted for the lone tally.

Randy Conner, Miller, Greg Howard, Futrell and Thorn all hit safely for the Lakers.

Calloway County is now 1-2 for the season and will be idle until next Tuesday when they play at Ballard Memorial.

That one dramatic shot broke the logjam among four leaders Sunday and decided the 38th Masters Tournament. Player winning it at 10 under par—two strokes ahead of Dave Stockton and Tom Weiskopf.

Player, 37, from far off Johannesburg, repeated a victory he first scored in 1961—a record 13-year gap—and fixed his sights on new horizons.

At one stage in the exciting Easter Sunday showdown, Big Jack, Player and Weiskopf were tied for the lead with Stockton only a stroke behind and pressure building from such sources as Bobby Nichols, Frank Beard, Jim Colbert, Phil Rodgers and Dave Hill.

## Racer Girls Finish Third In Track Meet

Murray State claimed only one first-place Saturday in the MSU Women's Invitational Track Meet held at Stewart Stadium but still managed to finish a strong third in an outstanding field which featured nine college teams.

Illinois State won the team title with 108½ points while the University of Florida was second with 107. Murray was third with 83½ while Southwest Missouri was fourth with 55 points.

Purdue took fifth with 38, Western Illinois sixth with 24, School of Ozarks seventh with 19, Memphis State eighth with 16 and Eastern Kentucky trailed the field with 4.

Scoring in the meet was awarded on a 10-8-6-4-2 basis.

Debbie Hafer, who is also a member of the women's basketball team, clipped .5 second off the meet record in winning the 400 meter hurdles in 1:08.3.

Three members of Murray State's team took second-place finishes.

Pam Irvin turned in an 11.9 to place second in the 100 while Linda Rudolph had a 12.1 for fourth place.

In the 100-meter hurdles, Hafer was second in 16.6 and Glenda Rudolph third in 18.2. Babs Laha took second in the

discus with an effort of 122-3 while Sue Sewing was fifth with 101-1.

In the log jump, Glenda Rudolph took third in 16-7 while Hafer was fourth with 16-3½ and Pattie Fitzhugh fifth with 15-9.

Another third was recorded by Sue Sewing in the javelin with a 120-2 while Miss Laha was fifth with 116-0.

Miss Laha was fourth in the shot with 33-5½ while Miss Sewing was fifth with 31-11.

A fifth place was taken by Pattie Fitzhugh in the high jump with 4-7 while Glenda Rudolph took sixth by clearing the same height.

Miss Fitzhugh was fifth in the 220 with a 28.4.

Nan Grant knocked 16 seconds off her previous best time in the mile run and placed sixth with a 6:00.6.

The mile relay team composed of Brenda Bennett, Patty Earner, Grant and Hafer trimmed seven seconds off its previous season best and placed second with 4:24.6.

The 880 medley relay team composed of Fitzhugh, Nancy Lemaster, Linda Rudolph and Bennett was third in 2:00.5.

The 440 relay team took fourth in 53.9. Lemaster, Rudolph, Rudolph and Bennett all ran legs.

Murray will host the State Tournament Saturday at Stewart Stadium.

Teams entered include Western Kentucky, Kentucky, Eastern Kentucky, Centre and Murray.

## Racer Baseball Team Splits Two At Middle

Murray State University closed its spring play in the Ohio Valley Conference Saturday by splitting a pair of baseball games at Middle Tennessee.

In the opening game, Greg Englar scattered six hits in pitching Murray to a 4-3 win while in the nightcap, Middle Tennessee scored a run in the bottom of the eighth inning and gained the split by edging the 'Breds 3-2.

Murray, who won the fall title in the western division of the conference, closes with a 4-2 slate while Middle is 3-1 and must face 2-2 Western Kentucky Saturday at Bowling Green.

A sweep by Middle would leave the Raiders as the spring champions and they would then

play Murray a single game to determine the western division champion in the conference.

If Western wins two, Murray and the 'Toppers would be tied for the title in the spring race and if the teams split, Murray and Middle would be tied for the title.

Englar went the distance on the hill in the opener and fanned seven batters while walking only two.

Murray trailed 3-2 entering the top of the seventh but the 'Breds put a pair of runs on the board and retired Middle in the home half of the frame to win the contest.

Terry Brown and Don Derrington walked to open the seventh and David Hughes followed with a single which loaded the bases.

Jack Perconte then smacked a RBI single to tie the game and Barrett reached on a fielder's choice and a run crossed the plate to give the 'Breds the 4-3 lead.

Murray scored single runs in the first and second innings.

In the first, a run-scoring double by Leon Wurth sent in Perconte who had walked.

In the second, Bob Mantooth doubled and scored on a single by Don Derrington.

Middle scored all of its runs in the fourth on a walk, an error and four hits.

Perconte had two hits in the contest while Hughes, Wurth, Mantooth and Derrington, all had a hit apiece.

In the second game, Middle loaded the bases with one man out in the eighth inning and ended the game on a single which gave the Raiders a 3-2 win.

Each team scored a pair of runs in the fourth for the only other scoring in the game.

A two-run single by Mantooth accounted for the Murray run production.

A walk and an error followed by a double produced both of Middle's runs.

Mike Sims went the distance on the mound and gave up six hits and took the loss for Murray. He walked five men and struckout five.

Steve Barrett had a pair of hits while Hughes, Perconte, Wurth, Rick Weisman, Gene Steuber and Mantooth all hit safely.

Murray, now 27-10 for the season, plays at Vanderbilt Wednesday before hosting Louisville Sunday in a 3 p.m. single game at Reagan Field.

## Racer Net Team Wins Two Weekend Matches

Murray State's tennis team had a successful weekend by picking up a pair of wins and moving into fourth place in the Ohio Valley Conference standings.

The Racers of Coach Bennie Purcell, who now have 17 points in the conference, defeated Morehead 9-0 and Eastern Kentucky 7-2 in a quadrangular match held at Western Kentucky.

The weekend's action leaves Austin Peay and Middle Tennessee tied for first with 29 points apiece while Western is in third with 28.

Murray has 17, Tennessee Tech 15, East Tennessee 13, Eastern Kentucky 11 and Morehead 2.

Against Morehead Friday, the Racers did not lose a single set in the singles as the team took its fourth shutout win of the season.

In the number one singles, Mikko Horsma defeated Anthony Morean 6-1 and 6-2 while

Charles Wadlington won in the second position 6-2 and 6-3 over Jeff Williams.

Arnie Knudsen took the number three singles by winning 6-1 and 6-2 over Bill Spell while Mike Owen won 6-0 and 6-2 in the fourth spot over Steve Erickson.

The number five singles found Ross Boling winning 6-1 and 6-2 over John Dickinson while Del Purcell in the sixth spot shutout Dave Emery 6-0 and 6-0.

Morehead did manage to claim a set in the doubles where in the third position, Owen-Boling defeated Spell-Erickson 4-6, 6-4 and 6-2.

Horsma-Knudsen won 6-1 and 6-3 in the number one doubles over Morean-Williams while Wadlington-Purcell won 6-2 and 6-1 in the second position over Hendrickson-Emery.

Saturday's match with Eastern proved to be a bit of a surprise as Murray won the match rather handily.

The Racers swept all three doubles matches and took four of six matches in route to the win.

The only losers were in the number five and six singles where Ross Boling and Del Purcell lost.

Boling lost at the number five spot 4-6 and 5-7 to Jim Greenup while Purcell fell 1-6 and 6-7 at number six to Rick Heichemer.

Horsma picked up a shutout in the number one singles as he won 6-0 and 6-0 over Scott Barr while Wadlington won in the second spot 6-1 and 6-0 over Joe Schaheen.

In the number three singles, Knudsen won 6-3 and 6-0 over Gunter Bergman while in the fourth position Owen defeated P.D. Ballard in split sets, 6-7, 6-3 and 6-3.

The win leaves Murray with an 8-4 mark for the season.

Prior to the quadrangular at Western, the Racers lost 9-0 Thursday in Lexington to the University of Kentucky.

Murray will host Henry Ford College of Michigan at 3 p.m. Thursday before playing in a quadrangular over the weekend at Tennessee Tech.

The Racers meet Tech on Friday and then face East Tennessee Saturday in a pair of crucial conference matches.

## Mel Purcell Wins Crown In Little Rock Tourney

Mel Purcell, a freshman at Murray High, won the championship in the 16-year-old singles Sunday at the Southwestern Invitational Tennis Tournament held in Little Rock, Ark.

Purcell teamed with Chad Foster to claim the runnerup spot in the doubles.

In first round play, Purcell won 6-0 and 6-0 over Chris Wilborn of Little Rock.

In his second round match, Purcell won 6-0 and 6-4 over Robbie Fikes, also of Little Rock.

Purcell advanced to the semifinal round by winning his quarterfinal match over a fellow Kentuckian, Paul Lang of Louisville.

Purcell defeated Lang 6-2 and 6-1.

Purcell, who was seeded fourth in the tournament, knocked off second-seeded Bruce Billman in the semifinals.

Bollman, from Jackson, Miss., had lost earlier to Purcell at the Birmingham Invitational.

And in the semifinals, it happened again as Purcell won in straight sets 6-3 and 6-4.

Then in the finals, Purcell collided with top-seeded Johnny Bailey of Little Rock.

The first set was close, with Purcell winning 6-4. And in the final set, Purcell crushed Bailey 6-2 and claimed the title in the

prestigious tournament.

Ironically, Purcell's loss in the doubles came because of the outstanding play of a man he had earlier defeated in the singles, Paul Lang.

Lang and his partner, Danny Gunter, also of Louisville, ripped Purcell and Foster in straight sets 6-3 and 6-4.

Several other Murray players participated in the tournament but none advanced past the first round.

## Decay Of Cover Crop Important

Tobacco growers should get the cover crops on their tobacco fields plowed under before too much growth accumulates. That recommendation comes from J. H. Smiley, extension tobacco specialist with the University of Kentucky College of Agriculture.

Smiley notes that spring rains sometimes make the soil too wet for plowing when farmers are ready to plow. Rainfall also causes a cover crop to grow more rapidly. Thus, there is a much larger cover crop to plow under when the soil does dry out.

When a large cover crop is plowed under, it may not decay adequately before setting time. If the cover crop has not decomposed adequately, it sometimes causes root injury to

the tobacco plants by producing temporary toxins, or poisonous materials. This condition is often called organic matter toxicity.

Smiley recommends cutting the cover crop before plowing if a large amount of growth has accumulated. A rotary-type mower is best for this job.

Decomposition can be speeded up by plowing under some nitrogen with the cover crop. In fact, just before plowing is a good time to apply all the complete mixed fertilizer for the tobacco crop. The mixed fertilizer should supply enough nitrogen to aid decomposition, and the rest of the nitrogen can be worked into the soil near transplanting time.

Smiley points out that good

aeration also hastens decay of the cover crop. He recommends working down the field in a way which will allow maximum aeration of the soil. This means not working down or dragging the field immediately after plowing, since such activity tends to seal up the soil and slow air movement. Smiley says a disking or two as the sod settles will help work more air into the soil.

## Watering Tobacco Beds Helps Prevent Injury From Fertilizer

Keep your tobacco bed watered during dry weather to protect the plants from fertilizer injury. That is the advice of J.H. Smiley, extension tobacco specialist at the University of Kentucky College of Agriculture.

Smiley says fertilizer injury is one of the main causes of tobacco plant bed failures. During dry weather in April and May, small tobacco plants may turn yellow and die, or break off at the surface of the ground when touched. Usually the area in the bed where this occurs has a grayish white substance, make up of salts carried to the surface by evaporating water, covering the soil particles. These salts test very high in nitrate nitrogen.

Fertilizer injury is caused by applying too much fertilizer to the bed. The situation is complicated by the fact that the symptoms of fertilizer injury (slow growth and yellowing) are often confused with nitrogen starvation symptoms, and may cause the grower to add nitrogen fertilizer to the bed to speed up growth. This, of course, makes the situation worse. Be sure your beds need to be fertilized before you add additional fertilizers, Smiley emphasizes.

### Who owns the nation's forests?

Fully 59 per cent of the nation's 500 million acres of commercial forest land belongs to 4.5 million small, non-industrial private owners — most in woodlots of less than 100 acres.

Federal and state governments are the next largest ownership category with 28 per cent. The remaining 13 per cent is owned and managed by the forest products industry.

The UK specialist recommends watering the bed if the soil becomes dry following fertilizer application and seeding. Keep the plant bed soil moist until the tobacco seedlings become established. If the soil surface of the plant bed is dry, 150 gallons of water per 100 square yards of bed will moisten the surface adequately. After the plants are established, 300-500 gallons per 100 square yards may be needed each week during dry weather. If over fertilization of the bed has occurred, heavy watering is the only treatment which will take care of the problem.

### Conservation Efforts Pay Off; Savings

FRANKFORT, Ky.—Fuel consumption by the state Bureau of Highways' vehicles and equipment during January and February of 1974 showed a marked decrease from the amount used during the same period last year.

Attributing this decrease directly to the bureau's fuel conservation efforts, James E. Gray, commissioner, explained that reduced speed limits and closely coordinated vehicle use within highway districts led to a substantial fuel savings.

"The Bureau's conservation practices resulted in saving 103,500 gallons of gasoline as opposed to the amount of gasoline used in the first two months of 1973. This represents a decrease of seven per cent from last January's total and 16 per cent from last February's total," Gray said.

"However, because of the acute shortage of diesel fuel, I am especially proud of the amount that the bureau saved. January's consumption of diesel fuel was down 25 per cent from a year ago, while February's use was 22 per cent less.

"Hopefully this drop in fuel consumption is a trend that will continue to grow within the bureau as conservation efforts become more coordinated," he continued. "We intend to increase our efforts even more during the construction months of the summer."

### Book Review

PAPILLON by Henri Charriere N.Y., William Morrow Company, c1970. Reviewed by Kim Trevathan.

Henri Charriere (Papillon) tells of his illustrious life as a convict on Devil's Island. He was given a life sentence in this notorious prison for a murder he said he was innocent of. This created a hostility within him that gave him a burning desire to escape from prison and avenge the bigoted jury that convicted him.

His account of his several attempted escapes from this supposedly escape-proof prison is amazing because of their complexity. He writes in great detail of his successful escape and how he used his resourcefulness and ingenuity to flee from Devil's Island. During this escape he tells how he was aided by various types of people, among these being a colony of condemned lepers. He tells of the lasting friendships he obtained with his fellow prisoners while he also made some life-long enemies.

Papillon describes vividly the decayed conditions of the prison and the inhuman way the inmates were treated.

This is an immensely adventurous book that exhibits both the cruelty and warmheartedness of the human race.

## Learning To Knit . . .

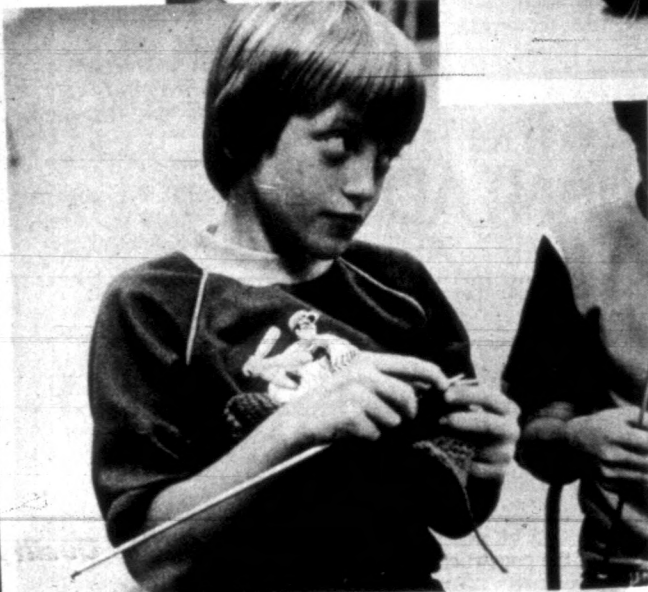

Scarlet Tripp, Gena Rogers, Lisa Blackfort, and Laura Sears team up during the half-hour session of knitting at Robertson.

The three fourth grade classes at Robertson Elementary School have found a new pastime for a half-hour each day. The students, both boys and girls, are enjoying knitting, and may choose the class on a voluntary basis. Some of the mothers of children in the classes have volunteered their services to teach the class, and several of the students have already completed some articles are starting on others. Teachers call the program "a big success" with the students.

## Third Annual Bike Races Scheduled

Blossoming dogwoods heralding the approaching spring will line the course of the third annual bicycle races and tour sponsored by Kentucky's Western Waterland, Jackson Purchase Wheelmen, and TVA. April 20-21 at Land Between The Lakes, TVA's big outdoor recreation and environmental education center between Kentucky Lake and Lake Barkley.

Participants can choose from 12, 25, or 50 mile Amateur Bicycle League of America sanctioned races or six non-sanctioned races for age classes: Midgets through Veterans. The non-sanctioned races will begin at 8:45 a.m. with ABLA races starting at 1 p.m.

A 12-mile paved loop with flat to gently rolling terrain around the Environmental Education Center will serve as the official course. The races will begin at Center Station which is located east of The Trace on Silver Trail, about nine miles north of the TVA headquarters on U.S. Highway 68. Although designed primarily for 10-speed bicycles, other bikes are welcomed in the non-sanctioned events.

Tours over gently rolling knolls and along spring accented highways will begin Sunday at 1 p.m. All those participating in the tours will receive a jacket patch, T-shirt, and services from the Sag Wagon. Medals and trophies will be presented in all the racing events. Registration fee for the races is \$2.50 for sanctioned and \$1.50 for non-sanctioned events. Services will be available for bike repair and health aid.

For further information write or call Land Between The Lakes, TVA, Golden Ppdd, Kentucky 42231, telephone 502-924-5602.

Osmium, the densest of all metals, is frequently used for paperweights.

# National Health Insurance At Top Of Congressional List

WASHINGTON (AP) — House Speaker Carl Albert observed the start of Congress' Easter break by issuing a statement of accomplishments and plans with national health insurance placed first on the list.

The statement was compiled after a joint meeting of the House and Senate Democratic leadership. It added to other in-

dications that the congressional chiefs are trimming their overgrown agenda and aiming at enactment of a choice package of voter-appealing measures.

With impeachment matters likely to pre-empt much of its time between now and the November election, Congress is beginning to feel squeezed.

One of the items that could fall to the cutting-room floor is

across-the-board tax reform. Only last year a concerted drive to close loopholes was being trumpeted by many as Congress' prime concern and assurances were given that the House Ways and Means Committee, which made a start early in 1973, would turn to it again early this year.

General tax reform does not even appear on Albert's list.

The Ways and Means Committee set tax reform aside last year at President Nixon's request to take up his foreign trade bill.

Ways and Means — the tax, trade and Social Security committee — did not go back promptly to the loophole-closing job. It sent a Social Security benefit increase on to enactment and then worked out a massive pension reform bill, which is now in conference for reconciliation with a Senate-passed measure.

Next the tax writers took up a limited tax bill with high topical appeal — a levy on crisis-swollen windfall profits of oil companies.

Ready to be sent to the House when Congress returns, the bill sets stiff taxes on windfall profits, but allows oil companies to avoid payment of much of these by plowing the funds back into exploration and development of additional energy supplies. It also provides for a gradual phaseout of the controversial oil depletion allowance.

Meanwhile, there was a breakthrough in the years-long effort to form a winning coalition behind a plan for national health insurance at a price U.S. families could afford.

Sen. Edward M. Kennedy, D-Mass., and Ways and Means Chairman Wilbur D. Mills, D-Ark., proponents of opposing views, agreed on and introduced a compromise bill with less government participation than Kennedy previously had insisted on and more than Mills had favored.

Mills has announced plans for consideration of this legislation one day a week, with the rest of the time going to tax reform.

Albert, acknowledging that the timing is tight, has said "we want a health insurance bill this year."

A member of Mills' committee predicted privately that as time goes on the immensely controversial provisions of a general tax reform bill will remain unresolved and the emphasis will swing to getting out the health measure.

Mills himself has hinted that the outcome may be a sharply limited tax bill trimming some obvious preferences — and a promise that, without fail, the general revision will be tackled in the next congress.

Albert listed campaign financing reform as a priority measure.

Just before the recess, the Senate passed a tough bill emphasizing public financing of campaigns.

There is strong opposition on the House to public financing, especially of congressional campaigns, a feeling shared by Chairman Wayne L. Hays, D-Ohio, of the Administration Committee that is in charge of the legislation. Up to now, the House bill has not progressed far but hearings are under way. Albert reportedly has done some discreet prodding.

"The nation's first priority should be to combat unemployment and to perk up productivity by creating jobs," the Speaker said in his recess statement. "We should seek to increase small business loans and to loosen the shackles on credit that now hogle the housing industry...We need public service employment programs..."

A supplemental appropriation bill exceeding Nixon's recommendations for funding public service jobs cleared the House just before the recess.

A major housing measure that would cover some of the other areas Albert cited is taking shape in the House Banking Committee.

### Rising Prices May Allow More Persons To Obtain Food Stamps

WASHINGTON (AP) — A congressional staff study says rising food prices over the next two years may result in making one out of every four Americans eligible for government food stamps.

This would push program costs from the current \$3 billion annually to a possible \$10 billion, according to a staff study prepared for the Senate-House Economic Committee.

### 'Youngsters' To Speak At FAS Barbecue

Two of the youngest of the First Congressional District's mayors and county judges will head the list of speakers at the barbecue honoring U. S. Rep. Frank A. Stubblefield Saturday, April 20.

Hopkinsville Mayor George Adkins, who is 32, and Marshall County Judge Mike Miller, who is 29, will be introduced by Smith Broadbent of Cadiz, chairman of the Trigg County Democratic Committee.

The barbecue will be at 6 p.m. at the Murray State University Field House following a parade by the school bands of Calloway County. Saturday has been designated as "Frank Stubblefield Appreciation Day."

Jack Johnson of the Murray State University social studies department is chairman for the program sponsored by Calloway County friends of Stubblefield.

Stubblefield, who is completing his 8th term in the Congress, is a candidate for reelection in the May 28 Democratic primary.

**Social Concerns Group To Meet On Tuesday**

The Social Concerns Committee will meet Tuesday, April 16, at 7:30 p.m. at the Douglas Community Center.

Beth Broach, chairman, urges all interested persons to attend.

Why do many Westerners find the Taoist belief in yang and yin attractive? Why is Islam perhaps the most "historical" of the major religions? Was Karl Marx really a religious leader?

These are some of the questions that will be studied in a new course in comparative religions to be offered by the history department at Murray State University next fall as a complement to a course being taught this spring.

Entitled History 309, Survey of World Religions, the fall course will include a study of the five major world religions—Judaism, Islam, Christianity, Hinduism and Buddhism, according to Dr. Ken Wolf, assistant professor of history.

Wolf, who will teach the course during the fall semester at 1:30 p.m. on Tuesdays and Thursdays for three semester hours of credit, said special emphasis will be on the historical development of Christianity and on the major secular challenges to Christianity during the past century.

"This course will study similarities and differences among the major living religions," Wolf added. "By looking at how each religion developed historically, we not only become more open to other culture but we can also appreciate the historical development of our own value systems."

Course credit may be used to meet basic general education requirements in humanities. Wolf said the course is open to all students and will follow a lecture-discussion format.

Dr. Riley Venza, chairman of the history department, said the new course complements a course being taught this spring that is focused on the history of religion in the United States. He said that course will be in the schedule again in the spring semester of 1975.

"By adding these two courses, we hope to help meet student requests for humanities courses that explicitly discuss values in a respectable academic environment," Venza added.

The study was released Sunday by Rep. Martha W. Griffiths, D-Mich., chairman of the joint committee's fiscal policy subcommittee.

"Unless food prices stabilize before July 4, 1976, an estimated 60 million Americans—more than one in four—might be eligible for food stamps at some time during the nation's bicentennial year," Mrs. Griffiths said in a statement.

The food stamp program, which in recent years has been transformed into the country's only universal income supplement, in January 1974 served 13 million persons, one in every 16 million Americans.

# 35 MPG.

## Datsun B-210, best mileage of 50 cars tested by Motor Trend Magazine.

For its March issue, Motor Trend tested "50 cars to own in a gas crisis." Each car was driven over a 73 mile route of congested city streets and freeways. The mileage on the 50 cars ranged all the way from a not-so-economical 14.6 to a phenomenal 35 miles per gallon. Motor Trend's economy champion at 35 MPG was Datsun's lowest priced model, the B-210. If you're looking for a combination of great value and great gas mileage, look over a Datsun B-210 2-Door, 4-Door or Hatchback. Beautiful ways to save.
