to mail order all the farm produce as possible. But because we have a real job on our hands there is no need in neglecting the money brought it of saving and conserving. Real estate is the true treasury for all of us and house ownership is something which makes a Nation great.

We can help you buy a house. We can help you repair or remodel a house to make it better. As in other ways, we can help you financially in homeownership.

Our shares are a small part of an over-all campaign of saving and conserving, and this organization can help us reach the same systematic campaign of saving.
