Chaney Is Honored As Agriculture Alumnus

Dr. Charles H. Chaney, professor of agriculture at Murray State University, has been named the Outstanding Agriculture Alumnus of the Year for 1974 by the Agriculture Alumni Association of the university.

A 1957 Summa Cum Laude graduate of Murray State, he is a native of Murray and has been a member of the faculty in the Department of Agriculture since 1967. His fields of specialization are animal science and nutrition.

His selection makes him the 10th Murray State agriculture alumnus to receive the honor, which was awarded at a dinner meeting on Homecoming Eve Friday evening on the campus. Making the award was Dr. Lowell E. Wilson, professor of agricultural economics and rural sociology at Auburn University, last year's recipient.

Other previous winners have been:

Charles Magness of Mayfield, vice-president of the Jackson Purchase Production Credit Association, 1972; Charles M. Moon, Hickman County cattle and hog farmer, 1971; Joe Dick,

president of the Bank of Murray, 1970; Dr. Walter Woods, head of the department of animal sciences at Purdue University, 1969; State Sen. Pat McCuiston, Pembroke, 1968; William Ralph Alexander, Union County High School, 1967; James L. Pryor, general

manager of the Illinois Central Railroad's Madison Coal Corp., Cartersville, Ill., 1966; and Mancil Vinson, director of alumni affairs at Murray State,

1965. Chaney, who was chosen by the faculty and his fellow agriculture students as the outstanding senior in agriculture at Murray State in 1957, earned both the M. S. and Ph. D. degrees at the University of Kentucky.

He served for five years at UK as the chairman of the swine research, teaching and extension committees. His research earned him international recognition, and he is the co-holder of patents in the United States, Canada, Belgium and Great Britain.

A prolific author, Chaney has more than 20 publications in refereed journals and has written numerous scientific papers and more than 40 scientific equipment station reports. Experiment station circulars prepared by him have been used by county agents, vocational agriculture teachers and farmers across the state of Kentucky.

Along with his teaching, research and administrative duties, he has directed theses for several students working toward graduate degrees in agriculture.

Chaney, who is the adviser to pre-veterinary professional students at Murray State, is a member of the Advisory Committee on Veterinary Medicine for the Kentucky Council on Public Higher Education.

He is president of the Calloway County Agricultural Council and co-chairman of the West Kentucky Barrow Show and the swine division of the Calloway County Fair. Chaney holds membership in many honor societies and organizations.

He is the son of Mrs. Euris Chaney and the late Mr. Chaney. Chaney and his wife, the former Sue Clifford, have an eight-year-old son, William Hugh.

Accident, Break-In Investigated Friday

One person was injured in a one-car accident at 9:20 p.m. Friday on North 16th Extended, according to Murray City Police.

Officers said Robert C. Carter, Murray Manor, was taken to the Murray-Calloway County Hospital for treatment of severe cuts on his arm, after being injured in the accident.

Police said the car slipped off the shoulder of the road, and went out of control when Carter attempted to pull back onto the

blacktop. The vehicle overturned after it left the road.

Police also investigated a break-in at a house at 707 South Fourth, in which goods valued as high as \$1,100 were taken.

The house, unoccupied at the time, is owned by A.O. Woods, of New Concord, who said that jewelry valued at \$500 to \$800 was taken, as well as four chairs valued at \$50 each and a clock valued at \$100.

Police said an investigation is continuing into the incident.

He is president of the

Calloway County Agricultural Council and co-chairman of the West Kentucky Barrow Show and the swine division of the Calloway County Fair.

Chaney holds membership in many honor societies and organizations.

He is the son of Mrs. Euris

Chaney and the late Mr. Chaney. Chaney and his wife,

the former Sue Clifford, have an

eight-year-old son, William

Hugh.

Ceremony Friday Honors Memory Of Graves Death

Prolonged Recession Predicted For State By Murray Professor

By Dwain McIntosh

"Taps" reverberated in epilogue against the massive facade of Roy Stewart Stadium Friday—and Gilbert Graves had been remembered.

About 80 people turned out to stand in the gusty Homecoming Eve afternoon to observe a simple and solemn ceremony honoring the memory of the only Murray State athlete to die of injuries sustained on the playing field.

His name was formally etched forever into the school's history with an impressive bronze plaque and the naming of the main thoroughfare in the stadium as "Gilbert Graves Circle."

But there was far more to it

than the bronze and stone and street signs that will remind posterity. For several of those who watched and listened in the autumn sunshine near the main entrance to the towering new stadium had memories that spanned a half century back to the young man of barely 21.

His sisters—Miss Margaret Graves of West Palm Beach, Fla., and Mrs. Mildred Hagan of Louisville—unveiled the marker with the shield-shaped plaque, and seven of his teammates from the 1924 football team stood at the head of the memorial plaque throughout the 20-minute program.

They no doubt recognized best the appropriateness of the site

and time for the tribute—for it was 50 years ago in the final football game of the season on a sunny Thanksgiving Day afternoon, Nov. 27, 1924, that Graves suffered a broken neck that was to end his life on Dec. 5.

Max Hurt of Kirksey, a member of the 1927 class and chairman of the Gilbert Graves Memorial Committee, delivered a tribute that revived recollections of that scoreless game Murray State Normal School played with West Tennessee Normal School on old Moore Field in Murray that fateful day.

He described Graves, a 135-pound quarterback, as "a clean-cut, bright-eyed youngster" (See Graves, Page 10)

FRANKFORT, Ky. (AP) — Two economic experts have predicted a prolonged recession for Kentucky and the nation but they disagree on its relative seriousness for the state.

Both testified Friday at a meeting of the Interim Legislative Committee on Appropriations and Revenue.

Murray State University's Business School Dean, John Lindauer, said Kentucky was hit disproportionately hard both by the current inflation and under President Ford's plan to fight it. Kentuckians will pay more taxes under the Presi-

dent's plan but would not qualify for many of the benefits it provides, Lindauer said.

Agreeing on the seriousness of the recession nationally was William Hertz, consultant to the state revenue department. He said the recession could continue into late 1975.

But Hertz said Kentucky was better off than most states because of the diversification of its economy — including agriculture, industry and coal mining. He noted, however, there would be pockets where such problems as unemployment would be more serious than elsewhere.

Hertz also said he did not feel President Ford's proposal was "a bad program — it just wasn't enough."

"It's quite possible it was the best he could get a consensus on right now," Hertz added. "You can find good economists" (See Recession, Page 10)

ROAD CLOSED—Workers survey the situation atop a massive pipe that is coming from beneath the old Murray-Pans Road. County workers are removing the old pipe, which will be reused on other roads, so that a new concrete bridge can be installed. The project will cost the county about \$7,000, and should end flooding in the area, which has been caused by the inadequate pipe under the road. Motorists are urged to avoid the area if possible, because through traffic will be blocked for about 30 days, if good weather continues. County Squire Ralph Bogard is one of those atop the pipe, and was at the construction site for several days as work began.

MAKE DRESSING FUN FOR CHILD

Learning to dress can be fun for a child, if some thought is given when clothing is being made or purchased, suggests a University of Tennessee Extension specialist.

"Children like to be independent, so providing clothing they can get into and out of easily can teach self-reliance," says Helen Rader, clothing specialist. "Garments which open in the front, with big buttons or zippers, are a big help. Pajamas with elastic waists are for both boys and girls."

Dear Abby

Sheep shouldn't lead shepherd astray

By Abigail Van Buren

© 1974 by The Chicago Tribune

DEAR ABBY: It is with a great deal of hesitation that I write to you, because I am the one to whom people usually come with their problems.

I am a young minister in a fairly large congregation. My problem is the following: A married woman (older than I) is making every effort to entice me into a personal relationship. She's tried several approaches. (She and her husband, she says, have not had a "real" marriage in the physical sense for years. She "needs" me for reasons of health, physical and emotional. I need not get emotionally involved with her. No one could be hurt if we were very, very discreet.)

She is an attractive woman, intelligent and persuasive, but I would rather not have that kind of relationship with her. Furthermore, it would cost me my job if anyone found out.

She has been a loyal worker for my church and no one thinks it's strange that we see so much of each other.

Is there a way to discourage her once and for all without hurting her or insulting her? TROUBLED MINISTER

DEAR TROUBLED: Ask her what she thinks would happen to YOUR emotional health were you to commit adultery while committed to preach the Biblical injunction against it. And tell her that if she can't separate her sexual needs from her spiritual ones, she needs a doctor of psychiatry—not a doctor of divinity.

DEAR ABBY: I have been married for seven months and my husband is constantly pressuring me to start a family right now! I told him I wasn't ready yet.

He says I am ready whether I know it or not, but, Abby, I don't really want the responsibility that goes with motherhood yet. I want to enjoy the freedom and fun of being childless for at least two years.

He is 26 and I am 23. I hate to use birth control behind his back, but if he doesn't quit pressuring me, I may have to. How long do you think a couple should wait before having children?

Do you think he wants to tie me down with a family to make our marriage more secure? PRESSURED

DEAR PRESH: Your letter indicates that you are NOT ready for a child. "Tying you down with a family" before you're ready will not "secure" your marriage. It's more apt to weaken it. How long a couple should wait before having a family is a personal matter which should be decided by the couple—together. Tell your husband to cool it.

DEAR ABBY: I know this will sound dumb, but here goes.

I have read that plants have feelings, and I believe they do. I've also read that if you "talk" to plants, they will grow big and strong.

Well, I would like to talk to plants, but I don't know what to say to them. PLANT LOVER

DEAR LOVER: It is my understanding that plants react to sounds, and what is said is less important than the tone of voice. In response to gentle, soothing, melodious sounds, plants are reported to grow nicely; but if assaulted by harsh, caustic, sharp sounds, they will react negatively and die.

DEAR ABBY: Some time ago you told someone how to answer "Father's Name" on an application when that person was illegitimate and didn't want to answer the question.

My mother died when I was a baby and I was raised by an old maid aunt who never told me who my father was.

I am about to fill out an application for citizenship and I don't want to lie. How can I answer it truthfully without feeling embarrassed? Thank you. LONE STAR STATE

DEAR LONE: Be honest. State simply "Unknown." And don't feel embarrassed. It is no reflection on you.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send \$1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212, for Abby's booklet, "How to Write Letters for All Occasions."

Your Individual Horoscope

Frances Drake

FOR SUNDAY, OCTOBER 20, 1974

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

ARIES
(Mar. 21 to Apr. 20)

Aspects not too friendly. Be tactful in speech, cautious in making agreements. Some "tricky" spots indicated.

TAURUS
(Apr. 21 to May 21)

Information needed to consummate a business deal now forthcoming. With the added facts on hand, proceed as originally planned.

GEMINI
(May 22 to June 21)

Be cautious in dealing with associates. Some may urge you to make certain commitments against your better judgment. Don't let yourself be pressured.

CANCER
(June 22 to July 23)

Home and family concerns under highly beneficial stars. In fact, a recent domestic problem will finally be straightened out satisfactorily.

LEO
(July 24 to Aug. 23)

Even your brightest ideas could meet with opposition, but if you're sure you're on the right track, go ahead and launch them. Others will come around to your way of thinking later.

VIRGO
(Aug. 24 to Sept. 23)

Don't sidestep obligations in favor of more desirable activities. You have so much going for you, it would be foolish to offset past efforts.

LIBRA
(Sept. 24 to Oct. 23)

Keep emotions under control and do not make drastic or needless changes on the spur of the moment. Be especially careful in romantic involvements.

SCORPIO
(Oct. 24 to Nov. 22)

Fine stellar influences spur incentive, stimulate good ideas — many of which will be distinctly novel. Capitalize on all during this good period.

SAGITTARIUS
(Nov. 23 to Dec. 21)

An unusual request deserves your consideration. Fulfilling it may involve some inconvenience, but you will be amply repaid. Late hours bring some surprising news.

CAPRICORN
(Dec. 22 to Jan. 20)

Day should prove stimulating in many ways, many areas. One of your more casual interests will now take on added importance.

AQUARIUS
(Jan. 21 to Feb. 19)

Don't be disappointed if a planned trip is called off. It could be for the best. Evening social activities promise to be

lively.

PISCES
(Feb. 20 to Mar. 20)

You may be attracted to an individual who seems aloof, indifferent. Making a gesture of friendship could prove to be an important move in changing the situation.

YOU BORN TODAY are endowed with a fine mind and a lively imagination; are also extremely discriminating in your tastes. You are a humanitarian at heart and during your lifetime may be associated with any number of "causes." You are highly principled and have a great sense of justice; would make an outstanding jurist, statesman or labor arbitrator. On the minus side, you tend to lose control of your emotions too easily and also have a tendency to become irritated and moody if you are not always the center of attraction. Try to curb these traits since they detract from your otherwise delightful personality. Fields in which you could excel professionally: architecture, writing, the law, politics, business management and music. Birthdate of: Christopher Wren, Eng. architect; John Dewey, philosopher; Mickey Mantle, baseball outfielder.

VAN CURN

Agree Or Not

I Say What I Think

by S. C. VAN CURN

Look in the section in which your birthday comes and find what your outlook is according to the stars.

ARIES
(Mar. 21 to Apr. 20)

Careful deliberation will keep you from making unwise decisions, moves. Varied opinions on the same subject indicate a need for more study, investigation of facts.

TAURUS
(Apr. 21 to May 21)

This should be a fruitful day, with some of your more inspired ideas bringing unexpected rewards and recognition. Be discreet in your tactics, however.

GEMINI
(May 22 to June 21)

A good day for launching plans for the future, giving careful consideration to new ventures. Do not let the pessimism of others disturb you.

CANCER
(June 22 to July 23)

Consolidate your position. Expand where it is warranted, retrench where necessary. Evaluate others' opinions carefully.

LEO
(July 24 to Aug. 23)

Avoid a present tendency toward lethargy. Gear efforts to achieve objectives more quickly. Improvise occasionally. This

day can be a helpful challenge.

VIRGO
(Aug. 24 to Sept. 23)

Some new events in the making, perhaps a new contact. Give rein to your liveliest hopes now. Do not antagonize those who are really well disposed toward you.

LIBRA
(Sept. 24 to Oct. 23)

Your competition will be keen now, but the challenge should prove stimulating. A good chance to display your ingenuity and know-how.

SCORPIO
(Oct. 24 to Nov. 22)

Get another's point of view before making final decisions. You may be pleasantly surprised at the new perspectives you gain.

SAGITTARIUS
(Nov. 23 to Dec. 21)

You may have some replanning to do, but the general outlook indicates gains in most areas. A special reward may come from a most unexpected source.

CAPRICORN
(Dec. 22 to Jan. 20)

Your wonderful imagination can lead to new avenues of attainment. Mobilize your variety of gifts and capitalize on your unique ideas.

AQUARIUS
(Jan. 21 to Feb. 19)

Some renewed interest in past endeavors indicated, with greater possibility of success now. Personal relationships highly favored.

PISCES
(Feb. 20 to Mar. 20)

Avoid a present tendency toward procrastination and concentrate on immediate objectives. Inclinations now are to daydream about the future—unrealistically.

YOU BORN TODAY are intellectually inclined, extremely versatile and outstandingly self-reliant. You are a humanitarian at heart and your sense of justice is best exemplified by the Scales, symbol of the Sign under which you were born. Properly educated, you could become a highly successful writer, educator, editor, novelist or, in public life, attorney, jurist, statesman or diplomat. You have an artistic side, too, which you could express most happily in singing or dancing. Traits to overcome: lack of emotional control and moodiness. The latter is often caused by the fact that, while you are extremely understanding of others, you do not always understand yourself. Aim for more self-awareness!

By S. C. Van Curn

With election day approaching the U. S. Senate campaign is heating up with Governor Wendell Ford and Senator Marlow Cook hurling charges at one another.

This seems to be a time to write something about politics in Kentucky.

Ford has charged that Cook has lost touch with Kentucky during his almost six years in the U. S. Senate, and Cook has charged that Ford is going to raise property taxes in Kentucky since his Revenue Commissioner John McD. Ross has said the Revenue Department will obey a court order to get assessments nearer the 100 per cent level. Ross said the department will try to get assessments at least to 90 per cent of fair cash value. The state has been accepting 85 per cent and above from county tax assessors.

Oddly enough, it was Franklin Circuit Judge Henry Meigs, a Republican, who handed down the decision that ordered higher assessments. Meigs said the Court of Appeals decision in 1965 meant "fair cash value," not 85 per cent or any other smaller percentage. The Constitution says property shall be assessed at fair cash value for tax purposes. Kentucky's highest court said the state Revenue Department had to follow the Constitution. Judge Meigs was performing his judicial duties and his decision had nothing to do with politics.

Governor Ford has issued a call for a special election in five State Representative districts to fill vacancies...two created by death, and three by resignation.

Representatives W. J. Louden of Carrollton and Brooks Hinkle of Paris, both died during the summer. Billy Paxton of Central City, Michael Troop of Madisonville and George Siemens of Louisville, all have resigned to take other jobs.

Tommy Preston, Ford's press secretary, said the governor took his 11th hour action because he felt it was the responsible thing to do with the interim committee system in full swing and holding the special election the same day as the general election would save money.

This leaves only a very short time to campaign for these posts. If you'll think a little, these five contests in Democratic areas might serve to get out the vote in these districts. The jobs pay \$400 per month between sessions which totals up to \$2,000 a month cost to the taxpayers. The money was

appropriated in the last budget and it does not mean extra expense. The people of these districts deserve representation on the interim committees which will be drafting bills for the 1976 session.

Another significant thing has happened in the race. United Mine Worker President Arnold W. Miller and the national council of the Coal Miners Political Action Committee have endorsed Governor Ford. The could be viewed as a payoff for Ford's action last summer in not using State Police to keep the UMWA from mass picketing at Highsplit where members of a rival union were prevented from going to their jobs.

After a one-hour meeting with Miller in the governor's office, the governor emerged to announce at a press conference that "State Police will not be used to escort strike breakers across the picket line."

In took several days and a federal court order to prevent UMWA pickets from intimidating the workers at Highsplit. These miners had a valid contract with the Southern Labor Union and they were not strikebreakers. Ford was reminded of this by a newsmen at the press conference but his statement already had been recorded for television and radio. He didn't retract it or amend it for the airwaves. The union apparently is showing its gratitude for the governor's action.

Meanwhile, two news stories of the past week have attracted attention on the political front. John Y. Brown Jr., told a newsmen in an interview that he is considering running for governor next year. Terry McBrayer has told newsmen that his health probably will prevent his being a candidate for lieutenant governor next year.

Brown would be opposing Lieutenant Governor Julian Carroll for the Democratic nomination for governor next year, and McBrayer's dropping out would leave the field wide open for lieutenant governor.

Senator Tom Ward of Versailles has already announced for the second spot on the Democratic ticket. Atty. Gen. Ed Hancock, Jefferson County Judge Todd Hollenbach, Secretary of State Thelma Stovall, State Auditor Mary Louise Foust are among those mentioned as interested in running for lieutenant governor. Louisville Mayor Harvey Sloane's name was thrown into the pot by Lexington Herald Editor Don Mills.

The fire has been turned up under the political pot in Kentucky.

Isn't It The Truth

By Carl Riblet Jr.

The other day my wife ah-hahhed! that she had seen me driving with a young woman beside me. I hastened to explain that the passenger was in fact a man of 20, his waved and fluffy hair so long it concealed evidence of his masculinity, a mustache, and a roving eye for girls — just like any other man.

Let's Stay Well

Epileptics In Contact Sports

By F. J. L. Blasingame, M.D.

Should an epileptic participate in contact sports? This question arises in many homes when a son comes from school and asks to play football with the other boys.

The sensible answer would appear to be that a person who is subject to convulsions should not bang his head repeatedly in a game.

Back in 1968, the A. M. A.'s Committee on the Medical Aspects of Sports considered this question. They concluded that, after being cleared by a medical evaluation and after control of epilepsy by medication, the child could participate in sports.

The committee took the position, however, that football, ice hockey, boxing, diving and other sports involving head trauma should be avoided. Such a decision was a matter of opinion of the committee and not based on research or facts.

However, writing in a recent issue of the Journal of the American Medical Association, Richard Corbitt, M.D., chairman, and other members of the Committee on the Medical Aspects of Sports, changed their position.

After reviewing the clinical evidence, pointing out that no proof exists that repetitive physical contact, even of the head, causes an increase in the frequency or severity of convulsions in epilepsy (many seizures occur during sleep).

Therefore, although the committee vote was divided they decided that no adverse effects to epileptics occur in any sport.

The committee stated that each case should be evaluated on an individual basis and repeated that it is preferable to encourage a young boy or girl to participate in non-contact sports.

However, if a child has an exceptional desire to take part — and particularly if such participation is considered to be helpful in the child's adjustment at school — it is satisfactory to allow participation in contact sports if the convulsive tendency is under control by medications.

Q. Mr. T. asks if hemorrhoids often turn to cancer.

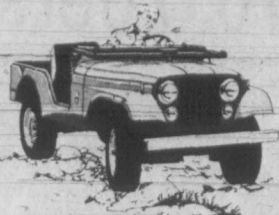

A. Hemorrhoids seldom turn to cancer. However,

cancer of the anal region, though relatively uncommon, is a dangerous illness. Also, cancer occurs frequently a few inches up, inside the bowel, in the rectum. Don't guess about your condition. Seek competent medical opinion if you are having anal or rectal bleeding, discomfort, or changes in your bowel habits. Early treatment of cancers in this region is much more successful than late treatment.

Q. Please advise regarding the carrying of drugs for personal use on foreign travel.

A. The U. S. Customs Service has no specific regulations on this subject. Drugs cannot be registered with the Customs Service at departure time. Carry reasonable amounts of needed drugs and evidence of your purchase, such as a bill or statement from your pharmacist as proof that the drugs were obtained in the United States. Regulations vary from nation to nation. To be sure, ask your travel agent to check on this matter. If you have no agent, contact the consulate of the countries which you plan to visit, to be sure of local regulations.

DEER HUNTING WEEKEND IN LBL

The opening day of bow season for deer Between the Lakes was a long awaited morning for most of us. The night before all the action was to take place hundreds of hunters packed into the campgrounds in LBL and set up tents and campers for the weekend. I was one of the campers who had hoped to leave with a deer the next morning but stayed much longer and still came home empty handed.

Charlie McKenney and I camped and hunted the weekend together and came through some rather exhausting experiences together. We spent a larger portion of our time helping someone else tracking hit deer and searching for a lost hunter than we did hunting a deer for ourselves. We didn't mind though because we both know it takes manpower to find a hit deer and don't mind volunteering our services. The same goes for looking for a lost hunter believed to be injured.

Lost Hunter

Al Walters, a 35 year old Ohio forest manager, who could be classed as an expert woodsman and outdoorsman with 23 deer to his credit ended up getting lost in the Bacon Creek area. Maybe I should say he was turned around because there is no way you can become permanently lost in the Land Between the Lakes. Anyway, after a systematic search of his three hunting areas he had drawn on a map and had given to his hunting partner we heard a voice emerge from a ridge in an adjoining area about a mile away. It was Al Walters alright because he called out his hunting partner's name. When we finally got to him he was packing his bow, a map, and his compass - but no flashlight. I could sense he was a bit embarrassed at that midnight hour with a 15 man search party standing around him.

Walters had earlier agreed to meet his hunting partner at a

certain hour but never did make it. His partner, knowing of Walters' experienced abilities, assumed he was hurt and not lost. He had already searched all the ridges and hollows on the map to no avail before finding help. A TVA patrolman and the vast amount of hunters who were camped at Jenny Ridge joined in the search and eventually found Mr. Walters lost and not hurt.

Hunting Experiences

What time Charlie and I spent hunting was enjoyable. I saw deer but didn't get any shots. Charlie was stationed about 500 yards from me down trail and had a nice 8 point buck come within 40 yards of him. The buck was completely unaware of Charlie's existence but just refused to make himself vulnerable for a clear shot. It is too bad because I watched Charlie squirrel up the 24" tree earlier that morning and felt that anyone exerting that much energy to climb up 16 feet with no mechanical aid deserved a shot at a deer.

I did have one of the most thrilling experiences ever happen to me at seven o'clock that morning. I would have to say it will be long remembered. Most of my hunting is from the ground and it is not because I am afraid of heights—it is merely that I don't like the thought of that sudden stop should I fall from a tree stand. Ground hunting has its advantages and one I had never thought of prevailed itself. I had my eyes closed listening to the noises of the woods and trying to pick up any sound of a walking deer when I heard the wing flaps of turkey! The blood surged to my head and I prepared myself for spotting them. Sure enough two turkeys, then three, and then two more came flying out of a roost tree from 50 yards away and they were coming directly towards my ground stand. I singled out the only gobbler in the group and watched him as he walked

within ten steps of me! I had cautiously pulled my 31" arrow to its maximum and was beginning to feel the strain of my bow when the gobbler began scratching and turned his head for a moment. I know you are thinking I shot at him but I didn't. When old tom turned his head I eased the pressure off the arrow and relaxed my bow. I just sat there and watched him for two or three minutes. Why didn't I shoot? I was accused of having "turkey fever" but that wasn't the case at all. You see, I was hunting south of Hwy. 68 and the season was not open for turkeys in that area. I just had to sit there and watch all those turkeys do their thing for some 20 minutes to a half an hour before they headed up the ridge. Oh well, I guess that is one of the breaks of the game. The incident gave me renewed confidence that I can shoot a turkey with a bow and will probably some day accomplish that feat. Being completely motionless accounts for my being able to watch 11 turkeys as they scratched, clucked, and ate from 10 to 30 yards of me for almost half an hour. As most people know a turkey has never been taken with a bow during hunting season in LBL. Several

have tried but they haven't had that stroke of luck needed.

Several Snake Sightings

A large number of snakes were sighted in LBL this last weekend. I don't know whether the warm sun after the cool nights have been making them move more or whether they are getting ready to den up together for winter hibernation.

Darrell Parker killed two copperheads on the way to his tree stand this weekend and several other hunters also reported seeing or killing them in their hunting areas. Robert Hopkins got a report from one hunter seeing 13 dead copperheads on the road between Camp Piney and south check station. He also talked with a hunter who killed a rattlesnake under his stand. The hunter was getting down from his stand to get a drink from a spring he was hunting near when he saw the rattlesnake come out of the spring. A fantastic shot from the hunter's arrow killed the 4 foot rattler sporting 6 rattles and a button. The hunter had killed another rattlesnake near his stand just two weeks prior.

Many non-poisonous snakes were also seen slithering

through the weeds this weekend too. I know after Mark Bucy spotted a couple of black rat snakes he thought he was treading on the land of unbroken egg shells.

My knowledge of snake behavior is very limited and would therefore like to invite an authority on this matter to speculate or explain the reason for so many snakes being seen at this time of year.

Deer Harvest

Aside from the snakes I think everyone had a pretty good time deer hunting and collected several tall tales to tell their fellow hunters. Paul Sturm, Director of Wildlife Management in LBL reported a little less than a hundred deer being taken this last week. It seems to me that this is a goodly number. I know Barnes Hollow was a rather popular area but I don't know how many deer were taken from there. We will try to have a break down in the near future as to exactly how many deer were taken from there and whether they were bucks or does. Also, we will try to give you the hottest areas to bag a deer if you haven't already done so. Keep at it and if you get your deer let me know and we'll get a picture for Fins 'n Feathers.

MASSEY IS AMONG THE NATION'S BEST

Hugh Massey of Murray is among the qualifiers in this year's Miller High Life Bass Masters Classic which decides the world's top competitive bass angler.

Massey, a boat trailer manufacturer, qualified for the championship fish-off by finishing among the top 25 point getters on the national professional bass circuit sponsored by Bass Anglers Sportsmen Society.

Bill Dance of Memphis, Tenn., is the favorite for the Bass Master's Classic, Oct. 28-Nov. 1, even though he hasn't won the tournament lately.

Dance, only 32-years old, is already a bass fishing legend. In a span of 16 tournaments, he won seven to emerge as the cast-for-cash sport's first superstar. He hasn't won since late 1970, but apparently has regained his magic touch. Dance is the Bass-Angler-of-the-Year on the pro tournament trail, conducted by the Bass Anglers Sportsman Society, a 180,000 member fishing organization headquartered in Montgomery, Ala.

Dance, the season's point leader, will head a field of 29 qualifiers entered for the \$15,000 winner-take-all finals, sponsored by the Miller Brewing Company. The tournament location will remain a "mystery" until the anglers depart from New Orleans, La. on Oct. 28.

The Classic contenders will fish from \$7,000 identically rigged 16-ft. Ranger bass boats, outfitted with 85 h. p. Johnson outboards and all the modern-day scientific tools, such as a Lowrance depthfinder, surface temperature meter, oxygen meter and aerated live wells. A bonus ounce is awarded for each live bass over 12 inches long, weighed in. The bass are released alive. Each contestant will be accompanied by a press angler.

The bass experts will be allowed an eight-hour practice round on Oct. 29, followed by three rounds of competitive fishing. The pros are limited to four rods-reels and ten pounds of related fishing lures and items of their choice.

Ray Scott, president of the Bass Anglers Sportsman Society, will reveal the tournament location aboard a charter airliner to "somewhere."

RICK NORSWORTHY stands beside a doe he bagged a couple of weeks ago in the Big Sandy Refuge down in Tennessee.

BOB FERRIS, Route 4, Murray has plenty to grin about here. Bob's deer weighed close to 200 pounds and sported a 13 point rack. Note the non-typical point on the side of the beam. This is Bob's sixth year of deer hunting and the first deer he has ever bagged. A neck shot with a fiberglass arrow and a Bear razorhead dropped the deer in his tracks.

JIM McMANUS, Mayfield, shows a fine spike buck he took in Barnes Hollow in Land Between the Lakes last weekend.

NEWT KEESY drove all the way from New Haven, Kentucky to bag this doe during the opening day of bow season in LBL.

Flames' Rookie Jerry Byers Leads Team To 4-2 NHL Win

By The Associated Press
Atlanta Flames rookie Jerry Byers scored his first National Hockey League goal Friday night and put the Flames ahead to stay in their 4-2 victory over the Kansas City Scouts, an expansion franchise which has yet to win this season.

Byers, asked about his first NHL goal, said simply, "You have to make the opportunities count."
Curt Bennett also got a first period goal for Atlanta and Bobby Leiter and Buster Harvey scored second-period Flames' goals in the only National Hockey League game of

the night.

In the World Hockey Association, the Phoenix Roadrunners downed defending champion Houston 6-4; Chicago edged Vancouver 2-1; Toronto defeated Indianapolis, another expansion club, 3-1, and Winnipeg blanked Edmonton 4-0.

Atlanta Coach Bernie Geoffrion was impressed by the new Scouts. "They've got some pretty good skaters, but (Atlanta goalie) Phil Myre made some good saves."

Don Borgeson scored two goals in the final period for Phoenix, which exploded for four goals in as many minutes in the final period for the victory over the powerful Aeros, led by the 46-year-old Gordie Howe and his two sons, Mark and Marty.

Michael Cormier, Bob Barlow, Jerry Odrovski and Dave Gorman joined Borgeson in the scoring column for the Runners, who are undefeated in two games.

Frank Hughes scored two of Houston's goals before he was ejected after an altercation with a linesman in the third period.

Francois Rochon scored with 1:41 left to give the Cougars the victory. Bob Liddington had put Chicago in front with a goal 30 seconds into the first period, but Vancouver's Duane Rupp tied it up at 7:59 of the second frame.

Goaltender Jim Shaw turned away 21 shots while allowing only one goal in the Toronto nets. Paul Henderson, formerly of the Toronto Maple Leafs of the National Hockey League, gave the Toros the lead for good at 12:27 of the second period, and Brit Selby added the insurance goal midway through the final period.

European imports Ulf Nilsson and Veli Pekka Katola scored goals for Winnipeg, and goalie Joe Daley turned away 28 shots in the Jets' shutout of Edmonton.

Chris Bordeleau and Mike Ford scored the other Winnipeg goals before the match erupted into fights in the third period. Edmonton's Doug Barrie and Winnipeg's Lars-Eric Sjoberg battled at 8:17 of the frame. And while the bout was going on, several of the Oilers made a move toward the stands, where fans were heckling them.

ZONE WINNERS — Kelly Calvin (left) and Nicky Swift (right) both won last Saturday at Paducah in Zone Competition of Punt, Pass, & Kick sponsored by Ford Motor Co. and Parker Ford, Inc. Both boys will go to Louisville in District Competition.

Moses Malone Scores 19 In His ABA Debut

By The Associated Press
Larry Brown, the fiery Denver Nuggets coach known for his outspoken manner, couldn't even make it through the first American Basketball Association game of the season. He had to be ejected.

"I only saw a half of the game," complained Brown Friday night after the Kentucky Colonels bombed Denver 117-99 using tenacious defense and balanced scoring—five players in double figures.

In the other ABA openers, meanwhile, New York downed Utah 105-89, Memphis edged the Spirits of St. Louis 97-92 and San Antonio defeated Indiana 129-121 in double overtime.

Brown, who drew two technical fouls, was tossed out in the wild and woolly third period while the Nuggets were still fighting for the lead before 11,203 fans in Louisville, Ky.

Denver gained a brief 69-68 lead before the Colonels outscored the visitors 19-5 on the way to a safe 87-74 edge after three periods.

Artis Gilmore led the way for Kentucky with 24 points; Dan Issel tallied 11 and Louis Dampier had 15.

It was the ABA debut for Colonels Coach Hubie Brown, the former assistant with the National Basketball Association's Milwaukee Bucks. And he quickly joined the fun, picking up his first technical.

It was also the first ABA game for highly-touted Moses Malone, the former Petersburg, Va., High School player who became a 19-year-old millionaire by signing a long-term contract with the Utah Stars.

Before limping off with a minor ankle injury, Malone played a total of 33 minutes, scored 19 points, grabbed 11 rebounds, made two assists, turned in two steals and blocked two shots.

The Spirits of St. Louis, meanwhile, disappointed a slim hometown crowd of 5,428 in their first game since leaving Carolina.

The revitalized Memphis Sounds triumphed with a boost from Freddie Lewis, who scored 34 points—16 of them in the fourth quarter.

Coach Bobbie Leonard said his Indiana squad lost because of foul trouble. San Antonio

Billy Cunningham Has Great Return To 76ers

By The Associated Press
Billy Cunningham, after a two-year absence, has returned to the National Basketball Association team where it all began for him.

Cunningham, who spent two years with the American Basketball Association Carolina Cougars, made his season debut with the Philadelphia 76ers Friday night, scoring 22 points and aiding in a 112-99 victory over the expansion New Orleans Jazz.

The 6-foot-7 forward original-

ly joined the 76ers in 1965, playing in four consecutive All-Star Games between 1968 and 1972.

In other NBA games, Portland nipped Cleveland 131-129 in four overtimes; Buffalo defeated Boston 126-119, Houston got past Milwaukee 106-101, Chicago rallied past Atlanta 120-115 in overtime, Los Angeles beat Golden State 105-90, and Detroit downed Seattle 100-95.

Steve Mix had 33 points to lead the 76ers, who fought from a 44-43 second-quarter disadvantage to take a 54-43 halftime lead.

Sidney Wicks' tip-in and Geoff Petrie's foul-line jumper with 30 seconds remaining in the fourth overtime gave the Trail Blazers their victory.

Cleveland's Austin Carr, who scored 12 points in the overtimes, led all scorers with 34 points, while Wicks and John Johnson led the Blazers with 29 each.

The game's initial overtime was produced when rookie center Bill Walton hit two free throws and made the score 97-97. Walton had 18 points and 24 rebounds for the game.

The explosive Buffalo tandem of Ernie DiGregorio, last year's NBA Rookie of the Year, and center Bob McAdoo, last season's NBA scoring leader, led the Braves in their triumph over the injury-weakened Celtics, defending NBA champs.

DiGregorio scored 33 points and McAdoo had 27. The Celtics have been crippled by the loss of All-Star center Dave Cowens with a broken foot.

The Milwaukee Bucks, also weakened by the loss of injured center Kareem Abdul-Jabbar, succumbed to Rudy Tomjanovich and the Houston Rockets. Tomjanovich scored 23 points

to lead Houston. Bob Dandridge scored 27 points for the Bucks.

Chicago rookie Bob Wilson's short jumper with 40 seconds left deadlocked the game at 108-108, and his 30-foot jump shot put the Bulls ahead to stay at 114-112 in overtime. Chet Walker led all Bulls' scorers with 25 points in a game that saw the lead change hands 13 times in the first three periods. Rookie John Drew had 32 points for the Hawks.

The Lakers' Gail Goodrich scored 34 points and helped hold off a Warrior comeback in the fourth quarter.

Bob Lanier had 30 points, eight of those in a crucial fourth quarter, to lead the Pistons past Bill Russell's Super-Sonics.

Murray Women's Tennis Team Still Undefeated

The Murray State women's tennis team remained undefeated as they took a 6-3 win over Kentucky Wesleyan at the MSU Tennis Complex Friday.

The win boosts the Murray record to 9-0 for the season. In the number one singles, Lois Holmes defeated highly-regarded Esther Hayden 6-2 and 6-1.

Miss Hayden won the women's singles title in the Kentucky State Hardcourt Tennis Tournament held in Murray last month.

She is the seventh-ranked 18-year-old in her home state of Florida.

The number two singles found Patsy Beauchamp falling in straight sets, 6-0 and 6-4 to Kathy Coffey.

Janie Ross lost in split sets at

number three, losing 2-6, 6-4 and 6-2 to Lou Jean Rodgers.

At number four, Beverly Thurman defeated Darlene Wimpee 6-1 and 6-2.

The number five singles found Judy Shirrell winning over Jessie Calhoun 6-0 and 6-2 while at number six, Mariam Alvey won in straight shutout sets over Gail Gilliam.

In the number one doubles, Holmes and Beauchamp lost 6-4 and 6-3 to Coffey and Hayden.

At number two, Ross and Thurman lost 6-0 and 6-1 to Rogers and Wimpee while at number three, Beverly Parrish and Alvey won 6-0 and 6-3 over Calhoun and Gilliam.

Murray will play next Thursday and Friday at the State Tournament at Western Kentucky University.

Coal Burner

A 100-watt bulb on for 10 hours causes one pound of coal to be burned at a TVA generating plant.

Turning off the light will save the coal. And we all had better start turning off a lot of lights . . . and other electric appliances . . . right now.

TVA is running low on coal. Weekly delivery has been 200,000 tons less than what's needed. And when there's no more coal, there won't be enough electricity to

go around.

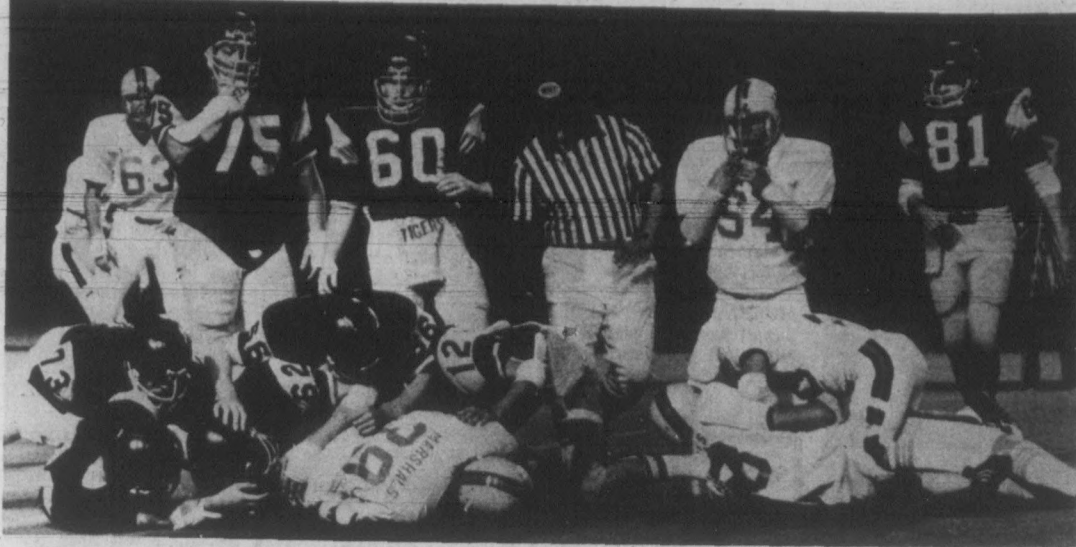

You can help the situation. You should heat at 68 degrees or lower. (A thermostat setting of 60 degrees will save 44 percent more power than 68 will.) Cook only when you must and then cook several foods at once in the oven. Wash only full loads of clothes. Dry clothes for the shortest period possible. Take showers, not baths. Turn off every electric item you possibly can.

If you're ever going to take energy conservation seriously, it has to be now.

NOW THAT'S DEFENSE—Everybody gets into the act for Murray High as the Tiger defense hits fullback Tom Melfelt (39) of Marshall County. In the picture for Marshall County are Keith Culver (63) and Vince Wood (94). Tigers gathered around the play are Steve Porter (73), Andy Ryan (66), Tony Boone (62), Brand Barnett (12), Tony Thurmond (60), Craig Suiter (75), and Keith Tabers (81).

THAT'S PROTECTION—Murray High quarterback Wes Furgerson (11) has plenty of time to throw the ball as he gets good blocking from fullback Ken Grogan (43) and from tackle Andy Ryan (66). Also in for the Tigers are John Baker (76) and Kenny Adams (51).

Murray High Romps By Marshalls 26-6

By MIKE BRANDON
Ledger & Times Sports Editor

You have probably seen the old movie scene where the two guys meet for the first time in the middle of the street and shake hands. And just for the fun of it, one guy suddenly flips the other over and he lands on his face in the dust.

It was the first time Marshall County and Murray High had ever met in a football game as the two teams squared off Friday in Murray State's Stewart Stadium.

And the Tigers' greeting wasn't too friendly as Marshall County bit the dust as Murray High romped to an easy 26-6 win.

All the game did for the Tigers was simply to raise their record to 5-2. As for the victory being monumental, it wasn't as it was not a Class A District game.

But there was one good thing about the win. Murray coach John Hina accomplished a goal.

Everybody on the squad got into the contest.

"We really wanted to play everybody," Hina said.

"That was our main goal in practice this week. We knew they'd come and play us a good game and I really think they did play well."

"When they gain more experience and get more

established in their program, they are going to be a tough team to handle," Hina said of the first-year school.

Actually, many of the players for the Marshalls played last year at North Marshall. But for the members of the team who came from Benton or South Marshall, it's their first time ever to play high school ball.

Marshall County came into the contest with a 2-5 record, sporting wins over Reidland and Lone Oak.

But from the outset of the game, it was easy to see they were no match for the more experienced Tiger team.

Total yardage in the game was a little deceiving as the Marshalls had 89 yards on the ground and 73 in the air for 162. But much of that yardage came against second and third string defensive units.

In fact, the only Marshall County touchdown of the game came with no time left on the clock.

Junior quarterback Mitch Smith handed to tailback Eddie McGregor on the option, who in turn, went back and fired into the endzone where split end Steve Sheehan made the grab for the five-yard scoring play.

That was the only time in the entire contest the Marshalls were able to move inside the Murray 20.

Drive At Will

Murray High drove almost at will in the first half as the Tigers plowed through the Marshall County defense for 138 yards on the ground in the first two periods.

On their first offensive series, the Tigers were knocking on the door at the Marshall County 33 when senior quarterback Wes Furgerson had a pass picked off by Roy Riley.

But on the next series of plays, there were no mistakes as the Tigers began the drive for the first touchdown of the game.

Sophomore tailback Lindsey Hudspeth, who scored four touchdowns last week in the Tigers' 35-6 win at Trigg County, twice ripped through the line for gains of 18 yards.

And with 5:05 left in the first period, Hudspeth capped the drive by going in from three yards out for the touchdown. After Furgerson found sophomore Eddie Rollins for the conversion pass, the Tigers led 8-0.

With just over two minutes left in the first half, Furgerson hit Hudspeth for a 25-yard gain and again Murray High was threatening as the Tigers had the ball on the 12.

And on the next play, Furgerson hit wideout Brad Barnett with the pass, giving Murray a 14-0 halftime advantage.

At the outset of the third period, Marshall County got nowhere and was forced to punt, with the line of scrimmage being their own 35.

However, the snap from center was high and after a wild scramble, sophomore Tim Lane came up with the ball on the one-yard line for the Tigers.

And on the first play from scrimmage, Furgerson went in on a keeper to boost the lead to 20-0. The PAT failed.

Final TD

The final score came with just 3:03 left in the third period when Furgerson hit Bobby Knight on a 47-yard play for the TD. The two-point conversion pass failed and Murray led 26-0.

In the final minutes of the game, reserve quarterback Todd Harrison broke loose from a sure tackle and went in from four yards out for another TD.

But it was called back because of a holding penalty and that ended the Tiger drive and set the stage for the Marshalls' only score.

For Murray High, the Tigers had 187 yards on the ground and 103 in the air (all by Furgerson) for a total of 290 yards.

Individually, Hudspeth rushed for 71 yards while Furgerson netted 42.

Murray finished 4-0 in the District race and will face another Class AA foe before returning to District action in two weeks.

Next week, the Tigers will be at Hopkinsville.

Big Red To Go For Sixth Consecutive At Houston

By HOWARD SINGER

AP Sports Writer
The Cincinnati Bengals and the Oakland Raiders, a pair of reliable powerhouses, clash Sunday in the midst of a topsy-turvy National Football League season that has been dominated by surprises.

Cincinnati, leading the American Football Conference Central Division, and Oakland, heading the AFC Western Division, each has pounded out four victories in the first five games.

"We're going up against one of the finest teams in the National Football League, there's no question about that," said Paul Brown, Cincinnati coach and general manager, about the game in Oakland.

In the AFC Eastern Division, the New England Patriots, 5-0, one of the NFL's three unbeaten teams, could have a rough time in Buffalo against the 4-1 Bills, who seek to tie for the lead.

But the St. Louis Cards, 5-0, figure to have little trouble in Houston against the Oilers, 1-4, and the Minnesota Vikings, 5-0, appear to hold the clear edge against the visiting Detroit Lions, 1-4.

In other NFL games Sunday, it's San Francisco at Los Angeles, Philadelphia at Dallas, Cleveland at Pittsburgh, Kansas City at Miami, New York at Washington, San Diego at Denver, New Orleans at Atlanta and Baltimore at New York. The nationally televised game Monday will be Green Bay at Chicago.

The Raiders, who have averaged 23.6 points a game this season while holding the opposition to just 12.4 points.

Lefty quarterback Ken Stabler of Oakland has fired nine touchdown passes—three of them to Cliff Branch, a former bench-warmer who suddenly has a total of 19 receptions for 329 yards.

Cincinnati's red-hot Ken Anderson has connected on 66 of 108 passes for 924 yards and

seven touchdowns. He looks for Isaac Curtis, who has four touchdowns after making 10 catches for 241 yards.

New England—the biggest surprise of 1974—has not yielded any points in its last six quarters, or any touchdowns in its last nine.

Buffalo's Joe Ferguson has

shown for 640 yards and six touchdowns, providing a newly dangerous passing attack to help O.J. Simpson, who has gained 447 yards despite a variety of minor ailments.

Undefeated St. Louis, riding high in the National Football Conference East, has equalled its longest winning streak in 15

years by outscoring its luckless opponents 118 to 57 so far.

Houston, which is 0-12-1 against NFC clubs, was crushed 51-10 by Minnesota last week.

The Vikings, aiming for a return engagement in the Super Bowl, have beaten their NFC Central Division foes 13 consecutive times since 1967.

Arizona Coach Isn't Taking New Mexico None Too Lightly

LUBBOCK, Tex. (AP)—Arizona Coach Jim Young says Texas Tech's tie with New Mexico three weeks ago and the Raiders loss to Texas A&M last week do not fool him one bit—the Raiders are dangerous.

"There is no doubt that Tech is the best team we've played this season," said Young, whose club goes into tonight's game against Texas Tech with a 5-0 record and No. 9 ranking nationally.

The 17th-ranked Raiders, 3-11, will be trying to regain their balance after the loss to eighth-rated Texas A&M last week.

The only other night games involving members of The Associated Press Top Twenty find No. 14 Florida at Florida State and No. 15 Arizona State at home with Utah.

Top-rated Ohio State entertained Indiana in the afternoon while other daytime games had

runner-up Oklahoma at Colorado, No. 3 Michigan at Wisconsin, fourth-ranked Alabama at Tennessee and Georgia Tech at No. 5 Auburn.

Southern California, ranked sixth, visited Oregon while No. 7 Notre Dame entertained Army, No. 8 Texas A&M hosted Texas Christian and No. 10 North Carolina State visited North Carolina.

In the Second Ten, Syracuse was at No. 11 Penn State, No. 12 Nebraska at No. 13 Kansas, Arkansas at No. 16 Texas, Wake Forest at No. 18 Maryland, Bowling Green at No. 19 Miami of Ohio and The Citadel at No. 20 Tulane.

The Arizona pro-style offense features a 1-2-3 punch in quarterback Bruce Hill, running back Willie Hamilton and fullback Jim Upchurch. Hill is fifth nationally in total offense with a hefty average of 209 yards

per game. Last year Tech beat Arizona 31-17, with 15 points in the last quarter.

Both Florida and Arizona State went against winless teams, although Florida State almost snapped its long losing streak—it's now 17 games dating back to 1972—last week, barely bowing to Alabama 6-7.

Meanwhile, Florida's hopes for a perfect season went down the drain a week ago when the Gators lost to Vanderbilt 24-10.

Arizona State sought revenge against Utah. A 36-31 loss to the Utes was the only blot on the Sun Devils' 10-1 record last season.

MacLean-Fogg Comes To State

The MacLean-Fogg Lock Nut Company of Mundelein, Ill. has broken ground for a 110,000 sq. ft. manufacturing facility in Tompkinsville.

The company initially will employ 80 persons and plans to have a work force numbering 300 within three years.

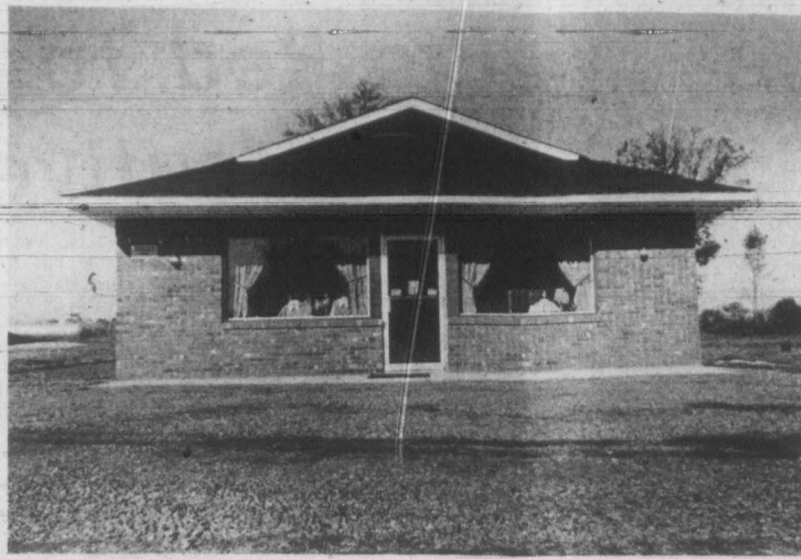

The facility, designed to help meet the firm's increasing manufacturing needs, is scheduled to open Sept. 1, 1974 to coincide with the firm's 50th anniversary.

MacLean-Fogg has introduced many products for railway and track security systems. Product lines include locknuts, special fasteners,

railway and track security systems, epoxy adhesives and special-purpose products.

It was stressed that the architectural design of the plant would blend into the natural environment. The plant surroundings will be landscaped to bring them back to a natural state. Landscaping plans include the addition of two ponds and conversion of a wooded area near the plant into a picnic and recreational facility.

In March an intensive training program will begin under the supervision of MacLean-Fogg's Director of Manpower Development in cooperation with the state of Kentucky.

NEW STORE OPENS—The Smart Shop, women's clothing, has opened on Highway 641 South. Barbara Rogers and Clara Brandon are the owners of the store, and Hilman Coles was the building Contractor.

Tennessee Legislature May Act If Coal Miners Strike Occurs

NASHVILLE (AP)—Tennessee legislators may be called into emergency session following the Nov. 5 election if the nation's coal miners go through with their threatened strike; the state's energy chief has said.

"I haven't found anybody that believes we're not going to have a coal strike," said Carroll V. Kroeger. He said state officials are studying laws in states which do provide emergency powers in drafting proposed legislation for Tennessee.

Kroeger said Thursday state officials and power distributors now have no legal authority to force cutbacks in the use of electricity in a coal emergency.

Such cutbacks will be needed if there is a strike, said Kroeger. A spokesman for Gov. Winfield Dunn said an emergency session of the legislature was possible, but he added the governor has no present plans to call one.

A prolonged coal strike could force the Tennessee Valley Authority to shut down the coal-burning generators which produce 78 per cent of TVA's power.

This would require drastic curtailment of power usage to provide minimum residential heat, keep essential emergency services supplied and try to maintain as many jobs as possible, Kroeger said.

Kroeger said the cooperative power distributors brought the matter up in a Thursday meeting with Gov. Winfield Dunn because they feel voluntary conservation measures would be ineffective.

"They don't feel they have the authority to effect mandatory power curtailments because they have legal contracts to supply power," Kroeger said.

"The governor had to explain to them that he also has no power at the present time. Probably before there can be any action, there will have to be a law passed.

"This would require a special session of the legislature and that's about the only way he's going to get the power to act," Kroeger said.

The United Mine Workers Union has threatened a strike Nov. 12, a week after the election.

TVA already has asked for voluntary efforts to reduce power use by 20 per cent to try to stretch the federal agency's coal supply, which is short even without a strike.

Asked what sort of priorities his office has in mind to deal with a coal crisis, Kroeger said, "I don't think it takes a great deal of gray matter to come up with some common sense approaches.

"Some minimum amount of heat is going to have to be maintained to keep people from freezing and there are some essential public services that are going to have to be maintained. That includes hospitals.

Funerals

Rites Are Today

For Miss Williams

Funeral services for Miss Harriet Kaye Williams of Paducah, formerly of Murray, are being held this morning at eleven o'clock at chapel of the Roth Funeral Home, Paducah, with Rev. Otto Diller officiating.

Burial will be in the Greenwood Cemetery in Clarksville, Tenn.

Miss Williams, age 28, died after an extended illness at Lourdes Hospital, Paducah, on Thursday at 10:45 a. m. She was an instructor of nursing at the Paducah Vocational School.

She is survived by her father, Joseph B. Williams of Nashville, Tenn., her mother, Mrs. Helen Martin Williams, and her brother, Joseph Braxton Williams, both of 1708 Olive Street, Murray.

Frances Warren

Dies Friday At

Mayfield Hospital

Mrs. Frances Warren, age 93, died at 7:45 p. m. Friday at the Community Hospital in Mayfield. She had resided at the Green Acres Personal Care Home at Mayfield prior to entering the hospital five weeks ago.

Mrs. Warren was the widow of Sam Warren who died in 1962. She was born in Calloway County on May 19, 1881, and her parents were the late Hillard Alexander and Sarah Scott Alexander. She was a member of the Palestine United Methodist Church.

Mrs. Warren is survived by one daughter, Mrs. Dan (Mary Opal) Eddins of Hazel Park, Mich.; five sons, Willie E. (Bill) Warren of Murray Route Five, Clinton Warren of Rochester, Mich., Huie Warren of Murray Route Five, Alton Warren of Almo Route One, and Duiguid Warren of Greenville, Ky.; 17 grandchildren and several great grandchildren. Four sons preceded Mrs. Warren in death; who are Noel Warren, O. D. Warren, Carlos Warren, and Obbie Warren.

Funeral arrangements are incomplete at this time; but the Blalock-Coleman Funeral Home has charge of the arrangements.

23-Year Old Man

Found Dead At

Home On Friday

An autopsy has been ordered by Calloway County Coroner Max Morris in the death Friday of 23-year old Ronnie King here. King was found at his home at 1610 College Farm Road by his sister, at about 11 a. m. Morris said he had been dead for nearly 11 hours.

Morris said there were no signs of foul play, but an autopsy will be performed.

King, who was born Sept. 8, 1951, is survived by his father, Ross King, of Livonia, Mich.; one sister, Mrs. Ramona King Dunn, Murray Route Five; two brothers, Stanley, of Irvan St., and Ricky of Hazel Route Two; and several nieces and nephews.

Aubrey H. Thurman

Sid Easley Speaker

Christian Church

On Sunday Evening

Sid Easley, Calloway County Attorney, will be the special guest speaker and resource person for a discussion of "Christian Ethics and Politics" to be held at the First Christian Church Library Sunday at 6:30 p. m.

This is the third in a series of four Sunday night sessions with Fred Wells coordinating the programs. Three other courses are being offered at the same time. Qualified nursery care is being provided.

The older and younger Youth meetings are being also held with Terry Hart as the Youth Committee chairman.

Other courses are: "The Sermon on the Mount" with Rev. Fred Morton, "The Meaning of Suffering and Understanding Grief" with Dr. R. Scott Price, and the "History and Doctrine of the Christian Church" with Rev. William M. Porter.

Graves...

(Continued from Page 1)

who was fast and smart on the field.

But he told more. He recalled young Graves as one whose life "exemplified a genuine love for people" and who loved animals, enjoyed music and was extremely popular and well-liked by students and faculty.

"Neighbors speak of him as a lad who was helpful and courteous, a chap who politely spoke to everyone and seemed to be naturally inclined to delight in kindness and help to older persons," Hurt said.

As Hurt ended his poignant tribute to Graves, who was the son of Dr. and Mrs. Wildy H. Graves of Murray, the faint sounds of exuberance of young athletes drifted up from the playing field of Stewart Stadium.

Edwin O. Norris of Kingsport, Tenn., president of the Murray State Alumni Association, made the official presentation of the plaque to the university "as a memorial to one who made the supreme sacrifice."

Dr. Harry M. Sparks, president emeritus of the university, presided during the ceremony, and the Rev. Richard E. Walker, pastor of the First Baptist Church in Murray, delivered the invocation.

Teamates of Graves from 1924 who stood overlooking the marker and a dozen yellow chrysanthemums in a white basket tied with a royal blue bow were: Joseph Raines, Auburn Wells, Erret Starks, C. H. Arnett, T. Sled, Ty Holland and Vernon James.

David Tucker of Mayfield, a senior music major, concluded the ceremony with the playing of "Taps."

Graves' sisters and teamates were guests at a dinner Friday evening, with Dr. J. J. Horton, professor emeritus, paying further tribute to Graves.

Besides Hurt, Horton, Holland, Sled, Sparks and Wells, other members of the Gilbert Graves Memorial Committee were: Ronald Churchill, Bill Furgerson, John Gregory, Dr. Thomas B. Hogancamp, Dr. Chad Stewart and Mancil J. Vinson.

Ford Schedules Six Appearances Today

WASHINGTON (AP) — President Ford scheduled six speaking appearances in the Carolinas and Kentucky today on his busiest barnstorming tour of the off-year election campaign.

Planning a 16-hour day on the stump, Ford was bound for speech sites in Greenville, Anderson and Rock Hill, S.C.; Greensboro, N.C.; and Louisville, Ky.

All the stops except the one at Anderson were avowedly political — a series of rallies and fund-raising events in behalf of Republican candidates. And even the appearance in Anderson, to dedicate the new headquarters building of the community's two long-established daily newspapers, the Anderson Independent and the Daily Mail, was announced originally by the local GOP House candidate, Marshall Parker.

Press Secretary Ron Nessen said the Republican National Committee was picking up the tab for the entire trip, including the cost of flying to the newspaper ceremony.

Four of the day's six speeches were aimed at au-

diences in South Carolina.

Ford also was visiting the state to boost the prospects of Charleston teacher Gwen Bush in her underdog challenge to Democratic Sen. Ernest F. Hollings.

Ford was making two speeches in Greenville, one at the Greenville-Spartanburg Airport and one at the Greenville Memorial Auditorium. His Rock Hill appearance was set for a shopping mall.

Ford's North Carolina stop was for a rally at the High Point Winston-Salem Regional Airport in Greensboro.

He was being introduced there by Republican state Rep. William E. Stevens, who is opposing Democratic State Atty. Gen. Robert Morgan for the Senate seat of retiring Democrat Sam J. Ervin Jr.

In Louisville, Ford was attending a fund-raising reception and dinner in Freedom Hall. He hopes his Kentucky stay will help better the re-election chances of Republican Sen. Marlow W. Cook, who is in a close race with Democratic Gov. Wendell H. Ford.

Dean Says Raising Money Was Hardest Part of Plot

WASHINGTON (AP) — John W. Dean III has testified that the hardest part about keeping the Watergate cover-up going was raising enough money to pay off the Watergate burglars.

"The White House was being blackmailed," the former White House counsel said Friday, his third day of testimony at the Watergate cover-up trial.

Prosecutors have said that about \$800,000 went to the seven defendants.

In the four months after the break-in, Nixon campaign fundraiser Herbert W. Kalmbach was called on to raise funds. Dean said that Kalmbach demanded in the fall of 1972 to be relieved from those duties, which were turned over to Nixon re-election committee official Frederick C. LaRue. LaRue criss-crossed the country seeking potential donors among wealthy Republicans without telling them what the money was to be used for, Dean testified.

Dean testified that when other sources dried up in early 1973, the White House and re-election committee officials in on the cover-up turned to a secret \$350,000 fund under the control of defendant H.R. Haldeman.

After initially tapping the fund with Haldeman's reluctant approval for between \$40,000 and \$70,000, Dean said defendant and former Atty. Gen. John N. Mitchell came back for

more money to make sure that Watergate conspirator E. Howard Hunt Jr. did not tell the prosecutors all he knew about illegal political espionage.

The frantic and persistent scramble for cash to meet demands from Hunt and convicted conspirator G. Gordon Liddy culminated on March 21, 1973, when Dean told former President Richard M. Nixon that \$1 million would be needed to pay off the original defendants.

In the fourth White House tape introduced the jury heard Nixon say of Dean's money estimate, "Well, for Chrissakes get it..."

In the same tape, released in part by the White House and in full transcript form by the House Judiciary Committee, Dean declares, "We have a cancer — within — close to the presidency, that's growing. It's growing daily."

Dean goes on to advise the President that his closest aides are vulnerable to charges of obstruction of justice, the very charge they face in the cover-up trial.

Besides the March 21 tape, the jury Friday heard another tape never before made public. That tape shows that four days before he said he learned of the involvement of White House aides in Watergate, Nixon was advised by Dean that his closest aides were vulnerable to criminal prosecution.

Rockefeller Discloses He Will Pay Nearly \$1 Million In Taxes

WASHINGTON (AP) — Vice President-designate Nelson A. Rockefeller has disclosed he will have to pay an additional \$903,718 in federal income and gift taxes, a figure likely to soar past the \$1 million level when interest is included.

Rockefeller's disclosure was the result of an Internal Revenue Service audit rejecting more than \$1.2 million in deductions. It added an explosive new note to the growing controversy surrounding the former New York governor's vice presidential nomination.

In recent weeks, Rockefeller's chances have been damaged by revelations that he gave nearly to million in gifts to present and former aides and that his brother Laurence financed a campaign biography attacking Arthur J. Goldberg, the governor's 1970 election opponent.

Rockefeller made his disclosure Friday night in a letter to Sen. Howard W. Cannon, D-Nev., and Rep. Peter W. Rodino Jr., D-N.J., chairmen of the Senate Rules and House Judiciary committees that are considering the Rockefeller nomination.

The former New York governor is scheduled to resume testimony before the Senate panel on Nov. 13. The House committee has yet to schedule hearings, and there are growing indications Congress will be unable to act on the Rockefeller nomination until at least next

year. An aide said Rockefeller won't have to pay any penalties but that he will add interest at the rate of 6 per cent a year. A rough calculation showed that

Presbyterians To Hear Rev. Moffett

"On Counseling of Epidemic of Uncertainty" will be the subject of the sermon for Rev. Charles Moffett as he speaks at 10:45 a. m. on Sunday, October 20, at the First Presbyterian Church.

The anthem, "Arise the Kingdom Is At Hand," will be sung by the Chancel Choir with Carol Mowery as director and Cindy Hartwell as organist.

At 5:30 p. m. Sunday the congregational stewardship dinner will be held at the church.

Church School will be at 9:30 a. m. Sunday. A nursery is provided for all services.

Rev. Bob Booker, Hopkinsville, executive of the Presbytery, will speak at the First Church on Sunday morning, October 27.

on both sides of every question. I can see why he wants to steer a middle course."

Lindauer, who attended President Ford's recent economic summit conference, suggested several steps for Kentucky to take to alleviate the economic plight of its citizens.

None drew any response from the committee but it agreed with its chairman, Rep. Joe Clarke, D-Danville, to submit them to state Revenue Commissioner John Ross for his reaction.

Lindauer's suggestions included:

—Have the state sell bonds outside Kentucky and get certificates of deposit in Kentucky banks with the proceeds. Banks then would be able to lend more money to Kentuckians and thus stimulate the economy.

—Declare a three-year holiday for property taxes on new construction or new purchases, to encourage building more homes.

—Perhaps reduce the overall property tax.

—Offer a one per cent investment credit to entice businesses, especially those from outside Kentucky, to invest here.

—Exempt the first \$500 of interest income on loans from the state income tax.

—Require banks to publicize the percentage of loans they make to persons or firms outside Kentucky. The idea would be to have citizens refuse to do business with banks that did not make most of their loans locally.

—Exempt clothing and drugs from the state sales tax (Kentucky took the sales tax off prescription medicine several years ago).

University Church
