Hike Scheduled August 2

## Electric Rates To Go Up Again

Plans for a second rate increase this year were announced by officials of the Tennessee Valley Authority Wednesday afternoon. The increase, which will average approximately 55 to 60 cents per 1000 kilowatt hours of power used by the consumer, will go into effect August 2, according to William Barker, superintendent of the Murray Electric System.

TVA, which claims its rates after the increase will still be only 60 per cent of the national average, said average cost of 1,000-kwh or power a month will be \$17.18, up 60 cents; 2,000-kwh about \$28.95, up \$1.20; and 4,000-kwh, about \$52.49, up \$2.40.

Supt. Barker said that the rate increase will be considerably less than the January increase which amounted to approximately 14 per cent.

"This increase will not be as noticeable to the consumer," Barker said, "because consumption is usually down in August and more people have begun to conserve power."

The new rate plan, commonly called an escalator clause, was adopted Wednesday. It will tie TVA's wholesale power rates to the monthly costs of coal used in the agency's steam plants.

Meanwhile Joe L. Evans, D-Tenn., dean of the state's congressional delegation, de-

nounced the situation as "most regrettable."

He said he had written to TVA Chairman Aubrey J. Wagner May 28 asking him about rumors of a further rate increase.

Evans said he got no response until Wagner notified him Wednesday.

"The only conclusion that can be drawn from the failure of Chairman Wagner to respond directly to my letter prior to the announced rate increase was that the TVA board of directors did not want a public discussion of the alternatives to rate increases," Evans said.

"More flexibility in TVA is imperative — something has to be done," he added.

TVA said public hearings will be held across the valley June 13-14 at six or eight sites.

In announcing the change in the rate schedule, TVA said:

"For some time now coal has been in short supply and coal producers have not responded to our invitations for competitive bids."

"Under such conditions, such as we have been able to buy has been on a negotiated basis, and in the current seller's market prices are unpredictable."

It is the second rate boost this year. A 14 per cent increase was put into effect in January.

## Manning Warns Businesses To Purchase Privilege Licenses

Police Chief Brent Manning has announced that enforcement of the city statutes dealing with privilege licenses for businesses will be enforced beginning next week.

Manning said that a number of firms have not purchased their city privilege licenses, and that offending business will be cited into city court next week.

"I feel that a number of these people have just forgotten to get their privilege licenses," Manning said. "But we must

enforce the law, and we're asking them to get their licenses before they are cited into court."

Manning said 74 firms are on the delinquent list.

Chief Manning also added that roadblocks are being set up this week to check for city stickers on cars belonging to city residents, or to people who work in the city. Forty-five citations were issued this morning to drivers who did not have stickers.

## Tape On Milk-Fund Affair Inconclusive Say Probers

Washington (AP) — A key tape in the milk-fund affair is incomplete and inconclusive, say several House impeachment probers who listened to it.

The recording is of President Nixon ordering an increase in federal milk price supports in 1971. Several members of the House Judiciary Committee who heard it say it neither proves nor disproves whether the President was influenced by a promise of \$2 million in campaign donations from dairy cooperatives.

They also say the recording

ends abruptly with an exchange between Nixon and then Treasury Secretary John B. Connally.

According to Charles B. Rangel, D-N.Y., Connally said, "I'd like to talk to you for a couple of minutes on another matter." Nixon replied, "Sit down," and the tape recording ended, Rangel said.

The recording was furnished voluntarily by the White House several months ago before it began resisting requests for subpoenas for additional recordings. White House lawyers have said that in such tapes it gave up only portions relevant to Watergate.

The committee devoted the full day Wednesday to reviewing evidence in the milk fund affair. Today it was scheduled to review White House wiretapping of newsmen and administration officials; a plan that Nixon approved briefly to gather domestic intelligence through burglary and surveillance of mail, and activities of the White House plumbers unit that broke into the office of Daniel Ellsberg's psychiatrist.

Both Democrats and Republicans on the committee agreed generally that the milk fund donation to different interpretations.

## Murray To Host Memphis District Methodist Conference Next Year

The First United Methodist Church of Murray has extended an invitation for the 1975 meeting of the Memphis District of the United Methodist Church, as announced at the conference now in session at Jackson, Tenn.

Local church officials said the conference was last held in Murray in 1943. Dr. James A.

Fisher, Sr., minister, and Rev. Mickey Carpenter, associate minister, will be host pastors for the 1975 conference meeting.

One of the items to be acted upon at the 1975 conference will be the three year campaign to raise endowment funds for Lambuth College, Jackson, Tenn., which was recommended at the present conference.

Pastoral changes in the Paris District which includes churches in this county were announced.

Rev. Roy Burke will be

coming to the Hazel-Mason's Chapel Charge from Martin Circuit to replace Rev. James Baker who is returning to school in Ohio for further graduate studies leading to the Master of Divinity and Master of Arts degrees in Christian Education.

Martin's Chapel-Good Shepherd Charge will have Rev. Phillip McClure of Virginia as their pastor to replace Rev. Coy Garrett who is going on sabbatical leave.

Rev. Jerry T. Lackey of Atoka, Tenn., will be at Fulton-Cayce Cooperative Ministry. Unchanged Kentucky charges in the Paris District, and their ministers include:

Bethel-Brooks' Chapel, Rev. Julian Warren; Bethlehem-Wesley, Rev. Franklin Gardner; Coldwater Circuit, Rev. Glenn Puckett; Dexter-Hardin-Olive-Palestine, Rev. John Churchwell; Fulton First Church, Rev. William Adams; Independence, Rev. Richard Schorey; Kirksey Extended Ministry, Rev. Charles Yancy; Lynn Grove-Goshen, Rev. C. W. Hart; Lynnville-Poyner's Chapel, Rev. Gary Mohler; Murray First Church, Rev.

James Fisher and Rev. Mickey Carpenter (associate); Sedalia-Burnett's Chapel, Rev. Harry E. Nall; South Pleasant Grove Extended Ministry, Rev. A. H. McLeod Jr.; Water Valley-Palestine, Rev. James Griffith; Wingo, Rev. R. Layne Shanklin, and South Fulton, Tenn., Rev. Gerald Hattle.

Other pastoral changes of local interest include Rev. Roger Joseph, formerly of Kirksey, who has been assigned to the Providency in the Jackson District, and Rev. A. Ralph Gunter at Brewers in the Paducah District.

During the conference a net gain in membership of 984 during the first five months of 1974 was reported. The Paris District reported an increase of 102 and the Paducah District, 89.

Retiring ministers recognized at the Tuesday evening session were Charles W. Grant, Paul T. Lyles, David Olhausen, Orville Easley, Frank Blackwell, Fred Alexander, Tom B. Stone, and Luther Shaffer.

## Girl Scout Day Camp To Open Here Monday

The annual Girl Scout Day Camp will be held at the Calloway County Fairgrounds starting Monday, June 10, and continuing through Friday, June 14, according to Ethelyn Loberger, director, and Ginie Hopkins, assistant director.

Hours of the camp will be from 8:30 a.m. to two p.m., Monday through Thursday, and 8:30 to 11:30 a.m. on Friday.

Each Girl Scout should wear suitable clothing including shoes and socks, tops with sleeves, and shorts or pants. Each one is asked to bring sack lunches, two clothes pins, cup with handle, sit-upon, and knife.

The program will include crafts, badge work, fire building, cooking, camping, archery, hikes, flag ceremonies, and a family night on Thursday.

## Local Students Members Of Theatre Group

Two Murray area students are among the members of the Summer Theatre company to play in two West Kentucky state parks for an eight-week run June 11-Aug. 4.

They are: Debra J. Shinnors of Murray Route 7, a junior at Murray State University; and Jana Jones of 1608 Keenland Drive, a senior at Murray High School.

Miss Shinnors, an accounting major with a minor in theatre arts, is the daughter of Mr. and Mrs. E. M. Shinnors. Miss Jones is the daughter of Dr. and Mrs. Donald E.

The 18-member company will present a "Gay Nineties Revue" at Kenlake State Park at Aurora on Tuesday and Wednesday evenings June 11-July 31 and a melodrama entitled "Dirty Work at the Crossroads" and a short vaudeville act at Kentucky Dam Village State Park near Gilbertsville Thursday through Sunday evenings June 13-Aug. 4.

Members of the company were selected during auditions earlier this spring. Actors, singers and dancers also assist with technical functions such as promotions' set construction, lighting, sound and costumes.

Robert E. Johnson, chairman of theatre arts and director of the shows, said both programs are "planned to appeal to the entire family." The Summer Theatre is a joint project of Murray State and the Kentucky Department of Parks.

## Arts and Crafts Festival To Be Held June 29-30

A variety of craftsmen at work will highlight the Fifth Annual Arts and Crafts Festival sponsored by TVA and the Murray Art Guild on June 29 and 30 at Land Between The Lakes, TVA's large recreation area in western Kentucky and Tennessee. The Environmental Education Center, a 5,000-acre area off The Trace in the northern portion of the area, will provide the setting for this colorful festival.

Visitors to the show will see a wide variety of paintings including those of Ellen Glasgow, from Springfield, Virginia, who has exhibited all over the United States, including Hawaii. Craftsmen representing states throughout the Midwest and South will exhibit all types of art. Ray Lober from Kelso, Missouri, will display handmade reproductions of Early American rocking chairs; while Ronnie Edwards of Hickory, Kentucky, will show visitors the art of blacksmithing. Handmade storybook dolls will be shown by Mrs. Lester Miller, Cape Girardeau, Missouri, and Bunny Lanning from Murray, Kentucky, will display old quilts. Those interested in tracking their backgrounds can stop by Don Simmons' booth where genealogical charts will be on display. Other unique exhibits will feature batik, macrame, ceramics, jewelry, and sculpture.

The two-day festival has become an important annual event in the West Kentucky region. Last year it attracted about 150 exhibitors and 20,000 spectators.

The show, which will be held near Center Station, will be open to the public at no charge from 9 a.m. to dusk. Picnic areas are provided within the Environmental Education Center for visitors, and light refreshments will be sold by the Murray Art Guild. In case of bad weather the show will be postponed to the weekend of July 6 and 7.

## Hortin To Be Instructor At Writing Seminar

Dr. L. J. Hortin, retiring chairman of the department of journalism at Murray State University, will be among the featured instructors for a creative writing seminar scheduled for June 10-14 at Greenbo Lake State Resort Park.

The seminar is being held for 1974 graduates of Kentucky high schools who are interested in creative writing in the fields of short stories, poetry and journalism.

The seminar, sponsored jointly by the Kentucky Department of Parks and the Kentucky Department of Education, is an effort by the state to foster interest in several facts of creative writing.

Other instructors for the four-day seminar will be Jesse Stuart, internationally acclaimed short story writer and novelist and Lee Pennington, award-winning poet.

The seminar will include lectures by the three instructors, informal discussions between students and instructors, presentation of certificates to students and, of course, writing.

The cost for each student will be \$60 which will include lodging and meals. Reservations can be obtained for the seminar by calling toll-free from any point in Kentucky 1-800-372-2961.

## Shrine Members And Wives At Ceremonial

Rizpah's Shrine Ceremonial honoring Past Potentate Ben M. Strother was held in Madisonville on Saturday, May 25, with several members of the Murray-Calloway County Shrine Club and their families attending.

The ladies were entertained with a luncheon given at the New Activities building. A luncheon was held at eleven a. m. with introductions following at twelve noon. The group was then taken by busses to downtown Madisonville where the Shrine Parade was held at 1:30 p. m. A style show followed at 3:30 p. m.

The usual Moslem Feast was at 6:30 p. m. The climax of the

day's festivities was the Ceremonial Ball from nine p. m. to one a. m. Approximately three or four hundred Shriners and wives attended.

Those from Murray attending were Messers and Mesdames Carl Stout, Joe Dean Watkins, Norman Klapp, Jack Persall, Allen Jones, Mike Ligon, Woodrow Dunn, Kenneth Jackson, Bruce Wilson, Ron Hutchison, Edsel Beale, and Wilson Hewston.

Joining the Murray group were Wayne Hughes and his wife, Jill, from Owensboro. Mrs. Hughes is the daughter of Mr. and Mrs. Jack Persall. Those attending were guests at Holiday Inn and Ramada Inn.

## Wedding Vows Planned

Miss Marsha Lou Ernstberger and Charles Edward Hargrove

Mr. and Mrs. Thomas Ernstberger of Murray Route Four announce the engagement and approaching marriage of their only daughter, Marsha Lou, to Charles Edward Hargrove, youngest son of Mr. and Mrs. James R. Hargrove of Murray Route Two.

The bride-elect, a 1973 graduate of Calloway County High School, is employed at the Bank of Murray and is a part-time student at Murray State University. She is the granddaughter of Mr. and Mrs. Orbie Culver, Sr., and the late Mrs. Lucy Ernstberger.

Mr. Hargrove, a 1969 graduate of Calloway County High School, is presently employed at Boone's Laundry & Cleaners and plans to attend Murray State University this fall. He is the grandson of Mrs. Peachie Berkley.

The wedding will be solemnized on Friday, June 28, at 7:30 p. m. at the New Concord Church of Christ. No formal invitations are being sent and all friends and relatives are invited to attend.

## Your Individual Horoscope

Frances Drake

FOR FRIDAY, JUNE 7, 1974

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

**ARIES** (Mar. 21 to Apr. 20)

Much activity and movement indicated. What appeared to be status quo is actually in the process of change. Be prepared to improvise.

**TAURUS** (Apr. 21 to May 21)

Caution should be day's keynote. Let others take the initiative. Retain your quiet, efficient manner and remain in the background as much as possible.

**GEMINI** (May 22 to June 21)

You now have greater freedom of choice and movement than you have had in some time; can also expect some invaluable help from a member of the opposite sex.

**CANCER** (June 22 to July 23)

An idea which comes to you in the a. m. has good financial potentials. But don't make your final decision for 24 hours or you may have to revise.

**LEO** (July 24 to Aug. 23)

Curb your innate aggressiveness now. Use more subtle tactics to get what you want. Benefits CAN be attained, but all will depend on your approach.

**VIRGO** (Aug. 24 to Sept. 23)

You may be offered an unusual proposition. Investigate with a view to long-range benefits, and consider whether or not it suits YOUR standards. Some misleading influences.

**LIBRA** (Sept. 24 to Oct. 23)

Especially favored now: professional endeavors, opportunities to increase prestige. You may be given added responsibility but, with it, there's increased potential.

**SCORPIO** (Oct. 24 to Nov. 23)

Heed danger signals as well as attractions where finances are concerned. Not many, but one or two could prove troublesome if you are not alert.

**SAGITTARIUS** (Nov. 23 to Dec. 21)

Be prepared to cope with strangers, odd situations. Pinpoint objectives; be selective about ways and means. Step up momentum where possible.

**CAPRICORN** (Dec. 22 to Jan. 20)

Make sure you have checked all facts and factors before making agreements or commitments. But do not quibble foolishly and lose out.

**AQUARIUS** (Jan. 21 to Feb. 19)

You may find yourself drawn in two directions at once — as the Aquarian is at times. Key to solution: The "easy" road is not necessarily the best one.

**PISCES** (Feb. 20 to Mar. 20)

Good news! Some unexpected largesse will tide you over a difficult spot, money-wise. Romance favored, too.

**YOU BORN TODAY** are endowed with unusual individuality, originality and adaptability. Your governing planet, Mercury, indicates alertness and versatility, but you are often dissatisfied with your accomplishments. A perfectionist at heart, you often feel despondent because you feel "you could have done better." Never lose confidence in yourself. Foster your talent for sensing the needs of others and knowing how to cope with unwieldy situations. You usually work best when you're "on your own" but are more than cooperative when need be. Your thirst for knowledge is all-consuming. Nourish it, since the greater your education, the higher your accomplishments. You could excel as a journalist, architect, painter, musician, scientist or lawyer. Birthdate of: Paul Gauguin, French painter; Dean Martin, singer, actor; Bob Dylan, popular singer.

**CUBE STEAK** Cube steaks need only searing in a little salad oil in a very hot skillet when they are to be used in sandwiches. Serve these sandwiches with pickle relish or ketchup, or both, as you serve hamburgers.

## Palestine Women Hold Regular Meet And Noon Luncheon

The Palestine United Methodist Women met at the church for their regular monthly meeting with the Dexter-Hardin women as their guests.

Mrs. Durwood Lovett, president called the meeting to order and welcomed the guests. The opening prayer was by Mrs. Tilman Jeffrey.

The pastor, Rev. John Churchwell, presented the devotion on the "Women's Part Today in Keeping the Homes Together and Problems of the Home."

The business session was conducted by the president, Mrs. Myrtle McDaniel, gave some reports from the district meetings.

Mrs. Jeffrey read the poem, "What Would you do if Jesus Came to Your House?" Mrs.

Eulis Goodwin read an article called "The Inconquer." Mrs. Homer Burken gave the reading of "Our Home."

Mrs. Jack Oates led the group in singing "Blessed Assurance." The offering was taken by Miss Jill Childress.

Mrs. Rufe Burken gave the closing prayer and table grace. A delightful lunch was served in the basement. The next

meeting will be held June 11.

Those present not mentioned were Mrs. James R. Burken, Mrs. Will Parrish, Mrs. David Mullinax, Mrs. Cleve Parrish, Mrs. Fuqua Hopkins, Mrs. Earl Childress, Mrs. Roy Burken, Mrs. John Churchwell, Mrs. J. C. McDaniel, Myrtle McDaniel, Mrs. Ben Haley, Mrs. Wilma Barnett, Mrs. Clint Scaggs and Little Miss Christy Mullinax.

## Two Bride-elects Honored At Party At McCord Home

Honorees at a coke party held on May 11 at the home of Miss Donna McCord were Miss Sandy Johnson, bride-elect of Tommy Morris and Miss Nancy Herndon, bride-elect of Steve Herndon.

Hostesses for the event were Miss Donna McCord, Miss Debbie Cunningham, and Miss Gail Herndon.

Miss Johnson was attired in a green and white plaid jump suit. Miss Herndon wore a green pant suit. The bride-elects were presented corsages of white daisies.

Also present for the occasion were the mothers of the bride-elects and groom-elects: Mrs. William T. Johnson, Mrs. Joe Morris, Mrs. Clarence W. Herndon, and Mrs. Earl Herndon.

Refreshments of cokes, brownies, strawberries, finger sandwiches, and potato chips were served to the guests from a table holding a centerpiece arrangement of daisies.

Guests included former classmates of the bride-elects.

## Woman's World

Dear Abby

## Ignorance is a state of meaning

By Abigail Van Buren

© 1974 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: Regarding the socially active university professor with a Ph.D. who wasn't sure of what R.S.V.P. meant until he saw it in your column: You replied "Ignorance is simply the absence of knowledge which is no crime. We are all ignorant, only on different subjects."

Abby, ignorance is "not knowing something we should know." Nescience is "not knowing something one would have no reasonable expectation of knowing."

Your not knowing the distinction between "ignorance" and "nescience" is nescience on your part. The professor's not knowing the meaning of R.S.V.P. is ignorance on his part.

P.J.R.: WORD FREAK

DEAR FREAK: Since words are my tools, I felt ignorant not knowing the meaning of the word "nescience." Then I polled three newspaper editors, two lawyers, a psychiatrist, the heads of the English department in three of our leading universities, a world famous novelist, a United States Supreme Court Justice, and an expert who writes a syndicated column on words, and not ONE of them had ever heard of the word "nescience." So, now I feel more nescient than ignorant.

DEAR ABBY: I am a 19-year-old girl, and my problem involves my psychiatrist. I trusted him completely and told him things I never in a million years would tell my mother, because he led me to believe that everything I told him would be held in the strictest of confidence.

Can you imagine how I felt when I overheard my mother telling a relative on the phone some of the things I had told my psychiatrist? I can't tell you how this upset me!

In high school I stayed away from counselors, teachers, shrinks, etc., in order to avoid this.

When I saw my psychiatrist, I asked him why he did this to me. At first he denied it, then he said that my mother had become "concerned" about me, so he told her everything. Abby, I thought I could trust him, and he betrayed me!

What is the law concerning a doctor's keeping information confidential? He said he had a right to talk to my mother without my permission. Did he? I am not a minor.

UPSET

DEAR UPSET: Your doctor has committed a breach of ethics, and you would be perfectly justified in reporting him to the Ethics Committee of your local county medical society and/or psychiatric society. I suggest you do just that.

DEAR ABBY: How can I get a reply from a place of business when I write them requesting specific information? I wrote to these people three times—and even then I was ignored. I didn't ask for any special favors; I inquired about buying something they sell. What is the matter with people these days? Please tell me how to get an answer out of them.

FRUSTRATED

DEAR FRUSTRATED: To insure a reply — and usually a prompt one, enclose a stamped, addressed envelope. If you are ignored, give up. They probably don't need the business, and they certainly don't deserve it.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69790, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Cal. 90212 for Abby's booklet, "How to Write Letters for All Occasions."

## Dr. Sisk Talks Of Southern Arms At Meeting Of The UDC Chapter

The lovely home of Mrs. E. W. Riley on Sha-Wa Circle was the scene of a delightful and instructive meeting of the J. N. Williams Chapter of the United Daughters of the Confederacy.

Mrs. Riley, assisted by her cohostess, Mrs. Douglas Shoemaker, and her guest, Mrs. Ernest Bailey, served a delicious second breakfast course to the members and guests.

Dr. Morgan Sisk, instructor in biology at Murray State University, was guest speaker and used as his subject, "Southern Arms and Ordnance." He explained the difficulties that beset the Confederate government in furnishing armament for its soldiers at the outbreak of war.

"The Tredegar Iron Works at Richmond, Va., was the only sizeable source of supply," said Dr. Sisk, "and it was not geared for heavy production of war materials. The South found that it must improvise, learn to make do with the supplies and materials available. Hardly a round of ammunition had been made in the South for fifty years. At the outbreak of war by the most optimistic estimate, the South possessed enough gun powder for one month's warfare. In this crucial situation, the Confederacy was fortunate in having the services of four men of genius: Chief of Ordnance General Josiah Gorgas, John William Mallet, an Irish born chemistry professor at the University of Alabama, and the Rains Brothers of North Carolina."

"These men managed to produce war supplies at an amazing rate of speed and were responsible for many innovations which are still used in modern warfare," Dr. Sisk said. "The War Between the States might be called a War of Firsts as this was the first use of submarines in warfare when the Hunley, a Confederate submarine, sank the Federal ship Housatonic. The first 'railroad artillery' was successfully used when guns were mounted on flat cars for quicker movement. The 'snorkel' breathing device was first

used in this war, land mine fields laid, telescopic sights for rifles, iron-clad ships, naval torpedoes, and electrically exploded bombs and torpedoes were Southern innovations. Camouflage was first used by Confederate blockade runners who usually painted their ships a misty gray, making them almost invisible to enemy ships at sea. The smoke screen was first used by the R. E. Lee while escaping from the USS *Ironclad*," the speaker said.

Dr. Sisk explained the methods used by General Gorgas' group of experts in collecting the materials and producing gun powder which, after the war ended, was used by the Federal government and pronounced the best and most efficient gunpowder hitherto in use.

"The South was not lacking in inventive nose and ingenuity," said Dr. Sisk. "The building up of her armament in such a short time from almost a standing start has always seemed to me one of those astounding miracles that war can produce, out of necessity, to fill its hour of need."

In closing Dr. Sisk thanked the members for their close attention and interest during his talk. "I do not mind telling you now," he said, "that I had qualms about being able to hold the attention of a group of ladies with such a subject as Arms and Ordnance, but when I recognized your sincere desire to learn and to understand all the problems that confronted the Confederacy besides the ever present shortages of man

power, food, and clothing, I was soon at ease. I thank you."

Miss Maude Nance, chapter president, expressed the appreciation of his audience for Dr. Sisk's well worded and informative talk.

After a brief business session, the meeting was adjourned. The next meeting will be held on Wednesday, June 19, at ten a.m. at the home of Mrs. Leonard Vaughn. All members are urged to attend as this will be the last meeting until September. The installation of officers will be held.

### Mrs. Learon McGary Opens Home For Suburban Meeting

The Suburban Homemakers Club met in the home of Mrs. Learon McGary, 1308 Overby St., on Monday, May 13, at 7:00 p.m. with the president, Mrs. Holmes Dunn, presiding. The devotion was given by Mrs. Max Farley and was taken from Psalms 100. The thought for the day was, "All That I Am Or Hope To Be I Owe To My Angel Mother."

The roll call was answered by all of the ten members, each giving a trait she thought most becoming to a mother. The secretary-treasurer, Mrs. Prentice Dunn, read the minutes and gave the treasurer's report. One guest, was Mrs. Billy Wessel.

In the business session all of the present officers were reelected for next year. The group also voted to make a contribution to the camp for under privileged children. The program on "Tour Kentucky" was presented by Mrs. Prentice Dunn. She discussed the location of many of Kentucky's State Parks and other Tourist attractions. She noted that The Land Between the Lakes is one of the newest and largest recreation areas in the U.S. and that it is a National Park. The two lakes and the Land between the Lakes are said to draw far more visitors annually than the legendary Great Smokies.

Mrs. Roy Hancock showed a

beautiful picture that she had made from seed, and discussed the types of material she had used and the procedure of putting it together.

After some discussion it was decided that the June 21 meeting would be a family potluck picnic at the home of Mrs. Leon Adams, 803 Sunny Lane. Other members present, not previously mentioned, were, Mrs. Robert Hendon, cohostess, Mrs. Lenith Rogers, Mrs. Jack Wilson and Mrs. Harry Russell.

At the close of the meeting Mrs. McGary and Mrs. Rogers served delicious cake and coffee.

### Swedish mother beats the odds

Mrs. Monica Smedberg, 32, of Sundsvall, Sweden, beat statistical odds of one to 512,000 when she had her third consecutive set of twin girls in April.

Mrs. Smedberg has not taken fertility drugs but she and her husband are twins. They now have eight children, all girls.

### Larger Bees

Bumblebees are larger than most other bees and their elongated mouths enable them to pollinate red clover, which no other bee can do.

# Tappan Recall A Welcome Announcement

Regardless of pessimistic outlooks propagated by national economic observers, the people in our community should feel relieved somewhat that the Tappan Stove plant is upping its work force to near record levels, as reported in Wednesday's edition of this newspaper.

Admittedly, the effects of the nationwide economic instability will still be felt in our community, but having the industry that employs the largest number of local workers again operating at full production, will undoubtedly be a shot-in-the-arm to our local economy. It has been estimated that the 155 workers recalled to positions at Tappan between May 1 and June 24 of this year will add an additional \$30,000 to the stove plant's payroll each week. Simple arithmetic reveals that this alone will pump an additional \$1.5 million into the local consumers' pockets in a year's time.

The announcement by Tappan, coupled with the continuing growth of our other industries—such as the still

rising employee total at Fisher-Price and the soon to be underway new building for Sager-Grove—should make it evident to local pessimists that Murray and Calloway County will continue to progress in the years ahead.

We firmly believe that Murray and Calloway County, as pointed out in a government study last year, will in the future be the major growth center for this area. The announcement by Tappan, which typifies the progressive thinking of all our local leaders, gives impetus to this feeling.

Also noteworthy in the article about Tappan, was the fact that the local company plans to spend an additional \$125,000 to install air pollution control devices to clean exhausted air from the foundry.

We feel this is deserving of praise since the plant is, on its own initiative, taking steps to clean up the pollution that its manufacturing processes create. We are proud of Tappan, its leadership and employees as a part of our community economic base.

## Dog Days Indeed

Rabies clinics, sponsored by the Calloway County Health Department, began at several locations in Calloway County as well as the clinic itself, Wednesday, and will continue through Friday.

These clinics are an opportune time for all dog and cat owners in our community to have their pet vaccinated against rabies. The fee for the clinics is \$2, which is a small price to pay for the service obtained.

This is a good time to mention, too, that as always, we'll have some oppressively hot days this summer, particularly for dogs.

Not only oppressive, but fatal. Many dog-owners, even though they're dotingly fond of their pets, have not the foggiest notion how to take care of them in hot weather.

First off, dogs need plenty of clean, cool water where they can get at it whenever they need a drink, which is often. If they're locked outdoors in a fenced yard during the day, they'll need a shady spot to retire to. Also, a deep, heavy water dish that the dog can't tip over should be provided.

The greatest danger to dogs comes when they're left in parked cars.

Even if the car is in relative shade, and a window is left partially open, the heat build-up inside the car can be fatal. If the temperature outside is 90 degrees, it can be 120 degrees inside the car.

Dogs can't cool off by sweating the

way humans do. They cool off by panting. And when they pant, they add to the heat inside the car. On a hot day it does not take a dog cooped up in a car long to die. Maybe an hour—while the owner is doing a bit of fast shopping, for instance.

Dog owners, no matter how doting, who don't take good care of their pets in hot weather have no right to own dogs in the first place.

REMEMBER: Don't forget those rabies shots!

#### Lessons On Letters

Arkansas Rep. Bill Alexander may have trouble convincing people that the U.S. Postal Service's project to instruct schoolchildren on how to send mail is just a scheme to promote the service at taxpayer expense. As Rep. Alexander himself observed, the Postal Service is monopolistic in nature. There's no logical motive for being that promotion-minded. On the other hand, unless the postmaster general can show that teaching third, fourth and fifth graders how to address and mail letters will help reduce the service's operating expenses, taxpayers will have good cause to question the expenditure of nearly half a million dollars on an "educational" project. Some may even wonder if the money wouldn't be better spent on in-house training. —Charleston (S.C.) News and Courier

#### Care About The Little Things

Dear Editor:

I had an experience today that I think others should know about. A friend and I were riding through downtown Murray and saw a kitten laying by the curb. It evidently had been hit by a car and was struggling to turn itself over, or else to just lift its head.

We stopped, but by the time we reached it, the kitten was dead.

I do not know how it happened, but people

were just passing it by and whoever hit it did not bother to do anything.

I do not know what can be done about things like this unless maybe people could think more about the little things in life.

It does not take much of our time or ourselves to care.

Nancy Stein

An AP News Analysis

## Nixon Will Return To Find Watergate Waiting

WASHINGTON (AP)—President Nixon is playing his strong suit with his journeys to the Middle East and Moscow while congressional investigators inch toward a preliminary judgment about his impeachment.

But he will return to find Watergate waiting. A verdict from Congress is months away.

Nixon always has emphasized foreign policy, and the quest for a stable world peace, as his primary mission in the White House. The travels he begins Monday will underscore that theme, and identify him more directly with the successful Middle East diplomacy of Secretary of State Henry A. Kissinger.

Furthermore, when operating in the realm of foreign policy, presidents generally are treated more kindly by their critics than when they are functioning at home, on matters domestic.

Senate Democratic Leader Mike Mansfield has said Nixon is entitled to bipartisan support for his foreign policy undertakings. That is the traditional attitude.

But it appears to be eroding. Applauding Kissinger's success in achieving a disengagement agreement between Israel and Syria, Democratic Sen. Frank Church of Idaho said:

"The proposed follow-up trip to the Middle East by President Nixon is unnecessary. I do not see what benefit such a tour would be except for the President himself."

The President plans to leave Monday, visit five Middle Eastern Nations between June 12 and 18, return home for a week, and then depart for Moscow and summit talks begin-

ing June 27. The Moscow trip, too, has drawn some democratic criticism.

While Nixon travels, the impeachment inquiry will continue, presumably in private sessions of the House Judiciary Committee.

There have been no televised hearings, no dramatic new disclosures, but instead the laborious and lengthy process of listening to impeachment evidence in executive session. The Judiciary Committee is working at that task three days a week. It is expected to occupy the panel through most of June, to cover material already in hand.

And the panel wants more. It has issued subpoenas for tape recordings of 122 White House conversations. The President has said he will turn over no more tapes.

Nixon has said repeatedly that the Watergate and im-

peachment investigations should be pushed swiftly to a conclusion. That is not going to happen.

While the House committee is not directly involved in the Supreme Court appeal of special prosecutor Leon Jaworski for 64 presidential tape recordings, that case will have a significant impact on the impeachment proceedings.

A central issue is Nixon's claim that executive privilege entitles him to withhold tape recordings. The Supreme Court is to hear arguments in that case July 8, and might issue a ruling late in July. The House panel is likely to await the outcome of that case before issuing its impeachment report.

There also is pressure from some committee Republicans to call witnesses in the impeachment inquiry, which would further lengthen the process.

Whatever the verdict, it isn't going to come soon.

### TRANSPORTATION

In Chicago, the famed Seabees, the union construction workers who sometimes preceded the Marines' landings in the South Pacific during World War II, may be called back to service, unexpectedly, in downtown Chicago. The city plans to purchase two huge helicopters, freed from Vietnam, to lift up stalled cars from clogged expressways. The Seabees were experts at this sort of thing, especially on the famed Burma Road. (St. Louis Labor Tribune)

Yellowknife, Canada — Dog sleds are making a comeback in Canada's Northwest Territories. The last dog team in the Vftin Island area was seen five years ago, but with gasoline price at 1 1/4 % a gallon, sportsmen have found snowmobiles uneconomical for hunting. The canine comeback got an assist from Hollywood. A film crew imported dog teams to provide authenticity to the shooting of a picture about the American whalers stranded with Eskimos. Local hunters realized dogs were practical and started buying teams, too. (Western Star, Newfoundland)

## Comments from Others

YORK, NEBR., NEWS-TIMES: "A prime mover to cut down inflation must be the federal government. And the only way the federal government can cut down or even slow inflation is to keep spending within the limits of income. And until the federal government does that, you can talk yourself blue in the face about getting more or less than what you paid in and all you're doing is putting wallpaper over the cracks. There now seems to be a small current of congressmen who are determined to get the budget sliced so that it results in a surplus instead of a deficit. Our best bet to curb the inflationary practices of the federal government is to hope this ripple becomes a tidal wave."

By Carl Riblet Jr.

A woman who wishes to be a good and understanding wife must, early in marriage, learn to close her eyes and swallow when the occasion demands. That's the only way she can cope with her husband's excuses and white lies. A man's duty in marriage is clear. He should make enough money so that she won't choke on what she swallows.

## Nicklaus Changing His Grip For U.S. Open

By WILL GRIMSLEY  
AP Special Correspondent  
MAMARONECK, N.Y. (AP) — Jack Nicklaus has returned to Winged Foot after a 14-year absence, with a new grip and five extra pounds to take into next week's bid for a 15th major golf championship.

Claude Harmon, the longtime resident pro at the course where the U.S. Open starts June 13, was flabbergasted. "Can you imagine," said the paunchy teacher of princes and kings. "Here's a guy who has won every major championship in the world, most of them two and three times over, and he's changing his grip a week before the Open."

Nicklaus flew in from his home in West Palm Beach, Fla., for a re-introduction to the famed Winged Foot course Wednesday and immediately began charting the layout like a surgeon preparing for a delicate operation.

At the 442-yard eighth hole he laced into an iron shot. The ball

formed a perfect parabola, sailing to the green only a few feet from the cup. "That's it, that's it," Jack said with obvious delight and to no one in particular. "All spring I've been trying to move the ball left to right."

Nicklaus, winner of a record 14 major championships, has managed only one tour victory this year—the Hawaiian Open—while Johnny Miller, the defender in the Open, dominated the early season with four triumphs.

He professes he is no discouraged.

"It isn't that I have been complacent or spending too much time on other things," he said. "I've been working hard on my game. I just haven't been playing well, that's all, and it's been largely due to the fact that I haven't been able to fade the ball."

He said, "I feel fine, although at 190 I'm about five pounds overweight."

Nicklaus was a pudgy, crew-cut 19-year-old amateur when he played in the last U.S. Open at Winged Foot in 1959. He shot two 77s for 154 and missed by a shot making the cut. Billy Casper won it.

The next year Jack returned to play it again—the last time he had seen it—while on his honeymoon.

## Cleveland Fans Leave Fireworks To Baseball Team And Indians Explode For 9-3 Victory Over Rangers

By KEN RAPPOPORT  
AP Sports Writer

The fans left the fireworks to the baseball team in Cleveland Wednesday night.

Home runs exploded at Municipal Stadium instead of people. It resulted in a 9-3 Cleveland victory over the Texas Rangers in relative peace and quiet.

"I really liked it when the fans stood up and cheered our boys when they hit their homers," noted Cleveland Manager Ken Aspromonte. "That's

the kind of fans we want to come out and see us. They can enjoy our success with us. Those others, I don't ever want to see around."

It was a far more civilized scene than Tuesday night when their game was torn apart by a riot. Hundreds of fans, apparently hyped up by "10-cent beer night," threw debris and flooded the field, chasing the players to cover. The Indians had to forfeit the game.

On Wednesday night, only about 8,000 persons showed

up—about one-third of Tuesday night's audience. The public address announcer told them that fines would be levied if anyone ran on the playing field. And they cheered the announcement.

There were mostly cheers from then on, as Oscar Gamble and Dave Duncan hit three-run homers for the Indians in a seven-run sixth inning. The only boos through the entire evening came, when Texas Manager Billy Martin walked

to the mound to change a pitcher. In the other American League games, the Baltimore Orioles nipped the Kansas City Royals 5-4; the Oakland A's blasted the Detroit Tigers 9-1; the California Angels turned back the Milwaukee Brewers 6-5; the Chicago White Sox stopped the New York Yankees 7-6 in 15 innings and the Boston Red Sox defeated the Minnesota Twins 5-3.

**Orioles 5, Royals 4**  
Mark Belanger's bloop double with two out in the ninth inning scored Frank Baker from first base, capping a three-run rally that lifted Baltimore over Kansas City.

**A's 9, Tigers 1**  
Gene Tenace blasted a 415-foot grand slam home run in the fifth inning, leading Oakland over Detroit.

Vida Blue, 5-5, scattered four hits in seven innings for his

fourth consecutive victory and fifth in his last six decisions.

**Angels 6, Brewers 5**  
Joe Lahoud blasted a two-run homer with two out in the ninth inning, giving California a victory over Milwaukee. **White Sox 7, Yankees 6** — Jorge Orta's one-out double in the 15th inning scored Dick Allen from second base and gave Chicago its victory over New York.

**Red Sox 5, Twins 3**  
Luis Tiant scattered 10 hits and Rick Burleson knocked in the winning run with a single in the sixth inning, pacing Boston past Minnesota. Tiant posted his fifth straight victory and boosted his record to 7-5.

National League scores: St. Louis 4, San Francisco 1; Philadelphia 4, Atlanta 2; Montreal 8, Houston 3; San Diego 4, Chicago 3 and Los Angeles 4, Pittsburgh 3.

## Woody Hayes Admitted To Hospital This Morning

COLUMBUS, Ohio (AP)—Wayne Woodrow "Woody" Hayes, Ohio State University football coach, was admitted to University Hospital today and taken to the Coronary Care Unit.

Hospital officials refused to confirm Hayes, Ohio State's football coach for the last 24 years, had suffered a heart attack.

A hospital spokesman said, however, that the 61-year-old Hayes was "in guarded condition until such time as final diagnosis can be established."

Hayes, who has produced three national and nine conference championships, was at home when he became ill early this morning. He was admitted to the hospital at 8 a.m.

The longtime Buckeye mentor was picked up at his residence by suburban Upper Arlington police and taken to the hospital.

The hospital spokesman acknowledged Hayes was being treated as a coronary type patient.

George Hill, Hayes' top assistant coach, said his boss had not complained of feeling ill

He professes he is no discouraged.

"It isn't that I have been complacent or spending too much time on other things," he said. "I've been working hard on my game. I just haven't been playing well, that's all, and it's been largely due to the fact that I haven't been able to fade the ball."

He said, "I feel fine, although at 190 I'm about five pounds overweight."

PHILADELPHIA (AP) — Gary Player's here. And, by his mere presence, the gritty little South African must be ranked high among the favorites for the \$30,000 first prize in the Philadelphia Golf Classic.

But the diminutive golfer from Johannesburg is having trouble keeping his thoughts centered on this 72-hole test that began today on the White Marsh Valley Golf Club course. His thoughts keep straying to Winged Foot at Mamaroneck, N.Y., site of next week's United States Open Championship.

"It's very much on my mind," said Player, the current Masters champion who seeks a second leg on the unaccomplished Grand Slam of Golf.

"The Grand Slam can be accomplished," Player insisted. "You have to be playing very well, of course. And your putting has to be exceptional. Winged Foot will place a premium on putting."

"And you have to have the breaks. You have to have good luck in the draw, in the half of the field you're playing in, in the weather, in a lot of factors."

"But it can be done. Oh, yes, it can be done."

It hasn't been before. No one

ever has won the Masters, U.S. and British opens and the PGA in a single season. Only Player, Jack Nicklaus, Ben Hogan and Gene Sarazen have won them all in a career.

Player needs another U.S. Open title to join Nicklaus as the only man to win all four crowns twice.

He said he is playing here only because of a sense of responsibility to the sponsors, who gave his friend Vincent Tshabalala, a black South African golfer, an exemption.

Tshabalala, under Player's sponsorship, is completing a three-tournament swing through the United States at Winged Foot.

Others in the 144-man field chasing a total purse of \$150,000 are defending champion Tom Weiskopf, U.S. Open king Johnny Miller and Buddy Allin and Hubert Green.

Two 18-hole qualifying rounds will be held over the same course on June 15th and 16th.

The Insurance Youth Classic for Junior golfers who have not reached their 18th birthday by August 1, 1974, will be held in conjunction with the State finals and the qualifying rounds.

Entry blanks can be obtained at all golf courses in Western Kentucky, or you can contact Jim Musgrave at 442-8258 in Paducah. Entries must either be in his hands by 5:00 P.M. June 7th or at the KSGA headquarters—366 Starks Bldg., Louisville, Kentucky. The entry fee is \$15.00.

## Junior Golf Held At Oaks Country Club

The Oaks Country Club held its first day of junior golf Wednesday with Kevin D'Angelo winning the first flight.

Other winners were Bobby Fike, second flight and Tommy Fike, third flight.

In the girls' play, Tressa Brewer won the first flight while Shara Toon won the consolation flight.

Junior golf will be held again at 9 a.m. next Wednesday.

# Clarksville's Lea Larson Wins Hart Golf Tourney

It seems as if every year a lady golfer comes from out of nowhere to take the Murray Country Club's 6,328-yard course apart and win the George Hart Memorial Tournament. This year was no exception.

Never having played the course before, Dr. Lea Larson, for the past two years women's golf coach and physical education professor at Austin Peay University in Clarksville, Tenn., posted a two-over-par 77 Wednesday to win the 7th renewal of the tournament by five strokes.

Dr. Larson, who is the ladies' champion at the Clarksville Country Club, made the turn at 39 and in a deadlock with Mrs. Mary Bain, Sikeston, Mo., who was playing in the same foursome.

Mrs. Bain, however, fell out of contention early on the back nine with a three-putting bogey on the 298-yard, dogleg 10th and bogies at 12 and 13 before losing her ball and taking an eight on the 500-yard 14th.

She finished with a 44 for an 83 total, while Dr. Larson put

together a 38-back-nine-score, highlighted by back-to-back birdies at 15 and 16.

Finishing in second place in the championship flight was Mrs. Mary Jane Alford, Paducah, the only two-time winner of the event. Mrs. Alford posted a pair of 41's for an 82 total.

A three-way playoff resulted for third place after 17-year-old Beverly Parker, Murray, and Mrs. Eleanor Griffin, Paducah, came in with 83's to tie Mrs.

Bain. Miss Parker won the playoff with a par 4 on the 290-yard dogleg fourth hole with a perfectly-stroked 7-foot side-hill putt.

Mrs. Griffin was eliminated from the playoff on the 3-par second hole when she three-putted to take a bogey. Both Mrs. Bain and Miss Parker parred the 435-yard third to set the stage for the final and winning hole.

Mrs. Bain boomed a tremendous tee shot to within 50 yards of the green, but found her path to the green stymied by trees. Electing to go over the trees, she failed twice in the attempt and took four strokes to get on the green. Although she rammed home a 15-foot putt for a bogey five, Miss Parker's par putt moments later rant down the curtain.

Isabell Hibbs, Clarksville, was the first flight winner, taking a sudden-death playoff from Jerlene Sullivan, Murray, with a bogey on the third hole. Barbara Mitchell, Princeton, was third with 90, and Sandy Weintraub, Mayfield, fourth with 91.

In the second flight, Wanda Nance, of the Murray Oaks Country Club, took a sudden-death playoff with Carolyn Caldwell, also of the Oaks, winning the first hole. Dean Theobald, Paducah, was third, and Sue McDougal, Murray, was fourth after matching

cards with Gayle Ledbetter, Clarksville, after the two had finished in a 95 deadlock.

Berk Schriener, Princeton, and Essie Poole, Jackson, Mo., tied for first place in the third flight with 98's, only to match cards with Mrs. Schriener winning. Carolyn Cummings, Paducah, finished third and Laurel Henderson, Ballard County, fourth.

Paducah's Bea Tapp was the fourth flight winner with a 96, one stroke ahead of Beverly Spann of the host club. In third place was Toni Piercy, Paducah, with 102, three strokes ahead of Peggy Creason of Benton.

Barlow, Mayfield, was the winner with 107. Betty Thompson of the Oaks and Frances Miller of the Calloway club tied for second with 109's, and Mrs. Thompson was declared the winner after matching cards. Judy Willoughby, Oaks, and Jean Doozee, Murray Country Club, tied for fourth.

The Dorothy Holland team trophy, provided in memory of one of the club's most active lady golfers, went to a team from the host club and made up of Betty Lowry, Miss Parker, Mrs. Sullivan and Venela Sexton.

The Murrayans' aggregate score of 349 tied the Paxton Park team of Paducah, but the local ladies were declared winners after the combined handicaps were deducted, giving them a 303-stroke total as compared with the Paducahans' 309.

The Paducah team—composed of Wanda Mullinax, Mrs. Alford, Virginia Davis and Mrs. Griffin—had won the coveted trophy for the past two years. They need only one more win in order to gain permanent possession of it.

A seasoned competitor in ladies' golf, the new winner, Dr. Larson, has participated in three national women's amateur tournaments and the Women's Western Golf Association's classic in Kansas City.

Her win in the Hart was her first time to play the course, soggy and playing long after heavy rains Tuesday night. "I had planned to play a practice round Tuesday," she said, "but had to stay at home and work on a pump for a swimming pool."

Mrs. Harriett Jaeger, Jackson, Mo., last year's winner and who, along with Mrs. Bain as her partner, had won a four-ball tournament at Malden, Mo., on Tuesday, never could put her game together, finishing in 6th place with a 42-44-86.

**FLIGHT WINNERS**—Winners of flights in the George Hart Golf Tournament held Wednesday at the Murray Country Club are from left to right, championship flight, Lea Larson of Clarksville; first flight, Isabell Hibbs of Clarksville; third flight, Berk Schriener of Princeton; and fifth flight, Norma Barlow of Mayfield. Not present when the picture was taken were Carolyn Caldwell, second flight winner, and Bea Tapp, fourth flight winner.

## NFL May Open League In Europe Next Year

NEW YORK (AP) — First Seattle, then the world.

That seems to be the general direction of expansion as the National Football League brought Seattle into its ranks, then on Wednesday seriously was considering opening a separate pro league in Europe next spring.

The NFL owners, who wrap up their three-day meeting today took Seattle into the fold Tuesday. On Wednesday, the owners modified the punt re-

turn rule again, then expressed enthusiasm over the proposal of a six-team, six-week league in Europe, recommended to start next spring.

Bob Kap, active in European soccer and instrumental in bringing several soccer-style kickers to the United States, presented the plan. The teams would be stocked by players from the NFL, who would return then to the U.S. for the regular NFL fall season.

The proposed cities are: Is-

tanbul, nicknamed the Conquerors; Rome, nicknamed the Gladiators; West Berlin; Barcelona; Munich, and Vienna. Except for Istanbul, which has a stadium that seats 55,000, all these cities have stadiums with seating capacities of more than 75,000.

Seattle and Tampa, which was voted into the NFL in April, raised the NFL ranks to 28 teams. Both clubs are to begin play in 1976, although the timetable could be moved moved up a year, NFL Commissioner Pete Rozelle says.

As for the punt rule, last season, any player on the punting team could race downfield to cover the kick when the ball was snapped. In April, the NFL attempted to stimulate more punt returns by preventing any player from running downfield until the ball was kicked.

Now the rule, given unanimous approval by the owners, allows for a wide receiver on each side to leave the line of scrimmage when the ball is snapped, the rest of the players after the kick.

Several teams, including Cincinnati and Oakland, experimented with the April rule change and "discovered that th man covering the punt wasn't able to get within 12-13 yards of the punt return man," Rozelle said.

Several coaches have said that if their punt coverage team couldn't get downfield, they would instruct their punter to kick out of bounds, preventing any runback.

**BASEBALL** — The Cleveland Indians bought Joe Lis, a first baseman-outfielder, from the Minnesota Twins for an undisclosed sum.

## Falkenburg Approaching Rarest Sporting Double Of All Time

**By NOEL HUGHES**  
AP Sports Writer

MUIRFIELD, Scotland (AP) — American Bob Falkenburg, one of Wimbledon's most controversial tennis champions, is within sight of one of the rarest sporting doubles of all time.

Falkenburg, a long-time ice cream businessman in Rio De Janeiro, has moved into the fourth round of the British Amateur Golf championship over Muirfield's 6,862-yard par 71 links.

Easy-going Falkenburg, who won the men's singles title at Wimbledon in 1948, has just sold his ice cream business and moved back to Los Angeles.

It is his sixth attempt to win this golfing crown, and he never has reached the last 32 before.

Iron-grey haired and soft spoken, Falkenburg, 48, often was accused of wasting time during his tennis days at Wimbledon.

Some people thought I was lazy. But it was all tactics," he said.

"In the Wimbledon final against Australia's John Bromwich I had to win with my service, which was more powerful than his," he explained. "So I took a rest before important serves and it worked."

He beat Bromwich over five long sets, saving three match points.

Falkenburg said he doesn't try time-wasting tactics now.

"It would be nice to win this final too," Falkenburg said. But he didn't rate his chances too highly.

He was in hospital 10 days ago with kidneystone trouble.

In Thursday's fourth round, Falkenburg meets New Zealand's Desmond Turner.

The main American hope, Walker Cupper Jimmy Gabriel, of Atlanta, Ga., meets O. Gordon Brewer of Huntingdon Valley, Pa.

Six Americans were still in contention in the last 32.

**LAST PUTT**—Lea Larson of Clarksville, an instructor at Austin Peay State University, makes her last putt of the day on the 18th hole at the Murray Country Club. She fired a 77 to win the championship flight.

## Joanne Carner Won Of Favorites As Desert Inn Golf Play Opens

LAS VEGAS, Nev. (AP) — Joanne Gunderson Carner, coming off two tour victories in the past three weeks, is one of the favorites in the Ladies Professional Golf Association \$100,000 Desert Inn Golf Classic starting today.

Mrs. Gunderson moved to the nation's gambling mecca with the rest of the LPGA tour after winning the Bluegrass Invitational and Hoosier Classic on successive weekends.

The Desert Inn classic, which has a unique four-day, celebrity-filled format, comes during a controversy which has overshadowed to a large extent this tournament.

It was learned Tuesday that some LPGA players were thinking of boycotting the \$40,000 USGA Women's Open July 18-21 at LaGrange, Ill.

Jane Blalock, Sandra Palmer and Cathy Duggan have demanded a higher Open purse and say a boycott will be held if their demands are not met.

Neither LPGA President Carol Mann nor executive director Bud Erickson, wanted to comment on the proposed boycott until further meetings with the players.

After her two straight victories, Mrs. Gunderson ap-

peared ready to dominate the lady pros as she did during her amateur career. She joined the LPGA tour in 1970.

The nationally televised tourney at the Desert Inn Country Club, which has drawn a field of 52 golfers, features the top money winners from the LPGA tour.

Defending champion is Kathy Cornelius of Litchfield Park, Ariz., who won the 1973 tourney in a sudden death playoff with Judy Rankin.

The winner will receive \$20,000 and a new car. Second place is worth \$12,000, third \$7,000.

Given a good chance of winning are veterans Sue Berning, Kathy Whitworth, Ms. Mann, Ms. Blalock and Jo Ann Prentice.

## Benson & Hedges Golf Tourney At Owensboro

Kentucky's 1974 golf tournament competition gets underway in Owensboro Monday with the opening round of the fourth annual Benson & Hedges Kentucky Golf Tour at Owensboro Country Club.

The tournament also signals the start of the season-long competition to determine the 1974 Kentucky PGA Player of the Year. Jim O'Hern, pro at Harmony Landing Country Club in Goshen, has claimed that title for the past two years.

For the first time this year, amateurs also will be competing for Player of the Year

honors. Tournaments which count toward the 1974 Kentucky Amateur Player of the Year title include Monday's event here, the KSGA Amateur Championship in Paducah June 25-28, the Benson & Hedges Kentucky Golf Tour in Bowling Green July 29, the Kentucky Open Championship in London Aug. 20-22, and the Benson & Hedges Kentucky Golf Tour in Louisville Aug. 26-27.

Tournaments which figure in the chase for the Kentucky PGA Player of the Year honors include, in addition to Monday's meet, the Irvin Cobb in Paducah July 20-21, the Benson & Hedges Kentucky Golf Tour in Bowling Green July 29, the Kentucky Open Championships in London Aug. 20-22, the Benson & Hedges Kentucky Golf Tour in Louisville Aug. 26-27, the Governor's Open in Frankfort Sept. 7-8, and the PGA Championship in Louisville October 1-3.

Owensboro golfers share the favorite's role in Monday's tournament.

Host Pro Alan White has been the most consistent performer in the Benson & Hedges events for the past three years. He won the Kentucky PGA on his home course last year, and this spring defeated three of Kentucky's best golfers in the Kentucky Challenge Day challenge round. Those golfers included Jim O'Hern, Louisville Midland Trail Golf Assistant Pro Stacy Russell and top Bowling Green Amateur Kevin Proctor.

Owensboro's Jeff McGill figures to be the man to beat in the amateur division. McGill, who played on the Mississippi State University golf team, fired a 65 to win the first round of Benson & Hedges' 1973 tournament. His score was a record for the tournament and for the Bowling Green Country Club course.

### Pro-Am Tourney

LIBERTY N.Y. (AP) — Grossinger's will be the site of the \$42,000 Celebrity Pro-Amateur invitational golf tournament June 17-18. Pros including Buddy Allin, Lee Elder, Rod Curl and Tommy Aaron will compete.

Allin is a two-time winner on the PGA tour this season. Elder and Curl have won one tournament each and Aaron took the prestigious Masters title in 1973.

The winner of the June 17 pro-am will receive \$7,000. On June 18, Elder and Jim Colbert will defend their two-man title against Aaron and Jim Dent.

### Silver Anniversary

DARLINGTON, S.C. (AP) — The Southern 500, the granddaddy of stock car races, will observe its silver anniversary on Labor Day, Sept. 2, by awarding the winner a guaranteed \$25,000, the second largest payoff on the Grand National schedule this year.

LOOKING IT OVER—Beverly Parker, a recent graduate of Murray High and one of the best young golfers in the state, gets ready to approach her putt on a playoff hole. Behind Miss Parker is Murray State golf coach Buddy Hewitt.

## Borg Starts Aiming For French Open

PARIS (AP) — Bjorn Borg, Sweden's 17-year-old tennis whiz kid, today starts his quest for the French Open tennis championship and another \$24,000 for his bankroll.

Borg, who defeated Ilie Nastase of Romania in straight sets in the final of the Italian championships Monday, took a day off to fly to Stockholm to have an aching tooth treated.

He goes onto a side court at Roland Garros Stadium against J.F. Caujolle of France. Nastase, the defending champion, also plays his first match today against Maurice Claitte of France.

### Sites Switched

LOS ANGELES (AP) — UCLA and Tennessee have switched sites of their 1974 and 1975 football games with UCLA going to Knoxville this fall for a nationally televised battle.

Athletics directors Bob Woodruff of Tennessee and J.D. Morgan of UCLA made the joint announcement.

UCLA will play in Knoxville on Sept. 7 in the opening game of the ABC-TV college football series. Originally, the Bruins were to have hosted the Volunteers on Sept. 14.

In 1975, Tennessee will come to Los Angeles to play the Bruins on Friday night, Sept. 19, a game originally scheduled for Knoxville on Sept. 20.

A victory here could boost Borg into second place on the list of tournament winnings, and into the lead for the \$100,000 Commercial Union Grand Prix.

John Newcombe of Australia now leads the money winnings with \$185,600 according to a tabulation by the Association of Tennis Professionals. Jimmy Connors of the United States is second with \$110,000, Rod Laver

of Australia third with \$107,250 and Borg fourth with \$92,645. Borg is the only leader playing in this \$200,000 event.

In the grand prix standings, Nastase has 127 points, followed by Borg with 87, Paolo Bertolucci of Italy with 66, Guillermo Vilas of Argentina with 60, and Eddie Dibbs of Miami with 52. A French victory is worth 40 points.

## OVC-NCAA Meeting To Open Today At Western

BOWLING GREEN, Ky. (AP) — Ohio Valley Conference athletic directors and a representative of the NCAA will huddle with OVC commissioner Arthur L. Guepe here Thursday in an effort to solve a problem of ineligible players.

The meeting was called after several players were removed from eligibility roles because of an OVC misinterpretation of the rules which allowed the conversion of entrance-test scores.

Highly regarded basketball star James (Fly) Williams of Austin Peay University is among those who will not be allowed to participate in sports next season.

Commissioner Guepe said Wednesday night "We are not going to do anything but find out what we will have to do to clear up this situation."

"I said right from the beginning that I would shoulder some of the blame for this problem, but its just one of those things that's hard to figure out when you find you are violating a rule unknowingly," he said.

Guepe continued, "I haven't any idea what the eligibility committee would do but I would hope that they would show some consideration to these athletes and put any penalty on the conference or the school."

lucrative free agent market place again today, completing the summer draft of high school and collegiate prospects. Scouts and farm directors ran through 23 rounds of the regular draft Wednesday, picking 523 players in the hopes of duplicating the 1973 success of teams like the San Diego Padres, Texas Rangers, Minnesota Twins and Milwaukee Brewers, who all came up with instant major leaguers from their draft choices.

San Diego, which drafted outfielder Dave Winfield straight into a major league uniform last year, had first choice this time around and selected shortstop Bill Almon of Brown University. Almon, who set eight season records at the Ivy League school, has not hired a professional negotiator and plans instead to do his own contract bargaining with the Padres.

After San Diego drafted Almon, Texas had the second choice. A year ago, the Rangers chose and immediately signed a local prospect, pitcher David Clyde. Perhaps Clyde's success influenced this year's home state selection.

right-handed pitcher Tom Bogs of Austin. Then, midway through the second round, the Rangers announced they had signed Bogs, just as they had signed Clyde during the draft last year.

Milwaukee, which drafted shortstop Robin Yount into the majors a year ago, picked Claude Edge, a right-handed pitcher from Sacramento, Calif., first this time. Shortstop Ted Shipley of Vanderbilt University was Minnesota's first round pick. A year ago, the Twins drafted pitcher Eddie Baun straight into a major league uniform.

Shipley was one of six shortstops chosen in the draft's first round. The one who got the most attention was Eddie Ford of the University of South Carolina, son of New York Yankee pitching coach Whitey Ford.

The younger Ford was selected by the Boston Red Sox after the Yankees had selected another shortstop, Dennis Sherrill of Miami. "I think he would have liked to go to the Yankees," said Ford's father, who will be inducted into the Hall of Fame this summer. "I'm sure he's disappointed."

## Clinic For Women Cage Coaches To Be At MSU

Murray State University will hold a Clinic for Coaching Girls Basketball beginning July 15 and running through the 19th. The clinic is sponsored by the Department of Recreation and physical education at Murray State.

Stressed in the clinic will be coaching techniques, drills and methods for learning individual and team offensive and defensive skills and basketball rules and uniforms. Two hours credit, either graduate or undergraduate, will be given for the successful completion of the clinic. The clinic will be held from 8:30 until 11:30 a.m. each morning and from 1 until 4 p.m. each afternoon.

## Doug Rau Has Tough Luck But Dodgers Win Game

By HERSCHEL NISSENSEN  
AP Sports Writer  
It didn't bother Doug Rau to see Richie Hebner heading for first base with Pittsburgh's first hit after 7-1-3 no-hit innings Wednesday night as much as it did to see Richie Zisk hightailing it for the plate with the Pirates' first run.

"I wasn't really concerned about the hit, although I thought about a no-hitter in the fifth inning," the Los Angeles left-hander said. "The hit didn't get me down as much as the run since it made it a one-run game again."

Rau allowed two more singles before giving way to relief ace Mike Marshall in the ninth with the Dodgers on top 2-1. And after coming within five outs of a no-hitter, the second-year left-

hander didn't even figure in the decision. Marshall yielded a game-tying single to Zisk and then became the winning pitcher when Steve Garvey honored leading off the bottom of the ninth, giving the Dodgers a 3-2 victory.

Elsewhere in the National League, the Philadelphia Phillies held off the Atlanta Braves 4-2, the St. Louis Cardinals downed the San Francisco Giants 4-1, the Montreal Expos trounced the Houston Astros 8-3 and the San Diego Padres edged the Chicago Cubs 4-3. Cincinnati and New York were not scheduled.

**Phillies 4, Braves 2**  
Mike Schmidt's three-run homer, his 12th, and Bob Boone's solo shot produced a four-run third inning that gave

Jim Lonborg all the support he needed to keep the Phillies one-half game ahead of runner-up St. Louis in the National League East.

**Cardinals 4, Giants 1**  
Lou Brock and Tom Heinzelman cracked three hits apiece and Brock stole his 33rd and 34th bases of the season while Sonny Stebert gained his sixth victory with last-out relief help from Orlando Pena.

**Expos 8, Astros 3**  
Willie Davis, Bob Bailey and Hal Breen drove in first-inning runs against Claude Osteen and Mike Jorgensen and Jim Cox drove in two runs apiece in the last two innings. Mike Torrez pitched eight innings for Montreal before Chuck Taylor finished up.

**Padres 4, Cubs 3**  
Fred Kendall doubled home the tie-breaking run in the eighth after the Cubs had tied the score in the top of the inning on Bill Madlock's pinch single.

**American League scores:**  
Boston 4, Minnesota 3; California 6, Milwaukee 5; Oakland 9, Detroit 1; Baltimore 5, Kansas City 4; Cleveland 9, Texas 3; Chicago White Sox 7, New York Yankees 6 in 15 innings.

## Paschall's Blast Sends Tilghman To Title Game

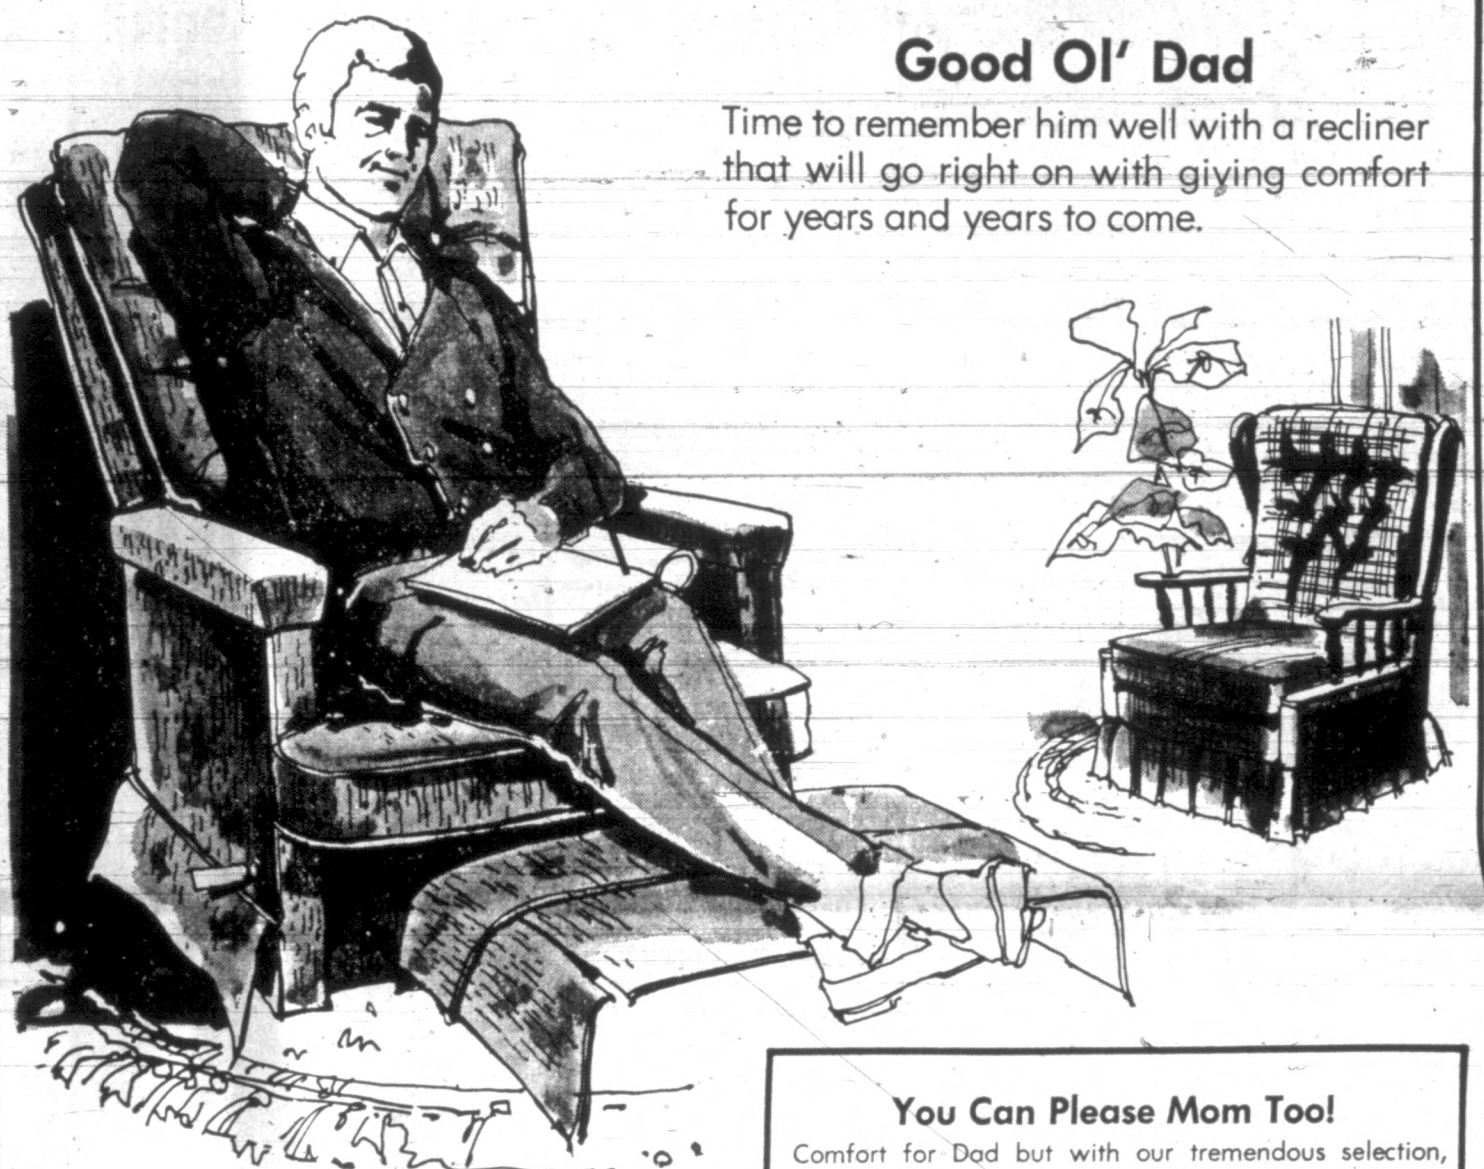

**MOREHEAD, Ky. (AP) —** A triple with the bases loaded by shortstop Kevin Paschall in the bottom of the 6th proved the winning blow as Paducah Tilghman defeated Elizabethtown 8-6 in the semi-finals of the State High School Baseball Tournament here Wednesday.

Only two of the 14 runs scored in the game were earned runs as each team committed five errors. Elizabethtown led 5-3 going into the 6th inning, the Panthers scoring all their runs in the 2nd inning when Paducah Tilghman committed all its errors for the game.

## Nation's Governors Endorse Far-Reaching Ethics Proposal

SEATTLE (AP) — The nation's governors have endorsed a far-reaching ethics proposal calling for broad financial disclosure by public officials and reforms in campaign financing. The resolution, a bid by the 66th National Governors' Conference to bolster the image of government amid the Watergate scandals, was passed unanimously on the meeting's closing day Wednesday, with two abstentions. A move by New York's Re-

publican Gov. Malcolm Wilson to scale own the measure, offered by Wisconsin's Democratic Gov. Patrick J. Lucey and Republican Gov. William G. Milliken of Michigan, was rejected 16 to 9. Although the conference ended without addressing itself directly to Watergate and the possibility of a presidential impeachment, the need for higher ethical standards in politics

was a recurrent theme throughout the four-day session. Both the governors and many outside speakers said states have outpaced the federal government in the field of political reform and in providing measures to help the nation's consumers. Gov. Ralvin L. Rampton, a Utah Democrat, was elected to head the conference for the next year.

ONE YEAR OLD 3-BEDROOM BRICK HOME at 1410 Dudley Drive. This fine home has a living room, formal dining room, kitchen, utility room, 2 baths, 2 car garage, 110' x 150' lot. Price includes such extras as central heat and air, carpeting throughout, kitchen range, dishwasher, disposal and draperies.

INCOME PRODUCING PROPERTY — Consists of three (3) mobile homes, two (2) apartments and a 4-bedroom house, plus a concrete block store building. Situated on an one acre tract on Highway 121, Southeast, approximately one mile from Murray. Has a deep well and city water line runs through the property. Priced low enough to provide a good return on the investment for the buyer.

RECENTLY COMPLETED 3-BEDROOM BRICK HOMES (Choice of 3) in Fairview Acres Subdivision, 3 miles Southeast of Murray on Highway 121. All have central heat and air, wall to wall carpeting, 1 1/2 ceramic baths, living room, kitchen-family room combination, utility room, single car garage, built-in range, 1/4 acre lot, community water system.

3-BEDROOM BRICK HOME located on approximately 1 1/2 acre tract, 6 miles Southeast of Murray on Collins Road. Has carpeting, air conditioners (2), built-in range, good well, large concrete patio, 3-car shop building plus an attached single car garage. Priced at only \$18,500.

SINGLE FAMILY RESIDENCE OR DUPLEX — This house is designed for use as either. Located at 1109 Vine Street on a 65' x 138' lot. Main floor consists of a living room, kitchen, bath, 2 bedrooms. Basement consists of a kitchen, bedroom, bath, utility room and storage room.

55 ACRES OF LOW PRICED LAND. Practically all wooded and would make an excellent place for a family retreat. Located 10 miles South of Murray, off the beaten path.

ATTRACTIVE 2-BEDROOM BRICK HOME on a one acre tract, just West of Murray City limits on Highway 94. Floor plan consists of a living room with fireplace, kitchen, utility, bath, lots of closets, enclosed breezeway, single car garage. Has much more interior space than outside appearances would indicate. Yard is beautifully landscaped with numerous flowers and shrubs, excellent producing garden, grape arbor, strawberry patch, tame blackberries, 24 producing fruit trees. Must see to appreciate.

REMODELING JUST COMPLETED on a 2-bedroom home of brick and cypress construction. Located on Pottertown Road (Hwy. 280) approximately 5 miles East of Murray. Owner will sell with just a lot or with as much as 5 acres. House has a living room, kitchen, bath and 2 bedrooms, large utility room, carport.

WELL BUILT AND WELL MAINTAINED 3-BEDROOM BRICK home on East State Street, in Hazel. Has a 140' x 250' shaded lot with city water, sewerage, natural gas. Owners have completed a new home in another part of the county and need to sell.

16 ACRE TRACT OF ROLLING LAND on Sulphur-Buffalo Road, near Ky Lake. Has approximately 6 acres cleared and sowed down. Priced at only \$5,000 (less than some city lots).

APPROXIMATELY 16 ACRES OF LAND, located West of the Van Cleave community on a good county maintained road. Approximately 11 to 12 acres cleared and in cultivation, septic tank and field lines installed, 130 ft. well recently drilled. Has 2 farm storage buildings and a choice location for a nice new residence.

ONLY \$3,500 FOR FIVE ACRES of nicely wooded land. Located on Dr. Douglas Road, approximately 8 miles East of Murray. Choice residential building site.

68 ACRES OF HIGH PRODUCING FARMLAND, located 7 miles Southeast of Murray, near New Providence. Has plenty of blacktop frontage, also has a gravel road on two sides of the property. Good residential building site, 10 acres of wooded area and approximately 55 acres in cultivation.

230 ACRE FARM, priced at \$215 per acre, located on Sulphur-Buffalo Road, 5 miles East of New Concord. Has a liveable log house (covered with weatherboarding), dry basement, miscellaneous farm outbuildings, approximately 70 acres of tendable land, the balance in woods.

LAKE DEVELOPMENT PROPERTY IN TRIGG COUNTY. Approximately 45 acres of gently sloping land that has almost one mile of lineal frontage on Little River (Barkley Lake). Located 4 miles West of Cadiz and approximately 5 minutes from Barkley Lodge State Park. Has a 3 bedroom, aluminum siding farm house, stock barn, crib, tobacco barn. ### Woman Mistaken For Burglar Is Shot By Brother

CROFTON, Ky. (AP) — An elderly woman mistaken for a burglar was shot and wounded by her brother Wednesday, as she knocked at the door to tell him his wife was dying.

Mrs. Iva Grace, 81, was treated for a minor wound in the leg, the sheriff's office said. There were no charges filed against her brother, Lawrence Pennington.

Pennington told authorities he fell asleep and was dreaming that his house was being burglarized when he heard the front door rattle about 1 a.m. He said he grabbed a shotgun and fired through the door.

His wife, Pearl, 64, died later in the morning at a Hopkinsville hospital where she had been undergoing treatment for a heart ailment.

### To Tip Or Not To Tip? Salesman Gives Answer

MILWAUKEE, Wis. (AP) — At one of those people who never knows how much to tip, withers under the glare of waitresses or perfunctory leaves 15 per cent?

If so, take a tip from John Schein, a traveling salesman from Oshkosh who has taken it upon himself to straighten out the world's convoluted tipping systems.

"All we're trying to do is restore tipping to its original concept," said Schein, the founder two years ago of Tippers International, which he says now has a membership of 2,500.

"We want to give tips for good, prompt service, not because we are embarrassed or feel guilty."

Schein recommends sticking to the usual 15 per cent for good service, with up to 20 per cent for exceptional service and down to nothing for rotten service.

"Things are out of hand when you're expected to tip 20 to 25 per cent for average or sub-

## Boys State Program To Go To Ford

RICHMOND, Ky. (AP) — The newly-elected governor of Boys State says parts of his legislative program passed by the Boys State General Assembly Wednesday would be taken to Frankfort today and placed on Gov. Wendell Ford's desk.

Gov. Charles Walker of Paducah said the bills also will be brought to the attention of legislative officials.

His legislative program calls for postponing construction of the Red River Dam and for protection of the Red River Gorge; annual 45-day meetings of the Kentucky General Assembly and permission for students to smoke in Kentucky high school areas designated by the fire marshal.

Walker's legislative package also proposed simultaneous meetings of Boys State and Girls State, but without merger of the two programs.

Bruce Roberts of Lexington, defeated in his bid for Boys State governor, called for all losing candidates to support the winners. He was later elected speaker of the House of Representatives.

Secretary of State Neff Jenkins of Elizabethtown said he was disappointed at some of the "wheeling and dealing" in the recent election. He said delegates "have learned to lie, cheat and be dishonest to get elected."

He called for an end to campaign bitterness and for support of both political parties for the good of the Boys State organization.

Boys State ends Friday. A mock circuit court and mock city and county governments, will be held the remainder of this week.

### Impeachment.

(Continued from Page 1)

Harold V. Froehlich, R-Wis., said, "I think you can read into it what you want." Froehlich said he heard no evidence of wrongdoing by Nixon, although he said the tape shows the President raised milk prices for political reasons.

Jerome R. Waldie, D-Calif., said, "I was of the opinion that milk prices were increased in response to a pledge of campaign contributions and nothing I heard has dissuaded me. It has only reinforced my opinion."

There was some disagreement as to whether political contributions were discussed at the meeting.

The recording is of a March 23, 1971, meeting among Nixon and seven advisers.

The day before the largest co-op, Associated Milk Producers Inc., gave \$10,000 to a Nixon committee. This was the first of what was then promised to be \$2 million.

(Continued from Page 1)

Bishop H. Ellis Finger, Jr., presided at the annual conference.

Ordination services as probationary members of the conference clergy were also held Tuesday evening for David Haley of Hardin and Mr. and Mrs. Robert H. Wood of Benton.

Haley, 22, son of Mr. and Mrs. Ben Haley of Hardin, completed about one-half of a three-year master's degree program at Rinty Evangelical Divinity School in Deerfield, Ill. He is a 1969 graduate of South Marshall High School and received his B. S. at Murray State University in 1972. He has worked for the past two summers in the lakeland ministry program at Paris Landing State Park and at Antioch United Methodist Church.

Rev. Carpenter of Murray was accepted Monday by vote as an elder of the United Methodist Church. His ordination as an elder will be at the First United Methodist Church, Murray, on September 29, where he is serving as associate minister. He is a native of Dyer County, Tenn., and the son of Mr. and Mrs. Ronald Carpenter of Newbern, Tenn., Route Three. He received his B. A. from Lambuth College and his master's degree from Chandler School of Theology at Emory University, Atlanta, Ga.

More than 600 ministerial and lay delegates from 278 charges in West Kentucky and West Tennessee attended the four day conference.

## Ford Scheduled To Announce Surpluses In State Monies

SEATTLE (AP) — Kentucky Gov. Wendell Ford was scheduled to announce state surpluses today, including a surplus from the state's coal severance tax of about \$5 million.

The surplus severance tax money will go back to the coal counties, under provisions of the so-called "mountain amendment" passed by the 1974 legislature. The amendment to the state's budget directs that surplus severance tax money be returned to the counties in proportion to the amount of severance taxes they generated.

Ford said Wednesday in an interview with the Louisville Courier Journal that he would not be announcing a county-by-county breakdown today, but added, "I think you can pretty well figure out how much each county will be getting based on the amount of severance tax the county produced during the fiscal year."

Ford noted that the most optimistic prediction for the severance tax surplus this year was \$3.5 million, when the "mountain amendment" was under debate in March.

He disclosed the \$3.5 million surplus in the state severance tax during comments to fellow governors Wednesday at the final business session of the National Governors' Conference.

The surpluses Ford was expected to announce today are for the fiscal year extending from July 1, 1973 to June 30, 1974.

Ford said the energy crisis and inflation were negative factors affecting the state budget, but nevertheless Kentucky was finishing the fiscal year in the black.

"It pleases me that we have a surplus, and it also does one other thing," he said. "It proves that the (1972) reduction of the state sales tax was not bad, and this substantiates any effort to reduce taxes on a national level."

## Crash Victims Identified

HOPKINSVILLE, Ky. (AP) — Three persons were killed Wednesday when a light plane, flying through thunderstorms and apparently off-course by several miles, crashed on a farm eight miles from here.

The victims were identified by Christian County Coroner John Hughart as: 46-year-old William Cox Phillips, the pilot, of San Jose, California, his wife Carolyn B. Phillips, and 18-year-old daughter Bonita Lucille Phillips of Elizabethtown, Tennessee.

Hughart said the pilot's daughter had just been graduated from a high school in Elizabethtown. He said Phillips and the girl's stepmother were taking her back to California with them.

The bodies of the victims were found by Mrs. Tina Toms, who lives in a mobile home near the site of the impact.

"I had just walked out the door and was going into town when I heard the plane make sputtering noises like it was out of gasoline," she recalled.

"I saw it crash and that was the most awful sound I ever heard," she continued, adding that one wheel dropped into a pond.

Running to the plane, Mrs. Toms said she saw a man and a woman lying beneath it "and some distance away there was a young girl's body. I believe she was a teenager."

Mrs. Toms estimated the time at around 8 a.m. CDT, and said it had been "storming pretty badly."

Tri-State Flight Service of near Elizabethtown reported Phillips had filed a flight plan which called for a refueling stop in Dyersburg, Tennessee.

A spokesman for the flight service said the pilot planned to continue on to Tucumcari, New Mexico. The plane left the airport near Elizabethtown at 7:27 a.m., EDT, according to the flight service.

### Friday Party Cancelled At Oaks Country Club

The party scheduled for the seventh and eighth grades at the Oaks Country Club on Friday, June 7, has been cancelled.

Officers said the party will be rescheduled at a later date.

## Half Of Kentucky's Revenue Sharing To Go To Construction

Almost half of Kentucky's revenue-sharing funds for fiscal year 1974-75 are earmarked for capital construction projects.

Gov. Wendell Ford says Kentucky's planned-use report for federal revenue-sharing funds for the period shows 45 per cent of the total going for the capital construction projects.

He said the other \$19 million of the estimated total of \$34,658,660 to be received would be used for operating expenses in such areas as education, environmental conservation, public safety, social services and health and hospitals.

## Omaha Sniper Kills One, Is Killed Himself

OMAHA, Neb. (AP) — A sniper firing from a house here killed an Omaha policeman and wounded eight other officers and two civilians, police said early Thursday.

A man was shot as he left the residence which had been under siege for more than four hours and authorities said he was dead on arrival at a hospital.

Police Lt. Alfonso Powell identified the man as Elza Carr Jr., 33. Earlier, Police Chief Richard Andersen had shouted through a bullhorn, "Elza Carr, the house is on fire. Lay down your weapon, and come out!" However, police later declined to say whether Carr was the sniper.

Patrolman Paul Nields, 29, died in a hospital of shotgun pellets in the head, police said. He was wounded during initial police assault on the house on Omaha's Near North Side about midnight Wednesday.

Police said the incident started about 9:45 p.m. after an unidentified woman telephoned a trouble call from the house.

Flames erupted inside the home after police lobbed tear gas into the two-story frame structure. Police said they believed the fire was started by a tear gas canister.

Police at first pulled back in the face of shotgun fire while smoke poured from the house.

The area was illuminated by spotlights and sealed off from bystanders.

Police said two persons who apparently had been held hostage in the house fled the structure.

## Boys State Program To Go To Ford

RICHMOND, Ky. (AP) — The newly-elected governor of Boys State says parts of his legislative program passed by the Boys State General Assembly Wednesday would be taken to Frankfort today and placed on Gov. Wendell Ford's desk. Gov. Charles Walker of Paducah said the bills also will be brought to the attention of legislative officials.

His legislative program calls for postponing construction of the Red River Dam and for protection of the Red River Gorge; annual 45-day meetings of the Kentucky General Assembly and permission for students to smoke in Kentucky high school areas designated by the fire marshal.

Walker's legislative package also proposed simultaneous meetings of Boys State and Girls State, but without merger of the two programs.

Bruce Roberts of Lexington, defeated in his bid for Boys State governor, called for all losing candidates to support the winners. He was later elected speaker of the House of Representatives.

Secretary of State Neff Jenkins of Elizabethton said he was disappointed at some of the "wheeling and dealing" in the recent election. He said delegates "have learned to lie, cheat and be dishonest to get elected."

He called for an end to campaign-bitterness and for support of both political parties for the good of the Boys State organization.

Boys State ends Friday. A mock circuit court and mock city and county governments will be held the remainder of this week.

### Impeachment.

Harold V. Froehlich, R-Wis., said, "I think you can read into it what you want." Froehlich said he heard no evidence of wrongdoing by Nixon, although he said the tape shows the President raised milk prices for political reasons.

Jerome R. Waldie, D-Calif., said, "I was of the opinion that milk prices were increased in response to a pledge of campaign contributions and nothing I heard has dissuaded me. It has only reinforced my opinion."

There was some disagreement as to whether political contributions were discussed at the meeting.

The recording is of a March 23, 1971, meeting among Nixon and seven advisers.

The day before the largest co-op, Associated Milk Producers Inc., gave \$10,000 to a Nixon committee. This was the first of what was then promised to be \$2 million.

Bishop H. Ellis Finger, Jr., presided at the annual conference.

Ordination services as probationary members of the conference clergy were also held Tuesday evening for David Haley of Hardin and Mr. and Mrs. Robert H. Wood of Benton. Haley, 22, son of Mr. and Mrs. Ben Haley of Hardin, completed about one-half of a three-year master's degree program at Rinty Evangelical Divinity School in Deerfield, Ill. He is a 1969 graduate of South Marshall High School and received his B. S. at Murray State University in 1972. He has worked for the past two summers in the lakeland ministry program at Paris Landing State Park and at Antioch United Methodist Church.

Rev. Carpenter of Murray was accepted Monday by vote as an elder of the United Methodist Church. His ordination as an elder will be at the First United Methodist Church, Murray, on September 29, where he is serving as associate minister. He is a native of Dyer County, Tenn., and the son of Mr. and Mrs. Ronald Carpenter of Newbern, Tenn., Route Three. He received his B. A. from Lambuth College and his master's degree from Chandler School of Theology at Emory University, Atlanta, Ga.

More than 600 ministerial and lay delegates from 278 churches in West Kentucky and West Tennessee attended the four day conference.

## Ford Scheduled To Announce Surpluses In State Monies

SEATTLE (AP) — Kentucky Gov. Wendell Ford was scheduled to announce state surpluses today, including a surplus from the state's coal severance tax of about \$5 million.

The surplus severance tax money will go back to the coal counties, under provisions of the so-called "mountain amendment" passed by the 1974 legislature. The amendment to the state's budget directs that surplus severance tax money be returned to the counties in proportion to the amount of severance taxes they generated.

Ford said Wednesday in an interview with the Louisville Courier Journal that he would not be announcing a county-by-county breakdown today, but added, "I think you can pretty well figure out how much each county will be getting based on the amount of severance tax the county produced during the fiscal year."

Ford noted that the most optimistic prediction for the severance tax surplus this year was \$3.5 million, when the "mountain amendment" was under debate in March.

He disclosed the \$3.5 million surplus in the state severance tax during comments to fellow governors Wednesday at the final business session of the National Governors' Conference.

The surpluses Ford was expected to announce today are for the fiscal year extending from July 1, 1973 to June 30, 1974.

Ford said the energy crisis and inflation were negative factors affecting the state budget, but nevertheless Kentucky was finishing the fiscal year in the black.

"It pleases me that we have a surplus, and it also does one other thing," he said. "It proves that the (1972) reduction of the state sales tax was not bad, and this substantiates any effort to reduce taxes on a national level."

## Crash Victims Identified

HOPKINSVILLE, Ky. (AP) — Three persons were killed Wednesday when a light plane, flying through thunderstorms and apparently off-course by several miles, crashed on a farm eight miles from here.

The victims were identified by Christian County Coroner John Hughart as: 46-year-old William Cox Phillips, the pilot, of San Jose, California, his wife Carolyn B. Phillips, and 18-year-old daughter Bonita L. Phillips of Elizabethton, Tennessee.

Hughart said the pilot's daughter had just been graduated from a high school in Elizabethton. He said Phillips and the girl's stepmother were taking her back to California with them.

The bodies of the victims were found by Mrs. Tina Toms, who lives in a mobile home near the site of the impact.

"I had just walked out the door and was going into town when I heard the plane make sputtering noises like it was out of gasoline," she recalled.

"I saw it crash and that was the most awful sound I ever heard," she continued, adding that one wheel dropped into a pond.

Running to the plane, Mrs. Toms said she saw a man and a woman lying beneath it, and some distance away there was a young girl's body. I believe she was a teenager."

Mrs. Toms estimated the time at around 8 a.m. CDT, and said it had been "storming pretty badly."

Tri-State Flight Service of near Elizabethton reported Phillips had filed a flight plan which called for a refueling stop in Dyersburg, Tennessee.

A spokesman for the flight service said the pilot planned to continue on to Tucumcari, New Mexico. The plane left the airport near Elizabethton at 7:27 a.m., EDT, according to the flight service.

### Friday Party Cancelled At Oaks Country Club

The party scheduled for the seventh and eighth grades at the Oaks Country Club on Friday, June 7, has been cancelled.

Officers said the party will be rescheduled at a later date.

## Half Of Kentucky's Revenue Sharing To Go To Construction

Almost half of Kentucky's revenue-sharing funds for fiscal year 1974-75 are earmarked for capital construction projects.

Gov. Wendell Ford says Kentucky's planned-use report for federal revenue-sharing funds for the period shows 45 per cent of the total going for the capital construction projects.

He said the other \$19 million of the estimated total of \$34,658,660 to be received would be used for operating expenses in such areas as education, environmental conservation, public safety, social services and health and hospitals.

## Omaha Sniper Kills One, Is Killed Himself

OMAHA, Neb. (AP) — A sniper firing from a house here killed an Omaha policeman and wounded eight other officers and two civilians, police said early Thursday.

A man was shot as he left the residence which had been under siege for more than four hours and authorities said he was dead on arrival at a hospital.

Police Lt. Alfonso Powell identified the man as Eliza Carr Jr., 33. Earlier, Police Chief Richard Andersen had shouted through a bullhorn, "Eliza Carr, the house is on fire. Lay down your weapon, and come out!" However, police later declined to say whether Carr was the sniper.

Patrolman Paul Nields, 29, died in a hospital of shotgun pellets in the head, police said. He was wounded during initial police assault on the house on Omaha's Near North Side about midnight Wednesday.

Police said the incident started about 9:45 p.m. after an unidentified woman telephoned a trouble call from the house.

Flames erupted inside the home after police lobbed tear gas into the two-story frame structure. Police said they believed the fire was started by a tear gas canister.

Police at first pulled back in the face of shotgun fire while smoke poured from the house.

The area was illuminated by spotlights and sealed off from bystanders.

Police said two persons who apparently had been held hostage in the house fled the structure.
