**ONE INJURED IN ACCIDENT**—Eddy McPherson, of Murray, was reported injured in this one car accident near Alto Heights early today. Kentucky State Trooper, Guy Turner, said the accident, which occurred about 1 a.m., apparently happened when McPherson lost control of the vehicle, ran into the mail box and fence on the west side of the road, and then crossed over the road and hit a tree on the east side of the road. The accident was discovered by a passing motorist around 5 a.m. this morning and McPherson was taken to the Murray—Calloway County Hospital, where he is listed in satisfactory condition in the intensive care unit.

## Hubbard Cites Economic Crisis As Major Issue For Candidates

State Senator Carroll Hubbard, who is opposing incumbent Frank A. Stubblefield for the Democratic nomination for U. S. Representative from the First District, said this morning that he feels the major issue in the current campaign is the economic crisis that is gripping the country.

Hubbard's comments came during an interview with Murray Ledger & Times editor, Gene McCutcheon, and WNSB news director, John Atkins. The interview is the second in a two part series (the first was with Rep. Stubblefield last week) and will be aired over WNSB at 6:30 p.m. tonight.

Hubbard said that he felt Congress should take steps to ease the burden on the fixed income and low income people and that steps should be taken toward tax reform.

"It's high time these wealthy American who make over

\$100,000 a year start paying their fair share of the tax load," the senator said. "The time has come for Congress to bring about tax reform, yes," Hubbard said, "but tax reductions for sure for middle and lower income Americans. I think that would be the first step toward solving the economic crisis which grips us."

Hubbard said that he felt an immediate solution to the energy crisis would be for Congress to give the go ahead to coal gasification and coal liquefaction projects and added that he feels Gov. Wendell Ford will announce the site and construction beginning date for such a plant for Kentucky later this year.

The senator said that government spending has been another factor in the economic crisis and said that he feels government spending should be cut.

"I've been in the Air Force and the Army and I saw a lot of waste when I was in the Air Force and Army," Hubbard said. "I realize we're sending money overseas for various projects to different countries and the wisdom of this could be looked at," he added.

"We need to take a new look at the welfare situation in America," Hubbard continued. "There's too much waste in welfare." "I'd love to go to Congress and try to straighten out this welfare mess which has encouraged people not to work and just sit at home and draw welfare."

Referring to Watergate, Hubbard said "It's a sad situation that our country is going through right now and faith in our President, faith in our Supreme Court and trust in our Congress is at an all time low and this is unfortunate."

(See Hubbard, Page 16)

## Mrs. Stovall Goes To Court To Have Cook's Name Removed

FRANKFORT, Ky. (AP)—Secretary of State Thelma Stovall has gone to the court of appeals to seek to have the names of U.S. Sen. Marlow Cook and Lyle Willis taken off the ballot for the May 28 primary.

Mrs. Stovall's Frankfort attorney, Joe Leary, filed a notice of appeal Monday of two

decisions by Franklin Circuit Judge Henry Meigs, one of which had been issued earlier in the day.

Monday's rulings by Meigs served to put Willis' name on the ballot as a Democratic candidate for Congress from the 5th District. He is from Corbin.

Previously, Meigs ordered Cook's name on the Republican ballot as a candidate for reelection. If he stays on, he will undoubtedly face Gov. Wendell Ford, the major Democratic candidate, in November.

Mrs. Stovall had refused to certify either Cook or Willis, upon the advice of Atty. Gen.

Ed Hancock, because their filing papers were incomplete.

Since the election will be in three weeks, everyone will have to act with unusual haste to settle the cases before voting time. That could be done, however, especially since both sides agree on the facts involved and the court will only have to settle a point of law.

(See Cook, Page 16)

## Williams Elected President Of Group

Wayne Williams, associate professor of educational services at Murray State University, has been elected president of the campus organization of the Kentucky Education Association.

Other officers for the 1974-75 year include: Dr. Yancey Watkins, associate professor of special education, vice-president; Miss Venona Rogers, assistant professor at the University School, secretary; and Mrs. Doris K. Mouser, assistant professor of elementary education, treasurer.

Williams, who served as vice-president for the 1973-74 year, succeeds S. Jack Gardner, assistant director of personnel services. Miss Rogers and Mrs. Mouser were reelected to their offices in the organization.

## County Board Hires Teachers

# New Elementary Schools Will Be Ready By Fall; Principals Named

The Calloway County Board of Education named principals and teachers for the school year 1974-75 and heard a report that the three new elementary schools for the county system would be ready for occupancy this fall at the regular meeting of the board held Monday night at the office of Supt. William B. Miller on N. 16th Street.

Named as principals of the new elementary schools were Bob Allen, East Elementary, Don Cothran, Southwest Elementary, and Johnny Bohannon, North Elementary. Howard Crittenden will continue as principal at Calloway County High School with James Felner as assistant principal. Coaches for the

schools will be elected at a later date.

Continued elected personnel at the Central office are Miller as superintendent, Edward Curd as supervisor, Charlie Lassiter as director of pupil personnel, Helen Hogancamp as director of school lunch program, Lucille Ross as nurse, and W. H. Brooks as teacher of adult farmer classes.

Bob Gresham, architect, and Darrell Cope, general contractor, for the three new elementary schools under construction, said that barring no additional complications that the schools would be ready for occupancy by September 1.

Gresham and Cope said that construction at both the East

and Southwest Schools would soon be up to par with that at the North School. The officials said problems had arisen concerning materials and water but he assured the board that occupancy would be available by September 1.

At the Monday meeting the board after hearing expressions by the teachers and staff, tentatively adopted the calendar for the school year 1974-75. This may have to be amended pending construction of the new elementary schools, Supt. Miller said.

Dates adopted by the board were as follows:

In-service day, August 16.  
First half day of school, August 19.

Labor Day holiday, September 2.

FDEA district meeting, October 11.

Thanksgiving holidays, November 28-29.

Christmas and New Years holidays, December 17 to January 2.

Two days off for state tournament.

Second inservice day, April 7.  
Spring break, April 14, 15, 16, 17 and 18.

Professional Day, May 23.

School dismissed, May 25, 1975.

The board voted to adopt a policy relative to leave of absences of teachers which states that the board "beginning July 1, 1974, will not grant leaves of absences for a period longer than two years in keeping with the Kentucky Revised Statutes unless there are extenuating circumstances and then the circumstances must be verified to the Board of Education."

Leaves of absences were granted to Mrs. June Wilson due to illness for the remainder of the year and to Mrs. Martha Ellis for the year 1974-75. Mrs. Sheila Hendrickson was elected to fill the vacancy of Mrs. Wilson at Calloway County High School for this year.

Resignations accepted by the board on Monday were: Milton Walston, vocational agricultural teacher; Billy Rue Nix as track coach but will remain as industrial arts teacher; Denny Potts as teacher and baseball coach; Mrs. Nancy Schupp as special education teacher; Jerry Conley as coach and teacher; Mrs. Nancy Thurman as elementary teacher.

The Board adopted a policy for issuing of checks as follows: Give subsequent approval to disbursements made between meetings of the board;

## Calloway Speech Team To Present Program At School

The Calloway County High Speech Team will present "The Best of Everything" Friday, May 10, at 8 p.m. in Jeffrey Gymnasium.

Admission will be \$1.00 for adults and 50¢ for students.

A spokesman said that the program will include prose, humorous interpretation, dramatic cuttings, duet acting, poetry, and many other amazing entertaining features.

The speech Team invites everyone to attend, the spokesman added.

## Z. C. Enix Named Vice-Chairman Of Calloway Democratic Group

Z. C. Enix was elected as vice-chairman of the Calloway County Democratic Executive committee for the next four years at the meeting held Saturday at the Calloway County Court House.

Mrs. Mary Jane Littleton, chairman, presided at the meeting. The main purpose of the meeting was to elect a vice-chairman of the opposite sex of the chairman of the Executive Committee here.

Enix was recently named as "Man of the Year" by the Murray Chamber of Commerce at its 48th annual anniversary banquet. He operates Enix Interiors Furniture Store here in Murray and has been active in the Democratic party for many years.

At the meeting Saturday the resignations of Mrs. Betty Lowry and Mrs. Ann Kelly Dodson from the Democratic Committee were not accepted; but both will be given temporary leaves of absence from the committee until after the May Democratic primary.

Mrs. Littleton said because of the outstanding contributions to the Democratic Party of

treasurer shall receive Form f-40 properly executed including signatures of the chairman and secretary to the board before issuing checks; payments made between regular board meetings shall be confined to contract salaries, payments to take advantage of discounts, and payments to prevent penalties and disruption of service.

Other items on the agenda included a library agreement whereby films may be supplied for the classrooms based on average daily attendance; voted to grant use of school buses to the 4-H Club for transportation to Dawson Springs this summer; approved the request of the Calloway County (See Schools, Page 16)

## MSU Psychology Department Is Awarded Grant

A grant of \$3,000 has been awarded to the department of psychology at Murray State University by the Honorable Order of Kentucky Colonels to purchase electronic monitoring equipment for the graduate clinical training program.

Dr. Charles A. Homra, chairman of the department of psychology, said the equipment will implement a form of psychotherapy known as bio-feedback that is used to help clients overcome anxieties.

The grant was one of 63 announced by the Honorable Order of Kentucky Colonels last weekend.

Bio-feedback, according to Homra, is a measurement of psychological changes brought on by anxiety as the human organism prepares for defense. He compared it to the response measured by a polygraph (lie detector).

Electrodes placed on the fingertips of a subject monitor such involuntary functions as respiration, heart rate, blood pressure, temperature and respiration. Then a behavior therapy method known as systematic desensitization is used to control the state of anxiety.

Homra said clients actually are conditioned to overcome fears and phobias through a series of alternate periods of relaxation and exposure to anxiety stimuli.

He added that the equipment to be purchased by the grant funds will be used in three ways: for training, for actual therapy, and for research.

FOUR—H MEMBERS participating in the Calloway County 4-H Rally held Saturday at Kirksey Elementary School are shown here in front of the building after the rally.

## Calloway County 4-H Rally Held Saturday

Calloway County 4-H Rally was held on Saturday, May 4, at Kirksey Elementary School. The program began with the pledges to the American and 4-H flags lead by Laura Fones and Tammie Crouse.

The Rally Day activities consisted of contests in speech and demonstrations. The experience gained by 4-H'ers in public speaking is valuable in developing self-confidence and poise, and Demonstrations also help 4-H'ers develop skills in organizing and presenting information to others, Fred Gillum, County agent in youth said.

The 4-H'er giving a demonstration is judged on appearance, voice, posture and manner. The presentation is also an important part of a good demonstration. Introduction, organization, and summary are all important in a good demonstration.

The winners in the demonstration categories included Dairy Foods - Tonya Mc-

Cuiston, blue ribbon and champion, and Sherrie Roberson, blue and second; Clothing - Trisha Clark, blue and champion, and Brenda Edmonson, red and second place; Photography - Laura Jarrett, blue and champion; Small Engines - Keith Overby, blue and champion; Electricity Division - Darrell Overby, blue and champion, Janet Smith, second, and Julie Miller, third. Speeches are divided by age and sex.

In the Girls Ten Year Old Division, Sharon Snyder was selected champion and Karen Byerly and Margie Underhill were second and third.

In the Girls Eleven Year Old Division, Mary Morris was selected champion and Laura Fones and Cindy Hurt were second and third. Ronnie Fortner was champion of the Eleven Year Old Boys Division.

The Girls Twelve Year Old Division was won by Tammie Lax and Susan Snyder was second. Roger Garland was winner of the Boys Twelve Year Old Division.

The Thirteen Year Old Girls Division was won by Jo Beth Norwood and second and third were won by Gail Tucker and Janet Smith. Melanie Norwood won the Senior Girls Division.

The Murray Middle School Club was awarded a 4-H Banner for having the highest percentage of members giving demonstrations. Mrs. Calvin Morris is the Club Leader.

The 4-H Gals Club, under the leadership of Mrs. Van Futrell, won the Banner for the highest percentage of members giving speeches.

Winners in the Speech and Demonstration Contest will advance to the District which will be held on Saturday, May 11, in Clinton. Judges for the Speech Contest were Jerry Gardner, Karen Crick, Vicki Butterworth, and Marketa Orr. All are members of the Calloway County Speech Team. Donna Tucker, Sharon Futrell, Sue Johnson, and Patricia Cutsinger, 4-H Leaders and Agent from Marshall County, judged Demonstrations.

MEMBERS OF THE Murray Middle School and the 4-H Gals Clubs won banners for special awards at the Calloway County 4-H Rally held at Kirksey School.

## Truckers Return To Work At Ryan Milk Company

The over-the-road truckers working for Ryan Milk Company have returned to work, according to an employee in the office of the company.

Truckers had gone on strike Sunday asking for a renegotiation of the recently signed contract between the company and the Almalgated Meat Cutters and Butchers and Packinghouse Workers.

Local deliveries were reported to be unaffected by the strike on Monday as the striking truck drivers picketed the plant.

## WEATHER FORECAST

Increasing cloudiness and not quite as cold tonight. Lows in the low to mid 40s. Considerable cloudiness and warmer Wednesday with a chance of a few showers. High in the mid 70s.

Showers ending Thursday, partly cloudy and mild Friday, with a chance of showers on Saturday. Lows mostly in the 40s. Highs in the 60s Thursday, rising to the mid 70s by Saturday.

## Calloway High School FHAMembers At Regional Meet; Two Are Named

Thirty members of the Calloway County High School Chapter of the Future Homemakers of America attended the First Regional meeting of the FHA held at the University School auditorium, Murray State University, on Friday, April 26.

Anita Chaney, junior at Calloway High, was elected as president of the Regional FHA to serve for the coming year.

Anita Chaney

Norita Cassidy, also a junior at Calloway, was named to run as state historian at the Kentucky meeting in June from the First Regional FHA.

The Calloway Chapter was responsible for the backdrop for the stage. It was very well constructed and received much comment from the members and advisors. "Busy As Bees" was the subject taken from the meeting theme, "FHA's Doing More in '74."

Special speakers for the day's program were Dr. Alice Koenecke, chairman of the home economics department, MSU; Mrs. Treva Mathis, graduate student in home economics; and Carla Davidson, Youthpower delegate.

Voting delegates for Calloway High were Brenda Overcast, and June Murdock.

Members attending were Anita Chaney, Norita Cassidy, Mary Beth Hays, Patsy Burkeen, Linda Miller, Janet

Murdock, Renee Thompson, Debbie Eldridge, Gail Smotherman, Pam Todd, Margaret Greer, Brenda

Norita Cassidy

Overcast, June Murdock, Vicki Weatherford, Patty Reeves, Susan Williams, Sheila Bell, LeAnna Brown, Cindy Brandon, Linda McCulston, Debbie Brooks, Natalie Newsome, Debbie Cherry, Rhonda Burkeen, Karen Darnell, Barbara Pierce, Janet Byerly, Cindy Rudolph, Connie Hannah, and Debbie Garrett.

Accompanying the members were the two chapters advisors, Miss Lucy Ann Forrest and Mrs. Bess Kerlick, and chapter mothers, Mrs. Alfred Taylor, Mrs. Alfred Murdock, Mrs. Max Smotherman, and Mrs. Eugene Chaney.

### Birthday Party Is Held For Senior Citizens Recently

The Murray-Calloway County Senior Citizens were treated to a "Birthday Party" Monday afternoon, April 21, at the St. John's Center, 1620 West Main.

Twenty-one guests enjoyed games, cake, ice cream, and punch.

Special guests with a birthday in April were: Edna McReynolds, Mary Gupston, and Grace Barnes.

Others attending the event included, Flossie Snow, Hazel Ahart, Mary Lamb, Lillie Miller, Charlie Marr, Lela Culp, Hazel Locke, Murla Brandon, Elizabeth James, Florine Erwin, Ermine Stewart, Willie Emerson, Wallace Dowdy, Willie Mae Morton, Meda Jackson, Lalla Boyd, Ruby Barnes, and Thyra Crawford.

## Community Calendar

Tuesday, May 7

The Faxon Mothers Club will meet at the school at two p.m. Note change from date previously announced.

The Jessie Ludwick Circle of the First Presbyterian Church will meet with Mrs. Olus McNelis at 1:30 p.m.

Group II of the First Christian Church CWF will meet at the home of Mrs. Gregg Miller with Mrs. Jack Farmer and Mrs. W. R. Van Meter as cohostesses. Mrs. Harlan Hodges will give the program.

"Shades of Blue" concert will be held at the Calloway County High School at 9:20 a.m. It is free and open to the public.

Murray Assembly No. 19 Order of the Rainbow for Girls will meet at the Masonic Hall at seven p.m.

The general meeting of the Hazel United Methodist Church Women will be held at the home of Mrs. Olga Freeman at 7:30 p.m. with Mrs. A.H. McLeod as guest speaker.

Murray Lodge No. 10 F. & A.M. will host the District Four dinner at six p.m. and tiled meeting at 7:30 p.m. at the Murray Middle School. All members and their families are invited.

Murray TOPS Club will meet at the Health Center at seven p.m.

Ellis Center will open at ten a.m. for the senior citizens. Table games and recreation will be from 1:30 to 3:30 p.m.

Friday, May 10

Hazel Lodge No. 831 F. & A.M. will meet at the lodge hall at 7:30 p.m. Work will be in the third degree.

The North Murray Homemakers Club will meet at the home of Mrs. Charles Robertson at 1:30 p.m.

### BIRTHS

TWIN GIRLS

Mr. and Mrs. Wally Higdon of Mayfield Route One are the parents of twin girls born on Thursday, May 2, at the Murray-Calloway County Hospital.

They have been named Christy Louise and Amy Lynn.

To stretch canned beans add drained canned pineapple tidbits and heat as usual

### Hubby's pick-up should pick up after herself!

By Abigail Van Buren

© 1974 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: To begin with, my husband has always been a big liar. Last summer I found a pair of nylon panties under the seat of his pickup truck, and when I asked him where they came from and what they were doing there, he said they were probably mine and he was using them for car rags. I told him I didn't want that and they didn't make very good car rags and I gave him something else to use.

I forgot all about it until yesterday when I came across another pair of panties in the glove compartment of his pickup. This time I knew for sure they weren't mine because this pair had "Wednesday" on them. Abby, I know he can't be that desperate for car rags.

What do you suppose is going on? I hope you print this because I'd like that hussy my husband has been fooling around with to know she forgot to pick up "Wednesday."

NOT FOOLED IN STAUNTON, VA.

DEAR NOT: If your husband intends to continue picking up in his pickup, he should tell his friends to pick up after themselves—and that means Monday through Sunday!

DEAR ABBY: I have a friend who claims she can analyze a person by his physical characteristics.

For example, she says a high forehead is a sign of superior intelligence and a low forehead is a sign of average or below average intelligence. [She has a high forehead. Mine is low.]

She also says that people with long, narrow thumbs have a natural advantage over people with short stubby thumbs because long narrow thumbs mean you are dependable, friendly, and easy to get along with, but short stubby thumbs mean you are irresponsible, unfriendly and hard to get along with. [Her thumbs are long and narrow. Mine are short and stubby.]

I would like to prove her wrong about her thumb pronouncements but don't know where to find proof, so I am writing to you.

DISBELIEVING

DEAR DIS: Since she made the "pronouncements," ask her to prove it. As I see it, the only natural advantage the narrow long thumb has over the short stubby thumb would be in hitchhiking.

DEAR ABBY: My problem is my neighbor who lives directly above me in an elegant townhouse apartment building on the chic east side of Manhattan.

This gentleman lives alone, and gets up every morning of his life at 5 a.m. This includes Christmas, New Year's Day and Sundays. He makes noise which lasts until 7 a.m. I don't know exactly what he does, but it sounds like he's exercising, rolling on the floor or jogging in one place. All this in his bedroom, which is over mine.

I don't have to be out of bed until 7 a.m. and it irritates me to be awakened two hours early every day. Once I am awake, I cannot go back to sleep.

I've tried everything. I invited him here for a Christmas party, and then gently took him aside and told him that his early rising morning noises bothered me. He said all he does is "get dressed" and he can't understand how that could disturb me.

I talked to my landlady and she said she has only my word, and she can't demand that he leave before his lease expires in three years. My lease has another year to go.

Please don't suggest I try to make friends with him again. It's gone beyond that stage now. I saw my lawyer at a party recently and he suggested I phone this neighbor every morning at 3 a.m. and ask him how he likes to be awakened two hours early every morning. Please, please help me. My nerves are shot.

MRS. S.

DEAR MRS. S.: I'd take the lawyer's advice, after which I'd ask my druggist to recommend the best earplugs available. If that fails, invite your landlady to spend the night with you, and share a rude awakening.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's new booklet, "What Teen-Agers Want to Know," send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Cal. 90212.

## Salute To Industry

1973: A Very Good Year. 1974: ??

The year of 1973 was one of the best ever in terms of industrial growth in Kentucky. For the second straight year, growth in nonagricultural employment topped the 50,000 mark. Over 17,000 new jobs were gained in manufacturing.

The 168 industrial firms which announced new manufacturing operations or expansions of existing Kentucky facilities will provide over 10,000 new jobs and represent capital investment of over \$349 million. New and expanded supportive industries — electric power generation and industrial warehousing — will account for an additional \$467 million in investment.

The outlook for 1974 is obscure. The energy shortage and resultant material shortages will certainly have an adverse effect on production and employment. It is reasonable to expect a leveling off, if not an actual decline, during the remainder of the year.

But for Kentucky some of the signs are encouraging. Both the Kentucky Department of Commerce and local chambers report a steady inflow of inquiries from industrial "prospects." Since American industry is short of capacity to meet current demand, it is not surprising that companies are

laying their plans for expansion in the near future. All indications are that the economic lag will be of short duration.

Another ray of optimism for Kentucky is that, while a nationwide decline in industrial growth will undoubtedly occur, we have some unusual advantages which could lead to a greater percentage of the national gain for this state. We have a cost-saving market location, coupled with excellent transportation facilities; we have many good industrial sites; a more than adequate labor supply; and we have an abundance of coal-produced electrical power.

It is important that we maintain a positive posture and the conviction that we must and will continue to grow economically. To lose momentum at this stage would be disastrous. We must strive harder than ever to attract still much-needed industrial employers to Kentucky.

During the week of May 6-11, Industry Appreciation Week in Kentucky, let's officially recognize the vital importance of our Kentucky manufacturing firms and rededicate our efforts to helping them prosper in our state. This is one of the most important steps we can take to prove to prospective new industries that "Kentucky Appreciates Industry. Kentucky wants new industry."

## State Government Report

By Sen. Carroll Hubbard

## Committee To Save Outwood Trying To Raise Funds for Suit

MAYFIELD, Ky. — A copyright news story in last Sunday's Courier-Journal and Times (written by reporter Doug Perry) indicates that there are more people than just western Kentuckians who vigorously oppose the closing of Outwood State Hospital and School at Dawson Springs and the transfer of its residents to other state facilities.

The Jefferson County Council for Retarded Children has called the transfer of Outwood State Hospital residents to personal care homes a "cop out" by state officials. A resolution adopted last week by the council's board of trustees states that the transfer to such homes is in "utter disregard of...the constitutional rights" of the patients at Outwood.

Wayne Marshall, executive director of the council, said in an interview last Friday that sources in Dawson Springs—home of Outwood—have told the council the state has transferred about 40 Outwood patients to personal care homes in the past year. Marshall said there is a "tremendous difference" in the level of care given at institutions such as Outwood and personal care homes, which he characterized as rest homes.

Mrs. Lillian Press, executive assistant to the commissioner of the Kentucky Department for Human Resources, said last Friday that some patients have been placed in personal care homes because "they have reached the limit of training that the state institutions can provide...Either they are too old or too severely retarded."

Most of the patients who will leave Outwood—scheduled to close June 30—will go to Western State Hospital, at Hopkinsville, and Oakwood, a new facility for the educable and trainable in Somerset. Technically, the Jefferson County council's resolution does not ask that Outwood remain open. Instead, it urges Gov. Wendell H. Ford to review its 1972 report on personal care homes and "to exercise his responsibility toward the retarded citizens of Kentucky to insure the protection of their constitutional and human rights."

Marshall said it is "impossible" for the council to debate the relative merits of Outwood and Western State Hospital. However, he said, the council would rather see Outwood remain open than see patients removed to personal care homes. The resolution—which was mailed to the governor—offered no financial aid to the parents of Outwood residents who have brought suit to keep the state from closing the facility. Marshall said that for now the council is concerned with "organizational support" of the suit. He explained that no request has been made for financial aid, and "it doesn't look like we're going to be involved that way."

Currently the Committee to Save Outwood is trying to raise funds in the Dawson Springs area to support the suit, filed early last month in Franklin Circuit Court. Named in the suit are Human Relations Commissioner Laurel True, Health Services Commissioner Dale Farabee, and Finance and Administration Commissioner Charles Pryor, Jr. A hearing on a motion for dismissal is scheduled for this week.

By July 1, Kentuckians will be earning more than ever as the state minimum wage doubles. A bill passed by the 1974 General Assembly raises the state minimum wage from 65 cents in some rural areas and 75 cents

in some cities to \$1.30 an hour beginning in July. By Jan. 1, 1974, the minimum will increase to \$1.60. And, according to Charles McCoy, director of the Division of Labor Standards in the Kentucky Department of Labor, the new law covers almost every person working in a non-agricultural job. That includes public employees—police, firefighters, and employees of state, local or county governments.

The new state law does, however, exempt retail and service businesses which gross less than \$95,000 a year. "These industries as well as hotels, motels and restaurants making at least \$95,000 are included. That hits almost everyone except the small 'Mom-and-Pop' establishments," McCoy said. The new law even covers household domestic workers. "If there are two maids working in a household, they are covered. However, one maid or one domestic worker would not be covered by the state minimum wage law," he said.

The federal minimum wage is also going up in step-by-step fashion. By 1978, all employees covered by the federal act must earn at least \$2.30 an hour. However, while unlike the Kentucky law, the federal act must earn at least \$2.30 an hour. However, while unlike the Kentucky law, the federal law covers agricultural employees and it omits many other persons covered by the state law. For instance, while state law covers retail businesses that gross at least \$95,000 a year, the federal law covers only retail establishments grossing at least \$250,000 and not engaged in interstate commerce. Employees picked up by the 1966 and 1974 amendments to the federal standards and working for establishments grossing \$250,000 a year, plus employees of hospitals, nursing homes, and educational facilities must earn \$1.90 an hour by May; \$2 by 1975; \$2.20 by 1976, and \$2.30 by 1977.

Any person who suspects a violation of the state wage law can contact the division of Labor Standards in the Kentucky Department of Labor in Frankfort. All information is confidential and state law provides penalties if an employer discharges an employee who has registered a complaint.

Travel on Kentucky highways has steadily decreased from December 1973 thru February of this year, according to figures recently released by the Bureau of Highways, Kentucky Department of Transportation. William Stutzenberger, of the Bureau of Highway's Division of Planning, blames the decline on the uncertainty of motorists as to the availability of gasoline.

"Interstate traffic for the first two months of 1974 shows the greatest decline, with January being off 11 per cent and February 14 per cent off last year's totals. We attribute this to the fact that during those two months the question of available gasoline often determine if a trip would be made. Since a great deal of longer distance pleasure trips are by interstate routes, it is only natural that the interstates would show a decline," Stutzenberger noted.

According to Asst. Atty. Gen. Charles W. Runyan, Kentucky statutes prohibit the issuance of a marriage license to a female under 16 years of age. However if the girl is pregnant she may be granted permission by the county judge of the county in which she resides. If the female is not a Kentucky resident she may not be married in Kentucky.

## Roll Call Report

WASHINGTON—Here's how area Members of Congress were recorded on major roll call votes April 25 through May 1.

**HOUSE**  
**LIVE FETUS RESEARCH**—Passed, 281 for and 58 against, an amendment to ban the use of National Science Foundation funds for research on any live fetus that has been delivered, unless the research is to keep the fetus alive.

The ban was attached to an NSF authorization bill (H.R. 13999) that was later passed and sent to the Senate.

Since the NSF does not fund such research, the ban had no substantive effect and served instead as a sense of the House resolution.

The bill defines a live fetus as one whose heart still beats.

Supporters argued for putting limits on doctors who conduct research on fetuses that are technically but not literally dead. Rep. Lawrence Hogan (R-Md.) said, "We must take every opportunity to stop the attack on the value and dignity of each human being."

Opponents argued that fetal research often provides valuable information on diseases that plague the newly-born. Rep. James Symington (D-Mo.) said the ban "may curtail the prospects for better medicine and...constrain the doctor from his ability to save lives to come."

**Reps. William Natcher (D-2), Romano Mazzoli (D-3), Gene Snyder (R-4), Tim Lee Carter (R-5), John Breckinridge (D-6) and Carl Perkins (D-7) voted "yea."**

**Rep. Frank Stubblefield (D-1) did not vote.**

**UNDERGROUND NUCLEAR TESTING**—Rejected, 190 for and 207 against, an amendment to cut \$4 million in Atomic Energy Commission funds that are earmarked for planning subterranean atomic blasts in the Rocky Mountains.

The AEC hopes such blasts will release trapped natural gas.

The funds were part of H.R. 14344, a bill appropriating \$2.2 billion for energy research. The bill now goes to the Senate.

The amendment to halt planning for future blasts would have left \$375,000 in the bill for evaluating tests already staged.

Supporters argued for full evaluation of past tests before planning future blasts. Rep. Frank Evans (D-Colo.) cautioned against "the possibility of contamination" of Colorado's limited water supply. Rep. Tom Ronceallo (D-Wyo.) said Congress should not fund a program that "remains unsuccessful in virtually all of its endeavors."

Opponents argued that the money is for planning, not explosions, and that cutting back the funds would limit the nation's energy options. Rep. Joe Evin (D-Tenn.) said "we must develop this technology for the future, in the event it is needed."

**Mazzoli Voted "yea."**  
**Natcher, Snyder, Carter, Breckinridge and Perkins voted "nay."**

**Stubblefield did not vote.**

**AIR POLLUTION**—Rejected, 169 for and 221 against, an amendment to limit requirements for automobile emission control devices to cars sold in 13 selected metropolitan areas. In rejecting the amendment, the House voted to require such devices nationwide.

The amendment was offered to H.R. 14368, an energy bill dealing with gathering information on energy supplies, authorizing greater use of coal and adjusting certain air pollution control standards.

Here are the 13 areas where emission devices would have been required:

Phoenix-Tucson, Los Angeles, San Francisco, Sacramento Valley, San Diego, San Joaquin Valley, Hartford-New Haven-Springfield, National Capital, Baltimore, New York City, Philadelphia, Chicago and Boston.

Supporters argued that emission control devices waste gasoline and should only be required where air pollution is serious. Rep. John Jarman (D-Okla.) said, "I see no reason...to penalize every driver in the country because of the 13 areas with air quality problems."

Opponents argued that a dual-system would be ineffective and would jeopardize the long-term goal of air quality. Rep. Paul Rogers (D-Fla.) argued against taking "a step back-

wards" and said, "We have just so much clean air...we know what has been happening" to it.

**Snyder voted "yea."**  
**Natcher, Mazzoli, Carter, Breckinridge and Perkins voted "nay."**  
**Stubblefield did not vote.**

**SENATE**

**NO-FAULT INSURANCE**—Passed, 53 for and 42 against, a bill to establish a nationwide, uniform system of no-fault insurance. "No-fault" means that parties need not go to court to collect damages, because insurance companies will pay benefits regardless of who caused the accident.

The bill (S. 354), however, leaves open the option of going to court when serious damages occur, such as death, dismemberment or loss of more than 90 days work.

The bill gives states the options of adopting (1) a state no-fault plan that meets minimum federal guidelines; (2) a state plan that goes beyond the federal minimum, or (3) a more-stringent federal no-fault plan.

Supporters argued that cutting down court battles will reduce the nationwide costs of auto insurance by \$1 billion per year, a savings to be passed on to consumers through lower premiums.

Opponents argued that restricting court-access will result in poor-quality automobile insurance. They also said the federal government can not force states to adopt no-fault insurance plans.

Consumer groups, labor unions and many large insurance companies lobbied for the bill. The Administration, the American Trial Lawyers Association and some large insurance companies lobbied against it. It now goes to the House.

**Sens. Marlow Cook (R) and Walter Huddleston (D) voted "nay."**

**GUTTING NO-FAULT**—Rejected, 32 for and 61 against, an amendment gutting the compulsory features of the no-fault insurance bill by giving states the option of continuing present auto-insurance systems.

The amendment would have struck Title III, which is designed to goad reluctant states into enacting no-fault plans. States that do not willingly enact one of the first two options reported above would be forced to adopt the third option — the stringent Title III federal plan.

In arguing for the amendment, Sen. Jesse Helms (R-N.C.) said the bill is an "unwise invasion of the prerogatives of the states." Removing the compulsory features of the bill, he added, would reserve "the right of states to experiment with motor vehicle insurance plans."

In arguing against the amendment, Sen. Philip Hart (D-Mich.) said that without Title III "Congress would be enacting legislation which would accomplish nothing and would require no one to do anything."

**Cook and Huddleston voted "nay."**

**DUAL INSURANCE COVERAGE**—Passed, 66 for and 27 against, a no-fault insurance bill amendment to give motorists the option of insuring their automobile-related health risks through an automobile insurance policy or a group health policy, whichever is cheaper.

The amendment changed language in the no-fault bill that had made automobile insurance the primary source for coverage against medical costs that result from an accident.

The no-fault bill will require motorists to enroll in auto insurance plans. In approving the amendment, the Senate voted to remove the potential duplication of motorists with group health policies also being required to carry auto insurance for health risks.

Persons not enrolled in group policies will not be given the option.

Supporters argued that the amendment will force competition between auto insurers and group health insurers, thus lowering premiums.

Opponents argued that the amendment discriminates against persons who do not have group health insurance. They said that the non-motoring public will pay higher group health rates to subsidize "competitive" rates offered to lure motorists into group insurance.

**Cook and Huddleston voted "yea."**

## AP News Analysis

## The Oil Profits

NEW YORK (AP) — The oil companies haven't always been the great money makers they are today, but they've never been paupers either.

In 1972, a year most analysts agree was a poor one for the industry, nine oil companies ranked among the 25 most profitable industrial corporations in the land, based on the total number of dollars earned.

Even by the yardstick most commonly used, return on stockholders' investment, the oil companies show only a slight depression from industry as a whole, when the high 1973 profits are included.

In recent months, as the companies' profits have soared over levels set the previous year, oil executives have urged that their earnings be placed in perspective.

"The profits are being compared to a poor quarter a year ago," says the typical oil executive today, who finds his firm coming under increased criticism from the public and Congress. "Our return on investment is still inadequate for the exploration and development of energy the nation so desperately needs."

Security analysts generally agree that the oil industry is emerging with a bang from a period of poorer profitability several years ago. They say the performance then was caused by fuel surpluses, increased competition from the independents and a reduction in the federal depletion allowance from 27 per cent to 22 per cent in 1969.

Because 1972 was a down year for the industry as a whole, earnings gains in 1973 were somewhat deceptive, analysts say. They say that profits began to improve in the first part of 1973, so percentage figures this year should be much more meaningful.

Likewise 1972 was the industry's worst year in the past 10 in terms of return on investment. This rate, a comparison of net income to shareholders' total investment, is considered important because it indicates an industry's ability to attract money needed to expand and grow.

Analysts and economists say a major task in assessing the over-all profitability of the oil companies is knowing what measure to use. Percentage gains over previous years, return on investment, profits as a percentage of sales, earnings per share and just plain stock prices are a few of the many indicators employed.

For the last 10 years, the oil industry's profit margin — or income as a percentage of sales — has a median of 8.3 cents to the dollar, Citibank says. This compares with all industry's 5.5 cents on the dollar.

"The profit margin shows how well the industry covers its costs," says Robert Lewis, Citibank's vice president who compiles the figures.

In a recent newsletter entitled "The Profit Situation," John Winger, an energy specialist for New York's Chase Manhattan Bank, utilizes yet another figure to measure profits.

Winger says that for the past five years, including 1973, earnings of 24 domestically based oil companies and four foreign ones "achieved an annual growth in earnings of 12 per cent." For the past 10 years, the average increase fell far short of the growth required to provide the capital funds needed to keep pace with expansion of petroleum demand," the specialist says.

Within the United States, the longer term growth of profits has been even less favorable, Winger says. "Although the group's earnings in 1973 were 19.1 per cent higher than in the year before, they were only 11.3 per cent higher than five years earlier. And the average annual growth rate for the past five years has been only 2.2 per cent."

"Clearly the United States cannot possibly achieve the higher degree of petroleum self-sufficiency it so urgently needs if profits continue to grow at such slow rates," Winger says. Only if the industry maintains the 15.6 per cent rate of return attained in 1973, will it be able to generate the required capital funds, he says.

And there, it seems, is the rub. The oil industry, some argue, is different than other industries. It is capital intensive and carries heavy risks. It needs more money than other industries to build new refineries and drill new wells, proponents say.

Then there's the question of whether the current high profits will continue? Security analysts and oil men are mixed. Some see a drop off as the unusual circumstances of the past year fade. Taxes increase, government policies change and new production comes on line. Others, like Chairman H.L. Haynes of Standard Oil of California, are more hopeful. Haynes hopes to "match or improve" SoCal's 15 per cent 1973 rate of return.

## Bible Thought

Thou his son, O Belshazzar, hast not humbled thine heart, though thou knewest all this. —Daniel 5:22.  
It takes more than knowledge to humble the heart; only God's Spirit can humble man's pride.

## 10 Years Ago Today

Stanley Jewell, son of Mr. and Mrs. Floy Jewell and salutatorian of the 1964 graduating class of Murray High School, has received an appointment to the United States Naval Academy at Annapolis, Md.

Deaths reported are Willie Anderson of New Concord, age 57, and Curtis (Jack) Laycox of Nashville, Tenn., age 56, formerly of Calloway County.

"Letters to the editor are always appreciated. America is one of the few places in this world where a citizen can sit down and express his opinion through the daily newspapers," from the column, "Seen & Heard Around Murray."  
Showing at the Capitol Theatre is "Mail Order Bride," starring Buddy Ebsen, Keir Dullea, and Lois Nettleton.

## 20 Years Ago Today

The West Kentucky Rural Telephone Cooperative Corporation, Inc., has taken up options secured three years ago by the Independent Telephone Companies throughout the area to be served by the cooperative.

Mrs. R.W. McCaslin, former resident of Murray, died April 29 in Greenville, Texas.

Births reported include a boy, Phillip Dan, to Mr. and Mrs. Verno Anderson on May 2, and a boy, David Clinton, to Mr. and Mrs. Finis Clinton Barrow on May 3.

Showing at the 95 Drive In Theatre is "From Here To Eternity," with Burt Lancaster, Montgomery Clift, Deborah Kerr, Frank Sinatra, and Donna Reed.

**WEBELOW'S DEN WINNERS**—The winners in Webelow's Den were from left to right, Sam Kennedy, first; Chad Cochran, second, and Steve Phillips, not pictured, third.

**DEN 3 WINNERS**—James Ray Thomas (left) and Brian Doyle placed first and third respectively while Robert Stout, who is not pictured, finished as the runnerup.

**DEN 5 WINNERS**—Winners in Den 5 were from left to right, Brent Clark, first; Jerry McClure, second; and Jefferey Carruthers, third.

**PINEWOOD DERBY WINNERS**—The winners in Pack 57's Pinewood Derby were James Ray Thomas (left), first place, and Sam Kennedy, second place.

**SPECIAL AWARDS**—Greg Cherry (left) received the "Best Looking Car Award" while Chad Cochran got the award for the "Most Original Car."

**DEN 1 WINNER**—Greg Cherry won first place in Den 1 while Keith Albritten and Timmy Wright, who are not pictured, were second and third respectively.

## Cub Scouts Pack 57 Holds Pinewood Derby

Cub scouts from Pack No. 57, boys who attend Carter Elementary and Murray Middle School, met at the Murray Middle School Cafeteria for the Annual Pinewood Derby.

This annual event is the time for fathers and sons to build a model car, carved from a block of wood, then race on a regulation track. The cars start from a standstill and run unaided down the ramp to the finish line.

As each boy entered the cafeteria, his car was weighed and numbered, then placed on a table with other cars from their den. The cars were weighed by Thomas Carruthers, Cub Master and assigned a number by Mrs. Marcia Johnson, Pack Secretary. Each boy who entered the Derby was given a ribbon to wear on his uniform.

Judges for the event were O. B. Boone, Scout Master for Troop No. 77, Murray, and Haskell Knight, Quality Control Manager at Fisher-Price Toys, Murray. Al Wendell Johnson was the track starter.

A first, second and third place ribbon was awarded the winners in each Den. Final heats were run to determine the overall winners for first and second place. Trophies were given to these winners.

### Murray Jaycees To Sponsor Trapshoot

The Murray State Jaycees will hold a trap shoot Saturday, May 11th, at the Calloway County Fairgrounds, according to Alan Gaddie, spokesman for the organization.

The shoot will begin at 1:00 p.m. and will continue until dark. Participants are urged to bring their guns and prizes will be awarded. Marksmen from Western Kentucky and west Tennessee are invited to attend the shoot. The proceeds of which will go towards the Murray State Jaycees charitable activities for the coming year. Rain date will be May 18th.

James Ray Thomas - 1st, Robert Stout - 2nd, and Brian Doyle - 3rd.

Den No. 5 winners were Brent Clark - 1st, Jerry McClure - 2nd, and Jefferey Carruthers - 3rd.

Webelows Den winners were Sam Kennedy - 1st, Chad Cochran - 2nd, and Shane Phillips - 3rd.

The first place winner for the Pack was James Ray Thomas from Den No. 3. The second

## Memphis Will Accept WFL Franchise Team

By MARIAN FOX  
Associated Press Writer  
MEMPHIS (AP) — The Memphis Park Commission turned its back on a possible National Football League expansion franchise Monday and voted to accept the Toronto franchise of the World Football League.

"We're moving the franchise the moment the lease is formally signed," said John Bassett Jr., principal owner of the Toronto Northern.

"We will be joined in Memphis by a very strong group headed by singer Charlie Rich

place winner for the Pack was Sam Kennedy from the Webelows Den.

Additional awards were given to Chad Cochran for the "Most Original" car and Greg Cherry for the "Best Looking" car.

Pack No. 57, Carter School, will reorganize in August. Persons interested in their sons being in Cub Scouts, should call Thomas Carruthers at 753-9869 or Mrs. Marcia Johnson at 753-6817.

and I hope the people of Memphis will welcome us as warmly as I know the people of Toronto would have," said Bassett. The Northernmen now belong to the people of Memphis."

Bassett is expected in Memphis today to sign the stadium and officially announce the move.

E. W. "Ned" Cook, millionaire businessman who had campaigned for an NFL expansion franchise, said the vote on the lease meant that no NFL team would come to Memphis.

Toronto gave the WFL a lift with the signing of running backs Larry Csonka and Jim Kiick and wide receiver Paul Warfield.

Mike Lynn, president of Mid-South Sports Inc., a group that worked eight years to bring an NFL team to the city said if he were an NFL executive, "I would think this city has made its choice for the WFL."

When the vote was announced, Lynn put his head in his hands. "This vote has certainly changed things as far as we (Mid-South Sports Inc.) are concerned," he said.

### Great Mile Time

PHILADELPHIA (AP) — Denis Fikes of the University of Pennsylvania has recorded the fourth fastest mile ever run in a college dual track meet.

The Penn senior ran the mile in 3:58.3 Sunday as the Quakers beat Cornell by a 125-47 score.

Fikes registered his first sub-four-minute mile, 3:55.0, when he finished second to North Carolina's Tony Waldrop in the Penn Relays on April 27.

# Error-Prone Tigers Scalp Indians

A team that makes 12 errors in a baseball game will normally get defeated. However, if you have a pitcher on the mound who can keep the other team from hitting the ball, you might still be able to win with all the miscues.

That's what happened Monday afternoon at Benton as Murray High ran its spring slate to 5-2 by pounding the host Indians 10-3.

And believe it or not, the Tigers committed an even dozen miscues, seven coming in the third inning when Benton

scored all of its runs. Johnny Hewitt started on the mound for the Tigers and did a masterful job as he gave up a mere hit in the seven inning contest while striking out 12 and walking only three.

And though his teammates might have committed a bundle of errors in the third inning, they made up for it with a dozen hits in the contest.

In fact, when Benton came to bat in the bottom of the third, the Tigers were leading 8-0 and Murray Coach Clayton

Hargrove was already beginning to send in reserves.

By the time the game was over, all 23 men on the roster had played.

Murray jumped to a 2-0 lead in the first inning as Glenn Jackson opened with a double and scored on a single by Johnny Hewitt. He then came across when Steve Miller singled.

A five-run outburst in the second produced a 7-0 Murray lead.

Terry Melton led off with a single, Bo McDougal laid down a bunt and reached base when the throw to second for the forceout was late and men were on at first and second.

Jackson walked to load the bases and then Hewitt slapped a two-run single.

Rick Garland doubled in two more before Gary Dick singled for another RBI.

In the third, Craig Suiter led off with a single, advanced to

second on Melton's single and scored on an error by the left-fielder.

Two more runs scored for Murray in the fifth when four consecutive walks and a single by Miller sent the Tigers into double figures on the scoreboard.

Hewitt and Melton each had two hits to lead Murray while Jackson, Miller, Garland, Dick, Suiter, Donnie Williams, Jim Thomason and Richie Richardson all had a hit apiece. Murray hosts Paducah Tilghman today at 4:30 p.m. before entertaining North Marshall Wednesday.

Thursday the Tigers are at Mayfield for a twinbill and then Friday Murray will host Lone Oak for a doubleheader at Holland Stadium beginning at 4 p.m.

The Tigers open District Tournament play next Monday afternoon at 4:30 p.m. against Benton.

## Three NFL Players Go To WFL Jacksonville

JACKSONVILLE, Fla. (AP) — The latest three National Football League players to jump to the new World Football League say they may not have to play out their options before switching.

Harmon Wages, running back for the Atlanta Falcons, Guy Dennis, an offensive guard with the Detroit Lions and Larry Smith, a running back with the Los Angeles Rams, made the prediction Monday after signing contracts to play for the WFL Jacksonville Sharks in 1975.

Wages signed a reported four-year, \$500,000 contract. Smith and Dennis wouldn't talk about their multiyear contracts but hinted they will earn a lot more with the WFL.

Wages said he has talked to Falcons owner Frank Wall about waiving his option year and Wall promised to give it serious consideration.

Smith and Guy also said they felt immediate release by their NFL teams is possible, but they weren't as confident as Wages. Sharks Coach Bud Asher said he thinks "the chances are very good."

There has been speculation that NFL owners are not happy at the prospect of their contract players being bombarded all season about the fat WFL salaries from teammates on the way to the new league.

The signing of Wages, Smith and Dennis—all former University of Florida players—made it "probably the greatest day yet for the Sharks," said owner Fran Monaco.

Smith and Wages were handicapped by injuries in 1972 and played sparingly last season. Both said they are sound physically for 1974.

Dennis was first string at Detroit last season. Asher called him "a premier offensive guard."

### Coaches Named

PROVIDENCE, R.I. (AP) — Milwaukee Bucks' star Oscar Robertson and Utah Stars' center Zelmo Beaty will coach the stars of the National Basketball Association and the American Basketball Association, respectively, in the Super Game May 18 in the Providence Civic Center.

## Tiger Golfers Lose To Vikes

Murray High's golf team dropped a tough 165-166 match to Paducah St. Mary Monday afternoon at the Murray Country Club.

Rick Cochran of St. Mary fired a 38 to claim medalist honors in the match.

Gary Sullivan's 39 led Murray while Tim Philpot had a 41, Lee Stewart 42 and David Frank and Howard Boone each had 44's.

The loss drops the Tigers to 9-3 on the season.

The next match will be at North Marshall today.

On Wednesday, the Tigers will be at Mayfield for a triangular with the host Cardinals and Paducah Tilghman. In an earlier triangular, Tilghman edged Murray 144-147 while Mayfield was third just three strokes, behind the Tigers with 150.

## Pressure On Celtics In NBA Championship

MILWAUKEE (AP) — Milwaukee Bucks' Coach Larry Costello has tipped his hand, but the pressure will be on the Boston Celtics tonight to react.

Costello said Monday he will challenge the Celtics with the same three-forward alignment the Bucks had used to win 97-89 Sunday, squaring their National Basketball Association championship series at 2-2.

By starting 6-foot-7 reserve forward Mickey Davis at guard in place of Ron Williams, the Bucks created a size mismatch against Celtic guards Jo-Jo White and Don Chaney. With Davis working the 6-3 White inside for easy shots that produced 15 points, the Bucks harnessed the press Boston had used in earlier games to wear down 35-year-old Oscar Robertson.

Sunday's victory regained the home court advantage for the Bucks. Winner of tonight's nationally televised game (9:30 p.m. EDT) can clinch the best-

of-seven series by winning at Boston Friday night. A seventh game, if needed, will be here Sunday.

Davis repeatedly took White to the baseline Sunday and scored eight points in the first quarter. Celtics' Coach Tom Heinsohn later used Chaney, Paul Westphal or forward John Havlicek on Davis, but the shifts took pressure off Robertson and Buck forward Bob Dandridge.

Robertson, able to advance the ball more quickly to the Bucks' frontcourt, helped set up 7-2 Kareem Abdul-Jabbar for 34 points and Dandridge for 21.

"If they switch Havlicek from forward to guard, they have to come up with somebody on Dandridge," Costello said. "In that situation, we can play Mickey and not get hurt."

Celtic forward Paul Silas said, "We're going to have to adjust. It's awfully tough when they take you down low like that."

## Allin Wins Nelson Golf Classic By Four Strokes

DALLAS (AP) — "Those were probably the best three holes of my life," sighed Buddy Allin, the freckle-faced mighty mite and winner of the \$150,000 Byron Nelson Golf Classic.

"It was close at that point and that kind of got me ahead of the field ... I played about as good as I could play."

The tough little Vietnam veteran swept away from a trio of challengers with three clutch birdies on the home stretch Monday to capture his fourth tour victory and the \$30,000 top prize.

He closed with a three-under par 68 for a record 72-hole total of 289-15 under par.

"I was hoping I could hang in there...but I wouldn't have bet my life on it. Anytime you win it's a great feeling. I think I feel more inside me than I show outside," he grinned.

"I'm trying to kind of control my emotions."

The 5-foot-9, 130-pound sharpshooter grabbed a four-stroke victory over at 273 over Tom Watson, Lee Trevino, Charles Coody and Homero Blancas.

Watson posed the major threat of the still, sultry afternoon, overtaking the third-round leader Allin at the 13th before crumbling with a double bogey at the 14th, where he dumped his tee shot in the water.

Kermit Zarley, whose course record 64 tumbled Saturday under Allin's incredible 63, seized sixth place money of \$5,408 with a 66 for 274.

Bob Charles, 69, and Jim Simons, 70, shared seventh, good for \$4,619, while Butch Baird, 65, Bob Wynn, 68, and Bruce Crampton, 72, were a stroke back at 276.

Allin, 29, whose bachelor status is in jeopardy—he's engaged—left Dallas Monday night for a vacation in Las Vegas, saying he would skip the Houston stop this week and rejoin the tour at Colonial in Fort Worth.

## Murray High Wins Match

Murray High's tennis team, after winning the WKC over the weekend, opened its dual season Monday at the MSU courts, shutting out North Marshall 9-0. All of the matches were pro sets, with each man playing one set with the first person to win eight games the winner.

In the number one singles, Brent Austin easily won as he took an 8-0 shutout.

At number two, Kim Trevathan won 8-2 while Mark Homra won in number three 8-4. Mark Copeland, took the number four singles 8-2 while Brad Boone won at five 8-4.

At number six, Kevin Ray won 8-1. The number one doubles found Trevathan and Austin winning 8-4 while at number two, Homra-Copeland won 8-3. Boone and Ray combined to win the number three doubles 8-5.

The Tigers will play again in a dual match at Mayfield Monday.

## Sports Brief

### GOLF

DALLAS — Buddy Allin shot a final round 68 for a record 15-under-par 289, and captured the \$150,000 Byron Nelson Golf Classic by four strokes.

HOUSTON — Ken Harrelson of Savannah, Ga., a former major league baseball player, fired a first round 67 to take a two stroke lead in the \$30,000 El Dorado Golf Classic.

### FOOTBALL

SAN FRANCISCO — Ken Willard, San Francisco 49er running back for nine years, was traded to the St. Louis Cardinals for undisclosed future draft choices.

## WHAT MAKES A FRESH DRUG?

There are many factors that can effect the freshness or potency of drugs. To name just a few there are temperature, light, moisture, type of container and of course, the ability of the drug itself to remain in a potent state. Because of this last mentioned condition some drugs are labeled with a date beyond which they should not be used.

The very first thing your pharmacist will check for is an expiration date on the container. Sometimes, a drug will start losing its potency after it is mixed with something else or is out of its original container. This information is then put on your prescription container.

YOU OR YOUR DOCTOR CAN PHONE US when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs.

## Total Of 31 New Series To Be On TV Next Fall

By JAY SHARBUTT  
AP Television Writer  
NEW YORK (AP) — A total of 31 new series will be on the networks next fall. That's the highest number in recent history, but don't get the idea it's suddenly become easy to get a new series on TV.

It's still the same old story: Many are called but few are chosen.

That's the dismaying — for writers — word from Larry White, the man in charge of programming for the NBC Television network.

He estimates he gets between 500 and 600 proposals for new series each year "and I think you'll find the figures are approximately the same at every network."

Out of this proposal pile, White says, NBC culls about 120 prospects that the network considers interesting enough to warrant a financial investment.

The majority of these, he says, only get as far as the outline or script stage. About 35 actually are filmed as "pilot" shows for new series, but the attrition doesn't stop there.

At NBC, just 12 weekly prospects got the green light for the 1974-75 season. It's a higher-than-usual number, but still represents only 10 per cent of all the shows NBC had under serious consideration.

From where do new series proposals come?

"You get the bulk of them from the professionals in the business, but you also get some from out of the woodwork, so to speak," White said, referring to

ideas submitted by amateur writers.

White, who couldn't recall a case in which a network made a series submitted by an amateur writer, was asked what factors determine whether a new series gets on the air.

He said network executives look for such things as: "Are the characters the kinds of characters who will have a lot of available stories? Is the concept the kind that will have staying power with varying stories?"

"Are the characters the kind we believe audiences will like and identify with? These are all judgments we have to make."

"In addition, there's a lot of testing that goes on. We test the shows with audiences in theaters, on cable television and, on several occasions, we play the pilots on the air prior to decision time."

How significant are the ratings of a televised pilot show?

They're an important but not overwhelming factor in the decision-making process, he said, adding that "the most significant part of the rating is what happens while the show is on. Does the rating hold up, does it grow or does it deteriorate?"

He said a major, but pleasant, problem he had in choosing next season's wares was an overabundance of good new programs.

Because of the wealth, he said, he had to cancel several current shows which, while marginal performers in the ratings race, probably would have returned next season.

PROCLAMATION  
by the  
MAYOR  
of the  
CITY of MURRAY

TO ALL TO WHOM THESE  
PRESENTS SHALL COME:

WHEREAS, Officials of this  
City Government are fully  
aware of the importance of  
industrial taxes and payrolls to  
the maintenance of city ser-  
vices and public facilities; and  
WHEREAS, The people of  
this community, some of whom  
are directly employed by in-  
dustry and others who benefit  
by the economic stimulus of  
industrial payrolls, are grateful  
to our industries for their  
contribution to a more  
prosperous economy; and  
WHEREAS, The Governor of  
Kentucky has set aside the week  
of May 6-11 to "pay tribute to  
the vital role of industry in the  
growth and development of  
Kentucky."

NOW, THEREFORE, I John  
E. Scott, Mayor of Murray,  
acting in consonance with the  
Kentucky Department of  
Commerce, the Kentucky  
Department of Commerce, the  
Kentucky Chamber of Com-  
merce, Associated Industries of  
Kentucky and the Kentucky  
Industrial Development  
Council, do hereby proclaim the  
period of May 6-11, 1974 as  
INDUSTRY  
APPRECIATION WEEK  
for this city, and by so doing,  
call upon my fellow citizens to  
join me in thanking the in-  
dustries of our community for  
contributing to a better com-  
munity life and for being not  
only good employers but good  
neighbors.

We are proud to be a part of the  
industry of Calloway County.

## Industry Plays Important Role

During Industry Appreciation Week 1974 it is appropriate to remind ourselves and others of just how much industry means to Kentucky, our communities, and our people.

Industry to Kentucky has meant the difference between a healthy viable economy and economic stagnation. It has meant employment for more Kentuckians at better wages than ever before. It has meant greater prosperity and a better lifestyle for all of our citizens.

Manufacturing growth has been the primary factor in the strong overall economy in the past few years not only because of actual employment gains in

this segment, but because of its multiplier effect. Manufacturing is a catalyst for the state's overall economic growth. Its payrolls provide the stimulus that generates activity throughout the economy, including the commercial sector.

A significant growth factor is Kentucky's location at the center of a 28-state market area. This central location, combined with a good and constantly improving transportation system, allows industry to serve a wide market efficiently and economically.

A good productive labor supply and an excellent vocational training program is

another attraction for expanding companies. This was one of Kentucky's prime advantages in the mid-60's when tight labor supply situations.

**Governor Proclaims Industry Appreciation Week For Commonwealth**

Frankfort, Ky.—Governor Wendell H. Ford today signed a proclamation designating May 6-11 as Industry Appreciation Week in Kentucky.

The Governor's proclamation cites industry's vital role in "providing more jobs, greater income, and increased prosperity throughout the Commonwealth" and asks all "citizens, civic groups and state and local officials to join together and pay tribute to the vital role of industry in the growth and development of Kentucky."

The proclamation states that 282,000 jobs and an estimated \$2.5 billion in payrolls are provided by Kentucky's manufacturing firms.

Governor Ford announced that the annual Governor's Industry Appreciation Luncheon will be held this year at Executive Inn, Louisville, on May 8. The luncheon is sponsored by the Kentucky Department of Commerce, the Kentucky Chamber of Commerce, Associated Industries of Kentucky and the Kentucky Industrial Development Council. This year's luncheon program will honor officials of the 78 industrial firms which during 1973 announced their plans to locate new plants in Kentucky.

Industry has opened a world of unknown for all to share.  
Let's support it!

## Kentucky Industry

(Continued from Page 11)

existed in many areas of the country.

Kentucky possesses abundant natural resources, including the resources vital to energy production. The Commonwealth has large supplies of water—for processing, transportation and recreation.

The state has a high livability index.

State government programs have played a major role in bringing new industry to Kentucky.

Aggressive programs of industrial development, community development and research, a balanced state tax program; a modern highway system; educational improvements; parks development; strong but reasonable environmental control measures have all helped to promote industry and to provide a climate where industry can profitably operate.

A TRIBUTE TO FRUIT—is observed every August in Fulton during the International Banana Festival. At Frankfort's Capital EXPO, May 24-27, Fulton's Bicentennial Committee announced they would be represented by their famed banana ice cream in the Foods Festival.

## Fulton's Banana Festival Joins In EXPO-Bicentennial Celebration

FRANKFORT—Fulton County's Bicentennial Committee announced they would participate in Kentucky's 200th Birthday Celebration at Capital EXPO in Frankfort, May 24-27.

Each year in August, the people of Fulton County stage their International Banana Festival honoring the tropical fruit which contributes so much to the economy of Fulton. Among Capital EXPO's many Local Festivals, Fulton County will be represented by their banana ice cream. Picturesque tents erected on the deck of Capital Plaza featuring booths will sell foods representative of a particular region or ethnic group of Kentucky.

During the massive four-day Memorial Day Weekend

Celebration of Kentucky's Bicentennial, food will be only one portion of the festivals scheduled. All daily activities are free to the public in a colorful spectacular designed to appeal to everyone.

Artists and craftsmen will stage demonstrations of their skills ranging from pottery-making to sheep-shearing. Everything from quilts to sunbonnets, jewelry-making to weaving, all relevant to folk customs of the Bluegrass State.

Special exhibits such as the Harrodsburg mobile replica of Fort Harro, and Kentucky's Historymobile focus attention on past achievements of The Commonwealth.

The nights will be highlighted by nationally-known entertainers. Nancy Wilson and

The Louisville Orchestra are presenting a concert of blues, jazz, and ballads on Sunday night, May 26. Bluegrass, country, rock, pop spirituals, gospel, soul, and folk music will be represented on other nights in a combination of free and pay performances.

Mrs. Paul Westpheling, a charter organizer of the International Banana Festival, now Executive Assistant Chairman of Kentucky's Bicentennial Commission, said today, "the appearance of the International Banana Festival at Capital EXPO will add an international flavor to the entire program. This flavor adds to the uniqueness of the Folklife Festival, and will add a colorful and diversified atmosphere."

## Schmidt Nominated To Succeed Germany's Chancellor Brandt

BONN, West Germany (AP)—West Germany's ruling Social Democratic party nominated sharp-tongued Finance Minister Helmut Schmidt today to succeed Chancellor Willy Brandt after Brandt's unexpected resignation.

Brandt, 60, whose "Ostpolitik" policies for East-West détente won him the Nobel Peace Prize during his 4½ years in office, fell victim to a spy scandal on top of state election setbacks for his socialist party.

Foreign Minister Walter Scheel, Brandt's vice chancellor and the leader of the junior partner in the coalition government, took over the caretaker cabinet left by Brandt. He will serve until Schmidt's election by the lower house of parliament.

Heinz Kuehn, deputy chairman of the Social Democrats,

told newsmen Brandt himself proposed the 55-year-old finance minister as his successor.

Schmidt was nominated by the party's presidium and a caucus of its members in parliament was called for later today to approve the nomination.

Kuehn said Brandt would retain the chairmanship of the party, despite his retirement from the government.

The Social Democratic spokesman emphasized that the party would continue its alliance with the Free Democrats, whose 41 seats in the lower house give the government a majority of 46 instead of leaving it 36 seats in the minority.

## Scott Says Transcripts Reveal 'Shabby, Disgusting Performance'

WASHINGTON (AP)—Senate Republican Leader Hugh Scott said today President Nixon's Watergate transcripts reveal "a shabby, disgusting, immoral performance" by all of those involved.

Scott, who has defended the White House and said portions of the transcript he saw last winter showed Nixon's in-

nocence, gave reporters some sharp comments on them based on reading about 800 of the 1,300 pages.

"I think it's a shabby, disgusting immoral performance," the Pennsylvania Republican said. Asked if he meant by the President, he replied "by each of those persons according to what he said."

Scott said "I am enormously disturbed that there was not enough showing of moral indignation."

However, he declined to say anything further and, when asked if he still thought the transcripts "exculpate" the President, said he stands on a statement he made last Friday.

At that time, he said the full transcripts of the March 21 meetings involving President Nixon and former counsel John W. Dean III are consistent with the summaries and excerpts he was shown last winter.

Meanwhile, the Senate Watergate committee said it still needs five subpoenaed White House tapes, despite President Nixon's released of edited transcripts of the conversations.

At the same time, White House lawyers were given five more days Monday in which to stave off a showdown with the Watergate special prosecutor over 64 tapes sought for use in the Watergate cover-up trial.

The Senate committee, in papers filed with the U.S. Court of Appeals, called Nixon's transcripts "suspect" and "neither complete nor accurate." The court had asked the senators what stake they still have in the court fight in light of disclosures already made, including the transcripts.

The committee sought tapes covering five presidential conversations in a subpoena issued last July 23. Monday it said the tapes still are needed if the committee is "to inform the public of the extent of corruption in the executive branch."

TERMITE-CONTROL Salesmen may be unsavory pests. Termite swarms are not the only things that emerge with warm days. So do door-to-door salesmen who would like to sell you termite control or protection. If you feel your house has a termite problem, seek out a professional pest-control firm in your area. Check to make sure it has an established place of business.

Don't hesitate to ask a firm for business references and check them. Reliable firms welcome this approach. Kelley's Pest Control, 100 South 13th, Street an old reliable establish firm-locally owned and operated for over 30 years. Members National Pest Control Association, Kentucky Pest Control Association and Murray Chamber of Commerce. Free inspection, call 753-3914 Sam Kelley, owner.

## Deaths and Funerals

### Elmo Smith Dies Monday; Funeral To Be Wednesday

Word has been received of the death of Elmo Smith of Foley, Mo., who died Monday at a hospital in St. Louis, Mo. He was 69 years of age and his death was due to cancer.

The deceased was the son of A.B. (Jack) Smith of Farmington and the late Janie Hart Smith. He was married to the former Lalla Swift who preceded him in death on May 1, 1944. He later married the former Evelyn Clendenon of Almo who survives.

He is survived by his wife, Mrs. Evelyn Smith of Foley, Mo.; two daughters, Mrs. Charles (Doris) and Miss Gail Smith of Foley, Mo.; two sons, Jimmy Morris Smith of St. Louis, Mo., and Gary Smith of Foley, Mo.; two sisters, Mrs. Ed (Dorothy) Craig of Farmington and Mrs. Bill (Hilda) Hughes of Carmi, Ill.; three brothers, Udel Smith of Kirksey Route One, H.B. Smith of St. Louis, Mo., and Hugh Smith of California.

Two local nephews are Jerry Bazzell and Charles Smith, both of Mayfield Route Seven. He is also survived by several cousins here.

Funeral services will be held Wednesday at three p.m. at a funeral home in St. Louis, Mo., with burial to follow in the Lake Charles Cemetery there.

### Richard Roberts' Rites Held Here

The funeral services for Richard R. Roberts were held Monday at two p.m. at the chapel of the J.H. Churchill Funeral Home with Rev. C.C. Braisher officiating.

Ira Scates, David Rayburn, Clint Lawson, Jimmy Cherry, Bill Roberts, and Raymond McCuiston served as pallbearers. Burial was in the Murray City Cemetery.

Mr. Roberts, age 88, died Saturday at 11:50 p.m. at his home on Murray Route Three. He was a member of the Elm Grove Baptist Church and was a retired maintenance worker. Survivors are his wife, Mrs. Bertie Parker Roberts, and one daughter, Miss Fay Roberts, both of Murray Route Three, and one son, Lubie Roberts of Murray.

### Funeral Wednesday For Thomas Tucker

Funeral services for Thomas Clayton Tucker, Jr., age 16, will be held Wednesday at 10:30 a.m. at the Woodfin Memorial Chapel, Murfreesboro, Tenn., with burial to follow in the Smotherman Cemetery there.

Young Tucker died Saturday at four p.m. at Sun Prairie, Wisconsin. He was the youngest of three children and was a high jumper in the state of Wisconsin and died when he hit high tension wires while making a jump. He attended Calloway County High School during the school year of 1972-73.

Survivors are his parents, Mr. and Mrs. Thomas Clayton Tucker, Sr., of Sun Prairie, Wisconsin, and his grandparents, Mr. and Mrs. E.C. Tucker of New Concord.

### Rodney Paschall's Rites Held Monday

The funeral services for Rodney Lane Paschall were held Monday at eleven a.m. at the chapel of the Blalock-Coleman Funeral Home with Rev. Pete Carlisle and Rev. David Brasher officiating.

Serving as pallbearers were Jerry Chapman, Daryl Cain, Larry Tucker, Howard Newsome, Curtis Tucker, Ricky Lowe, Phil McCallon, Barry Harrison, David Emerson, Paul Ross, Roger Potts, and Randy Tucker. Burial was in the Kirksey Cemetery.

The youth, age 18, died Saturday at 5:45 a.m. at his home. He had been ill since being injured in an automobile accident on October 24, 1972.

Survivors are his parents, Mr. and Mrs. James C. Paschall, and his sister, Mrs. Eddie Chapman, all of Murray Route Two; grandparents, Mrs. Tempest Paschall of Murray Route One and Tellus Myers of Paducah.

### Hubbard...

(Continued from Page 1)

The only way we can strengthen confidence in our government, Hubbard added, is to bring about sweeping changes across this nation in the leadership in Washington.

Hubbard also said that he believed another aid in solving the economic crisis would be to increase farm productivity. The senator said that the farmer's situation must be improved and charged that Rep. Stubblefield has not been present to vote on important farm legislation. "During the first three months of this year, his attendance record is 65 per cent according to Congressional Quarterly," Hubbard said.

Hubbard said that, if elected, he plans to "speed up the early beginning date of construction of Highway 641 between Murray and Benton and also the early construction date for the four-laning of Highway 45 between Paducah and Mayfield."

Hubbard said he feels it is "ridiculous" that Murray does not have a four-lane highway and added that "I think it's a shame that Interstate 24 wasn't built through Calloway, Marshall and Graves counties on its way from Nashville to Paducah."

"The future of Murray should be bright," the senator said, but Murray, Kentucky, has been strangled by having these crooked, heavily traveled highways."

Hubbard said that he feels the endorsement of his candidacy by the AFL-CIO and the United Mine Workers is a definite plus to his campaign. He added that the AFL-CIO has contributed to his campaign while the UMW has not.

When questioned on his vote against the Equal Rights Amendment Hubbard said, "There are many people who have reservations about the goals of these groups who do support ERA...the measure sounds harmless...but there have been some doubts" as to the overall effect the amendment would have.

Hubbard said he supported complete financial disclosure for public officials and indicated that he thought he would help to reestablish confidence in those elected officials.

### Cook...

(Continued from Page 1)

The law involved says a candidate's filing papers are incomplete and are not to be accepted by the Secretary of state or pertinent official unless they include the form designating the candidate's campaign treasurer.

Mrs. Stovall received a letter from Willis April 3, the filing deadline, naming himself as treasurer. Hancock told Mrs. Stovall the letter was invalid and the designation would have to be on forms designed for that purpose by the registry of election finance.

Willis then submitted the proper forms naming himself as treasurer April 5, the same day Cook named his treasurer for the first time.

Meigs held both Cook and Willis were in substantial compliance with the state's main election law because they had filed their notification and declaration papers on time as set out in it.

Meigs said the purpose of the law on campaign treasurers was to give the public access to information on a candidate's campaign spending and contributions.

That purpose was served by Cook, Meigs said, because he had not spent any money nor cashed any of his contributors' checks until after he named his treasurer. And Willis had even notified Mrs. Stovall and the Registry who his treasurer would be but merely had not done so on the proper form, he said Monday.

Therefore, Meigs said, it would be a triumph of form over substance to invalidate a person's candidacy on such grounds.

Cook's opponents in the primary, as the ballot now reads, are Thurman Jerome Hamlin of London and William Klein of Louisville. They both often have run unsuccessfully for political office in the past.

Willis, who also is a perennial candidate who has never won a race, is opposed by Nick Augusta, Cumberland, and William Worthington, Coxton, in the primary. The victor will face incumbent Rep. Tim Lee Carter, a Republican from Tompkinsville.

WELCOME TO THE BRONX—The Bronx zoo acquired two new members for its menagerie. A rhea, left, a bird from South America, walks near its egg shell at the zoo, and an ant pitta, right, a species from Bolivia, gets a feeding. The ant pitta is the first born in captivity.

(AP Wirephoto)

### Schultz Says Interest Rates May Be Near Peak

WASHINGTON (AP) — Americans cannot expect any relief from record high interest rates without progress in the fight against inflation, says outgoing Treasury Secretary George P. Schultz.

But Schultz, who leaves office Wednesday, says interest rates may about have reached their peak. Schultz commented after the interest rate for government short-term borrowing—in the form of Treasury bills—hit a record 9.036 per cent Monday.

Schultz said interest rates, especially long-term rates, are being kept high by inflation. He indicated he agrees with policies of the Federal Reserve Board to moderate the growth of the nation's money supply and keep a tight rein on the supply of credit, actions designed to restrain inflation but that also help push interest rates upward.

### State Reduces Deposits In Frankfort Bank

FRANKFORT, Ky. (AP) — State Treasurer Drexell Davis says the state has reduced its interest-free balance in Farmers Bank of Frankfort by \$5 million—and the action should increase state revenue by about \$350,000 a year.

Davis said the balance was reduced from \$30 million to \$25 million, effective last month. The interest-free \$25 million is commonly referred to as a "compensating" balance, because interest which the bank earns from it is designed to repay the bank for various services performed free for the state.

The additional \$5 million will be available for overnight or over-the-weekend investment. In the past, the funds in the state's general-depository account had earned no interest.

### Optimist Club To Meet Tonight, 7 p.m.

The Murray Optimist Club will meet tonight at the Seven Seas Restaurant at 7:00 p.m.

The scheduled speaker is Stuart Poston, administrator of the Murray-Calloway County Hospital. His subject will concern the newly established Blood Bank Program, which is being administered with the cooperation and support of the Murray Lions Club.

"This meeting should be of interest to any person interested in his county and community," a spokesman for the club said.

### Sigma Department Plans For Summer Kindergarten Here

The Sigma Department of the Murray Woman's Club will sponsor an eight weeks session of kindergarten this summer.

The program is especially planned for children who will be entering the first grade this fall and who have not had an opportunity to attend kindergarten.

Mrs. Bob Toon, Sigma Summer Kindergarten chairman, said the program will be held at the Robertson School Kindergarten room from 8:30 to eleven a.m., Monday through Friday.

Children may attend this program at a minimal cost. Parents who have questions concerning the program may contact Mrs. Toon at 753-1436 after five p.m. each day.

### Newcomers Club Plans Meeting Here Thursday

The Welcome Wagon Newcomers Club will hold its regular meeting in the basement of the First Christian Church on Thursday, May 9, at 7:30 p.m.

This will be Crazy Bridge night and persons can play without knowing the game of bridge, said Lynn Johnson, program chairman.

Randy Whitlow will be hostess chairman. All members and other interested persons are invited to attend.
