## HOROSCOPE

**SAGITTARIUS** (Nov 23 - Dec 20): You may be approached with an idea which could involve you in very hard work. Consider if you have time for this.

**AQUARIUS** (Jan 21 - Feb 19): A friend may ask for your support in a disagreement. You'd do well to take sides, or both parties will end up by blaming you for results.

**PISCES** (Feb 20 - Mar 20): Some of you seem to be in for a worrying day. This situation will improve shortly and you should then be able to push ahead. Social life promises to be hectic.

**ARIES** (Mar 21 - Apr 20): Depend on your own judgment, and don't appeal to others for opinions on a personal matter. Offer your help willingly to a good friend. Romance is favored.

**TAURUS** (Apr 21 - May 21): After a strenuous day you should be happy to relax at home. A visitor is indicated. Be prepared for this visit to last longer than you'd like.

**GEMINI** (May 22 - Jun 21): Avoid sudden changes of plan, or you will out a number of people out of tempo. You may require informed advice on a money problem. Take your time with a tricky practical job.

**LEO** (Jul 24 - Aug 23): Be wary of provoking a misunderstanding when writing a letter. This could have far-reaching results. This is rather an emotional time for you.

**VIRGO** (Aug 24 - Sep 23): You should be entering a most enjoyable phase, provided you don't worry about keeping up with some of your more affluent friends. An interesting journey seems imminent.

**LIBRA** (Sep 24 - Oct 23): You may learn that someone whom you regarded as a close friend isn't always discreet. Keep your secrets to yourself for the time being.

**SCORPIO** (Oct 24 - Nov 23): Someone close to you may suggest a solution to a money problem. Don't be hurt by a loved one's seeming coldness. The reason seems to be nervous overstrain.

**CAPRICORN** (Dec 21 - Jan 20): Don't break another's confidence, however hard you are urged. There seems to be storms in your love life, but you should be able to make calmness prevail.

**TODAY'S BIRTHDAY:** There will out a number of family problems this year. It will need cooperation between everyone concerned if a good solution is to be worked out. Health needs extra care towards the end of the year, as there are signs of being run-down. Romance is well-favored, and marriage is in the stars for some of you.

# Now the Army starts you at \$268.50 a month. And you may not even have to spend it.

\$268.50 a month is just about double our old starting salary. But that's only the beginning.

**Training and education.** Today's Army is the world's largest school, offering training in hundreds of skills. Mechanical, medical, electronic, you name it. You can also get your high school certificate in the Army. Or work towards a college degree, often at colleges and universities near your Army post.

**Free medical and dental care.** No more doctors' bills. No dental bills. No charge for eye care or glasses. And no hospitalization premiums to pay.

**Free meals.** Army food is good food. Tasty, nutritious, varied. And you get as much as you want.

**Free housing.** Living quarters are comfortable and getting better all the time. And if you're married and live off post, we pay you a housing allowance to

help take care of your rent.

**30 days vacation.** That's four weeks with pay your first year, and every year after that. And if you're stationed overseas, in Europe or Hawaii, you can take your leave there too.

**Retire young.** You get a lifetime retirement after 20 years, while you're still young enough to enjoy it. In civilian life, you would have to pay about \$180 a month, or invest almost \$43,000 to match an Army retirement.

These are some of the benefits today's Army has to offer. Earned by the kind of individual our country needs. Professional. Committed. If you'd like to serve yourself as you serve your country,

**Today's Army  
wants to join you.**

CHURCH  
IN THEPEOPLE  
NEWS

## Part II...

## Bishop Patterson's closing address

This is part two of Bishop J. O. Patterson's closing address at Mason Temple during the closing of the 64th Annual Church of God in Christ convocation. Part one can be read in last week's edition.

There are over twenty million black people in the United States today, and approximately six out of every ten live in urban areas where terrible conditions exist. Many of these people are jobless because of discrimination. Lack of proper education, physical disability or maybe just because they don't care. These are but a few of the many problems confronting our black community today.

The question arises, "What is the Church of God in Christ doing to relate to the every day problems and concern of black people, poor white people, poor people in general."

Statistics show that since 1963 there has been a sharp and continuous decline in the number of active members in the churches generally.

The Atheists believe that man must help himself and care more for his fellowman than for God. He set about to prove that man does not need God to obtain happiness and peace of mind.

He believes that he should seek to know his brother and understand him and help him to live, a full and meaningful life. How much more concern should there be. Who experienced the miracles of salvation and believe that Christ died that we might have life and have it more abundantly, be concerned about our people?

What better way to get the attention of our brothers and sisters than for the Church to be involved in not

just the spiritual aspects of life, but in the total man. I would like to propose such commission in the Church of God in Christ to be known as an Urban Affairs Commission.

To relate our Church and its ideals to dope addicts and drug users and pushers and people living in the ghettos. I saw in the Commercial Appeal and I don't know why they put that in while the Convention was in progress, Memphis has only a slogan of being a place of good abode.

It's a fine city, yet, it certainly could stand improvement. There in the kitchen in this woman's home, everybody eating and having a good time, poor destitute children were there, ragged and hungry, eating, such as it was.

Water pouring down through the floor of the apartment from the upper apartment like Niagara Falls, because of a bursted water pipe.

And guess who's coming for dinner? There were two fat rats that were there with a self-invitation from under the sink and they came out, unafraid, anytime. They would bite the children at night.

Saints, we cannot make ourselves happy, speaking in tongues and glorifying God having not done anything to alleviate the suffering of humanity. Therefore, I would certainly like to request this General Assembly to support the resolution when it comes forward.

To create a Commission and authorize a Presiding Officer to appoint a Director of the Commission on Urban Affairs. I would also beg for your support and this is not being a Dictator. I've got to tell you what I want, you don't have to do it.

But if you have a leader or leaders, and you expect them to get a job done, you will have to support them and undergird them in doing that job. I will hope that you will support the resolution that comes before this body permitting a Committee, not setting up the commission or just permitting a Commission to explore the possibilities of creating a Pension Fund for our deserving constituency.

There are some of our people that are not able to carry adequate retirement insurance. There are some of our people not able to put money in savings accounts because they live from week to week, scarcely able to pay their bills. Those people are humans, they are members of the Church of God in Christ and without shoes on their feet, or no food to eat. God loves them no less than

He loves those who are able to live extravagantly.

I believe that it is the will of God that each of us become our brother's keeper and do what we can to alleviate the suffering of mankind, and particularly of our constituency.

For the Bible teaches us to do good to all men but especially to those of the household of faith.

The Pension Fund alone can be a lucrative finance field for our church if we could have your following. The stage could be set where The Church of God in Christ would be worth in twelve years an average of one dollar per member, and I don't mean this would be money raised over the table in the form of tithes and offering. But there are millions and billions of dollars floating around in America that you can get if you know how.

One book printed, that is as thick as a pulpit bible, tells of the many foundations that are in America that give aid to worthy institutions. They set forth the time for which this money is contributed.

For many of them we could qualify. If we have three million members of the Church of God in Christ and these three million members could be worth to the church a dollar per member, over the next twelve years, it means that our church would be thirty-six million dollars richer than it is now.

Thirty-six million dollars is not anything to laugh at. I am sure that the general secretary is going to deal more specifically with statistics but I would like to solicit your support. We have been trying to do this for the last three years.

## The spirit re-visited...

The Little Willie Patterson Singers (l-r front) Willie and Floyd, (back row) Erma Williams, Ray and Mary Patterson, celebrated their first Anniversary last weekend with a dual celebration. The first was held at

General Assembly Church of God in Christ on Saturday, and the second at the Sand Hill Baptist Church in Lamar, Mississippi. James Patterson is the Memphis spiritual group's business manager.

## Tenn. male chorus gets new officers

# Black colleges must survive

By WHITTIER SENGSTACKE, JR.

In our series of articles on the importance of LeMoyne-Owen College in the Memphis community and also the crisis the institution is facing along with other black institutions in the country, we've looked at many aspects of LeMoyne-Owen. This week we will talk to some of the school's most important people, the teachers and students on their feelings about the necessity of a Black College.

Sister Adrian Marie Hofstetter, a teacher, said, on the subject of the Black college importance, "I think that LeMoyne-Owen's contribution to the city is very apparent in the number of black professionals that we have in the city, who were educated at LeMoyne-Owen."

"Whether or not LeMoyne-Owen is needed in the future depends on what strides the community makes. I see LeMoyne-Owen as a very innovative institution or at least it can be, and I see us making many efforts in this direction. So I think a small college has great advantage over a big University, if the teachers and students will take advantage of it."

On the question of benefits to the students she stated, "I suppose that it is very beneficial for Black People to be

together at this point to help develop black consciousness and that appreciation that black is beautiful."

"I think that you can perhaps do that better in a black college and that perhaps you're not under such pressure to college and that perhaps you're not under such pressure to prove yourself to other people."

"I think that you can perhaps do that better in a black college and that perhaps you're not under such pressure to prove yourself to other people."

Duan Robinson, a student in economics, stated, "The main advantage of a smaller college is students are known by their names instead of by a number. Student instructor relationship is much better and you learn more on a small college."

On personal advantages Robinson stated, "I can better identify with my people; I can see the misfortune my people have been through and then I can better my community in that dept."

Mrs. Margaret James, chairman of the Social Science Department stated, "People who go to small colleges like LeMoyne-Owen, are those who may not have been able to go to a large institution because they may not have had the money or also they may not have had the grades because many schools are highly selective."

She continued, "Also I think one advantage a black college has is that black people have a harmony with each other in regards to their social life that they would not have in a white college."

James Fryer, Senior Class president said, "There is a close personal interrelationship between students and faculty, and there's a better atmosphere of friendliness toward everybody than one would find at a white college."

O. C. Lewis, stated, "The basic comparison is that you have closer relationship between students and faculty being that classes are not as large as in some institutions."

He continued, "I think the relationship would then breakdown on a closer basis, therefore the student could relate to his situation considering the students come from the same social economic background."

Elles Lee Robinson an English major stated, "The main advantage is one has good informal relationships with the faculty and the administration."

"I feel there is a larger degree of identification of the black students with the black colleges and they get first hand experience with the problems in the black community."

## Mrs. Eldridge Cleaver likens Nixon to Hitler

Speaking at Oberlin College Kathleen Cleaver compared President Nixon to Adolf Hitler and accused the federal government of being "fascist."

In an afternoon speech in the College's Finney Chapel before 700 students, faculty members and townspeople, the wife of self-exile Black Panther Eldridge Cleaver

said that both Hitler and Nixon were elected on a law and order campaign. As Hitler used concentration camps to kill the Jews, Nixon is using drugs, she charged. The rise of drug usage, she says, "parallels the Nixon administration."

Mrs. Cleaver, who attended Oberlin College in 1963, said "The CIA, the Mafia, and the

FBI are waging a chemical war against black people in America by the spread and sale of hard drugs in the black community." She added that the government's methadone drug program for heroin users is not for rehabilitation but instead is another step to control the life and destiny of American blacks. "Where black people

were once addicted to heroin," she said, "they are now addicted to methadone — a government controlled drug."

In commenting on the Attica (N. Y.) and other prison revolts, Mrs. Cleaver said, "The prisons — the universities of the ghetto — are where the true leaders and organizers are found."

They are simply carrying on the struggle raised by the people outside the prisons."

Although she refused to comment on the return of her husband to the United States from self-exile in Algeria she did describe breakdown of the Black Panther Party structure as "the transcendence to a higher political form." The

Panther killed the pig, the pig killed the party, but the Panther got away," she said. "Now, structural and membership limitations have been removed and the struggle involves all black people."

In concluding her speech she said, "The victory is ours. In a revolution one either wins or dies."

THEO WADE GWEN CALHOUN J. B. BROOKS

## WDIA act nets new wheelchair

Gwendolyn Jean Calhoun was one of the first handicapped young persons to attend the old Keel School for the handicapped. Now Black and White youngsters both attend the Shrine School and Miss Calhoun is grown.

She still has the need of a wheelchair and when her old one, which WDIA bought, wore out, she asked the station for a new one. The Goodwill Fund came through and bought her another and it was presented by Theo Wade and J. B. Brooks who were the original Goodwill Bus drivers.

WDIA's Call For Action volunteers got urgent requests for two other wheelchairs for a rehabilitation discharge from a local hospital and for a young lady who has lost all use of her limbs.

WDIA's morning man, A. C. Williams, asked the listeners to come to the rescue and they did. In one half hour, the two chairs had been promised and within the next day both had been delivered.

The Goodwill Station did not get that name because of the efforts of the staff alone, but mainly because of the wonderful concerned people that it serves.

In all, more than a dozen calls offering help in some form or other were received in this effort in only one-half hour. This truly is Goodwill in action and WDIA is grateful for such listeners.

## King and Queen...

Sharon and Anthony Adams (brother and sister) were recently crowned King and Queen of Youth Day at Christian Fellowship Gospel Church, and are the children of Sgt. Ernest and Mrs. Annie Ruth Adams. The pair will reign on Youth Days which are held at the church on the second Sunday of each month. Elder R. L. Stafford is pastor.

### HAYES FUND

A Paul Hayes Memorial Book Fund has been established at LeMoyne-Owen.

It will be in memory of the 42-year-old philosophy and religion professor at

the college. Dr. Hayes died of a self-inflicted gun wound on November 23.

Books purchased from the memorial fund will be added to the collection of the Hollis F. Price Library.

Checks to the fund should be made payable to LeMoyne-Owen College.

Students, faculty and friends packed Second Congregational Church on Monday morning, November 29, for memorial services conducted by the college for Dr. Hayes.

College President Odell Horton said: "Paul was a meek and gentle person. His death should serve as a lesson to all of us—that we need each other."

Dr. Hollis F. Price, president-emeritus of the college, said: "I believe Paul would want us to remember him as he was."

Dr. James Gilbert, academic dean of the college, said: "He was a quiet, scholarly and Christian gentleman. All of us lost a brother."

Robert Lee Hurd, president of the LeMoyne-Owen Student Government Association, said: "Dr. Hayes'

destiny has been fulfilled. He has gone to rest."

The meditation was given by the Rev. James M. Barr, pastor of the Unitarian Church.

Dr. Hayes had been a member of the LeMoyne-Owen faculty for 10 years.

He willed his body to the University of Tennessee School of Medicine.

By BILL LITTLE

The University of Tennessee, all set for the Liberty Bowl next Monday night in Memorial Stadium against Arkansas, has had uncanny success preparing for high ranking foes. The Volunteers pulled off a stunning upset when they upended fifth ranked Penn State 31-11 last Saturday afternoon in Knoxville. The Nittany Lions of Coach Joe Paterno had dedicated the game to proving that Penn State had a sound football team and was deserving of its high ranking in the polls.

Coming into the game Penn State, undefeated in 10 games, was favored to make the Big Orange victim number 11. The Lions had some good personnel but the critics may have been right about Penn State not having many true tests among the teams on its weak schedule. The great Tennessee defense, which will have its hands full trying to contain Joe Ferguson and Jon Richardson of Arkansas Monday night, didn't completely stop Penn State's Lydell Mitchell and John

Huffnagel, however, costly turnovers spelled doom for the Cotton Bowl bound Nittany Lions.

### JACKIE WALKER STARS

It was Bobby Majors who was thrust into the spotlight from the outset as he and members of his family were honored before the game but teammate Jackie Walker joined Majors in the stars circle after the game. Majors was voted the most outstanding offensive player of the game despite playing at defensive safety while Walker was voted the best defensive player. Both players are Tennessee All-Americans. Walker set up the first touchdown in the ABC Game of The Week when he forced a fumble from Huffnagel as Penn State seemed headed for paydirt. Conrad Graham picked the bobble out of the air and rambled 76 yards for the TD which set the tone for the big reversal.

Majors received his award because of two long kickoff returns and a 45 yard punt runback for a touchdown. In addition to making nearly a dozen tackles Walker, UT's first black captain, helped to put the game out of reach when he picked off a pass and sped across the goal line in the fourth quarter. The sellout crowd slated for the Liberty Bowl can expect a similar match because Arkansas too has the great passer and some fine runners. Tennessee fans will be pulling for the defense to again show its prowess.

### TSU FAVORED TODAY

Tennessee State pulled into Baton Rouge on Thursday of this week and completed its workouts at Southern University for the Big Blue's clash this afternoon (Saturday) in the Grantland Rice Bowl against McNeese State. The Louisiana gridders from nearby Lake Charles will be slight underdogs against Coach John Merritt's Tennesseans. One poll moved once beaten TSU ahead of McNeese in the small college rankings. This will be the Big Blue's second consecutive appearance here in the Grantland Rice Bowl, winning a televised thriller over Southwest Louisiana last December.

The TSU attack is led by "Jefferson Street" Joe Gilliam, one of the nation's top passers. Gilliam has led the Tigers to eight wins with the lone setback to Texas Southern. One of his favorite TD targets is Memphian James Thaxton. Four of TSU's wins were over Southwestern Athletic conference teams including league champ Grambling.

### MSU AND L-O WIN

Memphis State and LeMoyne-Owen got their bas-

ketball seasons off to a good start by posting victories last week. The Tigers, returning four starters from last year's team, romped over Little Missouri of Rolla, 108-66, before over 9,000 appreciative fans last Thursday night in the Mid-South Coliseum. L-O's victory must be considered a good omen, the 90-86 triumph over Dillard, coming on the road at New Orleans. Coach Jerry Johnson will send the Mad Magicians against Miss. Valley and Rust this week at home on the Bruce Hall court. MVSC was set for Wednesday with Rust College of Holly Springs, Miss. slated to provide the opposition tonight (Saturday).

A quicker Larry Finch and overpowering Ronnie Robinson are the good signs for Coach Gene Bartow and Memphis State rosters. Finch has relinquished some of his ball handling duties and it should free the former Melrose grad to concentrate more on his shooting which looked darn good against Missouri. Finch fired in 33 points and was aided by Robinson and 6-10 Don Holcomb who put in 20 and 19 respectively. Robinson also controlled the backboards with 23 rebounds. The Tigers were looking forward to their opener so they could iron out the kinks for invasions by Oklahoma State and strong Marquette. The Warriors are rated along with UCLA as the nation's best. The board battle between Robinson and 6-11 Jim Chones should be a classic.

Before the season LeMoyne knew its chances for a successful season would rest squarely on the shoulders of Felix Hurth and Charles "Razor" Edge. In L-O's opener with Dillard the duo carried the offensive load for the Purple Wave combining for 53 points. Hurth banged in 29 while Edge burned the strings for 24. The rest of the L-O line-up will have to mature fast as the Magicians open defense of their Western Division title in VSAC.

### PROS BEAT LEADERS

The Memphis Pros, playing recently as though their heads were just above quicksand, gained some compassion with a 117-114 overtime win over Western Division leading Utah last Friday night in Jackson, Tenn. It was an especially sweet win since Memphians were able to see the rejuvenated Pros against the Stars over WMCT which televised the game. Wendell Lander's three pointer, which sent the game into overtime and rookie Johnny Newmann's dazzling ball handling, stood out in the team victory which pleased Coach Babe McCarthy who had just about run out of apologies for the Pros' poor exhibitions.
