In his very personal account of the Civil War, Gen. Badeau Duke, in his book "In Shores and Years," discusses the role of the Confederate forces in the region around Fort Donelson. The general's narrative is vivid and engaging, offering a glimpse into the daily life and experiences of soldiers during this tumultuous period. One particular incident he describes is the capture of a young aide-de-camp by the Union forces. Duke's account is a valuable resource for understanding the Civil War from a soldier's perspective and provides insight into the challenges faced by both sides during this critical period in American history.

WATER CONTRACT TO BE VOTED ON AT NOVEMBER ELECTION

REPORT OF JOINT LEAD AND WATER COMMITTEE ON NEW CONTRACT, BETWEEN THE CITY OF PADUCAH AND THE PADUCAH WATER COMPANY.

Owing to the fact that the contract now existing between the City of Paducah and the local water company was drawn twenty years ago, and that it is nearing the end of its term, it has been thought wise to secure new terms for the water supply for the city, to the benefit of both the city and the water company. The joint lead and water committee, after several weeks of investigation, have prepared a new contract, which it is recommended be adopted by the city council.

The new contract will provide for a fixed annual rate of $5,000 for the use of the water company, with an additional rate of 50 cents per thousand gallons for any excess over the usual consumption. The contract also provides for the installation of new water mains and the extension of the city's water system.

The committee believes that the new contract will be beneficial to the city, as it will provide a more reliable and permanent water supply, and at the same time, it will not impose an undue burden upon the city's finances.

White was one of several colored men arrested by the police for using profanity in public. These arrests are the result of a campaign by the police to curb the use of profanity in the city.

MRS. RICE REALIZES COMFORTABLE PORTFORT FROM ZINC AND LEAD LANDS.

It appears that Mrs. Allen Hughes, author of "Cabbage Patch," has sold her holdings in Hardin county, Ill., for $150,000. The sale was negotiated by the John Lynn and Sons brokerage firm of St. Louis.

The sale includes the property of the Hardin county mine, which produces zinc and lead.

The author of "Cabbage Patch," a series of humorous articles on life in the country, has been able to sell her holdings for a large sum, and is expected to continue her writing career.

The sale will enable Mrs. Hughes to retire from the business world and live on the proceeds of her writings.
