Murray High Band To Perform At Pro Game

The Murray High School band has accepted an invitation to perform pre-game and halftime ceremonies at a professional football game in Memphis on Saturday, Sept. 7.

Band director Joe Sills said this morning that the Murray High band will be the only high school band this season to perform at ceremonies during a game of the Memphis, Tenn., Southmen of the World Football League.

Sills said that the band received the invitation last week while at band camp at Lambuth College in Jackson, Tenn., and the invitation was accepted when the pro football team agreed to pay the expenses of the band.

Sills said that this is the first time, to his knowledge, that a Murray band has been invited to perform at a professional football game and that the honor will mean extra work for the band members in getting ready for the performance.

The band will perform for the first time this year at the Murray High-Reidland season opener Friday, Sept. 6, at Holland Stadium here. Sills said that the band would perform the same routine at the Murray High opener that they will use in Memphis the next day.

SCHOOL OPENS—New Calloway County High School Principal Ron McAllister spoke to an assembly of the CCHS students this morning as schools across the county opened their doors. Elementary students were forced to return to the six community elementary schools, after the three new schools were not completed in time for the school opening. The new schools are expected to be ready for occupancy in about six weeks.

Ford Expected To Announce VP On Tuesday

CHICAGO (AP) — President Ford has narrowed the field of potential vice presidential nominees to about a half-dozen and probably will announce his selection Tuesday, his aides said today.

President counselor Robert Hartmann told reporters aboard Ford's plane en route to Chicago, "I think he's narrowed it down to maybe six."

Hartmann gave no names. But, he said, the nominee will be a Republican and the current possibilities are "not all in any one class," such as senators, congressmen or governors.

White House Press Secretary Jerald F. terHorst also said Ford had not made a final decision but would "spend a lot of time" on his deliberations today after returning from Chi-

cago for an address to the Veterans of Foreign Wars.

As speculation continued about Ford's choice, there were indications he may select someone other than the two men most frequently mentioned as front-runners — Nelson A. Rockefeller and George Bush.

Ford said on Sunday he expects to decide on his vice presidential choice by Tuesday. Congressional confirmation hearings on the nominee won't start before mid-September.

Rockefeller is the only possibility Ford has mentioned publicly.

He did so in a statement Saturday afternoon amid a flurry of speculation surrounding what the White House said was an effort by "right-wing extremists" to smear the former New York governor and destroy his chances.

"President Ford has advised me that former governor Rockefeller has been and remains under consideration for the vice presidential nomination," press secretary Jerald F. terHorst told reporters.

However, two knowledgeable Capitol Hill Republican sources told The Associated Press that chances were growing that neither Rockefeller nor Bush, the Republican National Chairman and top choice of many GOP conservatives, would be picked.

The sources said those in contention include NATO Ambassador Donald Rumsfeld, a Ford intimate who has been working on the transition from the Nixon administration; Gov. Daniel J. Evans of Washington, a moderate without any connection with Watergate and any other Nixon administration controversies; and three Republican Senators, Lowell P. Weicker Jr. of Connecticut, and Howard H. Baker Jr. and Bill Brock of Tennessee.

Both Weicker and Baker served on the Senate Watergate committee, where the Connecticut senator was the most outspoken Nixon critic.

One source said background checks on Bush had turned up a potential problem.

Newsweek magazine on Sunday said Bush has "slipped badly because of alleged irregularities in the financing of his 1970 Senate race in Texas."

The magazine quoted unnamed White House sources as saying there was "potential embarrassment in reports that the Nixon White House had funneled about \$10,000 from a secret fund into Bush's losing Senate campaign four years ago."

Middle School Registration Is Wednesday

Registration for the Murray Middle School, grades five through eight, will be Wednesday, August 21, according to Robert Jeffrey, principal.

All seventh and eighth grade students will assemble in the auditorium at 8:00 a. m. for the necessary instructions.

Fifth and sixth grade students will register according to the following schedule and students will find their homeroom by checking the list of students posted on each homeroom door. This will be where students will register.

The schedule is as follows: 8:00-8:30 a. m. — Students whose last name begins with E thru J.

8:30-9:00 a. m. — Students whose last name begins with K thru P.

9:00-9:30 a. m. — Students whose last name begins with Q thru S.

9:30-10:00 a. m. — Students whose last name begins with T thru Z.

10:00-10:30 a. m. — Students whose last name begins with A thru D.

Vacation, Car Costs Higher For Countians

The uneasiness that Calloway County residents felt last summer about going on automobile trips for their vacations has all but disappeared.

Their concern at that time was whether they would become stranded someplace for lack of gasoline. This year that concern has been supplanted by a new one—how expensive the trip will be.

Local families who are now traveling in various parts of the country are finding that prices have gone up all over.

That is borne out in a special report made by the American Automobile Association, which states that travel costs are some 10.6 percent higher than they were a year ago. The chief culprits are food and gasoline.

As a result, the figures indicate, Calloway County couples are now having to spend approximately \$57.50 a day, traveling modestly. That is about \$5.50 more than in 1973.

A two-week trip for two local people, at that rate, adds up to \$806. And that takes care of the necessities but not the frills.

Included in the \$57.50 daily budget is \$20 for food, another \$20 for overnight lodgings, \$12.50 for oil and gas and \$5 for miscellaneous expenses.

That is based upon their covering 300 miles a day, on average, and getting 13 miles to the gallon of gas.

In addition to the cost of a vacation being greater, the annual expense involved in the ownership and operation of a car has mounted considerably, as Calloway County residents are discovering.

For a standard-size car in the popular-price range driven 10,000 miles a year, it is now \$1,662, or 16.6 cents per mile, according to the AAA.

Of this, \$1,092 is for fixed costs, such as depreciation, insurance and license fees.

The variable costs, for oil, gas, tires and maintenance, amount to \$570 for 10,000-mile operation, or 5.7 cents a mile. The cost is 25 cents a day additional for cars with air conditioning.

Applying this average locally, Calloway County residents are spending some \$23,351,000 a year to own and operate the 14,050 cars that are in use.

Ford Names Richard Roudebush As New Veterans Administrator

CHICAGO (AP) — President Ford today named his "personal friend and former congressional colleague" Richard I. Roudebush of Indiana to be the new administrator of Veterans Affairs.

Ford promised to see that

Calloway Band Wins

The Calloway County High School Band won a second place award in the AAA category of the parade competition at the Fulton Banana Festival Saturday.

The local marching band finished second behind Muhlenberg Central High School in the class AAA competition. Terry Goodwin is director of the Calloway High band.

First place in the AA division went to Bruceton-Hollow Rock (Tn.) High School and the winner in the class A competition was Drakesboro High School.

Pie, Tomato Eaten In Rudy's Break-In

Thieves entered Rudy's Restaurant downtown over the weekend for the second time in recent weeks, according to Murray City Police.

Damage done to a cellar door amounted to about \$30, according to police. The burglars ransacked the counters and freezer, and also ate a piece of coconut pie, a tomato, and drank some orange juice, according to police.

Officers also investigated the theft of two wheel covers from a car owned by Keith Norworthy, and vandalism done to the home of Ann Humphreys, 407 North Fourth, where a rock was thrown through a window.

American Ambassador To Cyprus Shot When Mob Attacks Embassy

NICOSIA, Cyprus (AP) — U.S. Ambassador Rodger P. Davies was killed today when a mob of Greek Cypriots attacked the American Embassy in Nicosia, Cypriot President Glafcos Clerides announced.

After visiting the embassy

himself, Clerides announced Davies' death over Cyprus radio. "I denounce this terrible crime against Cyprus in the strongest terms and express my deepest sorrow and sympathy," he said.

Congress Nears Passage Of Cost-Of-Living Bill

WASHINGTON (AP) — One week after President Ford requested legislation creating an inflation-monitoring task force, Congress is nearing passage of the bill.

Both the House and Senate have set floor action for today and congressional action is expected to be completed during the day.

Democrats and many Republicans are skeptical whether the proposed Cost of Living Task Force, which would not have any enforcement power, could lower the nation's inflation rate.

However, in the spirit of conciliation with the new President, they say they are willing to give him the legislation he asked for in a speech to Congress last Monday.

Also today, the House resumes debate on a \$20 billion, six-year mass transit bill which Ford says he wants cut sharply.

Rep. John H. Rousselot, a conservative California Republican who believes budget cuts would do more than any task force could to curtail inflation, recalled that Congress had balked at giving former President Richard M. Nixon similar authority last spring.

He then added:

"Why this change now? It is because we have a new President and we are anxious to support him ... But this does not make an idea any better than it was when it was rejected four months ago."

The task force has about 25 staffers and the policy would be directed by a coalition of the President's economic advisers, including the secretaries of treasury, agriculture, commerce and labor.

The House is expected to wrap up action on the mass transit bill, which would provide operating subsidies for the first time as well as grants for buying equipment.

Ford supports GOP congressional efforts to trim the bill to \$11 billion but Democrats hope to hold the line at \$15.8 billion.

During the weekend, the American Automobile Association said the bill contains a little-noticed provision which would expand the weight limits of trucks allowed on interstate highways to 90,000 pounds, something the AAA said the trucking industry has sought to get in a six-year lobbying drive.

They said it would endanger motorists, put more stress on "the nation's already critically

U.S. Marines and Cypriot firemen carried Davies' body out on a stretcher, his white shirt stained with blood.

Gunshots were still cracking in the embassy doorway near Clerides, who stood next to the stretcher facing the screaming mob.

Officials said a Cypriot woman working in the embassy also was killed and two other employees were wounded when rioters stormed the seven-story building in a burst of gunfire, smoke and tear gas.

The U.S. embassy consul, David Bove, said later there were about 10 embassy officers and seven or eight local employees inside the embassy when it was attacked.

"We were with the ambassador in a corridor on the second floor. We were huddling there. We were concerned about whether we were going to make it," Bove said.

"Then a shot came straight down the corridor and killed the ambassador."

Fire Destroys Home Saturday In Faxon Area

Fire destroyed the home of David Falwell Saturday night, despite efforts of the Calloway County Fire-Rescue Unit to save the dwelling, according to department reports.

The two-story frame home was totally engulfed in flames when the 25 men and three trucks arrived on the scene.

The house, listed as a total loss, was located in the Faxon community, east of Murray.

HOME BURNS—Lightning was believed to be the cause of this fire, which destroyed the home of David Falwell, in the Faxon Community. The Calloway County Fire-Rescue Unit answered the alarm.

James King Named Acting Commissioner Of Finance

FRANKFORT, Ky. (AP) — Gov. Wendell Ford announced the appointment today of James King as Acting Commissioner of Finance and Administration and also as Secretary of the Cabinet.

King, 44, succeeds Charles Pryor, Jr. who resigned last week to return to private business.

King has been head of the Office for Policy and Management in the Finance Department since April 1973. He is on leave from the University of Kentucky until next April.

King said he would appoint an acting director of his old Office for Policy and Management later today or Tuesday.

He said he had to consult with Ford first. The governor

was in Munfordville today in another of his periodic actions of taking state government to various county seats.

Ford's press secretary, Tommy Preston, said Ford had several persons under consideration for appointment as permanent commissioner of finance and administration and secretary of the cabinet. He said King was among those being considered for the permanent appointment.

Preston said the permanent appointment probably will be announced within two or three weeks.

He noted that one problem was the domino effect in making appointments of people already in state government. He explained that as having to appoint someone to replace anyone who is appointed to a higher job.

In response to a question, Preston said he did not know if Ford had discussed the appointment of either an acting or a permanent commissioner with

veterans are "not just a digit in a computer system that sometimes goes wrong."

He warned, however, that with America "fighting for its economic life," he would not hesitate to veto any bill, including the pending veterans education bill to control "inflationary excesses."

"I am open to conciliation and compromise on the total amount authorized so that we can protect veteran trainees against the rising cost of living," the President said.

Ford, making the first trip in his new presidency, came to Chicago to address the 75th annual convention of the Veterans of Foreign Wars.

Ford, who served in the Navy in World War II, pledged to

work for more jobs for veterans, better hospital facilities and a humanized and better-run VA administration.

Ford reiterated his commitment to a strong national defense, warning that he would "offer no temptations" to potential adversaries who watch U.S. readiness.

He pledged that "just as America will maintain its nuclear deterrent strength," we will never fall behind in negotiations to control and hopefully reduce this threat to mankind."

Noting that "peace and security require preparedness and dedication," Ford added, "good will must never be misconstrued as a lack of will."

Terry Duncan To Be VA's Man On Campus At MSU

Terry Duncan will be the Veterans Administration's "man-on-campus" for Murray State University beginning August 1. The VA's new program is designed to provide personalized service to veterans receiving educational assistance benefits under the GI Bill.

Under the new program announced in May by the VA, each college in the nation will have a Vet-Rep either on campus or have access to a traveling Vet-Rep from a nearby college on a regular schedule.

Duncan, who joined the VA in 1974, was one of 1,327 Vet-Reps hired or assigned from within the VA for the positions. Priority was given to Vietnam Era veterans who have experienced campus life.

Duncan received orientation at the VA regional office in Louisville, and returned July 20 from an intensive two-week course conducted at West Georgia College in Carrollton,

Georgia, for Vet-Reps from the 13 southeastern states.

The Vet-Reps will be prepared to resolve individual payment inquiries. He is expected to eliminate many payment delays caused by changes of address, dependency status or a change in school courses. He will also be on hand to assure that proper certification is made by both student and the school.

The Vet-Rep will serve as liaison for all campus veteran groups and brief them on benefit matters, and consult with college officials and faculty on VA matters.

Duncan is a Vietnam Era veteran having served in the US Army from 1970 to 1972. He attended Murray State University and received the M. S. Ind. Educ. The Vet-Rep will be located at Murray State University. The Vet-Rep will also service veterans attending Paducah Community College and Draughtons Business College.

Uncle Sam—Meat Packer

The meat packing industry gave the United States the nickname "Uncle Sam." According to legend, two brothers, Sam and Ebenezer Wilson, operated a slaughterhouse in the early 1800's. Sam later became a meat inspector for the U.S. Army, approving meat supplied by Elbert Anderson. Barrels of meat shipped by Anderson were marked "E.A./U.S." When some soldiers asked what the letters stood for, they were told, "The E.A. stands for the man who supplies the meat, while the U.S. stands for the man who accepts it, Uncle Sam." Newspapers picked up on the nickname and began drawing cartoons in which "Uncle Sam" resembled Sam Wilson.

Mamma's boy gives her
migraines

By Abigail Van Buren
© 1974 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: If I were DEAR ABBY for ten minutes, I would tell every woman in the world not to marry a mamma's boy. One of the tip-offs is a man who is between 30 and 40 and not married.

I married one of these Yo-Yos and it's the dumbest thing I ever did. Although he's a steady worker, that's all he knows how to do. I have to get him up in the morning, tell him what to wear, and even when to change his clothes. He's so childish and helpless.

He doesn't even know how to kiss. He clamps his lips together and presses them on my lips. I've tried to teach him how, but even after five years, he hasn't improved.

He doesn't know the first thing about how to make love, either. It's whim-wham, and that's it. So for the last two years, an hour before he gets home I start to getting a migraine.

I'd go to a marriage counselor, but he won't go, and no woman can save her marriage alone.

Mamma's boys just want a cook and housekeeper and a bed partner for two minutes once a week. If I could get a job and support myself, I'd leave him.

STUCK IN PEKIN, ILL.

DEAR STUCK: Nobody is stopping you from trying. One woman's leftovers are another woman's banquet.

DEAR ABBY: My problem is a small one, but on second thought, are bad manners ever a small problem? My husband and I would like your opinion of this situation: We know two different families whom we invite to our home for dinner occasionally. (Not together.)

The minute we sit down at the table, both fathers of these families ask one of their children to say the grace.

Abby, am I out of line to think this shows extreme bad manners on their part? I always thought it was up to the host and hostess to decide if grace was to be said at their table. And if so, by whom.

Please print your reply. Perhaps these men or their wives will read your column and learn something. Or I may learn something if I am wrong.

SOCIAL GRACE

DEAR SOCIAL: You are not wrong. It's the host's or hostess' prerogative to decide if grace shall be said at his (or her) table, and if so, by whom.

DEAR ABBY: I have a unique problem. I have been married to Elmer for six years. We are both in our late twenties.

All my life I have been extremely overweight, but this last year, through a friend's inspiration, I was motivated to lose 120 pounds. (Yes, one hundred and twenty pounds!) Throughout my diet Elmer never indicated that he approved or disapproved, but now that my life has changed as much as my figure, Elmer has decided that he doesn't like the "new me," and he wants me to regain the weight I sacrificed so much to get rid of.

Perhaps I should mention that Elmer is fat, and we used to have a lot of fun together eating all the things we shouldn't but those days are gone for me. Now Elmer feels betrayed, and I feel guilty, because when he married me he really liked me the way I was.

I am torn between staying thin, which I am so proud to be, or letting myself go to please Elmer.

FORMERLY FAT

DEAR FORM: For heaven's sake, stay thin! Join Overeater's Anonymous and let them help you. And take Elmer with you. They are a great, loving, caring fellowship. If Elmer doesn't flip for them and their program, I'll eat my calorie counter.

CONFIDENTIAL TO "ALIMONY POOR" IN BEVERLY HILLS, CAL.: That's the high cost of leaving; also it's the next thing that should be "Nadarized." But ask yourself, would you rather have your wife back? That should offer some comfort.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send \$1 to Abigail Van Buren, 132 Laaky Dr., Beverly Hills, Cal. 90212, for Abby's booklet, "How to Write Letters for all Occasions."

You are just about left on your own now to decide on the means to gain benefits, how to parlay efforts to get the most from them. But conclusions must be accurate.

CAPRICORN
(Dec. 22 to Jan. 20)

Careful exploration of offerings and soundly directed imagination needed now. Don't mix business and personal affairs.

AQUARIUS
(Jan. 21 to Feb. 19)

Make a dry run for future reference in vital areas, but with system and consistency, not sporadically or in haste. Shun needless argument.

PISCES
(Feb. 20 to Mar. 20)

An original idea could be developed, eventually turned to profit. Along these lines, it's a good period for pushing your luck.

YOU BORN TODAY have an ardent, enthusiastic outlook on life; are endowed with an outgoing personality and the enviable gift of leadership. You are capable of reaching the top in almost any career you choose, and could go especially far in fields which involve dealing with the public. Luncheon Held At Nashville
Club For Bride-elect

Another delightful courtesy extended to Miss Susan Fandrich before her recent marriage to Steve Simmons was the luncheon held at the Richland Country Club, Nashville, Tenn., on July 30.

The hostesses for the occasion were Mrs. Pride Robert Chapman and Mrs. John A. Ramsey, both of Nashville.

The tables were decorated with fresh spring flowers arranged in water melons, serving as baskets.

Relatives from Nashville, Tenn., Springfield, Tenn., Belvidere, Tenn., and New York were among the twenty-seven persons present.

The hostesses' gift to the

honoree was a silver covered casserole dish and a monogrammed silver water pitcher.

Slings back

Good news for girl-watchers: clunky shoes are being replaced shortly by more leg-flattering designs—sandals and slingsbacks among them.

Cut down spills on picnics by anchoring paper cups. Cut a hole in a paper plate, using the bottom of the paper cup as a pattern, draw the right size circle on the paper plate with a pencil. Cut this out, turn the plate upside down, and the cup will fit nicely in the hole, anchoring it there.

MAKING PLANS for the Arthritis Drive at the meeting of the Business and Professional Women's Club were, left to right, Betty Riley, past president, Alene Paschall and Norita Cassity, Calloway County High School Beta Club officers, Betty Hill, arthritis drive chairman for the club, and Madelle Talent, club president.

Mrs. Ward Speaker For Club; Drive Is Planned

The Murray Business and Professional Women's Club held its regular dinner meeting at the Murray Woman's Club House on Thursday, August 15, at 6:30 p.m. with Mrs. Madelle Talent, president, presiding.

Mrs. Betty Riley, past president, presented Mrs. Kay Addison, a new member, with her membership certificate. Also Mrs. Harry (Nancy) Patterson has been added to the membership roster.

A special guest at the meeting was Mrs. Joe Pat (Eupie) Ward

who spoke to the group about "Needline," a crisis line here in Murray. She told its functions, its many services offered, and the need for such a service to continue in the community. A club member said it was enlightening, as well as sad, to learn that there are so many people in the community needing help of all kinds and without "Needline" they would have no place to turn for help.

Two other guests at the meeting were Miss Norita Cassity and Miss Alene Paschall, president and

corresponding secretary respectively of the Beta Club of Calloway County High School, who have volunteered the club's help in assisting the B. & P. W. Club of Murray in their drive for the Arthritis Foundation.

Miss Betty Hill is chairman of the drive for the B. & P. W. Club and said members will be contacting businesses throughout Murray for their contributions and support the last two weeks in August. Miss Hill urged persons to contribute to this drive to help fight arthritis and its many crippling effects.

TIPS FOR GETTING TOP EFFICIENCY FROM YOUR ELECTRIC RANGE: Use flat-bottomed pans that fit the cooking element you're using. This reduces waste heat and cooking time. 2. Cook in the even as much as you can. Since an electric range oven is thermostatically controlled, it is on only about one third of each hour it is used. 3. Don't use the oven to toast bread; the toaster is much more efficient. 4. Avoid opening the oven door until the food is cooked. Each time you open the door, 20 per cent of the heat escapes. This can also cause improper browning and even baking failure. 5. Cut off the oven and surface elements a few minutes before the food is cooked. The residual heat will finish the job.

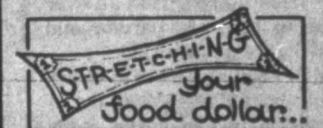

—Mrs. Juanita Amonett, County Ext. Agent, Paducah.

Are you sewing on the single knit fabrics and having trouble with seams puckering? Do you ask yourself, "what can I do?" Puckering may be caused by several factors: 1. Thread tension too tight. Loosen top tension and bobbin tension as necessary. 2. Stitch length may be too short or too long. Test stitch length and change as needed. 3. Needle is too heavy or blunt. Change needle. 4. Too much pressure on the presser foot; the two layers of fabric travel unevenly. Lighten pressure. 5. Hole in throat plate is too large. Use round hole throat plate and straight stitch presser foot for straight stitching. With oval hole throat plate, set needle position to left follow the appropriate marking on your machine for correct seam width. —Mrs. Kate Thompson, Hickman.

Should parents pay for good grades in school? Doing as well in school as the child is normally capable of doing is one of his responsibilities. It is not a task that should be rewarded with money. Paying for good grades makes them an end in themselves. What you actually want is a well educated child who has broad interests, and not just an impressive report card. When children are paid for bringing home good grades, they frequently resort to bargaining with their parents in some cases to unfair means of getting their rewards. —Mrs. Sue Fraser, Bardwell.

A Consumer Tip from Extension Specialists at the UK College of Agriculture

Cook roasts, turkey and other meats, meat-vegetable soups, vegetable-cereal casseroles, boiled and baked beans, carrots, beets, tomato-meat sauces, white sauces, and any other foods that freeze well in large amounts. Then divide them into the right-size portions for a family meal and freeze them. This saves both time and money, according to UK Extension foods specialists.

A Fishy Story

When Billy Arthur was editor of the Onslow County News and Views he published this story:

A local fisherman was telling about catching a 50-pound bass in New River. He swore it weighed that much.

Not to be outdone, a friend countered with a yarn about pulling a brass lantern that was lost off a boat plying the New River more

than 100 years ago. And the lantern was still lit.

No one believed the lantern story and the narrator was told to make it a little bit more reasonable.

"All right," he offered, "if he'll take 45 pounds off that fish, I'll blow out the lantern."

Carl Goerch in the Nashville (N.C.) Graphic

Sight To See

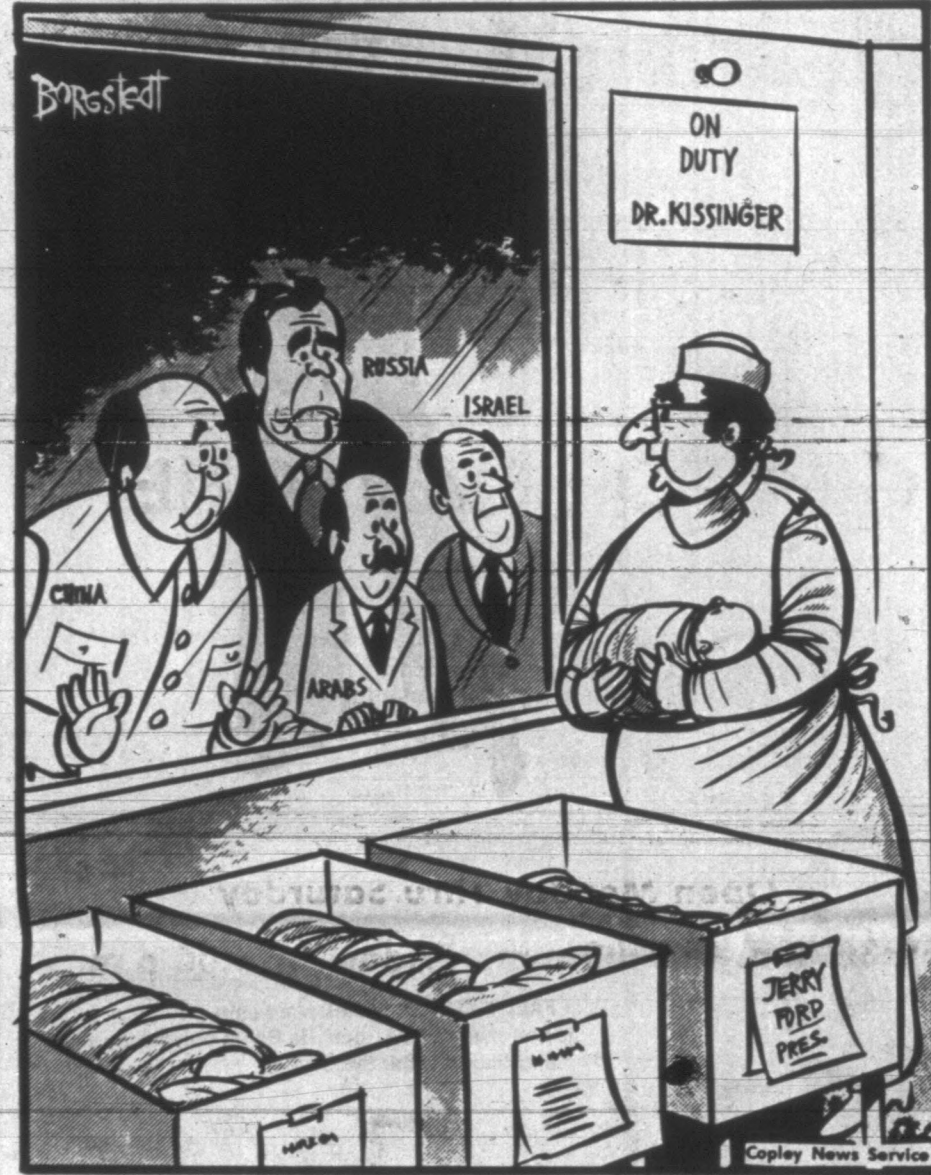

And then there was the earth-shaking news from Lookout Mountain, Tennessee.

Rock City Gardens, believe it or not, is changing its image to be in step with concern for the en-

vironment. That means it will no longer be placing advertising on rooftops, along highways or on billboards.

Born again for some; culture shock for others.

—Atlanta (Ga.) Journal

Sensing The News

By Anthony Harrigan

Mr. Ford And Inflation

President Gerald Ford's primary and greatest concern necessarily will be with inflation. He made this clear within minutes of taking the oath of President. He, like most Americans, realizes that inflation is tearing at the fabric of our national life.

Fortunately, the new President is on record as describing himself as "a conservative on fiscal policy." If ever there were need for a conservative fiscal policy, it is now. But one can be sure that the President will face formidable opposition if he insists on the measures which are necessary for the survival of the American economy.

The union-liberal alliance in the Congress wants to add more fuel to the fires of inflation. The unions are pressing hard for inflationary contract settlements. They are seeking to unionize public employees—at higher cost to the taxpayers. They want an expansion of expensive federal programs. All this spells more inflation.

President Ford has said he will consult with congressional leaders and listen to their advice. If he is looking for an expert on the inflation threat, he need look no farther than the U. S. Senate and to U. S. Sen. Harry F. Byrd Jr. of Virginia. Like his late father before him, Sen. Byrd is the Senate's watchdog over government spending.

In a tremendously impressive speech delivered Aug. 5, Sen. Byrd spelled out the causes of inflation and the way to deal with it. "Massive deficits in the federal budget," he said, "are the chief cause of inflation...The huge deficits which the government has been running have pushed the national debt up to \$475 billion. It will pass the half-trillion mark in less than a year."

Sen. Byrd cited the great frequency and soaring cost of federal borrowing. "Certainly," he noted, "it made \$71 billion unavailable to most of the private sector, and it played a major role in forcing the prime interest rate up to 12 per cent." Government borrowing, he made plain, makes it extremely difficult for the average citizen to get funds to buy a house or a company to acquire money for expansion.

One of the roads out of the inflationary

morass is expansion of manufacturing facilities which can turn out more goods at lower prices. But business finds money for expansion expensive and hard to get. With government spending on the rise, prices go up. And up. And up.

Yet the liberal-union coalition in power in Congress continues to urge more federal spending. Sen. Byrd pointed out that the Senate has just "raised spending for agriculture, consumer protection and the environment by 29 per cent."

He also observed that the bill included "an increase of one billion dollars (from \$3 billion to \$4 billion) for food stamps, a program which has increased a hundredfold in cost since its inception in 1966."

Is it any wonder, therefore, that food prices are going up and that American families find themselves in a severe bind?

Despite America's grave fiscal problems, the U. S. government continues to give billions of dollars to handout hungry foreign countries. Sen. Byrd insisted in his talk that "One prime area for reduction in the budget is foreign aid." This now totals about \$10 billion a year. The giveaways are scattered through a variety of money bills.

At a time of rampant inflation and massive deficits, it is outrageous that the Congress should approve huge outlays for foreign nations. For example, this year the Congress approved a new contribution of \$1.5 billion by the United States for the International Development Assn. The next time Mr. Average Citizen attempts to borrow money for a home improvement loan, he should think about that handout to foreign countries that already have squandered \$135 billion in U. S. funds since the end of World War II.

One can be sure that the advocates of domestic giveaways and the internationalist share-the-wealth types with attempt to bring pressure on President Ford. It is very important, therefore, that ordinary citizens let the new President and their Congressmen know that fiscal conservatism must be the order of the day. And, of course, it is vital that the voters help President Ford fight inflation by electing more fiscal conservatives in the Fall elections.

It's Our Town

(Editor's Note: The following, which has been changed to apply to our community, was originally published in the Washington Daily News several years ago.)

The way some people talk about our town you might think we all had been forced to come to Murray. You'd might think we'd been sentenced to live in Calloway County. But really and truly the great majority of us live here because we love it.

Love it? Love Murray? Of course we do. Even with all its troubles, it's the greatest, the most beautiful city of earth. And it's ours. Our town. Our town to love and cherish.

Sure it has things wrong with it. But it has things right with it, too. Good things. Beautiful things.

I wish everybody in this town of mine—this town of yours—would sit down and make a list of the good things, the beautiful things. If we had such a list—things that give us pleasure and strength—then we would know what the right things are so we can work to get more of them.

Then we would be able to say to ourselves, "See, this is what is good and beautiful about Murray. These are the things we want more of..."

School has started. To most people, this means the end of summer. So, it's none too soon to write for the Fall 1974 edition of the "Consumer Information Index," released by the General Services Administration's Consumer Information Center.

Updated quarterly, the "Index" lists 250 selected publications of consumer interest developed by more than 20 Federal Departments and Agencies. Copies of the Fall edition are available free from Consumer Information, Pueblo, Colorado 81009, and at Federal Information Centers located throughout the country.

Many of the free or low-cost booklets listed tell what to look for when buying products. Others offer tips on cutting food costs, family budgeting. Home and automobile maintenance, and removing fabric stains. Still other publications discuss child car, health, safety, the environment, energy conservation, and consumer protection.

For the first time in the history of the Kentucky State Fair, a purebred Chianina bull will be on exhibit at the fairgrounds Aug. 21-24.

The appearance of "Fillippo," a magnificent 3,000 lb. Chianina bull, is being sponsored by the Kentucky Chianina Cattle Association, a subsidiary of the American Chianina Cattle Association.

The latter is one of the fastest growing organizations of its type in the United States, having enrolled more than 2,500 members during its brief existence.

Chianina, the largest of all cattle breeds, have long, well-developed muscling, calve

easily, have a very high heat and low cold tolerance, and have been termed "genetic dynamite."

Leading cattlemen have expressed the opinion that introduction of the Chianina breed in the United States "is the most revolutionary development that has ever happen to the beef industry in this nation."

The Kentucky Chianina Cattle Association extends a cordial invitation to everyone, particularly beef cattlemen, to see "Fillippo" at the state fairgrounds between Aug. 21-24.

The principal speakers at the 22nd Annual Kentucky Chamber of Commerce Day at the State Fair, August 20, will be Kentucky Governor Wendell H. Ford and U.S. Senator Mariow W. Cook; announced O.T. Dorton, President of the Kentucky Chamber of Commerce.

The two candidates for the U.S. Senate seat will address a noon luncheon in Rooms A-B-C of the Kentucky State Fair and Exposition Center at Louisville.

Several hundred business leaders from throughout the state, representing the Kentucky Chamber and local chambers of commerce, will attend the luncheon.

Miss Darlene Compton, Miss Kentucky of 1974, will be a guest of the Chamber at the luncheon as will the 10 Outstanding Young Kentuckians, as announced by the Kentucky Jaycees.

The annual Chamber of Commerce Day at the State Fair is an event in which all chambers of commerce in Kentucky share. The traditional luncheon on this day is sponsored by the Kentucky Chamber of Commerce.

VAN CUREN

Agree Or Not

I Say What I Think

By S. C. VAN CUREN

By S.C. Van Curen
FRANKFORT—The five-day memorial strike called by United Mine Worker President Arnold Miller this week will cost the state of Kentucky more than a million dollars in taxes, Revenue Commissioner John Mc. D. Ross estimated.

Ross estimated the state will lose about \$750,000 in coal severance tax, plus losses in income taxes, sales tax and corporation taxes. This is not including losses in gasoline taxes and other fringes in state revenue.

Kentucky mined 127.5 million tons of coal last year which means about 2.5 million tons a week when you deduct the two-weeks vacation miners take every year. It is estimated that half of this annual tonnage is mined by union workers.

Lee Roy Patterson, District 23 member of the UMW executive committee, estimated the five-day holiday will cost the 7,500 union miners in District 23 about \$2,010,000 in wages.

The Department of Human Resources says there are 28,100 miners working in Kentucky, about half of them members of the UMW.

Miller has called the memorial to support his battle against East-over coal Company in organizing the Brookside mine in Harlan County. UMW members also have picketed the Highsplit mine of Eastover that has a contract with the Southern Labor Union. There is a federal court order limiting the number of pickets at Highsplit to six, but a large number of pickets have blocked Ky. 38 at Shields, two miles from Highsplit two days last week and prevented the SLU miners from getting to their jobs.

The basic pay for miners is about \$50 per

day, and the UMW contract expires November 12. The union is asking a 60 per cent increase in pay and triple the 80 cents per ton royalty for the Health and Welfare Fund, plus a dental fund and sick leave pay. Asking and getting is the point of bargaining.

The big problem for the operators is to estimate the cost of sick leave pay. Knowing how things operate in the coal fields, an epidemic will hit the last month of the contract for those who have not used up their sick leave.

Public Safety Commissioner Ron Johnson had not determined last week how State Police would handle the situation in Harlan County Thursday when miners from all over have been asked in there to parade and support the UMW cause at Brookside.

Governor Wendell Ford agreed with Miller in late July to pull extra State Police out of Harlan County. Police had kept the roads open so Highsplit miners could get to their jobs. Ford said he would not use State Police to escort strike breakers across the picket line, and Miller in turn agreed to limit the pickets to a reasonable number. Consequently, from 40 to 100 pickets have appeared to keep Highsplit miners from crossing the bridge from Ky. 38 into company property. Pickets have blocked the highway, and the State Police have not moved them out of the way in time for the Highsplit mines to get to their jobs.

Now, it remains to be seen what the Governor is going to do about law enforcement in Harlan County next week during the Memorial period. It's his responsibility, he promised to maintain law and order in Harlan County during the strike.

Funny Funny World

THE ECONOMY

Crime is off in some of the major cities. Must be the high cost of bullets. Not to mention the increased price of gasoline for the getaway cars.

In Tyler, Texas, Glenn Dean, a cattle feed lot operator, said that not long ago he was paying \$50 a truck load to have manure hauled away. Then came the oil shortage and chemical fertilizer became hard to find. Now they pay him \$250 per truckload.

Sure, the cost of living is high...but consider the alternative.

Toronto, Ont. — The average dog in Canada get better fed than do children in the world's poor countries. Canada's Cooperative Press Associates reports that Dr. Stanley J. Slinger of Guelph University told a University of Toronto meeting that most children in poor countries are fed on 15 to 20 cents a day. "That wouldn't buy a can of dog food here," he said.

What this country needs is a good five cent cigar that only costs 35 cents.

In Phoenix, Ariz., a union painter, Michael P. Murphy, smiled happily as he reported on how he gets even with thieves who siphoned gasoline from his pickup truck three times in three weeks. He left a five-gallon can on the open bed of his truck and the can was stolen before Murphy went to work the next morning. But the thief won't get far and he'll probably never bother Murphy's truck again. "I filled the can with four gallons of lacquer," said Murphy with a satisfied smile, "and then poured a gallon of gasoline on top just so it would smell right. The engine repair job should cost him just about \$300." (St. Louis Labor Tribune)

Comments from Others

BELLEVILLE, KANS., TELESCOPE: "Considering inflation, a revision of the minimum wage certainly is in order. But consider what else the Congress has done. It has extended coverage to millions of workers not now under the minimum wage. One Kansas editor points out that—for example, persons employed in the home will be covered though not at a full rate. Also to be covered as domestic help will be baby-sitters. Imagine what sort of a wrench this will toss into the economy of working mothers. Instead of helping persons who do this type of work, it will throw a lot of them out of work and result in larger use of day-care centers. What really puzzles us is this. Just where in the U.S. Constitution do Congress and our federal government get the right to set the wages of a baby-sitter, a maid, a gardener or the kid down the block who mows lawns to earn a little spending money?"

Isn't It The Truth

By Carl Riblet Jr.

When children are doing nothing, they usually are doing mischief. When adults are doing nothing they are lazy or resting or recuperating, or scheming how to get by with doing nothing, and that's the tragedy of getting old—you can't be very naughty while you're sitting still.

Sowder Named Blackburn Head

FRANKFORT, Ky. — State Corrections Commissioner Charles J. Holmes has announced the appointment of Dewey Sowders, 39, to serve as superintendent of the Blackburn Correctional Complex at Lexington.

Sowders, from Middlesboro, has stepped down as supervisor of the state's minimum security forestry camps in Bell and Harlan counties to replace William Bohnert.

Holmes said Bohnert, 42, will remain for a few weeks as director of special facilities for the state Bureau of Corrections, continuing to oversee operations at the Frenchburg Correctional Facility in Menifee County, the two forestry camps and Blackburn.

Bohnert plans to enter the University of Louisville Law School this fall and also plans to work in probation and parole services in the Louisville area. He had served as superintendent at Blackburn for 18 months, and then last December assumed additional administrative duties as director of the newly formed division of special facilities.

"We will miss Bill Bohnert very much, but we are confident that the very capable and experienced Mr. Sowders will do an excellent job at Blackburn," Holmes said.

In announcing the new appointment, Holmes said Sowders' "total involvement in the field of corrections" began six years ago as a corrections officer at the Kentucky State Reformatory at LaGrange.

Since then, Sowders has worked his way through the ranks at the reformatory and Frenchburg to finally become supervisor last year at Bell County with dual responsibility for the Harlan County camp.

Blackburn is a minimum security institution with a 180-

man capacity, comprising 25 buildings on a 250-acre site northwest of Lexington.

Before becoming a correctional officer at LaGrange in 1967, Sowders worked as a salesman and service man.

In 1969 he served for a few months as a police officer with the Middlesboro police department.

Sowders currently is working toward a degree in law enforcement through Eastern Kentucky University extension courses.

Among civic groups in which Sowders holds membership are the Fraternal Order of Police, American Correctional Association, Kiwanis Club, Lions Club and the Middlesboro Chamber of Commerce.

He is married and the father of four children.

This 'Trouble Light' Could Produce Shock

On July 26, 1974, the U. S. Consumer Product Safety Commission warned consumers that some 200,000 household "trouble lights" or "mechanic's lights" sold in the past year pose an imminent danger of serious or fatal

The trouble light retails from

\$1.50 to \$3.00.

The potentially dangerous "trouble light" bears no brand name, label, or other distinguishing marks. The product consists of a 15, or 20-foot flexible cord with a male plug at one end and a light socket assembly at the opposite end. The light bulb is enclosed by a metal case and hinged wire guard with a hook at the top. The socket assembly contains an on-off switch together with a double female receptacle subassembly. The insulating cover for the socket assembly serves as a handle for the unit and is made of soft, flexible plastic.

If the handle is grasped in a normal manner, the user's hand or fingers may, because of the soft, flexible plastic cover, contact the metal of the receptacles, creating a serious potential for electric shock.

Bennie Purcell Wins Three Titles

Murray State Tennis Coach Has Field Day At First Annual Murray City Open Tourney

By MIKE BRANDON
Ledger & Times Sports Editor

There may soon be a new store opening in Murray.

At the entrance to the new business will be a sign, displaying a pair of crossed tennis rackets. And over that sign will be another, advertising the name of the store, "Bennie's Trophy Shop."

And the reason for the opening of the new store is because Murray State University tennis coach Bennie Purcell is going to have to find somewhere to put all of the trophies he has won in tennis tournaments.

Purcell, the Kentucky Senior singles and doubles champion, added three more trophies to his collection over the weekend as he walked off with titles in three different categories in the first annual Murray City Open Tennis Tournament.

Sponsored by the Murray Ledger & Times, the Bank of Murray, the City Park and Recreation Department and People's Bank, the tourney drew a field of over 200 participants from the western Kentucky area.

Purcell, whose goal is to someday win the national championship in the 45-and-over singles, played to near perfection as his hard serves and crisp, well-placed volleys, kept opponents on the run throughout the tourney.

He won the men's open singles title over Eddie Hunt, then teamed with Hunt to win the open doubles, and then in the final match played Sunday, teamed with Patsy Beauchamp to win the mixed doubles.

His final match with Hunt wasn't supposed to be, that is, Hunt was seeded third and wasn't expected to be in the championship match.

But because of a major upset Saturday, Hunt was able to move into the finals match. Saturday's shocker found second-seeded Ron Underwood of Murray stunned by former Calloway County High School principal Howard Crittenden, now principal of Henderson County High School.

Crittenden won in straight sets, three and three, marking the first time he had ever defeated Underwood.

But in the semifinal match, Crittenden was unable to pull another upset as Hunt, one of the co-owners of Dennison-Hunt Sporting Goods, zipped to a 6-4, 6-3 win.

Then in the finals match Sunday, Purcell cruised to a 6-1, 6-3 win over Hunt to claim his first championship title.

In the doubles play, Purcell and Hunt combined to dispose of Charles Hoskins and Judd Brown of Madisonville in split sets for the championship, 6-4, 4-6 and 6-1.

Purcell-Hunt also had to go split sets in their semifinal match as they won 6-7, 6-1 and 7-5 over Underwood and Ed Chrisman, Murray City Councilman.

In the popular mixed doubles, Purcell and Miss Beauchamp, and Owensboro native, defeated Hunt and Sue Outland in the championship match, 6-4 and 6-3.

Women's Play
Martha Bastin, a former

member of the Murray State women's tennis team, won the championship in the women's open singles as the Owensboro native won 6-3 and 6-1 in her title match with Miss Beauchamp.

Bastin had reached the finals by winning a 6-1, 6-3 decision over Sue Outland.

In the women's open doubles finals, Outland and Lanette Underwood combined for a 3-6, 6-2 and 6-0 win over Beauchamp and Dot Ellis.

In the junior division, the day belonged to the Overbeys in the boy's 12-year-old play.

The finals of the 12-year-old singles found Mark Overbey of Murray winning a 6-0, 6-0 match

over Joe Kim Harmon of Murray while in the doubles, Mark combined with his brother Jonathan to defeat Marty Guthrie and Mark Erwin, 6-1 and 6-1.

In the other boy's division, the 16's, Kim Trevathan of Murray won the title over Mark Homra, also of Murray, 6-4 and 6-2.

The doubles found Jim Stanton of Fort Campbell and Arthur Anderson of Hopkinsville combining for a 6-4, 7-5 win over Bedwell and Jimmy Ransom, a Murrayan.

Girl's Play
Robyn Hassell of Paris, Tn., walked off with a pair of trophies in the girl's 16 division as she won the singles and then

combined with Tammy Boone of Murray to win the doubles.

In the singles play, Miss Hassell won a 6-2, 6-3 match over Miss Boone while in the doubles, the two combined to win 6-4 and 6-0 over Robyn Burke and Stacy Overby, both of Murray.

Miss Burke won the title in the girl's 12 singles as she won 6-0 and 6-2 over Candy Jackson.

The doubles finals found Catherine and Carol Dick combining for a 7-5, 6-7, 7-5 win over Julie Billington and Susan Stripling. All four are from Murray.

All of the matches were played at the Murray State Tennis Complex.

The top two seeds in the seven-day event, being played at the Orange Lawn Tennis Club, are not expected until later in the week.

Top-seeded Jimmy Connors, who lost his third-round match at the Canadian Open last Thursday to Spain's Juan Gilbert, probably will not play his first-round match until Wednesday, according to tournament officials. Second-seeded Alex Metreveli of Russia is expected on Tuesday.

Connors, whose long-standing dispute with the Association of Tennis Professionals has led to a multimillion dollar lawsuit against the organization, decided not to defend his U.S. Pro Tennis Championship title. That event, being held in Boston, also begins today.

Tournament sponsors there reportedly gave the A.T.P. \$25,000 to assure a strong field and favorable dates on the crowded professional tennis schedule.

Connors, a member of the rival Independent Players' Association, said he didn't like the financial arrangements made between the Boston tournament sponsors and the A.T.T.

"There shouldn't be any money involved. That's what open tennis is all about," this year's Wimbledon champ said.

Outland-Austin Win At Lexington Tournament

Kathy Outland took her second consecutive championship in state-wide competition over the weekend in Lexington at the Kentucky Central Life Tennis Tournament.

Miss Outland, who will be a seventh grader at Murray Middle School, took the championship in the 12-year-old singles a week earlier in the Kentucky State Junior Closed Tennis Tourney.

In the tourney at Lexington, she won in her title match over Gay Nutter of Paris, Ky., 6-2 and 6-3.

Miss Outland had reached the finals by winning in the semifinal round, 6-2 and 6-1 over Kim Boland of Louisville.

In the girl's 14 singles, Jill Austin of Murray took the championship as she defeated top-seeded Whit Stodghill of Louisville, 6-2 and 6-3. It marked the second time in two weeks she had defeated Miss

Stodghill.

In the championship of the 14 doubles, Miss Outland and Miss Austin combined for a win in straight sets.

Brent Austin, who plays number two singles for the Murray High tennis team, took second in the consolation bracket as he lost in split sets to Bill Hoffmaster of Louisville, 1-6, 6-4 and 6-3.

In the championship play, he lost in the third round to Greg Adams of Richmond, 6-3 and 6-2.

In the 10-year-old doubles, Mark and Paul Austin reached the semifinals before losing to Derek and Galen Weiss of Louisville, 6-3 and 6-0.

The Weiss team went on to take the title in the division.

In singles play, Mark lost in the quarterfinals to the number one seed, Curt Meiners of Louisville, 6-1 and 6-1.

Paul had tough luck in his semifinal match against Charles Beckman of Louisville.

Paul won the first set 6-2 before dropping the second 5-7 and forcing the match into split sets.

Then in the third set, he was leading 4-3 before he had to retire because of too much exposure to the sun.

Only one more major tournament remains on the circuit for local tennis players as the prestigious Tri-State Junior Tournament is set for this coming weekend in Evansville.

Jo Anne Carner Wins St. Paul Ladies Open
ST. PAUL, Minn. (AP) — JoAnne Carner of Lake Worth, Fla., is playing the best golf of her professional career and she credits a new style to her success on the Ladies Professional Golf Association tour in 1974.

"I pretty well know what was wrong with my swing," said Mrs. Carner after capturing the \$5,000 winners purse Sunday at the \$35,000 St. Paul Ladies Open. "I've learned to smooth it out a little."

"I had to change my attitude," Mrs. Carner continued. "I have to concentrate on slowing down. I used to always be in such a hurry on the course."

Mrs. Carner rebuffed a brief charge by 19-year-old Californian Laura Baugh and finished the 54-hole tournament with a seven-under-par 212.

"I had such a big lead I lost my concentration for awhile," Mrs. Carner said. "I was trying to have a really good round today."

Miss Baugh, the 1973 LPGA Rookie of the Year who has

played in 22 tournaments this year in quest of her first professional victory, faded fast after she moved within three strokes of the lead.

She finished with a three-under-par 216.

After pulling to within three shots after the 12th hole, she bogeyed 13 and 14.

The victory was the fourth of the year for Mrs. Carner, who has won \$68,469 this year and is within \$15,000 of becoming the leading single season money winner in the history of the women's tour. Kathy Whitworth won a high of \$82,000 in 1973.

Sandra Post, who started the final round five strokes behind Mrs. Carner, slipped to a 75 and finished third with a 218 over the 6,402 yard, par 73 Keller Golf Course.

Pam Higgins of Palm Springs, Calif., finished fourth at par, 219.

Eastern Lawn Tennis Play Set To Begin Today In New Jersey

SOUTH ORANGE, N.J. (AP) — Colin Dibley, the defending Eastern Lawn Tennis Open champ, was slated to face Brian Gottfried of Fort Lauderdale, Fla., on the grass courts here today at the opening of the \$55,000 event.

The fast-serving Australian has more than his title to defend, since tournament officials failed to seed him in the 32-man field.

The top two seeds in the seven-day event, being played at the Orange Lawn Tennis Club, are not expected until later in the week.

Top-seeded Jimmy Connors, who lost his third-round match at the Canadian Open last Thursday to Spain's Juan Gilbert, probably will not play his first-round match until Wednesday, according to tournament officials. Second-seeded Alex Metreveli of Russia is expected on Tuesday.

Echert To Play Senior Season With Syracuse

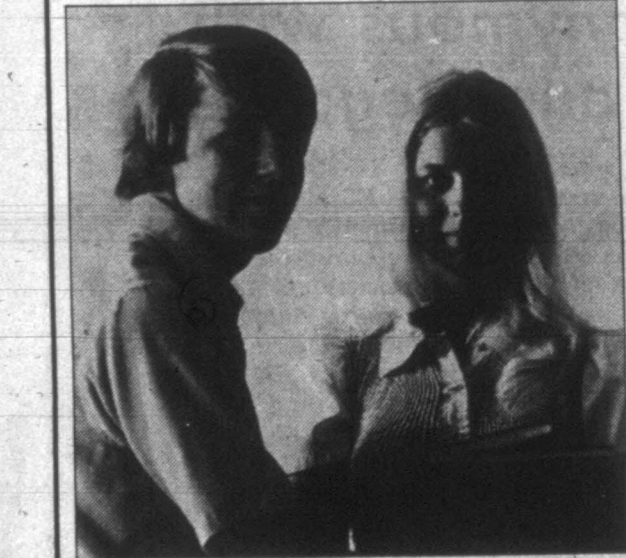

Joe Echert, one of Murray State's alternate captains, has decided to attend Syracuse University for his final year of remaining eligibility.

Echert, who was one of 27 Ohio Valley Conference athletes ruled ineligible for play in the OVC because of the illegal use of the SAT-ACT conversion table by conference schools, has already left for the new school.

Syracuse is a major university and its 1974 schedule includes Michigan State, North Carolina State, Maryland, Navy, Penn State, Pittsburgh, West Virginia, Boston College and Miami.

Upon the completion of the season, Echert will return to Murray State University where he plans to continue his education.

Stockton Wins Davis Tourney, Donates Cash

By BOB GREEN
AP Golf Writer

WETHERSFIELD, Conn. (AP) — Dave Stockton gave back his \$40,000 first prize, had a little chat with the President and then set his sights on Augusta, Ga., and next year's Masters tournament.

Stockton was on his way to the clubhouse after his easy victory in the Sammy Davis Jr.-Greater Hartford Open Golf Tournament Sunday when he was summoned back to the press tent to receive telephone congratulations from President Gerald Ford.

"He said he hadn't watched on television," Stockton said. "He'd been out playing golf at Burning Tree. Said he's made five pars."

Stockton and the President—then the Vice President—played together as partners in the program event preceding the Pleasant Valley Classic in Sutton, Mass., two weeks ago.

"He could be a 10 handicapper real easy," Stockton said.

Stockton, the leader all the way, had a final round 69—two under par—was never threatened and won by a comfortable four strokes.

He accepted the \$40,000 first prize and immediately made

arrangements to give it all back. He donated \$5,000 to the sponsoring Hartford Jaycees and pledged \$1,000 annually for the next 35 years.

"Bob Murphy gave back a portion of his purse when he won here few years ago," Stockton said. "I think it's a good idea. The old tournaments on the tour, the ones that really make the tour, are sponsored by service groups like the Jaycees."

"I think we ought to do some thing for them."

Stockton, now a three-time winner this season and enjoying his best year ever, had a three-stroke advantage when the day's play started. He expanded it to four with a 10-foot putt for a birdie on the first hole, and led by five most of the way.

When PGA champion Lee Trevino three-putted the fourth hole, Stockton was home safe. It was a fight for second from then on.

Ray Floyd came on with a 66 to take that position—the third time he's been a runner-up this year—with a 272 total. That's 12 under par on the 6,598-yard Wethersfield Country Club course but four back of Stockton's 268 total.

Bob Wynn holed a shot from a sand trap on the 17th hole for a birdie that got him third at 70—203. Trevino, the only man with a chance to catch Stockton, stumbled to a 72 and fourth at 214.

Tiant Gets His 19th Win While Busby Fails In His Bid For 19

By BRUCE LOWITT
AP Sports Writer

Luis Tiant didn't exactly pitch well enough to win his 19th, Steve Busby did.

But then, things aren't always what they seem.

Tiant was cuffed around for 11 hits in 7-3 innings Sunday and was sent packing when Minnesota erupted for six runs in the eighth inning.

By then, though, Boston had given the veteran right-hander an eight-run cushion. So the Red Sox held on for a 9-6

triumph and Tiant became the only pitcher in the major leagues with 19 victories.

Busby, meanwhile, pitched a six-hitter against Baltimore—but the fifth hit was Paul Blair's double in the ninth inning and the sixth was Brooks Robinson's single.

So instead of getting victory No. 19, Busby wound up with defeat No. 10 as the Orioles squeezed out a 1-0 victory over the Kansas City Royals.

Chicago's Wilbur Wood had a

shot at No. 19, too. But he took an early shower and loss No. 14, instead, when the White Sox absorbed a 9-4 beating by the New York Yankees.

In Sunday's other American League games, the Texas Rangers nosed out Cleveland 1-0, the Oakland A's clobbered Detroit 13-3 and the Milwaukee Brewers beat California 5-2.

Tiant was rocked for all six Minnesota runs in the eighth, three on Larry Hise's 17th home run. Then Diego Segui took over and slammed the door on the Twins.

"My lower back stiffened on me," Tiant said. "Maybe I've been working too much, moving things into my new home. I've been carrying books, furniture...everything...up and down stairs all week."

Boston got two runs in the second inning on doubles by Dick McAuliffe and Rick Burleson, then erupted for five in the fifth, four of which Minnesota Manager Frank Quilici said shouldn't have crossed the plate.

McAuliffe's second double started the outburst. It was a fly down the left field line. A fan reached out of the stands and touched the ball before it landed. The Twins argued that the ball would have dropped foul, but umpire Ron Luciano disagreed.

Tim Blackwell then doubled for one run, Cecil Cooper walked, Dwight Evans singled for a second run, Carl Yastrzemski doubled for two and he scored on Bernie Carbo's single.

"That was a big call," Quilici said of Luciano's decision. "They got five runs and we might have gotten out of the inning giving up only one. I thought about protesting the call but I couldn't because it's a judgement call. It really hurt us."

Rangers 1, Royals 0

Dave McNally outdueled Busby in the Orioles' victory over Kansas City, pitching a seven-hitter and wrecking the Royals' only serious threat with a neat pickoff play and some clutch hurling.

Jim Wohlford led off the seventh inning with a double and held up at second when a bunt by Tony Solaita bounced over the head of third baseman Robinson as he charged in.

But Wohlford was picked off second by McNally and, after Fran Healy walked, George Brett grounded out and Fred Patek filed out.

Yankees 9, White Sox 4

"It was pretty obvious, wasn't it? I just pitched a bad ball game," Wood said after being driven out in the fifth inning, when the Yanks built a 5-2 lead.

"I wasn't making good pitches," Wood continued. "It was just a nothing game for me. I didn't have a thing."

New York had Thurman Munson and Elliott Maddox—which was more than enough. Munson drove in three runs with a pair of doubles and Maddox hit a homer, his first of the year.

Munson hit a two-run double in the first inning, made it 3-0 in the third with his second double, then scored on Chris Chambliss' single.

Maddox' homer chased Wood. The Yanks got a run in the sixth on Lou Piniella's sacrifice fly and added three in the seventh on RBI singles by Jim Mason, Roy White and Murcer. Bill Melton hit his 20th homer for Chicago.

Rangers 1, Indians 0

Ferguson Jenkins pitched a four-hitter, struck out five batters and walked one for Texas. And Fritz Peterson pitched a four-hitter, struck out five batters and walked one for Cleveland.

land.

The only problem for Peterson was that one of the Rangers' hits was Jeff Burroughs' 24th home run.

Burroughs' first-inning clout made him the first player in the major leagues this year to reach 100 runs batted in. Jenkins, 17-11, went the distance for the 22nd time in 30 starts this year.

A's 13, Tigers 3

Reggie Jackson and Gene Tenace slugged three-run homers in a nine-run eighth inning and Joe Rudi and Pat Borque drove in two runs apiece in Oakland's rout of the Tigers.

Borque's bases-loaded single began the outburst, then Jackson hit his 23rd homer and Tenace hit his 19th. The triumph increased the A's West Division lead over Kansas City to 5½ games over Kansas City.

Jackson's double and Rudi's single gave Oakland a pair of first-inning runs and, in the fifth, the A's scored two more, one when Rudi was hit by a pitch with the bases loaded.

Brewers 5, Angels 2

Don Money drove in two runs with a pair of singles and Tom Murphy helped Jim Slaton with solid relief pitching in the Brewers' victory over California.

Bruce Bochte hit a two-run homer for the Angels in the first inning but Milwaukee moved in front 3-2 in the third on singles by Tim Johnson, Dave May, Money, Charlie Moore and George Scott and scored two more on singles by Bob Coluccio and Money in the ninth.

Slaton gave up a one-out single to Denny Doyle in the seventh, then Murphy picked up his 14th save by getting Rudy Meoli to ground into a double play and limiting California to two hits the rest of the way.

Vets In And Rookies Feel They Are Going

By ANDY LIPPMAN
AP Sports Writer

The veterans are in—and many rookies feel they're on the way out—as both the Miami Dolphins and the Minnesota Vikings plan to make extensive use of their established stars during tonight's rematch of last January's Super Bowl participants.

"We're going after this game to win it, more than running people in to look at them," said Coach Bud Grant, whose Vikings were beaten by the Dolphins in the National Football League title game 24-7.

Miami Coach Don Shula said he also will go basically with his veterans during the remainder of his team's preseason schedule.

But while the veterans, who came back to both camps Wednesday in the "cooling off" agreement that halted the NFL Players Association strike, were back in their familiar roles, both teams were still loaded with rookies. Minnesota dressed 72 players and the Dolphins carried 75.

There were only 5,184 in Seattle for the Cardinal-Chargers game, while 17,000 tickets were refunded in San Francisco for the game between the Broncos and the 49ers.

The Los Angeles Rams bombed the Kansas City Chiefs 58-16 Saturday, the New York Giants beat the New York Jets 21-13, Pittsburgh downed Philadelphia in overtime, 33-30; Baltimore trounced Cleveland 37-3; Cincinnati trimmed Atlanta 13-7 in overtime; Green Bay defeated Chicago 20-10 and Dallas upended Houston 19-13.

Oakland buried Detroit 41-10 Friday night.

The sparse crowd in Seattle, where the game had been moved from Memphis, watched as the Cardinals exploded for four second-quarter touchdowns Sunday including two by hometown hero Terry Metcalf.

Randy Gradishar, Denver's star linebacker, intercepted a pass and ran 83 yards for a touchdown with four minutes remaining to provide the margin of victory for the Broncos.

The Denver defense closed off a final San Francisco scoring threat at the Denver 10-yard line when safety John Pitts intercepted a pass by Tom Owen with 1:30 left in the game.

The crowd of 29,908 was the smallest for the 49ers since their move to Candlestick Park three years ago.

Sunday night, Buffalo slipped by Washington 16-15 on John Leyboldt's 52-yard field goal with five seconds left in the game.

Saturday, Kansas City was helpless before the onslaught of Los Angeles veterans led by Jim Bertelsen, Lawrence McCutcheon and new offensive star Cullen Bryant, a former defensive back, who rushed for 117 yards and a touchdown.

Rookie running back Doug Kotar ran 69 yards with a screen pass for one Giants' touchdown and ran 13 yards for another as 35,431 fans gathered

to in the Yale Bowl—about half as much as last year—to watch the Giants beat the Jets.

Roger Staubach scored from the two-yard line during a sudden death period to climax a come-from-behind victory for Dallas. The Heisman Trophy winner put the Cowboys into a tie when he connected on a 23-yard touchdown pass to Ron Howard with 20 seconds left in regulation.

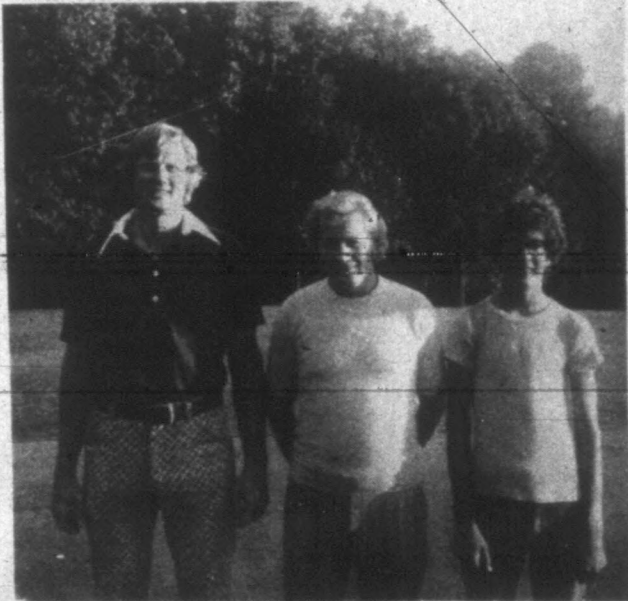

The Bengals also had to go into overtime to capture their third straight victory. Wayne Clark connected with John McDaniel on a 60-yard touch-

down pass for the winning margin.

Joe Gilliam brought the Steelers downfield to set up a Roy Gerela field goal which gave Pittsburgh an overtime victory.

Marty Domres threw for one score and passed for another and the Colts also took advantage of two interceptions and two fumbles.

The Packers came back against Chicago as quarterback Jerry Tagge threw touchdown passes to Eric Torkelson and Brent Longwell to surmount a 10-0 second-quarter Chicago lead.

OAKS WINNERS—Winners in the Oaks Country Club Tournament were from left to right, Stan Key, first flight; Doug Willoughby, second flight and Steve Hussung, third flight.

English Red Fan Saw Cincy Win 70 Straight

By BILL VALE
Associated Press Writer

CINCINNATI (AP) — Since Frank Robinson hit a grand slam home run in the last of the ninth inning to salvage a Cincinnati victory in 1962, Stephen Benn has been one of the Reds' most winning fans.

One of the more unusual, too, since Benn is a 22-year-old bachelor who lives in London, England.

"From the time I saw my first game in 1962," said Benn, "I'd never seen the Reds lose."

Since then Benn has seen between four and five games a year in Cincinnati. He is no ordinary baseball spectator. He knows team standings, batting averages and remembers previous records.

He confesses he generally is a month behind in his statistics, for newspapers go to his native England by boat and the sports section is that old when he gets it.

Benn's love affair with the Cincinnati Reds isn't all that

strange. His mother is a native of Cincinnati.

Still, one would expect Benn to dig cricket more than baseball.

Young Benn saw more games than usual this year. He has been in Washington doing a post-graduate thesis for Keele University on American political advisers—the system by which U.S. presidents surround themselves with special advisers or aides.

Benn's honeymoon as a Reds fan who always saw a winner came to what Benn called a shattering end a few weeks back. The San Diego Padres managed a 3-2 victory.

"My record was rudely interrupted," Benn said. "I thought the Reds' play was a little shoddy. I should never be able to go to a Reds game again with the same feeling of magic."

"From now on I will be just a normal Reds fan."

Benn estimated he saw 70 to 72 Reds victories before the end. "I can't tell you exactly," he said.

Russell Out To Defend Title In Kentucky Open

LONDON, Ky. (AP) — The 55th Kentucky Open golf tournament — and the richest in the state's history — gets underway here Tuesday with Sta-

cy Russell setting out to defend his 1973 championship.

"I've played well in the last four Opens, the last two in particular," the assistant pro at Midland Trail Golf Club said.

"But this is another tournament and the only thing you can do is go out and play as well as you can."

"Just because you played well last year doesn't mean you will this year," he added.

Russell, who lost the 1972 Open in a playoff against Brown Cullen Jr., won last year's event at Paxton Park Golf Course in Paducah.

If he wins again this year, he would be the first to win consecutive titles since Jim Ferrell won in 1969 and 1970.

A victory in this year's Open will be worth \$4,000, compared with the \$1,000 earned last year.

Surging Reds Move To Within 2 1/2 Games Of Slumping Dodgers

By HERSCHEL NISSENSEN
AP Sports Writer

Jim Wynn says Los Angeles' 10-3 thumping Sunday at the hands of the Pittsburgh Pirates may be just what the reeling Dodgers needed...and it came in handy for the Cincinnati Reds, too.

While the Dodgers were suffering their sixth consecutive setback, the Reds were edging the New York Mets 6-5 to climb within 2 1/2 games of front-running Los Angeles in the National League's West Division.

The Dodgers' margin is the smallest since they led Houston by two games on May 9 and it's the closest the Reds have been since they trailed by three games way back on April 26. They were 10 1/2 out as recently as mid-July.

Given Suspension

LINCOLN, R.I. (AP) — Lincoln Downs stewards handed jockey Frank Cornielle a five-day suspension for "failing to persevere with his mount" in the seventh race last Thursday. The suspension was effective Sunday.

Cornielle rode Queen's Play, the 7-2 second choice, and finished fifth.

"Maybe this is what we need. Maybe getting our pants knocked off will get us going," center fielder Wynn theorized after the Pirates pounded out 17 hits, most against the Dodgers this season, including home runs by Bob Robertson and Richie Zisk.

The Dodgers have scored only 11 runs in their six-game slide—actually, they've dropped nine of 11—and the reason is clear to Manager Walter Alston.

"The only way I can explain it is that the same guys who have been leading the league in run production just aren't doing it any more," he said. "I kept telling you guys at the beginning of the season when everything was going right that there'd be days like this."

Sunday's assault against Geoff Zahn and three relievers—none named Mike Marshall—also included two doubles by Robertson, one apiece by Zisk and Rennie Stennett, a two-run single by Willie Stargell, who beat the Dodgers' overshift by bouncing a hit through the left side, and seven-hitting by Larry Demy and Dave Giusti.

The Pirates, who have won 11

of their last 13 outings, are tied with Philadelphia for second place in the NL East, 2 1/2 games behind St. Louis.

"We've got to smelling a little money," said Robertson, who drove in four runs. "I've always said that w-i-n spells money and I think we've got that winning attitude now."

Reds 6, Mets 5

The Reds nailed down the triumph when Dave Concepcion blasted a tie-breaking three-run homer off Jon Matlack in the seventh inning following an intentional two-out walk to Tony Perez.

After Pete Rose opened the Reds' seventh with a bloop double, Mets' Manager Yogi Berra ordered a two-out walk to Perez, who helped Cincinnati erase a 3-0 deficit with RBI singles in the third and fifth innings. Concepcion promptly followed with a drive over the wall in left-center for a 6-3 lead. Cleon Jones slammed a two-run homer for New York in the ninth.

"They had to walk Perez and face me," said Concepcion, a slender Venezuelan. "I was ready for anything he throw, but particularly ready for a fast ball. He make a good

pitch. It was a low strike. The first two pitches I swinging from down on the end of the bat. The first pitch was a slider low and the second pitch was a fast ball up. I choke up on bat after second pitch. I was not going for home run, just trying to make contact."

Cardinals 4, Giants 1

John Curtis pitched a five-hitter for the Cards' fourth straight victory and also singled home two sixth-inning runs off Tom Bradley. Curtis restricted the Giants to one unearned run.

St. Louis got a first-inning run on Reggie Smith's single and Bake McBride's triple. Mike Tyson's sacrifice fly boosted the lead to 2-0 in the fourth.

"We've got to win ballgames, that's the whole thing," said St. Louis Manager Red Schoendienst. "The only time I look behind me is when my hunting dog points that way."

Phillies 7, Braves 4

Bill Robinson, Mike Schmidt and Willie Montanez homered for Philadelphia in support of Dick Ruthven's six-hit pitching. Ruthven had real trouble only in the third inning when the Braves scored three runs, two

on Ralph Garr's homer.

The Phils broke the tie with three runs in the seventh after singles by Dave Cash and Larry Bowa and a walk to Schmidt loaded the bases against Ron Reed. Montanez drove in the go-ahead run with a sacrifice fly and walks to Del Unser, Jay Johnstone and Robinson brought in two more runs.

Astros 3, Expos 0

Mill May's two-run homer and Bob Watson's solo shot backed Dave Roberts' five-hit pitching. Montreal's Tom Walker was cruising along with a two-hitter going into the seventh, but Watson stroked a one-out single and May crashed a 3-2 pitch over the right field fence. Watson homered in the ninth.

Cubs 14, Padres 6

Pitcher Steve Stone's two-run single highlighted Chicago's six-run third inning and Steve Swisher and Jose Cardenal homered for the Cubs. Swisher broke a 1-1 tie in the second inning with his fourth homer of the season, a two-run shot, and the Cubs chased Bill Greif with their big third.

Stone scattered 11 hits, including Willie McCovey's 17th homer.

A vertical black and white photograph showing a person's face, mostly in shadow. A dark, vertical band, possibly a shadow or a piece of fabric, runs down the center of the image, partially obscuring the face. The lighting is dramatic, with the right side of the face (viewer's left) being more illuminated than the left side (viewer's right). The image has a grainy, high-contrast quality.

PUBLIC NOTICES
"BECAUSE THE PEOPLE MUST KNOW"

(Editor's Note: Public Notice advertising plays a unique role both in American history and in the process by which this country's democracy is preserved. Its one premise is that people must be informed if they are to govern themselves competently. Public Notice advertising first came into being with the Congress of 1792. That body, recognizing its responsibility to the people, required the Postmaster General to advertise for bids for the construction of new post-offices. From that inauspicious beginning to the complex publication requirements in federal, state and local laws today, government officials have come more and more to understand their obligations to inform the public through Public Notice advertising. Newspapers over the years have been the vehicle by which these obligations have been fulfilled. They will continue to be as long as the public demands that it be informed frequently and by the best means possible.)

Skeletal Remains May Be
Brother Of Daniel Boone

CENTRAL, Ind. (AP)—Skeletal remains of what may have been Daniel Boone's brother, Squire, are being examined by scientists at the University of Louisville.

Two youths searching for a legendary chamber beneath Squire Boone's "burial cave" unearthed the skeleton at the site where he was believed to have been buried in 1815.

Arville L. Funk, historian-author from Corydon, Ind., said

Squire was one of the first white settlers to migrate to Harrison County about 1800.

He said, however, many historians believe the man's remains rest in an unmarked grave in Boone Cemetery on the Ft. Knox Army reservation. Dr. Joseph Granger, director of the University of Louisville's archeological survey, already has said the bones are more than 60 years old and plans to examine them for a week to 10 days.

Funerals

Rites Held Sunday At Locust Grove For Mrs. Edwards

The funeral for Mrs. Cora Coleman Edwards of Kirksey Route One was held Sunday at 2:30 p.m. at the Locust Grove Church of the Nazarene with Rev. William Doan and Rev. Gerald Tabers officiating. Music was by Alvin Usrey, soloist, and Mrs. Carl Usrey, organist.

Active pallbearers were Richard Towery, John Tucker, Carl Usrey, Damon Carson, Howell Doores, and Bill Mix. Honorary pallbearers were Newell Doores, Leonard Crouch, Wavel Beaman, Max Hurt, Gene Manning, Bryan Staples, Fray Cunningham, and Enoch Hargan.

Burial was in the Kirksey Cemetery with the arrangements by the Blalock-Coleman Funeral Home.

Mrs. Edwards, age 91, died Saturday at 12:10 a.m. at the Murray-Calloway County Hospital. She was the wife of Otis Edwards who died January 19, 1961, and was a charter member of the Locust Grove Church of the Nazarene. Born August 27, 1882, in Trigg County, she was the daughter of the late James Madison Coleman and Frances Harris Coleman.

Survivors are two sons, Truman Edwards of 607 Olive Street, Murray, and Twyman Edwards of Kirksey Route One; one brother, Forrest Coleman of Murray Route Two; one grandson, Jimmy Edwards of Kirksey Route One; three great grandchildren, Dale, LaDon, and Rochelle Robertson.

Mrs. Buckingham's Brother, Thomas Cowan, Dies Sunday

Thomas Cowan, brother of Mrs. Ray Buckingham of Murray, died Sunday at 10:30 a.m. following a lengthy illness.

A retired Chrysler employee of Michigan, Mr. Cowan was 74 years of age and a resident of Paris, Tenn. He was a member of Lodge No. 108 Free and Accepted Masons at Paris, Tenn.

Survivors are five sisters, Mrs. Buckingham of Murray, Mrs. Wilmoth Weeks of Centerville, Mich., Mrs. Minnie Beth Williams, Mrs. Velma Yates, and Mrs. Frances Williams, all of Paris, Tenn.; several nieces and nephews.

Funeral services will be held Tuesday at one p.m. at LeDon Chapel, Ridgway Morticians, Paris, Tenn., with burial to follow in the Hillcrest Cemetery there. Friends may call at the funeral home.

Funeral Services For Grady Smith Held On Sunday

Funeral services for Grady Smith were held Sunday at 2:30 p.m. at the chapel of the Max Churchill Funeral Home with Rev. Jerrell White officiating.

Pallbearers were James Steven Smith, James Edgar Smith, Jerry Dale Smith, Danny Smith, Ricky Joe Smith, and Euwin Stalls. Burial was in the McCuiston Cemetery.

Mr. Smith, age 76, died Friday at 8:50 p.m. at his home on Murray Route Five. His death followed an extended illness. Born July 29, 1898, in Calloway County, he was the son of the late James Smith and Pocahontas Ferguson Smith. His wife died in 1947.

Survivors are three sons, James Smith of Boaz Route One, Kiedell Smith of Sinai Valley, Calif., and Edgar Smith of Murray Route Eight; one sister, Mrs. Maude Bucy of Fern Terrace Lodge, Murray; two brothers, Kelly Smith of New Concord and Kirby Smith of California; sixteen grandchildren; four great grandchildren.

Hearings Set For Lexington Firemen

LEXINGTON, Ky. (AP) — Hearings were scheduled here today and Tuesday for 45 of 77 firemen who called in sick on the day shift here Saturday.

Lexington Fire Chief Earl McDaniel said the men would be asked to present a doctor's statement certifying that they were sick and said a "thorough check" would be made of the certificates.

Night-shift firemen were held over to work during the day Saturday after the firemen called in sick. McDaniel said 32 of the 77 returned to work by Saturday night and would not be called upon to present doctors' certificates.

McDaniel said he planned to make recommendations to the Urban County Council concerning possible disciplinary action following the hearings.

Members of local 526 of the Professional Fire Fighters Association have been seeking the right to collective bargaining with the city.

Meanwhile, Mayor Foster Pettit said Sunday that he expects some of the firemen will be disciplined as a result of Saturday's action.

Pettit has opposed collective bargaining for firemen and the Urban County Council rejected a recent request by the firemen for union recognition.

The mayor said the city has drawn a contingency plan in the event of a firemen's strike, calling for hiring trained personnel and using policemen to handle the firemen's duties.

The firemen set up informational pickets at four sites in the city, including City Hall, Aug. 9, but no work stoppage had occurred, prior to the incident Saturday.

All firemen scheduled to work were on the job Sunday.

No Money Would Be Saved By Moving Center

LOUISVILLE, Ky. (AP) — Despite previous state claims to the contrary, no state money would be saved by a controversial proposal to move the Daniel Boone Youth Center from a rural Boone County location to a downtown Covington warehouse, The Courier-Journal reported today.

The newspaper said it obtained preliminary budget estimates showing the cost of operating the youth center at the rural location would run about the same as at the downtown site.

State planners said earlier that the move would save \$75,000 to \$150,000 in transportation and maintenance costs.

The Courier-Journal said the cost to the state Department for Human Resources would be about \$326,654 at the downtown location the first year, compared with \$326,800 at the present rural site for another year.

Li. Gov. Julian Carroll. Carroll would become governor if Ford were elected to the U.S. Senate in November.

King declined to discuss any plans he had for the department until after he has discussed them with Ford. He did say, however, that he would continue existing policies. He added that "No acting commissioner should make major changes in a department."

King has been alternating between positions with state government and with state universities since 1969.

He became a budget analyst in the state Finance Department in August 1959 and in March of the following year became director of administrative services in the Parks Department.

He went to Eastern Kentucky University as director of auxiliary enterprises in September 1960, remaining there until May 1962.

He then returned to the Parks Department as an executive assistant until December 1963 and became director of purchases in the Department of Finance in January 1964.

He then went to the University of Kentucky, serving several positions, the last of which was coordinator of physical plant, which he began in November 1971.

King is a graduate of the University of Alabama, holding both bachelors and a masters degree from there. He now lives in Lexington.

Government Mobile Homes To Be Sold

LOUISVILLE, Ky. (AP) — The mobile homes the federal government deployed through-out Kentucky after the April 3 tornadoes are going on the market — but only tornado victims will be eligible to buy.

The government this week will start selling the mobile homes to families now sheltered in them and to 607 other Kentucky tornado victims now living in government-rented housing.

Most of the mobile homes still in use are at Brandenburg, where 93 were dispatched after the tornadoes, which killed 31 residents of the Meade County community. Of the 93, 78 are still in use.

The 465 mobile homes deployed in Kentucky were purchased in 1972 for use in flooded regions of Pennsylvania and New York.

Housing and Urban Development (HUD) officials say more than 190 Kentucky families have expressed interest in buying one of the mobile homes, and HUD housing field advisers will start discussing details of purchases this week.

HUD officials in Washington said the average 1972 purchase price of the homes was about \$5,200. The average resale price normally is about half the original price.

Bo Durbin, an assistant director in the Kentucky HUD disaster office, said the government won't try to sell the units to families who can't afford them or won't benefit from them.

"We don't want to unload one on someone who can't pay the heating bill, for example," he said, noting that some older mobile homes cost up to \$100 a month to heat. "It's not going to be 'Here, little girl, can we sell you a mobile home?'"

But he added: "It can be a convenience to some families that have no alternative after a year of rent-free housing. For us, it's just a way to recoup some losses."

A special legislative fact-finding committee also has begun investigating the move.

The Courier-Journal said state officials, contacted about the newspaper's findings, acknowledged no savings would result.

Tappan Declares Dividend

Directors of The Tappan Company, a diversified manufacturer of appliances, cabinetry and air conditioning equipment, based in Mansfield, Ohio, with a plant located in Murray, has declared the Company's 154th consecutive quarterly dividend. The dividend of 10 cents per common share is payable September 13, 1974 to shareholders of record August 30, 1974.

The Board was advised that operations had resumed at the Company's Elyria, Ohio Air Conditioning Division, following a twelve weeks strike which ended on August 12, 1974. This strike is estimated to have cost the Company 40 cents per share.

It was a major factor in the previously reported 9 cents per share loss in the second quarter of 1974 and will cause an expected loss in the third quarter.

W. R. Tappan, President, stated that exclusive of the strike effects, the Company appeared to be making progress in neutralizing rising material prices through selling price increases, reduced inventory levels, and substantially increased microwave oven business. Improved cash flow has been an ancillary benefit. The company currently has no short-term bank loans outstanding and has cash invested.

Embassy officers still wearing gas masks were clearing up inside the building.

Bowe said the embassy had been guarded by three or four U.S. Marines who had fired only tear gas but no bullets.

A Greek Cypriot employee of the embassy said the Marines had rushed to the upper floors and the roof when the demonstrators burst through the gates.

The woman said the Marines opened fire when the demonstrators began throwing stones. The big American eagle crest on the embassy's front door was smashed by rocks as was a television security camera mounted on the gate.

An hour after the attack the embassy was surrounded by U.N. armored cars, heavily armed U.N. troops, Greek police and national guardsmen. Police and guardsmen had driven the demonstrators away.

Pvt. Frederick Tobey Is Assigned To Germany

U. S. Forces, Germany—Army Private Frederick J. Tobey, son of Mr. and Mrs. Frederick L. Tobey, Route 1, Kirksey, is assigned to the 3rd Infantry Division in Germany.

He is a radio operator in Company A of the Division's 123rd Signal Battalion at Wurzburg.

Navy Couple Transferred To Memphis Institutions

MEMPHIS, Tenn. (AP) — A married couple who joined the Navy under a togetherness plan and went AWOL after being sent separate ways have been transferred to Memphis.

Sylvia Chilton, 27, was held in Shelby County Jail Sunday. Her husband, William, 28, was in the Correctional Custody Center at the Memphis Naval Air Station at Millington.

They were arrested Tuesday in Owensboro, Ky., on charges of unauthorized absence from the Navy base at Little Creek, Va.

Mrs. Chilton said she and her husband joined the Navy in November "because it sounded like it had good things to offer."

Suit Filed Against Red River Dam

LOUISVILLE, Ky. (AP) — A suit against the U.S. Army Corps of Engineers was filed today by a coalition of citizens and environmental groups to halt proposed construction of a dam on the Red River.

The suit filed in federal District Court here asks for an injunction to restrain "any and all activities relating to the Red River Lake project," including opening bids for any contract, entering into any contract, undertaking any land acquisition, or construction, pending a hearing.

The plaintiffs ask the court for a temporary restraining order to stop the project pending a hearing on their motion for an injunction.

"Unless immediately restrained, the defendants will cause plaintiffs irreparable harm by proceeding with land acquisition and other construction-related activities and will aggravate the continuing irreparable harm to plaintiffs caused by the defendants' prima facie failure to comply with the mandate of the National Environmental Policy Act of 1969 and other federal laws, the complaint stated.

Plaintiffs include the Sierra Club; the Save Our Red River organization; the Kentucky Audubon Council and Louisville Audubon Society, and three citizens who face eviction from their homes if the project goes ahead.

Cave Run Dedicated

Dedication ceremonies for Cave Run Reservoir Area and the adjacent Minor E. Clark Fish Hatchery were held Aug. 3, beneath the 148-foot dam.

Carl D. Perkins, 7th District congressman from Hindman, officially dedicated the project along with personnel of the U.S. Army Corps of Engineers and U. S. Forest Service.

Quality water was cited by Perkins as the main benefit other than flood control of the Licking River impoundment across a Rowan and Bath County valley south of Farmington.

"Eastern Kentucky will revive and be more prosperous than ever," Perkins said. "We are laying the foundation for outside industry when we make available quality water. We must continue with the development we have started. We have not by any means completed construction on Cave Run Reservoir."

Congressman Perkins pointed out the importance of tourist dollars to lake counties of Rowan, Bath, Morgan and Menifee and nearby Montgomery. He lauded the location of the fish hatchery in the area and said that additional improvements were planned.

Other points he brought out included the spending of millions of dollars to provide more adequate community water and sewage facilities; the possibility of raising the water level in the lake to create a deeper pool in Morgan County, and a continued need for Royalton Reservoir at the head of Licking River in Magoffin County.

LA's 'Alphabet Bomber' Says He's Responsible For Blast

LOS ANGELES (AP) — A mysterious "alphabet bomber" who has terrorized this city with threats of violence has claimed responsibility for a weekend chemical explosion that leveled a city block in a downtown industrial section.

Authorities had said earlier that the massive explosion which destroyed a warehouse and burned several buildings Saturday night was not caused by a bomb but by a chemical ignition.

The search continued for the bomber. A thousand extra police assigned to the case have received more than 200 calls on the identity of Isaac Rasim, the foreign-accented man who now claimed responsibility for planning at least three bombs in the Los Angeles area, including the fatal Aug. 6 airport blast that killed three persons and injured 35 others.

Rasim and his previously unknown group, "Aliens of America," told the Los Angeles Herald-Examiner in a telephone call Sunday that his group was responsible for a chemical blast Saturday in the parking lot of the Interamerican Star Trucking and Warehouse Corp. The caller identifying himself as Rasim has frequently contacted the Herald-Examiner to make pronouncements on his siege of terror.

"Our investigators are looking into" Rasim's contention, said Police Cmdr. Peter Hagan.

The calm speaking caller, believed of eastern Mediterranean extraction, told the newspaper: "Last night's work at 7th and Mateo is the delinquent left-overs of our activities one week ago. Our promise to keep (inaudible) clear of friends is in effect. And we want some public reaction on behalf of public representatives in order not to shorten those few days."

Rasim has been nicknamed the alphabet bomber because of his claims that he set off explosives connected with the letters of his group's name. He had indicated his next target would have some connection with the letter "I," the third letter in his organization's name. "I" appears in Interamerican Star Trucking Co.

deficient bridges and cost the states between \$50 million and \$100 million annually to repair truck-caused damage.

On Tuesday, the Senate will try for the third time to cut off debate on legislation creating a consumer protection agency. The two previous attempts to cut off a filibuster lost by 10 and 7 votes and the prospects for success this week are not considered good.

The House is set to act on Tuesday on a massive compromise labor and tax bill. The bill would overhaul the nation's private pension system by establishing minimum standards to protect participants while setting up a government-run insurance system to guard against a loss of benefits if a pension plan fails.

Before adjourning Wednesday, the Senate expects to act on a defense funding bill. The Senate version is \$82.07 billion, \$4.97 billion below the budget and about \$1.3 billion below the House version.

Rescue Attempts Continue For Drowning Victim

STURGIS, Ky. (AP) — Rescue workers were expected to resume search today for the body of a Uniontown man believed to have drowned in the Ohio River near Dam 49 Sunday.

The victim was identified as William Ronnie Eddings, a coal miner at the Hamilton No. 2 mine.

Rescue workers said Eddings disappeared about 6 p.m. after swimming after two children who had wandered out from shore.

Rescue squads searched without success Sunday night.

It had been expected that Ford might announce here that he would sign a veterans bill that would provide a 23 percent increase in monthly payments for veterans attending school under the GI bill. The measure has been approved by Senate-House conferees and was expected to pass both houses this week.

Ford's comments here, indicated, however, that he is still looking for some anti-inflationary cuts in veterans' measures and perhaps in the huge defense budget as well.

"If we can send men thousands of miles from home to fight in rice paddies, certainly we can send them back to school and to better jobs at home," the President said.

There was a small welcoming crowd at O'Hare International Airport for the President's arrival. Among several hundred persons on hand were some sign carriers with placards reading, "Welcome President Ford" and "Cook County Republicans welcome President Ford."

Ford said Roudebush, his newly named VA administrator, a former VFW commander in chief, now deputy VA administrator, is "a man who gets things done."

Roudebush will succeed Donald Johnson.

Recent criticism of the Nixon administration and Johnson's handling of veterans affairs has included problems over computer breakdowns in sending out VA checks.

Ford took off from Washington at about the time word was received of the shooting of U.S. Ambassador Roger Dayies in Nicosia, Cyprus, by a mob of Greek Cypriots.

A statement issued aboard Air Force One said "The President was shocked and deeply saddened" by "the tragic incident."

White House Press Secretary Gerald F. terHorst said Ford talked with Secretary of State Henry A. Kissinger at the White House before departing for Chicago.
