"On Duty With Uncle Sam"

Ever since the attack at Pearl Harbor, Uncle
Sam has been an "active duty" earning and supply-
ing substitutes for a nation caught short in time of
war. American industry has accepted those sub-
stitutes with hardly a pause, and we say "HATS OFF
"to an Uncle Sam who still has the old Pioneer Spirit
in him to make way for himself.

But did you ever stop to think that there's no
substitute for "Wheat" as a dependable source of
food? A field of golden wheat is the richest gift
America; yet, countries have been invaded for the
want of it, thousands are starving for the lack of it.
Surely, this source of food has been an "active duty"
along with Uncle Sam. In these war years we are
grateful that we are enabled to help feed America.
