## Murray High-Heath Game To Be HERE!

The Murray High and Heath football game, originally scheduled to be played at Heath tonight, has been moved to Holland Stadium.

Heath, in the process of moving into a new stadium, reported that heavy rain in the area had made the new playing field unplayable for tonight's 8 p. m. contest.

Although the game will be at Murray High, Heath will act as the host school.

No passes will be good for the game and season reserved seat tickets will not be good for the game.

All seats will be general admission.

The admission price for adults is \$1.50 while students will be charged a one dollar admission price.

## Crime Commission To Approve Anti-Crime Grants In Kentucky

BARREN RIVER STATE PARK, Ky. (AP) — The Kentucky Crime Commission is expected to approve a plan next month for spending \$8.4 million in federal funds on anti-crime programs in Kentucky.

A preliminary draft of the plan for expenditures in the fiscal year that began July 1 was outlined for the commission Thursday as it opened a two-day meeting.

Bert Hawkins, planning director for the state Justice Department, said if federal approval is forthcoming, is hoped local agencies may apply for funds under guidelines set in the plan by Christmas.

Hawkins and Henri Mangeot, state justice secretary, said the 1975 plan would include creation of a new evaluation section within the department.

The section would measure, for the first time, the results of several years of massive federal funding of anti-crime efforts, with the aim of weeding out weaknesses in some programs and strengthening those that have proven successful.

The plan would place greater emphasis on fighting juvenile delinquency, with efforts to be centered in programs of local schools.

Hawkins and Mangeot said the plan would also allocate \$450,000 to establish at least one regional jail, serving four to six counties, in which long term county prisoners serving up to a year would be supervised by a professional staff.

A series of eight public hearings held throughout the state established the priorities for the proposed plan.

The biggest share of federal funding for the plan, \$2.3 million, will go for the state's supplemental pay program for local police. A total of \$3.4 million in state funds would be used to match the federal figure.

## Scott-Fitzhugh Bridge Rammed By Barges

Salvage crews were on the job removing coal from a partially flooded barge which struck the piling at the Scott-Fitzhugh bridge early Tuesday.

The string of 15 barges, each carrying coal, were strung out all along Kentucky Lake for several hours after the accident but 13 of the 15 were recovered and taken on to New Johnsonville.

Commander George Todd of the Paris Group of the United States Coast Guard said the barges were owned by American Commercial Barge Line of Jeffersonville, Ind.

He said they were headed for the New Johnsonville Steam Plant where the coal would be used to power the massive generators for the huge electric plant.

Two of the barges partially sank in the lake but salvage crews were able to save most of the coal.

The accident did not disrupt lake traffic and there was no damage reported to the bridge.

The tug pushing the barge was manned by Mike Jackson. The commander of the tug is Edgar Lancaster.

The salvage operation was clearly visible from the bridge and many motorists were using the opportunity to slow down and watch the action.

## Sirica Denies Motion To Throw Out Charges Against Defendants

WASHINGTON (AP) — U.S. District Judge John J. Sirica has decided the pardon granted Richard M. Nixon is insufficient reason to throw out Watergate cover-up charges against the former President's subordinates.

Shortly before Sirica declared the cover-up trial would go forward, the White House indicated there will be no pardons for Watergate defendants while they still face trial.

The Senate also voted 55 to 24 on Thursday urging President Ford not to issue further pardons until all the Watergate trials have been completed.

## Artist To Lecture At University

Susan E. King, a native Kentucky artist who works with the Feminist Studio Workshop in Los Angeles, will present a lecture at Murray State University Monday, Sept. 16.

Scheduled at 8:30 p. m. in Room 423 of the Price Doyle Fine Arts Center on the campus, the lecture by Ms. King will deal with her experience with the feminist art program and its Woman's Building and her research on artist Georgia O'Keeffe.

Ms. King, who grew up in Lexington and earned the B. A. degree with honors at the University of Kentucky, will also conduct a rap session for women on the campus at 11:30 a. m. on Tuesday, Sept. 17, in Room 431 of the Price Doyle Fine Arts Center.

Jointly sponsored by the Kentucky Arts Commission and the Department of Art at Murray State, her appearances on the campus are open to the public.

The Feminist Studio Workshop, an educational organization devoted to the growth of female participation in the arts and in the community, established the Woman's Building in Los Angeles to house a multiplicity of women's creative efforts to illuminate women's art and communicate women's experience.

## Toll Free Call For Children Runaways Given

"Operation Peace of Mind is a toll free telephone service which will accept calls from runaway children located anywhere in the United States," according to Dorothy Nanny, team leader of Calloway County for the Department for Human Resources, Bureau for Social Services.

The number is 1-800-231-6946, according to Mrs. Nanny who said "a staff member will relay a message to parents and families also located nationwide, there is no attempt at lecturing or counseling, no calls will be traced, and the only question asked is, 'Do you need anything?'"

The team said the caller is asked to check back in a couple of days in order to make sure the number was correct, the call went through, etc.

This service was established by the Governor of Texas shortly after the mass murders of the young males was uncovered in Houston and many of those victims were runaway adolescents. The service is now privately funded, located in Houston, Texas, and the director is Grace Surguy.

Although Sirica rejected requests from three cover-up defendants for dismissal of charges against them, he indicated some sympathy with problems of a wave of pretrial publicity.

The judge set back the start of the trial by one day to Oct. 1, so a new pool of potential jurors can be selected.

Sirica had indirectly alerted a special group of 400 potential jurors that they would be judging the Watergate case. Sirica said because of publicity surrounding the Nixon pardon, the trial jury would come from a completely new group.

Attorneys for former White House aide H.R. Haldeman had said the original group of 400 would have prejudged the guilt of the defendants, if only because they would have paid more attention to Watergate developments than other citizens.

These views mark a major retreat from Nixon administration predictions that the rate of inflation, now about 11 per cent, would decline to 7 per cent by the end of this year.

This target was revised upward a month ago to 8 per cent.

Rush, who was confirmed by the Senate on Thursday as ambassador to France, indicated in an interview that the inflation rate may still be above 10 per cent when 1974 draws to a close.

In other economic developments on Thursday:

—Senate Democrats voted to send President Ford several economic policy proposals for consideration at the upcoming economic summit meeting.

Leaders of the nation's housing industry attending an economic minisummit in Atlanta made a bid to exempt their industry from anti-inflationary tight money policies.

The Federal Power Commission staff recommended a single nationwide price on certain natural gas, a move virtually certain to increase gas prices.

The wholesale price index for August was released showing a 3.9 per cent leap, an indication that inflation may be getting worse.

Ford Motor Co., announced a 7.4 per cent price hike on its 1975 model cars.

Greenspan told labor leaders meeting at the White House on Wednesday that "in the immediate period ahead it does not appear as though the inflation rate is turning down...."

WASHINGTON (AP) — Two of President Ford's top economic advisers say consumers won't get any significant relief from the nation's soaring inflation rate this year.

The gloomy predictions came from departing presidential economic counselor Kenneth Rush and Chairman Alan Greenspan of the Council of Economics Advisers.

Despite months of anti-inflation effort, including record high interest rates most of this year, these advisers say the earliest any real progress can be made is next year.

## Police Escorts Take Boston Buses On Routes

BOSTON (AP) — Motorcycle police formed escorts for buses carrying black and white pupils to their new schools on the second day of court-ordered busing in Boston, but in some cases they escorted near empty buses.

Police lined both sides of the bus routes for about two miles as the buses brought black children through the blue collar Irish section in South Boston to a white high school there. The first 12 buses carried 24 students.

Helmeted police standing about five yards apart encircled South Boston High School. A police spokesman said 300 to 400 officers had been assigned to the area.

No crowds gathered, honoring a city ban on assemblies imposed after angry crowds of whites stoned several buses in the area Thursday, injuring eight black children. But four persons — three of them a mother and her two children — were arrested today on disorderly conduct charges.

Fifty black pupils of an assigned 474 were bused to South Boston High today, compared with 56 on Thursday, a mayor's office spokesman said. The school, scene of demonstrations and some rock throwing on Thursday, previously had been 99 per cent white.

At Roxbury High School, 12 white pupils of about 500 assigned there attended today, compared with 20 on Thursday, according to Headmaster Charles Ray. The school previously was 100 per cent black.

Elsewhere in the city, the opening of school appeared normal, although some parents said they would continue to keep their children home in a threatened two-week boycott.

## Council Handles General Business Of City Thursday

Discussion of school crossings on busy streets and the purchase of police equipment were the major items handled by the Murray City Council in a relatively short meeting last night.

The council accepted the low bid of Dwain Taylor Chevrolet for a new patrol car. Taylor's bid was \$4,604.82. Other bids submitted were Parker Ford, \$4,763.18; Jim Fain Motors, \$4,968.68; and Sanders-Purdum Motor Sales, \$4,800.

The 1975 model Chevrolet will be delivered as soon as possible and will be purchased with revenue sharing funds.

The council also authorized the purchase of new radar equipment for the police department. The police committee received two bids on the equipment, one from Galls Police Equipment of Lexington for \$1,018.50; the other from Speedgun, Inc. of Kansas for \$1,381.35.

The council voted to purchase the radar equipment from Galls after police chief, Brent Manning, explained that approximately 50 per cent of the purchase price would be paid for with a federal grant.

**Crossing Concern**

Several parents of school-age children, some with their children, were at last night's meeting to request the city's help in making crosswalks on 12th Street and other areas of the city safer for school children.

One parent told the council that some children "stand for 15 to 20 minutes before crossing" at the four-way stop at 12th and Poplar, and then "just dart across the street."

Mayor John E. Scott explained that a council committee was scheduled to meet with the State Highway Department, which controls all signs and markings on 12th St., next week to discuss the problem. He also urged the parents to discuss the problem at the next meeting of the Parent-Teacher Association.

A council committee also is scheduled to meet with the school board next week to investigate possible solutions to the problem.

A "mothers' patrol" and the utilization of firemen at the street crossings were two suggestions discussed at last night's meeting.

**Tax Collection**

The council accepted an offer made by an independent firm which would inspect insurance policies issued since the inception of the city's seven per cent insurance tax to see if any companies did not remit the fees to the city.

The search would be done at no cost to the city and the firm would split 50-50 with the city any unpaid delinquent insurance taxes it collected.

Mayor Scott appointed the Special Problems Committee to look into Doran Road to make sure the state adequately repairs the paving project.

The water and sewer committee was authorized to advertise for bids on a new sludge pump for the treatment plant. The new pump would replace one that has been in service since 1948 and would cost the city approximately \$5,500 according to Supt. John Trotter.

Councilman Ed Chrisman's request, on behalf of City Judge Steve Sanders, that the city pay expenses for city prosecuting attorney, Don Overbey to attend a seminar on the newly enacted state penal code was approved.

Chrisman also announced that work on a lot owned by the Natural Gas system, between 4th and 5th Sts. and Olive and Walnut Sts., was planned, to make the lot more suitable for parking.

## No Relief Predicted From Soaring Inflation This Year

WASHINGTON (AP) — Two of President Ford's top economic advisers say consumers won't get any significant relief from the nation's soaring inflation rate this year.

The gloomy predictions came from departing presidential economic counselor Kenneth Rush and Chairman Alan Greenspan of the Council of Economics Advisers.

Despite months of anti-inflation effort, including record high interest rates most of this year, these advisers say the earliest any real progress can be made is next year.

These views mark a major retreat from Nixon administration predictions that the rate of inflation, now about 11 per cent, would decline to 7 per cent by the end of this year.

This target was revised upward a month ago to 8 per cent.

Rush, who was confirmed by the Senate on Thursday as ambassador to France, indicated in an interview that the inflation rate may still be above 10 per cent when 1974 draws to a close.

In other economic developments on Thursday:

—Senate Democrats voted to send President Ford several economic policy proposals for consideration at the upcoming economic summit meeting.

Leaders of the nation's housing industry attending an economic minisummit in Atlanta made a bid to exempt their industry from anti-inflationary tight money policies.

The Federal Power Commission staff recommended a single nationwide price on certain natural gas, a move virtually certain to increase gas prices.

The wholesale price index for August was released showing a 3.9 per cent leap, an indication that inflation may be getting worse.

Ford Motor Co., announced a 7.4 per cent price hike on its 1975 model cars.

Greenspan told labor leaders meeting at the White House on Wednesday that "in the immediate period ahead it does not appear as though the inflation rate is turning down...."

Greenspan said "we hope" it will decline in 1975.

Both Rush and Greenspan cited the prospect of higher food costs, resulting in part from a Midwest drought, as being largely responsible for the worsening inflation outlook.

Treasury Secretary William E. Simon was not quite so pessimistic as they were, but he indicated to a newsman that it was unlikely the inflation rate would be below 8.5 per cent this year, and could be higher.

The report that wholesale prices increased 3.9 per cent in August alone was an indication that inflation may be getting worse instead of better.

The August increase was the second highest monthly increase in 28 years, exceeded only by a 6.2 per cent increase in August of last year after price controls were removed.

## Vets Laugh At Superstition On Friday 13th

NEWARK, Ohio (AP) — There's a dining room here this Friday the 13th that's cluttered with open umbrellas, cardboard skeletons, ladders waiting to be walked under and mirrors begging to be broken.

All are the property of the Black Kats, 13 World War I veterans who for 32 years have been using each Friday the 13th as an excuse to throw a party while throwing superstition out the window.

The Black Kats were formed in 1942 by American legionnaires who wanted an excuse to get together to tempt fate and have a good time in the process.

"We laugh at superstition," brags a member.

Smokers in the club light three cigarettes on one match, violating a prime shibboleth of the 1914-1918 trench war — a sniper could nail you by the time three lights had been completed.

The Kats are limited to — of course — 13 members at one time. They must be World War I veterans and members of the American Legion. There are five original members left. The current members range in age from 78 to 85.

There are no officers, no dues, no business to conduct, and no meetings except on Friday the 13th, when attendance is mandatory. An unexcused absence means automatic loss of membership.

"It's just a matter of getting together and having fun," says John W. Sachs, 82, one of the original members.

The evening begins with each man passing under an open step ladder. Then it's time to exchange war stories over a dinner of steak and seafood in a dining room at a local bowling alley. As the beer flows and the tales get taller, the atmosphere becomes unfit for all but the true nonbeliever.

When the mood is right, a mirror is wantonly smashed and each member gets a piece to autograph as a souvenir.

The lucky 13 must be doing something right, Sachs says he has no recollection of any members suffering any bad luck on the supposedly dangerous day.

### Your Individual Horoscope

Frances Drake

FOR SATURDAY, SEPTEMBER 14, 1974

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

**ARIES**  
(Mar. 21 to Apr. 20) ♈  
A shifting of certain situations indicated; perhaps conditions altering. You should be in on the movements and plans.

**TAURUS**  
(Apr. 21 to May 21) ♉  
It will take patience, soft words and a great deal of humor to keep some things—and persons—in line now. But well worth it—and for a long time to come.

**GEMINI**  
(May 22 to June 21) ♊  
Don't flounder about without a set and clear target. Know where you stand and what you intend to accomplish. Then the doing will be truly effective, stimulating.

**CANCER**  
(June 22 to July 23) ♋  
This day asks patience on everyone's part and, if others disrupt harmony, that is all the more reason to hold your ground. Care!

**LEO**  
(July 24 to Aug. 23) ♌  
You may consider making some changes, but be careful not to make too many, or go too far in one direction. A good adjustment should work out well, however.

**VIRGO**  
(Aug. 24 to Sept. 23) ♍  
Neither expect nor demand too much and you will be surprised at your allover returns. Romance and travel highly favored.

**LIBRA**  
(Sept. 24 to Oct. 23) ♎  
Influences stimulate your intellectual and artistic leanings. Take hints from those doing well, add your own smart ideas and comprehensive follow-up for a successful program.

**SCORPIO**  
(Oct. 24 to Nov. 22) ♏  
"Penny wise and pound foolish" should have plenty of

meaning to you now. Curb down a present tendency toward extravagance and temper a desire for luxuries.

**SAGITTARIUS**  
(Nov. 23 to Dec. 21) ♐  
Some extraordinary offerings for the taking, but avoid unruly emotions or notions. This day calls for your innate good judgment and foresight.

**CAPRICORN**  
(Dec. 22 to Jan. 20) ♑  
How you present yourself will either attract cooperation or detract from your standing, so put your best foot forward. Be scrupulous about ethics, procedure.

**AQUARIUS**  
(Jan. 21 to Feb. 19) ♒  
Start day with enthusiasm and keep it going—even in trying moments. Getting cooperation from family and associates may be your biggest problem, but it CAN be achieved.

**PISCES**  
(Feb. 20 to Mar. 20) ♓  
Do not start anything without knowing if you can follow through. All efforts and ambitions must be thoughtfully directed now. Don't follow new trends blindly.

**YOU BORN TODAY** are roundly talented, especially lean toward things artistic, scientific and intellectual. You have fine business acumen, however, and should you choose commerce as a career, would be highly successful at it. In this case, however, you will be almost certain to choose one of the arts or sciences as a "second career"—and make it pay. You have an engaging personality and make friends easily, but must be careful not to antagonize them by being overexacting and intolerant when they do not live up to your lofty standards. Natives of this Virgoan sector are noted for their meticulousness, purposefulness, love of order and willingness to work hard to achieve their objectives.

**OFFICERS ELECTED** for the Kentucky State Association for Licensed Practical Nurses, District 17 Unit 1, at the meeting held September 10 were, right to left, Ronnie Pool, president; Nell Evans, treasurer; Linda Harding, secretary; Nancy McClure, vice-president. Mr. Pool urges all LPNs in this area to attend meetings and support the association. Plans are being made for a very active year and all LPNs will be needed to make it successful.

## Miss Suzanne Stubblefield Exchanges Vows With Thomas Michael Likins

Miss Suzanne Stubblefield and Thomas Michael Likins were married on Friday, August 30, at the St. John's Episcopal Church, Memphis, Tenn., with Rev. William A. Jones of St. John's Episcopal Church, Johnson City, Tenn., and Rev. Francis McRedmond of St. Michael's Catholic Church officiating.

The bride is the daughter of Dr. and Mrs. Robert James Stubblefield of 88 E. Carlos Road, Memphis, Tenn., and the granddaughter of Vernon Stubblefield, Sr., and the late Mrs. Stubblefield of Murray.

Mr. Likins is the son of Mrs. Patton Likins of 580 Adrian Drive, Memphis, Tenn.

## Sigma Department Reviews Accomplishments At Meet

Highlights of the twenty years' history of the Sigma Department of the Murray Woman's Club were presented at the potluck supper meeting of the department held Monday, September 9, at 6:30 p.m. at the club house.

Appearing on the panel discussion of the history were Mesdames John Gregory, Donald Keller, G. T. Lilly, Bethel Richardson, Gus Robertson, Jr., and Virgil Harris.

The department started with twenty-three charter members, four of whom are still members. One of the main projects of the department is the Sigma Kindergarten which has been in service for nineteen years. Money for the kindergarten and to add a room to Robertson School for the program was

raised by the department sponsoring "Sigma Capers" for two years and sponsoring the Murray-Calloway County Fair Queen contest each year, as well as other smaller projects.

Panel members said the department has raised over twelve thousand dollars during this period of time and approximately nine hundred pupils have been in kindergarten during the nineteen years.

The Sigmas have also sponsored the eye screening at the various schools during the past years.

Mrs. Fred Wells, chairman, presided at the meeting. Hostesses for the meeting were Mesdames Tommy Alexander, William Maddox, William Smith, Jere Stripling, and James Ransom.

## "Energy Crisis" Subject Of Lesson By Blanch Larson At Meet

The Pottertown Homemakers Club held its first meeting of the club year on Wednesday, September 11, at ten a. m. at the Holiday Inn.

Mrs. Lucy Alderice, president, presided in the absence of the president, Mrs. Nola Lewis, who was called out of town on an emergency.

The devotion was given by Mrs. Ruth Weston who used as her scripture John 15:12-14, and 16-17. Mrs. Iva Alford called the roll with twenty-three members answering and two visitors, Mrs. Lura Russell, sister of Mrs. Katie Martin Overcast, and Mrs. Norris Mobley, niece of Mrs. Weston. Members answered with "Something A Friend Did For Me."

The minutes and treasurer's report were given by Mrs. Alford. Announcement was

made of a bake sale to be held September 27.

"Energy Crisis" was the subject of the lesson presented by Mrs. Blanch Larson who stressed one should use only what electricity one needs and need what one uses, use less hot water, keep doors closed and stressed use of insulation in the house.

The annual homemakers luncheon will be held September 30 at the Holiday Inn and reservations for lunch should be made by September 20.

Landscaped notes on "Care of Houseplants for Winter" were given by Mrs. Louise Short.

The door prize was won by Mrs. Volene Roberts. A gift exchange by secret pals was held, followed by recreation led by Mrs. Mary Gerten.

## He blames rolling over on heart condition

By Abigail Van Buren

DEAR ABBY: I am 50 and my husband, Walter, is 52. Two years ago he had a heart attack, but he recovered and is now enjoying excellent health. Walter plays tennis at least three times every week, so he's not exactly an invalid, right? However, when it comes to lovemaking, I am told not to "bother him" because he doesn't want to take any chances on damaging his heart. Before his coronary, he wasn't the world's greatest lover, but now he has an excuse. (Or has he?) Please ask one of your medical consultants and let me know. Don't advise me to ask Walter's doctor because he is also Walter's tennis buddy. Thanks.

### MISSING SOMETHING

DEAR MISSING: I consulted Dr. Donald B. Effler, the famous Cleveland Clinic heart surgeon, who is cooler than Denton Cooley and hotter than Michael DeBakey. His response: "If Walter, age 52, is enjoying regular tennis, but will not take care of his homework, three possibilities come to mind: a) Walter's got something going on the outside, b) Walter's wife has lost something that must have looked good to him a number of years ago or c) Walter is one of those rare men who loses interest in sex at 52. In any event, judging from his wife's letter, Walter's past heart attack is most likely a phony excuse."

"Very few coronary patients are advised against sexual activity at home. This simple observation, made long ago, gave rise to the aphorism, 'There's nothing dangerous about sex, it's the chasing after it that can kill you.'"

DEAR ABBY: Our 27-year-old son is a college graduate who lives and works a few hundred miles from us. Two years ago he met a very nice girl three years his junior, and they have gone together ever since.

My husband and I hope to see them get married—since they are devoted to each other and are certainly not too young—but they tell us they have no such plans for now. Recently they rented an apartment and are now openly living together. This bothers me much more than it does my husband.

Our son would like some help in furnishing his apartment, and while I would gladly give him things if he were married, I feel it is wrong under these circumstances.

Yesterday I was asked by a friend to give her my son's address and also his girl friend's, so she could invite them to a wedding. I was embarrassed to tell her the address was the same for both.

I understand that the life-style and morals of these young people are not mine, but I am hurt just the same. Must I accept this arrangement publicly, go along with it and keep my thoughts to myself?

### UNHAPPY MOTHER

DEAR MOTHER: If you want to maintain a good relationship with your son, yes.

DEAR ABBY: Tell that small-town bartender that he doesn't have to lie. If someone phones the bar and asks if Joe Blow is there, all he has to do is page Joe Blow by calling his name loudly.

If Joe Blow doesn't want to answer the page, it's his business. That way the bartender isn't in the middle.

### LADY BARTENDER

DEAR LADY: Leave it to a lady to figure out how to keep from getting in the middle.

Everyone has a problem. What's yours? For a personal reply, write to ABBY, Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

## From The Editor's Mailbag

Edited By GENE McCUTCHEON  
Murray Ledger & Times Editor

(A compilation of notes gleaned from the daily mail—some of which will interest many, others that may interest only a few.)

How often do you use nonprescription medicines?

These are medicines that you can buy "over-the-counter" without a prescription in any pharmacy or supermarket.

Nonprescription drugs work fine when used correctly, but if you use them continually without consulting a doctor, you may be asking for trouble.

You could be covering up a condition that needs medical attention before it gets worse.

You could be suffering from unnecessary side effects as a result of improper use of the medicine.

Or, you could be spending money for a drug you don't really need.

There are no statistics on how many people improperly use nonprescription medicines. But the Food and Drug Administration is concerned enough about the problem to conduct a consumer education campaign to alert the public to the dangers of misuse.

Prescription medicines generally are intended to cure or control disease, but nonprescription medicines are intended for the

relief of minor and temporary symptoms.

If your symptoms don't go away, or if they come and go often, then you should see a doctor.

Before using a nonprescription drug to relieve a minor symptom, you should read the label carefully. The label will tell you when to take the medicine, how often, how much, and when not to take it.

As a result of a new program being conducted by FDA, the labels on non-prescription medicines will soon be even more informative and specific. The labeling changes will result from FDA's review of all the nonprescription drugs now being sold, a project that began two years ago and that is now starting to show results in the marketplace.

For further information about the program and about what you should know about nonprescription medicines, write to FDA at 5600 Fishers Lane, HFI-10, Rockville, Md. 20852. Or, contact your local FDA office. Ask for the booklet, "We Want You To Know About Medicines Without Prescriptions."

### God Delivers His People

At the time of today's lesson Abraham's descendants were toiling as slaves in Egypt. Through fear of losing his life Moses fled from Egypt to Midian. There he married Zipporah, the daughter of a Midianite priest, and settled down to the life of a shepherd for the next forty years. There, under the silent stars and beneath the majestic canopy of the blue, Moses learned many things about God and His will for him. While Moses was keeping the flocks of Jethro, his father-in-law, his attention was arrested by a strange and inexplicable sight—a flame burning in a bush, but it was not being consumed by the fire. As Moses turned aside and drew near the bush, God told him to remove his shoes because he was standing on holy ground. There God revealed to Moses His desire for him to come to the aid of his afflicted people and to deliver them from bondage and oppression in Egypt. God wanted Moses to be an instrument in the accomplishment of the divine purpose.

### Exodus 3:7-10

Even though the Israelites were unaware of God's presence, He saw clearly all that was taking place. God had seen their afflictions even though, up to that time, He was apparently not taking any action for their relief. God had heard their cry even though, as far as the record is concerned, they had not been directed to Him. God knew all about their sorrows, even though they may have considered them unknown to all except themselves. God knew all about them just as He knows everything about each of us. In compassion He announced His purpose to Moses, saying that He had come down "to deliver them out of the hand of the Egyptians, and to bring them up out of that land unto a good land, and a large, unto a land flowing with milk and honey."

Moses was to be the human agent whom God would use in bringing His people out of Egypt. Moses was eminently qualified and exactly fitted for the position which God intended that he should fill. The commission which he received was urgent—"Come now therefore, and I will send thee unto Pharaoh." Moses exclaimed, "Who am I that I should go unto Pharaoh?" When God's call is clear, the voice of self-deprecation is not to be heeded.

This mission or assignment appeared to Moses as being too great for him, so he voiced his objections and made his excuses. Possibly the objections which he offered were prompted by a sense of his own weakness, but Moses discovered what we need to know, namely, that God never calls a person to a task without supplying adequate strength for its accomplishment. What God commands His children to do, He always enables them to achieve, if they will respond obediently.

### Exodus 19:3-8

God protected the children of Israel from the plagues, provided for them the basic needs of water, food, and protection from their enemies, provided a great leader for them in the person of Moses, delivered them

from bondage in Egypt, chose them for a specific purpose, and guided them by a pillar of cloud or of fire.

Three months after the Israelites had left Egypt, they arrived at that awe-inspiring mountain called Sinai. God summoned Moses into His presence on Mount Sinai and there assured him that He had great and numerous blessings in store for the children of Israel, provided they would obey Him. God charged Moses, the mediator between God and His chosen people, to inform the people that if they were disobedient to Him they had no right to claim or to expect His blessings upon them. Compliance with the divine will constitute the basis upon which they might become the recipients of His blessings.

God commanded Moses to remind the people of His coming to them in their slavery and helplessness and swiftly delivering them and bringing them into an actual covenant relationship with Him. His covenant with the people of His choosing was both a pledge to sustain and protect them and a challenge to them to be faithful in their obedience to Him. In this regard they were favored far more highly than any others. Because love is a much greater motive for action than anything else, God reminded the people of how He had provided food and drink for them when they were facing death from starvation and thirst, lovingly and tenderly exercising painstaking care over them in a manner far surpassing the eagles which bear the eaglets on their wings easily and swiftly. Consequently, they were obligated to do their part by exercising a redemptive ministry in the world, out of appreciation to Him Who had done His part by them. There were two sides to the covenant, namely, what God would do and what the people would do. God was not obligated to honor the covenant until the people had met the conditions. Inasmuch as God had created, sustained, redeemed, and cared for them, they were expected to obey His commandments. God wants to use those whom He has chosen to accomplish His redemptive purpose. Let us make ourselves available as instruments through which God can do His work and bless multitudes.

After God declared His ownership of all the earth, revealed that He had chosen the Israelites for a specific ministry, and made it known that He expected them to respond with a ready and cheerful obedience, Moses descended the mountain and conveyed God's message to the elders and they in turn to the people. Without any hesitation the people cheerfully, readily, and wholeheartedly pledged themselves to do what God had commanded them through Moses, their ratification of the covenant was prompt and commendable.

Each deliverance of God's child or children is a clarion call for a grateful, cheerful, and complete commitment of one's person and possessions to Him for His use in service to others who need Him and His blessings also.

## Contemporary Religious Thought

### Involved In Living

By Rev. Earl Warford

Retreats, small group discussions, sharing time, studying the work of the Holy Spirit, all are very popular among Christian people today. These give evidence of the growing concern for a higher level of Christian living. Most Christians would agree that Christian character cannot be built upon the natural man. He must become a child of God through regeneration. The Christian life expresses itself as it responds to the every day experiences. Jesus went about, in his going he came upon human need which evoked a response on his part. It is said of Jesus, "He went about doing good." Service in Jesus' Name flows from the Spirit filled life he gives. The Christian's "being" is the fountain from which his "doing" should proceed. An example of involvement along life's way was given by Jesus in the parable of the Good Samaritan, Luke 10:25-37.

The occasion for the parable came in a conversation between Jesus and a lawyer concerning eternal life. The lawyer had identified the purpose of God's revelation to man was to encourage the total person to love God and neighbor. The lawyer raised the question as to how this applied to the here and now. Jesus used the parable to lead the lawyer to see the application.

The action of the Samaritan was not prompted by the Law, custom, social pressure, or example. He did what was necessary to respond to the need of the man who had fallen prey to the thieves. The response was an expression of character. It was a natural expression of his compassionate concern. Too often, peers resemble the thieves rather than the

Samaritan. Victims of disaster or distress often find their peers taking advantage of the situation. Instead of lending a "helping hand," they become "price gougers." Opportunities often give occasion for character to reveal itself.

The Priest and Levite were concerned that the mechanics of the worship experience should be perpetuated orderly, punctually, regularly. There is no suggestion that these values are invalid. There is, however, the fact that worship of God has not accomplished its purpose if it fails to make the worshipper more godlike and godly in every day living. Jesus did good as he went about. He ministered to people along the way. Opportunities flee from us, if we are unaware and unresponsive. It is as we are going about our daily living that opportunities occur to "give a cup of cold water in Jesus' name."

The Samaritan, without giving consideration to his own personal safety or the expense incurred, ministered to the man's need. Involvement immediately came because he was the kind of man who cared. He shared his bounty and personal service because he cared. Jesus helped the lawyer see that love of neighbor knew no bounds superficially set up by man. Nothing prevents love from responding to human need. The question is, "Do you love? Do you really care?"

The parting words of Jesus ring loud and clear today, "Go thou and do likewise." Doing is no substitute for being. However, one cannot follow Jesus and become like him and remain calloused to human needs about him which the Lord has made him capable of remedying.

## "Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

### WANTS COST-OF-LIVING INDEX FOR ELDERLY

Senator James L. Buckley (N.Y.) "...The economic plight of the elderly living on fixed incomes during inflationary times is a problem which demands our immediate attention and our best efforts. To this end I have introduced S.3396, the Cost-of-Living Adjustment Act, and S.3775, a bill to create a cost-of-living index for the aged.

"While I hope for early passage of this legislation, I would also like to call attention to the successful private efforts of a single New Yorker who has persuaded 1,600 New York shopkeepers to give discounts to senior citizens. I ask unanimous consent that the story be printed in the Record." (Excerpts of the article from the National Inquirer follow):

### Woman persuades 1,600 city stores to give big discounts to senior citizens

More than a half-million elderly people trying to live on fixed incomes in the face of ever-rising prices can now get discounts in 1,600 New York City stores—thanks to a 48-year old woman who felt something had to be done for them.

"This is my way of helping old people who are panic-stricken because of today's prices" said Maria Redo who for 2 1/2 years has been going from store to store in New York persuading shopkeepers to give discounts of up to 20 per cent to the elderly.

The stores and shops that participate place green and white decals in their display windows to alert the elderly that they can get discounts.

To qualify, a senior citizen only needs to show a Medicare or a special New York City transit card that allows him or her to ride a half-fare.

"I was doing welfare work at the Yorkville Republican Club just before Christmas, 1971, and it was pitiful to see how some of the old people were forced to live," Mrs. Alice Brophy, director of the Mayor's Office for the Aging in New York, said; "Mrs. Redo has been more effective than a whole army of people in helping senior citizens—and she's done it alone."

## Loan Companies Approving Fewer Customers Than Before

CHICAGO (AP) — Household Finance Corp., which traditionally counsels "Never Borrow Money Needlessly," is beginning to tell some prospective customers they're better off not borrowing at all.

HFC says its rate of approving new customers is off by nearly 20 per cent, and there are signs this is the trend throughout the \$44 billion-a-year consumer loan industry.

This could hurt lower middle-income families, who often use consumer loans to get through economic tight spots.

While officials of HFC, one of the largest firms in the industry, say they have no policy to constrain credit, the approval rate of loans to new customers has gone down from 37 to 30 per cent.

One of the reasons, says HFC vice chairman P.C. Nagel, is that "our standards, because of money costs, have tightened up a bit."

The problem lies in the interest rates finance companies have to pay for money they themselves loan out. The short-term rates to the companies have risen to the point where the squeeze is being felt in sharply lower first-half profits.

There are more than 1,000 big and small finance companies operating out of more than 20,000 offices around the nation. Consumers who need extra

cash to meet emergency expenses or to consolidate debts are charged interest rates of up to 36 per cent.

That rate depends on the size of the loan and regulations which vary from state to state.

Most borrowers who go to finance companies have annual incomes under \$9,000, industry statistics show.

Much of their business is with high-risk customers. Delinquent loans are routinely considered part of their overhead.

If a person can't get a loan through a finance company, he probably can't get a commercial loan through any legitimate means, said Robert Gibson, head of the nonprofit National Foundation for Consumer Credit in Washington.

HFC made more than \$64 million last year on its finance operations. First-half profits this year were down by 12 per cent.

"Obviously, the industry is hurting very badly," said Carl Hawver, executive vice president of the National Consumer Finance Association, the industry's trade organization.

He said if interest rates stay high for an extended time, loans will be cut back until states allow them to jack up the interest rates on consumer loans.

Gibson said most loan companies have already begun to cut back and he is worried about the possible social implications.

Nagel says persons with low seniority in the automotive and related industries are more likely to be rejected this year because of possible layoffs.

### Economy Once Again Pre-Empted By Watergate

By JOHN CUNIFF  
AP Business Analyst

NEW YORK (AP) — The malfunctioning economy may in theory be the nation's No. 1 problem, as President Ford has indicated, but once again Watergate has pre-empted the position.

For one month it seemed that inflation, recession and the other related specters that have haunted every household would be exposed by enlightened discussion, and eventually routed by decisive action.

Those who held that view now aren't so certain. Whereas the pardon of President Nixon was decisive and absolute and required no conference, the number one problem, the economy, remains in the discussion stage. In fact, the nature of the beast has not yet been ascertained, and nobody seems to know whether to plunge the spear into the hide or the heart.

The President already has indicated that it is now too late in the congressional session for enactment of anti-inflationary legislation, whatever form it might take.

Meanwhile, the battle of the economy is being fought with much the same attitudes of the former administration, led by a chairman of the Council of Economic Advisors who was actually chosen by Nixon.

Alan Greenspan, the chairman, has reiterated his belief that the money supply must remain tight, despite the consensus of

economists at a White House meeting Sept. 5 that the money supply should be eased.

The Federal Reserve Board has the responsibility for controlling the amount of money fed into the economy. It can cut the supply if it feels too many dollars are chasing too few goods. Or, if the supply seems insufficient, it can release more funds.

The big controversy about a tight money policy at this stage of the economy is that it might be strangling domestic industry, including essential public utilities, instead of restoring economic health.

Those who oppose tight money argue that the nation is on the verge of a deep recession and that the economy needs an injection of financial energy rather than a further restriction.

In addition, some businessmen and economists and labor leaders argue that a tight money policy hits domestic economic activity hard but is far less effective in holding down the price of oil or cocoa or other imports.

At the White House conference a week ago, economists of various leanings acknowledged the need for monetary restraint but surprisingly agreed that a slightly easier money policy might now be in order. But they may not have been convincing.

## Thistles

In His parable of the sower and the seed (Mark 4:3-20), Christ presents to us three problems common to all farmers: *stony ground, shallow soil, and fields of weeds and thistles.* He notes that it takes good and much cultivated soil to bring forth good crops. He then points out that spreaders of the Gospel have similar problems. Though many will begin living productive lives for God, others harden their hearts and refuse to believe. Some will follow for awhile, but will turn away when the going gets rough. Thistles crowd Him out.

These thistles are *excessive ambition, lust, greed, and anything and everything that separates man from his God.* As farmers must rid their fields of these noxious subjects, so must Christians free themselves from temptation, sinful acts, and anything that hinders their progress. Prayer, Bible reading and church attendance are all good tools the Christian should use. Then make your life fruitful. Weed out the everyday thistles which retard and damage the good.

### Baylor Has Unfortunate Task Of Opening Year For Sooners

By RON JENKINS  
AP Sports Writer  
NORMAN, Okla. (AP) — Pity the Baylor Bears.

A year ago, Oklahoma ventured to Waco, Tex., in hopes of regaining some of its pride which had been jolted by an NCAA probation.

With unheralded sophomore quarterback Steve Davis leading the way, the Sooners thrashed the Southwest Conference club, 42-14.

It was the first in a series of zealous performances which carried the Sooners to a 10-0-1 record and the Big Eight championship.

This Saturday in Norman, Oklahoma will be trying to prove something else — that it

### More Honors For Rabbit Breeders

Jackson Purchase Rabbit Breeders have taken additional honors for outstanding breeding stock. Judges remarks sheets have been returned from the Kentucky State Fair Rabbit Show. Bountiful Rabbitry, owned and managed by Paul D. Bailey and son, Bill Bailey, has won nine out of 12 possible first place premiums in the different classes of New Zealand White Californian meat breed of rabbits.

Bill Bailey had Best of Breed Californian, Best Californian Meat Pen, Best Californian Fur, Best Senior Californian, Best Junior Californian.

Paul Bailey had the following top honors in New Zealand Whites: Best White Senior, Best White Pre-Junior, Best Pre-Junior, Best New Zealand Fur, Best Opposite Sex.

Jackson Purchase Rabbit Breeders Club will co-sponsor the Fall Fur Classic rabbit exposition with Murray State University. The public is invited to attend the show on November 8, 9, & 10 at the A. Carmen Livestock Pavilion. Rabbit breeders from six states will bring breeding stock to be judged at the American Rabbit Breeds Association Show. This special sanctioned show will have a nationally recognized judge, Robert Byrns from Columbus, Ind.

deserves its No. 1 ranking. Again Baylor will be the target of the Sooners fury.

Only second-ranked Notre Dame among the Top 10 is inactive Saturday.

Third-ranked Alabama is at Maryland, No. 14; No. 4 Ohio State is at Minnesota; Iowa is at sixth-ranked Michigan; Oregon is at seventh-ranked Nebraska.

On Saturday night, No. 5 Southern California is at Arkansas, No. 20; 10th-rated Texas is at Boston College; No. 13 Pitt is at Florida State; Duke is at North Carolina State, No. 16; San Diego State is at Arizona, No. 17; 18th-rated Missouri is at Mississippi, and 19th-ranked Houston plays at Rice.

Out of bowl consideration for the second straight year because of the NCAA probation, the Oklahoma players have set their sights on the national title, a prize which has eluded their grasp for three years in a row.

The Sooners wound up No. 2 in the nation in 1971 and 1972 and were No. 3 a year ago.

Although Oklahoma has a couple of question marks on de-

fense, the offense figures to be even more awesome than the 1973 unit which ground out 453 yards per game.

Davis and halfback Joe Washington headline a powerhouse backfield. Davis, an ordained Baptist minister, rushed for 887 yards and passed for 934 more a year ago.

Washington, considered by Switzer as the best running back he has ever coached, zigzagged for 1,117 yards, tops in the Big Eight last season. The Port Arthur, Tex., sophomore averaged 6.7 yards per carry.

Baylor, 2-9 last year, has an excellent quarterback in senior Neal Jeffrey, 15th nationally in total offense last year. Others to watch in the backfield are tailback Steve Beard and fullback Pat McNeil.

Bear Coach Grant Teaff is optimistic about the 1974 season, what with 30 lettermen back, including seven defensive starters and nine offensive starters. Defensive stickouts include linebacker Derrell Luce, end Tim Black, tackle Joe Johnson and cornerback Gary Green.

Kickoff is set for 1:30 p.m., CDT, before a sell-out crowd of 60,000 plus at Owen Field.

### Alabama Faces Major Test In Season Opener

By ED SHEARER  
AP Sports Writer

Third-ranked Alabama, which has lost only one regular season game in its last 33, faces a major test Saturday when the Crimson Tide opens the season against Maryland, the pre-season favorite in the Atlantic Coast Conference.

The 1:30 p.m. EDT battle in College Park, Md., is the feature attraction on an eight game card involving openers for other Southeastern Conference teams. In addition, all area independents except Miami of Florida will be in action on the first heavy weekend of the new campaign.

The secondary feature involving the SEC has Louisiana State, picked as the team most likely to dislodge Alabama if,

indeed, it's possible, challenging Colorado of the Big Eight Conference in Baton Rouge.

Elsewhere, Auburn tangles with Louisville in Birmingham, California is at Florida, Oregon State at Georgia, Kentucky at Virginia Tech, Mississippi opposes Missouri at Jackson and Vanderbilt entertains Chattanooga.

The independent slate has South Carolina at Georgia Tech, Pittsburgh at Florida State, Southern Mississippi at Memphis State, Southwestern Louisiana at Tulane and Toledo at Tampa.

Tennessee, which opened last week with a 17-17 deadlock with UCLA, and Mississippi State, a 49-7 winner over William & Mary, have open dates this week.

Alabama is favored to down Maryland before a crowd of 48,000, but Paul "Bear" Bryant is concerned about it, saying the Terps are probably the toughest team on the schedule this year.

"We aren't anywhere near ready to play a team of Maryland's caliber," Bryant said. "Frankly, our only hope is to fight, scratch, claw and just battle with everything we have."

Junior Richard Todd will trigger the Tide wishbone attack, having moved into the starting quarterback slot when last year's regular, Gary Rutledge, was sidelined with a shoulder separation that required surgery.

LSU, long noted for its power-I attack, is switching to the veer this season to utilize a bundle of fine running backs, headed by Brad Davis, a powerful runner who ranks among the best in the South.

Florida, loaded with standouts on offense and defense, figures to have its best shot at the SEC title in years, and will use the California test to see where it stands.

All SEC teams are favored in Saturday's action with the exception of Ole Miss. Memphis State, South Carolina, Tampa, Tulane and Pittsburgh are favored in the games involving independents.

### Trap Shoot To Be Held On Saturday

A ham and turkey trap shoot will be held starting at 1 p.m. Saturday at the Jackson Purchase Gun Club located one-half mile east of Coldwater. The field has lights and shooting will continue after sunset. Shells will be available to shooters at the club.

## Yanks Not Claiming Title Yet

By HERSCHEL NISSENSON.  
AP Sports Writer  
Bill Virdon isn't claiming the pennant and the New York Yankees' three rivals in the torrid American League East aren't conceding it.

"I don't feel any different than when we were tied for first place last week," the Yankee pilot said Thursday night following a 3-0 victory over the Baltimore Orioles which left New York 2½ games up on the Boston Red Sox, three ahead of Baltimore and six in front of the Cleveland Indians.

"Next week it'd be nice to put together an eight or nine-game winning streak," said Baltimore Manager Earl Weaver. "Let's see...that'll be four here against Cleveland, three in New York and two in Boston."

The Red Sox, who had dropped three games in a row and 11 of their last 13, nipped Cleveland 3-2 as Bill Lee scattered 10 hits and Dick McAuliffe drove in the winning run with a sacrifice fly in the eighth inning.

Cleveland Manager Ken Aspromonte said that the loss was not a crucial one in the Indians' pennant hopes. "I don't see how it could be," he said. "We'd like to win it, but it's just another game on the road to the top."

Unbeaten Mike Wallace, pulled out of the Yankees' bullpen for his first AL start after 20 relief appearances, pitched three-hit ball for 7-2 innings and ran his record to 6-0 with help from Dick Tidrow.

"I wanted to pitch a left-hander to keep as much speed out of the line-up as I could," Virdon said, explaining why he bypassed Tidrow's turn in favor of Wallace, who hadn't gone longer than 3-2 innings all season.

There was no bullpen action as Wallace issued five walks in the first three innings. "He was throwing good," Virdon said, "and I thought he'd be all right when he got his feet on the ground."

Loser Jim Palmer blanked the Yankees on four hits until Roy White opened the eighth with a single. With one out, Bobby Murcer singled off first baseman Bob Oliver's glove, and White breezed to third when Oliver's hurried throw to Palmer covering the bag got away for an error. Graig Nettles singled the first run across, Chris Chambliss slapped a run-scoring single and the third run came in on a double by Lou Piniella.

Red Sox 3, Indians 2  
The Red Sox scored the winning run in the eighth on Carl Yastrzemski's double off Jim Perry, a sacrifice and Dick McAuliffe's sacrifice fly off Tom Buskey.

"I was watching Buskey warm up," said McAuliffe, who also drove in Boston's first run with a double and scored on Tommy Harper's single. "He was coming in high with all his pitches. I was looking for a high one when I got up, thinking all I had to do was hit a long fly and we'd get a run."

Charlie Spikes homered for Cleveland.

A's 2, Twins 1  
Sal Bando's sacrifice fly delivered Bill North in the eighth inning with the tie-breaking run. North reached first on an error by shortstop Danny Thompson, moved to second on a single by Bert Campaneris and to third on Bert Blyleven's wild pitch. The RBI was the 100th of the season for Bando, who singled home Oakland's first run in the opening inning.

### Season Opener For Colts Tuesday

The Colts of the Middle School Football League will open their season against the Bears at 5:30 p.m. Tuesday in the league opener.

The team consists of fifth and sixth grade students at Murray Middle School.

Barry Drew is the coach for the Colts while his assistants are Tommy Goodwin, Larry Osborn, Charles Fowler and Joe Edelen.

Members of the Colts are Paul Austin, Mark Austin, Greg Cain, Jeff Cartwright, Johnny Ellis, Christopher Grasty, Barry Lee, Jerry McClure, Robert Morgan, Mason Osborn, Walter Payne, Scott Turner, Keith Beane, Kevin Gassam, Mike Garner, David Hanchul, Tommy Herndon, Joel Klein, Chris Marquardt, Shane Morton, John Mark Rickman, Greg Schanbacher, Bill Shelton, Gary Utley, Quentin Walls and Jeff Berkley.

Oakland's Ken Holtzman pitched scoreless ball after allowing Minnesota a run in the first on Larry Hise's triple and Bobby Darwin's single.

The A's clubhouse, normally a controversial place, was all sweetness and light.

"These guys always come up with the big runs when we need them," said Holtzman, who won his 18th game. "Whenever we face somebody like a Blyleven, our pitchers seem to hold the other team," said Bando.

Rangers 2, White Sox 2

Ken Henderson's 18th home run gave Chicago a 2-2 tie in sixth inning moments before a heavy downpour halted the game. The Rangers took a 2-0 lead in the first inning against Stan Bahnsen on a pair of walks, Mike Hargrove's single

and Lenny Randle's grounder. The White Sox reached Steve Hargan for a run in the first on rookie Kyle Nyman's triple and Jorge Orta's sacrifice fly.

Tigers 9, Brewers 7  
Tom Verczer belted his first major league homer with a man aboard in the 10th inning and relief ace John Hiller notched a record-breaking 17th victory for the Tigers. Verczer connected off Tom Murphy.

Hiller, 17-10, broke the American League record of 16 victories by a reliever, set by Boston's Dick Radatz in 1964. Pittsburgh's ElRoy Face holds the major league mark with 18 in 1959.

Detroit rallied from 3-0 and 7-3 deficits on Bill Freehan's three-run homer in the fourth inning and two-run doubles by Leon Roberts in the sixth and Ben Oglivie in the seventh. Darrell Porter hit a two-run homer for the Brewers.

### Browns To Open Campaign Tuesday

The Browns of the Middle School Football League will open their season at 6:30 p.m. Tuesday when they collide with the Steelers.

Team members are fifth and sixth graders at the Murray Middle School.

Tommy Rushing is the coach for the Browns while Buddy Spann and Darold Keller are the assistants.

The roster for the Browns includes Gary Sims, Randy Mayfield, Mike Gough, Mike Miller, Robin Roberts, Brent Hood, Doug Henry, Darrel Dycus, Eddie Requarth, Bruce Taylor, Dewey Thompson, Randy Hortsmeier, Don Hargrove, Craig Crawford, Tim Wright, Jerry Causey, Mike Bogges, Keith Fain, Jerry Bogges, Kirk Warren, Keith Houston, Eric Marr, David Dickson, Eric Chapman and Charles Beaman.

Admission for the contest, which will be part of a doubleheader in Holland Stadium, is 50 cents for adults and 25 cents for students.

LOS ANGELES (AP) — "It is kind of strange. Kind of funny, that the first team I'll see is Baltimore. I kind of like that," says Frank Robinson.

The only man ever to win Most Valuable Player honors in both leagues, Robinson left the California Angels Thursday and prepared to join Cleveland in Baltimore tonight as the Indians open a series with the Orioles — the team Robinson led to a World Series title only four seasons ago.

The 39-year-old Robinson, a designated hitter with California, was sold by the Angels to the Indians for the \$20,000 waiver price.

Robinson joined the Angels before the 1973 season and planned to finish his playing career with California after 10 years at Cincinnati, six with Baltimore and one season with the Los Angeles Dodgers.

The Angels, last in the American League West, started a youth movement, so Robinson, fourth on the all-time home run list with 572, earning \$172,000 a year and planning to play only one more season, became available.

"I wouldn't basically say the Angels were short with me, but in another way they were," said Robinson, who had approval over any deal.

"When I came to the Angels I talked with (General Manager) Harry Dalton and told him I wanted to play two or three

more years and I didn't want to bounce around any more. He didn't give me any definite answer but I thought we had a type of gentleman's agreement."

"Recently I was told I was not in their plans for next year," added Robinson. "So you know when someone tells you that ..."

"I figured, with Cleveland playing me, that it would be the best at this time to take the deal and get out of here."

### Racer Volleyball To Open Saturday

The Murray State volleyball team will open its season Saturday in Carbondale, Ill.

The Racers women will play both the University of Illinois and Southern Illinois University.

Dusty Chandler, who played last season for Eastern Kentucky, will be the coach.

The first home game will be September 25 against Austin Peay.

Team members are as follows: Nancy LeMaster, Jo Ann Weber, Linda Arnold, Mary Ann Malone, Terri Bennett, Glenda Rudolph, Linda Rudolph, Sue Dougherty, Patty Fitzhugh, Becky DuVal, Cindy Leimbach and Debra Hockensmith.

**KET Presents**

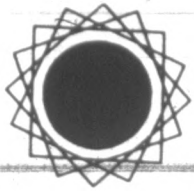

# America

AMERICA, a listserve Cooke's award-winning history series, premieres Tuesday, Sept. 17 at 8 p.m. CDT on Kentucky Educational Television (KET). The series begins with "The New Found Land," which deals with explorers—what they found and why they came. Cooke reflects on the Indians' life and control of the continent traces 15th century European history leading to the period of exploration, and discusses several of the explorers. The 26-part series, originally 13 hour-long programs, has been revised. To make each program only 30 minutes in length. Because of the revision, Cooke has filmed new introductions and epilogues for each program. In addition to the weekly airings on Tuesday nights, AMERICA will be shown during the day so that teachers may utilize it in the classroom. However, Cooke made it clear that he attempts to "overcome the high school preconception of what history is" by emphasizing lesser-known characters of history, although of no lesser importance. AMERICA is Cooke's uniquely personal view of the past 200 years of this nation's history. In three years of filming, Cooke and his staff traveled over 100,000 miles in order to film the areas where history took place.

# Actual Earnings From Evel's Stunt Has Not Been Determined

NEW YORK (AP) — Remember that \$6 million check that Evel Knievel was waving around before his rocket launch into the Snake River Canyon? Well, it was a fake.

The promoters only gave Knievel a \$250,000 advance. The check was pure rubber — part of the publicity that both Knievel and the promoters dreamed up.

There's another thing that is

still floating around in their minds: the actual amount of money the whole extravaganza earned.

The promoters have released various estimates of the gross, but so far nobody has produced any firm figures. All that is known is that Knievel probably earned a lot of money — millions by his account — but nobody is sure.

But if current estimates work

out, Knievel's rocky quarter-mile ride earned him \$6,666.67 per foot — before taxes and expenses, that is.

Reached at his home in Butte, Mont., Knievel says he believes between one million and one and one-half million persons watched him fall into the canyon, at an average cost of \$10 a person in closed circuit theaters throughout the country. Gate receipts at the canyon itself came to about \$600,000.

Robert Arum, the New York lawyer who heads Top Rank, Inc., the promoter of the motorcycle jump, has guaranteed Knievel the larger of either \$6 million in cash or 60 per cent of all receipts, including the theater gate, promotional sales and other income, minus various unspecified promotional expenses to be paid to Top Rank.

In the days before Knievel's "sky-cycle" tumbled 700 feet into the canyon, he had been displaying the \$6 million check, offering, for instance, to pay for a round of drinks with it. That was a promotional gimmick, it was later revealed. The check was a fake.

On Wednesday, Arum reiterated his earlier estimate that theater receipts would total about \$15 million, with promotional sales and other monies bringing total revenues to some \$21 million.

That's \$5 million lower than Arum had predicted only days before the jump, however, and even the revised figure may be on the high side.

After promotional fees are subtracted, Arum says Knievel's share of the gross will be about \$9 million.

## Louisville's Salute To Arts Scheduled For September 23-29

LOUISVILLE—The 1974 Salute to the Arts, September 23 through 29, will offer the finest of the visual and performing arts free to Louisvillians and visitors in downtown Louisville.

The Salute has become a nationally recognized arts festival. Artists exhibiting on the River City Mall will represent more than 10 states including Michigan, Illinois, New York, Ohio, Oklahoma, Alabama and California.

Each day more than 75 artists and craftsmen will sell and exhibit their artwork. Exhibition times will be from 10:00 a. m. to 5:00 p. m. on the River City Mall. There will be special demonstrations in metal sculpture, broom and doll making, woodcrafts, quilting, pottery, musical instruments, and more.

Downtown galleries will open their doors to the public on Sunday, September 22, from 2:00 p. m. to 5:00 p. m. for a special "Gallery Tour" in honor of the Salute week.

The Salute to the Arts will "kick-off" activities with a special musical production of Chicago's "Free Street Theater" on September 23 & 24 at 7:00 p. m. on the Riverfront Plaza.

More free entertainment throughout the week will include Louisville's best in theater, dance, music and choral groups during the noon hours on the River City Mall, and in the evening on the Riverfront Plaza.

The highlight of the Salute week will be a free Louisville Orchestra Concert on the Riverfront Plaza, co-sponsored by Citizens Fidelity Bank and the Kentucky Arts Commission.

Jorge Mester will conduct the outdoor concert, scheduled to begin at 8:00 p. m. on the Riverfront Plaza, September 29. (Raindate: September 30th)

The program will include a world premiere of David Baker's "Le Chat Qui Peche", a jazz suite with a French flavor in honor of the Louisville Bicentennial's French Fortnight.

Louisville Central Area Inc. (LCA) is the non-profit sponsoring organization for the 1974 Salute to the Arts.

## Inventory Reduction Planned By Businesses

While it is not known as yet, what impact, if any, a change in the Federal administration has influenced the outlook of the independent business enterprises, in July confidence in the future dipped sharply.

Key indicators in the quarterly report prepared by Faculty Associates from a selected sample of the NFIB membership show this trend. The research work was directed by Dr. Richard M. Bailey of the University of California at Berkeley and Dr. William C. Dunkelberg of Stanford.

The major figure indicating attitudes revolves around plans to expand or contract inventories in the next six months. In January 22 per cent said they planned to add to inventories in the next six months. In January 22 per cent said they planned to add to inventories and in April 20 per cent said they would increase inventories. In July this dropped to 17 per cent, with 17.6 per cent reporting they are planning to slash inventories, as compared to 15 per cent who indicated this course in both January and April.

However, the NFIB survey covers all segments of the independent economy including non-professional services, professional services, finance and transportation where fluctuations of inventory are not too statistically important.

However, in construction, manufacturing, wholesaling and retailing, the figures from July data show that substantial cutbacks are planned. In the construction field 18.8 per cent plan to slash inventories as compared to 10.3 per cent who say they will increase them.

Among independent manufacturers 20.5 per cent say they intend to reduce inventories as compared to 18.6 per cent who plan to increase, and among independent wholesalers 25 per cent report a drive to cut inventories as

compared to 22 per cent who say the will increase them.

Only in independent retailing is this ratio reversed by a slim margin with 20.8 per cent planning inventories slashed as compared to 21.4 planning increases.

Between those who plan either a decrease or an increase, the respondents indicate they will hold at the same level that existed in July, or are uncertain as to the course they will take.

The curtailment of inventory appears in the NFIB quarterly survey to be closely allied to the anticipated sales volume in the months ahead. In April 51 per cent expected sales volume, measured in units, and not dollar amounts, to increase, but in July this dropped to 40.4 per cent. Conversely the 19 per cent that anticipated a sales drop in April widened to 24.5 per cent in July.

The independent construction industry leads the field in pessimism. In April 56 per cent of these respondents anticipated an increase volume which has now dropped to 36.8 per cent, while those predicting a volume drop has widened

from 20 per cent to 26.1 per cent.

In April 47 per cent of the independent manufacturers predicted an increase in volume but this has now dropped six points and conversely those who anticipate a lower volume account for 26.1 per cent or a decline since April of six points. However, while in April only five per cent of the manufacturers predicted a major volume drop, now 21.1 per cent expect the drop to be substantial.

Both independent wholesalers and retailers also appear to be looking at a gloomy prospect with the percentage of those expecting increased volume in April dropping off seven points in wholesale, and 11 points in retail.

However, there is another indicator. In April both wholesalers and retailers who predicted a volume drop said it would be slight, in July 23.2 per cent of the wholesalers say there will be a big volume drop instead of the 11 per cent who felt that way in April while the independent retailers expecting a major volume drop has more than tripled since April from six per cent to 18.6 per cent.

## Wayne Whitney Named Director Of Veteran Services At MSU

Wayne Whitney has been named director of veterans' services at Murray State University and will head a campus program to expand educational services available to veteran students.

His appointment was approved by the board of regents as recommended by Dr. Frank Julian, vice-president for student development, under the terms of an \$18,186 "Veterans' Cost-of-Instruction—Payment" authorized by the U. S. Office of Education for 1974-75.

Julian said Whitney, who is a 26-year-old Army veteran and graduate of Murray State from Eddyville, will head a staff of part-time veteran student assistants who will work both with on-campus students and students in the PREP (Pre-discharge Education Program) at Fort Campbell.

"They will be involved in a four-point program: recruitment of veterans; referrals and assistance in matters relating to such things as personal counseling, housing, reading assistance, and tutorial help; career counseling and job development; and placement assistance," Julian explained.

He added that the major thrust of the program will be opening the doors of business, industry, government, and school districts to job-hunting veteran seniors and preparing veteran students to pass successfully through those doors.

Whitney, who will be located in Ordway Hall, said work with a veteran will begin during his first year in school. He will be given assistance in choosing a career and in succeeding in his chosen field.

Among other services to be provided are assistance in writing letters, preparing

employment resumes, learning interview techniques and strengthening job retention skills.

Wayne Whitney

Julian emphasized that Whitney will be working closely with J. D. Rayburn, coordinator of veterans' affairs, and Terry Duncan, Veterans Administration representative on the campus, "to assure that all veteran students receive all the financial assistance to which they are entitled and that they receive such aid on a timely basis."

Whitney, who earned both the B. S. and M. S. degrees in communications at Murray State, served most of his two-year tour of Army duty in the Public Affairs Office of Walter Reed Army Medical Center in Washington, D. C., before he was discharged at the rank of sergeant in 1973.

Whitney is married to the former Phyllis Davis, also of Eddyville, and they have a three-year-old son, Jon. The Whitneys live at 412 South 12th in Murray.

## Ford Follows Trend In Price Increases

DETROIT (AP) — Ford Motor Co. has followed the trend set by General Motors and Chrysler and announced price increases on 1975 models averaging about \$389 per vehicle.

Ford Vice President John B. Naughton said in announcing the increases on Thursday that Ford couldn't afford not to raise prices.

"Today's increases are mainly the result of inflation. The actual increase is substantially less than the amount required to achieve full cost recovery," he said.

Naughton said the cost of building a car has averaged an added \$950 per unit since October, 1972. Ford has already made up \$400 of that in previous price increases.

Ford's increase for cars — an average \$370 — was smaller than those scheduled by GM and Chrysler, but previous Ford increases left the Big Three competitive in most models.

Ford has the lowest-priced compact of the Big Three, the Maverick listing at \$3,025, compared to the Chevrolet Nova at \$3,218, with the Plymouth Duster a bit higher.

Ford's subcompact Pinto list-

ing at \$2,835 compares to the Chevrolet Vega at \$2,800. American Motors' Gremlin is expected to run about \$2,900 also when its 1975 model debuts in November. Big Three autos are on sale now.

The Chevrolet Impala, the top-selling auto in America, is listed at \$4,561, while the competitive standard Ford lists at \$4,656.

All prices are without state and local taxes, delivery charges and options. A 4 per cent sales tax will add \$160 to a \$4,000 car, and delivery charges are expected to range near \$100.

## Subcommittee Urged To Withhold Nixon Funds For Full Disclosure

WASHINGTON (AP) — A House subcommittee has been urged to withhold \$450,000 of former President Richard M. Nixon's \$850,000 transition money until he makes a full disclosure on Watergate.

Rep. Michael J. Harrington, D-Mass., appealed to the House executive offices subcommittee

PRESENTED PLAQUES ON their retirement as custodial employees of the Murray Postoffice were Henry Doron, left, and Robert Steele. The plaques were given to the two local men by the employees of the Postoffice at a special party held at the Postoffice.

for that move after three of its members had objected to part or all of the \$450,000 because Nixon controls the Watergate tapes and papers.

"Quite frankly, I do not believe that Mr. Nixon should be granted any of this money, at least not until he finally puts an end to the cover-up, releases

the Watergate tapes and provides answers to the many still unresolved questions as to presidential misconduct," Harrington testified on Thursday.

The \$450,000 was requested by President Ford for Nixon's six-month transition to private life. An additional \$400,000 was requested for him after that period under the Former Presidents Act.

Rep. Tom Bevill, D-Ala., a subcommittee member, had said he did not believe the \$450,000 was needed because part of it is for securing the tapes and he said there is no guarantee the public will ever have access to them.

"The government is not getting anything. He (Nixon) can sell anything or everything except the tapes, which he can destroy," Bevill said.

General Services Administration chief Arthur F. Sampson said Nixon owns the Watergate tapes and papers and an agreement signed when President Ford pardoned him is designed to assure the information in them will be preserved for posterity as well as for court evidence.

But Bevill said under terms of the agreement "the government is not assured of getting any record of any kind to preserve for history."

the result of the last presidential election. The people of this country unified against the McGovernism and they gave a clear mandate for the Republican party."

He attributed the Republican victory in the last presidential election to the party's philosophy which he said matched the prevailing philosophy of the country as a whole.

When asked if he'd ever act again, Reagan said "most of the fellows in some of my California news conference indicate they don't think I ever quit."

Reagan continues his whistle-stop campaigning for Republican candidates today in Evansville where he will speak for incumbent Congressman Roger Zion.

## State Colleges Award More Degrees In Education Field

FRANKFORT, Ky. (AP) — Kentucky colleges and universities awarded more degrees in education than any other study field last year, though state figures show a slight decline in the percentage.

College degree statistics are contained in the annual report of the state Council on Public Higher Education.

The figures show that 28.6 per cent (3,608) of the state's 12,637 bachelor degrees were awarded in education between July 1972 and June 1973.

In the previous year, nearly 30 per cent of the degrees awarded were in education, while in 1970-71, the percentage

was 31 per cent. Dr. A.D. Albright, executive director of the council, attributed the decline to several factors.

He said jobs for newly prepared teachers are more difficult to find, and students are tailoring their major fields of study to the marketplace.

Also, he said, many classroom situations are perceived by students "as being almost unbearable" because of disciplinary problems.

There were 1,995 masters' degrees in education awarded last year, accounting for 57 per cent of the 3,505 masters' degrees awarded.

## Irish Boy Returns Hoping For Better Life

APPLETON, Minn. (AP) — A 12-year-old Irish boy who spent part of July and August living on a western Minnesota farm has returned to rural Appleton from Belfast in hopes of finding a better life.

Robert Cousins was one of 120 Irish youngsters who got a vacation from war in the upper Midwest this summer through a

project sponsored by the Hibbing Rotary Club.

The children went home to Ireland early last month, but Rob returned Wednesday to live with Eldon and Mary Voorhees, both 31.

The boy's mother, Frances Cousins, wrote to the Voorhees, who are childless, after Robert returned to Belfast. She asked if her son could return and live with them.

"We're filled with joy," Mrs. Voorhees said in a telephone interview, "but it's Rob's mother who is doing all the giving. She wrote and told us it's hard to part with him but she wouldn't give up a chance to get him out of Belfast."

Mrs. Cousins, who is separated from Rob's father, also has two daughters, aged 6 and 14.

Rob said he was happy to return to friends he made during the summer and to have a chance in a new land.

"It's so good here," he said. "There's no shooting here, no bombs and I'm not scared."

Voorhees said Rob would stay for a year and "then we'll figure things out from there."

### Husband Of Local Woman Commissioned

Ft. Riley, Kan. — Michael E. Jones was commissioned a second lieutenant in the Army upon the completion of six weeks ROTC Advanced Training at Ft. Riley, Kan.

The son of Mr. and Mrs. Bill E. Jones, Route 2, Paducah, had received his classroom work at Murray State University. His recently completed training not only provided an opportunity to practice what he has learned on campus, but gave him field training in the skills required to serve as an officer in the sophisticated, modern Army.

His wife, Kathi, lives in Murray.

## Wreck Victim Thought Of Past Meals While Stranded By Crash

WHITLEY CITY, Ky. (AP) — Glen Neal says he thought often of past meals during his four days and nights without food or water after an auto crash.

Neal was in a hurry to get from Somerset to his Whitley City home last Saturday afternoon to watch the Tennessee-UCLA football game on television.

About halfway there, five miles south of Burnside, his car went out of control and plunged down a steep, 150-foot embankment, crashing into a drainage ditch.

The car didn't turn over, but Neal was nearly immobilized by a dislocated hip and couldn't scramble up the bank.

The car wasn't visible from the road, and searchers didn't locate him until Wednesday.

Neal said Thursday at St. Joseph's hospital in Lexington that he never lost consciousness. "I knew every minute," he said.

His first thoughts were of the danger of a gasoline explosion, he said. He pulled himself from the car and rested.

He was able to get into a position so his hip was not too painful, and later was able to sleep. Sunday morning it began to rain.

Neal said he tried to get the attention of passing motorists, 200 feet away on the highway, by yelling, blowing his car horn and blinking the lights.

The car battery died on Monday. Neal fired 10 shots from a .38 caliber pistol from the glove compartment, and even set his jacket afire with his cigarette lighter, but with no results.

He got back in the car Monday, knowing he couldn't climb the embankment.

His hunger grew, and he thought of past meals of chicken and cornbread and of drinking milk.

"I was really wanting a glass of sweet milk," he said.

### Pleasant Valley

#### Plans Gospel Meet

A gospel meeting will be held at the Pleasant Valley Church of Christ, Highway 280, Portertown Road, starting Sunday, September 15, and continuing through Friday, September 20. Bro. John Dale, minister of the Seventh and Poplar Church of Christ, Murray, will be the speaker for the services at 7:30 p.m. each evening. Jim Hurt will be the song leader.

A gospel singing will be held at the church from two to four p.m. Sunday, September 15. The public is invited to attend all services, a church spokesman said.

### Gospel Concert To Be At Locust Grove

The Locust Grove Church of the Nazarene, located one mile north of Kirksey off Highway 299, will host a gospel concert featuring The Hallmark Quartet of Paducah on Saturday, September 21, at 7:30 p.m.

Rev. William Doan, church pastor, said the Hallmark Singers are associated with the TV Ministry Young at Heart and are well known in this area for their gospel and sacred concerts.

The public is invited to attend this all musical program, Rev. Doan said. No admission charge will be made but a free will offering will be taken, the church minister said.

### Presbyterians To Hold Services

Regular worship services will be held at the First Presbyterian Church, 16th and Main Streets, on Sunday, September 15.

"Celebrations On The Self" will be the subject of the sermon by Rev. Charles Moffett, pastor of the church, at the services at 10:45 a.m.

The anthem, "How Lovely Shines The Morning Star," will be sung by the choir, directed by Carl Mowery with Cindy Hartwell as organist.

Church School will be held at 9:30 a.m. A nursery is provided.

The Senior High Youth Group and the Girls Groups will both hold separate meetings at seven p.m. on Sunday.

Despite the hunger, and the fear that he might catch cold, Neal said, he "never even had a headache."

He didn't really fear he would die, he said. "I'm not the type that's afraid."

On Wednesday he was found, by McCreary County patrolman Holland Vanover and Clifford Sutton and his son, Ronnie Sutton, of Sutton's grocery store in Whitley City, where Neal is a night watchman.

Ronnie Sutton climbed down the bank, and Neal said, "Ronnie, I knew you would be the first face I'd see."

### Rev. Glover Will Speak Sunday At Two Churches

Rev. W. Edd Glover will speak at both the Liberty and North Pleasant Grove Cumberland Presbyterian Churches on Sunday, September 15, with his sermon subject being "Preparation For Meeting God" with scripture from Amos 4:1-2.

Worship services will be at Liberty at nine a.m. and at North Pleasant Grove at eleven a.m. Sunday School will be at ten a.m. at both churches.

Mrs. Dina Stokes and Mrs. W. Edd Glover will be greeters at North Pleasant Grove on Sunday. Evening services will be at 6:30 p.m.

### Sirica . . .

(Continued from Page 1)

Press Secretary John W. Hushen, asked if any Watergate pardons would be delayed pending completion of court trials, answered, "I believe that is true."

One of the dismissal requests to Sirica was from former Atty. Gen. John N. Mitchell, who claimed to have "been subjected to the same degree and intensity of publicity that prompted President Ford's pardoning of Richard Nixon."

Attorneys for Mitchell argued unsuccessfully to Sirica that a pardon for Nixon and prosecution for Mitchell "is particularly offensive to the American concept of equal justice." They said the only reason Nixon goes free is his status as a former President.

A similar motion also went to the judge from former White House aide John D. Ehrlichman.

The first thing Neal asked for was a drink of water. The first food he got was crackers and milk at the hospital early Thursday. An orderly said he could have more as soon as he could wiggle his toes.

Another patient said it wasn't more than a minute before Neal's toes started wiggling.

### Plans Completed For Historical Society Bus Trip

Final plans have been completed for the annual tour of the Jackson Purchase Historical Society by tour directors Dr. and Mrs. Hunter Hancock. Saturday, October 5 has been chosen as the date for the bus trip to Old Fort Harrold — a replica of the first permanent settlement west of the Allegheny Mts., founded in 1774. Other stops will also include the George Rogers Clark monument; the Lincoln Marriage Temple; the Pioneer Cemetery; the Manson Museum; the McDowell House and Apothecary Shop; Constitution Square; the Isaac Shelby State Shrine; and the Old Crow Inn of 1784.

The price for one reservation is \$22.75 which includes transportation, lunch, dinner and all gratuities. "We deeply regret the increase in cost of \$1.75 over last year, but such is necessitated by the ICC rule on relief bus drivers which is \$50; and a newly imposed 6 per cent excise tax," Dr. Hunter explained.

A reservation with check must be received by Miss Margaret Heath, 1202 Maple Street, Benton, Ky. 42025, by September 28. If all seats are not filled by that date, the trip will be cancelled and checks returned. Non-members will be accepted on a stand-by basis at the same price as members. No refunds can be given after September 28 unless a replacement is available or obtained.

The bus will leave the Paducah Greyhound station at 6:00 a.m.; Mayfield bus station at 6:40 a.m.; Murray bus station at 7:30 a.m.; and Benton at 7:50 a.m. It is expected that every rider will be returned to his home station between 10:00 and 11:00 p.m.

### Marty Allen Speaker

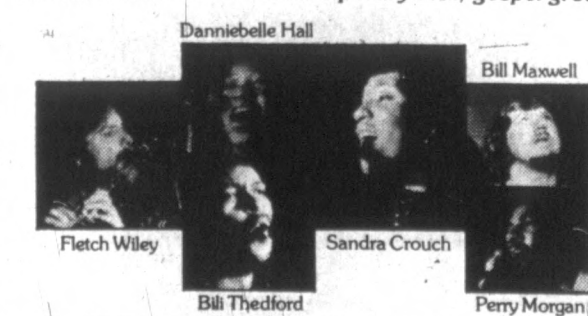

#### At Lone Oak Church

Marty Allen, seventeen year old senior at Heath High School, will be the speaker at the morning worship services at 10:30 on Sunday, September 15, at the Lone Oak Primitive Baptist Church.

The public is invited to hear this young man speak, a church spokesman said.

America's number one contemporary soul/gospel group.
