FOOD SHORTAGE

In a news story, the Fulton Daily Leader reported that the high cost of living was causing food shortages. It was noted that people were having to choose between buying groceries and paying other essential costs. The article also mentioned that many families were struggling to find enough food to feed their families.

SOUTH FULTON REFORMED UNITED CHURCH OF CHRIST

The church held a service on November 30th. The pastor, Rev. Mr. Smith, delivered a sermon on the importance of-service and giving. The service was attended by a large crowd of members and guests.

FOOD SHORTAGE

Another news story mentioned that the food shortage was particularly affecting families in the rural areas of the country. It was noted that many families were relying on government programs to provide them with the necessary food to survive.

DAM PUMPS DOWN

The Leader reported that the dam pumps were operating at a reduced capacity due to the lack of water in the reservoir. The article noted that this was causing a shortage of water for the surrounding communities.

PARK DEPARTMENT

The city's park department was working to improve the parks and gardens in the area. The article mentioned that they were planting new trees and flowers to make the parks more attractive.

FUTURISTIC INVENTIONS

A story about futuristic inventions was featured in the paper. The article mentioned that there were many new technologies being developed that could change the way we live. However, the story also pointed out that these technologies were not yet available for widespread use.

RETAIL ADVERTISING

A retail advertising section included ads for various stores and services. The ads ranged from clothing stores to furniture stores, and each one featured a different product or service.

FIFTEEN YEARS AGO

The Leader included a feature on what life was like fifteen years ago. The article mentioned that there were many changes in technology and society during that time. It also highlighted some of the major events of that era.

LOCAL NEWS

A local news section featured articles on local events and activities. The articles ranged from sports events to community activities, and each one provided a glimpse into the daily life of the community.

WEATHER REPORT

The weather report predicted that there would be a chance of rain later in the week. The article also included a forecast for the upcoming weekend, with temperatures expected to remain cool.

WOMEN'S RIGHTS

A story about women's rights was featured in the paper. The article mentioned that women were fighting for equal rights and opportunities, and it highlighted some of the key events and people involved in the movement.

EDUCATION

The education section featured articles on local schools and universities. The articles covered topics such as curriculum changes, student achievement, and teacher salaries.

WOMEN'S HISTORY

A feature on women's history was included in the paper. The article highlighted the contributions of women throughout history and celebrated their achievements.

LOCAL NEWS

A local news section featured articles on local events and activities. The articles ranged from sports events to community activities, and each one provided a glimpse into the daily life of the community.

HOW TO GET MORE LIGHT
FOR THE SAME MONEY

until the war is over, you'll probably be
doing more of your own housework
...unless you have plenty of good light. What's more, you
need plenty of good light to create a cheery, stirring atmos-
phere in your home.

DO THIS... IT'S EASY... COSTS NOTHING!

(1) You get up to 30% more light simply by brush-
ing glossy white paint or whitewash on all inside walls
and on ceilings. White is the best light reflector. PVC
plastic, used for window shades, is even better.

(2) In rooms where you can, replace old windows
with modern aluminum or casement types. New windows
are more efficient and less likely to leak air...which
means more light in the room...which means more
light for your war work.

(3) Purify your own air and increase your comfort
by using a room humidifier...not a window fan, which
just circulates the same air...but a humidifier which
moistens the air and makes it easier for you to work
and think.

(4) If you use water to wash clothes, use a new,
more efficient water heater to increase the amount of
hot water you get and cut your electric bill. Your
household bills will be lower and you'll have more
light and money to help your war work.
