20 Millions To Be Spent On Highways

Fulton, Ky. - Cost of Kennecott's high voltage transmission project, under survey approved by the Indian government, is expected to be $250,000,000. Kennecott's 2,740-mile line and 1,590 miles of substations will be made available for this year's work. Kennecott has already completed the survey of the state's proposed high tension construction. Undoubtedly the company will expand its survey to cover the entire state.

Beaver Lands Are Needed this Year

Farms today are worth more than the mortgage bonds held to secure working capital to finance the raising of crops. A glance at the financial pages of most newspapers in the country shows a consistent advance in farm land values throughout the country. The South is in the lead in the rapid rise in farm values.
