Lena Henderson Cloys, 47, daughter of Mr. and Mrs. Jack Henderson, died Tuesday morning at her home near Fulton in Obion County, following a long illness. Funeral services were conducted Wednesday from the Chapel Hill church by Rev. John Owen. Interment followed in a nearby cemetery.

She is survived by her husband; three children, George, Harvey and Mary Ruth Cloys, all of Fulton; two brothers, Lee Henderson of Dublin, Ky., and Vick Henderson of Louisville, Ky.

She was born in Obion County, June 10, 1894. She married Jesse Cloys and to this union were born three children.

Flying Operations To Start Soon

Flying operations are soon to start at the Embury-Riddle Airfield near Midway in Obion county. Ten new Stearman trainer bi-planes, powered with 220 horsepower Continental motors, arrived Tuesday from Maxwell Field. These are the type of plane which the flying cadets will use in their primary course of about ten weeks at the local field.

Mr. and Mrs. Clarence Bard spent the week end in Louisville, visiting their son and family, Mr. and Mrs. Herschel Bard, and Mr. and Mrs. C. L. Cobb and family.

SUNDAY, JUNE 14 IS FLAG DAY

Robert J. Lamb, director of civil defense, Fulton, Ky., today called upon the organizations of this area to unite in observance of Flag Day, June 14, as a war-time tribute to the United Nations.

"The President of the United States has proclaimed Flag Day and has asked the people of the United States to honor on this day—not alone the American flag—but the flags of all twenty-seven of the United Nations," he said.

"We as a great nation are not fighting alone. In this planetary war we are part of a great whole, fighting shoulder to shoulder in the massed, angered forces of common humanity. Unless we all triumph, we all fail."

Veterans' organizations, war relief societies, women's clubs, service clubs, labor unions, fraternal societies and the Civilian Defense organization are invited to join in the community-wide observance.

The display of the American flag and the flags of twenty-seven nations is urged upon all. Local merchants are invited to make window displays. The library is asked to arrange a special display of books on the nations. War production plants are asked to co-operate by turning out a record-breaking Sunday production.

Ministers of local churches are asked to base their sermons in part on honor to the flag of our nation. We are on God's side in this war.

PITTMAN FUNERAL HELD

Thomas M. Pittman, Jr., 22-year-old son of Mr. and Mrs. T. M. Pittman of Waterloo, Ia., was killed in an accident in the Airplane Testing and Research Laboratory at Langley Field Air Base, Hampton, Va., Wednesday afternoon of last week.

Mr. Pittman was struck on his head by a heavy cable which fell, as by an outside ladder which fell, as he was descending from an airplane some tests.

He was graduated from Water Valley High school and McCaleb Laboratory school at Chattanooga, Tenn. He received his engineering degree from the University of Illinois in 1941. He married Miss Mary Brothers of Norfolk, Va., in 1942.

Besides his wife, he is survived by his parents, Mr. and Mrs. T. M. Pittman, a brother, Ed Paschall Pittman, a student at Georgia Tech at Atlanta.

Funeral services were held at Joe Bennett's residence, Saturday afternoon at 5 o'clock and was conducted by Rev. Gustis Fletcher, pastor of Grace Church, Paducah, and assisted by Rev. L. O. Hartman, pastor of First Methodist Church.

SAFETYGRAMS

Here are some rules for pedestrians that were commented on in my recent safetygram. The pedestrian problem is becoming very acute, and these of us who are pedestrians should pay particular heed to the following:

Walk only on sidewalks wherever they are available.

Cross streets only at crosswalks. Observe traffic signals.

Never depend on the automobile driver.

Wear something white that will reflect light.

Take no chances with approaching traffic.

P. T. A. Conference To Be Held June 10

The Leaders Conference for the 13th district of the Tennessee Congress of Parents and Teachers will be held on Wednesday, June 10, at the First Christian Church in Union City, Tenn.

The purpose of this conference is to review the problems of the district and to make plans for work for the year 1942-43. This conference is to be conducted by the state president, Mrs. Paul J. Dunn, assisted by Mrs. E. A. Peacock, vice president, Miss Katherine Ingram, secretary and Miss Violet Crook, nutrition chairman. The members of the Department of Health, Welfare and Conversation will join with the P. T. A. membership in perfecting these plans.

This conference will be composed of representatives from 116 local associations in 7 counties. The registration will begin at 9:30 and those attending will bring lunch which will be served at the noon hour.

Homecoming Day At Liberty Church

Homecoming Day will be observed at Liberty Baptist Church next Sunday, with special services at 11 in the morning and 2 in the afternoon. During the noon hour a basket lunch will be shared by those present.

As this will probably be the last Homecoming held until after the War, a special invitation is extended to all former members and to all friends, to be present on that day. A special gift will be presented to all those present, and it is expected that the services that day will be one of enjoyment and inspiration.

Kitty League Will Survive War, Peace

Shelby Peace, president of the Kitty League, when questioned this week about the survival of this Class D loop, voiced his opinion that it would continue through the war and emerge stronger than ever.

"The league will live through the war and emerge even stronger than ever, if the directors and the players don't lose heart," President Peace said. "That means that the club operators will have to grin and bear it even though their clubs are down in the standing and are not drawing fans, and the players and managers will have to give the fans fans a faster, more exciting brand of ball. I am confident they will do what has been suggested."

The Florida East Coast League, and the Evangeline League, the latter the strongest Class D loop in organized baseball for many years, have disbanded for the duration of the war.

Enon Homemakers With Mrs. Auzie Phelps

The May meeting of the Enon Homemakers club was held at the home of Mrs. Auzie Phelps last week. The president, Mrs. Orbie Croff, presided at the business meeting and Miss Wilson gave a report and outline of next year's work.

HAROLD RUSHING, 26, KILLED IN ACTION

Official confirmation was received here Wednesday morning by Mrs. Lorene Rushing that her son, Harold Rushing, 26, had been killed in action somewhere in the Pacific war zone. Due to the necessity of military secrecy, the definite location was not mentioned but it is believed the tragic event occurred near Australia.

Young Rushing enlisted in the U. S. Navy two years ago last December, and had been in foreign service for many months. He is the grandson of Mr. and Mrs. Charles Bailey of near Duketown.

Young Rushing attended school at Welch near Duketown, and was well known both in that locality and in Fulton. In the telegram received from the War Department the date of his death was not given. He is survived, besides his mother, by four brothers, Billie, stationed with U. S. Army in Virginia; Meade, employed at Milan, Tenn.; Bobby Gene and Cecil Owen, who reside in Fulton; one sister, Mrs. R. B. Newton, Jr., of this city; his grandparents, and an aunt, Mrs. M. F. Riggs of Dresden.

Grade Crossing Accidents Are Delaying Trains

Accidents at highway-railroad grade crossings are unnecessarily delaying the movement of war and other materials, as well as troops and other passengers, at a time when every effort is being made by the railroads to expedite such traffic, H. K. Buck, trainmaster of Fulton stated this week.

A recent survey by the safety section of the Association of American Railroads showed an average of 38 trains a day or 1,137 trains a month are delayed a total of 22 hours or 660 hours a month from this cause. In 1941 there were 4,329 grade crossing accidents, and the number of accidents is increasing, probably due to the fact that more trains are running now than before, and to the carelessness of motorists. In the number of accidents, the hour of 11 p. m. to midnight proved to be the time of greatest frequency, but fatalities were greater between 5 and 6 p. m. Saturday was the day of greatest accident frequency.

Don't forget in this national emergency our country needs you, the trucks and automobiles and train facilities which cannot be replaced. Drive carefully.

JOIN OR STARVE

What would you think if a law were passed making it possible for a private organization to legally force you to buy its product and pay its initiation fees and dues?

Don't say, "That's impossible!" For that is what powerful labor unions are seeking under closed shop contracts. In some industries, such as soft coal, they have succeeded.

The demands now made by the Steel Workers Organizing Committee on the companies known as "Little Steel" are typical. The Committee would make it a condition of employment that all employees of the company become and remain members of the union in good standing within 30 days of their time of

employment. They demand further that the companies "check off" (deduct from all employees' pay checks) the union dues and initiation fees and turn them over to the union. And finally, they demand that the union itself be regarded as sole judge of what is meant by the term "in good standing," and that the employer be absolutely bound by the decisions of the union on this matter.

What does this all mean? It means that no man could hold a job unless he joined a union, paid tribute to a union, and kept in the good graces of union officials. It means that the employer would be forced to act as a collection agency in the matter of dues, irrespective of the wishes of the employees. It means that union officials would be given vast sums of money to spend in any way they saw fit—money over which there is no governmental regulation or control of any kind. And it means, lastly, that these union officials would have czar-like authority over the jobs, the opportunities and the livelihood of all workers in great basic industries.

Labor organizations are no longer content with voluntary collective bargaining. They are no longer content to "sell" their services to potential members on the basis of merit. They want every working person to be compelled to join or starve. If they get their way, we might as well stop talking about freedom in this country.

THIS WEEK ON THE HOME FRONT

Here Is A Resume of Important Happenings.

ODT issues transportation set-up. OPA supercedes fair trade laws. Chocolate manufacture restricted. Colored bed sheets out—WPB orders. Clothes hangers granted wire hooks. Plan 10,000 mile recap. Cook stoves, heaters drastically restricted. Cotton fabric mills convert. Fancy nighties out. Shirt tails discussed. Courts, WPB, hit violators. OPA to ration bikes. Anti-freeze supply to be cut.

BURLESQUE ON FREEDOM

The Memphis Commercial Appeal recently published a letter by a World War veteran whose only son is now serving in the Marines. In part, it says: "How can fathers and mothers of boys who are in the danger zone and who are being called upon to sacrifice their lives, feel any 'surge' of unity when the President and Congress permit a bunch of shipbuilders and munitions workers to quit when they get good and ready?"

"Do our boys at the front get 'overtime' and 'double time' in the fox holes of the Philippines? Do our sons who are giving their lives to protect the jobs of these and others like them (workers at home) quit on holidays? Is it the idea of our government that it is more important to preserve labor unions than it is to preserve the American Union? Why can't a free-born American citizen get a job in a plant without having to pay tribute to a high-powered labor leader?"

Donald M. Nelson, chairman of the War Production Board, declares that the country's output of military supplies can be doubled if existing war production machinery is used 24 hours a day seven days a week.

He said unless production is brought to victorious levels, "we shall burn in the flames of a public wrath so intense that in its heat it might consume the very standards we have set for free men to live by."

Every man who deliberately shuts off desperately needed supplies, while his brother fights to preserve the country, has blood on his hands.

Farmers Told They Can Go Ahead With Necessary Building

The ban on building does not apply to necessary farm construction, the Kentucky College of Agriculture and Home Economics has been notified from Washington. Lumber and other materials may be had within certain limits for building granaries and other necessary farm structures. Where costs exceed \$5,000 over any continuous 12-month period, authorization must be obtained from the War Production Board. County USDA War Boards will advise with farmers desiring to build this season.

The statement to the College says, in part:

"Farmers should be encouraged to continue plans for essential construction, such as for grain storage where needed, in order that agriculture's contribution to the war effort may not be impaired. It is hoped that... really essential construction will be made possible through eliminating competition from materials and labor from non-essential construction projects."

Lumber, nails and other materials may be had now, it is pointed out, and farmers are urged not to delay buying, where they need buildings. The grain storage situation is considered serious in many parts of the country. No storages for grain are available, except on farms, and farmers are encouraged to make plans for bins and other storages without further delay.

BRYAN-TIDWELL WEDS

Mr. and Mrs. Hays Bryan, 406 Arch street, announced Thursday the marriage of their daughter, Virginia Watts to Robert Tidwell, son of Mr. and Mrs. Walter Tidwell of near Dresden, Tenn.

The ceremony was solemnized at Charleston, Mo., Sunday, May 31st. The bride attended Fulton High School and Mr. Tidwell graduated from Crutcherfield High School. Immediately following the ceremony the couple left for Chicago, Ill., where they will make their home. They were married by Rev. Charlie H. Gayle of Charleston, Mo.

When a man says, "This is a hard job," he really means, "I am a soft drill on a hard piece of steel."

Producing Farmers Need Priorities

Fred S. Sexauer, president of the Dairymen's League Cooperative Association of New York, recently touched on the need for giving tire priorities to producing farmers.

The motor truck is as essential to modern farm operation as the plow. Most farmers live a considerable distance from consuming and distributing centers. The truck provides the only agency for bringing their produce to market—and for taking home machinery, feed and other essential supplies.

As a result, the farm truck plays a great part in feeding the people of America. In many urban centers, produce trucks bring practically all of the farm-produced foods that the people must have. If truck transport is stopped, there will be an extremely serious food problem in all parts of the country.

The rationing authorities must bear this in mind. Means must be found of supplying rubber for the trucks which move our food from farm to market.

Income taxes will be increased; but to a lesser extent than the Treasury asked. Exemptions will probably be reduced.

No true American would place a price tag on the Statue of Liberty for it is the symbol of our greatest heritage. To be able to speak and pray and think as we please... did you ever hear anyone question the cost?

Yes, the cost in blood and money to defend the Freedom we love is going to be staggering. Some Americans are paying the cost with their lives; others are buying all the War Bonds they possibly can. So, wherever we go, whenever we can, let's do our part to help preserve our most precious possession... the Liberty, the Freedom of America.

8 out of 10 of These Neighbors of Yours Were Born Right Here in Kentucky!

FOLKS: The 1,138 men and women who operate our power plants, keep the electric lines repaired, read your meters, run our offices, etc., are actually the Kentucky Utilities Company. The president used to string wires on poles in Bell County. Eight out of ten were born in the State. All but a handful work in small towns today.

They are your neighbors, lodge brothers, fellow Rotarians, Kiwanis, church members, Legionnaires. Over 500 have been with us more than ten years; over 250 more than five years; over 190 more than two years. They make up a dependable organization—always on the job day and night, trying to give the best service possible. And they're giving you better service at lower cost every year.

Politicians who want to put themselves in business are trying to break up this organization and wreck the company. They want to replace business management with political management. Politics in business destroys private enterprise. It fosters un-American socialism. It is dangerous.

Navy School at G.E.

Just one evidence of the cooperation between the armed services and our vast industrial army—a school for submarine electricians conducted at one General Electric factory.

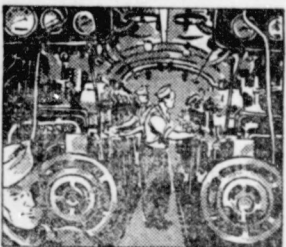

1. Electricity is vital to the running of every submarine. It does an amazing variety of important jobs, from turning the propeller to cooking the coffee.

2. For that reason, there must be well-trained electricians on every underwater craft. At this school, Navy electricians attend classes taught by G-E engineers.

3. and go out into the shops where they watch workmen construct the same kind of electric equipment that will some day be put in their charge.

4. This is but one proof of the thorough training which the U.S. Navy gives its men, so that the vital equipment of war will always be ready for action.

General Electric believes that its first duty as a good citizen is to be a good soldier.

Rev. Turnbow Comes To C. P. Church Here

Rev. L. P. Turnbow, who comes to the Fulton Cumberland Presbyterian church from Arkansas succeeds the Rev. E. R. Ladd, who recently accepted the pastorate of the Presbyterian church in Murfreesboro, Tenn. The new pastor and his family arrived in Fulton early this week.

Rev. Turnbow has been pastor of the Rose City Cumberland Presbyterian church in North Little Rock, Ark., for the past six years. He went to that church from the Millington, Tenn., church, where he served for four years. Rev. and Mrs. Turnbow have two children—Joan, 7, and Ronnie, 4.

DEATHS

MRS. MITTIE CAVENDER

Mrs. Mittie Cavender, age 81, died Tuesday morning about 7:15 at her home in Dukedom, following a heart attack the night before. Funeral services were conducted Thursday afternoon at 3:00 o'clock at Old Bethel church by Rev. Homer Royster, pastor of the Obion Church of Christ.

Mrs. Cavender had been ill for some time but seemed to be improved. She was a well known citizen of Dukedom and loved by all who knew her.

She is survived by three daughters, Mrs. Tom Winsett, of Fulton, Miss Mable Cavender, and Mrs. Norman Harris, both of Dukedom; two grandchildren, Mrs. Paul Prince, of Detroit, and Charlie Burton Winsett, of Fulton; two sisters, Mrs. Tom Braan of Water Valley, and Mrs. Ed Brown of near Water Valley; three brothers, Marion Thomas Cannon of Kingston, Robert Cannon and Ernest Cannon, south of Fulton.

J. W. STOVALL
J. W. Stovall, 76, son of the late Mr. and Mrs. Brown Stovall, died at his home near Chestnut Glade Friday afternoon, following a long illness. Funeral services were held Saturday at 3 p. m., at New Hope Church near Ruthville by Rev. T. A. Duncan. Interment followed in a nearby cemetery.

He is survived by his companion; one son, Tom, of Champaign, Ill.; three daughters, Grace Novella Stovall, Mrs. Mary Barber and Mrs. Ruth Hall of Martin, and five grandchildren. He was born in Carlisle County, Ky., Oct. 31, 1865. He married Miss Mollie Gray and to this union was born one son. He later married Margaret Junie Brown and to this union were born one son and three daughters. This son, Ernest, preceded him in death.

LUGENIA CARNEY BRUNDIGE
Lugenia Carney, 79, daughter of the late Mr. and Mrs. Tom Carney, died at the home of her daughter, Mrs. Paul Simmons near Palmersville, Sunday afternoon, after an extended illness. Funeral services were conducted at New Hope Monday afternoon by Rev. J. A. Wilkerson. Interment followed in a nearby cemetery.

She is survived by three sons, Homer Brundige of Martin, Pete Brundige and Aubrey Brundige of Glasgow; three daughters, Mrs. Paul Simmons of Palmersville; Mrs. Calvin Sanderfer of Martin, and Mrs. Bob Burcham of Dresden; one brother, Tom Carney of Martin; nineteen grandchildren and 20 great grandchildren. She was born near Latham Nov. 21, 1862.

MRS. LENA HENDERSON CLOYS
Lena Henderson Cloys, 47, daughter of Mr. and Mrs. Jack Henderson, died Tuesday morning at her home near Fulton in Obion County, following a long illness. Funeral services were conducted Wednesday from the Chapel Hill church by Rev. John Owen. Interment followed in a nearby cemetery.

She is survived by her husband; three children, George, Harvey and Mary Ruth Cloys, all of Fulton; two brothers, Lee Henderson of Dublin, Ky., and Vick Henderson of Lynnville, Ky.

She was born in Obion County, June 10, 1894. She married Jesse Cloys and to this union were born three children.

SUNDAY, JUNE 14 IS FLAG DAY

Robert J. Lamb, director of civilian defense, Fulton, Ky., today called upon the organizations of this area to unite in observance of Flag Day, June 14, as a war-time tribute to the United Nations.

"The President of the United States has proclaimed Flag Day and has asked the people of the United States to honor on this day—not alone the American flag—but the flags of all twenty-seven of the United Nations," he said.

"We as a great nation are not fighting alone. In this planetary war we are part of a great whole, fighting shoulder to shoulder in the massed, angered forces of common humanity. Unless we all triumph, we all fail."

"Veterans' organizations, war relief societies, women's clubs, service clubs, labor unions, fraternal societies and the Civilian Defense organization are invited to join in the community-wide observance."

The display of the American flag and the flags of twenty-seven nations is urged upon all. Local merchants are invited to make window displays. The library is asked to arrange a special display of books on the nations. War production plants are asked to co-operate by turning out a record-breaking Sunday production.

Ministers of local churches are asked to base their sermons in part on honor to the flag of our nation. We are on God's side in this war.

PITTMAN FUNERAL HELD

Thomas M. Pittman, Jr., 22-year-old son of Mr. and Mrs. T. M. Pittman of Waterloo, Ia., was killed in an accident in the Airplane Testing and Research laboratory at Langley Field Air Base, Hampton, Va., Wednesday afternoon of last week.

SAFETYGRAMS

Here are some rules for pedestrians that were commented on in my recent safetygram. The pedestrian problem is becoming very acute, and these of us who are pedestrians should pay particular heed to the following:

Walk only on sidewalks wherever they are available.
Cross streets only at crosswalks. Observe traffic signals.
Never depend on the automobile driver.
Wear something white that will reflect light.
Take no chances with approaching traffic.

P. T. A. Conference To Be Held June 10

The Leaders Conference for the 13th District of the Tennessee Congress of Parents and Teachers will be held on Wednesday, June 10, at the First Christian Church in Union City, Tenn.

The purpose of this conference is to review the problems of the district and to make plans for work for the year 1942-43. This conference is to be conducted by the state president, Mrs. Paul J. Dunn, assisted by Mrs. E. A. Peacock, vice president, Miss Katherine Ingram, secretary and Miss Violet Crook, treasurer. The members of the Department of Health, Welfare and Conversation will join with the P. T. A. membership in perfecting these plans.

This conference will be composed of representatives from 116 local associations in 7 counties. The registration will begin at 9:30 and those attending will bring lunch which will be served at the noon hour.

Mrs. King Webb, district president is urging that all parents and teachers may have a share in building a program for the coming year.

WATER VALLEY NEWS

Unnecessary spending in war times is sabotage—whether conscious or not. Your dollars are needed for war production. Help your state meet its War Bond quota.

Vacation Bible School Makes Good Progress

The Vacation Bible School at the First Baptist Church, under the direction of Rev. E. A. Autrey, has more than 100 boys and girls enrolled. The school started Monday and will continue for two weeks. The hours are from 8:30 to 11 a. m.

Rev. L. M. Bratcher is superintendent of the school. The teaching staff is composed of Mrs. Tommie Bynum, Mrs. Otis Bizzle, Mrs. John Reeks, Mrs. M. L. Rhodes, Mrs. Alfred, Mrs. Carver, Mrs. W. B. McLean, Mrs. James Holt, Mrs. Hugh Rushton, Mrs. Doris Winfrey, Mrs. Jack Speights, Mrs. Louis Cardwell, and Mrs. E. A. Autrey.

Homecoming Day At Liberty Church

Homecoming Day will be observed at Liberty Baptist Church next Sunday, with special services at 11 in the morning and 2 in the afternoon. During the noon hour a baselunch will be shared by those present.

As this will probably be the last Homecoming held until after the War, a special invitation is extended to all former members and to all friends, to be present on that day. A special gift will be presented to all those present, and it is expected that the services that day will be one of enjoyment and inspiration.

Kitty League Will Survive War, Peace

Shelby Peace, president of the Kitty League, when questioned this week about the survival of this Class D loop, voiced his opinion that it would continue through the war and emerge stronger than ever.

The league will live through the war and emerge even stronger than ever, if the directors and the players don't lose heart," President Peace said. "That means that the club operators will have to grin and bear it even though their clubs are down in the standings and are not drawing fans, and the players and managers will have to give the fans a faster, more exciting brand of ball. I am confident they will do what has been suggested."

The Florida East Coast League, and the Evangeline League, the latter the strongest Class D loop in organized baseball for many years, have disbanded for the duration of the war.

Enon Homemakers With Mrs. Auzie Phelps

The May meeting of the Enon Homemakers club was held at the home of Mrs. Auzie Phelps last week. The president, Mrs. Orbie Cook presided at the business meeting and Mrs. Wilson gave a report and outline of next year's work.

Mrs. Ralph Brady and Mrs. Porter Ellis gave the lesson on "Hems" with illustrations of stitches to be used.

Refreshments were served to eleven members and three visitors, Mrs. Annie Oliver, Mrs. Sol Hancock and Miss Helen Cook. Mrs. Jack Underwood will be hostess in June.

Songs and contests, led by Mrs. Will Phelps, were enjoyed and the meeting was adjourned with the song, "Sing Your Way Home."

HAROLD RUSHING, 26, KILLED IN ACTION

Official confirmation was received here Wednesday morning by Mrs. Lorene Rushing that her son, Harold Rushing, 26, had been killed in action somewhere in the Pacific war zone. Due to the necessity of military secrecy, the definite location was not mentioned but it is believed the tragic event occurred near Australia.

Young Rushing enlisted in the U. S. Navy two years ago last December, and had been in foreign service for many months. He is the grandson of Mr. and Mrs. Charles Bailey of near Dukedom.

Young Rushing attended school at Welch near Dukedom, and was well known both in that locality and in Fulton. In the telegram received from the War Department the date of his death was not given. He is survived, besides his mother, by four brothers, Billie, stationed with U. S. Army in Virginia; Meade, employed at Milan, Tenn.; Bobby Gene and Cecil Owen, who reside in Fulton; a sister, Mrs. R. B. Newton, Jr., of this city; his grandparents; and an aunt, Mrs. M. F. Riggs of Dresden.

Grade Crossing Accidents Are Delaying Trains

Accidents at highway-railroad grade crossings are unnecessarily delaying the movement of war and other materials, as well as troops and other passengers, at a time when every effort is being made by the railroads to expedite such traffic, H. K. Buck, trainmaster of Fulton stated this week.

A recent survey by the safety section of the Association of American Railroads showed an average of 38 trains a day or 1,137 trains a month are delayed by a total of 22 hours or 660 hours a month from this cause. In 1941 there were 4,320 grade crossing accidents, and the number of accidents is increasing, probably due to the fact that more trains are running now than before, and to the carelessness of motorists. In the number of accidents, the hour of 11 p. m. to midnight proved to be the time of greatest frequency, but fatalities were greater between 5 and 6 p. m. Saturday was the day of greatest accident frequency.

Don't forget in this national emergency our country needs you, the trucks and automobiles and train facilities which cannot be replaced. Drive carefully.

Martin Warren Graduates At Great Lakes, Ill.

Martin H. Warren, 26, 406 Jefferson street, Fulton, Ky., took his place among the vital specialists who help to make the U. S. Navy the best in the world, as he was graduated from the Navy Service Schools at Great Lakes, Ill., this week, having completed an intensive 16-week training program in the school for aviation machinist's mate.

Warren will now be transferred to the fleet or to a naval base to receive further instruction and gain experience in his specialized field.

God's In His Heaven

(Editor's Note: This poem was written and given by Tilman Adams at the recent Lions Club show) Last night in the stillness I silently stood.

On a street corner down in our old neighborhood; As I gazed at the skies

So peaceful and clear, In my heart there was sadness—in my eye was a tear.

For I thought of those people in a faraway land, And how they had suffered

at war's ruthless hand; How the roar of the bomber, the fire from the shell,

Had made of their homes an inferno of hell. So I lifted my face to God in a prayer.

And asked for our people such suffering to spare. That we might have courage

and wisdom and might To blast from this earth the enemy of right.

Then I stopped—and I thought of the day that's to come, When the battle shall have ended

and victory is won; For then we'll have Peace and this truth He'll unfurl—

God's in His Heaven, All's right with the world.

The guests for a few days of Rev. and Mrs. C. E. Atkins and Rev. and Mrs. Paul E. Cites and children are: Corp. John D. Howard of the Army Core, Fort George Wright, of Spokane, Wash., and Buddy Quackenbush, the Patrol leader of Scout Troop 22, of Spokane, Wash., whose father is a prosecuting attorney in that county. The guests left Thursday at 10 o'clock.

Mr. Jim Bard leaves Sunday for Portsmouth, Va., to visit his daughter, and husband, Mr. and Mrs. O. L. Cobb.

JOIN OR STARVE

What would you think if a law were passed making it possible for a private organization to legally force you to buy its product and pay it initiation fees and dues?

Don't say, "That's impossible!" For that is what powerful labor unions are seeking under closed shop contracts. In some industries, such as soft coal, they have succeeded.

The demands now made by the Steel Workers Organizing Committee on the companies known as "Little Steel" are typical. The Committee would make it a condition of employment that all employees of the company become and remain members of the union in good standing within 30 days of their time of

employment. They demand further that the companies "check off" (deduct from all employees' pay checks) the union dues and initiation fees and turn them over to the union. And finally, they demand that the union itself be regarded as sole judge of what is meant by the term "in good standing," and that the employer be absolutely bound by the decisions of the union on this matter.

What does this all mean? It means that no man could hold a job unless he joined a union, paid tribute to a union, and kept in the good graces of union officials. It means that the employer would be forced to act as a collection agency in the matter of dues, irrespective of the wishes of the employees. It means that union officials would be given vast sums of money to spend in any way they saw fit—money over which there is no governmental regulation or control of any kind. And it means, lastly, that these union officials would have czar-like authority over the jobs, the opportunities and the livelihood of all workers in great basic industries.

Labor organizations are no longer content with voluntary collective bargaining. They are no longer content to "sell" their services to potential members on the basis of merit. They want every working person to be compelled to join or starve. If they get their way, we might as well stop talking about freedom in this country.

BURLESQUE ON FREEDOM

The Memphis Commercial Appeal recently published a letter by a World War veteran whose only son is now serving in the Marines. In part, it says: "How can fathers and mothers of boys who are in the danger zone and who are being called upon to sacrifice their lives, feel any 'surge' of unity when the President and Congress permit a bunch of shipbuilders and munitions workers to quit when they get good and ready?"

"Do our boys at the front get overtime and 'double time' in the fox holes of the Philippines? Do our sons who are giving their lives to protect the jobs of these and others like them (workers at home) quit on holidays? Is it the idea of our government that it is more important to preserve labor unions than it is to preserve the American Union? Why can't a free-born American citizen get a job in a plant without having to pay tribute to a high-powered labor leader?"

Donald M. Nelson, chairman of the War Production Board, declares that the country's output of military supplies can be doubled if existing war production machinery is used 24 hours a day seven days a week.

He said unless production is brought to victorious levels, "we shall burn in the flames of a public wrath so intense that in its heat it might consume the very standards we have set for free men to live by."

Every man who deliberately shuts off desperately needed supplies, while his brother fights to preserve the country, has blood on his hands.

Farmers Told They Can Go Ahead With Necessary Building

The ban on building does not apply to necessary farm construction, the Kentucky College of Agriculture and Home Economics has been notified from Washington. Lumber and other materials may be had within certain limits for building granaries and other necessary farm structures. Where costs exceed \$5,000 over any continuous 12-month period, authorization must be obtained from the War Production Board. County USDA War Boards will advise with farmers desiring to build this season.

The statement to the College says, in part:

"Farmers should be encouraged to continue plans for essential construction, such as for grain storage where needed, in order that agriculture's contribution to the war effort may not be impaired. It is hoped that . . . really essential construction will be made possible through eliminating competition from materials and labor from non-essential construction projects."

Lumber, nails and other materials may be had now, it is pointed out, and farmers are urged not to delay buying, where they need buildings. The grain storage situation is considered serious in many parts of the country. No storages for grain are available, except on farms, and farmers are encouraged to make plans for bins and other storages without further delay.

BRYAN-TIDWELL WEDS

Mr. and Mrs. Hays Bryan, 403 Arch street, announced Thursday the marriage of their daughter, Virginia Watts to Robert Tidwell, son of Mr. and Mrs. Walter Tidwell of near Dresden, Tenn.

The ceremony was solemnized at Charleston, Mo., Sunday, May 31st. The bride attended Fulton High School and Mr. Tidwell graduated from Crutcher High School.

Immediately following the ceremony the couple left for Chicago, Ill., where they will make their home. They were married by Rev. Charlie H. Gayle of Charleston, Mo.

When a man says, "This is a hard job," he really means, "I am a soft drill on a hard piece of steel."

Producing Farmers Need Priorities

Fred S. Sexauer, president of the Dairyman's League Cooperative Association of New York, recently touched on the need for giving tire priorities to producing farmers.

The motor truck is as essential to modern farm operation as the plow. Most farmers live a considerable distance from consuming and distributing centers. The truck provides the only agency for bringing their produce to market—and for taking home machinery, feed and other essential supplies.

As a result, the farm truck plays a great part in feeding the people of America. In many urban centers, produce trucks bring practically all of the farm-produced foods that the people must have. If truck transport is stopped, there will be an extremely serious food problem in all parts of the country.

The rationing authorities must bear this in mind. Means must be found of supplying rubber for the trucks which move our food from farm to market.

Income taxes will be increased; but to a lesser extent than the Treasury asked. Exemptions will probably be reduced.

No true American would place a price tag on the Statue of Liberty for it is the symbol of our greatest heritage. To be able to speak and pray and think as we please . . . did you ever hear anyone question the cost?

Yes, the cost in blood and money to defend the Freedom we love is going to be staggering. Some Americans are paying the cost with their lives; others are buying all the War Bonds they possibly can. So, wherever we go, whenever we can, let's do our part to help preserve our most precious possession . . . the Liberty, the Freedom of America.

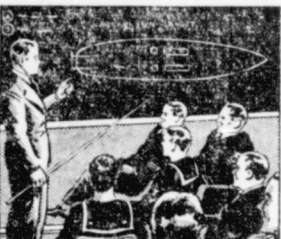

BROWDER MILLING CO.

Navy School at G.E.

Just one evidence of the cooperation between the armed services and our vast industrial army—a school for submarine electricians conducted at one General Electric factory.

1. Electricity is vital to the running of every submarine. It does an amazing variety of important jobs, from turning the propeller to cooking the coffee.

2. For that reason, there must be well-trained electricians on every underwater craft. At this school, Navy electricians attend classes taught by G-E engineers

3. and go out into the shops where they watch workmen construct the same kind of electric equipment that will some day be put in their charge.

4. This is but one proof of the thorough training which the U.S. Navy gives its men, so that the vital equipment of war will always be ready for action.

General Electric believes that its first duty as a good citizen is to be a good soldier.

8 out of 10 of These Neighbors of Yours Were Born Right Here in Kentucky!

FOLKS: The 1,138 men and women who operate our power plants, keep the electric lines repaired, read your meters, run our offices, etc., are actually the Kentucky Utilities Company. The president used to string wires on poles in Bell County. Eight out of ten were born in the State. All but a handful work in small towns today.

They are your neighbors, lodge brothers, fellow Rotarians, Kiwanis, church members, Legionnaires. Over 500 have been with us more than ten years; over 250 more than five years; over 190 more than two years. They make up a dependable organization—always on the job day and night, trying to give the best service possible. And they're giving you better service at lower cost every year.

Politicians who want to put themselves in business are trying to break up this organization and wreck the company. They want to replace business management with political management. Politics in business destroys private enterprise. It fosters un-American socialism. It is dangerous.

Some folks get all the life kicked out of them trying to get a kick out of life.

In a quiz at a state university recently, one of the questions was: Name two ancient sports. A freshman wrote: Anthony and Cleopatra.

The happy people are those producing something; the bored people are those who are consuming much and producing nothing.

WE'LL GO AS FAR AS NEEDED

FAILURE is a luxury we may indulge in time of peace, but not in war—especially that failure, most ignominious of all, which comes from lack of trying. In peacetime far too many of us are prone to say: "Thus far we can go, and no farther. That can't be done. Why should we attempt the impossible?"

But in war, in war we strive to excel in all things, even in sacrifice. The men in our armed forces offer up the most—their jobs, their comforts, their liberties, their lives. At home we pay our taxes, lend our money, give our money, deprive ourselves of many a possession deemed necessary in time of peace. Thus bound together in a brotherhood of sacrifice, we exercise anew our privilege to pledge—as did the founding fathers in 1776—not only our lives and our fortunes but also our sacred honor.

To do consistently more than is expected of them, rather than less, is a point of honor with the railroads. Even before the war they were fighting off the manifold discouragements of the depression, striving to maintain their properties in readiness and schooling their organizations for an increased traffic that at times threatened never to reappear. Thus fortified, they have successfully weathered up to now their wartime tests, facing traffic levels and tendencies dismayingly unprecedented. They have even met with composure the recent ruling that further expansion of the railway plant would have to be limited by the greater priority of supplies for our fighting forces.

Faint heart might have considered that the final blow and the one great justification for doing a poor job or a small one. Yet the railroads say: "We're not going to be licked. We have discovered wells of capacity within our plant which we did not know existed. We have found new car space and new power in the planning of our government and our managers, in the loyalty and inventiveness of our family of workers, in the co-operation of our customers, in the consideration of our courts and commissions, in the public's will to win. We'll carry on to victory—and beyond."

And that's the kind of productiveness—under difficulties—that will win both the war and the peace.

One bright day in June,
Yes, on the first day a beautiful baby girl was born to Mr. and Mrs. George Oliver.

How the fond parents admired this wee little daughter, and how very fast she did grow.

We are sure her life was filled with good deeds for others, in fact her life has been spent in ministering to those she loved, and she is still ministering to her brother Wade.

It is with love and very great respect that we come to do and pay her homage on this, her birthday.

And today, Mrs. Willie, we wish for you a day of good cheer, and much happiness throughout another year.

We trust you are permitted to stay, and have many happy returns of the day.

MY DEAR MA, DOROTHY SUE ADAMS

I'm in the army now, I love the army well and the fellows here are just simply swell.

They treat me like a regular guy, they like me a lot, you should see me now, ma, and guess what I've got.

I've got a girl now, the general's daughter to be frank, and ma, she has a pet name for me, she really calls me hank.

Well, ma, I hear the bugle I'll have to close I guess, after reading all of this, you'll surely need a rest.

I'll write again soon, ma, and you drop me a line, cause I've done told the boys in camp, about that ma of mine.

Mr. and Mrs. Carl Robey and daughters, Dorothy and Evelyn, formerly of Fulton, have moved from Clarksville, Tenn., to West Paducah where Mr. Robey has accepted a position in defense work.

Some folks get all the life kicked out of them trying to get a kick out of life.

In a quiz at a state university recently, one of the questions was: Name two ancient sports. A freshman wrote: Anthony and Cleopatra.

The happy people are those producing something; the bored people are those who are consuming much and producing nothing.

WE'LL GO AS FAR AS NEEDED

FAILURE is a luxury we may indulge in time of peace, but not in war—especially that failure, most ignominious of all, which comes from lack of trying. In peacetime far too many of us are prone to say: "Thus far we can go, and no farther. That can't be done. Why should we attempt the impossible?"

But not in war. In war we strive to excel in all things, even in sacrifice. The men in our armed forces offer up the most—their jobs, their comforts, their liberties, their lives. At home we pay our taxes, lend our money, give our money, deprive ourselves of many a possession deemed necessary in time of peace. Thus bound together in a brotherhood of sacrifice, we exercise anew our privilege to pledge—as did the founding fathers in 1776—not only our lives and our fortunes but also our sacred honor.

To do consistently more than is expected of them, rather than less, is a point of honor with the railroads. Even before the war they were fighting off the manifold discouragements of the depression, striving to maintain their properties in readiness and schooling their organizations for an increased traffic that at times threatened never to reappear. Thus fortified, they have successfully weathered up to now their wartime tests, facing traffic levels and tendencies dismayingly unprecedented. They have even met with composure the recent ruling that further expansion of the railway plant would have to be limited by the greater priority of supplies for our fighting forces.

Faint heart might have considered that the final blow and the one great justification for doing a poor job or a small one. Yet the railroads say: "We're not going to be licked. We have discovered wells of capacity within our plant which we did not know existed. We have found new car space and new power in the planning of our government and our managers, in the loyalty and inventiveness of our family of workers, in the co-operation of our customers, in the consideration of our courts and commissions, in the public's will to win. We'll carry on to victory—and beyond."

And that's the kind of productiveness—under difficulties—that will win both the war and the peace.

One bright day in June,
Yes, on the first day a beautiful baby girl was born to Mr. and Mrs. George Oliver.

How the fond parents admired this wee little daughter, and how very fast she did grow.

We are sure her life was filled with good deeds for others, in fact her life has been spent in ministering to those she loved, and she is still ministering to her brother Wade.

It is with love and very great respect that we come to do and pay her homage on this, her birthday.

And today, Mrs. Willie, we wish for you a day of good cheer, and much happiness throughout another year.

We trust you are permitted to stay, and have many happy returns of the day.

Melba Lynch and Katherine Sudberry then came out bearing a basket of gifts and singing "Happy Birthday." All was enjoyed.

MY DEAR MA DOROTHY SUE ADAMS

I'm in the army now, I love the army well and the fellows here are just simply swell.

They treat me like a regular guy, they like me a lot, you should see me now, ma, and guess what I've got.

I've got a girl now, the general's daughter to be frank, and ma, she has a pet name for me, she really calls me Hank.

Well, ma, I hear the bugle I'll have to close I guess, after reading all of this, you'll surely need a rest.

I'll write again soon, ma, and you drop me a line, cause I've told the boys in camp, about that ma of mine.

Mr. and Mrs. Carl Robey and daughters, Dorothy and Evelyn, formerly of Fulton, have moved from Clarksville, Tenn., to West Paducah where Mr. Robey has accepted a position in defense work.
