Egg laying has been a good proposition this year. Many breeders have seen fine results from feeding and several good and several poor eggs. Hens of large egg strains produce more eggs of high quality when the feed is balanced according to the needs of the birds. The feed should be high in protein and low in fat. THE CROSS

By Rev. E. A. Averett

The story of the cross is one of the most
magnificent narratives in history. It is a
story that has been told in many different
ways. The cross was established as an
institute of the Church, not only in Rome,
but in all the nations of the world. It is a
story that was told by the apostles and
disciples, and that is told today by the
ministers and teachers of the Church. It
is a story that is told by the Bible, and
that is told by the history of the Church.

sacrifice for the sins of the world. It is a
symbol of the love of God for man, and
