Through Our Bifocals

BY WOODSON CROSS
Many farmers in Lyon County
have to sell their land to
make way for the new Barkley
dam and will have to seek res-
toration elsewhere.

Most of them, of course, will
continue to live in Lyon
County and will try to purchase
homes and homes in that coun-
ty.

At least two Lyon Countians,
however, have purchased farms
in Marshall County in recent
years and will make their fu-
ture homes in this county.

It would be wise for Marshall
County to issue special
invitations and special
payments to displaced Lyon
Countians to move to our coun-
ty and establish new homes.

Each of us can help in this
project. We can tell our friends
in Lyon County that we want
them as neighbors. And we can
show them likeable neighbors that
Lyon Countians will want
to live among us.

Let's spread the word that we
would like to have the displaced
Lyon Countians move into our
county.

NEXT SUNDAY is Mother's
Day. It was on May 9, 1907, in
Philadelphia, that Miss Anna
Jarvis, remembering the death
of her beloved mother just two
years before, conceived the idea
of a day dedicated to all mo-
thers.

She began interesting individ-
uals and organizations in nam-
ing the second Sunday in May
Mother's Day. And on May
10, 1908, the first Mother's Day
observance was held in Miss Jar-
vis' Philadelphia home.

Since that time, Mother's Day
has become a national holiday.
The second Sunday in May
Mother's Day, the event has
been observed on a nationwide
scale.

Here is a poem, written by El-
liott A. Allen, as a tribute
to mothers:

Give me heart in the days
of sorrow,
Give me love like mother-love ever
known;
Give me other worship abides and
gives,
Give me faithful, unselfish and patient,
Give me yours.

THE COURIER's subscription
design received greater re-
sponse than we had hoped for.
Many of our subscribers re-
newed their subscriptions during
the campaign. Most of them re-
newed for one year, but several
renewed their subscriptions for
two, three and five years.

Not a person renewed for
less than one year, for some unexplained
reason.

Mr. McNeil, the radio announ-
cer, was the only person to re-
new his subscription for more
than five years. Ray, being a
young sprout with a lot of fu-
ture in front of him, renewed
his subscription for 10 years.

The Courier added scores
of new subscribers, all of whom
wish to welcome into the
family.

The honor of being the first
subscriber in Marshall County to
renew for a year for the Courier
went to Mrs. Carmen Gordon of
Route 1. Her subscrip-
tion expired May 1, and as she
failed to renew it at the old
rate she gladly paid \$2
to get to read the Courier for
her year.

DO YOU KNOW that William
McGuffey compiled the
first "McGuffey Reader" in
Ky. in 1827? He was con-
sidered a school at the time in
which of an old building
now is the Memorial
Building in Paris.

THE LAUGH -- At the
end of a road, a woman motorist
helplessly at a flat tire
in her car.

She stopped and help-
lessly at the tire was chang-
ing. A woman said to the Good
Samaritan.

"The jack down easy,
my husband is sleeping
back seat."

THOUGHT -- We
great deal to our wonder-
ment. The problem is:
are we ever going to get
money to pay it.

Mr. Brien Holland
thanks County Voters

MY FRIENDS OF
MARSHALL COUNTY:
I want to take this opportunity
of thanking you for the support
you have given me in the
primary election for the office of
County Clerk.

Without doubt, I am
unhappy as the Demo-
cratic nominee for Circuit Clerk
in the May 13 ballot in the Novem-
ber general election ballot.

But I want to thank and ex-
press to you and to tell you

Candidate John Edd Barnes

John Edd Barnes Makes Announcement for Sheriff

TO THE VOTERS OF
MARSHALL COUNTY:

Some time ago I announced
informally that I was a candi-
date for the office of sheriff of
Marshall County. Today, I would
like to present you with my formal
announcement.

I was born near Church Grove
in Marshall County, the son of
George R. and Rose Barnes. My
father died when I was 11 years
old. In 1945 I was married to Lo-
rene York, the daughter of Amos
and Lena York of this county.
We have two children.

My wife and I are both mem-
bers of New Bethel Baptist
Church, and I am a member of
Aurora Lodge of Aurora No. 925
F & AM. I served in the Army
during World War II and spent
one year in the Pacific Theatre.
After leaving service I attend-
ed Agriculture School under the
GI Bill of Rights at Hardin for
three years.

I was an employee of the
Standard Oil Company for seven
years in Marshall and Calloway
County; in Marshall County I
had the privilege of working for
Joe Darnall, the agent for Stan-
dard Oil. For the past two years
I have been in business for my-
self on the Mayfield Highway
near Pleasant Grove Methodist
Church.

If elected Sheriff of Marshall
County I shall be bound to no
one or any group, nor any politi-
cal faction. I have not obligated
myself to anyone or any group.
I shall obligate myself to
any one other than the citizens
of Marshall County.

The office of sheriff carries
with it a heavy responsibility.
That responsibility will be ac-
cepted and I, or one of my de-
puties, will be available at all
hours.

It shall be my purpose, to di-
ligently enforce the laws of our
State and to cooperate with other
law enforcement officials to
that end.

I shall serve promptly all civil
subpoenas, summons, and at-
tachments that are placed in my
hands.

I have a great interest in the
school system and the school
children of our County, and if
elected I will do my best to
help them.

Osborne in Race For Circuit Judge

TO THE VOTERS
OF MARSHALL COUNTY:

It gives me great pleasure to
be able to announce to the vot-
ers of Calloway, Marshall and
Livingston Counties that I am
a candidate for the office of
Circuit Judge of the 42nd Judi-
cial District.

I am a graduate of the College
of Law of the University of
Kentucky and have been engaged
in the active practice of law
at Benton, Kentucky, since my
graduation.

I do not seek this office for
any personal glory or power that
it might give me. I am a young
man and election to this office
would be a great honor upon
which I could establish a career
beneficial to both myself and the
people of the district.

Everyone agrees that a young
man is entitled to an opportu-
nity to prove his worth; all I
ask or have ever asked is an
opportunity. If I have the in-
tegrity, the ability and the talent
to fill the office then we have
all gained.

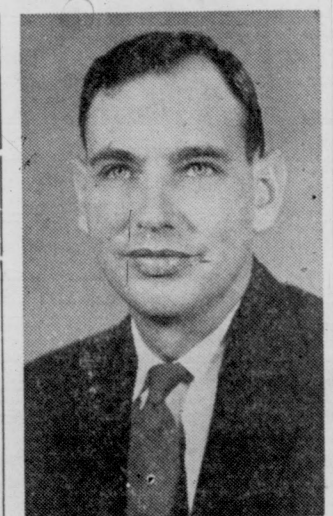

The public has a just and
honorable court and I have the
trust and confidence of the peo-
ple. If I should fail, you can re-
move me from office and the
great loss is mine. I would no
longer deserve your trust and
confidence nor would I have a
right to ask for it.

With your vote and confidence
I will succeed; without it I can
never have the opportunity to
show what I can do. I am sure
that when you send your sons
and daughters to school you ex-
pect that some day they be given
an opportunity to prove what
they can do in this world.

I have a wife and three small
children to support and educate.
The office I ask will help me to
accomplish this purpose, for that
reason I earnestly solicit your
support. I have no personal axes
to grind, no law partners to
throw business to, no animosi-
ties to revenge; only the desire
to make the people a just, hon-
est and honorable judge who
administers justice to all alike
regardless of race, creed or
color.

Every man is the same when
he stands before the bar of jus-
tice. There are no big, or little,
no rich, no poor, but all alike.
If you elect me as your judge,
with the help of the Almighty I
shall make it so in this district

Yours very truly
Earl T. Osborne

EARL OSBORNE

as long as I may preside.

I served five and one-half
years in the armed forces of my
country during World War II.
I served with the famed 82nd and
101st Airborne Divisions. We hit
the beaches of Normandy at 9
a.m. On D-day morning, we
were at Eindhoven, Nijmegen,
and Bastogne.

This service does not entitle
me to public office. I only men-
tion it for the purpose of point-
ing out if I could serve my
country in a time of need, then
does it not stand to reason that
with my legal training and expe-
rience I would serve the people
of this district in the capacity
of Judge with equal distinction.

Honor, character and integrity
are the same whether they are
found upon the battlefield or in
public office. Without them a
man is doomed to failure; with
them there is no limit to what
he can accomplish.

Your trust and confidence I
shall always cherish; your vote
I sincerely solicit.

Mr. and Mrs. John Stewart
have moved to the Buddy Har-
per house at the edge of town
on Route 5.

Mr. and Mrs. William Wash-
burn of Route 4 attended the
Gregory funeral here Tuesday
afternoon.

Candidate Artelle Haltom

Artelle Haltom Formally Announces for Judge

TO THE VOTERS
OF MARSHALL COUNTY:

A few weeks ago I announced
my intentions of being a candi-
date for County Judge of Mar-
shall County, and I am taking
this opportunity to make my
formal announcement as candi-
date for County Judge in the
Democratic Primary to be held
on May 28, 1957.

In 1953 you elected me as your
County Judge and for this, I am
deeply grateful to the people of
Marshall County. You have been
very cooperative and considerate
in assisting me in carrying out
the duties of my office.

To give you a part of my his-
tory, I was born and raised in
Marshall County. My parents be-
ing Hardin and Mary Haltom
who also were born and raised
in this county. I attended Ben-
ton High School and worked for
the Illinois Central Railroad be-
fore entering the armed services
of the United States in World
War II. During my stay in ser-
vice I was wounded in both legs
and am now totally disabled to
do manual labor. I am married
to Nellene Anderson, the daugh-
ter of the late P. M. Anderson
and we have one daughter.

During my term of office I
have made a sincere effort to

serve you capably. Such mis-
takes as I have made have been
honest mistakes, errors of the
head and not of the heart. I
earnestly believe an examination
of my record will disclose that I
have served faithfully, honestly
and fairly to all.

In my efforts to fulfill the du-
ties of my office I have endeav-
ored to treat the people fair,
just and honest. I have attempt-
ed to see that all law violators
which have come before me got a
fair and just trial. I have tried
to study each case and set such
punishment as the facts and
law justified.

The county has made great
progress within the last four
years. If you will inspect the
courthouse you will see that it is
now a place you are not ashamed
of. We have increased our
road equipment and improved
the roads of this county as you
know. We have received and are
still receiving surplus food and
giving it to the needy of our
county. A lot of time and work
is done in making the distribu-
tion of the commodities but it is
a pleasure to be able to help the
people of our county.

Having served as your County
Judge I feel I am experienced
and qualified to handle the af-
fairs of the county and to do
justice to all those who come
before me. I have not and will
not interfere with the other of-
ficials in the performance of
their duties and will not be dic-
tated to in the performance of
my duties as your County Judge.

If elected as your County
Judge I will continue to have
the interest of the county in
mind and at heart at all times.
I am for good roads for all of
the county. I know the roads of
our county are essential to our
progress in the promotion of
transits, industries, farming and
schools.

I went into this office in Janu-
ary, 1954, realizing that the
people of Marshall County have
elected me and that they real-
ized there was a job to be done.
I have endeavored to do that job
to the best of my ability in an
honest and efficient manner. If
you see fit to re-elect me I shall
endeavor to handle the affairs
of the county in the same hon-
est and efficient manner.

Due to the duties of my of-
fice I will be prevented from
seeing each of you but shall en-
deavor to see as many of you as
possible between now and May
28th. However, to the ones of you
that I fail to see, I wish to say
that I earnestly solicit your vote
support and influence and shall
be grateful to you for it.

Respectfully yours,
ARTELLE HALTOM

Policemen, City's Hourly Workers Given Pay Raise

City employees of Benton are
going to get a raise in pay.
This was voted Monday night
by members of the City Council

in regular session at City Hall.

All hourly workers will receive
a raise of 10 cents per hour.
Foreman and policemen each
will receive a flat \$10 raise per
month.

The pay increases are effec-
tive immediately.
It is the first pay raise for
city workers since January 1952.
At that time, pay of hourly wor-
kers was raised to \$1 per hour.
With the new increase, hourly
workers now will draw \$1.10 per
hour.

The total pay increases will
mean an additional outlay of
\$100 per month or \$1,200 per
year from city revenues.

Mayor O'Daniel explained that
the city now is operating under
an estimated annual budget of
\$51,600. Revenues will amount to
about \$1,200 to \$1,500 more
than the budget and these addi-
tional revenues will take care of
the pay increases given city
workers and still permit the
city government to operate
within its budget.

Mayor O'Daniel also explained
that the pay raises were granted
because of the continuing
increase of living costs and be-
cause the employees had earned
the pay hike.

Today! A motor oil with a built-in thermostat! Adjusts automatically to all engine temperatures

It's actually 3 grades of Motor Oil in One

No matter where you live, no matter what the season, your engine needs 8 different grades of motor oil every day. That's because normal engine temperatures vary by more than 100 degrees, and you need a different grade of oil for each temperature range. But now in a single motor oil, Shell X-100 Premium, you get the benefits of all 8 grades. Moreover, alkaline X-100 Premium neutralizes acid action...prolongs the life of your engine. And it has special properties which keep valve lifters from sticking.

SAE 10W For cold starts, new Shell X-100 Motor Oil Premium is like a light grade oil that gives full power fast
SAE 20W For short-trip driving, it's like a medium grade oil. It cuts friction drag in a half-warm engine.
SAE 30W For highway driving, it's like a heavy grade oil...protects a hot engine.

Junior Women Install Officers at Supper Party

Members of the Junior Woman's Club enjoyed a buffet supper Thursday, May 2, at Kentucky Dam Auditorium. Beautiful arrangements of majestic daisies and lilies centered the tables and each place was marked with a program booklet decorated with a yellow rosebud. During the business session, the retiring president, Mrs. Billy Peak, gave a resume of club work during the past year and thanked the club sponsor, Mrs. James Elkins, and the club members for their interest and cooperation. She then introduced the newly elected president, Mrs. Jerry Burnett, who presented appreciation gifts to Mrs. Peak and Mrs. Elkins on behalf of the club.

An impressive candlelight ceremony was used in the installation of the new officers by Mrs. Elkins. Officers were Mrs. Jerry Burnett, president; Mrs. James Thompson, first vice president; Mrs. Price Napier, second vice president; Mrs. Joe B. Prince, recording secretary; Mrs. Joe West, corresponding secretary; and Mrs. Jackie Lee Thompson, treasurer.

The president announced that the last club meeting for this club year will be a picnic to be held June 6 at Kenlake Pavilion, with husbands of members as additional guests.

A social hour followed the meeting and in the card games prizes were awarded to Mrs. Alvin Austin, Mrs. James Thompson, Mrs. Donnie Mathis, Mrs. Jim Owens, Mrs. T. F. Levan and Mrs. Burnett.

Hostesses were Mrs. Joe B. Prince, Mrs. Joe Faughn, Mrs. Donald Schrock and Mrs. Earl Osborne. Members attending were:

Therefore if any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new. — (II Corinthians 5, 17.)

To be given the opportunity of beginning life all over again, cleansed of wrong—of consigning the past to the past and of being, in all truth, born again—that is God's wonderful gift to those who accept Jesus Christ as His Son, our Savior and Redeemer.

FOR LITTLE LADIES—Pretty and practical, the polka-dotted cotton jumper modeled by the little lady, above, requires little or no ironing. It's teamed with a white organdy-and-lace bodice that has a blouse effect. Black velvet bows accent the puffed sleeves.

GREATEST PAINT VALUE ANYWHERE

No Better Paint Can Be Bought At 50% More

Now that is a pretty broad statement, but we can back it up. And we defy anyone to buy this quality at 50% more. The reason is this: Country Boy takes the entire output of a paint factory in the dull winter months, thereby getting a much better price. Then, too, freight rates are high on paint; Country Boy uses his own trucks and saves transportation costs. All this saving is reflected in the consumer cost.

to Lyda Heath Travis as she likes to read my news. Thanks Lyda. It's folks like you who give people the good spirit to write.

I haven't forgotten you and if I can get away to go I will see you at the Maple Springs Memorial Service. If not, maybe I will see you at the Big Singing.

I never know much news, except right around home. But I have had several to write and tell me that when they get the Courier they look for my news the first thing.

Lyda, I never will forget the pretty sheep M. U. bought from you and Reed that time. Well, those days are past and gone, but memories linger on. Time sure passes fast. By the way, I'll pass another milestone May 20. I always was glad for my birthday to come until the last three. Seems like now the years just keep piling up on me.

When you talk to Gretchen again, tell her hello for me. She and Senator are two of my best friends and they have such a lovely home. Guess I had better send a little news or they will take my name off the list.

A large crowd was at church Sunday night, and heard a wonderful sermon by Bro. Alexander.

Mr. and Mrs. Thomas Donahoe of Calvert City were visitors of Mr. and Mrs. Junior Donahoe Sunday and attended Sunday School at the Grove.

Sunday visitors of Mr. and Mrs. John Riley were Mr. and Mrs. Louis Bohannon of Illinois, Mrs. Kenneth Hardesty, H. A. Riley, Mr. and Mrs. R. C. Riley and son, and Mr. and Mrs. Everett Houston of Murray.

Mr. and Mrs. Dewey Riley had all of their children as guests for dinner last Sunday.

Miss Carol Johnston attended the birthday party held Saturday night in honor of Mrs. Anna Johnston.

Mr. and Mrs. J. B. Johnston and Mr. and Mrs. Curt Johnston visited their brother, Thomas Johnston in Murray last Saturday night.

Mr. and Mrs. Gale Edwards and Mr. and Mrs. Carl Greenfield and son were supper guests of Mr. and Mrs. Bill Greenfield Saturday night.

LETTER

Benton Police Chief Charles Carrell last week received a "thank you" letter from Mayor George Hart of Murray in regard to Benton policemen serving on active duty in Murray while Murray officers attended funeral services for their slain police chief, Novel McReynolds. Paducah and Fulton also sent policemen to Murray for the occasion. Mayor Hart's letter follows:

Mr. Charles Carrell,
Chief of Police,
Benton, Ky.
Dear Chief Carrell:
We could not let an act of kindness such as your and the members of your department pass without conveying to you our deep and sincere appreciation for the services as well as the kindnesses rendered on last Sunday at the funeral of our departed police chief, Novel McReynolds.

Our communities have been bound through the years by very close ties and the unselfishness of you and your men emphasizes and makes real those bonds of friendship. Please convey to your council and all others who were directly or indirectly responsible for our thanks and we can assure you that if at any time you can use or need our facilities that they are no further from you than your telephone. Sincerely,
George Hart, Mayor.

CARD OF THANKS
We wish to extend our felt thanks and appreciation for the acts of kindness, sympathy and beautiful offerings received from our friends and neighbors during our recent bereavement in the loss of our beloved mother, Mrs. [Name]. We want to thank the Moore and Dr. McClain and Roth Funeral Home. The family.

Sans Souci by BESTFORM

A wider band for a slimmer look..

French phrase for "without a care in the world"—Sans Souci does just that for your figure! Feathery fingers of batiste elastic make midriff bulges disappear. Gentle side-boning assures you of a well-defined silhouette... and inserts of nylon net make Sans Souci as wonderful to look at as it is to wear! White broadcloth trimmed with nylon net. less you're made of wood.

Since you're made of flesh and blood, any girdle that stops too short will certainly cause a slightly waistline bulge. That's where 3" higher Rise comes in... because it whittles your midriff with your waist, carves one smooth curve down your hips. Boned nylon satin panel in front, strong satin elastic panel in back—to keep under beautiful control. In comfortable rayon leno elastic that stretches both diagonally and side to side. Six garters, side zipper, 16" and 18" lengths. Sizes 26 to 36. In white, \$8.95. In black, 18" length only.

Compact Truck for Crowded Streets

SMALLER TRUCK CARRIES MORE—Designed especially for America's congested highways is this new lightweight Dodge door-to-door delivery truck. It is only 169 inches long from bumper to bumper—over 3 feet shorter than an average car. The truck can easily U-turn on the narrower residential streets, and can deliver goods faster and more economically than many larger trucks.

Be "cost-wise," not "price-wise."
A pound of oats cannot produce as much pork as a pound of corn because, although both contain calories of energy, oats do not contain enough.
A pound of ordinary pig or hog supplement cannot produce as much pork as a pound of highly fortified supplement because, although both contain vitamins and antibiotics, the ordinary supplements do not contain enough.
Masco pig and hog supplements are made to experiment station formulas and are fortified with the amounts of vitamins and antibiotics found to produce the most pork on the least amount of grain and supplement. Masco pig supplements and hog supplements are made for the "cost wise" commercial pork producers. These "cost wise" feeders know that each hundred dollars worth of corn and supplement saved in feeding a herd of hogs is a hundred dollars more net cash profit whether the fat hog price is high or low.
Be "cost-wise" in planning your feeding program. Use Masco "grain-saving" supplements.

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER—BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging heft and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavy-weight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the most docile package of might you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Here's extra length that brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass... and a built-in sense of direction and security that will spoil you for the smaller cars forever!

—AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac... there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now! So why not look and feel like a million—instead of a million others?

Need some extra cash? You can get it and carry out a good soil and water conservation

practice at the same time. Plant your row crops on the contour and receive two dollars per acre. This will be clear profit because it is always cheaper to plant on the contour than up and down hill. You save soil, moisture, fertilizer, wear and tear on machinery. In addition you increase crop yields. Conservation pays.

Farm ponds have been staked for R. O'Dell, Garland Woods, Renloe Rudolph, and F. P. Tisworth. They are cooperators of the Marshall County Soil Conservation District. Construction will begin just as soon as the ground is dry enough.

The Future Farmer of America County Land Judging Contest will be held Thursday, May 9. A team of three boys from each chapter at South Marshall, North Marshall and Benton will participate. Dan Amos, Soil Scientist with the U. S. Soil Conservation Service will conduct the contest.

LIKES EVERYTHING ABOUT IT

"Anyone with as many as six cows needs this new milking system, and I would certainly like to recommend the elevated milk parlor to my friends and neighbors." These are the words of Mr. Carl Chester of the Brewers Community pictured above in his new V-type milk parlor.

Mr. Chester continues, "I like everything about the new milking parlor. It speeds up milking; eliminates bending, squatting, and stooping; and gets you and the cow up on a clean concrete floor. It is a lot more convenient in every way."

To enter the parlor the cows use regular stair type steps, then depart down a gradual sloped ramp. Scientists have shown this arrangement to be in perfect accord with the shape and make up of a cow's foot.

Mr. Chester's cows have six steps to climb before entering the parlor, and the minute the milking starts the cows line up to the top of the steps and wait for the door to the parlor to be opened.

This door into the parlor, as well as the door to the exit, is operated by ropes and pulleys by the operator. The cows and the operators learn the procedure in short time.

The V-type parlor as shown above will handle 15 cows per hour and operates on about the same principle as the straight walk thru parlor. The V-type parlor is generally more than the straight thru. Plans for both types are available at Ryan Milk Company.

Mr. Dairyman, whether your choice is the V-type or the straight walk thru we are sure will be pleased with the elevated stanchion milk parlor. Please get in touch with us for details on our barn program.
