ily of County; Was
Widely Known

MADE STRONG RACE FOR REPRESENTATIVE

A heart attack, striking with sudden intensity, claimed the life of Noble C. Harris, widely known business man and political figure of Calloway and Graves counties, Tuesday morning.

Mr. Harris, who was 50 years old, made a strong race for representative in the August primary and was prominently mentioned as a candidate for sheriff in the 1937 elections.

A member of one of the county's leading families, he was born and reared near Lynn Grove. Several years ago he moved to Mayfield to make his home and for a considerable period was one of the star salesmen of the Mayfield Woolen Mills.

Mr. Harris was a man of intense energy, possessed of a cordial personality and deep loyalty to his friends.

He is survived by his widow; a daughter, Mrs. Frances Farmer, of Frankfort; four sons, Rufus, of York; Noble, Jr., a cadet in the United States Naval Academy, Annapolis; Billy Stokes, and Tommy Wright Harris, both of Frankfort.

He also leaves three sisters, Mrs. Wallace Key, Mrs. Vera Rogers, and Mrs. Clint Lawrence, and two brothers, Nix and Polie Harris, all of this county.

Mr. Harris was a member of the Christian Church and of the Mayfield Lodge, B. P. O. Elks.

A large number paid the final tributes of respect at the funeral services held Wednesday afternoon at two o'clock at the First Christian Church, conducted by the Rev. E. B. Motley.

The pallbearers were active, Wells Purdon, John Clifton, H. L. Shedd, Nels Waggoner, C. A. Hale and Luck. Burial followed at the Mayfield City cemetery.

Punch Boards In New Fields in Calloway County

The much discussed punch board, long black listed in business houses, has taken a new field in the county, being worked by individuals who carry them about with them.

The new type is a smaller affair and is sold at 20 cents a punch, minimum with the one punch, having the number of cents that is on the slip, if it is higher than the number 20.

The "little punchboard" is usually sold by young people and usually girls and is becoming quite a nuisance several persons about town who are exposed to undue solicitations report.

One party reported had been induced to spend \$1.20 in one day on them.

This practice of punch board selling is as much against the law as having one in a place of business with prizes of greater value. At least the practice is unbecomingly solicited, according to statements by them.

COUNTY NET TEAMS BEGIN TITLE RACE

Kirksey Eagles, Nov. 14, in Opener November 1.

With the passing of softball and other outdoor sports, Calloway county high school basketball has been ushered in with anticipation of a colorful season. Friday, November 1, officially initiated net play in this county.

The Kirksey Eagles, who had a successful season last year, took up where they left off in pre-tournament play and nosed out the Lynn Grove Wildcats by a score of 19-14.

The Warriors of Lynn Grove, under the tutelage of Clifton Brown, are having the job of building from the ground up with a young and small bunch of fellows.

Although Lynn Grove dropped their first tilt to Hardin, an out of county foe, by a score of 19-14, reports have it that the boys are determined to come to the front by the "speed" of the Faxon-Nov Concord fray.

The Faxon-Nov Concord fray, also played on Friday night, November 1, presented a highly entertaining episode with both quietists showing flashes of early season brilliance.

Nov Concord, with her "unique" under-the-basket shots, arose from the battle with a 27-23 victory.

The following games were played Friday night, November 1:

Kirksey Eagles, Hazel, 24-24. With a whirl of flapping wings, the Eagles of Kirksey High, completely saturated the net with the sphere and chalked up 24 tallies to Hazel's 24.

JOE UNDERWOOD CASE CONTINUED NEXT TERM

Two prison terms and one jail sentence have been given in the first two days of trials in Calloway county circuit court.

The court was adjourned Wednesday afternoon until Monday for the court to attend the judicial council this week end. No indictments were returned by the grand jury.

Pink Hayes, Negro, was given two years on a charge of storehousebreaking. The Negro pleaded guilty to a charge of breaking into the offices of Dr. T. R. Palmer.

Hassell Caldwell was given two years for uttering a cold check. Caldwell pleaded guilty.

Carl Eldridge was sentenced to ten days in jail on a charge of assault and battery. Eldridge was alleged to have attacked Albert Richardson, driver for the 138 Taxi Co., when Richardson answered a call made by his wife.

Eldridge was indicted in the August term.

Set Case Forward
The case of Joe Underwood, charged with wilful murder, was set forward to the next term of court on motion of the commonwealth.

The motion was made after it was found that some of the state's witnesses were not present. Underwood is charged in connection with the death of Charles Jones last August.

Cases set for Monday include the common law docket with probably some criminal hearings. Willie Goosby, Negro, charged with robbery and Nell Worthing, charged with assault and battery, will likely come up. A light docket is before the court this term and a shorter session than usual is expected.

Dr. E. B. Cherry
Appeals Case

Dr. E. B. Cherry, Hazel, appealed his case to the Calloway Circuit court last Friday after he was fined one cent and cost and given ten days in jail on a charge of breach of the peace.

Mrs. Fudge with Mrs. E. King was in the home in interest of relief for the family. Dr. Cherry denied the charge and appealed his case.

CALLOWAY "DRY" BY WIDE MARGIN

Vote Against Repeal of State Prohibition Amendment More Than 2 1/2 to 1.

Calloway county indicated beyond the shadow of a doubt that the is still in the "dry" column last week by voting more than two and half to one to retain the 7th Amendment to the Kentucky Constitution.

This is the "dry" amendment added to Kentucky's fundamental law during the administration of Governor Stanley.

Every precinct in the county voted "dry", though the margin was only 2 in Dexter. The strongest repeal sentiment outside the city was shown in the two Concord polling places which were the only precincts outside of four in Murray, which cast as many as 100 ballots for repeal.

Southwest Murray polled the largest repeal vote of 155 but in that precinct the repeals were overwhelmed by a dry vote of 359. Hazel cast 306 dry votes to 70 for repeal. Lynn Grove was the "driest" in percentage, voting 201 to 17 against repeal.

Honor the Flag, Judge Smith
Tells Armistice Day Crowd

Legion Post Sponsors 17th Annual Observance of Occasion

Celebration of Armistice Day without due reverence to Old Glory is an insult to the war dead, Judge Ira D. Smith declared here Monday at the annual Armistice Day program, sponsored by Murray Post No. 73 of the American Legion, at the court house.

On account of threatening weather the attendance was lower than in former years.

Judge Smith asserted that those Americans who gave their lives in the World War did not die in vain for the threat of the Central Powers was real and a defense was necessary. He also said that he had not patience with latter-day

claims that the war was not instituted by Germany.

The program was brief but impressive in its simplicity. It was opened with the invocation by R. H. Hood, a past commander of the Murray Post. Following "America" by the audience, the Murray State College male quartet sang a special arrangement of "America, The Beautiful", with rare beauty.

Judge Smith, a member of the Hopkinsville Post of The Legion, was introduced by George S. Hart, former commander of the Murray Post, and present district commander.

At the conclusion of Judge Smith's remarks, 30 seconds of silence were observed in tribute to the war dead and the program was ended with "Taps" by Roy Weatherly.

Upton Close Headlines Annual F. D. E. A. Meet

F.D.E.A. Speaker

Authority on Asia, Presidents of Berea, DePauw on Program

M. O. Wreather, president of the First District Education Association, announced today that Upton Close, an authority on the Far East, will speak at the fifty-first annual session of the F.D.E.A. when it convenes in the auditorium of Murray State College, Friday, November 29.

In addition to Mr. Close, whose American pseudonym is Josef Washington Hall, other dynamic speakers such as Dr. James H. Richmond, president of Murray State College; Dr. G. Bromley Oxnam, president of DePauw University; and Dr. W. J. Hutchens, president of Berea College will appear on the program.

According to Mr. Wreather, Upton Close is purely a platform speaker. He presents his argument in a clear and concise manner. His lyrical poetry and humorous air lend color to his lectures.

Many thrilling experiences have been witnessed by Close in China, Manchuria, and Japan. He has a concrete conception of Japan's attitude toward eastern countries.

Upton Close is the author of six significant books on the Orient. He is a contributor to a dozen outstanding American periodicals, including the Saturday Evening Post, Scribners, and New York Times.

His lectures were instrumental in exposing China's "Tammans", called the "Pearl and Joy Club". He is the only man to appear in "Who's Who" twice.

For several years, Close was on the faculty of an American university. During the last 16 years, he has traveled, wheel barrowed and mule lugged over the world's largest continent.

Fifteen hundred teachers from the first district are expected to attend the F.D.E.A. this year. This includes teachers from the counties of Marshall, Calloway, Graves, McCracken, Ballard, Carlisle, Trigg, Lyon, Caldwell, Livingston, Crittenden, Hickman, and Fulton.

Lynn Grove Milling Co. Makes Additions

A two-story storage addition at the Lynn Grove Milling Co., recently completed and other improvements give the Lynn Grove plant, which is owned and operated by the Crouch brothers, Fleetwood and Gordon, one of the most complete, modern and attractive flour mills in this section.

The additional storage space is 14 by 28 feet which accommodates a large reserve of flour on the upper floor and feed on the lower floor. It is painted in aluminum to match the corrugated sheet metal with which the remainder of the mill has recently been covered.

Total improvements made involve an expenditure in excess of \$700. The Crouch brothers have operated this mill for several years with outstanding success and are personally acquainted as well as the products they make. They call a large business not only in Calloway but in surrounding counties.

Two years ago they completely electrified their mill, making it one of the first flour mills in this section to be completely operated by electricity.

CAMP MURRAY CHATTERS

By Earl Chambers

Camp Murray was fortunate in having the Rev. Paul H. Packard, Christian Church, evangelist of Irvine, Ky., for her Tuesday evening worship service.

A representative group was out for the meeting and attentively received the inspiring message of the evening.

The Greyhounds opened this season's score book with a victory over Camp Mayfield's net team. Downey, Sandefur, and Miller, who figured in the camp's last year's records, were again on the lineup.

Enix, last season star of Camp Enix's championship team, and Stroud, member of the camp's second team for the past season, were again on the lineup.

The Greyhounds met the Clinton camp team at the Murray High School gym during the latter part of the week and will probably meet Cadiz here Saturday afternoon.

Company 1517 Leads In Seed Gathering

A comparison of data on recent seed gathering activities of Soil Conservation Camps in Kentucky reveal that Company 1517 at Camp SCS-14, Murray, Ky., has taken a substantial lead in this latest task.

All Soil Conservation Service camps in the state have engaged in this enterprise and we are reliably informed that to November 6 the Murray camp had gathered and shipped one-fifth of all the seed

gathered in the state by CCC camps up to that time.

Changes in policy and methods controlling the work programs and objectives of the camps under the Soil Conservation Service, Department of Agriculture call for a variety of seeds whereas under the old plan of erosion control only a few were needed such as black locust. The control of erosion is now only a part of the extensive program. Reforestation and timber production are objectives of the new plan. All native seeds are collected and shipped to a central nursery. Indeed, in their relentless search for seeds of all known native types, mbl of Company 1517 discovered one type considerably out of its habitat. The turkey oak is a native of the Southwest from North Carolina to Florida and as far west as Louisiana, but nothing escapes the mediodical and diligent scouts of the Murray camp and upon returning on this stranger of the Kentucky forests an alert superintendent was quick to recognize it.

Considering that all other activities of the camp's work program have continued without material interruption her seed gathering activities have reached noteworthy proportions. For the period October 10 to November 6, there had been gathered and shipped by the company 346 bushels of black locust, 272 bushels of yellow poplar, 417 bushels of black walnut, 60 bushels of shell bark hickory, 56 bushels of red gum, 44 bushels each of red oak and honey locust, wild plum, dogwood, red cedar, and American white ash totaling 20 bushels or a grand total of 1,239 bushels for the period.

Grindstone News

Professors Angell and Meyer Booked In Recital

Both classics and moderns will be represented in the joint recital of Professor Warren Angell, pianist, and Prof. Arthur T. Meyer, cellist, faculty members of the music department at Murray State College on Wednesday, November 20, at 8:15 p. m., in the college auditorium.

Moderns that people will like will be featured by Professor Angell, while Professor Meyer brings to the concert stage some lesser known composers for cello.

Professor Angell opens the program with a well-known work of the classic master, Bach, the Toccata and Fugue in D Minor.

Professor Meyer offers a group of cello numbers designed to show the brilliance and sparkle, as well as the melodic interpretation, of which the cello is capable. Here, to Bach has first place with, Aria, the D Minor suite for violin, transcription for cello by Wilhelm.

Boettmann's Variations Symphonique, made famous in London, brings a genuinely French touch, graceful and poetic. Roy Darnall, piano major at Murray, will accompany Professor Meyer.

This group closes with Scherzo, op. 12, by Van Goyen, played without accompaniment. Besides being a delightful scherzo, this number gives the performer a great opportunity to display his technical skill.

The American composer Griffes opens the concluding group, offered by Professor Angell, with "The White Peacock," "Wiener Tanze" No. 1, a Viennese Waltz by Friedman-Garner follows and the pianist continues with a composition of his own, "Prelude I," "El Vito," by the Spanish composer Infante completes the recital.

On December 3, another of the 1935 series of faculty recitals will be given by Professor Franklin Ingalls, choelist, assisted by the faculty quartet and quintet.

CAMP MURRAY CHATTERS

By Earl Chambers

Camp Murray was fortunate in having the Rev. Paul H. Packard, Christian Church—evangelist at Irvine, Ky., for her Tuesday-evening worship service. A representative group was out for the meeting and attentively received the inspiring message of the evening.

The Greyhounds opened this season's score book with a victory over Camp Mayfield's net team. Owens, Sandefur, and Miller, who figured in the camp's last year's records, were again on the lineup. Enix, last season star of Camp Benton's championship team, and Stroud, member of the camp's second team for the past season, were new personalities in Company 1517's five and adder material resulting to its offense. The other side of the score sheet found Wright and Bryant opposing their former teammates while Van Hooser was high man for Mayfield's Company 3559 with 6 field goals. Stroud led for the Greyhounds with 9 points while Enix followed closely with 8. The final tally was 27-19.

The Greyhounds meet the Clinton camp team at the Murray High School gym during the latter part of the week and will probably meet Cadiz here Saturday afternoon.

Company 1517 Leads In Seed Gathering

A comparison of data on recent seed gathering activities of Soil Conservation Camps in Kentucky reveal that Company 1517 at Camp SCS-14, Murray, Ky., has taken a substantial lead in this latest task. All Soil Conservation Service camps in the state have engaged in this enterprise and we are reliably informed that to November 6 the Murray camp had gathered and shipped one-fifth of all the seed

gathered in the state by CCC camps up to that time.

Change in policy and methods controlling the work programs and objectives of the camps under the old plan of erosion control only a few were needed such as black locust. The control of erosion is now only a part of the extensive program. Reforestation and timber production are objectives of the new plan. All native seeds are collected and shipped to a central nursery. Indeed, in their relentless search for seeds of all known native types, men of Company 1517 discovered one type considerably out of its habitat. The turkey oak is a native of the Southwest from North Carolina to Florida and as far west as Louisiana, but nothing escapes the methodical and diligent scouts of the Murray camp and upon stumbling on this stranger of the Kentucky forests an alert superintendent was quick to recognize it.

Considering that all other activities of the camp's work program have continued without material interruption her seed gathering activities have reached noteworthy proportions. For the period October 10 to November 6, there had been gathered and shipped by the company 346 bushels of black locust, 272 bushels of yellow poplar, 417 bushels of black walnut, 56 bushels of shell bark hickory, 56 bushels of red gum, 44 bushels of red oak and honey locust, wild plum, dogwood, red cedar, and American white ash totaling 20 bu. or a grand total of 1,239 bushels for the period.

Since the Hazel magisterial district increased its number of votes more than did any other district over the vote in 1932, the Hazel high school received \$50.00 while the primary district schools received \$10.00 each. The schools worked hard in getting out the voters and have been rewarded for their efforts. We want to thank the teachers, students, and voters of this magisterial district for helping us in this contest.

It is a musical comedy of three acts and is predicted to be the best entertainment to be produced at the school this year. There will be about nine or ten numbers to be sung and danced by the choruses in various costumes.

Grindstone News

Well, we have had a beautiful fall. Nice corn gathering time, although there has been very little corn gathered around here.

The pie supper at Grindstone school Friday night was a success with Audrie Coleman and Robert Fielder being the prettiest girl and ugliest boy, respectively. John Edward Darnell of Huntington, Tenn., spent a few days last week with his mother, Mrs. Lynch Coleman.

Mrs. Ada Hutchins and son and grandson of Springfield, Tenn., visited with the latter's parents, Mr. and Mrs. Porter Hutchins last week end.

The young people enjoyed a candy stew at the home of Mrs. Selma McCuiston Saturday night. Cammie Coleman of Paducah spent Saturday night with her parents, Mr. and Mrs. Lynch Coleman.

Finis Thompson has been called back to his work in Detroit, Mich. Mrs. Belle McCuiston, who is past 92 years of age, was able to go to the polls last Tuesday and vote. She is quite active for her age.

Minnie Thompson, who has just returned home from St. Louis, Mo., a short time ago, was the week-end guest of Mrs. Wade Thompson. Wade Thompson has returned to Detroit to take up his work at the Hudson-Motor Co.

We are sorry to hear of the illness of Hubert Smith of Murray formerly of this community. Mr. and Mrs. L. D. Lax are on the sick list.

Come on, Chatterbox, we are always glad to read your letters. "Topsy"

Lynn Grove Hi

With a score of 17-14 our fighting Wildcats were victorious over Concord's Redbirds Friday night. This being the second clash of the season, a considerable improvement was shown by the entire team.

Our Kittens, led by Hall and Suiter, also gained a victory with a score of 9-2.

Next Friday night our boys meet the Hazel five here. We are predicting strong opposition and hoping for victory.

The fourteenth annual old time Fiddlers Contest will be held here Thanksgiving, November 23. Plans are underway for the event. Come and meet old friends.

"Truth Takes a Holiday" will be presented Saturday evening, Nov. 16. The three-act comedy is composed of freshmen, directed by Miss Howard. The setting is in a country farm home of the Walkers. Bud Walker, a hard working young man, who runs his mother's farm and receives no aid from his good-for-nothing brother, Tom, who is mixed up with a bootlegger and sought by the law. Rebecca Basset, a pretty young girl comes on a visit and Tom tries his charm by telling untruths about his brother. But truth comes to the rescue.

Saturday evening, November 23, the Utopian Society will present a free program. It will include "Kidnapping Betty", a one-act comedy and other numbers.

County Schools Are Free of Debt

The Ledger & Times hopes that every citizen of Calloway county read the annual audit of the Calloway County School Board, published in The Ledger & Times last week in compliance with the law, for it shows that the county school system is not only free of debt but also has a balance of almost \$6,000 at the end of its fiscal year on July 1, last.

The record of the school board, not only financially, but in its complete scope of operations for the past several years speaks eloquently for its members and the superintendent as to their ability and good management.

The schools of Calloway county are outstanding in quality, and completeness of service rendered, in discipline, in the ability, energy and integrity of instructors, they are not merely above the average but near the top. It is clear that there has been no sacrifice of service or thoroughness during the past five years in which the board has retired an indebtedness exceeding \$20,000.

Calloway county has been fortunate in having citizens of genuine appreciation of the value of a good education, as well as men of integrity and ability to serve on its board of education. And the patrons of the schools have shown their appreciation of these men by returning them to their positions. Two members of the present board, Dr. C. H. Jones and Gardie Lassiter, have served exceeding 15 years continuously. Mr. Wilcox and Mr. Burken, who did not offer for re-election have served eight and four years, respectively. Squire Ed Adams, the youngest member of the board in point of service, has

been on the body but two years but had eight years' previous experience as a member of the county fiscal court.

It could not be expected that every member of the board has acted in each instance to meet the approval of every one interested in the county schools for honest men honestly differ as to matters of policy and executive decisions but all must admit that an exceptionally able and commendable job has been done with the schools of Calloway county.

Murray's Football Future

Football at Murray State College is undeniably at a critical point. Four years ago the strongest freshman material in the history of the institution was recruited and the school embarked on an athletic policy of engaging the strongest teams in the S. I. A. A., of which Murray was then a baby member.

The new policy was predicated necessarily on sufficient attendance at the Thoroughbred home games to permit the school to carry out its aims of giving the people of this section the very highest type of college football that could be obtained.

The college has done its part—unfortunately the fans of this section have not. They have shown a clear preference for high school games, despite the fact that admission charges to the very best college games in Murray have been kept at a minimum for that calibre of football—in fact, very little more than charged for the high school contests.

It is difficult for college authorities to understand—and for anyone else, too, who has made any study of it—why the experiment

has failed. Certainly the college has done its part. We do not see how any fan could criticize the quality of gridiron entertainment offered. Yet, treats like Birmingham-Southern, Springfield, Stetson, Howard and other outstanding Southern teams have gone virtually unnoticed by the mass of sportsmen who claim to love good football.

Apparently, the college has no other course than to return to a schedule of lesser known teams. It has done everything possible to make the experiment a success only to meet with failure. Certainly no one can criticize the school for discontinuing contracts with schools like Howard when it loses more than \$750 on the game. We feel that the blame lies entirely on the heads of the fans.

JUST JOTS

By Joe

Governor Chandler says he ran longer and made more races for the office of Governor than any person in the history of Kentucky. All we can say is that Happy certainly improves with experience. One more race and he could have beaten FDR.

Keen Johnson is very flattering in his tribute to the citizenship of Kentucky as he returns to his regular job of getting out a "crack" daily newspaper in Richmond. We hope nothing ever happens politically or otherwise to Keen to change this viewpoint. If a cankerous Kentucky Senate won't sour that attitude nothing will. And we hereby instruct Tom Turner to get along with Keen and not annoy him any more than necessary during the forthcoming term.

It is reported the Italians intend to contend for a share in Gibraltar at the forthcoming Naval Conference in London. Might as well ask for an interest in the Tower of London.

We will be truly thankful on Thanksgiving if you will pay your subscription by that date.

The weather man has been missing his guesses rather badly the past few weeks. This is no reflection on "Shorty" Arnold, the government recorder here, who only charts the eccentricities of the Weather Man as the latter manifests them.

It is a genuine pleasure to read of Joe Costello, brilliant young editor of the Cynthia Democrat, back at his desk after a two year illness and again seeing in that estimable paper Joe's pertinent comment. The state of Kentucky hasn't an able editor than Joe Costello, capable, witty and personably the most likable fellow on earth.

Members of the Murray Thoroughbred football squad gave this writer a good planning for returning to Lambuth College, one of their victims this season, as a "junior college" eleven in an article in the Louisville Courier-Journal. We hasten to correct our error but even the Murray team must admit that Lambuth played like Junior collegers.

A friend down in the old home county of Marshall asked an employee of The Ledger & Times if the Jotter "wasn't figuring on getting into politics". The answer is no, no, a thousand times no—without hesitation or equivocation.

In my humble opinion the newspaper publishers become candidates and I say this advisedly for my good friend, Keen Johnson has just been elected our Lieutenant-Governor and other great and good friends in the newspaper business hold public posts—namely Lawrence Hager of Owensboro and Joe Richardson of Glasgow who lend a helping hand to make the experiment a success only to meet with failure. Certainly no one can criticize the school for discontinuing contracts with schools like Howard when it loses more than \$750 on the game. We feel that the blame lies entirely on the heads of the fans.

Shorty Arnold, who supported Rhea in that long, long-age primary and who is about as hot a Democrat as there is in Calloway county, says the trouble with the "bolt" was it didn't have enough nuts.

The President is advocating social security when what some people seem to be striving for is social prestige.

When a safe is rifled the thieves should be pistolled.

Braddock says he will not fight Joe Louis before September. Apparently, Braddock is in no bigger hurry for the bout than we are for the next war.

Chandler traveled 8,000 in his campaign, one-third of the way around the earth but far enough to encompass Judge Swope.

The country's greatest need just now is relief from Relief.

A mutual friend of ours and Jim Hart's saw us in the court house corridor after the vote count and said Jim would whale the daylights out of us for printing in last week's Ledger & Times that Jim was running third for county board of education when he finished in front of the pack. We countered that Jim should have asked the election commissioners to count his precincts first.

We don't especially object to our friends calling him "Duce" so long as he doesn't play it.

The Drys carried 69 of the 120 Kentucky counties and perhaps those are the ones that the Courier-Journal wants to abolish.

The old-fashioned Democratic father who believed with Thomas Jefferson that "the best-governed people are the least-governed people" has a modern daughter who believes the same about feminine dress.

The Ledger & Times will accept and forward to state headquarters the donations of all who wish to contribute to the Will Rogers Memorial Fund.

All over the United States, a gigantic fund is rapidly being contributed by admirers of America's best-loved philosopher and humorist who lost his life in an airplane accident in Alaska a few months ago.

The money will be used for a

purpose to be decided upon by a committee, which will probably take the form of an endowment to assist handicapped persons to obtain more joy and comfort from living.

Checks should be made to "Will Rogers Memorial Fund". All contributions received by The Ledger & Times will be forwarded to the state chairman, Thos. R. Underwood, Lexington, without any expense to the donor or the fund.

Clarence Luter's Condition Serious

The condition of C. E. Luter remains serious and his doctor is sceptical of his complete and satisfactory recovery, according to relatives there. Mr. Luter was injured in an automobile accident on August 31 on his way to Murray from Meridian to visit his numerous relatives and friends.

It will take a long time and a lot of patience for the recovery the doctor states. His leg was replaced in the last last week and an x-ray reveals that the bone in the knee cap has been absorbed and that it will be necessary to open the knee and scrape the bone and attach the ligaments and may have to

graft ligaments. The shoulder injury is more satisfactory while it may be necessary to cut the nerve in the hand in order to have recovery of control of thumb and fingers.

Mr. Luter had a serious attack Saturday of last week but most of the time remains cheerful through his constant suffering, relatives state.

These Furnaces Get The Same Top Grade of Coal from Day to Day!

Industry Knows That It Pays To Use Only Proven Coals!

AND IT IS EVEN MORE IMPORTANT THAT YOU SELECT THE PROVEN GRADES OF COAL FOR YOUR HOME USAGE. The best grades are more economical, safer, and many times more satisfactory.

YET MANY PEOPLE JUST ORDER "SOME COAL"

When a coal burns completely with every pound you buy going into heat units—then you have a quality coal if it burns evenly and not too quickly.

Coal varies in grade as much as any other item of trade, and remember, WE HANDLE PROVEN GRADES.

The reason that most people do not note the difference in coal is because of their indifference—they do not think of coal until the fire gets low and when it doesn't burn properly, the stove or grate is more likely to get the blame than the coal.

IF YOU HAVE BEEN A USER OF "JUST COAL" order a supply of either our best West Kentucky or East Tennessee Coal and not the difference in burning quality.

THERE IS A MARKED DIFFERENCE IN COAL

"Oh Professor", will be presented at the Hazel High School on November 16 and 18, Saturday and Sunday night. The play is sponsored by the Parent-Teachers Association and is a Wayne P. Sewell musical comedy with plenty of laughs in it.

We have a well selected cast from the town and school and it promises to be an outstanding event of the year.

The cast is as follows: Steven Crandall, Sam Boyd Neely; Bob Davis; Professor Banks; Dumas Clanton; Dave, Joseph Miller; Chink, Cyril Nix; Wilhelm, Cordelia Erwin; Helen, Celia Miller; Mrs. Bunkard, Paschall Clanton; Avonelle, Nell Ruth; Robert, Robert Miller; College boys and girls, Joe Paschall, Bob Miller, Tom Turnbow, Milstead James, Ginath Owen, Mildred Patterson, Louise Lamb, Bertha Bailey, Lorena Blackburn, Anna Kelly, and Gay-Nell James.

There will also be 25 chorus girls arrayed in colorful and beautiful costumes who add rhythm with their dances and songs.

Mr. and Mrs. O. B. Turnbow and sons motored over to Mayfield Sunday afternoon to visit friends.

Mrs. Amanda White, and sister of Murray were guests in the home of Mr. and Mrs. O. B. Turnbow last Monday.

The Faxon basketball five defeated the Almo blue and white Warriors, 25 to 21, on the home floor Friday night. Three of our men and two of Faxon's were disqualified by way of the personal foul route. Free pitches could have meant an entirely different score.

Faxon made over half of their free shots while Almo missed more than half of their charity tosses. They had about the same number of chances. When the boys are able to make their free shots, it will boost their chances for a win.

The second string men have won two games in as many starts. Faxon's second team furnished the victim Friday night to the tune of 22-14.

Our next game is with Kirksey at Kirksey Friday night of this week.

The chapel program which was put on by the senior class last Friday was very entertaining. It consisted of a one-act play and an impersonation of the high school teachers by three of the senior boys. The play, "A Ghost Story", consisted of eight characters:

George, an earnest young gentleman of twenty-two, Jerome Lester, Anna, a pretty, young girl of 20, Laurine Wood, Mary, Eugenia Woodall, Grace, Clara Ernstberger, Lennie, Relma Taylor, Tom, Rudell Coursey, Floyd, Fieldon Scott, Linn, Burial Schroeder.

An interesting contest is now going on in the biology class. Wilma Thwaitt and Junior Beale were elected to those sides. Those on Wilma's side are Laurine Wood, Kathleen Brown, James Stroud, and Burial Schroeder. Junior's side is composed of Trucille Reeves, Relma Taylor, Jerome Lester, Boyd Linn, and Phelony Bedwell.

The end of two weeks completes the contest then some kind of entertainment is given the winning side by the losers.

The faculty and students are making preparations for a negro minstrel to be given on Saturday night after Thanksgiving. Don't forget the date. It is the regular, annual entertainment presented by the Almo pupils.

On November 10, relatives and friends gathered at the home of Mrs. Harry Landfair and surprised Mrs. Ada Jackson with a birthday dinner. She was 72 years of age.

The centerpiece for the table was a lovely birthday cake decorated with lighted candles.

The honoree received many lovely gifts.

The afternoon was spent in pleasant conversation.

Those present were as follows: Mr. and Mrs. Harry Landfair, and children, Betty June and Jerry; Mr. and Mrs. Vergil Ross and children, Catherine, Laverne, Laurine, Junior and Nancy; Mr. and Mrs. Elmus Norman, Mr. and Mrs. Huie Ross, Mr. and Mrs. Leon Coursey, Mrs. Della Glover, Mrs. Eva Jackson.

The 1935 Chevrolet of Cleve Farmer's was stolen from in front of the home early Friday night but later found in Paducah undamaged.

Mr. Farmer left the car temporarily to leave some articles at his home and came out after a short time to find his car gone. Thinking that some relative borrowed it or that some friend had taken it as a joke, the theft was not reported immediately.

The ladies of this community presented the Rev. and Mrs. N. P. Blankenship a friendship quilt. The ladies took lunch and met at the church and quilted. Those present were Mrs. Arlie Jones, Mrs. I. B. Miss Lucile Walston entertained her school with an interesting Halloween party.

Eagle, I would love to look through your Webster's spelling book. I have stood on the floor and seated the entire side spelling in the "Blue Back" speller, while attending school in the old log schoolhouse with split saplings for benches. I sure believed then I would amount to something someday. Seventy-three has found me alone in the world, a complete failure. I have only enjoyed searching God's word, the Holy Scriptures to gain a home not

made with hands Eternally in the Heavens.

There were some CCC boys in this neighborhood recently. They were gathering dogwood berries, cedar balls, hickory nuts. They said they were going to plant them.

Talmage Sims and Edward Chadwick cut and hauled five cords of wood for Mrs. Nannie Stinger last week. They put up ten cords for Johnny Ramsey week before last.

All read Isaiah 3.—"Old Glory"

The Murray Tigers took an easy win at Dawson Springs Friday topping them 26-0. The Tigers gained with ease and the Dawson team never seriously threatened.

Coach Holland Tigers scored in both the first and second quarters and twice in the third. Second string men were sent in for field experience and held the Dawson eleven scoreless for the remainder of the game.

The Murray line performed nicely on both offensive and defensive work. The line smashing of Ivan was a feature of the game and the line play of Province at guard and Lassiter at center was outstanding.

The Tigers will go to Princeton this week where they will have a much stiffer game but should hold the Caldwell countians to the small end of the score.

What The Telephone Business Means To Kentucky

THE Southern Bell Company spent more than \$36,850,000 during the five years of the depression to operate, maintain and improve Kentucky's telephone service. This was an important contribution to the progress of the State during a time when work was vitally needed and industrial activity was at a low level.

During 1934, which was far from a good year, the telephone company's operating expenses in Kentucky amounted to more than \$4,550,000 and \$1,050,000 was spent for addition to plant.

To build, operate and maintain this extensive plant requires the services of more than 1,800 skilled workers. Their annual pay roll is more than \$2,000,000, most of which is spent in the State for food, clothing, housing and other needs.

Many of these telephone men and women are home-owners. They and their families compose an army of more than 7,000 people, who are dependent upon the telephone business for their livelihood.

The steady and constant flow of millions of dollars from the telephone industry in the form of wages, taxes, purchases of raw materials and other expenses, is an important factor in the industrial progress and welfare of the State.

But of even greater importance to the business and social welfare of Kentucky, is the continuation of the adequate, dependable, telephone service to which you are accustomed. Yet the price you pay for this all-important service averages only a few cents a day for all classes of local service.

BREDS LOSE 19-6 TO MIDDLE TENNESSEE HERE SATURDAY

The Murray State College Thorougbbreds remained the team without the necessary drive and coordination in plays here Saturday in their third consecutive defeat with the Middle Tennessee Teachers trouncing them 19-6. The same story remained that the Thorougbbred line was an impregnable wall as only two first downs were made through it. The visitors were able to chalk up only four while the Stewartmen counted eleven.

Varied backfield combinations failed to give the Breds the necessary punch. They opened their game strong for two early first downs but lost the ball when Yarbrough fumbled. A second short offensive thrust in the first frame was stopped when the Stewartmen intercepted the Bred's pass.

The visitors garnered their first frame touchdown on two passes. Smitherman to Baskin for 22 yards and again for 25 yards.

The second quarter would be described in two words as neither team made a first down. Each team would handle the ball awhile and then kick.

Democrats In Thanks To All Who Supported

LOUISVILLE, Ky., Nov. 7.—A statement terming the election of Lieut. Gov. A. B. (Happy) Chandler as Governor of Kentucky a "glorious triumph" was issued today by Democratic headquarters here. The statement follows:

"The Democratic party in Kentucky has achieved the greatest victory in the history of the party in the state. The Democratic party in every precinct in Kentucky, organized themselves and swept the state by an unprecedented majority, with 100,000 more votes than ever before were cast in a Kentucky election. This majority was achieved by the people themselves and the candidates who were nominated by the party."

"No politician or management of the campaign were responsible for this victory. The responsibility rests with the people themselves and their desire for decent government and that the Democratic party administer the government."

"And we do not wish to overlook the fact that in this contest we had the support of many thousands of good Republican citizens who believed in our candidates and our platform."

This glorious triumph was achieved almost without money. The entire expense of the campaign, including headquarters and the money sent into the counties, was less than \$50,000. Of this amount, the Democratic National Committee contributed \$17,500. The remainder of this fund was contributed in small amounts by the citizens of Kentucky who desired to defray the necessary expenses of the campaign."

"Governor Chandler and the Democratic campaign organization, through its chairman, Robert Humphreys, express to all citizens of Kentucky their appreciation of the confidence which expressed through their vote and pledged to the people four years of good government."

Rev. John W. Waters Honored By Church

Sunday was a great day at the First Methodist church here. It was "J. W. Waters Day," especially honoring this venerable minister, whose life has been a benediction to the world. For fifty years Dr. Waters served as a minister of the gospel. Since he was superannuated he and his charming wife have made Ripley their home. To Dr. Waters owes much for his phenomenal success.

At the 11 o'clock hour Dr. Waters preached a marvelous sermon. It was the occasion of his 62nd birthday. He can out-preach many ministers now holding appointments. There is no man in the bounds of the Memphis Conference who is revered loved and esteemed more than our good friend, Bro. Waters. The Enterprise joins with the hundreds of friends in Ripley, Lauderdale county and over West Tennessee in wishing for him many happy returns of the day.

Hon. Wardlaw Steele made a most eloquent talk in presenting Dr. Waters with a substantial gift, lovingly donated by his Ripley friends.—Ripley (Tenn.) Enterprise.

Color is a mania today—whether it is in the movies, a new shade for your car, your hair, the living-room walls or automobile license. News from Washington says nearly every shade of the spectrum will be seen on the 1936 automobile license plates. Kentucky will have the most unusual plates, with black background and the silver numbers and the plate will be the regular size.

This is the first time Kentucky will use this color combination. These plates go on sale the second day of December, but cannot be used until the 29th of that month.

COUNTY AGENT NOTES

Tobacco Producers
A number of contract signers have been coming in to the office to make application for tax-exemption. There seems to be a misunderstanding on this point. This column last week was intended for the man outside so to speak. If one does not have a contract he should have an application for tax-exemption filed in the office of the County Agent at once. Delay may mean paying tax. Contract signers will be issued allotment cards for production market opens without making applications.

New Tobacco Contract

The new tobacco contract is for four years and the committee of this county hopes to have contracts ready for producers about the time the market opens. The new contract is simpler than the "34-35" and should tend to adjust the program for tobacco.

AAA Contracts

All AAA contracts were started with the short-time program in mind but now is taking its place as a long-time program and farmers can continue to adjust their program as their city brothers. When manufactured goods begin to sell below the cost of manufacturing what does the manufacturer do? He closes his mill and throws his employees out of work. The farmer has done better than this in most cases. He has cut his production same as the manufacturer but in most cases he is still taking care of his tenant. Why not the farmer have the right to control his production as the manufacturing people?

Farmers are desiring this right and are voting in favor of continued production control. The AAA started out as a reduction program but now has become an adjustment program. For example the Corn-Hog contract as proposed for the next two years will permit one to produce 100 per cent of his base hogs. Thus, the reduction program is gone and an adjustment program is taking its place.

S. D. Cecil and his family, of Morgan county, won more than \$100 at the Robinson harvest festival.

Begin Talking Xmas Seal Sale

The season of the Christmas Seal is here again and, according to Dr. L. E. Smith, Executive Secretary for the Kentucky Tuberculosis Association, preparations for the annual sale, from Thanksgiving to Christmas, are being made throughout the State and Nation. The death rate for tuberculosis has been steadily decreasing over a period of years, but the fact that Kentucky has a death rate far beyond that of the average State, and that the death rate for tuberculosis has not fallen as rapidly as that of other preventable diseases, is cause for serious consideration of all thinking people. In spite of the declining death rate, it is still the leading cause of death in the active period of life.

The Christmas Seal with its tiny double-headed red cross, has been a great factor in promoting and maintaining a successful tuberculosis-control program. It has a great message. Everyone should lend a hand in sending this messenger of hope, love and helpfulness on its way to those loves are, or will be, touched with the terrible blight of tuberculosis. Let the Christmas Seal tell its story. It will make Kentucky a safer place for our children.

Tuberculosis is on the increase in Calloway county. Dr. J. A. Outland states and much need for the work is at hand. The Woman's Club will again handle the sale of the seals and the committees for the sale will be named later.

Yes, indeed, the city of Murray is getting the Benton and Paducah hosiery concerns to be merged into one gigantic enterprise with the Murray Hosiery Mill. Just think, Teachers State College, best quality tobacco market in the "Black Patch", cotton gin and other things. Fair as the moon, bright as the sun, marching under the banner of peace and contentment, are you listening? About 15 years ago, says I, to myself, "Murray is finished, the last nail has been driven in." But oh, law, so many things are told most interesting in the Calloway booklet.

The families that have lived in Murray through generations and their accomplishments are told impressively. Where was Elmus J. Beale born? The history reveals this fact and continues with a complete history of Mr. Beale and members of the family.

Among the personal histories included in the booklet are: J. H. Churchill, R. W. Churchill, Ed Pick, E. J. Beale, George Hart, H. P. Wear, Galen Thurman, C. R. Lee, J. S. Duvall, C. T. Rushing, J. M. CALLOWAY HISTORY HAS MANY INTERESTING FACTS

The Calloway county history published in 1931 is a source of many interesting facts for all those who have an interest in their home county. The opening history of Calloway county is written by John Mac Melan, who probably knows more Calloway history than any other person, having collected much from time to time and always a student of history with a keen interest in his home county.

For instance he tells of the original boundaries of the county which came from Livingston and Caldwell counties after the act by the general assembly in 1822 making Calloway which then included what is now Marshall.

Who were the first commissioners of the county? They were Andrew Bell, Arthur H. Davis, Thomas Hill, Nicholas Copeland, William Short, Banister Wade, William Rowlett, Lindsey Martin, John Hodge and George Tucker.

Why was Calloway divided into two parts and when? It was divided into two parts in 1842 following a movement by James Brien begun 5 years earlier. Murray was chosen because of its central location.

For whom was Murray named? The Hon. Thomas L. Murray, one of the ablest lawyers of Western Kentucky at that time. Such facts are revealed throughout the article on the county's history. Facts that only a few people who have made Murray and Calloway county their home know.

Revolutionary soldiers helped settle Calloway says a sub head and Murray in early days is another. References to the old time dances and Murray's part in the Civil War are told in this interesting booklet.

Calloway's two colonies, of course that was in the days before Ruby, when colonelcy meant a coveted honor. Who were they? The hanging of "Pud" Diggs is told in detail. Just why should they have hung Mr. Diggs? All these things are told most interesting in the Calloway booklet.

The families that have lived in Murray through generations and their accomplishments are told impressively. Where was Elmus J. Beale born? The history reveals this fact and continues with a complete history of Mr. Beale and members of the family.
