FIRST SCHOLARSHIP PAYMENT—Dr. Constantine Curris (left), president of Murray State University, congratulates (left to right), Danny Futrell, Melinda Taylor, and Maggie Battle, all of Murray, following the presentation of the first payment on their scholarships for 1974-75. Futrell, a 1974 graduate of Calloway County High School, received the Joe Dyer Pool Scholarship, and Miss Taylor, also a 1974 graduate of Calloway County High School, received the Rainey T. Wells Scholarship. Miss Battle, a 1974 graduate of Murray High School, is the recipient of an Alumni Association Scholarship. The three students were selected to receive the awards last spring, and the payments for the fall semester were made during the opening week of classes on the campus. (Photo by Wilson Woolley)

President Ford Speaks To Ohio State Graduates Today

COLUMBUS, Ohio (AP) — President Ford told members of an Ohio State University graduating class today that his administration wants to help them "get a job that makes sense as well as money."

In an address prepared for summer commencement exercises, Ford contended that too many college graduates find a lack of job opportunities for their skills and, after further study and the acquisition of new talents, are told they are overqualified for employment.

Registration For Adult Education Class Opens

Registration for the Adult Basic Education Program (grades 1-8) for this community opened today, Friday, and will continue through Tuesday, September 3, according to Willie F. Jackson, Director of Pupil Personnel. This is the ninth consecutive year for the program.

Those interested in this program may register at the following places during their regular office hours: Principal's office at all schools in the Murray City School System and the City Superintendent's office at Ninth and Poplar Streets.

Registration will also be conducted during the first meeting in Room 107 of the Vocational School, Tuesday, September 3, from 6:30 to 9:30 p.m.

This course in Adult Basic Education is designed for adults 16 years of age or older. Classes will be organized during the week of September 3 and will meet twice a week for approximately three hours in the early evening. The curriculum will be planned to give special emphasis to the communicational and computational skills of reading, writing, speaking, listening and arithmetic.

In addition to the grades one through eight program, we are offering G.E.D. training to those without a high school diploma or G.E.D. Certificate. This program is financed by the State and Federal Government. There will be no charge for enrollment, tuition, books, or materials to any adult enrolling in this class.

Four Charged With Storehouse Breaking

Two adults and two juveniles have been charged with storehouse breaking after incidents at two local firms, according to Murray City Police.

Johnny Pace, 20, J.D. Fox, 18, and two juveniles were charged in connection with thefts at the Jones Iron and Metal Co., and the Redmon Stake Co., according to police.

Taken in the break-ins were several radiators and radiator cores, and a quantity of copper. The men are now being held in the Calloway County Jail.

Weather Forecast

Mostly cloudy with a 30 percent chance of showers and thundershowers today and tonight and a 40 percent chance Saturday. High today in the upper 70s to low 80s, low tonight in the low to mid 60s. High Saturday in the low 80s.

Partly cloudy Sunday through Tuesday, with a chance of thundershowers Sunday and again on Tuesday. High temperatures will range from the low 80s Sunday to the upper 80s by Tuesday. Lows will be in the mid to upper 60s throughout the period.

Ford Spokesman Rules Out Any Tax Increases In 1974

WASHINGTON (AP) — A spokesman for President Ford has ruled out any tax increase requests for this year but would not do the same for 1975.

Press Secretary Jerald F. terHorst said it would be unrealistic to expect congressional action on taxes in the remaining weeks of Congress' 1974 session. "At this time, the President has no plans for asking for a tax increase," terHorst said.

But then he noted that Ford would be outlining his 1975 program in January. Asked if a tax increase to fight inflation would be part of Ford's requests then, terHorst said that is the "sort of issue a President always has before him."

Shortly after terHorst's remarks to newsmen, President

Leonard Woodcock of the United Auto Workers emerged from a half-hour session with Ford and had a good deal of praise for the new President.

But Woodcock said, "I would be opposed to a tax increase across the board."

Instead, Woodcock suggested tax cuts for lower and middle-income taxpayers and increases in the upper brackets and for corporations.

Woodcock said Ford was approaching the situation with candor and expressed hope that Ford's Sept. 27-28 economic summit meeting would help educate the public on the dimensions of the problems.

Later, a White House spokesman said a dozen preparatory meetings for the summit will be held at cities around the country.

TerHorst's remarks on taxes came as he relayed a statement from Ford on the appointment of presidential economic counselor Kenneth Rush as chairman of the new eight-member Council on Wage and Price Stability.

The council is to monitor wage and price activities and use persuasion to discourage those which might be inflationary.

Ford also signed a \$4.5 billion public works appropriation bill for the fiscal year that began July 1, but he did so with reluctance, noting that the total exceeded the budget by \$80 million. Ford asked Congress to act under a new budget reform law to defer that amount of spending for a year.

MSU-TV To Resume Broadcasting Tuesday

Color television programming to cablevision patrons in Murray and Mayfield from the MSU-TV studios on the campus of Murray State University will be resumed Tuesday, Sept. 3.

Dr. Robert Howard, director of radio-television and station manager, said the first telecast of the new school year will begin on Channel 11 in Murray and on Channel 4 in Mayfield at 4:30 p.m.

He explained that the program format of the Monday through Friday schedule from 4:30 to 7 p.m. will be essentially the same as last year. He gave this outline of the daily schedule, which appears in the Leisure Time section of Today's Murray Ledger & Times.

4:30-4:35 p.m.—Devotional sponsored by the Murray Ministerial Association.

Murrayan Cast Member In Historymobile Feature

A synchronized slide-film presentation to be shown while the Kentucky Historymobile is in Murray Tuesday and Wednesday, Sept. 3-4, will include a former resident of Murray in the 20-member cast.

Steve Howard, a Murray High School graduate and a 1974 graduate of Murray State University, was selected by audition to appear in the seven-minute presentation produced by Promotional Marketing Services, a Louisville firm.

The Historymobile, to be open from 9 a.m. to 3 p.m. both days at the Murray-Calloway Vocational School, is sponsored by the Kentucky Bicentennial Office and made possible by industries in Kentucky as a salute to the Bicentennial Celebration in the state.

Designed to depict the life of the early settlers in Kentucky during the 1700s, the slide-film was produced during the spring.

TWO CHECKS totaling \$4269 were presented by Gerald Miller, Regional Librarian for the Purchase Regional Library System, to Margaret Trevathan, Calloway County Librarian, and Max B. Hurt, chairman of the Calloway County Board of Trustees. The special purpose grant was provided by the Kentucky Department of Library and Archives and was given only to those counties which serve as regional headquarters within the State Library system. The Calloway County Library serves as headquarters for the Purchase Region composed of Calloway, Fulton, Graves, Marshall, McCracken, and Ballard Counties. Funds will be used to build up the regional headquarters' book collection or for purchasing equipment and materials for the regional headquarters.

Labor Day Observance Is Monday

Most government offices and banking institutions as well as several business firms in the city will be closed this Monday, September 2, in observance of Labor Day.

Offices at the courthouse will be closed, however some merchants in the downtown area and most stores in the outlying shopping centers will be open as usual and will have special sales on labor day.

The Murray Ledger & Times will publish Labor Day.

A spokesman for the Paducah Social Security District has announced that supplemental security income checks (the gold colored checks) will be delivered on Tuesday, September 3. The supplemental checks are normally delivered on the first of the month but since the first is on Sunday and Monday is a national holiday, the checks will be delivered Tuesday.

Postoffice Observes Holiday On Monday

The Murray Postoffice will be closed all day Monday, September 2, in observance of the national holiday, Labor Day.

No city or rural delivery will be made, according to Lester Nanny, Postmaster, and G. B. Jones, superintendent of mails. The lobby of the postoffice will be open for patrons to purchase stamps from the stamp machine.

The holiday dispatch schedule will be observed and persons are asked not to call the postoffice as only a skeleton crew will be on duty.

Gov. Ford Says He's Been Very Frugal In Spending Surpluses

FRANKFORT, Ky. (AP) — Gov. Wendell Ford says he has been very frugal in spending surplus state funds, indirectly answering a legislative committee which suggested this week he avoid spending surpluses not yet available.

In an informal news conference Thursday, the governor also said emphatically he has not changed his stand in favor of building a dam at the Red River Gorge despite reports he might be dubious about the Corps of Engineers' project.

The remarks were made after a news conference in which the governor distributed a total of \$592,965 to 40 counties as their share of the state's income from strip-mining fees.

The arrangement was authorized under a 1972 act. The new allocation is \$161,702 more than the total returned to the counties a year ago.

Many county judges were on hand to receive their checks under the strip mining permit fee act.

One-half of all such fees go to the fiscal court of the county in which the coal operation is located. The law authorizes a \$150 fee for each permit plus a \$35 fee for each acre disturbed.

So far, a total of \$1.4 million has been returned to the counties.

The two largest checks Thursday were \$77,435 to Muhlenberg County, the biggest strip mining area, and \$55,145

to Pike County, the largest underground coal producer in Kentucky — though the money is for surface mining permits.

On the Red River Dam, still a proposal which apparently cannot be implemented yet for several months, the governor said he still thinks it should be constructed.

He said all he did Wednesday when talking to newsmen in Western Kentucky was express concern about why the Corps of Engineers asked for a 60-day delay.

"As I understand it now, they want to give additional time for objections (regarding the environmental impact)," he said.

Unless there is "some drastic" (See Gov. Ford, Page 14)

STEPPING HIGH—The majorettes that will shine for the "Marching Thoroughbred Band" of Murray State University practice for perfection in preparation for the first football game on September 7, when Murray State will host Cameron State. The site for this practice was the quadrangle between the Price Doyle Fine Arts Building and Lovett Auditorium on campus. (Photo By Wilson Woolley)

KWW Accepts Proposal For Study Of Region's Tourism

Kentucky's Western State University, Center Management Consultants and Environmental Consultants.

The other proposals were turned down because, Lindsey said, "we feel like the MRI information will have more validity and we'll be able to get more results from it after the survey is completed."

"We feel like MRI has the personnel and experience necessary to conduct the survey," Lindsey said.

Lindsey said that he expects the study by the Kansas City based firm to take about six months to complete with a final report expected next spring.

Other proposals for the study had been submitted by Murray

MSU Representatives Named To Education Study Groups

Two representatives of Murray State University have been named to study-groups organized by the Kentucky Council on Public Higher Education to study specific areas of higher education.

They are: Dr. Robert Howard, director of radio-television, who will serve on the 12-member study group on educational television; and Dr. Edwin Strohecker, director of the library and chairman of the library science department, who will serve on the eight-member study group on library services.

Both Howard and Strohecker were nominated by Dr. Constantine W. Curris, president of Murray State, to serve in the areas of their specialization. Their selection was announced by Dr. A. D. Albright, executive director of the council.

Legislation enacted by the Kentucky General Assembly in 1972 directed the council "to engage in analyses and research to determine the overall needs of higher education in the Commonwealth" and "to transmit to the Governor comprehensive plans for public higher education which meet the needs of the Commonwealth."

The study groups are expected to begin work immediately, and Albright said the first phase of the plan—to identify higher education's most critical needs in library services and most critical uses of educational television—will be completed and reported by (See MSU, Page 14)

Mr. and Mrs. Ronald D. Taylor

Miss Jan Cooper Exchanges Vows With Scott Home Scene Of Sherry Party Ronald D. Taylor At Church Here Held In Honor Of Jan Shuffett

The marriage of Miss Jan E. Cooper to Ronald D. Taylor was celebrated at South Pleasant Grove United Methodist Church on Sunday August 18, at two p. m. Parents of the couple are Mr. and Mrs. R. L. Cooper, Murray, and Mr. and Mrs. Paul Taylor, Springfield, Mo.

The altar was decorated with an arch candelabrum and two vases of white gladioli and multicolored daisies. A one hundred fifty year old Bible belonging to the bride's great-grandfather, John Johnston Erwin, was centered on the table.

Wedding selections played by Mrs. Otto Erwin, organist, included "O Day of Golden Promise," Hamblen, "Traumeri," Schumann, and "This Is Our Day," Cole. "Trumpet Voluntary," Clark and "Trumpet Air," Purcell, were used for the processional and recessional respectively. Miss Susan Nance chose "Jesus Joy of Man's Desiring," Bach, as a piano selection and "O Perfect Love," Barnby as a vocal selection.

Mrs. Sheila Erwin James, cousin of the bride, kept the guest register. Rev. A. H. McLeod, Jr. and Rev. Fred Mortgn officiated at the ceremony.

Bride's Dress

The bride, given in marriage by her parents, was escorted to the altar by her father. She wore a gown fashioned of white satiness polyester. The empire bodice, sleeves, and cuffs were accented with vertical pieces of Aloncon lace. Three rows of lace accented the bottom of the gown. She wore a head piece of Aloncon lace and seed pearls. The attached tiered finger-tip and floor length veils were of bridal silk illusion. Her bouquet was pink rosebuds and white baby's breath.

Mrs. Linda Darnell Wright, friend of the bride, served as matron of honor. She wore a formal gown of yellow polyester and cotton with embossed white daisies scattered across the fabric. The gown featured an empire bodice that came to a V in the front with a sash tied in the back, a high neckline and short puffed sleeves. The skirt flowed into an A line and was accented by a deep ruffle. The headpiece was a sheer yellow wide brim hat with yellow velvet bow and streamers in the back. She carried a nosegay of pink, blue and yellow daisies accented with white baby's breath.

Miss Christi Cooper and Miss Sarah Cooper, sisters of the bride, were bridesmaids. They wore gowns in pink and blue respectively which were fashioned identically to the matron of honor's dress. Their flowers were nosegays of multicolored daisies.

The groom chose to wear a formal gray tuxedo with an ecru colored shirt and black velvet bow tie.

Jerry Taylor, cousin of the groom, served as best man. Carl Huser and Terry Beavers, brother-in-law and cousin of the groom, respectively, served as groomsmen. They wore tuxedos with ecru coats, black pants, and ruffled pastel shirts that matched the colors of the bridal attendants' dresses.

Ushers for the wedding were Mike McCullars, cousin of the groom, Danny Key, Gary Cooper, and Kevin Cooper, cousins of the bride.

For her daughter's wedding Mrs. Cooper chose a floor length pale blue lace knit dress featuring a high neckline and long sleeves. She wore a white cymbidium orchid corsage.

Mrs. Taylor, mother of the groom, wore a floor length mint green knit dress belted at the waist and accented with a rhinestone encrusted buckle. Her corsage was a white cymbidium orchid.

Mrs. C. G. Cooper, grandmother of the bride, was presented a yellow and white corsage.

Reception

Immediately following the ceremony a reception was held in the Fellowship Hall of the church.

The bride's table was overlaid with a white lace tablecloth. Silver candlesticks were placed on either side of an arrangement of summer flowers. A crystal punch bowl was placed at one end of the table with the three-tiered wedding cake placed at the other end. The top tier of the cake featured an arrangement of white daisies and baby's breath. Nuts and mints were served from silver appointments.

Serving the guests were Mrs.

Brenda Stull, Mrs. Emilia Sasser, Mrs. Marsha Jones, Mrs. Patsy Ross, sorority sisters of the bride, and Mrs. Sheila James, cousin of the bride. Assisting in the wedding and reception were Miss Leola Erwin and Mrs. James E. Erwin.

Following the reception, the couple left for a short wedding trip with the bride wearing a yellow jacket and skirt with a white daisy corsage.

Out of town guests were: Mr. and Mrs. Floyd Boone, Jackson, Tn.; Allen Driskill, Grand Rivers; Mr. and Mrs. Loyd Swearingin and Steve, Dover, Tn.; Mrs. Luella Wilson, Mason, Ia.; Dr. and Mrs. Carl Erwin, Lexington; Andrew and Matthew Fuller, Frankfurt; Mr. and Mrs. Henry Thompson, Perry, Fla.; Mr. and Mrs. Charles Baugh and Mary Leslie Sims, Mayfield; Mr. and Mrs. T. F. Chaney, Horse Cave; Mr. and Mrs. Earl Sasser and Mrs. Jim Ross, Chicago, Ill.; Mrs. Betty Gordon, Benton; Mr. and Mrs. Oris Key, Mr. and Mrs. Hoyt Owen, Paducah; Mr. and Mrs. John Stull and John Matthew, Sebree; Mrs. Rich, Clay; Rev. and Mrs. W. T. Jackson and Jere, Munford, Tn.; Mrs. Sheila Hendrickson and Amy, Manchester, Tn.; Mrs. Eulala Outland, Mr. and Mrs. Carl Lawrence, Tim and Roger, Detroit, Mich.; Mr. and Mrs. Carl Huser, Cary and Cathy, Boliver, Mo.; Mr. and Mrs. Mike McCullars, John McCullars, Mr. and Mrs. Brice Beavers, Terry and Jana, Herman Taylor, Mr. and Mrs.

Jerry Taylor, Springfield, Mo.

Rehearsal Dinner

Mr. and Mrs. Paul Taylor, parents of the groom, entertained the wedding party and guests at a buffet dinner at the Holiday Inn in Murray on Saturday, August 17.

The table was decorated with an arrangement of multicolored daisies and baby's breath. The couple chose this time to present gifts to their attendants.

Prenuptial Events

Before her marriage, the bride was honored with the following events:

A shower given by relatives and friends at South Pleasant Grove United Methodist Church, Murray.

A coffee given by Miss Ann Dean Carr at the home of Mrs. H. T. Waldrop, Murray.

A tea given by Mrs. Linda D. Wright and Mrs. Ralph Darnell, Murray.

A luncheon given by Mrs. Bailey Gore, Murray.

A miscellaneous shower given by Mrs. Brice Beavers, Springfield, Mo.

A household shower given by Dr. Delores Stanford, Hollister, Mo.

A personal shower given by Mrs. Sandy Vincent, Hollister, Mo.

A luncheon given by Mrs. Emilia Sasser, Mrs. Patsy Ross, and Mrs. Marsha Jones in Murray.

The lovely modern home of Mrs. G. B. Scott, Jr., on North Eighth Street was the scene of a sherry party held in honor of Miss Jan Shuffett, August 31st bride-elect of Buddy Dodson, on Friday, August 23.

Mrs. Phillip Mitchell, Mrs. Chad Stewart, Mrs. Jo Crass, Mrs. Cal Luther, and Mrs. Scott were the gracious hostesses for the special pre-nuptial occasion.

The bride-elect chose to wear from her trousseau a floor length navy and white floral print dress. She was presented a corsage of yellow and white daisies by the hostesses who also presented her with a special wedding gift.

Mrs. Charles Shuffett, mother of the honoree, and Mrs. William E. Dodson, mother-in-law to be of the honoree, were presented hostesses' gift corsages of yellow and white daisies.

Refreshments were served at the table covered with a white linen cutwork cloth and centered with an arrangement of yellow and white daisies and baby's breath in a crystal bowl. Forty-five ladies called between the hours of four and six p.m.

COLLEGE STUDENT

HENDERSON, TN. —Donald A. Riley, son of Mr. and Mrs. Cecil Howard Riley, 398 Blackman Road, Nashville, Tenn., has been accepted for admission to Freed-Hardeman College for the fall semester. He is a transfer student from Murray State.

Is she heading for a hospital honeymoon?

By Abigail Van Buren

DEAR ABBY: Bud and I are engaged to be married next Christmas. We've been going steady for over a year. Bud is very jealous and has a violent temper, so we agreed that neither one of us would dance with anybody else.

Last Saturday night we were at a club having a real good time. I went to the powder room for just a few minutes and when I came back, Bud was dancing with another girl. I just walked into the next room and joined a guy I knew. I sat down and we talked.

Bud must have realized I had been gone for quite some time, and he came looking for me. When he found me sitting with this other guy, he jerked me up out of my chair and beat me up. Then he led me to our table and told me to sit there until he was ready to go home. Meanwhile he continued to dance with other girls. I couldn't stop crying, so I got somebody to take me home.

The next morning Bud called to ask some questions about our wedding and he acted like nothing happened. Before I go through with this marriage, please give me some advice. Am I doing the right thing?

SECOND THOUGHTS

DEAR SECOND: Have some third, fourth, fifth thoughts. And then think some more. Unless you enjoy having your bridegroom rearranged, postpone your wedding until you are absolutely sure Bud has learned to control his violent temper. If you insist on going through with the wedding, that "something blue" you should carry is Blue Cross!

DEAR ABBY: I'm a guy, 14, but I look more like 18. My problem is that I hate to wear clothes. I know it sounds strange, but it's true.

We have a summer place on the ocean and I never wear anything in the house or in the yard when we go there.

I like to walk the beaches at night with nothing on. The few people I meet are young so they think it's sort of cool, but I'm not trying to act cool. I just hate to wear clothes. My mother disagrees with the idea, but I see nothing wrong with it. What do you think?

NO NAME IN CONN.

DEAR NO: Whether you are trying to be "cool" or not doesn't matter. Wandering around nude at night in a public area can find you cooling off in the cooler. I vote with your mother.

DEAR ABBY: Our daughter is being married at a large formal church wedding and we are presently planning it. As is the custom, the groom selected the ushers. (There will be six).

We are now informed that we must ask each usher if he wants to bring a date to the wedding, and if he does, we must send her an invitation. That's not all. We are also informed that these girls should be included in all the wedding party festivities—including the rehearsal dinner. Is this right?

NEEDS TO KNOW

DEAR NEEDS: No. If an usher is officially engaged, it would be gracious of you to invite his fiancée to the wedding. But it's not necessary for the ushers to bring dates. (They escort the bridesmaids.) (P.S. I am frequently asked if a "single" person who has been invited to a wedding dinner automatically has the privilege of bringing a date. The answer is no—unless there are unusual circumstances.)

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose a stamped, self-addressed envelope, please.

For Abby's new booklet, "What Teen-agers want to know," send \$1 to Abigail Van Buren, 132 Laaky Dr., Beverly Hills, Cal. 90212

To Be Married

Miss Patty Ann Greer and Ricky E. Harris

Mr. and Mrs. Clint Greer of Almo Route One announce the engagement and approaching marriage of their oldest daughter, Patty Ann, to Ricky E. Harris, son of Mr. and Mrs. Ralph Harris of Murray Route Three.

Miss Greer is a 1972 graduate of Calloway County High School and is presently employed by the Murray-Calloway County Senior Citizens.

Mr. Harris is a 1971 graduate of Calloway County High School and attended Murray State University. He is employed by the Murray Division of the Tappan Company.

The wedding will be solemnized on Friday, October 4, at seven p.m. at the Spring Creek Baptist Church with Bro. Stanley Lettman performing the double-ring ceremony.

All friends and relatives of the couple are invited to attend the wedding and the reception to follow at the home of the bride's parents.

Mrs. Colley Is Married To Fred O. Butterworth At Smith Home

Mrs. Martha Frances Colley of Murray Route One on Saturday, August 10, at six p.m.

The ceremony was performed by Judge Robert O. Miller at the home of Mr. and Mrs. Kenneth D. Smith of Kirtsey Route One.

The honor attendants were Miss Anita Butterworth, daughter of the groom, and Howard Colley, son of the bride.

Following the ceremony a buffet dinner was served on the patio to members of the family. Mr. and Mrs. Butterworth are now making their home on Murray Route One.

"Bachelor Living" Class For Senior Boys At Murray High School Offered

Home Economics has taken on a new look at Murray High School this fall with the course on "Bachelor Living" opened for senior boys.

Members of the class said the young men are very excited about the units to be covered in the class being taught by Mrs. Lucy Lilly, teacher. Working with her is Mary Linda Rogers, student teacher.

Titles and descriptions for the class are as follows:

"Youth Now—Adult Later"—a unit on grooming, etiquette, and personal relationships.

"Clothing Clues For Young Men"—will include choosing, purchasing, repairing, caring, and constructing clothing.

"Galloping Gourmets"—will find the young men doing one of their favorite pastimes, eating, and preparing foods. Emphasis will also be placed on meeting nutritional needs, planning, buying, and preparing easy-to-prepare dishes.

"The Child In Your Life" will be a unit on planned parenthood, getting ready for a baby and being a father.

"Dealing With Dollars" includes money management,

banking, credit and wise buying habits.

"Bachelor's Pad" will place emphasis on housing needs.

Already plans for field trips, guest speakers, activities, and class projects have been made.

Leta Taylor of Leta's Beauty Salon gave a demonstration on hairstyling and grooming for men. The first field trip will be to Buckingham Ray, Ltd., in order to get ideas about fashions for men.

Those enrolled in Mrs. Lilly's class are Eli Alexander, Brad Barnett, Larry Benton, Gary Buchanan, Mark Buckingham, Cliff Dibble, Dan Foster, Wes Furgerson, Steve Gilbert, Ken Grogan, Bobby Knight, Ricky Lovett, Mike Outland, Steve Porter, Doug Shelton, Doug Spencer, Craig Sulter, John Whitmer, Gil Wilcox, James Witherington, James Yates, and Jimmy Fenton.

Another section of Bachelor Living is being taught by Mrs. Sally Crass who is assisted by her student teacher, Judy Martin.

GIL WILCOX, son of Mr. and Mrs. Ralph Wilcox, has his hair styled by Mrs. Leta Taylor from Leta's Beauty Salon in the "Bachelor Living" class for senior boys on Wednesday at Murray High School. This is a new course being offered this year for the students.

Fashion Show Planned By Paducah Women

The Sisterhood of Temple Israel of Paducah will sponsor a luncheon and fashion show at noon on Thursday, September 12, at the Cabana Club in Paducah for the benefit of the group's outside charities.

Seven women's wear stores in the downtown, Paducah Mall, Cardinal Point and westend areas will show fall styles with well known Paducah and Marshall County girls and women as the models. A diamond ring will be given away as a door prize.

All tickets will be sold in advance and none will be sold at the door. The donation will be \$5.00.

Tickets are available in Paducah at the participating women's clothing stores or by calling the following:

Calvert City - Phyllis Epstein - 395-4540; Paducah - Natalie Cooper - 442-3136; Metropolis, Ill. - Margot Green - 524-4717; Cairo, Ill. - Bernice Eichhorn - 734-1188.

Personals

HOSPITAL PATIENT
Gina Starks of Murray has been a patient at Lourdes Hospital, Paducah.

Delta To Hold Meeting

Judge Raymond Schultz will be the guest speaker at the opening dinner meeting of the Delta Department of the Murray Woman's Club to be held on Tuesday, September 3, at 6:30 p.m. at the club house.

"Role of a County Judge" will be the theme of the talk by Judge Schultz, according to Mrs. Edwin Strohecker, program chairman.

Hostesses are Mesdames Walter Baker, Ewen Albritten, Henry Warren, Dwight Crisp, George Ed Overbey, Garnett Jones, and Aubrey Hatcher.

Jumpsuit

The jumpsuit for evening continues in popularity. Leo Narducci of New York does it for fall in a slim jersey "tube" shape, topped with a turquoise chiffon poncho, printed with Art Nouveau vine pattern in black.

'Clipper'

Designer Pauline Trigere gives a new name to a familiar coat length, the classic fingertip. She calls it the Clipper and does the coats both in fabric and fur.

Gingy Flora Is Pledge Of Alpha Gamma Delta

Twelve young women were pledged into the Gamma Xi chapter of Alpha Gamma Delta at Murray State University on August 26.

Included among this group was Gingy Flora, daughter of Mr. and Mrs. Wayne Flora of Murray.

The fraternity has initiated over 47,000 women since its founding in 1904. The chapter at Murray State is one of 102 which have been installed.

Alpha Gamma Delta has pioneered in two fields of altruistic work, camps for underprivileged children and advanced training of counselors in the job placement for the handicapped.

Now the fraternity is pioneering in a third field. Funds from the Alpha Gamma Delta Founders Memorial Foundation are given, through the National Society for Crippled Children and Adults, to selected colleges and universities around the country for grants to qualified students enrolling for professional training in the area of service to persons with minimal brain damage, for extending the schools' programs of research and study in this field.

Blouses

Blouse manufacturers had a rough time when women adopted the shirt almost universally. For fall and winter, however, the blouse is back, showing in soft, silky, satiny fabrics. Many are embellished with embroidery, laces, ruffles and lingerie accents.

Secret Weapon

From the Charlotte (N. C.) Observer

A Southern accent has been considered by some to be a handicap. As it turns out, it may be our salvation.

A computer at the Massachusetts Institute of Technology that can talk cannot understand a Southern dialect - choice habits like dropping the "g" from running, so in 1984 - just 10 years hence - when Big

Brother has his computers all-fired up, all we have to do is lay on that magnolias accent to escape constant surveillance.

If we wanted to be mean, we might even get someone from Charleston, S. C., to speak a few words to the computer. Surely that would blow every fuse.

De-Bugging America

(From The Cincinnati Post)

In a report just made public, the House Republican Research Committee says there is "increasing incidence of unregulated clandestine government surveillance (including) wiretapping, bugging, photographing, opening mail, examining confidential records and otherwise intercepting private communications and monitoring private activities."

Laws already on the books that are supposed to regulate non-national security wiretapping clearly are not enough to control this explosion of snooping. Other forms of surveillance are not covered at all, or are subject to conflicting and often ambiguous regulations.

The House study group urges comprehensive legislation covering all forms of eavesdropping by government or private agencies, in general recommending a law requiring court orders before any such activity can be carried out.

There seems no legitimate reason why the nation's voracious—and rapidly growing—information gathering apparatus should not be subject to this sort of control. We've already had one taste of where over-zealousness in pursuing one man's idea of national security can lead, and we need no more of it.

We hope Congress can work out legislation protecting our cherished right of privacy without handcuffing legitimate law enforcement.

Current Religious Thought

The Dignity Of Labor

By Pastor Bill Strong
Seventh-day Adventist Church

It was God's purpose to alleviate by toil the evil brought into the world by man's disobedience. By toil the temptations of Satan might be made ineffectual, and the tide of evil stayed. And though attended with anxiety, weariness, and pain, labor is still a source of happiness and development, and a safeguard against temptation. Its discipline places a check on self-indulgence, and promotes industry, purity, and firmness. Thus it becomes a part of God's great plan for our recovery from the fall.

The public feeling is that manual labor is degrading, yet one of the surest safeguards against evil is useful occupation, while idleness is one of the greatest curses; for vice, crime, and poverty follow in its wake. Those who are always busy, who go cheerfully about their daily tasks, are the useful members of society. In the faithful discharge of the various duties that lie in their pathway, they make their lives a blessing to themselves and to others. Diligent labor keeps them from many of the snares of him who "finds some mischief still for idle hands to do."

A stagnant pool soon becomes offensive; but a flowing brook spreads health and gladness over the land. The one is a symbol of the idle, the other of the industrious. The path of toil appointed to the dwellers on earth may be hard and wearisome, but it is honored by the footprints of the Redeemer, and he is safe who follows in this sacred way. By precept and example, Christ has dignified useful labor.

From His earliest years He lived a life of toil. The greater part of His earthly life was spent in patient work in the carpenter's shop at Nazareth. In the garb of a common laborer the Lord of life trod the streets of the little town in which He lived, going to and returning from His humble toil; and ministering angels attended Him as He walked side by side with peasants and laborers, unrecognized and unhonored.

Judicious labor is a healthful tonic for the human race. It makes the feeble strong, the

poor rich, the wretched happy. Satan lies in ambush, ready to destroy those whose leisure gives him opportunity to approach them under some attractive disguise. He is never more successful than when he comes to men in their idle hours.

Among the evils resulting from wealth, one of the greatest is the fashionable idea that work is degrading. The prophet Ezekiel declares: "Behold, this was the iniquity of thy sister Sodom, pride, fullness of bread, and abundance of idleness was in her and in her daughters, neither did she strengthen the hand of the poor and needy." Eze. 16:49. Here are presented before us the terrible results of idleness, which enfeebles the mind, debases the soul, and perverts the understanding, making a curse of that which was given as a blessing. It is the working man or woman who sees something great and good in life, and who is willing to bear its responsibilities with faith and hope.

It requires more grace, more stern discipline of character, to work for God in the capacity of mechanic, merchant, lawyer, or farmer, carrying the precepts of Christianity into the ordinary business of life, than to labor as an acknowledged missionary in the open field. It requires a strong spiritual nerve to bring religion into the workshop and the business office, sanctifying the details of everyday life, and ordering every transaction according to the standard of God's word. But this is what the Lord requires.

God designs that all shall be workers. God is a constant worker. The angels are workers; they are ministers of God to the children of men. Those who look forward to a heaven of inactivity will be disappointed; for the economy of heaven provides no place for the gratification of indolence. But to the weary and heavy-laden rest is promised. It is the faithful servant who will be welcomed from his labors to the joy of his Lord. He will lay off his armor with rejoicing, and will forget the noise of battle in the glorious rest prepared for those who conquer through the cross of Christ.

Letter To The Editor

Help For The Blind

Dear Editor:

While it is the job of this agency to write news stories for your newspaper and others, every once in a while a project or program comes along which requires the personal touch — or one which is so deserving that it should be handled on the spot. Such a case is at hand.

The Kentucky Library for the Blind and Physically Handicapped — an agency of the Kentucky Education Department has available to Kentuckians who cannot see or who cannot hold a book comfortably library services such as talking book records, cassettes, and open reel tape recordings of books and with them machines on which they can be played. They are mailed to the person. There is no charge and the machine is

issued to the person for as long as he is eligible to use it. Persons with either a permanent or a temporary handicap can obtain more information by calling 1-800-372-2968, a toll-free number.

Realizing that the letters to the editor section is one of the most frequently read sections of the newspaper it is my hope that those reading it who may have a blind or handicapped friend or relative may make them aware of this free service and thereby ease some of the burden for thousands of Kentuckians.

Sincerely yours,
Bill T. Furnish
Public Information Supervisor
Education and Arts Cabinet

From The Editor's Mailbag

Edited By GENE McCUTCHEON

Murray Ledger & Times Editor

(A compilation of notes gleaned from the daily mail—some of which will interest many, others that may interest only a few.)

The Senate passed a bill last week outlawing fraudulent pyramid sales operations which have plagued many Americans with get-rich-quick promises. The House of Representatives must now consider the bill.

The legislation defines a "pyramid sale" as any chain process in which a participant profits by enlisting more participants. The most famous example of pyramid sales was the "Dare To Be Great" scheme which sold cosmetic franchises and has had numerous suits filed against it.

Sen. Marlow Cook, a cosponsor of the bill, said the legislation lays out stiff penalties for persons involved in pyramid sales transactions.

Have you ever tried to ride a bicycle adjusted for someone who has longer legs than you? Then you know what it is to ride a bike that's the wrong size.

You wobble, ride in zig zags, and don't feel that you have control. And yet many people

buy children's bikes too large so "they can grow into them." Very often, the too large bike results in the child losing control and having an accident.

According to the consumer Product Safety Commission, bicycles rank No. 1 on the Commission's product hazard index. And many serious accidents involve children. In a new factsheet, the commission tells how to prevent bicycle accidents. Single copies of Bicycle Safety are available free from Consumer Information, Pueblo, Colo. 81099.

Family health insurance protection for your son or daughter usually ends when they reach 19, reports the Health Insurance Institute.

Protection also usually ends when the youngster marries although some policies will continue coverage to age 25 for unmarried, full-time students dependent on parental support. To be safe, check your policy when your children reach that age.

Sunday School Lesson

GOD'S PURPOSE FOR MAN

God created man in His own image, gave to him the capacity for fellowship with Him, and gave to him the privilege of subjecting to His will all created things. It was God's desire that man should enjoy the proper relationship with Him.

Genesis 1:26-31

All that anyone knows about the origin of man is what we are told in the Scriptures. The creator of man was the result of God's sovereign decision (verse 26), and by God's direct and immediate act (verse 27). If God had not decided to create man, he never would have been called into being. God purposed that man should have dominion over "every living thing" upon the earth.

When God made man, He made him in His own image, so there is an unbreakable dignity attached to him. What does it mean when the Bible says that God created man in His image? In no sense of the word does it mean that God is a corporeal being. There is nothing in the Bible which indicates that God looks like man because He created man in His own image. The Scriptures plainly teach that God is Spirit (John 4:24). So this image was not material or physical but rather a likeness of personality. Just as God knows, feels, and wills so man, made in His image, knows, feels, and wills.

Having created man, God gave him instructions concerning how his life was to be sustained. Man was to multiply by becoming the agent through which God would continue to populate this earth. Man was the exercise dominion over all that God had made. He was to be a vegetarian, eating the things that would grow from the ground. God rightfully expected man to reach the highest level of spiritual maturity, moral excellence, and devoted service.

When God surveyed what He had made, He saw that all had been well done. When we consider God's approval upon His work in creation, we are made to ask ourselves, "Is He pleased with work which He has been able to do in and through our lives?" Since God supplies all of our needs, we certainly ought to be faithful stewards and render service which will be acceptable to Him.

With a genuine need of God, and having a capacity for fellowship with Him, man was given the wonderful privilege of choice. Along with this privilege, he was given the responsibility for the choices which he made or makes. God also impressed on man the fact that He created him with the expectation that

he would be faithful in the stewardship of the rest of God's creation. Because God has given man dominion over his environment, he is responsible for the surroundings in which he lives. It is truly amazing what one, who is linked to God, can do to transform the environment in which he is placed.

Genesis 2:15-17

After God had created Adam in His own image, He placed him in perfect surroundings in the beautiful Garden of Eden, in which was to be found "every tree pleasant to the sight," whose fruit "was good for food." In the midst of the garden God placed two trees: "the tree of life" and "the tree of the knowledge of good and evil." The fruit of the latter gave insight into matters beyond what God knew to best for man. In love God warned Adam of the penalty which would be incurred if His prohibition were violated. This explicit command was a test of Adam's character. He had an abundance to satisfy his every need, so there was not any justification whatever for his partaking of the forbidden fruit.

In giving Adam the privilege of choosing between being obedient or disobedient, God gave him a clear warning of the consequences of disobedience — "for in the day that thou eatest thereof thou shalt surely die." That was not a threat, but a revelation and a warning. It was given in love and for Adam's good, just as if you should forbid your child to touch a hot stove lest he should get burned.

Genesis 3:22-24

After Adam and Eve had enjoyed their wonderful surroundings for a period of time, concerning the length of which it would be useless to conjecture, they became acquainted with an animal called the serpent. Satan indwelt the body of the serpent and used it as a vehicle of expression as he approached and tried to corrupt man, whom God had made in His own image.

Both Eve and Adam decided to disobey God and partake of the forbidden fruit. Because of their disobedience, it was necessary that God pronounce judgment upon them. After pronouncing judgment on the serpent, on Satan, on Eve, and on Adam, God expelled them from the Garden of Eden. They had been permitted to enjoy this place of wonderful bliss as long as they obeyed God, but their sin had separated them from God and the blessings which He had provided for them, and they were driven from the garden. They brought this punishment upon themselves by their willful disobedience, which was indeed inexcusable.

"Low Down"

FROM THE
Congressional
Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

WOULD VOID INTERLOCK SEATBELT BUZZER LAW

Senator Thomas F. Eagleton (Mo.) "... Last week I introduced a bill (S. 3840) with the Senator from New York (Mr. Buckley) to revoke the DOT regulation requiring the interlock seatbelt and buzzer system in new automobiles. Our bill would require manufacturers to continue to use such equipment but would leave the decision to purchase the devices up to the individual. Today, this bill has 15 sponsors....

"I take note of the action of the House yesterday in overwhelmingly adopting an amendment to the Motor Vehicle and Schoolbus Safety Act to make buzzers and interlock systems optional rather than mandatory equipment, although that measure goes further than the bill I have introduced in the Senate....

"Rarely have I been associated with a piece of legislation that has attracted such widespread interest and support from people of all political persuasions from every part of the country. The issue is rapidly becoming the No. 1 subject of my mail.

"Expressive of the resentment felt by many Americans toward this act of Federal "big brotherism" was a letter from a New York City physician thanking me for introducing the bill and inquiring as to who was responsible for the mandatory seatbelt regulations in the first place. He wrote:

"Would you please oblige by advising me of the name and whereabouts of the culprit as I expect to dedicate every waking moment from my practice to driving him from public life."

"I personally believe every driver should use seatbelts and I believe they should be encouraged to do so. But I do not believe that the Federal Government has a right to order an individual, in a matter that concerns only himself, to do something that it thinks is in his best interest...."

CRUMP'S GRASS ROOTS COMMENT

We have advance notice of the seatbelt interlock buzzer system in our column of July 31, 1974. The column was headlined, "BIG BROTHER SAYS 'BUCKLE UP OR BUZZ.' THE LOW DOWN" from the CONGRESSIONAL RECORD gave notice of a ruling that has proved to be aggravating to drivers of cars so equipped.

Bible Thought

To give knowledge of salvation unto his people by the remission of their sins. — Luke 1:77

Having Jesus' Spirit of love for all, we truly become disciples and lamp-lighters of the Light of the world, that we all shall be aglow in the Lord.

Isn't It The Truth

by Carl Riblet Jr.

Each of us discovers at just the most interesting moment of our lives that the opposite sex is indeed opposite — like the ladybug that made the happy discovery one sunny day that all ladybugs were not ladies.

"Sex — the thing that takes up the least amount of time and causes the most amount of trouble."

—John Barrymore

AN INVESTMENT IN YOUR FUTURE

ATTEND CHURCH

To SLEEP WELL

A farmer was interviewing a young man about a job. He naturally asked him many questions about his farming ability. Each one was answered with, "I sleep well, sir." The farmer knew he was taking a chance but he hired him anyway. Every morning he was careful to tell the young fellow what to do. And every evening he would ask if all the tasks had been completed. The young man would simply answer, "I sleep well, sir."

One night a terrible storm blew up. Fearing that his livestock may have panicked and scattered, the farmer rushed to find his new-found helper. Instead of being outside checking on things the young man was in bed sound asleep. Angriely the farmer awakened him and began to question him. The young man replied, "I told you, sir, I know my job and I do it well. I take care of everything before I leave my job. This lets me sleep well at night. So, go back to sleep, sir. Everything is safe."

What rejoicing there would be if all employers had such dedicated help. How wonderful it would be to go home at night without any worry about the job.

On this labor day, can we rest with the assurance this young man had? Do you do your job well? Can you sleep well at night?

Clayton And Pandolfi To Direct Racer Title Bid

By MIKE BRANDON
Ledger & Times Sports Editor

The basketball went flying through the air and ripped the cords.

It was back on defense now and he settled down into a crouch. The shot went up and he went crashing to the boards, bringing the ball down, locked in his arms.

He looked like a basketball player, the fluid and graceful motion.

But he wasn't. He was Don Clayton and the scene was in the middle of the winter. For Don Clayton, Mr. All-America, was trying to keep in shape for the 1974 Murray State football season.

There's never a dull moment in the life of Don Clayton... and there's never a dull moment in a Murray State football game because of his presence.

And because of Clayton and explosive quarterback Tom Pandolfi, the Racers are the pre-season choice of conference coaches to capture the Ohio Valley Conference crown.

But Murray State football coach Bill Furgerson isn't so sure about winning what would be the first conference title since 1951.

"Our primary concern is rebuilding the offensive line, hit hard by graduation."

"Clayton is right now a better football player than he was last year," Furgerson said, "but he can only be as good as the offensive line."

The offensive line is going to be good.

Within himself, Bill

Furgerson knows it. He has seen it come along every day in practice. But like the cat, about ready to spring for the prey, Furgerson will make no noise.

The line will be anchored by Charlie Carpenter, who will be stepping into the right guard position, a switch from last year when he was selected as an All-OVC tackle.

Carpenter has the size and the speed. At 6-3, 243-pounds, Carpenter is already a target of professional scouts.

And most importantly, he can block. In a scrimmage game last Saturday, Carpenter, a former Marine, scored 92 percent on his blocking assignments.

At the other guard position will be veteran Russ Carlisle and walk-on success Bill Lee.

Carlisle, a starter at a guard position last year, is 5-10, 190-pounds and his presence in the lineup will give the Racers a solid 1-2 combo at the two positions.

Lee has been a success story. A 5-10, 203-pound sophomore, Lee came to the Racers from Fulton as a walk-on. And now, this year, he has earned a spot on the line, sharing the guard position with Carlisle.

The one problem for Furgerson thus far has been the center position. David Mains, who started there last year, is recovering from leg surgery and will not play this season.

In his place is 5-11, 210-pound Tony Menendez, a junior from Dade City, Fla. Menendez earned the job last spring, only three days before the annual Blue-Gold scrimmage game.

Menendez sat out the 1973 season because of an injury. He played as a defensive tackle the season before that.

"It's not much of a problem for Carpenter to adjust to his guard position but for Menendez, it's a different story. But he has been coming along well in practice and we feel he'll be able to do a good job for us," Furgerson said.

Mark Lacy and Dan Helfrich will share duties as left tackles while Buff Fritz will start on the right side.

Helfrich was a defensive tackle last season. He is a 6-4, 260-pound junior from St. Louis.

Fritz is a 6-1, 238-pound sophomore from Loveland, Ohio, while Lacy is a 6-3, 266-pound junior from Cincinnati.

Two big holes are left to be filled on the right side where All-OVC Bill Farrell and three-year veteran Scotty Crump are gone due to graduation.

Three candidates, sophomore Ron Kempfe, sophomore Doug Sanders and junior Marty Strouse are all vying for Farrell's vacated spot.

Redshirted freshman Garry Brumm and Bradley Hemann are battling for Crump's vacated post.

Willie DeLoach, who last year had 21 receptions for 325 yards and a pair of touchdowns, will be at the other wide receiver position. Another candidate who will be seeing plenty of action is freshman

Larry Foxwell.

The backfield is solid with Pandolfi and Clayton plus a host of other outstanding quarterbacks to backup the three-season starter, Pandolfi.

Last season, Pandolfi passed for 1621 yards and 10 touchdowns while running for five six-pointers. He was second in the league in total offense.

According to Furgerson, Pandolfi is better now than he was at the end of the season last year.

Behind Pandolfi in the fullback position will be B. F. Behrendt, a sophomore from Reidland. He carried the ball only four times in all of last season.

But according to Furgerson, his blocking for Clayton in scrimmage has been outstanding and he should be a key figure in the lineup.

"Everyone's going to be keying on Clayton," Furgerson

said.

"Whether or not he can get 1400 yards this year is another question."

His best game last year came against Morehead when he racked up 205 yards on the ground.

And against Western Kentucky, whose defense had given up an average of only 98 yards on the ground per game, Clayton amassed 190 yards.

Furgerson calls the Kodak All-American the best college runningback in the United States today.

The first test of the 1974 campaign will come next Saturday night in Stewart Stadium when the Racers host Cameron State College.

Furgerson says the game will be the toughest home opener since Murray defeated Eastern Michigan 28-20 in 1969.

It will also be the official dedication of Stewart Stadium.

Tom Landry Loves Challenge And He's Got One This Year

By DENNE H. FREEMAN

AP Sports Writer

DALLAS (AP) — Tom Landry has always said he loves a challenge and he's got it this year, his 14th as the only coach the Dallas Cowboys have known.

He has worked rookies and veterans hard at the Thousand Oaks, Calif., training camp, starting daily with a dawn run over a small mountain dubbed "The Hill." Assistant coach Mike Ditka leads the group and Landry tags along behind to tongue-lash stragglers.

Anyone not putting out gets the gate, like wide receiver Otto Stowe.

There are several reasons Landry is driving himself and his players harder than at any time Cowboy observers can remember.

—Landry has five players on his team who are lame ducks,

waiting to join World Football League clubs: Calvin Hill, Rayfield Wright, Jethro Pugh, D.D. Lewis, and quarterback Craig Morton.

—Stowe and running back-receiver Mike Montgomery are gone and must be replaced.

—Landry is proud of his team's record of eight consecutive National Football League playoffs.

—Landry felt the Cowboys had a good enough team to be in the Super Bowl last year but unraveled in the clutch.

"The key thing for us is to reach the performance level we had toward the end of last season," says Landry. "If we can start out that way in September and sustain it, we'll have an excellent chance of reaching the playoffs."

In the backfield will be Hill and veteran fullback Walt Garrison.

The wide receiver is second-year man Drew Pearson, a free agent sensation last year after Stowe broke an ankle. Bob Hayes is expected to hold down the other receiver spot but Golden Richards could change the ranking because of a tremendous preseason.

The offensive line is rated one of the finest in the NFL. Guards Blaine Nye and John Niland, tackles Wright and Ralph Neely and center John Fitzgerald provide Landry with consistency. Tight ends Billy Joe DuPree, Jean Fugett and rookie Ron Howard are solid.

Defensively, the Cowboys have No. 1 draft choice Ed "Too Tall" Jones, an end from Tennessee State, who has sparked in preseason games with his quickness. Landry hopes to move Jones alongside tackle Bob Lilly, who has recovered from a 1973 injury.

Linebacking is another strength with Lee Roy Jordan in the middle, and Dave Edwards and Lewis on the outside. Lewis' job is shaky with veteran John Babinecz and two rookies fighting hard.

Dallas has Mel Renfro and Charlie Waters at the defensive corners and Cliff Harris at free safety and Cornell Green at strong safety.

The Cowboys have been written off by some who say they are old and have too many WFL lame ducks. Landry doesn't buy it.

"The only way a person can really become strong is to have setbacks," Landry says. "When you take on the Cowboy team, you won't find them too easy."

Chris Evert Wins In Borrowed Tennis Wear

By KAROL STONGER
AP Sports Writer

FOREST HILLS, N.Y. (AP) — Chris Evert jumped the gun on wedding tradition in her 1974 debut at the U.S. Open Tennis Championships.

She wore something borrowed. Not for luck, but for lack of a dress, left behind in Greenwich, Conn., where she is staying during the tournament. She donned an understated little A-line owned by Kris Kemmer and overwhelmed Gail Chanfreau of France 6-1, 6-1 on the West Side Tennis Club's grassy center court Wednesday.

Then, the future Mrs. Jimmy Connors answered endless questions about her pending marriage. "I'm just glad the wedding is only two months away," she said. "Then maybe all of the publicity will die down and we will have some privacy."

Miss Evert has won 13 events so far this year, including the last 10 in a row. Connors has won 11. Their most lauded victories, however, were at Wimbledon, which earned them their respective No. 1 seeds for Forest Hills.

Although Chris is the bride-to-be, Billie Jean King looked more the part. Pale-skinned, from indoor World Team Tennis play, Mrs. King put on a white lace dress with matching long-sleeved jacket for her match with another WTT player, Isabelle Fernandez of Colombia. Mrs. King, the No. 2 seed, won handily 6-2, 6-2.

Crowds turned out in record numbers for the second straight day, and were pelted by late-afternoon rain for the second straight day, but what they saw was pure sunshine.

Fifth-seeded Evonne Goolagong, the effervescent Australian, defeated Jeanne Evert, Chris' younger sister, 6-3, 6-0; Rosemary Casals, the No. 6 seed, ousted Barbara Downs, a fellow Californian, 6-2, 6-2; and Kerry Melville of Australia, the No. 4 seed, advanced when Anna Maria Pinto-Bravo of Argentina defaulted at 4-0 in the first set.

Although rain washed out the scheduled matches of Jimmy Connors and Stan Smith, who share top ranking among

United States men, there was plenty of other action to excite the 13,128 tennis buffs.

All of the seeded men who competed advanced, but only Arthur Ashe and Manuel Orantes ran out their victories in the minimum of three sets.

Ashe, the No. 8 seed, eliminated Trey Waltke of St. Louis 6-3, 7-6, 6-2 and Orantes, the 10th seed from Spain, ousted Frantisek Pala of Czechoslovakia 6-4, 7-5, 6-4.

Sweden's boy wonder, Bjorn Borg, the No. 4 seed, held on through a rain-delayed match and finally downed Victor Amaya of Holland, Mich., 6-4, 4-6, 6-3, 6-3.

Tom Okker, the sixth-seeded Dutchman, had to go four sets to topple a tenacious Erik Van Dillen of Aptos, Calif., 6-7, 6-2, 7-5, 6-2 and Marty Riessen, seeded 11th, lost the first two sets but rallied for a 6-7, 3-6, 6-2, 6-0 triumph over Steve Krutvitz of Baltimore.

Another relatively unknown American, Ferdi Taygan of Framingham, Mass., gave Guillermo Vilas, the No. 9 seed a tough test, but Vilas eventually prevailed 6-3, 6-2, 6-7, 2-6, 6-3.

Redskins And Steelers To Play Pre-Season Exhibition Tonight

By ANDY LIPPMAN
AP Sports Writer

One of the most successful quarterbacks in the National Football League preseason has been Pittsburgh's Joe Gilliam. And when he leads the Steelers against the Washington Redskins tonight, Gilliam will be placing his skills in comparison with the Steelers' Terry Bradshaw and Washington's Sonny Jurgensen, two men who have made a success of a habit.

If Gilliam continues his success, it could mean failure for the two veterans.

Gilliam this preseason has led the Steelers to four straight victories. He has completed 53 of 86 attempts for 874 yards and leads the league with seven touchdown passes.

Meanwhile, Jurgensen, the 18-year veteran, is still trying to prove he has recovered from off-season knee surgery and will undergo a critical testing tonight that could nudge him onto the taxi squad and into ultimate retirement.

Bradshaw also has been hampered by an injury — to his passing arm — and has found himself in the second slot behind Gilliam.

In the other games tonight, Green Bay is at Miami and Detroit is at Buffalo.

On Saturday, Philadelphia will face the New York Giants at Princeton, N.J.; Denver will meet New England at Spokane, Wash.; Minnesota will be at Atlanta; Kansas City at Dallas; the New York Jets at New Orleans; Los Angeles at San Diego, and Chicago at Houston.

Cincinnati and Cleveland will play at Columbus, Ohio, on Sunday and Oakland will be at San Francisco in a nationally televised game Monday night.

Miami is trying to rebound from its worst loss in three years when it hosts Green Bay. Los Angeles walloped the defending champions 31-13 last Saturday and the Dolphins hope the return of running back Mercury Morris will stimulate their offense. Morris has been held out of action in previous games to give him time to recuperate from a back injury suffered last season.

The Packers will start Jack Cannon at quarterback because of an injury to Jerry

Tagge. To get its own team on the right track, Buffalo Coach Lou Saban has switched defensive end Earl Edwards to tackle and installed reserve defensive end Bob Kampa in Edwards' slot against Detroit.

Buffalo's offense fell apart last week against the Vikings as O.J. Simpson was limited to 18 yards in seven carries.

Alice Purdom Golf Medalist At Club

Alice Purdom served as golf hostess on Wednesday morning, Aug. 2, for the regular ladies day golf at the Murray Country Club.

Betty Lowry won the championship flight. Other winners included Betty Jo Purdom, first flight; Betty Stewart, second flight; and Doris Cella, third flight.

Inus Orr won a ball for two chip ins and low putts. Approximately twenty women golfers participated.

Cardinals Nip Padres, Curtis Has One-Hitter

By BRUCE LOWITT
AP Sports Writer

"I had a ballgame to win, not a no-hitter to pitch," said John Curtis. "The way the season's been going for me, you can't be too selective of your victories."

The St. Louis Cardinals' 26-year-old left-hander came within one pitch — "a purpose pitch" he called it — of pitching the third no-hitter this year and the first in the National League.

But that one pitch rocketed off the bat of San Diego's Fred Kendall in the eighth inning and wrecked not only the no-hitter but the shutout as well.

Fortunately, Jim Dwyer and Mike Tyson got a couple of hits when they really counted and gave Curtis an 8-12 record and the Cards a 3-1 victory over the Padres Thursday night.

Curtis lost a perfect game, no-hitter and shutout all in the eighth inning. He walked lead-off batter Dave Winfield on a 3-2 pitch, walked Derrel Thomas with one out, then gave up Kendall's solid run-scoring single to left that tied the game. The Cards had taken the lead in the seventh on Ted Simmons' 17th home run.

"I got behind Winfield 3-0 in a hurry," said Curtis, "and he's a pretty free swinger. Maybe I was a little too careful and I lost him — but that didn't concern me too much. He hit a homer to beat me the last time I was here."

"When Kendall got his hit I wasn't too let down," he continued. "It was a sort of 'purpose pitch' inside. I was trying to make him swing at a bad pitch."

In the ninth, Bake McBride, Ken Reitz, Dwyer and Tyson hit successive two-out singles to

move the Cards within half a game of first-place Pittsburgh in the National League East.

"It's quite a thrill for me," Curtis said. "And it comes late in a year when battling for something. That's an added thrill."

And Simmons, who caught Curtis' game, added: "This is last month of the season and we're in a pennant race. There was no extra pressure because of the no-hitter. Oh, there's pressure — but there's no sense concerning yourself about it 'cause it's gonna get worse."

Dodgers 3, Cubs 1
Andy Messersmith and Mike Marshall combined to three-hit the Cubs and give the Dodgers their fifth straight victory to widen their lead in the National League West to 3½ games over Cincinnati.

Messersmith held Chicago hitless until rookie Pete LaCock led off the seventh inning with his first major league homer.

"At least I went out with a bang," Messersmith grinned. "I hate to give up a no-hitter but I'd rather lose it with a home run than a little single."

Mets 7, Astros 0
Tom Seaver looked like the Seaver of old — but admitted he'll probably never pitch like the Seaver of old.

"I accept the fact that I won't be able to throw as hard as I once did. The times that I will throw a good fastball are fewer and farther between," the one-time flamethrower said after hurling a five-hit shutout by concentrating on breaking pitches and changeups.

The Mets snapped Dave Roberts' 26-inning scoreless streak in the first inning when Bud Harrison doubled and came around on Felix Millan's bunt single and a sacrifice fly by Ted Martinez. They added three more runs in the third, then scored their final three in the sixth off reliever Jim York.

Giants 3, Pirates 2
Dave Kingman drove in two San Francisco runs with a fourth-inning homer and an 11th-inning single that beat the Pirates.

Gary Matthews opened the 11th with an infield single and was bunted to second. Dave Guisti then walked Chris Speier intentionally before Kingman singled to left. Willie Stargell sent the game into extra innings with his 21st homer, a ninth-inning shot.

Braves 7, Expos 2
Mike Lum hit a solo home run in the second inning and Ralph Garr clouted a three-run shot in the third to lead the Braves past Montreal.

Lum's ninth homer gave Atlanta a 1-0 lead, the Expos tied the score in the bottom of the second, then Garr hit his 10th after Steve Rogers hit Vic Correll with a pitch and Larry Lintz dropped Rogers' throw at second on an attempted force play. Ken Singleton homered for the Expos.

Red Sox 3, White Sox 2
"It was just another 'ball game,'" said Wilbur Wood. "I

Hambletonian Postponed For Second Straight Day

By DU QUOIN, III. (AP)

For the second straight day the announcement cracked over the DuQuoin State Fair public address system: "Today's harness racing program, including the Hambletonian, has been postponed until tomorrow."

It was the eighth time in the 49 years of the classic trot for 3-year-olds that the Hambletonian Stake was postponed a day because of rain. Post time was reset for 1:30 p.m. CDT Friday.

As rain pelted the mud-slickened track, 22 trotters waited for a shot at the record \$166,150 purse.

Fred Huff, publicist for the Fair, refused even to consider the possibility the race might have to be moved to another track.

"We are going to go on the assumption that we are going to have it Friday," he said. If the race cannot be held by Saturday, though, the Ham-

bletonian Society, owners of the race, are set to meet to pick another track.

An official of Wolverine Harness Raceway in Livonia, Mich., said Thursday that he informed inquiring members of the Hambletonian Society that Wolverine would welcome the race, the premier stakes of trotting.

In the stables, some trainers began to worry about a conflicting racing date. Some of their 2-year-olds, also waiting to race at Du Quoin, are entered in Tuesday's Matron Stake at Wolverine. They would like their trotters to have at least a four-day rest between races.

Steve Brown, manager of the Walnut Hall Farm in Lexington, Ky., where the 2-to-1 Hambletonian favorite Golden Sovereign was bred, said the delay "might take a little edge off some of" the entries.

Office of your PCA man.

You don't have a lot of extra time to spend in town. So your Production Credit man makes your feedlot, pasture, orchard or cornfield his office. And these on-farm contacts help keep him up-to-the-minute on local conditions. This puts him in a better position to understand your money needs. His sole purpose is to provide you with farm credit services. And he doesn't mind a little mud on his shoes or dust on his dashboard. Hard man to find? Not at all. He may be passing your place now.

Mike Coleman: The Man Nobody Knew

Mike Coleman is caught in a dilemma. He doesn't know exactly what to do. One thing for sure, he can't play basketball for Murray State University this season because of the eligibility ruling by the NCAA regarding the use of the outlawed conversion tables by the Ohio Valley Conference.

Down deep, Coleman wants to play ball somewhere. But also tugging at Coleman's emotion is the fact that all of his friends are here in Murray.

And for that reason, he is giving some serious thought about remaining here and finishing up school, rather than playing ball somewhere else.

If he should do so, his collegiate career would be over because he can't play next season.

So what does Coleman go, to a strange school and start all over or stay in Murray and try for an education?

You see, beneath that huge 6-5, 220-pound giant is a Mike Coleman that many people don't know.

Sure, he knows he set a record last year for the most field goals attempted in one season at Murray State. And he knows what everyone has said about him not being eligible to play.

But really, Mike Coleman isn't the bad guy he's made out to be. He's a big kid, a kid whose been hurt because he's been forced to make a decision he shouldn't have ever had to make in the first place.

If there's one thing Mike Coleman learned last year, it's that one man scoring 25 points a game isn't going to make a team. And believe it or not, Coleman knows it.

It took a while for him to figure that out. Mike Coleman would have been great this season for Murray. He is moving better than he has since he came here as a freshman three years ago.

He has shed a lot of weight and is in fact, in top shape.

In a pickup game yesterday, he was going wild underneath the boards, displaying an animal-like aggressiveness that hasn't been seen in him since that freshman season.

And he wasn't sitting from 30 feet out gunning either, he was playing under the

basket, like he owned the place. "It would be great thing for him to stay here," Racer Coach Fred Overton said.

"It could really help in our recruiting." For a guy that was crucified by fans, and in a way he deserved it sometimes, Mike Coleman isn't a bad guy at all. And it's time a few people knew it.

Win Meal At Rudy's

Bobby Martin of 1618 Kirkwood is this week's winner of the free meal at Rudy's Restaurant.

The question was: "One university has produced more football coaches than any other. Name that school, known as the 'college of coaches.'"

The correct answer was Miami of Ohio. Several other people who called in after Martin had the right answer.

Next week's question will be about Murray State basketball and this one will either be one of the easiest ones yet or else it will stump everyone. There won't be any in-between.

Tiger Football Dinner

A good crowd was on hand last night in the Murray Middle School gymnasium for the Murray High Tiger Kickoff Football Dinner. The event was sponsored by the Big M Club, a group of ardent Murray State football boosters.

Pete Waldrop served as the master of ceremonies while Dick Stout, who played for Murray High and Murray State, was the featured speaker.

Tiger Coach John Hina introduced his squad after the meal, catered by Dave Marquardt and Burger Queen.

The '74 Tigers consists of 24 seniors, 13 juniors and 14 sophomores.

Yesterday, the Tiger defensive unit was featured in the sports section of the Murray Ledger & Times.

On Monday, the offensive unit will be featured as our pre-season football coverage will continue throughout next week on both the Tigers and Murray State.

Malone Says He Can Make It With Stars

By BERT ROSENTHAL
AP Sports Writer

NEW YORK (AP) — First, there was the George Mikan era of pro basketball. Then came the period beginning with Bill Russell and Wilt Chamberlain. They were followed by Lew Alcindor, now known as Kareem Abdul-Jabbar.

Now it's Bill Walton — and possibly Moses Malone.

The big difference between Malone and the other dominant centers is that they attended college before turning pro and he did not.

But the rare leap from high

school in Petersburg, Va., last season to the Utah Stars of the American Basketball Association this year does not faze the soft-spoken, confident 6-foot-11 potential pro superstar.

"I think I can make the team," he said in classic understatement Thursday at a gala news conference officially announcing his signing of a contract estimated at more than \$3 million.

"I plan to work hard," continued the ambidextrous youngster. "I am not a selfish player. I know the importance of playing team ball. And that's what I will try and do."

Malone said he patterns his play after Spencer Haywood, a former star in the ABA and now an All-Star with the Seattle SuperSonics of the National Basketball Association. Not only does Malone have great size, but also tremendous quickness. His best shooting range is from 15-18 feet and he is an excellent shot-blocker.

At Petersburg, he led the school to 50 straight victories over two seasons and two state championships while averaging 39 points, 26 rebounds and 12 blocked shots per game. He also was twice a high school All-American.

"Moses does things the way Haywood does," said Bucky Buckwalter, who formerly coached Haywood and now is the Stars' director of player personnel and considered the top candidate for the team's coaching vacancy. "He can overpower you from the inside and shoot well from the outside. He also is a great shot-blocker and rebounder."

"Moses is as good right now as Bill Walton," said George Raveling, basketball coach at Washington State.

The Stars obviously thought he was ready for the pros, even at the tender age of 19, and for that reason, they stunned the other ABA clubs by selecting him at the league's draft last April.

But it wasn't until last Saturday that they began serious negotiations with him. It was

shortly after James A. Collier, a Salt Lake City businessman, had assumed ownership of the club and only eight days before an ABA deadline would have prevented them from signing Malone without him first playing his freshman season at the University of Maryland, with whom he had signed a grant-in-aid in June.

When he finally decided, Malone agreed to a five-year contract with Utah. The Stars originally had offered him a 15-year contract, but it was trimmed to five years to give him the power to renegotiate if he becomes a standout player.

Financial terms were not disclosed, but reportedly the contract was worth \$3.3 million, including fringe benefits, bonuses, insurance policies, stock options and contingency provisions.

Methodical Running Offense Thing Of Beauty To Dolphins

By JOHN R. SKINNER
AP Sports Writer

MIAMI (AP) — The methodical, run-dominated offense which has taken the Miami Dolphins to two straight Super Bowl crowns has been called dull and boring by critics, but to Coach Don Shula it's a thing of beauty. It wins.

And for fullback Larry Csonka's final year in the National Football League, it will remain.

Shula badly wants to be the first coach to capture three straight Super Bowl titles, and he won't worry about finding replacements for World Football League defections Csonka, Jim Kilick and Paul Warfield until he has to in 1975.

Shula escaped the players' strike with no sign of team disunity, with 34 veterans reporting to camp during the strike.

The only sign of unhappiness has been in veterans' demands for fat, renegotiated contracts which have been offered to only a handful to keep them from being snatched up by the NFL. A few rookies will probably make the team, like top draft

pick Donald Reese, a defensive end, but none are likely to crack the veteran and still youthful lineup unless injuries develop. The Dolphins also have experienced backup men for every position.

The offensive line of center Jim Langer, guards Larry Little and Bob Kuechenberg, tackles Norm Evans and Wayne Moore and tight end Jim Mandich is one of the NFL's best.

With their blocking, Csonka has had three straight years of over 1,000 yards rushing and Mercury Morris just missed his second straight 1,000-yard year last season.

Warfield and Marlin Briscoe give Shula the balance to keep foes from stacking defenses to stop the run. Quarterback Bob Griese threw for 1,422 yards and 17 touchdowns last year.

The defense was the American Conference's stingiest last season and then smothered Cincinnati, Oakland and Minnesota in the playoffs.

The defenders once known as the "No-Names" are now celebrities — tackles Bob Heinz and

Manny Fernandez, ends Bill Stanfill and Vern Den Herder, linebackers Nick Buoniconti, Mike Kolen, Doug Swift and Bob Matheson, cornerbacks Tim Foley and Curtis Johnson and safeties Dick Anderson and Jake Scott.

The "53 defense," begun two years ago to solve an injury problem, has evolved into a key pass defense. It finds Matheson, who wears No. 53 on his uniform, replacing a tackle and lining up either as an end or linebacker.

The rule change which appears to hurt Miami the most is the moving of the goalposts back 10 yards. Soccer-style kicker Garo Yepremian had been a threat to score whenever the Dolphins reached mid-field.

HOCKEY

NEW YORK — The New York Rangers acquired veteran left winger Greg Polis from the St. Louis Blues for defenseman Larry Saccharuk and a first-round selection in the 1976 or 1977 National Hockey League draft.

ABC's 'Closeup' To Offer Inside Look

NEW YORK (AP) — You may be a bit peeved at the end of the Labor Day weekend, but take a look Monday night at ABC's "Closeup," which dwells on the programs the three networks offer viewers every night of the year.

The hour-long show, covering only entertainment programs, studies how and why they're aired, and the effect ratings, advertisers, various critics and the much-publicized annual Senate hearings run by Sen. John Pastore, D-R.I., have on the direction these shows take.

Called "Prime Time TV: The Decision Makers," it's a fair over-all look at a much-battered subject. It's worth watching if only to learn more about various pressures shaping the network's evening schedules.

Also, it is as hard-hitting as a wet noodle.

No startling revelations emerge, the peppy issue of ratings never is raised and the show's explanation of the controversial A. C. Nielsen ratings system — the heart of television life — is skimpier than the string bikini.

The biggest gripe I have about the show is that virtually all of it centers on the New York establishment, with well-known worthies here emitting the same criticism or words of defense they've made to print reporters for years.

The hinterlands, as some call any place outside Manhattan, are barely represented.

Ah, well, check out ABC's

And that's about as far as you can go ...

The farthest distance from any extreme point of the 50 states or U.S. territories to the geographic center is 6,567 miles, representing the distance between Oro Point, S.D., to west of Castle Rock, S.D.

The shortest distance between such points is 507 miles, the distance from Lake of the Woods, Projection, Minn., to Castle Rock.

DURABLE WOOD
Wood pillars have been discovered intact after being under the streets of Venice for more than 1,000 years.

Marjorie Guthrie tells how her husband, American folk singer and poet Woody Guthrie, was struck down by Huntington's Disease, when she makes a special appearance on "Genetic Defects: The Broken Code" Wednesday, September 4 at 8 p.m. CDT on Kentucky Educational Television (KET). The program is the third 90-minute documentary in THE KILLERS series to be seen September 2-6.

THE MURRAY, KY., LEDGER & TIMES, Friday, August 26, 1974

'The Killers' Returns To KET This Week

Monday, Sept. 2. "The Killers," a highly-acclaimed health series, returns this week on Kentucky Educational Television (KET). This retooled series, scheduled for Sept. 24, is part of KET's observance of Health Awareness Week. The series examines the major causes of death in the United States, such as accidents and violent crimes, heart disease, genetic defects, pulmonary disease and cancer. The five programs, in the series are:

- "Trauma: It's An Emergency," 8 p.m. CDT, Tuesday, Sept. 3.
- "Heart Disease: The 20th Century Epidemic," 8 p.m. CDT, Wednesday, Sept. 4.
- "Pulmonary Disease: The Hidden Enemy," 8 p.m. CDT, Thursday, Sept. 5.
- "Cancer: The Silent Killer," 8 p.m. CDT, Friday, Sept. 6.
- "Genetic Defects: The Broken Code," 8 p.m. CDT, Saturday, Sept. 7.

husband, Woody Guthrie, died of Huntington's Disease.

"Pulmonary Disease: The Hidden Enemy," 8 p.m. CDT, Thursday, Sept. 5. "Pulmonary Disease: The Hidden Enemy," examines the relationship between cigarette smoking and lung disease. Investigates occupations that lead to pulmonary illness, and describes the killer-pollutants that are found in the air of America's cities. In addition, the program shows the latest techniques in the treatment and diagnosis of lung disease.

"Cancer: The Silent Killer That Won't Die," 8 p.m. CDT, Friday, Sept. 6. The final segment of "The Killers" focuses on varieties of cancer that can be detected early and treated, such as breast cancer. "Cancer: The Silent Killer That Won't Die" views a Memphis hospital where young victims of leukemia are being successfully treated by radiation. In addition, the program includes an examination of the country's cancer treatment centers and an interview with a woman who has an advanced case of cancer.

SPECIALS TELL THE STORY—Pictured are scenes from four of the major specials (three based on acclaimed books and the fourth adapted from an applauded Broadway play) which will be broadcast on the NBC Television Network during the 1974-75 season. Lisa Harrow and Simon Ward (upper left) play a veterinarian and his fiancée in the "Haitian Hall of Fame" adaptation of the book, "All Creatures Great and Small." That's Hal Holbrook (upper right) portraying Abraham Lincoln for "Sandburg's Lincoln," six one-hour dramas based on Carl Sandburg's Pulitzer Prize-winning biography of Lincoln. The first is due Friday, Sept. 6 (9-10 p.m. CDT). Stanley Baker stars in "Robinson Crusoe" (lower left), a British Broadcasting Corporation two-hour special based on the Daniel Defoe classic to be broadcast on NBC-TV Wednesday, Nov. 27 (7-9 p.m. CDT). And Arthur Miller's two-hour adaptation of the powerful Broadway play, "After the Fall," will star Faye Dunaway and Christopher Plummer (lower right) during the new season.

Your Individual Horoscope

Frances Drake

FOR SATURDAY,
AUGUST 31, 1974

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

ARIES

(Mar. 21 to Apr. 20) Restraint and control of the emotions needed in discussions. Listen to all and judge objectively. Leave out personalities and conjecture. Don't let the "double talk" of others confuse you.

TAURUS

(Apr. 21 to May 21) Venus, favorable, stimulates your creative abilities and your imagination, but don't let the latter run "wild." Maintain a down-to-earth attitude even as your ambitions soar.

GEMINI

(May 22 to June 21) A certain amount of daring could prove profitable but, as with the Taurus, don't let your imagination run out of bounds. The Gemini is usually forthright. May he be so now!

CANCER

(June 22 to July 23) A new contact, possibly a change of scenery or activity indicated. Make the most of all—to provide a highly stimulating day!

LEO

(July 24 to Aug. 23) The Leo likes room for action, new projects, the means to improve undesirable situations. This day provides the opportunity for all of these. You should accomplish a great deal.

VIRGO

(Aug. 24 to Sept. 23) Without realizing it, you may be a victim of your own fears and misgivings. Pull yourself together. This is a day which calls for clear thinking and definite action. Delays could prove costly.

LIBRA

(Sept. 24 to Oct. 23) Your stars highly propitious. Especially favored: romance, travel, creative and cultural interests; also family matters.

SCORPIO

(Oct. 24 to Nov. 23) Don't rock the boat and don't push anything, or anyone, too far—or you'll regret it. Study causes, effects, people themselves. Use your canny judgment.

SAGITTARIUS

(Nov. 23 to Dec. 21) Be discriminating. No matter what the situation, don't judge on surface appearances only. Don't completely disregard first impressions of strangers, however.

CAPRICORN

(Dec. 22 to Jan. 20) Control your imagination while you also develop its tremendous potential for furthering your advancement. Don't let random ideas lead you out of bounds.

AQUARIUS

(Jan. 21 to Feb. 19) Your outlook not entirely auspicious. Contention may pop up in the least expected places. Exercise restraint, put forward your very best manner and good-will to counteract.

PISCES

(Feb. 20 to Mar. 20) You may be too impressionable now. Avoid becoming involved in ticklish situations into which you could be trapped—and which could cause trouble later.

YOU BORN TODAY are endowed with a fine intellect; are always logical and analytical in your thinking. This fact, coupled with your excellent memory for work involving thorough knowledge of records and informative data, and your meticulousness in handling details, especially fits you for a career in science or technology. But you would also make an outstanding teacher, writer or business executive. In the latter case, your gifts for organizing and promoting would be of special value. Other fields suited to your talents: the stage (as actor, dramatist or critic); music; medicine (especially as diagnostician); or journalism. Birthdate of: Theophile Gautier, Fr. novelist; Wm. Saroyan, author, playwright; Arthur Godfrey, radio and TV entertainer.

Drought Poses Dilemma For Kentucky Farmers

FRANKFORT, Ky.—The summer-long drought that has seared the Midwest with crop-killing heat is posing a dilemma for Kentucky farmers, according to state agriculture official Bill Padon.

"The drought and its resultant effects on feed prices will force some Kentucky farmers out of the industry,"

drive herd prices down, and will also result in Kentucky cattlemen holding 600-pound feeder calves on hay and pasture grass, which doesn't make for good quality meat for the consumer," explained the administrative assistant to state Agriculture Commissioner Wendell P. Butler.

While Kentucky farmers are

no worse off than other Midwestern crop and livestock producers, they are now losing \$75 to \$100 a head on cattle ready to go to market.

The one bright spot in an otherwise dismal picture is that this year's crop will produce a record yield, a key factor now that wheat is becoming an important substitute for corn as

livestock food. But corn, which has taken a beating from the weather, goes twice as far as wheat in a feedlot.

Corn prices won't peak until April or May of next year when corn will probably sell for \$4 a bushel, double the price during a normal year. Also meat, regardless of quality, will be in short supply in what Padon

predicts to be 18 months to two years.

Can the federal government lessen the impact of the drought by reducing exports? Padon answered no and added "the 'free economy' policy applied to agriculture by the federal government has to be changed."

"It would be tremendous if farmers could grow as much as they wanted, but it is unrealistic to tell them to do so when production costs keep clim-

bing." Padon said that he felt it would take agriculture two or three years to recover from the current drought crisis and added a word of caution.

"We're listening closely to the weather experts who say this year's drought could be the beginning of a three-year drought such as the one that produced the 'dust bowl' during the thirties. We can't ignore these fellows because of the

advances with satellites and other means of weather prediction, plus these three-year droughts follow a 20-year cycle and we, unfortunately, are due."

DANGER ZONE

Sixteen per cent of all home fires start in the attic, basement and closets, according to the National Fire Protection Association. — CNS

439th CAMG To Hold Reunion

Plans are being made for a reunion of the 439th Civil Affairs and Military Government Company, which was the first active reserve unit in Western Kentucky.

Letters have been mailed to many officers and enlisted men who are former members of the unit.

Anyone who has been a member of the unit at any time since its organization is invited to the dinner meeting, which is to be held at Grief's Restaurant, in Paducah, October 5 at 7:00 p. m.

Those planning the meeting do not have a complete list of names and addresses and ask that anyone who might have such a list get in touch with them so that every member may be contacted (the list would be returned).

Requests for further information concerning the meeting, and notices of acceptance, should be sent to Russell M. Haynes, Capt, AUS (Ret), 316 West Jefferson, Paducah, Kentucky 42001 or phone 442-8748.

Sponsors of the event ask that all letters of acceptance be received by no later than September 15.

BRAIN FOOD

Because shelled walnuts resemble a human brain, they are believed to help a person to think, according to an old wives' tales. — CNS

MRS. W. J. (Christine) Garland of Kirksey Route One shows this large head of cabbage grown in her garden. The cabbage weighed twenty-three pounds. Mrs. Garland said she ordered the seed from a special catalogue that said the vegetables would be from twenty to fifty pounds. She has a large garden and truck patch each year on their farm.

Changes Made In Vocational Education

FRANKFORT, Ky.—Recent federal legislation requires the Kentucky Bureau of Vocational Education, along with other state agencies to update all regulations governing the agency, it was announced at the recent state Vocational Ad-

visory Council meeting.

Bobbie Grogan, deputy director of Vocational Education, said that with the recently approved state vocational education plan the number of regulations will be cut considerably. The first group of purposes changes will be ready to present at the next state Board of Education meeting in September. The bureau has until July 1975 to complete its revisions.

Bill Howard, executive director of the state Vocational Advisory Council, announced that the state Board of Education has been designated to approve public post-secondary vocational education programs and institutions in Kentucky. Since vocational schools can now be accredited, students enrolled in these schools will be eligible for state and federal loans.

Charles Wade and Bob Spillman of Vocational Education and Bruce Carpenter of the state Vocational Curriculum Development Center explained V-TECS, Vocational Technical Education Consortium of States, to the council members. V-TECS, composed of seven states including Kentucky, is developing a method of teaching occupations. V-TECS is cataloging the objectives or skills needed for a particular occupation.

In Kentucky the Program Development Division of the Vocational Education Bureau is cataloging the objectives that are needed for 10 occupations. This project should be completed by Jan. 1, 1975. Later, the cataloged occupations will be field tested in selected Kentucky schools.

LRC Report Applauds Facility At Eddyville State Penitentiary

(Editor's Note: Frequently castigated for being inadequate, medical services offered inmates inside the state's three largest prisons currently are undergoing major surgery.

The operation is hardly complete, but the prognosis already indicates significant upgrading in medical techniques and equipment, beefing up staff and renovation of facilities at the state reformatory at LaGrange, state penitentiary at Eddyville, and the Kentucky Correctional Institute for Women at Pewee Valley.

This is the third in a three part series of stories surveying the changes.)

FRANKFORT, Ky. — A special Legislative Research Commission (LRC) subcommittee on corrections issued a report applauding the modern hospital at 88-year-old Kentucky State Penitentiary at Eddyville as "first-rate facility." The report said the hospital met most standards set by the prestigious American Clinical Association for prison hospitals.

ministrator Ivan Davis points out that praise from the group of probing state lawmakers and professional researchers who make up the LRC is difficult to earn. Such recognition, Davis says, serves as a great source of pride.

The LRC recommends expanded and more proper health care for inmates at Eddyville and all state institutions.

That recommendation, in effect, said the ultimate solution to the penitentiary's medical care woes lies in recruiting top-notch personnel.

Davis said the most significant step toward meeting that goal was the hiring last spring of Dr. Larry Bogart as the penitentiary's first full-time physician. "Dr. Bogart's presence here already has spelled the difference between a weak medical program and one which is strong and vibrant," said Davis.

Davis said a team of consulting physicians from nearby community hospitals also making regular rounds to help out. Prior to Bogart's appointment, those consulting doctors served as the penitentiary's sole source of medical expertise.

Currently, the 25-bed hospital, built in 1969 adjacent to the prison, handles from six to 12 patients per week. In addition, 300 inmates weekly receive routine treatments or medical examinations on an outpatient basis.

A recent report indicates that approximately 25 per cent of the penitentiary's population suffer from such chronic ailments epilepsy, orthopedic disabilities or tuberculosis.

The hospital is equipped with X-ray, laboratory and respiratory therapy facilities, each staffed by certified technicians. Major surgery is performed in a special operating room while minor surgery and emergency cases are handled in an emergency room.

In addition to the professional staff of full-and part-time doctors and technicians, the medical staff also includes four recently hired licensed practical nurses and five inmates

who serve as nurse aides.

"It wasn't too long ago when we had to rely almost totally on our male nurses to conduct most of the hospital's non-surgical treatments," said Davis. A search currently is underway to find a registered nurse to serve full-time.

Davis said inmate nurses are

permitted to administer medications or treat patients only under the constant supervision of at least one member of the medical staff and corrections officer. Medications are usually administered by the newly hired LPNs.

Davis predicted that medical

services will be further improved when the new maximum security prisons, now being planned is completed. The new facility is expected to house nearly 200 of the 1,000 inmates at Eddyville. That drop in population, he said, should result in a reduction of medical costs by as much as 15 per cent.

Board of Directors
Calloway County Fire-Rescue, Inc.
Murray, Kentucky

Gentlemen:

I have examined the books and records of Calloway County Fire-Rescue, Inc. for the fiscal year ended June 30, 1974. My examination was made in accordance with general accepted auditing standards and accordingly included such test of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

In my opinion, the accompanying statements of cash received and disbursements presents fairly the financial position of the Calloway County Fire-Rescue, Inc., Murray, Kentucky as of June 30, 1974, and the results of operation for the year then ended in conformity with generally accepted accounting principles.

Respectfully submitted,
Thomas E. Shirley

Calloway County Fire-Rescue, Inc.

Murray, Kentucky

Funerals

Mrs. Ferguson Dies Thursday At Her Apartment Here

Mrs. Margaret Rogers Ferguson, housemother at Elizabeth Hall Dormitory, Murray State University, died Thursday at her apartment at the dormitory.

The death of Mrs. Ferguson was discovered when a fellow worker checked at her apartment after she failed to show up for her normal shift of work about 5:30 p.m. Thursday. Max Morris, Calloway County coroner, was called to the scene and said her death was due to natural causes. Her death probably occurred sometime after midnight Thursday morning, Morris said.

Mrs. Ferguson, born in 1913, had been housemother at Elizabeth Hall since September 1, 1966. She was the daughter of the late W. E. Rogers, Sr., and Mary Manion Rogers of Guthrie.

Among the survivors are one son, Rudy Ferguson, one sister, Mrs. Lester P. Lannon of Guthrie, and one brother, W. E. Rogers of Hopkinsville.

Funeral services are tentatively set for Saturday with the Cook-Webb Funeral of Guthrie in charge of the arrangements.

Revival Services To Be At Ledbetter

Revival services will be held at the Ledbetter Baptist Church starting Monday, September 2, and continuing through Sunday, September 8.

Bro. Howard Copland, Jr., September 8, with Bro. Howard Copland, Jr., as the speaker for the services at seven o'clock each evening.

Bro. Copland, former pastor of the Second Baptist Church, Clinton, is the new pastor of the Ledbetter Baptist church.

Glen Sheppard will be in charge of the song service each evening.

The public is invited to attend, a church spokesman said.

BUFORD HURT, State Manager of the Woodmen of the World, was surprised with an appreciation plaque from all the Woodmen Units in Murray: Camp 592, Grove 128, Court 728, Rangerettes, Rangers, Sorority at MSU and off-campus sorority, Tau Phi Lambda. Hurt was selected earlier in the year as "Boss of the Year" by the Professional Secretary's Association. Jo Ann Simmons, his secretary and a member of the WOW Court, made the presentation at the Family Night held Thursday by all Women Units.

Murray Country Club Plans Dinner Monday

The Murray Country Club will have a potluck dinner at 6:30 p.m. on Monday, September 2, at the club. Each family is asked to bring two large dishes for the dinner.

Swimming, golf, tennis, and other activities will be held by the members during the day with the climax being the potluck dinner.

Bro. Thweatt Will Speak At Kirksey

Bro. Headley Thweatt will be the speaker at the revival services to be held at the Kirksey Baptist Church starting Monday, September 2, and continuing through Sunday, September 8.

Services will be held at 7:30 each evening. Bro. Thweatt, former pastor of the Main Street Baptist Church, Plymouth, Mich., is a native of Hardin.

Bro. Pete Carlisle is the host pastor and W. A. Erwin will be in charge of the music.

MSU...

next July.

The council will develop both short and long range plans on the basis of study findings.

Howard has been a member of the faculty at Murray State since 1966. He earned the B. A. degree at Florida Southern, the M. A. degree at the University of Kentucky and the Ph. D. degree at Florida State University.

Strohecker has the B. S. degree from Kutztown Pennsylvania State College, the M. A. degree from George Peabody College, and the Ph. D. degree from the University of Michigan. He joined the faculty in 1972.

Seashell Jewelry Boom Brings Out Beachcombers

HONOLULU (AP) — A booming trade in jewelry made from common seashells has brought beachcombers armed with shovels, kitchen strainers and makeshift window screen strainers to seek minifortunes on hitherto tranquil Hawaiian beaches.

Their quarry is the Puka shell, the disc end of tiny cone-shaped seashells. The shells are made into necklaces, bracelets, earrings and hatbands, but are used most often for single-strand choker necklaces for both men and women that are the rage of the islands.

The necklaces are sold at roadside stands where the going price for chokers is from \$18 to \$25. Stores in the Honolulu area are charging between \$35 and \$50.

The seashell ends that make up the necklaces are eroded from the rest of the shell by sand and coral. They have a tiny hole in the middle, which gives the shell its name — puka is the Hawaiian word for hole. About 150 shells are needed for a 15-inch choker.

The shells are found in great abundance at beaches on Oahu's north shore and upper leeward coast. Beachcombers sift through sand, coral, driftwood and other shells to find the tiny Puka shells.

"Nobody swims anymore," said one woman as she examined a mound of sediment her young sons had carried up on the beach.

Ford Reaffirms Opposition To Limiting Exports Of Grain

WASHINGTON (AP) — President Ford has reaffirmed his opposition to limiting grain exports, even as the Agriculture Department was reporting a surge in corn buying by the Common Market nations.

"The President reaffirmed his previous position that he saw no need for export controls," Agriculture Secretary Earl L. Butz said on Thursday after a meeting with Ford.

Meanwhile, an Agriculture Department spokesman reported that the nine-member Common Market has ordered nearly

368.5 million bushels of corn for the marketing year starting Oct. 1. A week ago, the total for the present year was only 204.8 million bushels.

However, a department spokesman termed the increase in corn buying merely speculative and predicted that much of it would not be shipped.

On Wednesday, Petrus Lardinois, the Common Market's agriculture commissioner, said the community's feed grain needs would be down 10 percent in the year ahead and Richard J. Goodman of the Agriculture Department said even

larger cutbacks were planned in imported feed grain.

Goodman said the Agriculture Department expects orders for U.S. corn from the Common Market to be trimmed about 30 percent.

Lardinois said the Common Market was planning substantial cutbacks in livestock and poultry production and large quantities of domestically produced wheat would be diverted into feed use, displacing corn which otherwise might be imported from the United States.

Last week, Japan also indicated it would make a 10 percent cutback in U.S. feed grain needs.

Butz said Ford agreed with him that the government should not own large stocks of grain at taxpayer expense and that whatever food reserves are maintained should be in the hands of farmers and private trade.

Worst May Be Over For Hay Fever Sufferers

INDIANAPOLIS (AP) — Hay fever sufferers in Indiana who sneeze and sniffle every August and September may be able to find some consolation in knowing the worst is almost over in 1974, says a state microbiologist.

"There's a bell-shaped curve on ragweed pollen, which varies from year to year in amount, that begins around Aug. 1 and ends about Oct. 1," said Walter Miller of the Indiana State Board of Health.

"The amount of pollen in the air usually increases every day until about the first week of September when it reaches its peak," Miller explained. "It's downhill from Labor Day."

Miller said the same is true for nearly any other state where ragweed grows. But he pointed out that Indiana, Ohio, Illinois, Iowa and Kentucky are classified as "no refuge" states

for hay fever sufferers.

The two-month period during which ragweed pollen is most abundant is also a time when daily pollen counts are issued by the Board of Health.

Unfortunately, Miller said, about the only people who benefit from the pollen reports are those who don't have hay fever.

"Those figures provided to the public are from the day before," he explained. "Someone with hay fever doesn't have to read in the paper what the pollen count level was yesterday."

"He knows what the pollen count was," Miller added, explaining that the count is measured in the number of pollen grains in a cubic yard of air.

The hay fever sufferer, however, measures pollen counts by the number of sneezes and sniffls.

Some who are allergic to ragweed react to it more so than others, Miller said. And, persons living in rural areas where more ragweed grows, are more likely to have worse reactions than city sneezers.

While some persons may think they suffer from every variety of pollen that might hit the airways in the late summer, most of those who undergo the symptoms are allergic to ragweed. Miller says it's about 75 to 80 percent of the hay fever sufferers who react to that pollen.

Persons looking for a place to

hide during the annual required pollen outbreak can find refuge in Michigan, Maine, New Mexico, Colorado, Montana, Wyoming, Hawaii and Georgia, to name just a few.

Miller, however, pointed out that there's other types of pollen in these states that many prompt sneezes, but not very much of the ragweed variety.

Church At Foundry Hill Plans Meet

The Foundry Hill Church of Christ (Temple Lot) outside Puryear, Tenn., will host the 1974 Tennessee state reunion this weekend according to Elder T. W. Paschall, pastor.

Services will begin Friday evening and continue through Sunday, Sept. 1.

Elder Paschall said, "Lunch and supper will be served on Saturday and Sunday at the church with no charge for services or meals. It is open to the public. All are invited and welcome to worship with us."

He listed among the expected guests for the reunion as Apostle Joseph Kidd of Oak Ridge, Evangelist James M. Case of Independence, Mo., and Bishop Vance Harris of Cowgill, Mo.

Oak Grove Church To Hold Revival

The Oak Grove Cumberland Presbyterian Church will hold revival services beginning Monday, September 2, and continuing through Saturday, September 7.

Services will begin at 7:30 each evening with Rev. J. David Hester of Knoxville, Tenn., as the speaker. Roy Gene Dunn will be leading the singing. Special music will be presented each evening.

Rev. James E. Garrett, pastor, and the congregation extend a welcome to the public to attend. The church is located 6 1/2 miles north of the Penny community.

Dr. Curris To Speak At UCM

Dr. Constantine Curris, president of Murray State University will be the speaker for the opening luncheon at the United Campus Ministry Wednesday, September 4, at 12:30. Dr. Curris will be the first to speak in a series of luncheon programs on the future of Murray State University.

The luncheons are held each Wednesday from 12:30-1:20 and the charge is \$1. Students and faculty and the public are invited. For information call 753-3531. Reservations may be made in advance. The UCM is located at 202 N. 15th Street, just across from Wilson Hall.

Fire Mountain Band Will Give Program At Hazel Saturday

A Country Music Show, featuring the Fire Mountain Band, will be sponsored by local merchants of Hazel in front of the local stores in downtown Hazel on Saturday, August 31, at 7:30 p.m.

There will be no admission charge and the public is invited to hear this group, a spokesman said.

Members of the popular country band are Reggie Coles, drummer, Wally Taylor, bass guitar and manager, Larry Dunn, vocalist, Johnny Brown, rhythm guitar, Linda Brown, vocalist, Larry Freeland, rhythm guitar and vocalist, Otis Elkins, fiddle, and Barton Jones, lead guitar.

move revealed by the Corps," Ford said, he will continue to support the controversial project.

On the surplus fund issue, where the governor was taken to task by some members of the Appropriations and Revenue Committee, he said "I have exercised the judgment made by the legislature according to its instructions."

Last winter the General Assembly, mindful of the financial uncertainties stemming from the energy crisis, granted Ford his request for unprecedented power to make certain changes in the budget once it had been passed.

The governor said Thursday he is using available money on his own authority only to "cut down the lead time" for various projects.

"If the money is not there, I won't spend it," he added.

These were the counties receiving permit fee checks: Bell \$22,772, Boyd \$3,617, Breathitt \$35,025, Butler \$2,960, Carter \$9,682, Christian \$2,392, Clay \$8,077, Davies \$3,033, Edmonson \$1,572, Elliott \$5,835, Floyd \$20,597, Greenup \$1,135.

Also Hancock \$237, Harlan \$30,595, Hopkins \$18,555, Jackson \$855, Johnson \$10,985, Knott \$13,682, Knox \$30,495, Laurel \$12,577, Lawrence \$11,222, Lee \$2,437, Leslie \$10,710, Letcher \$30,040, McCreary \$1,932, Meade \$6,835, Magoffin \$12,155, Martin \$46,467.

Also, Morgan \$2,770, Muhlenberg \$77,435, Ohio \$22,730, Owsley \$4,105, Perry \$36,742, Pike \$59,145, Pulaski \$3,017, Rockcastle \$185, Wayne \$150, Webster \$197, Whitley \$29,847, Wolfe \$75.

move revealed by the Corps," Ford said, he will continue to support the controversial project.

On the surplus fund issue, where the governor was taken to task by some members of the Appropriations and Revenue Committee, he said "I have exercised the judgment made by the legislature according to its instructions."

Last winter the General Assembly, mindful of the financial uncertainties stemming from the energy crisis, granted Ford his request for unprecedented power to make certain changes in the budget once it had been passed.

The governor said Thursday he is using available money on his own authority only to "cut down the lead time" for various projects.

"If the money is not there, I won't spend it," he added.

These were the counties receiving permit fee checks: Bell \$22,772, Boyd \$3,617, Breathitt \$35,025, Butler \$2,960, Carter \$9,682, Christian \$2,392, Clay \$8,077, Davies \$3,033, Edmonson \$1,572, Elliott \$5,835, Floyd \$20,597, Greenup \$1,135.

Also Hancock \$237, Harlan \$30,595, Hopkins \$18,555, Jackson \$855, Johnson \$10,985, Knott \$13,682, Knox \$30,495, Laurel \$12,577, Lawrence \$11,222, Lee \$2,437, Leslie \$10,710, Letcher \$30,040, McCreary \$1,932, Meade \$6,835, Magoffin \$12,155, Martin \$46,467.

Also, Morgan \$2,770, Muhlenberg \$77,435, Ohio \$22,730, Owsley \$4,105, Perry \$36,742, Pike \$59,145, Pulaski \$3,017, Rockcastle \$185, Wayne \$150, Webster \$197, Whitley \$29,847, Wolfe \$75.
