Meyers Says He Will Call Body If Chance Comes

If Johnson Leaves State He Will Call Session

Louisiana, N. Y., April 4.—L. Hannan Meyers, mayor of Albany, N. Y., said yesterday that if President Roosevelt stays in New York City, it will be to inspect the preparations for the State's World's Fair, and that he will call the legislature into session if the President goes back to Washington.

The mayor, who is chairman of the committee of jurists, said that he had been notified by the committee that it had decided not to call the session.

The mayor said that the committee had decided not to call the session because there was no need for it, and that it had been decided that the President's visit to Albany would be sufficient to take care of the business of the session.

Landon Says Roosevelt Will Not Quit His Office Willingly

New York.—President Roosevelt, whose health was not in good shape at the time he arranged for his successor, has indicated that he will not quit his office voluntarily.

Landon's announcement makes it clear that the country expects a change in the administration next spring, but that the change is likely to be made by a process of attrition rather than by a formal resignation.

Landon's statement is significant in that it indicates his determination to carry on the work of the government as long as he is able to do so. It is also significant in that it shows the respect in which Landon is held by the public, for it is clear that his decision is based on a careful consideration of the needs of the country.

The President's health has been a matter of great concern to the public, and it is significant that Landon should make it clear that he intends to carry on the work of the government as long as he is able to do so. It is also significant that Landon should make it clear that he is not afraid to accept responsibility for the work of the government, for it is clear that the President is determined to do his best to make the country prosperous and strong.
