THE LISTENING POST

A Reminiscence

● We were talking yesterday about older days in Fulton and I had remarked that the Owl Drug Company was started originally on what we call the Hill—to be exact in the Boaz building at the corner of Main and Plain streets, quite near this office. Eph spoke up quite suddenly and remarked that he bought his first pair of long trousers in the building which is now owned and occupied by this newspaper. "Yes," he said, "I remember that day clearly. I bought the breeches from Bud Cook and paid him a dollar, and I felt quite grownup when I realized that at last I was going to wear long trousers."

● I had a sudden and vivid memory of a moment in those days which concerned the late J. Kelly Wood, who operated the Globe Store on the Hill, and the late Dick Bard, who at the same time operated a men's clothing store on Lake street in partnership with the late Buck Morris. At the time the shop which I was operating occupied a building on Plain street, next to the old Methodist Church. At the time were publishing the Old Baptist Flag and doing commercial printing. The Leader then was published on Lake Street, where the Fulton Printing Company is now located.

● It was about this time of year or more likely, it was in July. At any rate, it was time for the stores to stage clearance sales, and at that time nearly all the stores had sales at about the same time. One day Mr. Wood came into the office, coming through the back door, I remember, and had copy for a page circular. He wanted 5,000 of them printed, and after the usual fashion, wanted them right now. I talked with him, made a price and promised delivery the next day. He walked off out the front door on Plain street, and as he walked out Buck Morris walked in the front door. They spoke and passed on, and then I found that Buck wanted the same thing that Mr. Wood wanted. Oddly, he wanted the same thing Mr. Wood wanted, and he wanted the same number.

● To a printer, such a thing is a setup, if he happens to have a press large enough. As a matter of fact, it is easier to print a double page size on a newspaper press than it is to print a single page. In running two-on, we printers say, there is a saving on presswork, naturally, but printers always figure this is their own business and never say anything to the customer about it. Naturally, when two different jobs are printed at once they are later cut apart on a paper cutter, but when a layman sees two jobs coming off a press on the same sheet of paper he is likely to be dazed. That is what happened in this case.

● We went to work on the two jobs and had them ready to run the next morning. They were lined up side by side on the press, which stood near the back door, and I was thinking we had done a pretty good piece of work and performed it in good time. I told the boy to start the press and was standing at the delivery table seeing that the sheets were coming off evenly and that the linking was right, when a shadow fell across me from the rear. It was Mr. Wood. I thought nothing of the matter and picked up a sheet, folding it so that his own circular came outside. He looked at it for a moment and then let out a loud squawk. "If you think I am going to send out circulars for another firm," he yelled, "you had just as well know now that I'm not going to. I won't have these circulars, and I don't believe Dick Bard will have them either."

● I hastened to explain the matter, but Mr. Wood continued to loom dubious until I carried away.

3-MINUTE BATH CALLED WATER OF WATER, SIN

San Diego, Calif., —Wrote a hand-writing landlord to City Manager Walter Cooper: "You've raised water rates, why don't you do something about the newcomers wasting water?" "It's a sin. They bathe every day, fill the tub and splash around only about three minutes."

REVIVAL WILL BEGIN AUGUST 20th. AT MOBLEY GROUNDS

Rev. J. J. Owen, head of Mobley Camp Ground committee, has announced that beginning August 20, and lasting through August 30, a revival will be held at the Camp Ground, 2 1-2 miles northwest of Water Valley, and the committee has secured the services of Rev. Harry Black, Evangelist from Los Angeles, Calif., for this series of sermons. Rev. Black, who is a former newsboy of Joplin, is known as a world traveler, nationally known "Newsboy Evangelist," author of many spiritual books and editor of "The Prophetic News."

Rev. Black is a man of God and preaches the full gospel, having proven himself a successful evangelist both at home and abroad. He recently visited and evangelized in Japan, China, India and Palestine and in all fields, has marked success. He is a splendid author and has written a number of books and pamphlets on Holiness and Prophecy.

Among the Evangelist's topics for this revival will be A Real Holy Ghost Camp Meeting, Contending for The Faith, The Holy Ghost Baptism, Why America and Britain Will Win the War (according to prophecy), From Newsboy to Preacher (Rev. Black's life), The Judgment of the Great White Throne, Is The End of the Age At Hand, Who Is The Antichrist, What Is The Mark of the Beast, and The Second Coming of Christ.

Services will be held during the week at 8:30 in the afternoon and 8:30 at night, and on Sundays at 11:00 a. m., 2:30 p. m. and 8:30 p. m. The Camp is interdenominational, therefore, regardless of what church you may be a member, you are welcome.

Now is the time to subscribe to the Leader.

Safer And Larger Planes Are Declared Certain To Come

Spokane, Wash., —The beginning of a new era of aviation, in which flying safety will be stressed as never before and larger and larger aircraft will be used, was hailed today by Maj. Gen. Robert Olds, commander of the Second Air Force.

General Olds bespoke the new era in announcing War Department approval of three superairdromes in the Second Air Force area for safety in flying and for the larger aircraft already on the way.

The three super-ports will be at Salina, Kan., Clovis, N. M., and Ephrata, Wash.

Each field will be equipped to handle blind landings under any weather conditions as well as the larger aircraft of tomorrow. Each will have two or three runways 10,000 feet long and 1,000 feet wide. All are free of natural obstructions in all directions.

"Existence of the blind landing

Gen. MacArthur's Headquarters, Australia, — American Marines slashing through the "green hell" jungles of the Solomon Islands were reported hurling the Japanese back from at least three beachheads in the 900-mile-long island chain to-night while United States and Allied warships rained death into enemy positions.

Latest reports indicated that the leathernecks, spear-heading an assault which may develop into a United Nations grand offensive to drive the invaders out of the South Seas, were making steady progress against bitter resistance.

Unconfirmed advices said American parachute troops, making their first historic appearance in battle, were used as shock forces in the attack.

Strong Reinforcements
Strong American reinforcements were said to be pouring into the seven-day-old battle as the Japanese fought desperately to hold their strategic island bases 900 miles northeast of Australia.

Observers here surmised that Allied warships were bringing up fresh reinforcements and landing them under cover of heavy batteries.

Other reports indicated that the Japanese were seeking to rush reinforcements to the scene.

Washington, —The Navy announced today that "operations are continuing in the Solomon Islands area."

This was the only information given out here as the battle between American air, sea and land forces and Japanese defenders of the Solomons raged through its seventh day.

Navy communique No. 105 said: "1. Operations are continuing in the Solomon Islands area."

"2. There is nothing to report from other areas."

The term "other areas" presumably included the Mediterranean where Axis sources claimed the American aircraft carrier Wasp had been attacked and set afire. There was no official confirmation or comment on this Axis claim.

REVIVAL BEGINS AT DUKEDOM SUNDAY

A revival will begin at the Methodist church in Dukedom Sunday, August 16, at eleven o'clock in the morning. Rev. McMin of Paris, Tenn., will conduct the services. There will be no services at Pleasant Hill Sunday afternoon.

Plants Ahead Of Schedule May Be Slowed Down By W. P. B.

Washington, —War plants which are running far ahead of schedule may be closed deliberately or slowed down for a time to ease the drain on scarce materials, under plans now being considered by the War Production Board.

Production cuts would be brought about by curtailments in the allocation of materials to such firms for the last three months of the year, it was disclosed.

Parts Lie Idle
In many cases new or converted war plants are discovering that their output exceeds earlier expectations, with the result that parts they produce lie idle for weeks or months before they can be incorporated in the finished product. "There is growing recognition that it is just as wrong to tie up materials in the form of component parts as it is to tie them up

in stockpiles of unprocessed materials," the W. P. B. source said.

W. P. B.'s requirements committee, which allocates materials among industries, is expected to request the Army and Navy to furnish lists of their contractors who are producing in excess of present need, either because of unbalance in the production of parts for a weapon or because strategic developments have made the weapon itself of less immediate importance.

The committee, headed by Vice Chairman James S. Knowlson, soon will have in its hands the estimated requirements of virtually every contract-holder using large amounts of metals, through priority applications submitted under the production requirements plan. Applications for the final quarter of the year were to have been in W. P. B.'s hands on Monday.

SOUTH FULTON SCHOOL TO OPEN ON AUGUST 21th.

Only One Vacancy Exists On Faculty At Present Time

The South Fulton schools will open earlier than usual this fall, the opening date being set for Monday, August 24th. D. F. Adkisson, the newly elected principal, has arrived from Ashland City, Tenn., and has begun his new duties.

He announced this morning that only one vacancy exists on the faculty and it is hoped to have that filled within a few days. South Fulton's faculty will consist of one less teacher this year than in past years, this being a county-wide economy measure. The seventh grade teacher "has been discontinued and this grade will be incorporated in the high school."

Principal Adkisson announced that the athletic situation at present is indefinite and no arrangements have been made for football this fall, but South Fulton will have a basketball team. Jess Haynes, will begin his third year as head coach at South Fulton, and will also be in charge of the physical education program, which is being inaugurated there this year. Physical education will be stressed this year, due to the transportation difficulties connected with the athletic program.

The Hot Lunch program, which has been sponsored through the W. P. A., will be continued this year, but will be operated by the school.

Mr. Eller has been elected as band director at South Fulton and will also serve as a high school teacher. The county band, of which South Fulton was a part, has been continued, and this year, the school will have a band of its own. Mr. Eller comes from Sheffield, Ala.

Mrs. Elsie Provost, who has been at Byars-Hall at Covington, Tenn., has been elected first grade teacher and W. J. Moore of Mason Hall, will succeed Elsie Bruer as librarian. One vacancy still exists, as no successor to L. J. Goode, who recently resigned to accept a position at the Millington Powder Plant, has been named.

Teachers selected for the coming year are: Mrs. Joe Mac Reed, 1st and 2nd grade; Miss Martha Roach, 2nd; Miss Sarah Pickle, 3rd; Mrs. Elbert Lowry, 4th; Miss Lena Stokes, 5th; O. R. Moore, 6th; Jess Haynes, Mrs. Jess Haynes, Miss Naomi Fowler, Mrs. Malcolm Smith, Miss Allie D. Williams, Mary B. Jones, Mrs. Inza Boner, all high school faculty members.

EIGHT SISTERS GIVE NAVY RECRUIT SEND-OFF

Philadelphia, —Samuel Paoli has eight reasons for joining the Navy. "If you have as many sisters as I do and were the only boy in the house," he told the recruiting officer, "you'd want the Navy, too. Why, it's a wonder some of 'em didn't trail me—oh, oh—"

The recruiter followed his gaze and counted eight beaming girls lining up in the hallway.

PASTOR DENIES HE BELONGED TO NAZI PARTY

Accused Minister Says He Had No Spy Dealings

Hartford, Conn., —Grim and tired looking, the Rev. Kurt K. B. Molzahn, defending himself against a charge that his paragonage in Philadelphia's Franklin Square was used as a "postoffice" for a Nazi spy ring, today emphatically denied he ever had dealings with a quartet of self-confessed espionage conspirators.

The stocky clergyman, who spent the entire day fighting government allegations, among them that he was a member of the Nazi Party, vigorously disclaimed he knew, corresponded with or had anything to do with Anatase Vonsiatsky, Dr. Otto Willumeit and Dr. Wolfgang Ebell.

Says He Didn't Know Spies
And, asserted Molzahn, as for Wilhelm Gerhard Kunze of Philadelphia, former national leader of the German-American Bund, "I only heard of him," but he "was never in my home" and "I never had any dealings or communications with him."

West New York, N. J., —The Army has rejected the offer of James Tito, 61, to be a dollar-a-year soldier.

Silver Price Boom Causes U. S. To Drop Plan For New Nickel

Washington, —Treasury officials revealed today that a boom in the value of silver had forced them to discard a plan to make five-cent pieces out of a 50-50 combination of silver and copper.

Because some jewelers now are paying as high as 72 cents an ounce for silver, the mints discovered the new coin might be worth more than five cents apiece and people could melt them down and sell the metal at a profit.

The coin was designed last winter when there was no prospect that silver would be worth more than 35 cents an ounce. The metal in the coin then would have been worth about 4 cents, in accordance with the universal practice of making coins worth less than their face value.

The new coins were never issued to the public, however, and the mints now are working out new designs which would cheapen the me-

Chicago, —Rear Admiral Frederick C. Sherman, former commander of the aircraft carrier Lexington, and other naval officers conferred with a special prosecutor today as a federal grand jury began investigating publication of allegedly "confidential" naval information by three large newspapers.

The newspapers are the Chicago Tribune, the New York Daily News, and the Washington Times Herald which published the article June 7.

Intense secrecy guarded the inquiry and the only statement from William D. Mitchell, special assistant to the attorney general, directing the investigation, was:

"I will issue no statements at any time. I never tried any of my cases in the newspapers and I am too old to start now. I would like to help you newsmen out but I am afraid you cannot count on me for any releases."

Besides Admiral Sherman, the prosecutor also conferred with Commander M. T. Seligman who is recuperating from injuries suffered in the loss of the Lexington in the Coral Sea, and other naval officers.

"I have nothing to say," Admiral Sherman said on leaving the federal courthouse. Commander Seligman made no statement.

The government declared an article written by Stanley Johnston, Chicago Tribune correspondent, made public confidential information by stating American naval circle knew in advance the strength of Japanese naval forces in the battle of Midway.

THE SAME OLD STORY FROM MORE PRIMARIES

Returns from Congressional pri-

discouraging story. Congressional

would be interested in seeing that
the Seventy-eighth is an improve-

haven't been.

If men with the records of Sena-

prised that men with the records of
Representative Fish and, say,
Representative Marcantonio can be
renominated in New York State
and New York City now. We men-

Before Hitler invaded Russia, Mr.

after that invasion and by the

In short, the Congressman follow-

We need not hold back a bit of

Marcantonio's course in attempting
to impede our war preparations be-

was a course, as has turned out,
to Russia's disadvantage.

SPORT TALK

It is now learned that Mr. Wal-
lace, who coached at Union City
for so many years, will handle the
football team there this fall.
Mr. Wallace became head of the
athletic department last year when
a new coach came into the system
and after that to secure another
coach. Mr. Wallace probably
agreed to resume coaching duties.
Basketball will be handled by Jan
Flannery, who coached at Union City
from 1924 to 1926.

In this writer's book there is no
use in sympathizing with Union
City over not securing another
coach. This man Wallace has made
more better-than-fair teams out
of poor material and may coach in
West Tennessee and year in and
year out the Tornado was pretty
tough posing for most teams of
its class. There was an undercur-
rent of dissatisfaction in recent
years because Union City did not
beat Mayfield and Jackson with
any great regularity and it is prob-
ably that the coaching changes made
last year were made because of
this feeling. Union City folks grew
a bit tired of taking it on the chin
from Mayfield and also from Jack-
son, and last year efforts were
made to set up a system that might
bring a change. As is well known,
the effort failed and the team won
only one last year.

Coach Wallace is a man who be-
lieves in keeping his boys in con-
dition, and he build his chief of-
fense around the off-tackle play.
Year after year, during his coach-
ing career in Union City, he pro-
duced a team that could really go
to town on that off-tackle power
thrust, and for many years his
team whipped the Bulldogs chiefly
with this weapon. His last victory
here—the first year of Coach Giles
—was achieved with that play
chiefly, although the Bulldogs
cracked up badly and really gave
the game away. So, if Coach Wal-
lace takes over the reins again this
fall, as is reported, we can expect

to see a Tornado that really brews
power in that one play.

Coaching is still unsettled in the
West Kentucky Conference, but as
yet only two members have defi-
nitely given up sports for the dura-
tion. Others are reported curtail-
ing, with Marion, for example,
planning for only four football
games this fall. Russellville will
confine matches to teams close
to home, as transportation and
finances bother the Panthers. It
seems a shame for the Panthers to
reduce, for they have the finest
one of the stadiums in the Con-
ference and interest appears keen
in all school sports there. The lo-
cal team was anxious to get one
more crack at this team, for in the
past two years games have been lost
in the waning moments which had
seemingly been won. However, it
does not appear likely that the
Panthers will be at Fairfield this
fall.

Trigg County at Cadiz is uncer-
tain. No coach is certain as yet, but
the Wildcats are hoping to stay in
the game. The Bulldogs are due to
play there this fall, after having
entertained the Trigg County boys
here last fall in three years the
local team had won two games
from the Wildcats, losing one in
the first year of the Giles regime.
Hopkinsville is without a head
coach, but has pretty good pros-
pects for another, and good as-
sistants already on hand. Hender-
son is without a coach, but is angling
for one, and Murray has lost
an assistant coach, Paducah and
Mayfield seem set for the sea-
son, but many other schools are
dubious about the future. As far as
this column knows, the Bulldogs
will start work on the first of Sep-
tember under the direction of Joe
Gill, who served last year as as-
sistant coach at Middlesboro, Ky.

Two stirring matches marked
the Country Club championship
tournament yesterday afternoon,
and as a result two players were
dropped from the competition and
two moved into the second round.
One foursome provided these
matches, as J. Mac Scates and
Frank Carr met each other and
Joe Hall and Leslie Weeks played
their first round matches. Hall fell
before Weeks 3 up and two to go,
but only after a hard last round
battle. Weeks ran up a five-hole
lead in the first round, doing most
of his scoring with five-one putt
greens in a row, but Hall was
badly off form for this round,
shooting a 45 against even 40 for
the winner. In the last nine he ral-
lied for a 39 and cut the lead down
to three holes, as Weeks fired 42.

The longest match of the season
came when Scates eliminated Carr
on the 25th hole. Starting Number
Seventeen Carr held a two-hole
lead, but Scates hammered back to
tie on the eighteenth hole. The
two agreed to start another round
and play until one had taken a
hole. They halved six straight holes
before Scates managed to win the
short Number Seven to end the
match.

We're All in This SCRAP!

You remember the mythical story of how a
man named Atlas once carried the world on his
shoulder. And how glad we'd be today if we could
shoulder this old world and lift it out of sin and dis-
pair. But it can't be done that way. This task of win-
ning a war is something more than man-size, and in-
dividuals as well as industry must have a part.

As a business enterprise, we are proud that we
can help feed America in our small way. We are
proud of those five boys from this organization who
have answered the call to service. Of course, making
Flour and Feed is our business, and when this strug-
gle is over we hope we may still be proud of every

FULGHAM NEWS

By Miss Docie Jones

Sympathy for Beadles Family
In various ways, friends, throughout the county and many from Fulton and Graves, expressed deep sympathy for the Auzie Beadles

family in their darkest hour of sorrow. An estimate crowd of 11 to 12 hundred people attended the funeral services Monday. Hundreds of friends visited in their home

Saturday and Saturday night. Floral tributes were many. Contributions came from Mt. Zion church, Obion in Graves County and perhaps others, and the home church and community did their utmost to render service and add comfort and consolation.

Practical help amounting to approximately \$500.00 in money was donated, \$84.00 of that amount being from the Henry I. Seigel employees at Fulton, where Lillian and Joyce were employed.

Mr. Beadles and children are indeed grateful to the countless friends who in any way rendered assistance.

Called Home

Pvt. Stanley Beadles of Luke field, Ariz., and Earl Ashlock, Mr. and Mrs. Charley Ashlock and children and Mr. and Mrs. Marion Beadles of Detroit were called here last week-end by the tragic death of Mrs. Auzie M. Beadles and children, Lillian and Jewell Berry.

Death of Former Resident

Burial and funeral services for Mrs. Sallie Miller, 63, who died at her home in Wingo Sunday night were held at Mt. Moriah Tuesday afternoon. Funeral rites were at the Methodist church in Wingo with Rev. Parham of Wingo and Rev. Calvert of Fulton officiating. Surviving are four sons, Ilius of Graves County, Charley of Dearborn, Mich., Thomas of Nashville and William Miller of Paducah. One sister and one brother, Miss Barbara and Charley Shelton of Wingo, survive.

The deceased was the widow of the late Ed Miller. The family formerly lived here.

With the Sick

Aunt Cordelia Via remains critically ill in the Mayfield hospital. She suffered a broken hip more than three weeks ago and complications have increased her sufferings.

Betty Joe, daughter of Mr. and Mrs. Beeler Barclay, was admitted at Fuller-Gilliam hospital Wednesday for removal of tonsils.

More Land Deals

Deeds were made Saturday con-

veying the 82-acre Button Roper farm to Mr. and Mrs. Lee Snow who have been residing there for the past three years. Mr. Snow purchased from the Childers Estate, place south of Jackson Chapel.

Mr. and Mrs. Dick Childers who recently sold their farm near Tarter's store to Ross Meadows, have bought the Frank Thompson place, consisting of 60 1-2 acres, near Water Valley. Deeds made Monday, August 10.

Power In Clubs

The Mothers' Club of Pleasant Valley school met recently and voted to wield more power with their club by assisting the Allies in smashing the Nazis and Japs. Their simple plan is to sponsor a war savings stamp drive among the children with the ultimate goal of a U. S. bond.

Another project is to underpin the north side of their school building. Friday night they are sponsoring an ice cream social to purchase library books. Teachers are Mrs. Jimmie Moore and Miss Orene Hopkins.

Shower for Wallace Family

Mr. and Mrs. Herman Wallace, whose home was destroyed by fire last week, have moved to the Morde Hopkins house east of Fulgham. Friends here gave them a miscellaneous shower and several dollar donations.

New Switchboard Coming

The Fulgham Telephone Company received notice last week from the Kellogg Company at Chicago that our new switch board was ready for shipment. Cash in full will be sent. More than 80 pct. of the amount was collected in 4 days.

Adams-Inman

Paul Edward Inman, son of Mr. and Mrs. John Inman and Norma Adams, daughter of Mr. and Mrs. Willie Adams of the Mt. Vernon neighborhood, exchanged wedding vows in Charleston, Mo., Friday, August 7.

They plan to reside in Detroit.

Dew-Lindsey
Mrs. Edith Drew of Paducah, announce the marriage of her daughter, Ovella to Owen Lindsey of Paducah. The ceremony was performed August 1. They will reside near Paducah on the Hinkleville Road.

The Drew family were once our across-the-road neighbors.

Personals

Miss Janet Floyd of the War Department, Washington, D. C., arrived here Tuesday night to spend her vacation with her parents, Mr. and Mrs. Robert Floyd. Mr. Floyd is confined to his bed with no improvement in his condition.

Mrs. Freeman Bone underwent a tonsillectomy at the Fuller-Gilliam hospital Monday and returned home Tuesday.

Supper guests of Mr. and Mrs. Elmer Farmer Tuesday were Mr. and Mrs. M. H. Stroud and daughter, Shirley of Covington, Tenn., and Mr. and Mrs. Swan Stroud and daughter, Frances, and friend of East St. Louis.

Mr. and Mrs. Odie Vaughan of Detroit and Mr. and Mrs. J. R. Elliott spent Tuesday in Fulton at the home of Claud Vaden and W. W. Batts.

Mrs. Nona Watts of Detroit, Mrs. Nannie Jones and Mrs. McGill Hopkins of Clinton visited here Tuesday in the home of Mrs. W. M. Watts and Mrs. Randy Jones.

Mr. and Mrs. Wade Scott and daughter near Fulton visited Mr. and Mrs. Will Scott Sunday.

Mr. and Mrs. Pete Smith and children and Denzil Boaz of St. Louis spent the week-end with Mr. and Mrs. Charley Boaz.

Mr. and Mrs. Freeman Swift and children of Fulton visited at the Boaz home and attended the Beadles funeral.

Mr. and Mrs. S. W. Via, Mr. and Mrs. Horace Angel and Evelyn Via went to Mayfield Monday to see Mrs. Odell Via who underwent a successful appendectomy at the Fuller-Gilliam hospital Thursday. Edmond Clark is back in the

hospital at Sheppard Field, Texas with more foot and toe trouble. He is the son of Mr. and Mrs. Turner Clark.

Pvt. Willis Jackson of the Air Force has arrived safely (somewhere) according to a message from the War Department to his parents, Mr. and Mrs. Dave Jackson. Another son, Sgt. Denzil Jackson, remains in Virginia.

Mrs. Hazel O'Neal is convalescing at the home of her parents, Mr. and Mrs. Claud Pillow.

Miss Ida Lee Vance of Bolit, Wis., is visiting her parents, Mr. and Mrs. Jim Vance.

Mr. and Mrs. Jim Myers of Lilbourn, Mo., are spending his vacation here this week with his sisters, Mrs. F. C. Allen and Mrs. J. M. McKernon.

This and That

We see Miss Lavern Snell is back on the job as Columbus reporter with her "bargue of newsy news" from the Mississippi. Enjoy her items very much.

And we're glad to have our friend, Miss Hattie Blair, registered nurse, back at Fuller-Gilliam hospital, with her valuable experience.

Mt. Pleasant had an even hundred at Sunday school. Visitors were Mrs. Wiley Bramley and son, and Mrs. Phil Hamelman and daughters of E. St. Louis, Mrs. Rip Jackson and children of Detroit and Mrs. Nannie Jones of Clinton.

Salem had 46 with Mrs. Ed Loveland of Clinton, Wis., and Betty Jo Hanners of Detroit present.

Pleasant Valley had 34. Bethel had 22 and Mt. Moriah had 37. The revival closed there Friday night and reported out on benevolences. Had no Sunday school there Sunday on account of the Beadles tragedy.

Quarterly meeting will be held at Jackson Chapel Saturday, Aug. 15.

Sorry to hear that Dr. Glynn Bushart has left our medical field but trust that he will be just as successful as Captain Glenn in the other field.

By count 1,000 people, minus 15, viewed the three corpse at Jackson Chapel Monday as they passed through the church. Many who had already viewed the bodies, never entered the crowded building.

Mrs. Beadles died on her birthday, 43, Friday, August 7. Jewell Berry was also a corpse on his birth anniversary. Would have been 8 on August 9.

An unplanned celebration the memory of which will ever linger in the hearts of those present.

OUR OWN AFFAIRS MUST WAIT

Now everything is changed. Our own affairs must wait. Victory comes first. We Americans know we must win this war. We know we must wipe out the enemies that would destroy our civilization.

Life wouldn't be worth living if the barbarian Nazis and the bestial Japs should reduce us to the slavery of conquered lands. And shame would haunt us till the end of time if we failed to avenge the Treachery of December 7, and the Butcheries of Manila, Bataan and Corregidor.

So—the engineers, electricians, stokers, linemen and maintenance, transformer and meter experts who operate our power houses and transmission systems—and our office forces too—are devoting their energies to the one big job of producing more electricity for war needs. And—all our equipment is helping to supply kilowatts for factories making guns, planes and explosives.

Yes—we're going to be much too busy for birthday parties until the next Armistice Day. . . . and then we'll join you all in celebrating victory!

Your electrical servant.
