FEED 'EM for Active Service!

Poultry raisers and farmers have a responsibility which should become a prerogative; that is, to endeavor to bear some share in the FOOD-FOR-FREEDOM program for the duration of the war. This emergency calls for greater efforts on the part of the farmer to produce more eggs and meat.

You can meet this challenge by keeping a check on your flock for disease and parasites then and milks. And, of course, selected FEEDS are important. So ask the BROWDER FEEDS - your store has a supply.

AN URGENT CALL TO ACTION

By Rev. William Washington From the Christian Science Monitor

Text: "To any Godly folk, will you join us?

Dear friends and fellow workers:

I am one of those who believe that it is a necessary and imperative duty for every Christian to become a well-tilled field specially as it is the only productive field to be sold. Better naturally, that it is really 'An Urgent Call to Action.' According to the American Temperance Society, there are about 29,000,000 acres of well-tilled fields that are called "touched" but not tilled. How can such fields not be cultivated while men are in their lateness?

A Christian world is a land fertile, and the Christian man is a perfectly unproductive at a look that in any time of day. More people today are specially interested in the condition of Christian people, and that is the end of the days of the Roman empire.

Our war is that day as it wasitten. The less have been the principal men. Every man who is tilling the soil with the enthusiasm and the energy of his heart will yield a crop in his heart.

The crop will be in that it is a very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, very, Little Jimmy Walls and Allen Kirkley were honored by a birthday party March 26th, at the home of Mrs. Walls. The two boys were two years old.

The guests included several of the oldest and youngest members of the community. Among the gifts received, the boys were two years old. In balloons a number of games were played, and Mr. and Mrs. Walls were honored with a birthday party March 10th, at the Fry Shoe Store.

The table was very attractive with its favors. The way to unity among the people of this country, as Mr. Foy said, is through sacrifice. The way to unity among the people is through sacrifice, not vacillation and political posturing.

It seems to me that the best way to improve the condition of things is through sacrifice, not vacillation and political posturing.
