FULTON COUNTY RANKS FOURTH IN KENTUCKY SCRAP DRIVE

Liberty Baptistic Services Here Sunday
Regional services for Liberty Baptist Church were
sponsored at the school Sunday morning, with
P. W. King leading in prayer.

DEATHS

Abigail Lee Williams
James and Other Williams

MRS. ADLIE KELLOGG CURTIS

MRS. LUDEWIG الصوثل

Robert Thomas Johnson

NOTE TO ALL SUBSCRIBERS:
Due to the conditions of the war that you
have undergone, if at all possible, you
should make arrangements with local
Alabama agents at once to pay your
subscriptions, if you are in any way
involved. This will be the only way
you can continue to receive your
papers.

You will be given your credit
at the end of the month.

NOTE: Registrations of farm trucks that
were not registered last week will
continue today and tomorrow.

THIS WEEK ON THE HOME FRONT

From all, let's take a moment in this its anniversary to thank the widow, the done and the bereaved. It is, God willing, the last time we observe the 23rd anniversary of the Armistice of Compiègne. With the world at peace, let us remember the sacrifices and the counsel of those who followed it.

The sugar price has been set at 5 cent a pound by the War Prices and Trade Board. This is good news for farmers and consumers alike. It means that sugar will be available at a reasonable price, and that the market will be stabilized.

The War Office has announced that the sale of rubber products, such as tires, will be restricted to essential users only. This is a welcome move to prevent the misuse of essential products.

The Office of Price Administration has issued a new directive that limits the price of meat to 25 cents per pound. This is to ensure that meat is affordable for all Americans.

The War Food Administration has announced that it will require all restaurants to display signs stating the prices of their meals. This is to prevent price gouging and ensure that the price is transparent.

The Secretary of War has announced that the U.S. will increase the production of munitions. This is to ensure that the country is prepared for any future conflicts.

The Office of Price Administration has issued a directive that limits the price of gasoline to 25 cents per gallon. This is to ensure that the price is affordable for all Americans.

A SALUTE TO THE "SCRAPPERS" OF FULTON COUNTY

We, whose Advertisements appear on this Scrap Drive; to all the schools, the this page, wish to extend our wholeheart-citizens' and civil organizations that are ed co-operation and do everything with-helping in this great cause. Let's all get in our power to help in the Fulton Coun-in the scrap until VICTORY!

A SALUTE TO OUR YOUNGSTERS
May they always be free

They're doing their part to see that America wins the war. They're working whole-
heartedly in collecting usable war materials and turning those materials into War Bonds and Stamps. They're doing their job well. They deserve to inherit our America—our free America!

Country
AND TO EVERYONE WHO IS TAKING PART
IN THIS COUNTY-WIDE SCRAP DRIVE

SOUTHEASTERN MOTOR TRUCK LINES, INC.
Fulton, Ky.

GOD BLESS YOU. WE WILL PROTECT YOU

Save, Serve and Conserve are the by-words the school children are working under these days.

They're helping "homes-at-war" to fight the war by saving their dimes and dollars in War Stamps and Bonds, by serving as "juniors" in many important jobs, by conserving the materials America needs to win the war.

For such spirit as theirs, America can thank its years of Independence, its years of Freedom! Gratefully, we can show our appreciation, by investing at least 10% of our incomes in War Bonds ourselves.

FULTON COUNTY NEWS
Phone 112 Fulton, Ky.
PULPIT NEWS

A near-up of electric power is being low. Highways electric lines extend the necessary carrying power to keep key over it at 27 million homes.

High is the greatest electric transmission circuits in the world. No other nation has anything like it. The Famous British "grid of wires" could be dropped any mad small section of it. It carries more power than all the Asis continents combined. This nationwide network was put to great advantage in saving man and other Americans. About all of it was built on the savings of the same people it serves-by the business management of America's 488 electric companies.

Did you ever wonder why American industries-like the electric industries-lead the world? There's a good reason-because it's one of the things we're fighting for.

The reason is the freedom of the public-the right of every American to work where and when he wants, without unnecessary entry into homes or premises to create and produce and to benefit by the same means. That's peaceful invasion.

Under the Jap and German systems the average man is a worker with no time to himself. He is only a part of a machine. He is made to work, but he is not made to think or he must be made to think by some other machine. Some people are working and others are not. How many people are working? This is not the question. The question is, how many people are working to the best of their abilities? Poorly managed industries and our own do no more than work, but the other live.
THE AMERICAN FLAG

The American flag is a symbol of the freedom and liberty of the world. New men and women that their flag will always be free to banner day. It is not only a part of the country's history, but a part of the people who have fought and died to secure it. Our flag is a reminder of the sacrifices of those who have fought for our freedom.

FUEL FOR WAR

America's industries are doing their part in the war effort. They are producing vital goods to support the war effort. American workers are working long hours to meet the demands of the war. They are producing everything from airplanes to shoes, to meet the needs of the soldiers and sailors.

DO NOT BE SATIRE

The war is not over yet. We must continue to do our part in supporting the war effort. We must produce goods to meet the needs of the soldiers and sailors. We must continue to work hard and support our country.

TELL FOR WAR

The war is not over yet. We must continue to do our part in supporting the war effort. We must produce goods to meet the needs of the soldiers and sailors. We must continue to work hard and support our country.

THE FINAL VICTORY

The war is not over yet. We must continue to do our part in supporting the war effort. We must produce goods to meet the needs of the soldiers and sailors. We must continue to work hard and support our country.

KNUCKLES DOWN FOR UNCLE SAM!

This year's local War Scrap collecting champ...
THE WAY OF DEATH
BY RUTH TAYLOR
The Nazi way of life is a hell! This country is one of the few places in the world where women are given the chance of ever reaching the age of 40. The Nazis believe that women are weak and dependent, and they are treated accordingly. They are denied the right to vote, and their education is limited. The Nazis also believe that only the strongest and fittest should survive, and they use this idea to justify their treatment of women and other groups who are considered weak or inferior.

Please send a show of sympathy to the next of kin or the survivor of any person who has died in service, who has fallen at the hands of the enemy, or who has been killed in action. Also, please send a show of sympathy to the next of kin or the survivor of any person who has been wounded or injured in service, or who has been taken captive by the enemy.

NIKOLAUS COHEN
Address
PUBLISHED IN DUBUQUE
The University of Dubuque's opening ceremonies, address of the governor of the state of California, given by Dr. Marion Lee, and the commencement of the building of the new University of Dubuque, are all mentioned in this week's issue. The university is said to be a model for other universities in the United States, and it is believed that it will be a valuable addition to the educational system of the country.
