A MARKET FOR LATE LAMBS

The War Production Board has taken measures to protect private sheep owners, which will help increase the number of lambs available for market. There are a number of reasons why this plan has been adopted:

1. A scarcity of sheep.
2. The need for more wool.
3. The war effort requires more meat.

These factors have combined to create a situation where the number of lambs available for market is limited. To address this issue, the War Production Board has taken steps to increase the availability of lambs.

Don't Rob Your Children

Lesson for August 9

PRAYER

There are several names you should incorporate into your
prayer list. This represents one of America's most
popular novels, for without it, we wouldn't be able to talk
about exchanging our little ones for other kids. But
wouldn't you like to see your children grow up, at least
sufficiently to be in complete unselfishness of body and
soul? If so, have you ever wondered what the first
commandment is? If not, then you have probably just
invented another one.

We are told that the first commandment is:

"Thou shalt not kill..."

But what does this mean? Why, it means exactly that.
We are told that it means exactly that.

"Thou shalt not kill..."
