Barkley Boat Dock Lease Is Extended

FRANKFORT, Ky. (AP) — The state extended and revised the Lake Barkley State Park boat-dock lease after high state Democratic Party officials bought the business, Parks Commissioner Ewart Johnson says.

J.R. Miller, state party chairman, and Thomas C. Carroll, state party legal counsel, bought the dock business Feb. 26 for \$165,000.

Commissioner Johnson said Wednesday that on Feb. 27 the Parks Department signed a new lease to run until 1999, a 16-year extension.

Under the new lease the percentage of gross income from gasoline sales paid by the dock operators to the state was reduced from 12 to 7 per cent.

The state's percentage of revenue from boat servicing and rentals also decreased, from 12 to 5 per cent.

The new lease requires the dock operator to make "all nec-

essary repairs to the premises" while the old lease required the Parks Department to "make necessary repairs and paint the structures."

Johnson said the new lease is a better deal for the state because his department "doesn't have enough maintenance people to do maintenance work on the parks" let alone the added job of keeping up boat docks.

Miller and Carroll bought Moffett's Dock Service Inc. from Ervin Moffett and on Feb. 28 Moffett's Dock Service assigned the state contract to Lake Barkley Enterprises Inc., a new corporation.

Carroll said he and Miller are the only stockholders in Lake Barkley Enterprises.

Johnson said the extension and other changes in the new lease were to offset the increased maintenance work it requires Lake Barkley Enterprises to perform.

Mrs. Polley, who is one of 14 students to receive the scholarship grants, was sponsored by the Civitan Club of Murray. She is a Senior at Murray State University.

The grants honor Dr. Courtney W. Shropshire, a Birmingham physician who was

the founder and first international president of the six-nation service club, Civitan International.

The grants are made to college students and graduate students who are preparing themselves to teach history, social science, economics, civics or special education.

The grants range from \$400 to \$1,000, based on a number of factors, including need and the availability of funds from the Civitan International Foundation.

"You are to be congratulated because the Committee considered your potential was very high for promoting the democratic way of life and our system of free enterprise, both of which we, as free people, hold most dear," the letter to the recipients said. "Our organization needs the help of young people like you in carrying out our objectives of promoting good citizenship and helping others."

Nixon's Refusal To Comply With Subpoena Providing New Grounds For Impeachment, Members Report

WASHINGTON (AP) — President Nixon's refusal to comply with a House Judiciary Committee subpoena for 11 Watergate tapes is providing new grounds for impeachment in the view of some members.

"It means the cover-up continues," said Rep. George Danielson, D-Calif., after Nixon notified the committee Wednesday he would not comply with the subpoena or any other it issues for Watergate material.

"It's hurting him with the committee," said Rep. Tom Railsback, R-Ill., one of a number of Republicans who expressed disappointment at Nixon's action.

Chairman Peter W. Rodino Jr., D-N.J., calling Nixon's refusal "a very grave matter," scheduled a committee meeting for next week to deal with it.

There was some talk of citing Nixon for contempt of Congress and of seeking court enforcement of the subpoena, but a majority appeared to favor taking the President's action into account when considering

whether he should be impeached.

The committee staff has advised that it is proper to infer that anyone possessing and refusing to provide subpoenaed evidence is withholding material that could be incriminating.

In a letter to Rodino saying he would not produce the tapes, Nixon said the committee's request, and others it is getting ready to make, amount to "a massive invasion into the confidentiality of presidential conversations."

"More fundamentally, continuing ad infinitum the process of yielding up additional conversations in response to an endless series of demands would fatally weaken this office, not only in this administration but for future presidencies as well," Nixon added.

Rodino rejected Nixon's argument, saying the committee's requests were narrowly drawn and related specifically to the impeachment inquiry.

"There is no way the presi-

dency will be weakened by the constitutional process we are conducting. The republic will be strengthened."

Rodino said the committee will issue more subpoenas if it decides the White House is withholding evidence it needs. The next one likely will deal with the dairy funds and ITT controversies.

The committee has requested tapes of 66 conversations in these two areas and Nixon's lawyer, James D. St. Clair, told it Wednesday it would get only one partial transcript.

The committee delved deeper into the crucial March 21, 1973, stage of the Watergate cover-up Wednesday, adding secret grand jury evidence to its tapes of Nixon's conversations dealing with hush money payments.

The welcome will be by Julie Greenfield, class president, and the invocation will be by Kathy Rose, class vice-president. The benediction, "The Lord's Prayer," will be sung by Amanda Hoke Burrows, class member.

Mrs. Josiah Darnall will direct the combined choruses in singing the number, "Man and His World."

The presentation of awards and diplomas will be Principal Crittenden, Supt. of Schools William B. Miller, Lubie Parrish and Ferrell Miller,

chairman and vice-chairman respectively of the Calloway County Board of Education.

The seniors held their prom on Friday, May 17, at the Murray State University Student Union Building. The theme was "Seasons in the Sun" and the featured band was Shag from Lexington.

The awards day for the underclassmen will be held at Jeffrey gym on Tuesday, May 28, at 9:30 a.m.

Also at this awards day the seniors will dedicate the 1974 Laker annual. The name of the person to whom the annual is dedicated will be announced on that day by Lynn Erwin, Laker editor, and Mrs. Geraldine Myers, Laker advisor.

The last day of school will be Thursday, May 30, with the opening time to be at 8:10 a.m. and the closing time at 11:05 a.m., according to Principal Crittenden.

Life In Prison Possibility Now Facing Patricia Hearst

LOS ANGELES (AP) — Patricia Hearst faces the possibility of life in prison as she is hunted as kidnap suspect rather than kidnap victim.

In a further dramatic turn about since her kidnapping by the Symbionese Liberation Army Feb. 4, Los Angeles County Dist. Atty. Joseph Busch lodged 19 felony charges against her Wednesday.

"She faces life imprisonment," Busch said. "In our opinion, Miss Hearst was acting on her own free will," he said in outlining the charges, which included four counts of robbery, five of assault with a deadly weapon with intent to commit murder and two of kidnapping. They were filed against Miss Hearst and William and Emily Harris.

Busch called again on the three to surrender, but expressed doubt that they would and said there would be "no deal." He said he believed it was the first time a kidnap vic-

tim had become a kidnap suspect.

Miss Hearst, 20-year-old coed and heiress to a publishing fortune, and the Harrises, a white couple who police say comprise the remnants of the S.L.A., were charged with 18 counts each. A 19th charge, of aiding and abetting assault, was filed against Miss Hearst, and it raised the possibility that police believe she may not be with the Harrises.

The assault charge accuses Miss Hearst of being with two black men who tried unsuccessfully to slash a Los Angeles landlady last Sunday when she denied the three a room. Some of the other alleged "sightings" of Miss Hearst have placed her with persons other than the Harrises, and an 18-year-old youth says he saw her leave a Los Angeles house last Thursday with two black men. It was that house where six S.L.A. members died in a fiery shootout last Friday.

Meanwhile, in San Francisco, a grand jury prepared to hear testimony today about an S.L.A. bank robbery there and the kidnapping of Miss Hearst. Wit-

nesses were said to include Tom Dean Matthews; Patty's mother, Catherine; and Steven Weed, the 27-year-old tutor she fell in love with in high school and was to marry this summer.

Matthews, 18, reportedly told FBI agents that Miss Hearst said she fired 30 rifle shots during a getaway from a sporting goods store last week. He said she and the Harrises kidnaped him, and said Miss Hearst told him she had willingly taken part in the bank robbery and had joined the S.L.A. of her own free will.

The search for the three fugitives continued to center on Los Angeles, but FBI agents declined to be specific about leads.

Appeals mounted for them to surrender.

Commission Decides Not To Take Stand On Park's Chairlift

ELIZABETHTOWN, Ky. (AP) — The Environmental Quality Commission has decided not to risk reducing its influence with Gov. Wendell Ford by taking an official stand against the chairlift at Cumberland Falls State Park.

"Now that the governor has made his decision, if we make a point of taking a stand against him it will mean we will have less influence with him in the future," said Enno Sauer of Louisville, a member of the advisory group appointed by the governor.

"I don't think it makes any difference at what point we advise the governor," another commission member, Oscar Gerald of Lexington, said Wednesday in the group's Elizabethtown meeting.

"He won't listen to us," said Gerald, who is chairman of the Sierra Club in Kentucky.

Gerald said the chairlift, to be owned by Prestonsburg businessman Ed Music, is an "abomination on the people's land." Ford did not consult the commission before approving the project. A swath of trees was cut on a hillside for the chairlift before any public announcement was made.

More Beef Soon

With meat, as with any other product for which there is strong demand, prices rise when supplies tighten. But the law of supply and demand works both ways. More reasonable profit combined with an outlook for better weather and more adequate feed supplies should encourage increased production resulting in more meat.

Trail Bike Controls Needed

It is evident from our vantage point that some form of control over the use of motorcycles, trail bikes and similar vehicles is needed within the City of Murray.

Granted, the greatest majority of "street" bikes do not create problems as they generally have adequate mufflers and travel on city streets in the same manner as automobiles.

The problem seems to stem from bikes designed for us "off-the-road" (rail bikes) equipped with a sound deadening apparatus that does not do the job anywhere near what would be suitable for use in a residential area, or from the larger racing bikes that have modified muffling system.

If trail bikes were properly muffled, as are street bikes, a major portion of the problem would be solved immediately, but riders say the additional mufflers rob their bikes of power needed for riding trails plus, we think, many of the younger generation, just as previous generations, are exhilarated by the loud sound of a gasoline-powered engine.

The special problems committee of the

Murray City Council, chaired by Melvin Henley, is presently studying and drafting various ordinances for the city council's consideration. We feel that the city must legislate against the nuisance created by a relatively small minority of bike riders in the city. We also hope, as suggested by councilman Henley and others, that a suitable place to operate the bikes can be provided.

Whatever ordinance is enacted, in itself, will not solve the problem. Two local motorcycle dealers have taken upon themselves to initiate an orientation program among the bike riders to explain the problems and offer assistance and solutions. This orientation program is a good idea but to be effective, must reach not only those riders who patronize the local dealers, but all bike riders and parents of bike riders within the city.

It is our hope that the trail bike riders, those who are presently being annoyed by bike riders in their area, and the city as a whole will benefit by whatever legislative action the council takes on the issue coupled with the location of designated areas for trail bike use.

Bicentennial Sabbath Observance Scheduled

A Bicentennial Sabbath will be observed in Kentucky May 24-26 as a special observance to remind Kentuckians of the importance of religion in the lives of the pioneers who opened the wilderness for settlement 200 years ago.

The three-day sabbath, which will be part of the nation's Memorial Day celebration, will allow all faiths to observe the Bicentennial on their normal day of worship.

A fitting topic, we think, has been suggested as a theme for the Bicentennial Sabbath sermon—"The Rock From Which We Were Hewn." The use of this sermon subject will unify all congregations in the state with the same message.

The Bicentennial committee has asked

that all churches in the Commonwealth observe the Bicentennial Sabbath by ringing their church bells at noon on their normal day of worship during the weekend observance. We urge the churches of Murray to participate in this event which is a part of Kentucky's Bicentennial celebration.

Along with the ringing of the church bells and the special Bicentennial message, congregations are also urged to observe the Sabbath in their own ways. The underlying theme of the special day of worship is "to have people in all of Kentucky's churches and synagogues emphasize the origins, traditions, hopes and ideals of the Commonwealth of Kentucky."

Letter To Editor

Response To Sen. Hubbard

Dear Editor:

I would like to comment on the article by Senator Hubbard, headed "Senator Hubbard Blasts Opponents Tactics and Campaign Chairman" dated May 4, 1974 in Cadiz Record. Also his comments on "Accent" Channel 6, Paducah, Ky.

I am not a politician and I will not get mixed up in who you vote for. I want you to know that this article was a pretty low blow to a man named Smith Broadbent, Jr. whom the majority of people have a lot of respect for.

Smith Broadbent, Jr. means a lot to the state of Kentucky and all of the counties in the state of Kentucky.

I would like to say that most anyone would like to have Smith Broadbent, Jr. as their campaign chairman, regardless what office they seek.

Smith knows people, has most state officials respect, regardless of party, and his influence is unlimited.

Mr. Broadbent has stayed mighty straight in his position. He is a man anyone can go see night or day for help, if they need help and they get it.

I am writing this to you in other counties, we, in Trigg County know that the statement was made to influence people with weak and one track minds. If you let this sway your vote, it has done the job that it was designed for.

I do not believe Smith Broadbent, Jr. is the kind of man to take advantage of anyone for monetary gain. He doesn't need the money. He would be the first to tell you that if I thought different, I would say so.

As far as Mr. Broadbent routing I-24, I doubt him having very much, if anything to do with that. My thinking is that if he had the power to bring I-24 any place and expect to gain, Mr. Broadbent would have moved it one-fourth mile East and let it run through miles and miles of his property.

I have been told that I-24 was routed, so in case of emergency, Fort Campbell would use it.

As the statement on "Accent" about I-24

going through different counties, to accommodate Fort Campbell and go through the counties mentioned you would have had to cross two big lakes and cost millions extra.

I have met Sen. Hubbard at a meeting or two, and found him to be a very nice young man. I am not writing this to condemn Carrol Hubbard, just the statement that was uncalculated for.

When a statement is made about some one like Smith Broadbent, Jr., then you get on some toes. This did not help Mr. Hubbard in Trigg County, it cost him.

I am sure that Mr. Broadbent drew the money mentioned on the Farm Program, I doubt very much that he drew any more percentage wise, than I did, as I am a small farmer and I drew what I was allowed.

Let me tell you people that do not know Smith Broadbent, Jr., a few things about him. He is first a good Christian, and church going man, he devotes lots of time to his state, county and to his fellow man. He averages 18 hours a day when he could be resting and enjoying things most people in his position are doing.

Mr. Broadbent is never too busy to talk and listen to the rich and the poor alike, when they have problems. He is fair in his business dealings, supports any project that is worthwhile. He does not try to degrade anyone that is in competition, whether it be business or politics.

Mr. Broadbent, being called a chauffeur, hit him just right because I can think of no man, that has driven more people around trying to help them, than this man.

If the person that had the statement printed was stranded and needed to go home, Smith Broadbent would be his driver or see that he had one.

If you are going to vote against Mr. Stubbsfield, that is your privilege, do not vote against him, the reason being Mr. Broadbent, for no one and I mean no one could have a better campaign manager.

INTERNATIONAL

In Italy, prostitutes evicted from their houses have set up open air brothels along the major highways. They build bonfires each night to warm themselves and show off their wares. Police have now found a way to prosecute—even though laws on soliciting are vague. Streetwalking carries a maximum penalty of \$3.30 or eight days in jail. But building a bonfire—that's air pollution which is good for a month in jail or \$135.

Justification Lacking

When Congress established the U.S. Postal Service as a quasi-independent body in 1970, the mandate given was to carry the mails on a break-even basis. All classes of mail, including newspapers and magazines, were supposed to pay their own way in a business-like manner. To that end, the Postal Service developed a phased, step-by-step plan to end subsidies to mail users who had for many years been able to have their publications delivered at a fraction of the true cost of such service.

After hearing complaints from publishers that the planned second class rate increases for magazines and newspapers were too harsh, the Senate has approved a measure stretching out the increases from the present 1981 target date to as late as 1987.

In the meantime, the revenue losses would be made up directly from the Treasury, and that would total an estimated \$753.7 million over the 13-year period.

This is asking the taxpayer to subsidize industries that have long enjoyed special treatment in postal rates. If other mail-users are now to carry a fair share of the burden, this subsidy cannot be justified.

Except for reasons of transcending national import, blanket government subsidies have no place as props for private industry.

Far better that the House reject the over-generous Senate bill and permit the publishers gradually to become self-sufficient in mailing according to the original timetable.

Braves Feel Safe With Protection For Aaron

By FRED ROTHENBERG
AP Sports Writer

There were a couple of extra men in blue in San Francisco and Atlanta Braves Manager Eddie Mathews said they gave his club a boost.

Besides the traditional men in blue keeping law and order on the four bases, there was a Burns security guard stationed at each end of the Atlanta dugout, insuring the safety of the new crowned king—home run record holder Henry Aaron.

"They did a good job today. It made a big difference, really helped us," Mathews said Wednesday after the Braves dropped the San Francisco Giants 6-2.

The two guards posted on orders of Giants owner Horace Stoneham, were around to protect Aaron after he was hit on the head by an orange hurled

into the Braves dugout Tuesday night.

Aaron snapped a 1-1 tie with a run-scoring double that triggered a four-run Atlanta outburst in the sixth inning.

Milt May liked his first homer as an Astro so much, he did it again.

May, an offseason acquisition, slammed his first homer for Houston Tuesday night, then slugged a pinch hit grand slam homer Wednesday night with two outs in the bottom of the ninth, giving the Astros their second straight victory after 10 losses in a row.

Cubs 9, Mets 6
Jerry Morales, who drove in three earlier runs with a solo homer and a two-run single, crashed a three-run homer with two out in the ninth inning, lift-

ing Chicago over New York.

Phils 7, Cards 1
Del Unser backed Ron Scheuler's two-hit pitching with three RBIs on a home run and a single, powering Philadelphia past St. Louis.

Lou Brock opened the first with a double for St. Louis, then Scheuler retired the next 11 batters before Jose Cruz blasted a solo homer in the fifth.

Scheuler struck out four and walked two.

Dodgers 6, Reds 3
Steve Garvey drove in four runs with a double and a single, giving Los Angeles the victory over Cincinnati and pulling the Dodgers nine games in front of the Reds and Giants in the NL West.

Winner Of 500 Could Be Decided By Court

By JERRY GARRETT
AP Sports Writer

INDIANAPOLIS (AP)—The winner of the 58th annual Indianapolis 500-mile auto race could be decided, in part, through court action.

Testimony was to resume today in Marion County Superior Court on a lawsuit that sought to reopen qualifications for the Sunday, May 26, race to five entrants who claim they were deprived of a chance to make the field.

Attorneys for the five plaintiffs, Roy Woods Racing, Carl Gehlhouse, K & L Racing, Eldon Rasmussen Racing Products and Webster Racing, called three of a planned 47 witnesses Wednesday after defense attempts to kill the suit failed.

One witness, Indianapolis Motor Speedway Vice President Joe Cloutier, said that one of the plaintiffs, if allowed to qualify now for the 33-car field, might "win the race, and that would bring the other cars in the field down on us."

He added, "At stake here is not only the prize money, but the prestige and commercial endorsements that can run into millions for the winner. We'd have lawsuits from every other driver now in the field, if that happened."

Chief Steward Tom Binford testified that the cars left waiting in line when time trials ended Saturday at 6 p.m. were no longer guaranteed at least one chance for the field.

"One car that went through the line before them was on its second attempt, although the first time out with a new driver," he said. "That broke the line of first-time qualifiers."

Those suing contend that the car in question, No. 94, driven by rookie Johnny Parsons, was improperly placed in line and even moved ahead of others.

Bowling Green Repeats As State Golf Champs

FT. KNOX (AP)—Defending champion Bowling Green High captured the State High School Boys Golf title Wednesday, finishing the final round with a total score of 636 to beat out challenger Madisonville.

Bowling Green's Steve Rogers ended the second round with a low score of 76, and teammate Pete Pfannerstill

managed an 89 after whacking a disappointing 47 on the front nine.

Bowling Green took 28 more strokes to finish than it did on Tuesday, when it grabbed a 14-stroke lead with a 304 total. The champions ended the day Wednesday seven strokes ahead of Madisonville, whose star Brad Fabel posted a seven-over-par 79.

Bowling Green Coach Danny Spillman said his team won the title on the back nine.

"We started off real badly, but Rogers picked up three strokes on Fabel and Pfannerstill came back with a five-stroke improvement. That's where we won it."

Bowling Green's Greg Gary turned in an 83 Wednesday and Bill Lane contributed an 84.

Daviess County posed a threat briefly, when after French Bolen turned the front nine in one-under-par 35. Bolen, however, four putted the 15th green and three-putted No. 16.

Madisonville 643, Danville 647, Doss and Daviess County 648, Paducah St. Mary 651, Clark County 655, Hopkinsville 661, Russell 679, Covington Catholic 689, Corbin 701.

The day's best team total was a 319 by Louisville Doss. Lexington Lafayette was disqualified when Phillip Gosser signed an incorrect scorecard which had given him a 3 on the 13th hole when he took a 4.

Bruin Coach Goes Home

BOSTON (AP)—Harry Sindlen, the Boston Bruins' managing director, says Coach Bep Guidolin, whose contract with the team expired before the National Hockey League playoffs, has gone home to Canada to consider whether he'll return to the team next year.

Sindlen said after a short negotiating session with Guidolin that they will meet again Monday.

The Bruins generally offer one- or two-year contracts, but Guidolin has been holding out for a five-year contract.

"I have to think about some security," Guidolin said. "It's got to be a long-term deal, and if it isn't you can say that I won't be back."

"For two years now, with the Braves (of the American Hockey League) and the Bruins, I have been in Boston without my family," he said. "If I come back, I want to have my wife with me."

Sindlen has indicated that the Bruins are not willing to negotiate a long term contract.

"If I can't come together with the Bruins, I'll probably go back to Canada and coach kids next year in junior," he said before leaving for his home in Barrie, Ont., Wednesday.

ing on his back.

Hudson's paraplegia began 10 months ago when he suffered a fractured spine in an automobile accident near his hometown of Tarboro. Instead of entering his junior year at State last September, he spent three months at Pitt Memorial Hospital in Greenville. Then he went to the Rehabilitation Hospital in Winston-Salem. His legs are paralyzed.

"Richard is a Vocational Rehabilitation worker's dream," his VR counselor, Horace Lawrence, said. "We expect persons severely limited by injury to go through a period of depression and even hostility. But if Richard ever did, we didn't know it. He just came out fighting, determined to go on and make something of himself."

While he was in the VR hospital he resumed lifting weights, a pastime he had enjoyed in high school and college as a means of increasing his strength for other sports.

He had excelled in football, basketball, baseball and track at Tarboro, and went to State on a football scholarship.

Hudson lettered in track, specializing in the shot put and the discus throw. He plans to compete in both later.

He has been taking correspondence courses from State, and plans to begin summer school next month at St. Andrews College in Laurinburg, which has courses in driver education and physical education for the handicapped, and no architectural barriers for his wheelchair. He says he wants to become a VR counselor.

Hudson has not withdrawn from competitive sports even during this first year after his accident. He finished first in the Virginia Regional Wheelchair Games middleweight bench press competition, lifting 280 pounds. He believes he can surpass 300 pounds at the National Wheelchair Finals in Cheney, Wash., next month, a feat he has accomplished many times in practice.

Girls Cage Camp To Be At Mayfield High

Girls in grades seven through 12 are eligible to attend the camp.

Sessions will begin each morning at 9 a.m. and will conclude at 3:30 p.m.

Enrollment is limited and admission to the camp will be on a first come-first serve basis.

The cost of the camp is \$45 which will include lunch, insurance and a camp shirt.

Girls are asked to bring two pair of gym shorts, two T-shirts, sneakers and socks.

Individual instruction will be stressed in the camp.

The instructors at the camp will be Shirley Wilfred, Murray State Volleyball Coach and coach of the State Champion Murray Acers softball team. Tom Buchanan, coach of the always-tough Carlisle County Comets and Fred Johnson, coach of last year's fine Murray State junior varsity team.

Country Day Wins Girls State Golf Championship

LONDON, Ky. (AL)—Charlotte Allen of Kentucky Country Day won the 1974 State High School Girls' individual golfing title here Wednesday, after heavy rain forced officials to halt the event and call the tournament complete based on 27-hole scores.

Miss Allen posted a 116 over the 27 holes, boosting her school to the team championship with a low total of 541.

Louisville Ballard finished second with 543, after trimming Kentucky Day's 14-stroke lead, with which it entered Wednesday's final round, to a mere two points.

The decision was a tough one for tournament manager Miss Matilda Walker, who also happens to be golf coach at Ballard. Her decision-taken in consultation with London Country

Club golf pro Bob Nelson—to cut off scoring at nine holes, ended a valiant rally by Ballard.

Miss Allen, a junior, finished four strokes ahead of Ballard's Betty Baird, a seventh grader.

Three players were tied for third at 125 when the rains came. They were Stuart Crawford, of Kentucky County Day, Clark County's Cynthia Powell, and Karen Watson of Ashland.

Tennye Orr of Estill County finished fourth with a 126, Aileen Buckler of Marion County posted a 130 for fifth place and Frances Tuttle of Franklin County had a 131 over the 27 holes.

Among the team scores, Corbin took third place with a total of 588, Clark County was fourth with 589, and Stanford was fifth with 592.

Indy News Flash Will Be Absent From Race

By JOHN SHURR
Associated Press Writer
INDIANAPOLIS (AP) — The "Flash" won't make it to the Indianapolis Motor Speedway for the May 26 500-mile race and may never show up again.

Many race fans and the staff at the Indianapolis News, who put out the special race-day "flash final" edition, are having to give up the 30-year tradition because the 1974 race falls on a Sunday when the afternoon newspaper doesn't publish.

"It's only the second time in the 28 years that I've been here that the special won't be sold," said News Sports Editor Wayne E. Fuson.

"We used to send it to the track by helicopter, truck, automobile and motorcycle," he added. "It was show business—a great promotion."

For 10 years, the News made arrangements with a helicopter service to pick up the papers near their downtown plant and fly them to the track where they were dropped at the first turn.

The four-to-eight page extra, which came to be known as the "Helicopter edition" as well as the "Flash final," had been planned for distribution after the 1973 race.

But, when rain postponed the event three days in a row, it became impossible to keep carrier boys at the track to sell the 10-cent souvenir that reprinted the highlights of the day.

The fly-in became impossible in 1973 because of FAA restrictions and rain that held up the big race for three days.

"We would pre-cast the headlines so we could pick out the right one (which named the appropriate winner) and then go

with it," Fuson said.

"I would sit in the press box with a special headset so I could listen to our people around the track with one ear and the people at the office with the other," he added.

"During the last 25 miles, I would talk with the managing editor and when there was about one lap left I would give him the leader and boom, he hit the button and away the presses went."

The "flash" sold about 20,000 copies on an average race day, and fans often paid the carrier boys from 50-cents to \$1 per copy. "It was a tradition," Fuson explained.

Managing Editor Wendell C. Phillippi says if the 500 continues to be run on Sundays, "the flash is dead."

Although there will be no "flash" at the Speedway this year, Phillippi said there would be three special editions Saturday—one of which would be sold at the track.

Horton Gives Brewer Fans Mud In The Eyes

By HERSCHEL NISSENSON
AP Sports Writer
Willie Horton gave Milwaukee fans mud in their eye Wednesday night because they got beer in his.

The Detroit Tigers' slugging left fielder was the target of some naughty words the previous night when he hit two home runs. Wednesday night he was showered twice with beer after hitting a two-run homer that powered the Tigers to a 6-4 decision over the Brewers.

Angels 6, Royals 1

Frank Robinson and Joe La-houd hit home runs and a controversy over a call on a run-down paved the way for three first-inning runs as California's Bill Singer pitched a five-hitter.

Robinson's homer in the fifth was the 560th of his career and raised his total of extra base hits to 1,132, tying Tris Speaker for seventh place on the all-time list.

Orioles 1, Indians 0

Paul Blair's run-scoring single after Boog Powell's double and an intentional walk to Brooks Robinson drove in the game's only run while Ross Grimsley blanked Cleveland on eight hits.

A's 7, Twins 4

Reggie Jackson drove in five runs with his 13th homer, a double and a single and Joe Rudi socked a tie-breaking two-run triple in the ninth inning.

Red Sox 6, Yankees 3

Cecil Cooper and Bernie Carbo drove in fifth-inning runs as the Red Sox posted their eighth consecutive home victory over the Yankees. Boston has won 17 of 18 Fenway meetings with New York since August 1972.

White Sox 6-2, Rangers 2-8
Texas' Jeff Burroughs, who leads the majors with 45 runs batted in and who homered in

the opener, belted a two-run triple in a three-run third inning and Ferguson Jenkins struck out 10 batters in the nightcap for his seventh victory.

Chicago's Jerry Hariston pinch hit an RBI single that ignited a tie-breaking four-run seventh inning in the opener to give Wilbur Wood his fifth straight triumph.

Registration For Colt League Is This Weekend

Tryouts and registration will be held this weekend for the Colt League.

The first session will be at 6:30 p.m. Saturday at the league diamond in the Murray City Park with the second session set for 3 p.m. Sunday at the same site.

All players who wish to play in the Colt League are required to tryout, including those who played on teams last year.

Players who played last year and still have uniforms are asked to please return the uniforms.

Jim Pierce, the new president of the Colt League, said there will be an All-Star game played this year and every effort is being made to make the league a strong one.

The Colt League is need of one coach and three of the teams in the league still need sponsors.

If anyone is interested in coaching or sponsoring a team, they are urged to call Pierce at 753-0832.

Minnesota Fats Leaves Carbondale Hospital

ST. LOUIS (AP) — "They can't call me 'Fats' now," the squat hustler with piercing blue eyes said. "I'm goin' to sign my autographs, 'Minnesota.' Save myself some time."

Rudolf Wanderone, nee "Minnesota Fats" of picket billiards fame, was in a hurry Wednesday after a trip to his haberdasher from his hometown Downwell, Ill., 80 miles away.

"Spent myself a fortune, too," muttered Minnesota. "One suit alone cost me \$460."

The setback notwithstanding, Minnesota was in an expansive mood on his outing after a 28-day stay at a hospital in Carbondale, Ill.

"I went in there April 15," he recalled. "The doctors never would tell me exactly what was wrong. All they said was it was a urinary tract illness."

"I was unconscious. Can't even remember the day of the operation. I lost 50 pounds, but I'm okay. In about a week or two I'll be out of this world."

The 61-year-old Minnesota, his schedule in limbo, plans to begin a comeback June 6 with an appearance in Dallas at a sports celebrities wax museum. "Only the greatest athletes on earth in their chosen fields will be in it," he boasted.

Is granddaughter heading for trouble?

By Abigail Van Buren

DEAR ABBY: Maybe this is none of my business but I'm worried about my 14-year-old granddaughter. She's a beautiful child and very mature for her age. That's the trouble, I'm afraid. She's growing up too fast for her own good.

She turned 14 last Christmas and her boyfriend [he is 21] gave her a suede coat trimmed with real fur. He also gave her suede boots and a purse to match. That's not all. He gave her a portable TV and stereo set with maybe two dozen albums, plus a ten-pound box of candy.

I don't think a girl that age should be allowed to accept such expensive presents from a man, do you? The girl's father [my son] wasn't too pleased, but the mother thought it was just wonderful, and she even bragged to all her friends about it.

I can't talk to my daughter-in-law because she thinks I'm an old fogey, but I'd like to know what you think about this. I'm so afraid that the child is headed for trouble. What can I do?

GRAM

DEAR GRAM: Nothing, unfortunately, since her mother thinks it's "wonderful." Let's hope your granddaughter doesn't have any rough sledding before she finds out there isn't any Santa Claus.

DEAR ABBY: I'm a senior in high school. Lots of the kids at this school get drunk, smoke grass and have sex. They think it's cool.

I don't do any of these things, and they call me a square. It's not that I'm better than the others; I just don't want to participate in unlawful or immoral activities. Are there many other kids who don't follow the crowd and try to be cool?

LONER AT S. H. S.

DEAR LONER: Plenty. Those "cool" characters usually end up in hot water up to their necks. In your case, square is smart.

DEAR ABBY: So many older people grumble about how "neglected" they are. I wonder if it ever occurred to them that if they made an effort to be good company, they might attract more people. I realize that nobody can be cheerful all the time, but people who talk of nothing but illness, death, hardships present and past, will find that even close relatives give up, and pay only an occasional "duty" visit, and never stay any longer than they have to.

Take my mother: My husband and I drove 300 miles to take her out for dinner on Mother's Day. My husband has a wonderful sense of humor and he tried so hard to entertain her, but he couldn't get her to brighten up no matter how hard he tried.

She spent the whole time talking about illness, and death, and everybody's bad luck, and all the depressing subjects in the world.

We could have spent much more time with her, but four hours of her company put us both so down in the dumps we couldn't wait to leave. I was depressed for two days afterwards.

Abby, she's so much better off than many others, but she complains constantly, throwing constant digs about how nobody ever comes to see her. I wish she realized that not ALL older people are avoided. Only the crepe-hangers. Please print this. She may see it and get the hint.

HAD IT WITH MOM

DEAR HAD IT: Don't bet the rent. If she sees it, she'll probably apply it to some of her friends.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L. A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Cal. 90212 for Abby's booklet, "How to Write Letters for All Occasions."

Trail of Cluttered Nesting Places Left Behind by SLA

SAN FRANCISCO (AP) — In a trail of cluttered nesting places, the Symbionese Liberation Army left behind signs of a squalid and increasingly spartan existence fed by revolutionary dreams.

For six SLA members, the trail of their hideouts began, and ended, in flames.

The search began after two alleged SLA "soldiers" were arrested Jan. 10 for the murder of a schools superintendent. Police say the small terrorist group tried unsuccessfully to burn down a nearby bungalow in suburban Concord that night.

In the smoke-damaged rooms, authorities found a cache of clues about the mysterious group which had claimed responsibility for killing Oakland Schools Supt. Marcus Foster last Nov. 6.

Judging by documents in the house, police say, the SLA had kept busy making surveillance reports on Foster, writing communiques and compiling dossiers on prominent local businessmen for kidnapping warrants. One name found on papers there was that of Patricia Hearst, a college sophomore in nearby Berkeley.

Doors and windows in the house were reinforced with plywood, and baled newspapers were kept nearby for quick barricading. Revolutionary posters adorned many walls.

Beneath a mantle full of books on guerrilla warfare, weaponry and Marxism, the occupants evidently constructed pipebombs and practiced shooting a wall target with an air pistol. Gas masks were kept next to their beds; heavier ammunition was scattered all around.

For recreation, they apparently played rock music on the stereo, and sipped beer or wine. An empty case of plum wine, which the SLA's late leader Donald DeFreeze reportedly favored, was found along with several Molotov cocktails made with the empties.

The cupboards and refrigerator were well stocked with staples and health foods from a Berkeley store. But stacks of dirty dishes overflowed the sink, and bags of garbage spilled across the floor.

Their clothing — mainly Levis, Army fatigue jackets and other military surplus — was haphazardly stored in drawers and closets, or tossed in a corner. "They didn't seem to care much about their material possessions," said Oakland Homicide Sgt. John Agler.

Six days later, on Jan. 16, police reported discovery of a second SLA hideout. The third story Oakland apartment was rented from September through November by a woman calling herself Lynn Ledworth. Police believed her to be the late SLA member Nancy Ling Perry.

Less than six blocks from the Foster assassination site, the apartment was an ideal spot to plot and launch the murder, as well as a good sanctuary later, police said.

The SLA vanished after the Feb. 4 kidnaping of Miss Hearst, reappearing into known public view with the newspaper heiress on April 15 during a \$10,690 bank robbery.

During that period, police say SLA members had moved into a rundown apartment building on the edge of San Francisco's Western Addition, a predominantly black neighborhood about 1½ miles from the FBI office here.

During that two-month span, there is evidence that SLA members regularly walked or drove several blocks in the neighborhood to shop at the New Laguna Grocery store.

"Practically all of them were in and out of here, but I didn't know who they were," said Mrs. E. G. Jamerson, the owner. "The girl I thought was Patty was thin and pretty. Beautiful."

"Once I asked her, 'Are you Patty?' but she just smiled and said, 'A lot of folks think that.' 'They all were very warm

and friendly, even the man who asked me for plum wine," she said. "I said, 'Plum wine? I never heard of such a thing.' So he just walked away."

Neighbors, who had been bothered by loud noises from the apartment, said the young occupants departed at the end of April, carrying boxes and clothing on hangers to a station wagon.

In the cockroach-infested apartment, the SLA's seven-headed cobra was emblazoned on the walls along with a revolutionary slogan signed "Tania," Miss Hearst's adopted SLA name.

Documents and a key to the bank robbery getaway car soaked in acid in the bathtub, while piles of clothing, wigs, dresses, women's underwear, gallon wine bottles and a bicycle were strewn about.

Again, the FBI was one step behind.

Two days later, in the largely black Bayview District, authorities say the SLA next took shelter in a faded brown stucco building near industrial yards. It was just one block from one of the distribution sites for a \$2 million food program set up to

help secure Miss Hearst's release.

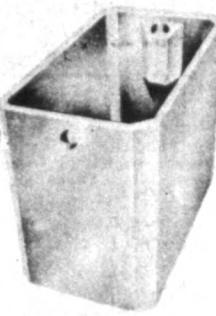

On May 1, a black woman using the name "M. Jackson" paid \$375 cash to rent the place. Neighbors said, however, that three black men in Army jackets also were seen entering.

When FBI agents kicked in the door on Monday, they found five dirty mattresses, plum wine bottles, clothing, wigs and beauty aids.

Old newspapers indicated at least some persons had stayed until last Friday, the day six members died in a fiery Los Angeles gun battle.

Kennedy Says Health Program Could Be Enacted During Year

WASHINGTON (AP) — Sen. Edward M. Kennedy says there are broad areas of agreement between the Nixon administration and Congress on the essentials of a national health insurance plan.

He told the nation in a radio address Wednesday "a new spirit of compromise and progress is in the air" that may make it possible to enact such a program this year.

Kennedy, D-Mass., said the health insurance bill he is sponsoring with Rep. Wilbur D. Mills, D-Ark., is better in many respects than the Nixon proposal.

Kennedy's speech was delivered as the Democratic congressional majority's reply to an address on the same subject by Nixon Monday.

The President spoke of compromise, too, but said he would not yield on the basic principles of his plan.

One of the principles, he said, was that the program must operate through private insurance companies and not "a costly,

federal-dominated structure."

The Kennedy-Mills plan would be financed through and operated by the Social Security system.

The senator said among its advantages, including elimination of what he described as large profits made by the private companies, coverage of the individual from job to job or between jobs or when he was retired, and a tax that would be higher for persons well-off and lower for the poor.

Kennedy said the basic coverage of hospitalization and physician services in the two bills was about the same.

But his measure contains benefits lacking in the Nixon bill, such as medical care for pregnant women and small children and greater protection against catastrophic illness.

One major hurdle to enactment of a far-reaching national health insurance plan this year is the jammed schedule of the House Ways and Means and Senate Finance committees, which must act on it.

Each panel is holding public hearings on the subject, but they also must consider this year's most important measures as tax reform, international trade, tax increases for oil companies and an increase in the national debt limit.

Nixon Has Trouble With Prosecutors

WASHINGTON (AP) — President Nixon always has had trouble getting along with Watergate special prosecutors.

He didn't want one hired in the first place, yielding reluctantly after the scandals forced a staff and Cabinet shakeup.

His firing of Archibald Cox stirred the first serious moves for impeachment.

Now the White House is feuding with Leon Jaworski over who is boss.

During the House impeach-

ment inquiry the President cannot afford any renewal of the crisis that came when Cox went.

Nixon's spokesmen and lawyer say there has been no consideration of firing Jaworski, although circumstances now are similar to those that led the President to get rid of Cox.

The central issue now, as then, is simple: Can the special prosecutor take the President to court when the President tells him not to?

In each case, the controversy

flared over the demands of the prosecutor for access to White House tape recordings the President said he would not yield.

Cox was fired after vowing to press in court for recordings of nine presidential conversations, in defiance of Nixon's instructions to drop the case and settle instead for summaries of the tapes.

But three days later, on Oct. 23, 1973, facing a wave of impeachment demands and an adverse public reaction, the President yielded and agreed to turn over the tapes.

Within a week, arrangements had been made for a new special prosecutor.

Now, up against another tapes controversy with Jaworski, Nixon's lawyers say he is prepared to contest to the Supreme Court a subpoena for recordings of 64 conversations. Jaworski already has won in U.S. District Court.

Jaworski complained there, and to the Senate Judiciary Committee, which backed him, about the contention of the White House that he could not properly pursue the subpoena case in court because it involves a dispute between two officials of the executive branch.

Jaworski said that interpretation of his standing would make a farce out of the special prosecutor's office.

Federal courts have held that by voluntary agreement and Justice Department regulations, the administration has given the office of the special prosecutor a unique measure of independence with the force of law behind it.

The edited Watergate transcripts recount early discussions of a special prosecutor, and Nixon's opposition to the idea. "Now the difficulty

with the special prosecutor — it gets a guy into the (expletive deleted) thing," Nixon said on April 15, 1973. "First it's a reflection — it's sort of admitting mea culpa for our whole system of justice. I don't want to do that."

But 15 days later, shuffling the Cabinet to install Elliot L. Richardson as attorney general, Nixon authorized him to appoint a special prosecutor. Congress was pressing for one. Richardson chose Cox.

The White House always viewed Democrat Cox with suspicion, aides there intending that he was a partisan out to get Nixon.

Jaworski is a Democrat, too, but from Houston not Harvard. His prosecution of the case has led him, like Cox, to demand in court material the President does not want to provide.

FOR FRIDAY, MAY 24, 1974

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

ARIES (Mar. 21 to Apr. 20) Influences mostly auspicious, but accuracy and forethought must spark all decisions, moves. Travel and outdoor interests especially favored.

TAURUS (Apr. 21 to May 21) You may not be alert to certain trends, not aware of activities "behind the scene" — may just be believing what you wish to. Think again!

GEMINI (May 22 to June 21) Concentrate on substantial and pertinent matters. Avoid unwise involvements and complications, but do not sidestep problems which MUST be handled.

CANCER (June 22 to July 23) Advancement may be fractional, but remain constant, steady at the wheel. Be sure your energies and talents are directed into constructive channels.

LEO (July 24 to Aug. 23) Stellar influences suggest a need for added vigor in your thrust forward, but be careful not to alienate associates. Tendencies toward overaggressiveness prevail.

VIRGO (Aug. 24 to Sept. 23) You may now have the opportunity to advance through a "different" idea. At least, draw up plans — ready to project at the right moment.

LIBRA (Sept. 24 to Oct. 23) Willingness to listen even though you "know the answers" will pay off in unexpected but delightful ways. You can attain new friends, prestige.

SCORPIO (Oct. 24 to Nov. 22) There's a tendency now to take off on tangents or useless ventures if you don't keep your mind on immediate objectives. Let moderation be your keyword.

SAGITTARIUS (Nov. 23 to Dec. 21) There will be more to this day than is obvious at first, so dig deep for hidden treasures, and have faith that you will succeed. Don't overshoot safe marks, however.

CAPRICORN (Dec. 22 to Jan. 20) Some persons may act in a manner not fully anticipated. Do not let this throw you off balance or offset your innate tolerance and understanding.

AQUARIUS (Jan. 21 to Feb. 19) Some planetary restrictions. Be cautious in making investments, and DO control emotions. Some situations will call for unusual tact.

PISCES (Feb. 20 to Mar. 20) A suggestion to which you have not given much previous thought could, quite unexpectedly, open new doors to progress. Pull it out of your files.

YOU BORN TODAY are endowed with a high order of intellect, an outgoing personality and outstanding versatility. Your talents run the gamut from the stage to the pulpit and fit you for a multiplicity of professions in between. Governed by Mercury, the "messenger of the gods," you could make a notable success of journalism or any of the communications media; could also excel in aviation or any occupation which involves travel. Other fields suited to your talents: literature, playwriting, music, sculpture, research; as an educator or linguist. You are an idealist and a dreamer, but you are a "doer" too, since the Gemini is never happy unless active. You are the personification of charm and graciousness, but do try to curb a tendency toward hypersensitivity. Birthdate of: Victoria, Queen of England; Arthur Wing Pinero, dramatist.

of six to remain and look over the lounge's sound and lighting system.

The Lexington Herald-Leader obtained the police report and published a story Sunday raising the question of whether a violation of state or city statutes had occurred, and if so, why no citation was issued to the tavern operators.

Chief Shaffer Wednesday said the paper had been "duped" into publishing an Alcoholic Beverage Control (ABC) warning against the tavern by persons wishing to embarrass Mayor Pettit.

Shaffer told the newspaper that the officers were "correct in following through with their job" of investigating the incident. He said the release of the report, however, stemmed from "political dissatisfaction among several people not happy with the fact that Pettit was elected mayor."

Shaffer said that ABC administrator Carl Combs had inquired of the state ABC Board whether there had been a violation of state statutes by people remaining on the tavern premises after 1 a.m. Sunday. He said he had been assured there was no violation, so long as no drinks were being sold or consumed after the closing hour.

Section 3-21 of the Lexington Code of Ordinances states, in part, that: "No premises for which there has been granted a license for sale of alcoholic beverages shall be permitted to remain open for any purpose between 1 a.m. and 7 a.m. on any day, or at any time during the 24 hours of a Sunday...."

The exception, however, occurs if a licensee provides a separate area for locking up distilled spirits and wine, and if that area is kept locked during the hours after 1 a.m. Sunday.

Shaffer said he felt no violation of the city ordinance had occurred. Contacted at his home Wednesday night, he said Carter and Ball were "fairly new" officers on the force, and implied that they may not have been clear about the content of the ordinance.

He added he wasn't sure whether their warning was directed against future sale of liquor after 1 a.m., or was merely an order to clear the bar.

If the Herald-Leader "had checked with myself or the ABC administrator, they could have had an explanation of why there was no violation and might have learned, as well, why someone may have wanted to call this to the attention of...the public," he said.

Tobacco Growers Urged To Push For Production Quotas

ROCKY MOUNT, N. C. (AP)—A tobacco marketing specialist with the North Carolina Department of Agriculture says flue-cured tobacco growers will have to "push real hard" to produce the estimated 1,250 million pounds required this season.

John H. Cyrus said Wednesday that failure to produce enough tobacco to meet foreign and domestic demands could threaten the tobacco quota program.

He told the Eastern Carolina Warehouse Association production is critical this year because there is no surplus for the first time since World War II. He said growers must "change their thinking" and relate to production rather than holding back as they have in the past.

Fred G. Bond, manager of the Tobacco Stabilization Co., predicted most grades of tobacco will be about seven cents a pound higher than last year.

grand jury said a \$75,000 payment was made to the lawyer for convicted Watergate burglar E. Howard Hunt Jr. the night of March 21.

In a taped conversation earlier that day, Nixon appeared to be ordering his former counsel, John W. Dean III, to make the payment.

There is some dispute as to whether the \$75,000 actually was paid that night, but several committee members said the evidence presented Wednesday made it clear that it was.

The committee also heard a tape of a March 22 conversation in which Nixon, Dean, former Atty. Gen. John N. Mitchell and former White House aides John D. Ehrlichman and H.R. Haldeman discussed various means of dealing with the upcoming Senate Watergate hearings.

Rep. Elizabeth Holtzman, D-N.Y., said she found the tape "very significant," but did not go into detail. Rep. Robert Drinan, D-Mass., said "the whole tone of the conversation showed they were determined not to let it (the cover-up of White House involvement in Watergate) get out."

In other Watergate-related developments:

—U.S. District Court Judge Gerhard Gesell signed subpoenas directing Nixon to turn over documents, including some top secret papers, for the plumbers trial.

—Vice President Gerald R. Ford said he hopes Nixon will give the Judiciary Committee any additional material relevant to impeachment.

—The Senate Watergate committee granted immunity to Texas lawyer Jake Jacobsen in an attempt to get him to testify about an alleged \$10,000 dairy industry bribe to Connally. Connally has denied he took the money.

—Presidential adviser Rev. John McLaughlin urged Rep. Jerome Waldie, D-Calif., a member of the Judiciary Committee, to disqualify himself from the impeachment inquiry. McLaughlin, a Jesuit priest, said Waldie "quite clearly has convicted President Nixon in his head and in his heart."

Jobless Vet To Give Leg Brace A Try

JUPITER, Fla. (AP)—An unemployed veteran who wanted his injured leg amputated so he could support his family says he will try a leg brace now that his monthly disability payment has been raised from \$77 to \$548.

"They told me not to worry. They said they'd take care of me," Donald G. Dagenhart, 23, a Vietnam veteran, said Wednesday after a meeting with VA officials in Miami. He also had a job offer.

Dagenhart's case drew national attention after the former sailor said VA doctors refused to amputate his left leg, injured in a Navy football game in 1971.

He said seven knee operations did not end the pain and infections had made it impossible for him to hold a job. He said a disability rating of 30 per cent provided just \$77 a month.

He said he had wanted the leg removed "because then I'd get 100 per cent disability, and at least my family wouldn't suffer." Dagenhart said he and his wife, Ann, faced eviction

from their apartment and had even sold their infant son's crib for \$10.

Dr. Phillip Kinman of the Miami VA hospital said a hip-to-ankle brace would be ready for Dagenhart in about two weeks.

"We just don't believe the amputation he wants is the answer," Kinman said.

Pat Hogan, a spokesman for the VA in Atlanta, Ga., said the 100 per cent temporary disability rating Dagenhart was granted after his release from the Navy would be reinstated.
