VOLUME III.

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, SATURDAY, MAY 5, 1888.

NUMBER 96.

## CONDENSED NEWS.

At Columbus, O., Allen O. Myers, the tally sheet forger, was sentenced to ninety days in jail and fined \$300 by Judge Pugh on Thursday.

Thursday night at Warrior, Ala., Geo. Martin, a miner, shot and killed Deputy Marshal Kelly. A mob took Martin from the officers, hanged him and filled his body with bullets.

Chief Justice Galt has given an important judgment bearing on the arrest of criminals in Canada, from the United States. In granting an application for a writ of habeas corpus in the case of Morse, wanted at Rochester for attempted murder, he expressed the opinion that a telegram from American officers was not sufficient authority on which to arrest a criminal under the extradition act.

A telegram from Lebanon, Tenn., states that Thursday night John J. Ingalls was burned in a fire about a mile from that place. Public indignation at his speech in the senate on Tuesday was manifested by the assembling of about 300 citizens shortly after supper, who formed in a procession with Ingalls in effigy placed in a wagon at their front, marched through the principal streets into the suburbs. There the vituperative Kansas Senator was subjected to the strongest expressions of contempt which a people can manifest.

Deputy United States Marshal Wickliffe returned from Caldwell county Thursday with a negro named Jim King, charged with setting fire to a trestle on the Newport News and Mississippi Valley railroad last fall, near Paducah, whereby a freight train was wrecked and the engineer and brakeman killed. The crime was the most atrocious ever perpetrated in that part of Kentucky. King was a section hand and burned the trestle because notified he was to be discharged. There is conclusive evidence against him and much talk among the railroad men here of lynching him.

Mrs. J. K. Landis, of Jackson, Tenn., purchased a round trip ticket to the Louisville Exposition in the fall of '83 on the Louisville and Nashville railroad. The ticket was signed by her brother-in-law there. She had to sign again before returning. The agent had to stamp the ticket and on account of the dissimilarity of the handwriting, the conductor harassed and threatened to put her off the train until she gave him her baggage checks. The baggage was held by the company for some time. Suit was brought against the Louisville and Nashville railroad company. The Supreme Court today affirmed the case, finding Mrs. Landis \$1,000 damages.

A strange matrimonial arrangement was agreed to by Mrs. Tennessee Connor, her husband and a young man named Ed Hill, near Beckville, Paducah county, Texas, Thursday. Mrs. Tennessee has been the wife of Mr. Connor about twelve years. During that time, the lady claims, they lived together nominally as man and wife, but not in the conjugal relation. A short time since she met with Hill and became greatly attached to him. Her infatuation reached a climax Thursday when she proposed to her husband to sign over to him all her right, title and interest in the lands owned by them, for which he should divide the household goods with her and she would take Hill and go. The proper legal papers were made out and duly signed, when she took leave of Connor to go with her new affinity.

The great tunnel through the Cascade Mountains on the Northern Pacific road has been cut through. The tunnel, which is 9,900 feet long, is through solid rock nearly all the way and has been finished as the work proceeded. Trains will be running through it within two weeks. The tunnel was begun early in 1886 and the contract was for about \$2,000,000. When the work was begun there was no road leading into the mountains, and all the heavy machinery had to be hauled in on wheels and then transferred to runners. In some places the pressure of the mountain is so great that clay is forced up from the bottom and an inverted arch of stone had to be constructed to keep the clay down. The work has been carried on by electric light, power for which is a small mountain stream which flows down the mountain and falls directly over the mouth of the tunnel.

An account of the duel between two of the most prominent men in Jackson, Miss., is told by an eye witness. The duel occurred between the editor of New Mississippian, Martin, and Gen. Adams. Martin was returning to his office from his dinner at about 2 o'clock, when he met midway between his home and his office by Gen. Adams and a friend who had left the post-office a few minutes earlier, and were proceeding towards Martin's home. An eye-witness, Walter Johnson, who was standing near, states that Adams stopped Martin and engaged him in conversation for about a minute when Adams drew his pistol and fired, knocking Martin's hat off. Adams' second shot brought Martin to his knees. The latter experienced considerable difficulty in drawing his pistol but finally succeeded; he fired rapidly. A third shot by Adams caused Martin to fall flat on his back. After a few seconds, however, he partially rose, and, steadying himself on his elbow, shot Adams directly through the heart, killing him instantly. Martin lived a few minutes only, remarking to Charles Campbell, "I am a dead man." Owing to the fact that Martin is believed to have received four shots, while only three chambers of Adams' pistol were empty, some suspicion attaches to Ned Farrah, Adams' friend, and an investigation will be held. Martin, though only 25 years of age, stood at the head of Mississippi journalism. Gen. Adams was between 65 and 70 years of age and was one of Mississippi's most distinguished men.

## FOOD TESTS IN NEW YORK.

### Official Analysis of Baking Powders—Adulterations in Cream of Tartar.

Under the direction of the New York state board of health, eighty-four different kinds of baking powders, embracing all the brands that could be found for sale in the state, were submitted to examination and analysis by Prof. C. F. Chandler, a member of the state board and president of the New York City board of health, assisted by Prof. Edward G. Love, the well-known United States government chemist.

The official report shows that a large number of the powders examined were found to contain alum or lime; many of them to such an extent as to render them seriously objectionable for use in the preparation of human food.

Alum was found in twenty-nine samples. This drug is employed in baking powders to cheapen their cost. The presence of lime is attributed to the impure cream of tartar of commerce used in their manufacture. Such cream of tartar was also analyzed and found to contain lime and other impurities; in some samples to the extent of 93 per cent. of their entire weight.

All the baking powders of the market, with the single exception of "Royal" (not including the alum and phosphate powders, which have not the virtue of even an impure cream of tartar), are made from the adulterated cream of tartar of commerce, and consequently contain lime to a corresponding extent.

The only baking powder yet found by chemical analysis to be entirely free from lime and absolutely pure is the "Royal." This perfect purity results from the exclusive use of cream of tartar specially refined and prepared by patent process which totally remove the tartrate of lime and other impurities. The cost of this chemically pure cream of tartar is much greater than any other and on account of this greater cost is used in no baking powders but the "Royal."

Prof. Love, who made this analysis of baking powders for the New York state board of health, as well as for the government, says of the purity and wholesomeness of the "Royal":

"I find the Royal Baking Powder composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates or other injurious substance."

E. G. Love, Ph. D.

It is highly satisfactory to the housekeepers of this vicinity, where the Royal Baking Powder is in general use, that the investigations by the analysts in Massachusetts, New York and Ohio the only states that have thus far taken action upon this important subject, agree in classing it as the purest and most efficient baking powder in the market.

Pe-r-u-na has undoubtedly cured more cases of consumption than all the other remedies put together.

See in "Life of Life" how Man-a-lin cured F. Brown, of 409 Gravier St., New Orleans, of Intolerable Piles.

While there is life there is hope, if the patient's friends will but insist on trying La-cu-pla.

Piles and Flatula troubled Charles Frank, of Emrichsville, O., till he took Man-a-lin.

Mr. W. H. Barr and daughters, Misses Minnie and Willie, having green, have for several days been the guests of Mr. P. P. Hoffman, near Church Hill.

Cadia Telephone: Mr. Thomas Hanberry, of the firm of Hanberry & Shyer, commission merchants at Hopkinsville, was in town the first of the week on business.

Cadia Telephone: Mr. W. A. Wilgas, editor of the Hopkinsville South Kentuckian, spent several days in the country the first of the week in the interest of the paper, and in the delight of sport of fishing.

## To Tri-Weekly Subscribers.

Our offer to delinquents (allowing them to pay at the rate of \$2.00 a year, when they pay to date and for a year in advance) has been responded to in a very satisfactory manner, but there are a few who have not yet been heard from.

For the benefit of those few we will extend the time in which they may come up and settle under the above proposition to July 1st. We now hope all will come in and secure a ticket in our drawing for every dollar they pay. Note well the terms; old scores at \$2.00 a year, a year in advance \$2.00, a ticket with every dollar until July 1st to come in.

## Casky Grange Sale.

The annual Grange sale at Casky occurred Thursday. The day was beautiful and the usual rain failed to occur.

There was but a small crowd and the stock offered for sale were few in number and not very desirable in quality.

Col. M. D. Brown acted as auctioneer and completed the job in a couple of hours. The prices offered were very poor and many of the sales were rejected.

Interviews with several farmers developed the fact that dry weather has made short pasture and cattle are consequently in poor condition. This accounts for the poor sales.

The ladies were out in full force and big baskets filled with the best of eatables were plenty. The dinner was what it always is, bountiful and superb.

F. S. Beaumont, Pembroke, had on exhibition his beautiful young imported horse, "Home Rule." He is as noble an animal as one could wish to look at.

"Retort," Mr. Noe Dill's thoroughbred horse was on the ground. He was in poor condition, but his blue-blood nevertheless was apparent and he had many admirers around him.

W. T. Radford & Son had on exhibition a few of their celebrated herd of Holsteins and they were the center of attraction during the day.

## Conference Proceedings.

The Russellville District Conference of the M. E. church which closed its session of four days in this city on last Sunday night, was a delightful and at the same time interesting gathering of the servants of the Master. The session was called to order Thursday morning by Elder Hays and presided over by him that day. Friday Bishop Hargrove took the chair and held it the remainder of the week. There were 12 or 15 ministers present and quite a number of lay delegates. Each night there was good preaching and large congregations to hear the Word. On Sunday at 11 o'clock a. m., the church was packed to hear the Bishop, who delivered himself of a capital discourse, and in his usual polished style. Sunday afternoon at 3 o'clock there was held a mass meeting of Sunday school, when addresses were delivered by Revs. Bottomly and Bigam, of Hopkinsville. The sermon Sunday evening was delivered by Rev. Lawson, of the widows and orphans home at Louisville, who told his people much that was interesting concerning that useful institution of the church. It is but justice to say in this connection that Bishop's choir rendered excellent music, while our good people, irrespective of denominations, opened their homes and generously cared for both the ministerial and lay guests—Eklon Progress.

A. D. RODGERS, Sec.

The Russellville District Conference of the Southern Methodist church closed its session at Eklon on Tuesday. Good reports from all of the churches in the district were made. The next session will be next April, at Red Oak, Logan county.

A gentleman from the northern part of the county brings the news that Mr. J. B. Bear, a farmer of that section, while cutting wood on Tuesday, had the misfortune to cut his foot off. The ax glanced and struck his foot at the joint. It is thought he will recover.

J. J. Conway, of Louisville, introducing new planters supplies in summer goods, says trade is not so good now as a year ago. This was borne out by Bro. Ducker, of Thompson & Reynolds, who said that the doctors were ruining his trade, as they were not giving much medicine now.

Mr. Chas. M. Lacey, in coming down stairs Wednesday, fell and dislocated his left shoulder, also fracturing the bone. Mr. Lacey has but recently returned from Hot Springs, his health having been entirely restored. Dr. Fugus attended to his shoulder and he is doing well under treatment.

Central City Republican: Cut-worms are pretty bad in this county, thank you. Jake Simpson says they pull up his cabbage plants as fast as he sets them out. A farmer from "down the country" says they eat his seed corn and try to catch him before he gets home so they can get the sack.

McElreath Wine of Cardui is for sale by the following merchants in Christian County:

H. B. Garner, Hopkinsville, Ky.

G. E. Gaither, " "

Hopper & Son, " "

J. R. Armistead, " "

Clifton Coal Co., Mannington, Ky.

W. H. Nolen, " "

W. H. Martin, Crofton, Ky.

M. B. Miller, Pembroke, Ky.

The Anti-Slavery Busch Brewing Association, of St. Louis, has just completed a commodious Refrigerating storage room in Clarksville, having converted one of the upper and one of the cellar rooms of Crumman's warehouse to that purpose. It will have the capacity of storing several car loads of beer and fifty tons of ice and will make Clarksville one of the wholesale distributing points, with Mr. J. J. Crumman as their wholesale agent for both keg and bottled beer.

Judge Whitfree concluded that it was not safe to keep Braxton here and after the conclusion of the trial Thursday night the officers spirited him away. He was taken to Kelly Station and remained there over night and till the 10 o'clock train passed Friday morning when he was carried to Henderson. When the officers started to jail with him he broke down, cried like a child and trembled as if with an ague. He begged them not to put him in jail, saying "they will kill me; I know they will; take me away, please; I don't want to be hung."

Hopkinsville was well represented at the Casky grange sale on Thursday. Many young people attended and all enjoyed themselves immensely. Of those present the following young ladies and gentlemen were honored by Miss Mary Wendell with an invitation to tea: Misses Jennie Means, Mary Clark, Mary Barbour, Fannie Fairleigh, Nannie Barbour, Madge Fairleigh, Emma Wheeler, Julia Venable, Eda Pierce and Messrs. John Campbell, Emmet Cooper, Will McDonald, Sherwood Buckner, Gray Lewis and Homer Prince. The evening was one of much pleasure to them. Nearly all returned on the 9 o'clock accommodation.

Cadia Telephone: The case of the Commonwealth vs. Miles G. Radford, charged with murder, was called for trial last Monday. The plaintiff announced as ready, but the case was continued on motion of the defendant, owing to the absence of all of his witnesses. His attorneys, who live at Hopkinsville, also failed to put in their appearance. Why the old man should be left in this deplorable condition we are unable to say, unless this was thought to be the most favorable method of securing a continuance. It is more than likely that the old man will never be tried until he shall have been called before a tribunal that ereth not, and one that never grants a "continuance."

## Duncan Galbreath is underselling every one in the jewelry line.

Be sure and go to the meeting of the Commercial Club; business of importance will come up.

State and county taxes are now due and it will be to bear in mind the six per cent. penalty after September 1st.

The Commercial Club meets on Monday night at Howe's Hall. A full attendance of the members is requested as matters of importance will be transacted.

The seventh, eighth and ninth grades of the public school went to the country Friday for a picnic. The point selected was the poor house spring, four miles north of the city.

The Knights of Pythias banquet in honor of H. R. Abernathy has been postponed for some time—in fact no action at all has ever yet been taken by the lodge on the matter.

The first installment of "Enchanted Isles," a splendid story by Olive Harper, will be published in the next issue of the New Era. This is an interesting story and is suitable for both old and young people.

The State Board of Equalization has added six per cent. to the assessed value of property, both real and personal in this county adding about \$300,000 to the assessor's valuation, and making the rate about 87c.

The Democrats of this county will hold a mass meeting to-day. A large attendance is hoped for. The delegates to the state convention will be instructed for Jas. A. McKenzie for delegate at large.

Little Annie Todd Kelly, Mr. Walter Kelly's little daughter, who was tossed by a cow and bruised a little a few days ago, has recovered from her slight injuries and gotten over her scare. The little girl had a narrow escape.

Harry Garner has been suffering for some days with something like a rising in his ear. Dr. Nesbitt, who has been attending says he is of the opinion that an abscess will form, but that the trouble is only local and will amount to nothing serious.

The crowd of spectators in the court room during the trial of Crutchfield and Braxton was larger than has been present at any trial this year. During all the long tedious hours of the two days the size was never diminished. The colored element predominated.

The board of city tax supervisors to correct errors in assessor's books for 1888 will be in session at police headquarters at 2 o'clock p. m., on Wednesday, May 9th. All those who think their property has been assessed at too low a figure may call at that hour and have the assessment figures raised.

The Henderson Gleaser says that Mr. John Mills met a gentleman on the train Sunday, who is familiar with the O. V. secrets, who told him that the road had secured an entrance into Evansville, and would begin at once to push their line south from Princeton. This is encouraging news and we hope it may materialize.
