Faculty Organization Censures Board, Curris Administration

By an overwhelming show of hands, the Murray State University Faculty Organization voted Thursday to censure the University board of regents and the administration of president Constantine Curris.

On the eve of an FDEA holiday for the educators, less than half the university's 350 faculty members showed up for the meeting. The motion was passed by a show of hands, and later recorded as a 91-12 vote after several of those who had voted had left the room.

The meeting was held to take action on a motion by the organization Sept. 11 asking that the regents reconsider their stand on tenure and due process in the form of hearings for those denied tenure.

The controversy stems from decisions made by the university's tenure process which denied tenure to 21 of 45 professors who had been eligible. The tenure process is supposed to include recommendations from chairmen, department heads, deans and the tenure, leave, and promotion committee to Dr. Curris, who then makes his recommendations to the board of regents.

President Curris responded to the action this morning with a written statement, saying, "I regret the action of some 91 faculty members who yesterday voted a censure of the board of regents and this administration. I must say, however, that the response was not unexpected. Some leaders of the organization had apparently decided what course of action would be taken, and obviously no amount of discussion could have prevented that action. As a matter of principal, and consistent with my professional responsibilities I did not support, nor could I ever support the granting of permanent employment to faculty members not favorably evaluated under the university's tenure policy. Tenure must be earned; it should never result from pressure tactics or threats of censure."

"Murray State University is working to become a dynamic regional university, committed to educational opportunity, academic excellence, and service to our region. A strong majority of the university's 350 faculty members support that thrust and our efforts to achieve these goals. The university does not apologize for its high standards, nor do we apologize for our resolve to attract and retain only the most highly qualified and competent faculty."

The Sept. 11 motion by the faculty organization, which has been labeled by some as an ultimatum, asked for a re-opening of the tenure situation. The board responded to the motion by setting up a three-member committee to review tenure applications.

The committee is to study the requests for hearings and recommend to the board whether hearings should be held. As things stand now, the board has the final authority to

grant hearings.

Thursday's motion said that "Termination notice to certain faculty members at Murray State University with the possibility of hearings of restricted conditions is not and never has constituted due process." Due process was included in the motion made Sept. 11 to re-open the tenure situation by the organization.

The organization first considered a motion to censure the administration and also express a vote of no confidence in the Curris administration.

A motion to strike the censure action was defeated by voice vote and then a motion was passed to strike the no confidence clause.

Dr. Charles Daughaday, who was elected chairman of the faculty group Thursday, ex-

plained that the no confidence reference meant "no confidence in things the way they have been done up to now," and was not a demand or request for the resignation of Dr. Curris.

Less than 140 faculty members attended the meeting Thursday. It was reported at the meeting that the group has 157 dues paying members on record.

Curris' office announced yesterday that 14 faculty members denied tenure in May had asked for board hearings, under the proposal extended recently by the board.

One member who asked for a hearing showed a form letter which reportedly has been sent by all 14 to the board's review committee. The letter alleged that the teacher signing it "had

been given no opportunity to offer proof in my own behalf to demonstrate that no legal basis exists to terminate my employment."

The decision to deny tenure also was called "arbitrary, capricious, and unlawful under the provisions of the constitutions of Kentucky and the United States, and the statutory law relating to employment of faculty members at state universities."

Members of the faculty organization also were informed yesterday that it is probable that the American Association of University Professors (AAUP) will investigate the tenure situation at Murray, with the possibility of a censure by that group toward the Curris administration.

Melissa Easley Named To City School Board

Mrs. Melissa Easley, 1612 Loch Lomond, was elected to the Murray Board of Education at the board's regular meeting Thursday.

Mrs. Easley was nominated to fill the vacancy created by the resignation of Dr. C. C. Lowry, who has moved outside the school district.

The board accepted Dr. Lowry's resignation with regrets, and commended the chairman for his 10 years service to the youth of the school district.

The board heard a report from Cleo Sykes on the American Legion Baseball

program, and granted a request that the Holland Field be used for the American Legion Great Lakes Regional baseball tournament next August. The board also accepted a flagpole for the field, which will be erected by the legion.

The audit report of the utility tax was approved as presented by the firm of Richardson and Trevathan accountants. The report showed income of \$207,041.41, with disbursements to the Calloway County Board of Education of \$119,812.95, Murray Board of \$86,259.85; and the collections fee, including audit fees, of \$968.69. It was noted that the disbursements to the boards are based on the respective average daily attendance figures of both school systems.

A report was given on the progress of the tennis courts at the Murray High School campus, a joint effort by the board and the Murray City Council. It was reported that construction has been un-

derway for one month, and expenses are just over \$8,000 to date.

A motion was also passed to authorize the school officials to implement as many as feasible of suggestions made to cut electric power use by the school system. These suggestions included playing all football games below the varsity level in daylight; band practice in daylight; requiring each teacher to turn off lights and close windows in each classroom; instructing custodians to use a minimum of lighting; air conditioning thermostats at 80 degrees and off at three p. m. and other suggestions.

Mrs. Easley is the wife of Sid Easley, county attorney here since 1970. She is a graduate of Jonesboro, Ark. High School, and graduate from Murray State University with her degree in elementary education.

She taught school for one year (See School Board, Page 14)

Council Asks Planners To Restudy Zoning Proposals

The Murray City Council asked the Murray Planning Commission to reconsider its proposed zoning for the recently annexed area on the north side of the city following a request for a zoning change by a property owner in the area at the council's regular meeting last night.

The property in question,

about three acres along U. S. 641, between the TVA power transmission line and Riviera Courts, is owned by J. R. Mahan who requested that the area be zoned for business.

The eight-man commission proposed, according to city planner Richard Nash, that the area be zoned for agricultural purposes to "provide a green

belt" along U. S. 641 to prevent strip development.

Councilman Melvin Henley questioned the commission's reasoning saying "I don't think we can ask private individuals to provide a green belt." Henley added that if the city wished to purchase the land for green belt purposes he would go along with that but he felt to a private

individual to furnish property for a green belt was unfair.

Councilman Howard Koenen echoed Henley's feelings saying that any person lucky enough to own property along a proposed four-lane federal highway has a right to develop that property for business.

Mahan made his request following Nash's lengthy explanation of the zoning districts proposed for the area by the commission. The city planner said that the proposal differed somewhat from the original proposal he submitted to the commission and that he felt 80 to 90 per cent of the concessions requested by property owners in the area were granted by the commission.

When questioned by council members, Nash said that he disagreed with the commission's recommendation on the proposed zoning on one piece of property in particular. Nash said that he did not feel the west end of the Stadium View subdivision, approximately 20 acres bounded by 16th Street on the west and Green Acres Mobile Home Court on the north, should be zoned for commercial use as recommended by the commission. Nash said he felt zoning this area for business was unwise because of the condition of N. 16th St. coupled with the area's proximity to Green Acres Mobile Home Court.

Natural Gas Rate Increase Announced

The Murray Natural Gas System will pass on a 3 cent per 1000 cubic foot (mcf) increase to consumers according to an announcement by Councilman William R. Furches at last night's council meeting. Furches said the increase had been granted to the city's supplier, Texas Gas, by the Federal Power Commission, and that it would go into effect Nov. 1. Furches said the rate increase would be reflected on bills of Jan. 1, 1975.

Tommy Marshall, superintendent of the gas system, said that the minimum charge for natural gas customers at this

time is for two mcf per month or \$2.82. Marshall said the average homeowner in Murray will use 150 mcf per year for an annual increase of \$4.50.

The council accepted the low bid \$5,319.84 from Parker Ford of Murray on a new truck chassis for the Street Department and tentatively accepted another bid from Parker Ford on two new sanitation trucks for the Sanitation Department.

Other bids submitted on the street department truck chassis were from Dwain Taylor Chevrolet, \$6,427.18 and Taylor Motors, \$6,411.63.

Parker's bid on the sanitation trucks totaled \$31,801.06. Other bids on the two trucks were from James Municipal Equipment Co., \$33,188.68; Dwain Taylor Chevrolet, \$34,494.28; and Taylor Motors, \$35,318.04.

The motion to accept the Parker bid, which passed 10-2, was conditional pending further study. Councilmen Ed Chrisman and Phillip Tibbs, who voted against the motion said it was vague and that they felt the council should either vote to accept or reject the bids rather than conditionally accepting the bid.

City Councilman Melvin Henley's move to have an outside firm audit Murray Water System figures to determine the costs to the city of producing one gallon of water

was defeated by his fellow councilmen on an 11-1 vote last night. The council's chairman of the Water & Sewer, Fred Workman, said that the committee and system officials should be able to provide the figures Henley had requested without having to go to an outside agency.

Council members Howard Koenen and Jerry Henry swapped committee assignments last night under the recommendation of Mayor John E. Scott. Koenen and Henry exchanged committee chairmanships with Koenen going to the fire committee and Henry going to the finance committee.

The council agreed to provide firemen as school crossing

Band To Compete In Memphis Saturday

The Murray High School marching band will travel to Memphis tomorrow where they will compete with 26 other Class AAA bands from Tennessee, Kentucky, Arkansas, Mississippi, Missouri, Arkansas and Alabama in the 13th Annual Memphis State University Marching Band Contest.

The band will be judged on all aspects of playing, marching and general effect by a panel of five judges using the Olympic system to determine the winner.

Bands may receive superior rating plaques, trophies for first, second and third in their class and the highest scoring band will receive the "Major's Trophy" and the Highland Hundred traveling trophy for one year.

The top two bands in the competition will perform

Fiscal Court Accepts Bid On Insurance

The Calloway County Fiscal Court awarded an insurance contract for the county's insurance needs to Holton-Melugin Insurance Co. at Thursday's regular court meeting.

The \$14,895 contract was recommended and awarded by a committee appointed by the court to investigate bids received on the contract. The insurance will include all the county's needs and eliminates several different policies that had been held by the county.

A bid was also awarded Thursday to Miller & Stone contractors for a bridge on the

Alumni Group To Name Outstanding Ag Member

The Agriculture Alumni Association of Murray State University will name its Outstanding Agriculture Alumnus of the Year at the annual dinner at Winslow Cafeteria on the campus on Homecoming Eve Friday evening, Oct. 18.

Making the award to the 10th annual recipient at the 6:30 p.m. dinner will be Dr. Lowell E. Wilson, professor of agricultural economics and rural sociology at Auburn University, who was the winner a year ago.

Other previous recipients of the award have been: Charles Magnus of Mayfield, vice-president of the Jackson Purchase Production Credit Association, 1972; Charles M. Moon, Hickman County cattle and hog farmer, 1971; Joe Dick, president of the Bank of Murray, 1970; Dr. Walter Woods, head of the department of animal sciences at Purdue University, 1969; State Sen. Pat McCuiston, Pembroke, 1968; William Ralph Alexander, Union County High School, 1967; James L. Pryor, general manager of the Illinois Central Railroad's Madison Coal Corp., Cartersville, Ill., 1966; and Mancil Viason, director of alumni affairs at Murray State, 1965.

John Barteo of Hopkinsville, who is associated with the West Kentucky Production Credit Association, is the association president and will preside during the meeting. Officers for the 1975-76 year will be elected during the program.

Another highlight will be the introduction to the membership of the winner of the \$200 A. Carman-MSU Agriculture Alumni Scholarship for the 1974-75 school year. He is

Fiscal Court Accepts Bid On Insurance

The Calloway County Fiscal Court awarded an insurance contract for the county's insurance needs to Holton-Melugin Insurance Co. at Thursday's regular court meeting.

The \$14,895 contract was recommended and awarded by a committee appointed by the court to investigate bids received on the contract. The insurance will include all the county's needs and eliminates several different policies that had been held by the county.

A bid was also awarded Thursday to Miller & Stone contractors for a bridge on the

old Murray-Paris Road in the amount of \$6,200. The bridge will replace an inadequate pipe on the road.

The court also gave a \$500 grant to the NEED line, a telephone counseling service in Murray. Two petitions were accepted, one asking for the rebuilding of the Parker Road, and another asking the state highway department to install road signs in the Wiswell area, including a speed limit zone.

A resolution was passed, and will be sent to various federal officials, relating the court's endorsement of the federal revenue sharing program.

ONE INJURED—A Calloway County man was injured when his pickup truck collided with another car at 12th and Glendale shortly before noon yesterday. DeWayne L. Cook, Route Five, is listed in satisfactory condition at the Murray-Calloway County Hospital today after suffering head injuries in the accident. Officers said the truck, driven by Cook, was going east on Glendale Road, when it collided with a car driven by Frank R. Nance, of Paris, Tenn., which was going north on 12th. Fire Chief Jackie Cooper happened on the scene of the accident seconds after it occurred in the Murray Fire Department's van, and assisted in opening the door of the truck with the "Jaws of Life" rescue tool, which was donated several months ago by the Murray Woman's Club.

Good Shepherd Church Women Hold Meeting

The United Methodist Women of the Good Shepherd Church held its September meeting at the church at 1:30 p. m. with Mrs. Mildred Smith, president, presiding.

Eleven members and one visitor, Mrs. Phillip McClure, was present. Each member was given a list of the new officers for the coming year and October 15 was the date announced for the pledge service. An organizational meeting for a new circle group was set for October 6.

Mrs. Katherine Wilson gave an interesting report of the annual meeting held at Paris, Tenn.

The program was opened with prayer by Mrs. Ruth Wilson followed by the group singing "Open Mine Eyes." Mrs. Dorothy Dunn read three translations of the scripture, Romans 8:1-4.

"Law And Order" was the subject of the program presented by Mrs. Lee Lassiter and Mrs. Mildred Smith.

Mrs. McClure gave some invitation cards with a map and directions to the church to the members to give to neighbors and friends.

Refreshments were served by Mrs. Audie Green and Mrs. Alice Knight which included a surprise birthday cake and punch for Mrs. Mildred Smith whose birthday was earlier in the month.

Others present, not previously mentioned, were Mrs. Diane Moore, Mrs. Emma Knight, Mrs. Esther Sigmon, and Mrs. Orla Lassiter.

Celia Simmons Married To Robert G. Reeder In Lovely Church Ceremony

Mr. and Mrs. Robert Glynn Reeder

The First Baptist Church, Murray, was the setting for the candlelight ceremony uniting Miss Celia Simmons, daughter of Mr. and Mrs. Archie Simmons of Murray, and Robert Glynn Reeder, son of Mr. and Mrs. James Reeder of Henderson.

Rev. Richard Walker, pastor of the First Baptist Church, presided during the 7:30 p. m. double-ring ceremony. As the guests arrived, Richard Jones, organist, presented a program of traditional love songs. Miss Susan Penrod, West Frankfort, Illinois, sorority sister of the bride, was vocalist.

The vows were exchanged before an altar of brass candle tapers entwined with Salal flanked on either side with brass spiral tapers and brass stands of Salal. Hurricane lamps with Salal adorned the pews. An arrangement of Magnolia leaves and candles decorated each window.

Bride's Dress
Entering the sanctuary escorted by her father and given in marriage by her parents, the radiant bride wore a formal gown of re-embroidered cuny lace and white silk organza, posed over ivory peau de soie. The empire bodice was fashioned with a Victorian neckline, heavily appliqued with lace and details of lace placed on the bodice to create a bib effect. Elegantly designed lattern styled sleeves were of gossamer organza, overlaid with lace accents and deep-fitted cuffs of lace. A bouffant skirt was designed in simple elegance, unadorned except for a double bias flounce rising from the hem-line and flowing into a chapel-length train, which flowed gracefully as she descended the aisle.

The bride carried a Colonial bouquet of white and yellow silk roses and Statice arranged on her white Bible, a gift of the BSU's Young Women's Association. Miss Kathy Simmons, sister of the bride from Murray, served as maid of honor. She wore a formal gown of peacock crepe combined with ecru Venice lace. The Victorian neckline was fashioned entirely of lace, rising above an empire bodice that featured long, slim sleeves adorned with a vertically inserted panel of lace and tiny self ruffles at the wrist. The gentle A-line skirt was simple in design, and the waistline was defined with a narrow back sash tie. Her headress was a velvet cluster of peacock with matching streamers accented with baby's breath. She carried a small nosegay of dried Hoppy flowers, Star flowers and Baby's breath.

The bridesmaids were Miss Kameil Simmons, sister of the bride, Mrs. David Butler of Louisville; Miss Donna Dunn of Arlington, and Miss Debbie Moody of Murray. The attendants were attired identically to the honor attendant.

The best man was Steve Reeder, brother of the groom, of Henderson. The groomsmen were John Reeder, brother of the groom, of Henderson; Rich Thompson of Louisville; Steve Devoss of Titusville, Florida; and Eddie Brady of Owensboro. The ushers were Dave DeVoss of Titusville, Florida, and Tim Hall of Henderson.

For her daughter's wedding, Mrs. Simmons chose a formal gown of Kelly green silk chiffon and mattee jersey. Designed with a bias and flowing skirt of chiffon, the bodice was fashioned of mattee jersey with a tulip neckline and long slim sleeves. She wore blending accessories and was presented with a cymbidium orchid.

For her son's wedding, Mrs. Reeder chose a formal gown of fuschia Quiana featuring a high neckline and long sleeves. She wore blending accessories and was presented with a cymbidium orchid.

Mrs. Richard I. Coker, Sr., of Wickliffe, maternal grandmother of the bride, and Mrs. Madie White, of Henderson, maternal grandmother of the groom, were presented with corsages of white carnations. The couple concluded the ceremony by lighting the unity candle. The bride recited a Biblical quotation from the Book of Ruth to the groom, after which the groom sang "We'll Walk With God" to the radiant bride before leaving the altar.

Reception
The bride's parents were hosts to a reception in the Fellowship Hall of the First Baptist Church.

The bride's table held the traditional four-tiered wedding cake and the punch which was served from a silver punch bowl. The center piece, featuring a three-branch silver candelabrum entwined with yellow rose buds, daisy mums and Baby's breath, completed the setting.

Mrs. Jimmy Stroud, Lone Oak, presided at the register. Those assisting in serving were Miss Linda Reeder, sister of the groom, Mrs. Wayne Blackford, Mrs. Mark Snyder, and Mrs. Rudolph Howard.

After a brief wedding trip to the Great Smoky Mountains National Park, the couple returned to Livermore, Kentucky, where the groom serves as Minister of Music and Director of Youth at the First Baptist Church.

Rehearsal Dinner
Mr. and Mrs. James Reeder of Henderson, parents of the groom, entertained with a rehearsal dinner at the Holiday Inn for the members of the wedding party.

If she can't have grass, she'll hit the bottle

By Abigail Van Buren
© 1974 by The Chicago Tribune

DEAR ABBY: I was busted for possession of marijuana two weeks ago. I am a married woman, 19, and have a 14-month-old son.

Everyone has something he calls his own thing, and my own thing is relaxing with grass now and then. When the police came to my door because while the officers are waiting outside, someone inside (an accomplice, possibly) can destroy the evidence. So the law enforcers must enter first, and then the warrant is available for reading.

The people, through the democratic process, write the laws, and the police only enforce them. However, your threat to turn to alcohol if you can't have "grass" shows a dependency on some kind of mood-changing drug, which should concern you at least as much as being deprived of your civil rights.

DEAR ABBY: You said in your column that there was nothing sadder than seeing children being raised by children.

Well, I disagree with you. It's a lot sadder to see children being raised by old people in their late 30s and 40s. They have nothing in common.

I am 16, and have a child nearly a year old and there is nothing "sad" about the way my son is being raised. I think it's a break for a kid to have young parents so they can grow up together.

DEAR MOTHER: If you are sufficiently mature to raise a child at 16, you are exceptional.

"Growing up" together is lovely theory, but unless the parents are mature (and maturity doesn't automatically come with years) they'd better do a lot of praying.

DEAR ABBY: I never thought I'd be writing to you, but here I am. Will you please let doctors, nurses, aides and all hospital personnel know that when someone who works with them is hospitalized that person deserves the same consideration about visiting hours as anyone else in that hospital?

I was hospitalized with a serious injury two months ago, and during my stay at the hospital, even though there was a big sign on my door which read: "POSITIVELY NO VISITORS: DOCTOR'S ORDERS," I was pestered to death by co-workers who felt I needed a little cheering up.

Nurses, doctors, aides, and people from the hospital office came to see me. Most of them stayed for only ten minutes, but multiply that by 50 every day and you'll have some idea of how exhausted I was.

I finally had to leave the hospital to get some rest. I love my co-workers, but they almost killed me with kindness.

Please, Abby, put this in your column. I hope it goes up on hospital bulletin boards all over the country.

Engagement Announced Mrs. John Tayloe Discusses "Colonial Medicine" At Meeting Of DAR Chapter

Ruth Ann Locke and James David Bowker

Mr. and Mrs. Carol G. Locke of Benton Route Three announce the engagement of their youngest daughter, Ruth Ann, to James David Bowker of 503 Poplar Street, Murray.

Miss Locke is now attending the Murray School of Practical Nursing and will complete her studies in March.

Mr. Bowker, son of Mr. and Mrs. John Bowker of Murray, is self employed. Wedding plans are incomplete.

Mrs. Price Doyle opened her lovely home on North Fifteenth Street for the September meeting of the Captain Wendell Oury Chapter of the Daughters of the American Revolution. Fourteen members and six guests were present.

The guest speaker was Mrs. John Tayloe of the Watauga Chapter NSDAR of Memphis, Tenn. Her witty and entertaining talk was on "Colonial Medicine" in which she traced the evolution of medical practice from the remedies and "receipts" of the medieval herbalists down to the present day medicine.

Mrs. Tayloe said these remedies were ridiculous but an amazing number of them were so soundly based on long and practical experience that they have become a part of today's modern medicine. She mentioned that in every early times moulded bread was used to keep down infection and promote healing of the wounds, but few people realize now that the blessing of penicillin can be traced to this procedure.

The speaker said foxglove was first used by the herbalist as a specific in the treatment of heart disease which is now called digitalis.

Mrs. Tayloe said "no woman of early times would have been so immodest as to have a doctor attend her in childbirth. This was the midwife's job and she arrived at the home with her bundle of supplies and a large

and impressive looking knife which was immediately placed under the bed to cut the pain in half. Psychology is no new thing and some of these midwives were really skilled in their profession and knowledgeable in the use of the materials they had at hand. They used herbs to stop bleeding, to hasten prolonged labor, and even to produce a mild form of what is now called twilight sleep."

The Memphis woman gave an amusing account of some of the remedies used by her forefathers, naming some of the somewhat startling supplies with which the Colonial Apothecary Shop were stocked and explaining their uses.

Mrs. Tayloe said the American Indian made his contribution to modern medicine by using durgatives, laxatives, remedies for dysentery, pain killers which are still based on much the same principles of plant lore.

Mrs. John J. Livesay, chapter regent, thanked Mrs. Tayloe for her very interesting talk. She led the members and guests in giving the pledge of allegiance to the flag. Mrs. Max Hurt, chaplain, conducted the recitation of the DAR Creed. Reports were given by Mrs. John A. Nance and Mrs. Leon Grogan. Mrs. Helen Wells Lassiter was reported as being hospitalized.

The hostess, Mrs. Doyle, assisted by Mrs. Leon Grogan, served refreshments.

Attending the meeting were Mesdames Doyle, B. C. Allbritten, Robert Bucy, Clifton Key, Leon Grogan, Max Hurt, John J. Livesay, George Hart, John A. Nance, Jesse McNutt, Paul Sturm, Dr. Halene Visser,

Dr. Mildred Hatcher who was reinstated as a member, Miss Maude Nance, members; Mesdames Edwin C. Stohecker, Ray Munday, Tipton Wilcox, L'etal Cole, Frank Holcomb, and John Tayloe, guests.

Tri-Alpha Club Of Murray High Has Initiation For Twenty Members At Meet

Twenty junior and senior girls of Murray High School were formally initiated at a candlelight pinning ceremony into the Murray High Tri-Alpha, a YMCA-sponsored service club, held Monday evening at the school.

The new Tri-Alphas are Glenda Scarbrough, Sharon Steele, Sue Windrum, Debbie Cunningham, Lee Ann Boone, Lezlee Bartholomy, Karen Allbritten, Debbie Chilcutt, Kathy Coleman, Tammy Curd, Marla Daniel, Becky Gould, Cindy Gould, Donna Heathcott, Allyson Holt, Lisa Jones, Cheryl Milam, Judy McCuiston, Linda Ransom, and Sarah Ross.

The club president, Ginger Gilliam, welcomed the new members; Becky Sams, vice president, stated the purpose; and Laurie Beatty, chaplain, gave the devotion. Other officers assisting in the pinning were Starlyn Tabers, secretary; Tony Carroll, treasurer; Martha McKinney,

parliamentarian; and Vicki White, service chairman.

Miss Gilliam announced the selection of the 1974 Ideal Pledge: Lisa Jones, a junior, daughter of Mr. and Mrs. Alvis Jones. All juniors then drew for Big Sisters, a senior member with whom the new member will work closely.

At the conclusion of the ceremony, cherry punch, pink and white party cakes, and nuts were served from a tea table decorated in green linen and highlighted by candelabra and a fall arrangement in antique copper. Vice-President Sams presided at the teatable, assisted by the club sponsor, Mary Ann Russell.

The Murray High Tri-Alpha is open to all junior and senior girls who maintain a scholastic average of 83 or more, who are interested in becoming involved in school and community service and who desires to maintain and extend Christian standards.

Local Scene Stalls & Bell Named By Parker Food

O. T. Stalls and Dwain Bell have been named as assistant manager and meat market manager respectively of the Parker Food Market, located on South Fifth Street in Murray.

Stalls, youngest son of Mr. and Mrs. Ota T. Stalls of Hazel, is married to the former Shirley L. Harris of Dover, Tenn., and they reside at 108 South 13th Street, Murray, with their three sons, Rexie, Terry, and Stacey.

The assistant manager is a member of Calvary Temple First Pentecostal Church of God, serving on the Board of Trustees for several years and having taught the Adult Men's Sunday School Class for many years. He is also a member of Murray Lodge No. 105 F. & A. M.

Stalls has had approximately sixteen years experience in the grocery business.

Bell, son of Mr. and Mrs. Tolen Bell of Symsonia, is married to the former Shirley Downing of Symsonia, and they have one son, Eddy Lee Bell, age fifteen. They reside at Route Two, Calvert City.

The new meat market manager and his family are members of the High Point Pentecostal Church at West Paducah. He has worked in meat departments since September 1954.

A Job For The Pros

It may be, as has been hinted recently with increasing frequency, that it is time for the United States to reexamine its relations with Cuba.

But we agree with Sen. Barry Goldwater that policy making in the foreign relations area is too sensitive to be conducted by free-lancing, volunteer diplomats.

Goldwater was critical of the "fact-finding" trip to Havana taken by Republican Sen. Jacob Javits of New York and Democrat Sen. Claiborne Pell of Rhode Island. If the senators had the blessing of the State Department, Goldwater said, the American

people should be told. If not, the outspoken Arizona Republican added, Javits and Pell should have been ordered to stay home.

It is doubtful that the two touring senators, who were subjected during their stay to one of Premier Fidel Castro's anti-American tirades, influenced any alteration in the 13-year estrangement between this country and its closest Communist neighbor.

In any case, we would prefer to see negotiations to that end concentrated in the State Department's stable of diplomatic professionals.

Let's Stay Well

Viral Venereal Disease— Bad And Spreading

By F.J.L. Blasingame, M.D. A virus infection is now recognized as the cause of a serious form of venereal disease that is usually spread by intercourse and aggravated by it.

The number of cases of virus venereal disease is increasing, and it is estimated that this year about 250,000 persons in the United States will be affected. These are in addition to many cases of ordinary gonorrhea and also syphilis.

The virus cases may show a local pus discharge and recurrent red, blistering skin lesions on the vagina or buttocks and on the penis. Pain in the affected areas may be mild, moderate, or severe. The infection is caused by the herpes virus simplex, Type 2, related to the Type 1 virus, which causes cold sores or fever blisters on the lips.

The Type 2 virus is resistant to all forms of treatment and may persist for years and remain communicable — facts which make control of the spread of the disease most

difficult, especially in view of recent changes in sexual behavior patterns.

The infection, occasionally fatal or disabling, may be passed on to the newborn infant if not delivered by cesarean section.

Of additional significance is the possibility that the herpes virus simplex Type 2 may be related to the cause of cancer of the uterine cervix and of the prostate, though this relationship is circumstantial only and uncertain at this time.

Research on the herpes simplex viruses is being stepped up, and efforts are under way to develop a vaccine which will have preventive and curative values. Such a vaccine, said to be effective in most cases, has been in use for about five years in West Germany but has not been cleared by the Food and Drug Administration for use in the United States.

Q. I am confused by my doctor telling me that the skin trouble on my eyelids is contact dermatitis. What does he

mean? I don't "contact" anything with my eyelids.

A. He means that something is coming in contact with the skin of your eyelids. Cosmetic preparations are among the most common, including those used on eyelashes. Another possibility is that you are putting your fingers against the eyelid skin, and it is reacting because it is tender. The substance may not be troubling the tougher skin of your fingers.

Q. What does the term "family" physician mean?

A. The family physician is the present-day general practitioner. The family physician is a first-line practitioner, trained to care for all members of the family — children, adults, and the aged — for their usual illnesses in the family setting. He can handle about 90 per cent of his patients' diseases and can help patients obtain additional, unusual care when they need it. The family physicians are now considered specialists. They have available a specialty board certifying their unique training in family medicine.

GOD'S CONCERN ABOUT WORSHIP

To worship means to attribute worth to an object. Whatever receives one's first allegiance is what he worships. The act of worshipping God is the inestimable privilege and solemn duty of man. When one worships God he waits in His presence in reverence, gratitude, adoration, and praise. Any man who does not worship God accepts a low rating for himself, dwarfs his life, misses life's highest and best, and fails to give God His rightful place in his life. True worship of God elevates life and guarantees greater achievements. God's desire for our true worship of Him is expressed in Psalm 107:8, "Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men!" Worship is something that we owe to God.

II Chronicles 5:7-10

With a work force of 180,000 men, Solomon was seven and one-half years in building the temple in Jerusalem. It was his desire that this great structure should be a constant reminder to those who gazed upon it that God was far greater than any other god. This marvelous place of worship certainly reflected the majesty of God. Truly God deserves the very best that men can do for Him. When the temple was finished, Solomon commanded the elders, the heads of the tribes, and the princes of the fathers to bring the ark into the newly-constructed edifice. The priests carried the ark into the inner sanctuary and placed in "the holy of holies." In the ark were the stone tablets on which were inscribed the Ten Commandments. The ark was highly revered because it was a symbol of God's presence among His people. Over the ark were two large cherubim, whose wings stretched the entire width of the inner chamber, and symbolized God's presence hovering over His people.

II Chronicles 5:11-14

After they had placed the ark in the holy of holies, the priests came out of the temple. They were joined by the singers "arrayed in fine linen," and by 120 trumpeters, all of whom performed in unison. They led the people in their worship service with songs of praise and thanksgiving for what God had done. Due to the presence of God, the people were overwhelmed. The cloud which filled the temple represented the glory of God. Upon leaving the service the worshippers were fully aware that they had been in the immediate presence of God and had enjoyed a wonderful fellowship with Him, whereupon they yielded themselves to Him for the doing of His will. The theme of their worship was, "He is good, for his mercy endureth for ever." His attribute of goodness was revealed in His

repeatedly doing good. God expressed His mercy by withholding punishment from those who had merited it. Even though it was their task to offer sacrifices to God on behalf of the people and to represent them before God, the priests were so overshadowed by the majestic presence of the Lord that they "could not stand to minister."

II Chronicles 7:12-14

After the dedication of the temple of God, Solomon uttered a remarkable prayer in which there was a distinct recognition and acknowledgment of the fact that God's people sin, and that divine chastisement for purposes of correction will certainly follow their sins. There is no doubt whatever about that. Solomon also made it known that God has made adequate provision for the forgiveness of the sins of His children. God came to Solomon at night, when all was quiet, and graciously informed him that He had chosen the temple as His dwelling place among His people, and that it was an appropriate place for them to make their sacrifices unto Him. God was highly pleased with Solomon's public acknowledgment of absolute dependence on Him.

In verses thirteen and fourteen I see two important things:

I. A Prescription.

1. Humility before God. "If my people, who are called by my name, shall humble themselves." That is the last thing that men want to do. With a spirit of self-sufficiency and self-importance, men like to strut, brag, and boast. If any people would have God's help and enjoy His blessings, they must humble themselves before Him, individually and collectively.

2. Believing prayer. "If my people, who are called by my name, shall humble themselves, and pray." Prayer is the only lever that releases the power of God. Without believing, persevering prayer His power will be withheld.

3. Persevering supplication. "And seek my face." Seek His face daily and you will discover His will and receive His guidance and blessing.

4. Personal reformation. "And turn from their wicked ways" of murmuring, rebellion, covetousness, and devotion to self-interest.

II. A Promise.

"Then will I hear from heaven, and will forgive their sin, and will heal their land." God cannot hear our prayers unless we pray. He will not forgive our sins until we confess them and turn from them, and we cannot expect Him to heal our land until we do what He tells us. When we do what God prescribes, He will do what He promises.

Letter To The Editor

Four-Laning A Waste

Dear Editor:

When there are happenings that involve the well-being of our community and because I do not get around the "SQUARE" as I did a few years ago, it seems no doubt to some people that I write and overdo the availability of your good paper.

Last week I wrote the editor of the Murray Democrat with reference to the opinion it expressed as to the four-laning of 12th St. Presumably, the Democrat shall comment upon my opinion in their issue of Oct. 9. After an absence of 4 days, I returned to find opinions expressed by groups in your paper and the Paducah Sun-Democrat. Both covered the public meeting held here, I feel quite competently.

Most City and County officials, seem unanimous in feeling that the four-lane project is a must if Murray is to progress. Mention was made as to "bottlenecks" but in my opinion such does not exist. I use

Twelfth several times each and every day and admit am not the most patient guy around, but seldom do I get irritated because of traffic delay. When it does happen it is because a vehicle ahead wishing to make a left turn holds up those in the rear who cannot go around because that first vehicle did not pull up far enough, and-or, veered to its right, country style, to make that left turn.

This delay could be easily eliminated by

improving the intersections at Main St., at Poplar and Sycamore, in the manner now underway at Twelfth and Chestnut. The four corners at Poplar need no change if the four-way stop is changed to one with a Green-Red light, as there is now at Olive Blvd.

I am very much in favor of four-laning 641 from Benton to Murray (because it is dangerous) but conversely though it may seem, I see no actual benefit in putting that four-lane, in conformance with Federal standards, from Chestnut through Sycamore St. No vehicle will detour Murray because of this so-called bottle-neck.

Another thought comes to mind; why does a town funnel traffic from two highways, 121-641 into one street. Vehicles from those two highways should be directed toward three streets; i.e., 16th-12th- and 4th, in accordance with the eventual destination of vehicles approaching Murray. After all, not everyone intends to go through Hazel to get to Tennessee.

In conclusion, I have to say the proposed four-laning of Twelfth St., is the biggest waste of money I am aware of since coming to Murray in 1950. To me, 70 percent Federal, 30 percent State is irrelevant. Our country is in a crisis period and profligacy of the past should be stopped here and now.

"Low Down" FROM THE Congressional Record

By JOE CRUMP

(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

SAYS WATERED MILK FINDS FDA LOOPHOLE

Rep. Edward I. Koch (N. Y.)...I would like to bring to the attention of our colleagues a heinous situation involving the milking and bilking of consumers by the Dairylea Cooperative in New York State. In this case the consumers included many children and pregnant women.

"While the offenders in this case must be indicted and prosecuted, we must also take steps to prevent recurrences of such practices. Presently the Food and Drug Administration audits the operation of State and local inspection facilities for milk processors. Supervision is limited to testing for bacteria, microbiotics, and other contamination in milk. I have written to the FDA to ask that the watering down of milk be included in its supervisory inspection of local dairy producers.

"The following letter to...Attorney General Saxbe describes the situation in detail..." (Excerpts from the letter follow):
Washington D.C.

September 25, 1974

Attorney General William Saxbe,
The U.S. Justice Department,
Washington, D. C.

Dear Mr. Saxbe: I am enclosing a letter sent to Secretary of Agriculture Earl Butz with regard to the adulteration of thousands of gallons of milk by the Dairylea Cooperative of New York State. This is a deplorable situation that I believe requires the immediate attention of the Department of Justice.

I also want to bring to your attention a statement made by Bruce Snow, public relations manager of Dairylea. Mr. Snow described the adulteration as an act of true desperation "by an industry trying to remain solvent."

I urge that you initiate criminal proceedings forthwith against the individual directors of Dairylea responsible for this outrage.

Sincerely,

Edward I. Koch

Isn't It The Truth

by Carl Riblet Jr.

Apologists for the youth culture tell us that many young people don't work, don't laugh, don't cry and don't wash behind the ears because they want no part of the capitalistic culture. They rebel by disavowing short hair, shaved chins, shod feet, clean clothes and safe cars and they couldn't care less about how much they pollute the mental, moral and visual atmosphere. It is a selfish and exhibitionist rebellion and worse so because selfish is the very thing they insist they are not.

"The only justification for rebellion is success."

Contemporary Religious Thought

Honesty? Honestly?

By Ned Walsh
Minister of Youth & Activities
First Baptist, Murray

In the wake of Watergate and the stepping down of a President, and a Vice President, we as a people have been shaken and hopefully awakened to the moral crisis which we face. Honesty, basic to any of the multitude of social or religious relationships, seems to have been discarded by multitudes of people.

The problem of honesty is not limited to one class, race or group. It ranges from price-rigging by persons in the highest places of responsibility to customer thefts at supermarkets and department stores. It has been estimated that 15 per cent of the cost of food goes to cover what consumers and employees steal. It has also been estimated that employee thefts amount to over two billion dollars every year.

Students cheating in school, bribery of government officials, price fixing, false advertising, constant overcharging for repair services, padding of expense accounts seem to be the rule rather than the exception.

It's easy to see how this kind of society affects its youth. An alarming number of

young people are looking out at the world through the windows of jails and detention homes. They see themselves as living in a "plastic" society glued together by dishonesty and deception both in their homes and big business.

Why do we have the moral crisis in honesty? The following thoughts are but a few of the causes. We live in a society of "MONEY MORALITY." The pursuit of material goods and money has had a great influence in destroying individual integrity. The end justifies the means.

Growing depersonalization of contemporary society has had a devastating effect on individual morality. One can "get lost in the crowd" and hide in the maze of "everyone is doing it." One who would never consider stealing from an individual, interestingly, sees nothing wrong with stealing from a large corporation or the government.

Basically, the problem and crisis in honesty stems from man's severed relationship with his creator. Man, rightly related, vertically, to God through Jesus Christ will be rightly related, horizontally, to his fellowman. The fabric of man and his institutions are woven and determined by these two basic relationships.

AN INVESTMENT IN YOUR FUTURE

...ATTEND CHURCH

Belief Puts Kindness in Mankind

When you open a door for a stranger, or stoop to lift a fallen child, or to wipe a tear from a broken heart, your kindness is showing. As you have seen so often in life, kindness is composed of a thousand little thoughts and deeds that add up to a kind heart. Kindness is speaking out when words will help. Kindness is sympathy and compassion rolled up into understanding. Believe it or not, kindness is based on belief. Belief in God gentles the soul... and the voice... and the heart... and the hand. Belief in America, and the church, and God builds pride in the present, strength in your soul and faith in the future. It helps make friends and forgive enemies. Belief in yourself grows space with belief in others. Yes, belief puts kindness in mankind and helps to spread it around the world. You'll see it and you'll feel it at your favorite place of worship this week.

TWO FUTURE STARS — Two of the best runners in the seventh grade game Thursday were Murray's Darrell Turner (25) and Mayfield's Marcus Moss (32) who is getting ready to tackle Turner. Moss scored three Mayfield touchdowns and added a two-point conversion.

TIGER BACKFIELD—The entire Murray Middle School eighth grade offensive backfield gets into the act here as Thomas Kendall (26) carries the ball. Supplying the blocks are Howard Boone (14) and Tony Alongi (32). The eighth grade Tigers were defeated 44-30 by Mayfield.

Middle Gets Chance To Try And Stop Talbert

By JOE EDWARDS
AP Sports Writer

Middle Tennessee State gets its chance Saturday at stopping Eastern Kentucky's Everett Talbert.

Talbert, the sensation of the Ohio Valley Conference, will lead the Colonels against Middle Tennessee in one of two OVC games Saturday. The other one sends Morehead to Austin Peay in a battle of winless conference teams.

In non-league matchups, Dayton is at Western Kentucky, the University of Tennessee at Martin at Murray State and

Tennessee Tech at Youngstown. East Tennessee has an open date.

Eastern Kentucky can take the lead in the OVC by beating Middle Tennessee and is sure to rely heavily on Talbert, who is againing an average of 194 yards a game and has been named the conference's offensive player of the week each of the three times he's played.

The super sophomore leads the conference in scoring — eight points a game — as well as his 194-yard average for rushing and total offense.

In Clarksville, Morehead will try to check a three-game losing skid that's followed a season-opening victory.

"We're both in the same boat ... we're both hungry for a win," said Austin Peay Coach Jack Bushofsky. "We've both lost several games we should have won and we both need a win this Saturday."

Western Kentucky, ranked third in the country, seeks its

16th straight regular season triumph and 18th victory in the last 19 games.

"I think it's safe to say that nobody so far has tested our pass defense like Dayton will," said Hilltopper Coach Jimmy Feix. "They have one of the finest passers around in Tom Vosberg and several outstanding receivers. And they're certainly not shy about putting the ball in the air."

Dayton has lost three straight after winning the first two.

"We're going down there with the idea of upsetting them," said Dayton Coach Ron Marciniak.

Murray is a heavy favorite over UT-Martin, which is winless in four games this year.

"We've had our backs against the wall all season, so the pressure should not be any different this week," said UT-Martin Coach Bob Carroll. "It's going to take 100 per cent effort on our part just to stay on the field with them."

Mayfield Rips Murray Middle School In Two Football Games

The lights on the scoreboard at Holland Stadium got a good workout Thursday night as the Murray Middle School Tigers dropped a pair of football games to the Mayfield Middle School Cardinals.

In the seventh grade contest, Mayfield held on for a 26-14 win over the Tigers while in the eighth grade game, the Cardinals rambled for a 44-30 win over Murray.

Both Mayfield teams sport perfect 4-0 records, having defeated Heath, South Marshall Junior High, North Marshall Junior High and Murray Middle.

Meanwhile, the seventh grade Tigers fall to 1-2 for the season while the eighth grade Tigers drop to 2-1.

For the eighth graders, it was a case of Mayfield simply being too large for the defense to handle.

Using a Wishbone, the Cardinals ran all over the smaller Tiger team and by halftime, the visitors led 30-0.

Mayfield scored its first TD early in the game as runningback Jeff Hawkins carried in from two yards for the score and quarterback Jeff Boyd kept on the two-point conversion.

Near the end of the first period, the Cardinals again scored as Boyd carried in from two yards out. All during the scoring march, Mayfield relied on its highly-potent ground attack.

Late in the second period, Hawkins struck again, this time from 12 yards out, and fullback Jeff Jackson added the two-point conversion to give the Cardinals a 22-0 lead.

With less than a minute left in the half, the Cardinals got on the board again, this time a

pass play as Boyd connected with end David Wayatt for an 88-yard scoring bomb. Runningback David Clymer went in on the two-point conversion and Mayfield led 30-0 at intermission.

Tigers Score

At the outset of the second half, Thomas Kendall the Tigers' little tailback, brought the fans to their feet as he returned the kickoff 83 yards to paydirt and the Tigers were on the board with 6:46 left in the third quarter.

The try for the two-point conversion failed.

On their next series, Mayfield scored as Clymer drove 53 yards, with the conversion failing, and Mayfield led 36-6.

After the Tigers fumbled the kickoff, the Cardinals again began another scoring drive, this one ending in a 22-yard scoring pass by Boyd. The two-point conversion was good and Mayfield led 44-6.

With just 13 seconds left in the third period, Tiger fullback Tony Alongi went 20 yards up the middle for the touchdown. On the conversion, Thomas Kendall used a block by Craig Perry and went in for the two points, leaving the Tigers trailing 44-14.

Kendall again brought the Murray fans to their feet early in the fourth period as he went 65 yards for what seemed to be a six-pointer. But Murray was hit by an illegal penalty and on the very next play, Kendall ran 70 yards for the touchdown.

On the two-point conversion, quarterback Howard Boone carried the ball home and the Tigers trailed 44-22.

The final score of the game came when Boone connected with Kendall on a 26-yard pass with just six seconds left in the

game. Craig Perry went over for the two-point conversion.

Seventh Grade

The seventh grade team had the same trouble as the eighth grade Tigers, a big Mayfield game. Craig Perry went over for the two-point conversion.

NCAA Says It May Eliminate Hockey

KANSAS CITY (AP) — Hockey may be dropped by the National Collegiate Athletic Association unless professional influence is removed, a spokesman says.

Warren Brown, assistant executive director of the NCAA, has sent a letter to members of the NCAA Council expressing concern that payments from the National Hockey League to develop U.S. Hockey programs might be turning amateur athletes into professionals.

The letter said hockey would be abolished as an intercollegiate sport unless a stand is taken against the subsidy pattern and there also is agreement to abide by NCAA rules in Canadian recruitment.

The question will be considered by the council at a meeting in Hollywood, Fla., Oct. 21-23. The council will make a recommendation to the NCAA convention in Washington in January.

The NCAA has been involved in several legal disputes over amateur hockey programs subsidized by the NHL through the Amateur Hockey Association.

GOLF

INZAI, Japan — Veteran Japanese pro Shigeru Uchida grabbed the first-round lead in the \$300,000 Pacific Club Masters Golf Tournament with a four-under-par 67.

team and a tough Wishbone offense.

The Cardinals had the most impressive runner in the game, Marcus Moss, who scored three touchdowns.

Moss scored early in the second period from 16 yards out to break a defensive battle and lift the Cardinals to a 6-0 lead.

Just before the end of the half, Mayfield again scored as runningback Greg Puckett scored from three yards out and Moss carried on the conversion to give the Cards a 14-0 lead at intermission.

Early in the fourth period, Moss again put Mayfield on the board with a plunge of one-yard and the Cards led 20-0.

Ice Breaks

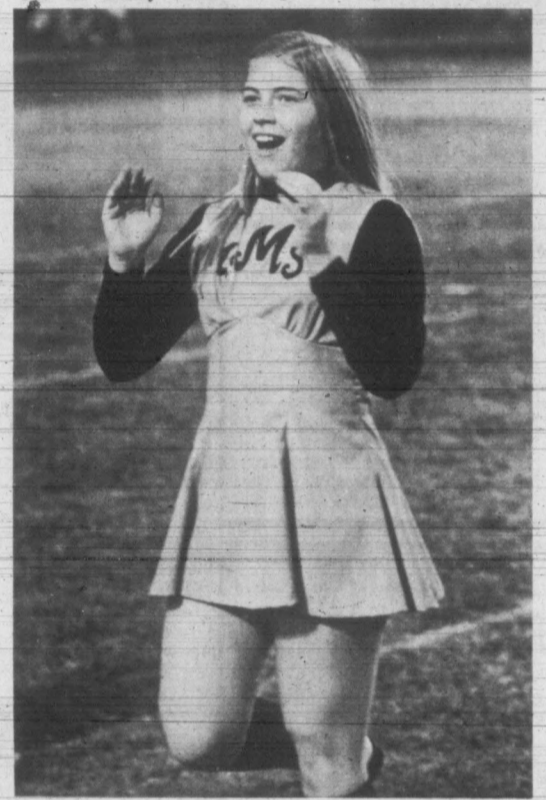

The ice finally broke for

Murray with 5:02 left in the third period as quarterback Rich Rollins handed off to Bo Reed who went 45 yards down the left side, with tailback Nicky Swift providing a good block, and the Tigers were behind 20-6.

But Moss put the game away late in the game as he hauled in a 22-yard scoring pass and the Cardinals led 26-6.

Murray made one last bid with Bo Reed sweeping around the right side for a six-pointer with just under a minute left and then taking the ball in for the extra two points, leaving the final score of 26-14 on the board.

The Tigers and Cardinals will battle again next Thursday at Mayfield with the seventh grade game to begin at 5:30 p.m.

ADDING BEAUTY TO THE GAME — Stacy Fulton of the Murray High seventh grade cheerleaders tries to generate some vocal support from the large crowd at Holland Stadium Thursday that watched Mayfield's Middle School win two games from the Tigers.

Important Games To Be Held Tonight

Predictions last week found me going 10 for 14 with the three surprises at the high school level being Murray's loss to Caldwell County, Fort Campbell's loss to Fulton City and Mayfield's loss to Franklin-Simpson.

In Ohio Valley Conference games, I hit four of five with the upset being Middle Tennessee losing 24-7 to the University of Tennessee-Chattanooga.

That brings the total for the past three weeks to 23-9-1 for a mark of .719, just below the Carr Ratings but that's not bad considering high school games are more unpredictable than college games.

Picking the winners on the high school level this week is going to be even tougher than last week but here goes.

Bowling Green at TILGHMAN—The Blue Tornado has been hit by a rash of injuries but they are still 12 points better than the Purples.

Caldwell County at UNION COUNTY—After their upset at Murray High last week, Caldwell County should go into this one high but not high enough. Union County by 20 points.

Christian County at FRANKLIN-SIMPSON—Why not stay with a winner?

Reidland at CRITTENDEN COUNTY—The battle of the losers will give the edge to the Rockets because they are at home plus they've played some good games, including a 0-0 tie with Franklin-Simpson. Take the Rockets by 16.

FULTON CITY at Marshall Central—Fulton's quickness should be able to make up for the disadvantage in size they'll be facing in the Marshalls. I'll take the Bulldogs by 13.

Heath at LONE OAK—The McCracken County championship is up for grabs and it's bound to be one of the most interesting games of the year. Every time I pick Heath to lose, they win. But I'll have to go with what I think is a better Lone Oak team, by four points.

Mayfield at HOPKINSVILLE—The top offensive team takes on the top defensive team. And I think defense can win a game so the Tigers will win by six.

Todd Central at FORT CAMPBELL—This game, to be on Saturday, will pit undefeated Todd Central against the Falcons who lost their first game last week to Fulton City. A win by Fort Campbell would certainly be a big help for Murray High in the District race. It's Todd Central's first big District test and thus I'll pick the Falcons by nine.

MURRAY HIGH at Trigg County—After watching the Tigers last week in what can best be described as pathetic, I'll pick them this week by nine over the Wildcats in the important Class A match.

The Tigers have made some changes, which you will see tonight. Look for Murray to take an early lead and then hold on with a good defensive effort in the second half.

College games this weekend: Morehead at AUSTIN PEAY, Middle at EASTERN, Dayton at WESTERN, Martin at MURRAY,

TECH at Youngstown. East Tennessee has an open date.

Pratt Leaving

Murray's only Golden Gloves fighter is going into the Army and will leave Monday. Billy Pratt, a 21-year-old welterweight, will report to Fort Bragg, North Carolina.

Pratt said he plans to box while in the army. He will be working in clerical services.

Presently, Pratt is a member of the Paris Boxing Club. Back in February, Pratt took second in the Golden Gloves Boxing Tournament held in Jackson.

He won three fights before losing in the championship match, which a Jackson paper said the decision could have gone either way.

Good luck Mr. Pratt and we hope to someday report more about your success.

Coleman & Jamison

Mike Coleman and T.C. Jamison have finished their basketball careers.

Because of the mistake of one man, the two former Murray State players had to transfer to another school for their senior season of basketball eligibility.

They did. They went to the University of Southern Mississippi and now they are no longer in school.

Coleman was the eighth-leading scorer in the nation last year for the Racers and the 6-6 Jamison would have been starting here this season.

But because of Art Guepe, the Ohio Valley Conference commissioner, the two are finished and apparently, have returned to Indiana to work in factories.

It's sad and downright pathetic. So the NCAA wasn't going to punish the players involved in the decision, they were going to punish the OVC by not letting the involved persons play.

What a joke.

Mr. Guepe, I hope you lose some sleep over the matter. I know two young men who have.

Wins Meal At Rudy's

Mrs. Ruth Padgett, calling in place of her husband Tom, won the free meal at Rudy's Restaurant for this week.

The question was "Name the first major league baseball player to come up from the Little League."

I thought at first, he was a member of the Cardinals but after checking with Little League headquarters, it was not the man I thought at first.

The correct answer was Joe Jay. He came up in 1948 with the Reds.

Others who got the correct answer (but didn't win a meal) included Glen Gordon, Mrs. Raymond Turner, Willis Colson and Calloway County High School principal Ron McAllister.

Heard Trying To Dent Player's Golf Success

By GEOFFREY MILLER
AP Sports Writer

VIRGINIA WATER, England (AP) — American Jerry Heard went out on Wentworth's rain-soaked Burma Road course today in a bid to dent Gary Player's reputation as the world's match-play golf king.

The brilliant little South African is trying to win the Piccadilly World Match Play Championship for the sixth time in 11 years.

"He's the greatest match player I have ever seen and the fiercest competitor," said 22-year-old American Ben Crenshaw Player's first victim when the tournament started Thursday.

"He hit some great approaches and wedges, and his putting on these wet greens was tremendous.

"I think putting will be the deciding factor. If Player goes on sinking his putts he is going to be very difficult to beat."

All matches in the \$72,000 elimination tournament are over 36 holes. Player beat Crenshaw 4 and 3, while Heard defeated Graham Marsh of Australia 4 and 2.

In the other first-round matches American Hale Irwin, the U.S. Open Champion, overcame Bob Charles of New Zealand 4 and 2, and Tony Jacklin crushed Peter Oosterhuis 7 and 6 in an all-British clash.

Heard, 27, was not daunted by Player's brilliant golf in the difficult conditions on the 6,997-yard, par-73 course.

"If I can make a good start and win a hole or two, I can give him a good match," Heard said.

Player mastered the sluggish fairways and watery greens with a dazzling run of seven birdies on the inward nine of the morning round.

Hannibal, Twain Don't Stir Youth

By JACK SUTHERLAND Copy/News Service
The school official rolled the name around in his mouth, cautiously tasting it like an apple, you know how the kids are nowadays.
A bookstore owner shrugged. "Sure, we've got some paperbacks of his novels, but they don't sell well. Just to the older people."

"The biggest reason," said one Twain devotee, "is that Twain books have been consigned to the classics shelf and consequently to obscurity. To youngsters, the word 'classic' means dull."
A library employee disagreed. "There's so much to read these days that young people are devoting themselves to modern works. When hundreds of new books come out every month, they just don't care to dig back into the past."

Another Twain fan chimed in with: "Youthful impudence is to blame for the Twain situation. Most kids think Twain's novels are too slow."
Past generations had "Tom Sawyer" and "Life on the Mississippi" drilled into them class each afternoon, and I must say I was entranced.

Cards To Host Cowboys, Pats Go Against Namath

By BOB GREENE
AP Sports Writer

Remember when the National Football League East divisions were considered the "weak sisters?"

How times have changed. Dallas and Washington still are considered powers, but St. Louis and Philadelphia are one-two in the National Conference East race.

And, in the American Conference East, New England boasts a perfect record after four weekends of play and Buffalo is a contender for post-season play. The division also includes the New York Jets and the Miami Dolphins.

Dallas takes its faltering show on the road to St. Louis to meet the undefeated Cardinals this Sunday, while New England travels to New York to meet the Jets.

In other Sunday clashes, Miami is at Washington, Houston goes to Minnesota to meet the unbeaten Vikings, Pittsburgh is at Kansas City, Los Angeles takes on Green Bay at Milwaukee, Oakland is at San Diego, Cincinnati travels to Cleveland, Buffalo takes on Baltimore, Chicago journeys to Atlanta, the New York Giants are at Philadelphia and New Orleans is at Denver.

The Monday night game will have San Francisco at Detroit. The Dallas Cowboys, 1-3, have won only once in four outings and need to get started soon or else count themselves out of another trip to the playoffs. St. Louis, 4-0, is off to its best start since 1966 when they won their first five games.

Philadelphia, continuing its drive towards respectability, takes on a stumbling Giants team that is having, among other things, injury problems. The Eagles have captured their last three outings following an opening game defeat. The Giants are 1-3 and have four starters who missed last week's game because of injuries.

New England, 4-0, has passer Jim Plunkett, averaging a touchdown for every nine passes, and running backs Sam Cunningham and Mack Herron. The Jets, 1-3, have passer Joe Namath and two changes in the defensive secondary that collapsed against the Miami Dolphins in the first half last week.

Quarterback changes will probably be made for the Pittsburgh-Kansas City contest. The Steelers, 2-1-1, may bench Joe Gilliam for Terry Bradshaw

and Kansas City may go with veteran Len Dawson. Both Bradshaw and Dawson have been injured.

The Cincinnati-Cleveland clash is tradition, with Cincinnati, 3-1, appearing the stronger of the two. But Cleveland, 13, has a habit of winning the "Ohio Cup" battle.

O.J. Simpson has an injured leg that has hampered his running so far this year. But Buffalo, 3-1, has quarterback Joe Ferguson, the AFC's leading passer, and runner Jim Braxton, which is more than can be said for Baltimore, 0-4.

Washington, 2-2, will have Sonny Jurgensen calling the plays when the Redskins meet Miami, 3-1. Jurgensen will try to improve the Washington offense that has sputtered behind

Billy Kilmer.

Another traditional clash sends Oakland, 3-1, to San Diego, 1-3. The Raiders are favored, but San Diego has found a potent offense.

Chicago, 2-2, is making noises like the Midway Monsters of old. With quarterback Gary Huff, rookie rusher Ken Grandberry and defensive lineman Wally Chambers, the Bears may hand Atlanta, 1-3, its fourth loss of the season. Another loss could be fatal to the career of Falcons Coach Norm Van Brocklin.

Dan Pastorini played last Sunday and may start this week for Houston, 1-3, along with rushers Vic Washington and Fred Willis. Minnesota, 4-0, doesn't have to try anyone new as Chuck Foreman has aver-

aged 125 yards a game by rushing and receiving. He also leads the NFL in scoring.

Both quarterbacks in the Denver-New Orleans battle are hurting. The Saints' Archie Manning has a sprained knee and Denver's Charlie Johnson has a sore thumb. Both will play as the Broncos, 1-2-1, and New Orleans, 1-3, attempt to get back into their respective races.

With Joe Reed out, rookie quarterback Dennis Morrison will probably get the call for San Francisco, 2-2, Monday night. Three fourths of the 49er defensive secondary is also hurt. Detroit, 0-4, has injuries to running backs Steve Owens and Albie Taylor, among others, but quarterback Bill Munson is healthy.

Hunter Wants To Leave A's, Andrews To Court

By KEN RAPPOPORT
AP Sports Writer

LOS ANGELES (AP) — Jim "Catfish" Hunter, it seems, has thrown a curve at Charles O. Finley, and Mike Andrews has thrown a high, hard one.

The Oakland A's owner may not be able to handle either pitch.

Finley, usually up to his baseball cap in controversy, hasn't even opened his mouth on the eve of the 1974 World Series — but still finds his foot in it.

Hunter, a 25-game winner this season while helping the A's capture the American League pennant, reportedly wants to leave the team after the World Series with the Los Angeles Dodgers.

Hunter, according to a newspaper story, claims that Finley has failed to pay half of his \$100,000 salary for 1974.

Reached at a downtown Los Angeles hotel Thursday night, Hunter would neither confirm nor deny the report.

"I'm not saying anything at this time," Hunter said — or rather didn't say. "I don't want to talk," he added.

Jim Bank, the A's traveling secretary, said he had "heard the story about Hunter ... but you'll have to talk to Mr. Finley about it."

Mr. Finley was unavailable for comment.

The Chicago Sun-Times story said Hunter had notified Finley a month ago that he planned to become a free agent on Oct. 21, the day after the completion of the World Series, should it last seven games.

Hunter said he received \$50,000 of his salary in the regular bi-weekly installments, but Finley refused to pay the remaining \$50,000. He said he first asked Finley for payments two months ago and the Oakland owner has since failed to answer three letters.

The final letter a month ago said Hunter planned to declare himself a free agent.

Hunter could have declared himself a free agent 10 days after the first missed payment but delayed his action to participate in the American League playoffs and the World Series.

Meanwhile, No. 2 pitcher Ken Holtzman and No. 3 pitcher Vida Blue are also apparently not overjoyed with playing for Oakland.

Holtzman has said throughout most of the season that he plans to retire this year, and Blue, one-time ace of Finley's staff, was quoted as saying once: "The only time I'm happy here is when I get my paycheck."

Earlier Thursday, Andrews filed a \$2.5 million suit in Alameda County Superior Court against Finley for defamation of character. He alleges that he has been held up to "public scorn, contempt, ridicule and disgrace" because of his treatment by Finley in last year's World Series.

Finley allegedly forced Andrews off the team after the second baseman made two errors in the second World Series game at Oakland in 1973.

Former High Schooler Leads Sun To 25-23 Win

ANAHEIM (AP) — It wasn't a bad performance for a kid who came to the Southern California Sun from his high school football team.

Ralph Nelson had just gobbled up six passes for 107 yards, including a 47-yarder for the game's winning touchdown, as the Sun whipped the Shevport Steamer 25-23 Thursday night to win the Western Division championship and qualify for a berth in the World Foot-

ball League playoffs. "I ran an out and up and lost the man on the out. I could tell it was a score if I could catch the ball," said Nelson, 20, who played football in high school but not in college.

He was working in a warehouse when he heard about the formation of the WFL and called the Sun for a tryout. He got a job as a reserve back and entered the nationally televised game as a substitute for the injured Kermit Johnson.

"I juggled it right by my helmet for about five yards but then I held on and it was okay," said Nelson, who caught the ball on the 15 and raced into the end zone.

The score came in the third period on a pass from Tony Adams, who threw for 222 yards, and gave Southern California a 25-15 lead. Shevport cut the deficit to 25-23 midway in the fourth quarter on a nine-yard run by Jim Nance and then got the ball again for a last-ditch drive which stalled at midfield as the gun sounded.

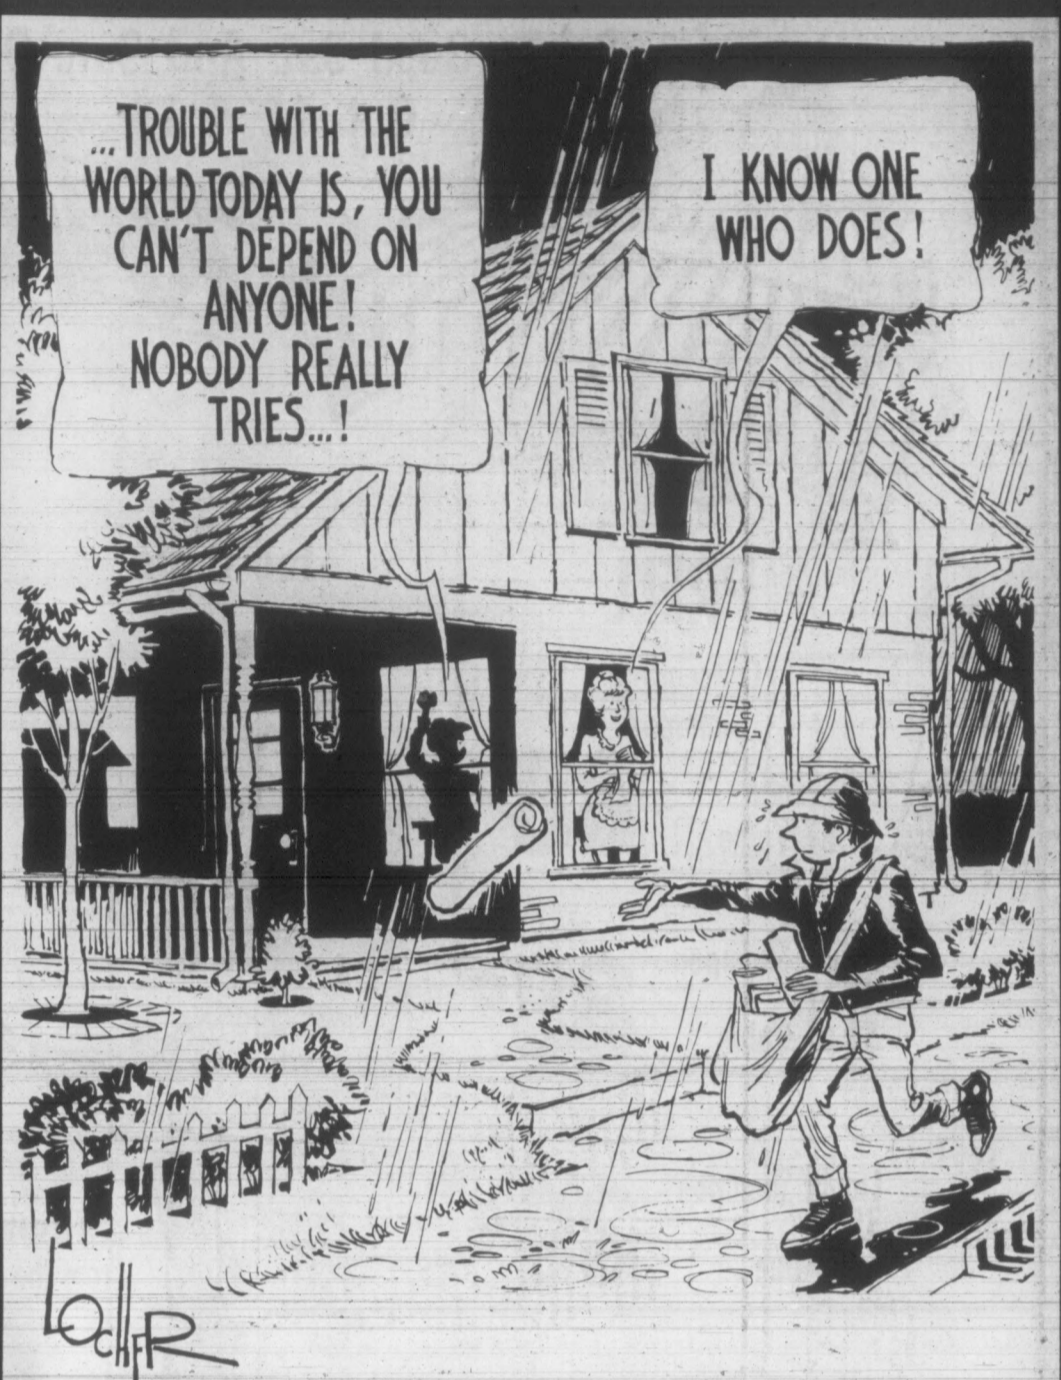

"Nelson ran very well but fumbled twice and negated that," said Sun head Coach Tom Fears of Nelson, who gained 41 yards rushing on 13 carries. "I've got to see on films how the fumbles happened."

Southern California took a quick 15-0 lead on touchdowns runs of one and seven yards by Alonzo Emery and Adams.

Paul Gipson scored on a six-yard run and John Mallory went 34 yards with a recovered fumble to tie the score before the Sun's Rod Garcia booted a 30-yard field goal to give his team an 18-15 halftime lead.

TENNIS
TOKYO — Defending champion Ken Rosewall moved into the men's quarterfinals with a 3-6, 6-4, 6-2 victory over fellow Australian Syd Ball in the \$100,000 Japan Open Tennis Championships.

MADRID — Top-seeded Guillermo Vilas of Argentina easily defeated Buster Mottram of Britain 6-3, 6-4 to lead the way into the quarter-finals of the \$75,000 Melia Tennis Tournament.

Big Grain Crop Loss Will Send Meat Prices Up Again This Year

WASHINGTON (AP) — A big loss in grain crops this year because of bad weather will send meat prices up again next year but has stirred debate in the Ford administration about how food prices will act overall next season.

The Agriculture Department said Thursday the corn crop will be 6 per cent less than forecast a month ago, mainly because of killer frosts. And it

will be down 16 per cent from the record 1973 harvest.

Soybeans, another livestock feed needed to produce the nation's meat, milk and poultry, will be 4 per cent less than the September estimate and down 19 per cent from last year.

Don Paarlberg, USDA director of economics, said the reduced harvests — even farther below what experts had expected six months ago — will

mean higher meat prices next year.

But Paarlberg refused to predict how food prices generally might react in 1975. Those are expected to go up 15 to 17 per cent this year, one of the sharpest climbs since World War II.

Agriculture Secretary Earl L. Butz has been saying for six weeks that 1975 food prices would be held to less than a 10 per cent gain from this year. Paarlberg was asked about that.

"We have not made an official estimate," Paarlberg told a news conference after Thursday's crop report. "This is Secretary Butz's judgment. And he may simply hold to that figure; he may revise it; he may wait until the analysts have, themselves, reviewed the situation."

SCHOLARSHIPS AWARDED—Three students at Murray State University are the recipients of scholarships which Industry and Technology presents annually. The students are: (standing, left to right) Timothy Harlan, a sophomore from Bremen, a \$100 scholarship winner; Rodney Pewitt, a Mayfield freshman winning a \$200 scholarship; and Pete Stathopoulos of Springfield, Ohio, a junior who was awarded a \$100 scholarship. Wilson's Labor Party Wins British Election

LONDON (AP) — Prime Minister Harold Wilson's Labor party has won Britain's general election, riding to power with a mandate for radical measures against the country's ailing economy.

Official returns today said the Laborites took at least 318 seats, the magic number for an over-all majority in the 635-member House of Commons. Labor held only 298 seats in the previous Commons, and its legislation was hobbled by minority rule.

Wilson favors keeping close ties with the United States.

With 618 of 635 seats decided, the Labor party held 318 seats, Edward Heath's Conservatives 273, the Liberals 9, and splinter groups 18.

Even before the results were official, Wilson declared, "I will soon be forming my fourth administration." He is the first man in this century to serve four times as Britain's prime minister.

Wilson, looking relaxed but tired after staying up most of the night watching the returns, flew into London from his home district near Liverpool as computer projections predicted a five-seat majority for Labor in Parliament when all returns are in.

The Labor party has been in power with a minority government since last February when a narrow Labor electoral victory returned Wilson as prime minister, and ousted Heath.

Nine Women, Three Men Chosen As Cover-up Jury

WASHINGTON (AP) — A jury of nine women and three men was chosen today to hear the Watergate cover-up trial.

For the first nine days of the trial, U.S. District Judge John J. Sirica had questioned hundreds of potential jurors on what they know and think about Watergate.

The tedious and painstaking process was the result of Sirica's fears that two years of news coverage of the Watergate scandals may have persuaded many prospective jurors that the defendants were guilty before the trial began.

While the 12 members of the jury itself have been picked, prosecution and defense lawyers continued picking an additional six alternates in Sirica's crowded courtroom.

Once that is completed, the jurors and alternates are to be

taken home to make personal preparations for the trial, which is expected to last three or four months. The jurors are to be housed in a nearby motel and will be allowed no contact with anyone else outside the presence of U.S. marshals.

Completion of the lengthy jury selection process clears the way for Watergate prosecutors to lay out their case against the defense beginning Monday.

Charles Reams To Speak At Churches

Charles Reams, a lay leader of the Paris District and a member of the First United Methodist Church, Fulton, will speak Laity Sunday, October 13, at Goshen and Lynn Grove United Methodist Churches.

The Goshen services will be at 9:30 a. m. and the Lynn Grove services will be at eleven a. m., according to Rev. Bill Hart, pastor, who invites the public to attend.

Campus Leaders For Ford Named

Patrice Carroll, a freshman from Frankfort, and Dave Garrison, a sophomore from Murray, have been named as campus co-chairmen at Murray State University in the Wendell Ford for U. S. Senate campaign.

Appointed by Ron Christopher and Z. C. Enix, county campaign co-chairmen, they were described as "representative of the kind of outstanding young people who are enlisting in this campaign to send a man to the U. S. Senate who is sensitive to his constituents and to their needs."

Miss Carroll, the 18-year-old daughter of Lt. Gov. and Mrs. Julian Carroll, is a theatre arts major. She graduated from Frankfort High School last spring.

Garrison, 19, is a political science major. The son of Mr. and Mrs. Jim Garrison, he has been active in the Young Democrats organization on the campus.

Locust Grove Funds Needed For Cemetery

Funds are needed for the upkeep of the cemetery at Locust Grove Baptist Church, according to H. M. Perry, treasurer.

Persons having relatives buried at the cemetery are asked to mail or give their donations to H. M. Perry, 1302 Olive Boulevard, Murray, Ky., 42071.

Presbyterians To Hear Rev. Moffett

Laity Sunday will be observed by the First Presbyterian Church with the regular worship services at 10:45 a. m. preceded by Sunday School at 9:30 a. m.

"Sacred or Secular Donkey" will be the subject of the sermon by the pastor, Rev. Charles Moffett. Carl Mowery will direct the Chancel Choir in singing the anthem, "Awake, My Heart," with Cindy Hartwell as organist.

A nursery is provided for the services.

The Dorothy Moore Circle of the church will meet at the home of Mrs. Olin Moore on Monday at 7:30 p. m. with Bill Wilker and Gene Wheeler to present the program on "You and Your High Blood Pressure."

The Adult Discussion Group will meet with Roy and Janet Kirks on Thursday at eight p. m.

UMW Says Nationwide Coal Strike Likely November 12

WASHINGTON (AP)—The United Mine Workers says a nationwide coal strike is likely Nov. 12 unless the industry makes concessions on key health and safety issues, but the coal operators indicate they are standing fast.

"Time is running out," declared UMW President Arnold Miller who, charged that the "inflexible position" adopted by the Bituminous Coal Operators Association all but assures a

strike.

"If there is to be a prayer of negotiating a settlement and securing ratification without a strike, tough, hard negotiating should be going on this very minute," Miller told a news conference Thursday.

Contract talks covering 120,000 UMW members who produce about 75 per cent of the nation's soft coal recessed last Monday when Miller said the industry rejected the union's proposals to improve health and safety in the mines. The two sides are not scheduled to meet again until Monday.

The union chief called the industry's counter proposals "garbage," saying they are like

asking "for a three-year renewal of their license to kill."

Every third day a miner is killed and "unless the BCOA assumes a willingness to negotiate in these critical contract areas, I must reluctantly report to the American people that a nationwide coal strike is likely to occur on Nov. 12," Miller said.

The current three-year pact expires on that date.

In responding to the union's charges, the BCOA issued a statement saying it is willing to negotiate in good faith and still hopes to work out a peaceful settlement.

However, the BCOA said some of the UMW's demands would, in effect, force the industry to surrender its management rights.

"There are certain principles that we must stand fast on," the BCOA said. "These are the responsibility to manage the mines, a responsibility we cannot abdicate."

Miller said the BCOA "rejected out of hand" the union's health, safety and manpower training proposals in addition to a plan for reducing wildcat strikes.

Instead, he said the operators proposed that the industry be permitted to cut the wages of miners suffering from black lung disease who choose to transfer to a less hazardous area; to extend the workday by 45 minutes, thus eliminating 45 minutes of overtime in the present contract; and demanded the right to fire without cause any new worker during his first 120 days on the job.

The UMW also is demanding a substantial but unspecified wage boost, but economic issues have not yet been discussed since the talks began Sept. 3.

Miners now earn between \$42 and \$50 a day, depending on their jobs.

Miller charged that the industry is trying to force a strike and then demand government intervention in order to undermine the union's bargaining position. He also said a strike would further drive up coal prices which, he said, already have risen 61 per cent in the past year.

Cook Proposes Economic Plan Granting Exemption Increase

LOUISVILLE, Ky. (AP) — Sen. Marlow Cook, R-Ky., today proposed a nine step economic program which would include an increase in personal income tax exemptions from \$750 to \$1,000 per person immediately.

At a news conference at his state headquarters, the GOP nominee, seeking re-election, also said he believes his race with Democratic Gov. Wendell Ford is "flat even."

And Cook said his failure to appear Thursday night at a Western Kentucky rally was due to a foulup by headquarters.

Cook said his proposals to improve the economy and fight inflation would take legislative form later. He reiterated his opposition to President Ford's proposed income tax surcharge while agreeing with most other phases.

Among the senator's other economic suggestions: —Automatically escalate the personal income tax exemption

to the cost of living index.

—Impose a minimum tax on persons making \$50,000 or more a year of 10 to 25 per cent, thereby closing any loopholes for the wealthy.

—Giving a total exemption to taxpayers whose earnings are under the poverty level.

—Imposing a 10 per cent tax surcharge on corporations.

—Allowing people on welfare and Social Security to work without the current penalties of fund cutoffs.

—Giving farmers an incentive to increase food production.

—Removing the interest ceiling that financial institutions are able to pay small investors, thereby giving them equality with wealthy savers who earn higher interest rates now.

Cook said that if he had to choose one proposal he regards as most important it would be to require the U.S. Treasury to retire 5 per cent of the national debt every five years.

The senator reacted rather testily to questions about the

Western Kentucky rally cancellation. There were varying versions from aides on why he did not go.

A Cook advance man was injured and two other persons from the Morganfield area were killed in a traffic accident near that city Tuesday night.

"I felt in all due respect the event should have been cancelled because politics should not be so crass," Cook said.

He said he asked his headquarters to take care of the situation and "I find they did not."

Cook said it is unfair to make a big issue of this cancellation when his opponent has cancelled a number of appearances — such as earlier this week before University of Kentucky students — without adverse publicity.

Cook said he has submitted numerous times to questions and answers in his appearances and to his knowledge Ford has not done so.

Council

(Continued from Page 1) guards at 12th and Poplar Streets on a temporary basis, until a "mother's patrol" is formed or until the state installs a traffic signal at the intersection.

Mayor Scott said that the state has already let the contract for the installation of the traffic signal at the intersection.

Parents of students at Carter School have appealed to the council on several occasions to make the crossing safer for their children. Mayor Scott is to meet with school system representatives on Tuesday to further investigate the problem.

Councilman Rex Alexander reported that he had received complaints of "blind corners" at several intersections in the city and said that some action should be taken to alleviate this dangerous situation. He also reported that the feasibility study on a central purchasing agency for all city departments should be completed and in the hands of each councilman by next week.

Councilman Dave Willis announced that the annual trash and brush pickup in the city would begin November 4 and that all city residents would be allowed to dump trash and brush at the city landfill at no charge between Oct. 15 and Nov. 15. Willis added that the resident must display a city sticker on his vehicle and that commercial haulers would not be allowed free dumping privileges.

Councilman H. Ed Chrisman urged local motorists to observe state laws requiring vehicles to stop when a school bus is loading or unloading children and pointed out that school bus drivers are responsible for turning in license numbers of vehicles that violate the law, and that violators are subject to citation.

Chrisman also gave the police report for the period of Sept. 20 to Oct. 3 which listed 180 citations issued with 29 cases dismissed in city court; 22 investigation reports filed; and 20 accidents investigated. Chrisman said the department had solved six cases during the period and recovered an additional three stolen autos.

Business Men On Panel At School, Christian Church

O. B. Boone, Jr., will moderate a panel made up of Royal Kain of Fisher Price, Kenneth Imes of J. H. Churchill Funeral Home, and former Mayor Holmes Ellis discussing "Christian Ethics and Business Practices" at the Second Session of the School For Christian Living on Sunday, October 13, at 6:30 to eight p.m. in the Church Library of the First Christian Church Education Building.

Fred Wells, chairman of the Christian Education Committee, is the Dean for the School and co-ordinator for this course. The public is invited to this open panel. A nursery will be provided. Youth sessions will be held at the same time.

Other courses being offered in the School include: "The Sermon on the Mount" taught by Rev. Fred Morton, "The Meaning of Suffering and Understanding Grief" lead by Dr. R. Scott Pricer, and "The History and Doctrine of the Christian Church" by Rev. William M. Porter. Host pastor, Dr. David C. Roos, serves as pinch hitter wherever needed. The school will continue throughout the four Sunday nights in the month of October.

David Hadland, minister for the Wembley Park Church of Christ in England, will be guest speaker for the seven p. m. Sunday evening worship hour at the University Church of Christ. Visitors are welcome, a church spokesman said.

School Board.

(Continued from Page 1) in Lexington, and spent three years in a New York child welfare department. She also worked with the Mental Health Center here for three years.

Mrs. Easley has worked on the Charity Ball committee for three years, and is on the administrative board of the First Methodist Church as Children's Coordinator. She was also on the Headstart Policy Council for three years.

"I think I can be objective on the Board of Education," Mrs. Easley said, adding that she has not had enough experience to have formed many opinions on issues. "I've got a lot to learn," she added, and said "I really feel honored by the appointment, and think it is a big challenge."
