## THE LISTENING POST

● The quietest senatorial campaign within my memory is now drawing to a close—that, is a campaign in which colorful characters are engaged. Really the Commonwealth has a right to expect more fireworks when John Young Brown campaigns against Albert (Happy) Chandler. Both are hard-hitting, fire-breathing campaigners, and we who remember the red-fire campaign for the Senate Chandler waged against Barkley only a few years ago can hardly reconcile the Chandler of today and the Chandler of that era. Nor can we recognize the John Young Brown of today as compared with the fire-eating Brown of yesterday. True, the latter has made some sensational charges—which have been duly thrown out by the various committees which were named to investigate—but this business of carrying on a campaign by radio does not make for the dramatic scenes we have had in past years. It seems now that the campaign will drift on through as it had been for the brief span of two or three weeks, and will be quickly forgotten.

● Naturally the Chandler forces believe that victory is quite certain, and I surmise that such a belief is natural and is based on solid facts. Chandler himself believes that he will win so thoroughly that he does not plan to return to the state. I have heard that he will be in Alaska during this week as a member of the Senate Military Affairs Committee inspecting the defenses of Alaska and possibly the Aleutian Islands. Which is a pretty definite way of letting Mr. Brown and the voters in general know that he believes he will be returned to Washington without trouble.

● I have an idea that Mr. Brown will get more votes than the Chandler folks anticipate, but barring the most sensational upset in all the history of Kentucky, I can see no chance for a Brown victory. Brown has no state organization whatever, and while the Chandler folks have set up no elaborate machinery it is a fact that Chandler will have some form of organization in every county of the state. This means a lot, and one of the strangest things about the entire situation is that Mr. Brown, so far as is known now, will not even have any watchers at the polls or at the court houses when the votes are counted Saturday night. In a tight election this would be a fatal weakness, for with one side having all the machinery and the other none a candidate could easily be counted out in a close race. This campaign is not likely to be that close, and counting the votes will be more or less a formality.

● While Mr. Brown made some sensational charges against Senator Chandler he made them in such a manner as to make no particular advantage for himself. Charging that the junior Senator had accepted a costly swimming pool from a contractor who might benefit from Senator Chandler's influence in the awarding of federal contracts, Mr. Brown's only argument was that because of this the voters should cast Chandler out of office and install Mr. Brown. Somehow this sort of plan sounds a bit selfish, and actuated only by the desire that Mr. Brown has of reaching the United States. Such reasoning will not, I feel sure, get very far with the voters, and therefore I am not giving Mr. Brown much of a chance in the voting next Saturday—although I do believe he will get more votes than the Chandler folks believe.

## Senate Group Junks Pair Of Treasury Plans—Junking Cuts Over Six Hundred Million Off

### Joint Income Returns, City Bond Taxes Are Hit

#### CITY HAS MILLION POUNDS OF STEEL —CAN'T USE IT

St. Louis, — City officials know where there are more than 1,000,000 pounds of scrap steel, but try and get it. When the municipal bridge, now the Douglas MacArthur Bridge, was built, street car tracks were laid but were never used. Several years ago an effort was made to remove some of the steel but the job proved too tough and costly. The rails are clamped to bridge girders, embedded in concrete and paved over with layers of asphalt.

#### HOSPITAL NEWS

**Haws Clinic**  
Mrs. Edgar Wolverton and daughter are getting along nicely. Hershel Kimbell is improving. Miss Josie Langford is better. Mrs. Lee Olive is getting along nicely.

**Fulton Hospital**  
Ed Wade is improving. Mrs. Clyde Fields is doing fine. J. D. Olive has been admitted for treatment. Mrs. Wes Jones, Jr., and baby are doing fine. Mrs. Audie Howell is improving. Mrs. Richard McNeilly and baby are doing nicely. Mrs. Mildred Overing, Hickman, is doing fine. Mrs. W. A. Williams, Fulton, Route 3, and baby are doing fine.

#### CAR THIEF IS TRIED HERE YESTERDAY

Built Edward Thomasson was tried yesterday afternoon in City Court before Judge Lon Adams on a charge of grand larceny. Thomasson was accused of having attempted to steal Charley Holoway's car early Monday morning. He entered a plea of not guilty was bound over to await the action of the September Grand Jury under \$300 bond. Being unable to make bond he was taken to the county jail at Hickman to await trial.

#### WATER SHORTAGE

Due to water shortage the public is hereby notified that sprinkling equipment must be used only between the hours of 7 and 8 p. m. Sprinklers and sprays are forbidden. Fulton citizens are urged to cooperate. Adv. 180-3t

## Civilian Benefits Are Planned For Dependents Of Soldiers Killed

Washington, —A bill to provide \$35 to \$85 a month death or injury benefits for civilian war casualties may emerge from the Senate Finance Committee ahead of the new tax measure which is keeping members busy five days a week. Senator Clark (D., Mo.), chairman of a subcommittee in charge of the bill, called off a meeting scheduled for today but said, "We'll get to it as soon as we can."

**Dependents Aid**  
The proposal, authored by Senator Pepper (D., Fla.), would offer financial protection to civilians who sustain war injuries, to dependents of those who die as a result of such injuries and to dependents of civilians detained by the enemy. A broad definition of war injuries was written into the bill.

Washington, —The Senate finance committee junked today Treasury proposals to require joint income tax returns by married couples and to levy federal taxes against the revenue from outstanding issues of state and municipal bonds. Thus cutting off \$620,000,000 in potential additions to the \$6,271,000,000 tax bill previously approved by the House, the committee voted to leave open for further consideration three other Treasury suggestions calculated to boost the measure's total by approximately \$290,000,000.

These proposals, on which Chairman George (D., Ga.), announced that testimony would be taken at hearings, were:

Revision of the law governing federal taxation of income in the eight so-called, Louisiana, Arizona, New Mexico, Idaho, Nevada, Washington and California to bring them more in line with other states.

**Bond Taxation**  
Federal taxation of future issues of state and municipal bonds. Elimination of the present 27 1-2 per cent flat allowance for depreciation in oil and mining adventures and substitution of a cost depletion method.

George said the committee had not discussed the Treasury's major proposals for additions of approximately \$1,100,000,000 in general individual and corporation income taxes. He observed that such levies as a sales tax, still were before the committee for study.

At the same time, however, the committee was reported to have voted 9 to 6 to study the question or requiring persons in community states to file returns on earned income actually received by them, and be taxed accordingly.

**Held Open For Study**  
The group was said to have voted 9 to 6 to hold open for future study the question of changing oil and mining depletion calculation methods.

A huge increase in taxation, so that half the government's expenditures would be met out of current revenue instead of borrowing, was advocated today by Senator Wiley (R., Wis.).

#### BARKLEY WILL SPEAK FOR CHANDLER THURSDAY

Washington, —Aides of Senator Barkley (D., Ky.), said today the Senate majority leader would make a radio speech to Kentuckians Thursday night, favoring the re-nomination of Senator Chandler (D., Ky.), in next Saturday's primary.

Now is a good time to renew your subscription to the Leader.

## Latest Thing In British Hats Comes From The Scrap Heap

London, — This year's latest models in hats for British men and women are coming from relics formerly set aside for the old clothes man.

This became apparent as reports filtered in that milliners and hatters were scurrying through the streets competing with used clothes collectors for the old headgear.

The cast-offs are realizing anything from ten cents to \$120 each. Once bought, they are stripped, sterilized, cleaned, renovated and then exhibited as 1942's top priced latest models.

Another trend noted was that public familiarity with utility clothing was breeding respect on which the trade was concentrating its best salesmanship.

Manchester reported that arrivals from the United States had improved recently. Yarn and cloth were being brought on a fair scale. "Directed" orders under control

have been the mainstay of most producers.

Bradford woolen circles said that exporters were finding it difficult to pass overseas customers the 20 per cent advance in raw material costs plus wage raises. Business with the United States presently was at a standstill because of the price ceilings there.

The adding of blankets to the utility schedule was expected to release another 30,000 workers to other war industries.

Belfast said there was little business. The extra good quality of this year's flax nearly made up for the 17 per cent reduction in Northern Ireland's flax acreage compared with 1941's 90,000 acres.

The linen trade was co-operating with the Agriculture Ministry in the loan of its workers to farmers to assist in harvesting flax in Ulster.

#### OFFICIAL PENNANT FOR PAST SEASON IS RECEIVED HERE

Is First Flag For Fulton Club In Modern Kitty History

The official pennant, signifying the championship for the abbreviated 1942 season in the Kitty League, has been received by K. P. Dalton, president of the local club. The pennant has been on display at the City Hall and has been admired by numerous baseball fans. Made up in the national colors of red, white and blue, the flag measures 9 feet by 18 feet, if and when the Kitty League functions again the pennant will be displayed in the local park, and already the optimistic Chief of Police Dalton is talking of the ceremonies that will be held when Fulton hoists the first flag ever to fly in the local park. Starting in 1936 the local team has seen several unsuccessful seasons, but for the past two or three years the team has been in there fighting for the championship, and this year came up with a team which led the pack practically all the way. With a crack pitching staff, Manager Moon Mullen put together a team this year which should have won over the entire season in a walk. Although the league folded a few weeks ago it is pleasing to local fans that it did win the championship for the short season.

Years ago, in the early history of the Kitty League, a Fulton team won the second-half championship, and in later years Dan Griner had a club that was fighting for the championship for two years. However, so far as is known at present, this is the first pennant which has ever come to Fulton, and local fans hope for the day when the handsome red, white and blue flag may fly at Fairfield.

#### WAR WORK INCREASES URBAN INCOME

Washington, —The Labor Department reported today that half the families living in communities of 2,500 or greater population had cash incomes in the first three months of 1942 at the rate of \$2,217 or more a year compared with an average of \$2,082 last year.

Half the single persons in these cities had an annual earning rate of \$917 in the first quarter of 1942 against \$817 in 1941. Secretary Perkins said, commenting that most of those drawing less were janitors, domestic servants, small annuity holders, or relief recipients, retirement benefit and rents.

**Increases More Frequent**  
Remarking that family incomes reflected the results of the expanding war production program, the secretary said:

"In creases of income in 1942 occurred more frequently than decreases among families with less than \$3,000 of income in 1942. Above this level, decreased income for some families tended to offset increases for others."

#### POST-WAR AID FOR SOLDIERS BEING PLANNED

Minnesota Considers Ten Million Dollar Fund

St. Paul, Minn., —The state of Minnesota is preparing to provide financial aid for its soldiers when they return from the war.

State officials are considering the creation of a \$10,000,000 soldier rehabilitation fund, which Gov. Harold E. Stassen said would "refit returning service men for civilian life."

The program still is in a formative stage, and it requires legislative approval. The rehabilitation proposal was outlined by Stassen as part of a 10-point program designed to prepare the state for readjustments which will be necessary in the postwar period.

Under terms of the governor's proposal, the fund would be financed from the state's general revenue reserves and administered by a special commission authorized to make loans or outright grants in aid of individual cases.

Stassen predicted that some form of federal grant, probably a bonus, eventually would be made to soldiers after the war, but he said there probably would be a lag between the soldier's return and the time the federal grant would be made available.

#### POLICE COURT

Mose Patton, Jr., was tried in City Court yesterday for selling beer at his restaurant in the Bottom on Sunday. He was fined \$10 and costs.

#### BARKLEY TO SPEAK IN BEHALF OF CHANDLER

Senator Alben W. Barkley will address the voters of Kentucky over Station WHAS from Washington, D. C. in behalf of A. B. Chandler, candidate for reelection to the Senate in the coming primary, on Thursday, July 30 from 7 to 7:15 p. m.

Mayor Wilson Wyatt of Louisville will speak Wednesday, July 29 from 9:45 to 10 p. m. and Gov. Johnson will address the Kentucky voters from 6:45 to 7 p. m.

#### DALTONS BUY WINSTON RESIDENCE YESTERDAY

Mr. and Mrs. K. P. Dalton have purchased the Sam Winston residence, 506 Green street, and will take possession of their new home about August 15th. They have been living in the Jones apartment on corner of West State and Eddings streets.

Mr. and Mrs. Winston and family have purchased the residence, now occupied by Dr. and Mrs. Glynn Bushart, on Third street. They bought the house from E. M. Jenkins.

## Huge Boost In Taxes Of Public Demanded On Senate Floor As Solons Consider Vast Problems

### Not More Than Half Of Costs Should Be Passed On, Wilkey Says

#### CHEERING HITLER COSTS PRIVATE 5-YEAR SENTENCE

Chicago, —Maj. Gen. George Grunert, heading the Sixth Service Command, said today an army private at Fort Sheridan, Ill., who admitted professing admiration for Hitler, has been dishonorably discharged and sentenced to serve five years in the army disciplinary barracks at Fort Leavenworth, Kan.

The general approved the finding of a general court-martial which had convicted Pvt. Hans Geisler, a German-born naturalized soldier.

General Grunert said Geisler, who was born in Breslau, Germany, in 1905, and entered the United States in 1926 as an immigrant, was inducted into the army as a selectee one year after he was admitted to citizenship here in 1940.

#### FIND CANCELLATION OF CONTRACT NOT DUE TO SHORTAGE

Committee Believes Metal Plentiful  
For Shipyard

Washington, —Two members of a House investigating committee said today they had received evidence contradicting the contention of the Maritime Commission that a steel shortage made it advisable to cancel the contract of the Andrew J. Higgins Company of New Orleans for the construction of a shipyard and 200 new vessels.

"The evidence tends to establish the fact that at the time of the cancellation of the Higgins contract there was and there had been sufficient steel for the construction of the entire shipbuilding program," they said.

They were Reps. Boykin (D., Ala.), and Cullin (R., N. Y.), their findings, they said were concurred in by two other members of their House merchant marine subcommittee Reps. Welch (R., Calif.) and Jackson (D., Wash.). The report was issued after receiving lengthy testimony by Dr. Mordecai Ezekiel, economist of War Production Board.

Earlier in the day, Chairman Emory S. Land of the Maritime Commission, told the committee flatly that "absolutely no outside influence" affected the commission's decision to cancel the Higgins contract, and reiterated that a lack of steel was the cause.

His statement was in reply to testimony yesterday by L. E. Detweiler, assistant to the president of the Higgins Company, that high government officials who still retain peacetime connections with steel and shipbuilding corporations "influenced" the cancellation.

While Nelson reported that in general, the arsenal of democracy was doing a good job, he asserted that serious raw materials shortages were impending, new bottlenecks forming, and "too much boasting is altogether premature."

"It is hard to report progress without appearing optimistic," the War Production Board chairman said in a preface to his report, "but I want to emphasize again and again that the picture is in no sense one that provides a basis for undue optimism."

Washington, —A huge increase in the Government's expenditures would be met out of current revenue instead of borrowing, was advocated Monday by Senator Wiley (R., Wis.).

"We should not consider for one moment passing on to the following generation more than 50 per cent of the cost of this war," he said in a Senate speech. "If we do we are pikers."

**Still Far Short**  
The pending \$6,271,000,000 would bring total Federal revenues to a total of only \$22,000,000,000, he said, as against prospective war expenditures of \$72,000,000,000 during the next 12 months.

Senator Wiley suggested that "timid, mincing steps" be abandoned; that Congress raise \$36,000,000,000 by taxation and insist that Americans buy \$36,000,000,000 in War Bonds.

The Senate Finance Committee heard a proposal for "advancing the clock" on income tax collections by effecting a Treasury book-keeping operation which would credit this year's payments on 1942 instead of 1941 taxes, making instead of 1941 taxes, making collections current thereafter.

## United States Triples Output Of Many Sorts War Material

Washington, — War Production Chief Donald M. Nelson told the nation today that this country's June output of planes, tanks, ships, guns, ammunition and all campaign equipment was almost triple production of last November—but he admonished against "undue optimism."

In the first six months of this year, Nelson said in a communique from the production front, the volume of such war munitions turned out was one-and-a-half times as large as production during all of 1941.

While Nelson reported that in general, the arsenal of democracy was doing a good job, he asserted that serious raw materials shortages were impending, new bottlenecks forming, and "too much boasting is altogether premature."

"It is hard to report progress without appearing optimistic," the War Production Board chairman said in a preface to his report, "but I want to emphasize again and again that the picture is in no sense one that provides a basis for undue optimism."

## OUR VICTORY

Although Secretary of State Hull  
in his momentous speech of last  
Thursday night unfolded his con-  
ception of the steps which must  
be taken to maintain peace in the  
world when it has been won, our  
attention was captured by the  
realistic view he expressed regard-  
ing the situation as it exists today.

The warning he sounded to the  
remaining neutral countries of the  
world that their professions of  
neutrality are "absurd and suicidal"  
in the face of the facts of the  
world-wide conflict ought to bring  
them closer to a realization of the  
part they ought to be playing in  
the fight for freedom.

It should be apparent to them  
that if the forces of aggression are  
victorious in this conflict they can  
have no assurance that they will  
not be the next victims. There is  
no secret concerning the aims of  
the totalitarian regimes of Ger-  
many, Japan and Italy. They de-  
sire to dominate the world. Even  
the nations which have cast their  
lot with them have become mere  
vassal states, servants to their  
masters.

Hull approached the problem of  
bringing these neutrals into the  
fight in the proper way. There are  
some blights on our own past which  
have not been forgotten by some  
of our neighbors, particularly those  
to the south. Before they join  
hands with us we can't blame them  
very much for wanting to be sure  
that they are getting a better deal  
than Hitler or Hirohito might offer  
them.

## FIFTEEN YEARS AGO

(July 28, 1927)

Nathan Alverson has received  
a decoration from the American  
Red Cross for having saved two  
persons from drowning. He is  
swimming instructor and guard at  
the local swimming pool.

The state tags for automobiles  
next year will be bright green with  
white background.

Mrs. George Speed and daughter,  
Oro, were injured yesterday in a  
runaway near the home of Burch  
Moon on State Line. Mrs. Speed  
suffered rather serious injuries, but  
the daughter was not badly hurt.

Hon. J. C. W. Becham, candidate  
for Governor on the Democratic  
ticket, spoke to an estimated 500  
persons last night at Carr Park.

Leslie Weeks had charge of the  
program at the Rotary Club and  
gave an interesting program. He  
read a list of names and asked  
those present to identify those  
names. Only one name seemed to  
be known to a majority of the club  
members and Mr. Weeks then ex-  
plained that the names were taken  
from the ballot which would be  
voted on in August.

Robert T. Crow, candidate for  
Governor, will speak in Fulton to-  
night.

Mrs. Fannie Price of Paducah is  
the guest of her son, John T. Price,  
and family.

Mr. and Mrs. Roy Hamlet have  
returned from a visit to friends in  
Chicago.

Miss Sara Binford is visiting her  
aunt in St. Louis.

Mr. and Mrs. Hal Taylor of Cren-  
shaw, Miss., are visiting her par-  
ents, Mr. and Mrs. Walter Willing-  
ham, Third street.

Miss Mary Royster has gone to

policy that should appeal to them,  
because it is based on fairness to  
all the nations of the world. Frank-  
ly, it strikes at some of the selfish  
interests of this nation which want  
protection in maintaining their  
monopolies here. Those interests  
must be overlooked if we are to  
assist in making the post-war world  
what it must become if peace is to  
last.

We believe, quite naturally, that  
the remaining neutrals will be  
convinced that they have a better  
chance to win a bright future for  
themselves by pitching in with us  
than by trying to straddle the fence  
or going over the Axis. We offer  
them a place as our partners in a  
campaign to make the world what  
it ought to be. Hitler and Hirohito  
and Mussolini offer them a place  
as their slaves in a world as they  
want it to be.—Sun-Democrat.

happens to be in as a means of  
showing their resentment. I have

Betty Davis takes one on the chin from Dennis Morgan in "In This Our

in many sections of the state. Then  
there will be many who do not

PRIVATE GOES A. W. O. L.  
TO GET WORK HE DESIRES

Somewhere in Australia.— One  
United States army private, sent  
to Australia shortly after being in-  
ducted, has decided that the way to  
get ahead in military life is to  
get into trouble.

A graduate engineer from Stan-  
ford University, the private re-  
peatedly pointed out to his su-  
perior officer that he could be of  
more service to the army in a  
specialized field.

Getting nowhere this way, he  
deliberately went A. W. O. L. Just  
as he expected, his commanding  
officer hauled his record out of of St. Paul, A. M. E. Church, Van-

husband, Captain Beck of Camp  
Polk, La., had one night.

His command camped in the  
woods. All night long, the captain  
related the next morning, he had  
dreamed of fighting a snake.

Later the orderlies were putting  
the camp in order and found a  
large copperhead in the captain's  
blankets.

feed, farmers in Bourbon county  
are growing about a half-million  
dollars worth of barley a year, ac-  
cording to estimates of County  
Agent P. R. Watlington. This year's  
15,000 acres produced about 600,000  
bushels of barley, despite losses due  
to rain. Winter barley now con-  
stitutes about three-fourths of the  
small grain grown in the county.

## Help Prevent Telephone Service Interruptions

## Help Make Your Equipment Last Longer

To meet wartime requirements for telephone service,  
it is more necessary now than ever to prevent all pos-  
sible service interruptions by taking good care of tele-  
phone equipment. Every telephone user can help by  
observing these few simple cautions . . .

- ★ please keep your telephone cord free of kinks. Dam-  
age from kinks shortens the life of telephone cords  
and often causes service interruptions.
- ★ please handle the receiver gently—don't bang it—  
when you replace it on the hook or lay it down to  
call someone to the telephone.
- ★ please take care not to let the receiver or your tele-  
phone base (if it's movable) drop to the floor, desk,  
or table.
- ★ please do not let children play with the telephone or  
accompanying equipment. They may unknowingly  
inflict damage that causes service difficulty.

Your cooperation will help us conserve telephone  
equipment at this time when conservation of all our  
resources is so important.

WE'VE TAKEN OFF THE  
BLINDFOLD!

Yes, we've removed the blindfold from the eyes of the Axis. They said we  
couldn't get going fast enough to become a real factor in this war. They said we'd  
rather win an election than win a war; that we'd been riding on rubber too long;  
we were soft, we couldn't take it, we couldn't dish it out. But we're showing 'em  
what it means to buck American machines driven by free Americans. We've  
shown 'em we can take it on Bataan; we've shown 'em we can dish it out over  
Tokyo . . . and we're gonna show 'em plenty more.

Now, take a look at the Minute-man above. He is symbolic of the Spirit of  
Readiness; a soldier at home, ready to serve on a minute's notice. We can't all  
carry a gun but there's a place of service for every free American with an in-  
come. Right now Uncle Sam is asking Fulton County for \$59,700 in the sale of  
War Bonds for the month of July. Are we going to let our government down at a  
time like this by failing to meet this quota?

Let's be Minute-Men in the true sense . . . Let's turn every surplus dollar  
and dime into War Bonds and Stamps, today. WE CAN, WE WILL, WE MUST!

### RAY-GREENE WEDDING JULY 22 IN ST. LOUIS

A wedding of interest to friends of Miss Augusta Ray, Home Economics teacher at Fulton High, is that of her sister, Miss Roberta Ray, daughter of Mr. and Mrs. Ed C. Ray of Mayfield, to Carson B. Greene of New Madrid, Mo. The wedding was beautifully solemnized in St. Louis, Mo., Wednesday, July 22, at 4:30 o'clock in the chapel of St. John's Methodist church. The Rev. F. E. Stringham officiated before a decorated altar of palms and white gladioli.

Miss Ray attended her sister as maid of honor and Myron E. Greene, brother of the groom, was best man.

For her wedding the bride wore a powder blue crepe dress with which she wore white accessories and a corsage of pink roses. The maid of honor was wearing a green mesh frock and a corsage of white gladioli.

A program of nuptial music was given by Miss Hope Greene, the groom's sister, and Wesley Whitehouse, soloist.

Mrs. Greene is a graduate of Murray State College and has been teaching home economics in the New Madrid, Mo., schools for the past year. Mr. Greene, who received his M. A. degree in music from the University of Missouri, Columbia, has also been teaching in the New Madrid schools.

### LADIES' AID IN MEETING MONDAY

The Ladies' Aid of the Cumberland Presbyterian church met yesterday afternoon with Mrs. Calla

Latta at her home on Norman street with Mrs. D. Fred Worth co-hostess.

The meeting opened with a song, "Near The Cross," and Mrs. R. L. Bushart gave the devotional, reading 17 verses of the 102nd Psalm. The devotional was followed by the Lord's Prayer in unison. Mrs. J. H. Lawrence, president, conducted the meeting and was assisted by Mrs. Eph Dawes, who read the minutes of the last meeting and called the roll in the absence of the secretary, Mrs. A. B. Roberts. Mrs. Gus Bard dismissed the meeting with prayer.

Attending were thirteen regular members.

### LEAVE FOR VISIT IN INDIANTOWN GAP, PA.

Mrs. Paul Hornbeak and daughter, Mrs. Hafford Duke, left last night for Indiantown Gap, Pa., Military Reservations, where they will visit Capt. Paul M. Hornbeak, who is located there temporarily and being equipped for extended service.

### W. S. C. S. GENERAL MEETING YESTERDAY

The Woman's Society for Christian Service of the First Methodist church met in general session Monday, July 27, at the church. The vice-president, Mrs. Warren Graham, presided in the absence of the chairman, Mrs. M. W. Haws. The opening song was "Count Your Blessings." At the conclusion of the song Mrs. Graham introduced a new member, Mrs. Elsie Provo.

The first matter of business was the reading of the resignation of Mrs. M. W. Haws as president. The Society voted to accept her resignation with deepest regret and the secretary was instructed to write Mrs. Haws.

It was voted to designate the second Monday in August as the time for a free will offering for "The Volunteer Fund." Each member was urged to bring an offering for this worthy cause. This fund provides for Scarett students, who, without financial assistance, could not study for Christian leadership.

Mrs. Raymond Lynch gave an informal report on the work accomplished in the Daily Vacation Bible School for the colored children.

Mrs. Lynch assisted the colored leaders by giving them literature and materials which she had used in a school.

Mrs. J. C. Hancock, Mission Study

Chairman, announced the subject for the Mission Study class will be "Latin America."

The program for the afternoon was presented by Mrs. Irene Boaz and Mrs. Ernest Cardwell. Mrs. Boaz gave a most inspiring devotional and Mrs. Cardwell presented the Missionary topic, "America's Stake In Africa."

Mrs. Graham closed the meeting with a short meditation and prayer taken from the daily devotion booklet, "The Upper Room."

In a called Board meeting following the general meeting Mrs. Clint Reeds was elected president to fill the unexpired term of Mrs. Haws.

### BAPTIST W. M. U. HOLDS GENERAL SESSION

The monthly general meeting of the Woman's Missionary Union of the Baptist church was held yesterday afternoon at the church with thirty-seven members attending. Mrs. S. M. DeMyer presided over the meeting in the absence of the president, Mrs. Carl Hastings.

A song opened the meeting, followed with prayer by Mrs. L. V. Brady. The minutes were read and roll called by the secretary, Mrs. E. H. Knighton, and the usual reports were heard from officers and circle chairmen.

The program was turned over to Mrs. John Earle who is program chairman of Circle No. 3. She presented Mrs. T. S. Humphreys who gave the devotional, "Providence Misunderstood," and led in prayer. The program included a missionary topic presented by Miss Catherine Humphreys, Mrs. J. W. Cheniae and Mrs. J. C. Sugg, entitled "Think On These Things, Whatsoever Things Are of Virtue," prayer by Mrs. R. B. Allen and a solo by Mrs. Carroll Jones, accompanied by Mrs. Walter Voelpel, pianist.

The meeting was dismissed in prayer by Mrs. S. M. DeMyer.

### PICNIC LAST NIGHT FOR CLASS

### WESTERN FARMERS TO MEET AT PRINCETON

The annual meeting of Western Kentucky farmers at the Agricultural Experiment Substation will

be held August 6. Crops of all kinds, peaches on trees, and other fruit, soil and crop experiments, the dairy herd and the poultry flock will be seen and discussed.

A report on the work at the Experiment Substation at Princeton has been issued by Supt. S. J. Lowry and his assistant, L. M. Caldwell. It is called "Grass Farming for Improving Depleted Soils," and it tells how poor land was restored at low cost and in a way that could be followed by most farmers. A farm that was so poor that it would produce scarcely anything now is turning off good crops. Especially notable work has been done in growing grass. Visitors on August 6 will see and hear how the job was done.

All farmers and other persons interested in better farming have been invited to attend.

Now is a good time to renew your subscription.

## SPORT TALK

This column heard an interesting yarn the other day about Coach Gill, who will take over the Bulldogs here on the first of September. It seems that the new coach is an aviator, having had considerable flying experience, and it is planned for him to teach ground fundamentals of flying in the local high school this coming year. Now if Coach Gill is so air-minded it appears likely that he may also make his football boys air-minded and perhaps we will see a lot of throwing the football around this coming season. Gill has been spending the summer in Belleville, Ill.

nols, and presumably will report here the latter part of August. Practice usually begins on the first day of September, but it seems probable that the new coach might drop in a few days early in order to get acquainted with the setup here and with the boys he will have under his wing.

Coach Mills, who had the championship football outfit in West Kentucky at Hopkinsville last season, does not take any stock in the more or less general belief that war emergencies will stop high school football. He specifically denied rumors that Hopkinsville was planning to drop football and said that he would have a fair team. His championship team lost 25 players by graduation, but Coach Mills says that he has some pretty good reserves coming along who should provide a "pretty good" team next fall.

The Hopkinsville coach has been mentioned several times as one of those who might be considered to replace Coach McRight at Paducah. Probably the only reason for this is that McRight also served at Hopkinsville prior to taking over the Tilghman helm, and Paducah folks liked the results. Mills did a fine job at Hopkinsville, and last year had a team which probably could have handled Tilghman on the gridiron. The two teams discontinued play several years ago, and last years there was some agitation to have the teams resume play. From various newspaper stories published in the two

towns it appeared that there was some bad feeling between the two teams, but this may have been more newspaper talk than anything else. Many times these feuds start in newspapers and are fought in this manner altogether. At times such stories have a tendency to swell the attendance, for it is a known fact that fans like to go to a football game where they expect to see everything in the way of mayhem and such things.

Championship play will get under way at the Country Club some time early in August, as qualifying rounds end this week-end. Nothing in the qualifying rounds seemed to indicate anything in the way of upsets, and most of the players who were due to get into the championship flight managed to get in. Only a few managed to break 80, which is also normal, for a majority of local players are 80 shooters and are not due to get into the seventies very often. One or two seemed to play their qualifying rounds at the wrong time. For instance, Joe Hall carded an 89 on his qualifying round and a few days later clipped about nine strokes from that mark. As this is written it is not known whether 89 will qualify him, but it stands a pretty good chance. Buck Bushart was due to shoot a lower round than he did, but came through in pretty good shape with an 85, which should put him into the flight. Doc Latimer, the Union City surgeon, who plays only a couple of days a week, also snagged an 89 and this may place him in the preferred list. His townsman Louis Sprey, carded 83, which safely qualifies him.

Chasley Fritts and J. T. Howard played the oddest round of the qualifying matches, each winding up the first round with even par. Howard chipped in on two holes on this round. Fritts found the going tougher on the final round and took a 39, but this was good enough for medal honors of 75. Howard's 41 on the second gave him a tie with two other players for runner-up honors.

Ernest Fall's blistering 77 proved that he will be a dangerous opponent for any of the players if he can keep that sort of shooting all the way through the match. Anything under 80 is likely to win the cup.

## SENATE BODY MAY REJECT TAX INCREASES

Some Held That New Sources Should Be Found

Washington, —Chairman George (D. Ga.), predicted today that the Senate Finance Committee would reject Treasury proposals to increase individual and corporation income rates in the House-approved \$5,271,000,000 revenue bill, but would explore possible new fields of taxation.

George told reporters that while he believed a majority of the committee would like to attain the Treasury's goal of an \$8,700,000,000 net increase in taxes, he felt certain that members would be willing to go that high only if they could agree on some form of levy not now in the pending bill.

Will Seek New Sources  
The committee chairman said such a viewpoint obviously would bring about a discussion of a sales tax or the possible conversion of a House-approved pay roll deduction into a direct tax instead of merely an advance payment on regular income tax liabilities.

Remarking that both of these matters must be classed as extremely controversial, he said he was not at all sure the committee would agree on any form of new tax. He intimated such a disagreement might well result in failure by the committee to recommend any substantial revenue increases in the measure.

Morgenthau Asks Boosts  
In an appearance before the committee last Thursday, Secretary of the Treasury Morgenthau asked for increases of \$356,000,000 in individual income taxes and \$758,000,000 in corporation taxes over the amounts in the House bill.

## STATE YOUTH ATTEND CONSERVATION CAMPS

Conservation of health and natural resources was stressed at the annual 4-H club conservation camp at Camp Bingham in Washington county. Eighty-one boys from 23 counties attended. Dr. L. E. Smith of the Kentucky State Board of Health, and Commissioner S. A. Wakefield, Frank Phipps, Minor Clark and James Gilpin of the State Fish and Game Commission, assisted in the program. Charles Horn of Minneapolis, sponsor of

the camp, was represented by George W. McCullough, former state fish and game commissioner of Minnesota.

The Negro conservation camp, held in Christian county, was attended by Negro 4-H club members from Barron, Christian, Fayette, Fulton, Hickman, Jessamine, Logan, Scott, Todd and Warren counties. Conservation of health, better nutrition, first aid, production and conservation of food, and conservation of wild life were features of the programs.
