## FUTURE FARMERS HAVE HOG CONTEST

To encourage better hog production and marketing practices among Kentucky Future Farmers, Sears, Roebuck and Company, Chicago, Ill., is providing \$135,000 in awards to Future Farmers who have attained the most outstanding achievement with their supervised farming work in hogs.

Hogs are one of the foremost sources of income to Kentucky farmers. In 1930, Kentucky farmers received over \$15,000,000 from the sale of hogs which was 12.4 per cent of the total cash sales from Kentucky farms. Cash sales from hogs are exceeded only by tobacco and dairy products.

For the year ending June 1, 1942, 1,860 Kentucky Future Farmers completed hog projects that involved 1,231 brood sows in addition to many hogs bought as pigs and fed out.

General Plan: Sears, Roebuck and Company will make cash awards totaling \$135,000 at the time of the State F. F. A. Convention to boys who have achieved the most outstanding success with their hog projects.

The rules of the contest are:

1. The contest year shall begin with the farrowing of the spring litters in 1942 and continue thru the marketing of the spring litters and the marketing of the 1942 fall litters.
2. Judging will be to determine the most outstanding achievement in hog productive enterprise projects and shall include evaluation of the following: (a) Scope (size) of the project, (b) Improved practices used, (c) Results secured such as: Number of pigs per litter farrowed, Per cent of pigs farrowed raised, Number of strong pigs raised, Rapidity of gains, Pounds of pork per sow, Feed required per 100 pounds gain, Cost of producing 100 pounds gain, Selling price per head and labor earnings per sow, (d) The responsibility of the boy in managing and conducting the project, (e) Self-labor of the boy, (f) Difficulties involved, (g) Boy ownership in the project and (h) Total supervised farming program.

There are many Future Farmers in this county who have increased their hog project to aid in the War program and we predict that these boys will show up well in this contest.

## WOMEN TO DO WORK ON RAIL ROAD NOW

The famous song of the railroad, "I've Been Working on the Railroad," is being sung in the treble as well as the bass clef on the Illinois Central System. Women in growing numbers are doing men's work on the Illinois Central, according to C. R. Young, manager of personnel.

Women have been helping to keep trains running on the I. C. for many years, working at such jobs as clerks, stenographers, telephone operators, waitresses, maids, stewardesses, and camp cooks. However, most of the jobs on the railroad have been filled exclusively by men.

War is changing this. Today women are being employed on the Illinois Central as station agents, telegraphers, messengers, car repairers, machinist helpers, electrical helpers, freight handlers, car cleaners, janitors, porters, motor messengers, engine wipers, "office boys" and the like. Approximately 2,000 women are now "railroad men" on the Illinois Central.

A several division points on the Illinois Central classes in telegraphy have been established by the school authorities and railroad officers, and both girls and boys are taking the course.

In a recent message to the Illinois Central organization, President J. L. Boven said:

"We have employed women on positions that have always before been regarded as man's work, and there will be more—much more—of this as the war continues. Women will do many things on the railroad they never expected to do and will surprise both themselves and the men with how well they do them."

## W. H. PURCELL, 63, RETIRED SUPERVISOR, VICTIM OF ILLNESS

W. H. Purcell, 63 years of age retired Illinois Central supervisor, died at 11:30 yesterday morning in the Illinois Central Hospital, Paducah, after an illness of several weeks. He had been taken to the Paducah hospital last week and showed some improvement for a few days, but became worse yesterday morning.

Funeral services have been set for tomorrow afternoon (Thursday), from the First Methodist Church, conducted by Pastor Loyal O. Hartman, assisted by Rev. James H. Feltz. Burial will be in Greenleaf cemetery, directed by the Hornbeak Funeral Home. Active pallbearers will be Joe D. Davis, Leon E. Browder, Ernest Fall, Sr., Bob White, Ed Bynum and J. H. Maddox. The honorary pallbearers will be the trustees of the First Methodist Church, the Board of Stewards and members of the Business Men's Bible Class. The body will lie in state at the Hornbeak Funeral Home until service time.

Mr. Purcell is survived by his widow, Mrs. Anna Patterson Purcell, a daughter, Ellen Jane, a University of Kentucky student, a son, Capt. Paul Durbin of Fort Benning, Ga., four brothers, J. A. Purcell of Fulton, S. T. Purcell of Paducah, C. G. Purcell of Clarkston, K. C. Purcell of Mexico, Texas and a sister, Mrs. Kate Patterson of Louisville.

## NEW SCHOOL LUNCH PROGRAM ANNOUNCED

Changes in the community school lunch programs announced this week by Secretary of Agriculture Wickard will go into effect in the State in the near future. Chas. A. McIntosh, State Supervisor of the Food Distribution Administration, said today.

Lists of commodities which sponsoring agents may purchase from local food dealers for school lunches will be issued regularly by Col. James H. Palmer, Southern Regional Administrator for the FDA, in Atlanta.

"This new program authorizing local sponsors to do their own purchasing will assure much better balanced lunches than the old set-up," Mr. McIntosh said. "It will offset difficulties experienced in the past few months of procuring to war-time transportation tie-ups even a limited supply of food due to lack of warehouse space. Lists of food which sponsors may buy will be based on nutritive value as well as seasonal abundance of foods in the region."

Details on operation of the new program will be announced shortly, he added.

"We must assure our children of proper food during war time even more than in peace. The new program will provide children with the food they must have despite any war-time difficulties which made former operations of such a plan awkward."

## WIFE FEELING FINE NOW, HE THANKS RETONGA

**Felt So Weak She Was Unable to do Her Housework at Times, He States. Regains 15 Lbs. Lost Weight.**

"Retonga relieved my wife of distress and she has regained fifteen pounds. You won't find a happier home in East Tennessee than ours is now," declares Mr. Charles R. Heiser, well known home owner of Route 2, Powell Station, Tenn.

"Mrs. Heiser had no appetite and suffered severe gas pains and indigestion from the little she did eat," continued Mr. Heiser. "Her nerves were on edge, and she suffered badly from sluggish elimination."

She tried many medicines, but she finally lost so much weight and became so weak that a lot of the time she was unable to do her housework.

"Her relief through Retonga is simply remarkable. She eats anything she wants, and has regained fifteen pounds. Even that terrible sluggish elimination is relieved. She is on the go all the time now. One of the beauties of Retonga is that you don't have to spend a fortune to get the relief it is going to bring you."

Retonga is a purely herbal gastric tonic combined with Vitamin B-1, and is intended to relieve such symptoms as he described when they are due to loss of appetite, insufficient flow of gastric juices in the stomach, the toxic effects of constipation, and Vitamin B-1 deficiency. Accept no substitute. Retonga may be obtained at DeMyer Drug Store. (adv.)

## FUTURE FARMERS HAVE HOG CONTEST

To encourage better hog production and marketing practices among Kentucky Future Farmers, Sears, Roebuck and Company, Chicago, Ill., is providing \$135.00 in awards to Future Farmers who have attained the most outstanding achievement with their supervised farming work in hogs.

Hogs are one of the foremost sources of income to Kentucky farmers. In 1939, Kentucky farmers received over \$15,000,000 from the sale of hogs which was 12.4 per cent of the total cash sales from Kentucky farms. Cash sales from hogs are increased only by tobacco and dairy products.

For the year ending June 1, 1942, 1,860 Kentucky Future Farmers completed hog projects that involved 1,231 brood sows in addition to many hogs bought as pigs and fed out.

General Plan: Sears, Roebuck and Company will make cash awards totaling \$135.00 at the time of the State F. F. A. Convention to boys who have achieved the most outstanding success with their hog projects.

The rules of the contest are:  
1. The contest year shall begin with the farrowing of the spring litters in 1942 and continue thru the marketing of the spring litters and the marketing of the 1942 fall litters.

2. Judging will be to determine the most outstanding achievement in hog productive enterprise projects and shall include evaluation of the following: (a) Scope (size) of the project, (b) Improved practices used, (c) Results secured such as: Number of pigs per litter farrowed, Per cent of pigs farrowed raised, Number of strong pigs raised, Rapidity of gains, Pounds of pork per sow, Feed required per 100 pounds gain, Cost of producing 100 pounds gain, Selling price per head and Labor earnings per sow, (d) The responsibility of the boy in managing and conducting the project, (e) Self-labor of the boy, (f) Difficulties involved, (g) Boy ownership in the project and (h) Total supervised farming program.

There are many Future Farmers in this county who have increased their hog project to aid in the War program and we predict that these boys will show up well in this contest.

These men must have reached their thirty-eighth birthday and must not be physically incapacitated by reason of age from the performance of the duty for which they may be enlisted. In some instances men may be accepted up until their fiftieth birthdays, depending upon their general physical condition.

Applicants are desired who want to be Marines and who will be ready for duty any time and any where, as required for the best interest of the service.

Gumsmiths, blacksmiths, Carpenters, cobblers, and plumbers are also wanted, as well as barbers, bakers, cooks and painters.

Applications may be addressed to U. S. Marine Corps Induction and Recruiting Office, 1014 Heyburn Bldg., Fourth and Broadway, Louisville, Ky.

## WOMEN TO DO WORK ON RAIL ROAD NOW

The famous song of the railroad, "I've Been Working on the Railroad," is being sung in the treble as well as the bass clef on the Illinois Central System. Women in growing numbers are doing men's work on the Illinois Central, according to C. R. Young, manager of personnel.

Women have been helping to keep trains running on the I. C. for many years, working at such jobs as clerks, stenographers, telephone operators, waitresses, maids, stewardesses, and camp cooks. However, most of the jobs on the railroad have been filled exclusively by men.

War is changing this. Today women are being employed on the Illinois Central as station agents, telegraphers, messengers, car repairers, machinist helpers, electrical helpers, freight handlers, car cleaners, janitors, porters, motor messengers, engine wipers, "office boys" and the like. Approximately 2,000 women are now "railroad men" on the Illinois Central.

A several division points on the Illinois Central classes in telegraphy have been established by the school authorities and railroad officers, and both girls and boys are taking the course.

In a recent message to the Illinois Central organization, President J. L. Beven said:  
"We have employed women on positions that have always before been regarded as man's work, and there will be more—much more—of this as the war continues. Women will do many things on the railroad they never expected to do and will surprise both themselves and the men with how well they do them."

## W. H. PURCELL, 63, RETIRED SUPERVISOR, VICTIM OF ILLNESS

W. H. Purcell, 63 years of age, retired Illinois Central supervisor, died at 11:30 yesterday morning in the Illinois Central Hospital, Paducah, after an illness of several weeks. He had been taken to the Paducah hospital last week and showed some improvement for a few days, but became worse yesterday morning.

Funeral services have been set for tomorrow afternoon (Thursday), from the First Methodist Church, conducted by Pastor Loyal O. Hartman, assisted by Rev. James H. Felts. Burial will be in Greenlee cemetery, directed by the Hornbeak Funeral Home. Active pallbearers will be Joe D. Davis, Leon E. Browder, Ernest Fall, Sr., Bob White, Eli Bynum and J. H. Maddox.

The honorary pallbearers will be the trustees of the First Methodist Church, the Board of Stewards and members of the Boys' Men's Bible Class. The body will lie in state at the Hornbeak Funeral Home until service time.

## NEW SCHOOL LUNCH PROGRAM ANNOUNCED

Changes in the community school lunch programs announced this week by Secretary of Agriculture Wickard will go into effect in the State in the near future, Chas. A. McIntosh, State Supervisor of the Food Distribution Administration, said today.

Lists of commodities which sponsoring agents may purchase from local food dealers for school lunches will be issued regularly by Col. James H. Palmer, Southern Regional Administrator for the FDA, in Atlanta.

"This new program authorizing local sponsors to do their own purchasing will assure much better balanced lunches than the old set-up," Mr. McIntosh said. "It will offset difficulties experienced in the past few months of procuring war-time transportation tie-ups even a limited supply of food due to lack of warehouse space. Lists of food which sponsors may buy will be based on nutritive value as well as seasonal abundance of foods in the region."

Details on operation of the new program will be announced shortly, he added.

"We must assure our children of proper food during war time even more than in peace. The new program will provide children with the food they must have despite any war-time difficulties which made former operations of such a plan awkward."

## YOUNG MEN'S BUSINESS CLUB SPONSORING TIN DRIVE

The Young Men's Business Club is sponsoring the tin drive which is to start Sunday, February 7, 1943.

The pickup for the city will start at 1:30 Sunday afternoon so every one have their tin deposited on the curb to make it easier for those picking it up.

We will arrange and announce a later date for pick-up in the country.

The trucks will be furnished by the following concerns. Coca Cola Bottling Works, two trucks, Pepsi Cola, one truck, Kentucky Utility, one truck, Graham Furniture Co., one truck, Fourth Street Furniture Co., one truck, Western Auto, one truck.

All members or any one else wanting to assist in this work will meet on the Henry I. Seigel Lot at 1:30 Sunday afternoon.

The local Boy Scouts will assist in the drive Sunday afternoon. The girl scouts delivered the circulars last week pertaining to the preparation of the cans.

There will be a pick-up the first Sunday in each month hereafter.

Let's every one get behind this drive and make it as successful as the other scrap drive which just ended.

## WIFE FEELING FINE NOW, HE THANKS RETONGA

Felt So Weak She Was Unable to do Her Housework at Times, He States. Regains 15 Lbs. Lost Weight.

"Retonga relieved my wife of distress and she has regained fifteen pounds. You won't find a happier home in East Tennessee than ours is now," declares Mr. Charles R. Heiser, well known home owner of Route 2, Powell Station, Tenn.

tion. She tried many medicines, but she finally lost so much weight and became so weak that a lot of the time she was unable to do her housework.

"Her relief through Retonga is simply remarkable. She eats anything she wants, and has regained fifteen pounds. Even that terrible sluggish elimination is relieved. She is on the go all the time now. One of the beauties of Retonga is that you don't have to spend a fortune to get the relief it is going to bring you."

Retonga is a purely herbal gastric tonic combined with Vitamin B-1, and is intended to relieve such symptoms as he described when they are due to loss of appetite, insufficient flow of gastric juices in the stomach, the toxic effects of constipation, and Vitamin B-1 deficiency. Accept no substitute. Retonga may be obtained at DeMyer Drug Store.

**ACHING-STIFF SORE MUSCLES**  
For PROMPT relief—rub on Mustrol! Manage with this wonderful "counter-irritant" actually brings fire to warm blood to aching muscles to help break up painful local congestion. Better than an old-fashioned mustard plaster! In 5 seconds.

### Kidneys Must Work Well

For You To Feel Well  
24 hours every day, 7 days every week, never sleeping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly receive and filter waste matter from the blood, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, stinging or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headache, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and helps them to filter out poisons from the blood. They remove nothing but poisons. Get Doan's today. Use with confidence. At all drug stores.

### "THE RECORD OF THE RAILROADS AND SHIPPERS LITERALLY GLITTERS WITH ACHIEVEMENT"

—FRED A. SCHLEIFER, GENERAL CHAIRMAN  
Mid-West Shippers Advisory Board

ONE OF THE FINEST examples of cooperative effort that has yet come out of the war is that of the shippers and the railroads. Their cooperation has made possible the greatest rail transportation achievement of all time—a freight movement in 1942 that totalled 630 billion ton-miles!

To speed up the movement of freight, shippers all over the country set to work with a will. Hundreds of vigilance committees were formed to assure the cooperation of the shippers in the movement of the nation's business.

Freight cars were kept on the move. Loads were heavier, and loading and

unloading took less time. Car loafing was largely eliminated, and car detention was greatly reduced.

The general chairman of the Mid-West Shippers Advisory Board has well said that this record of cooperation "literally glitters with achievement." And there will be no let-up in the effort.

We salute the shippers for what has been accomplished. Their contribution to the war effort has proved invaluable. The Illinois Central is proud to be associated with them. This is the kind of cooperation that wins wars.

### THIS IS YOU, MR. AMERICAN!

MR. JOHN AMERICAN, this is a picture of you. The features may not be quite yours. You may not be quite so bald, or stout, or thin . . . but the manhood, the sound good sense, the heritage of character and independence and self-reliance are yours. They are yours because they are typically American . . . the products of our way of life, our system of free enterprise.

Look at yourself again. You are the most important man in the world today. You and your children are fighting and winning the greatest war in history. You are winning that war for decency and justice . . . so that all the world may have the opportunity to adopt those principles of freedom which have made this nation great. Your sons are giving their lives and you are spending your resources to keep our American Way of Life.

Some people want to destroy our way, our system of free enterprise. They say dictatorship, with government control of industry, makes for greater efficiency. Does it?

It took dictator-controlled Germany nine years to build enough plants and equipment to fight this war; it took autocratic Japan twenty-five years; and even heroic Russia twenty years. American industry, under free enterprise, has done it in two years . . . built and tooled the plants to turn out a thousand times the war materials we could make before Pearl Harbor.

You, Mr. JOHN AMERICAN, have the power to maintain this system that pays higher wages, provides better living conditions and more opportunities than any other system on earth has ever produced.

As previously announced in this paper, Mr. Baldrige is retiring from active management of his store. Mr. Baldrige will retain ownership of the business, but is putting the operation of the store in the hands of Butler Brothers, St. Louis Distributors of general merchandise, who sponsor Ben Franklin Stores throughout the country.

In the operation of the store we will retain the same friendly organization who worked for Mr. Baldrige, and they invite you to come back into the store to take advantage of the outstanding values being offered throughout the Remodeling Sale.

We will be pleased with your continued good patronage after the close of the sale.

## "THE RECORD OF THE RAILROADS AND SHIPPERS LITERALLY GLITTERS WITH ACHIEVEMENT"

ONE OF THE FINEST examples of cooperative effort that has yet come out of the war is that of the shippers and the railroads. The cooperation has made possible the greatest rail transportation achievement of all time—a freight movement in 1942 that totalled 536 billion ton-miles!

To speed up the movement of freight, shippers all over the country got to work with a will. Hundreds of volunteer committees were formed to secure the cooperation of the shippers in the movement of the nation's business.

Freight cars were kept on the move. Loads were heavier, and loading and

unloading took less time. Car loading was largely eliminated, and car detention was greatly reduced.

The general chairman of the Mid-West Shippers Advisory Board has well said that this record of cooperation "literally glitters with achievement." And there will be no let-up in the effort.

We salute the shippers for what has been accomplished. Their contribution to the war effort has proved invaluable. The Illinois Central is proud to be associated with them. This is the kind of cooperation that wins wars.

## THIS IS YOU, MR. AMERICAN!

MR. JOHN AMERICAN, this is a picture of you. The features may not be quite yours. You may not be quite so bald, or stout, or thin . . . but the manhood, the sound good sense, the heritage of character and independence and self-reliance are yours. They are yours because they are typically American . . . the products of our way of life, our system of free enterprise.

Look at yourself again. You are the most important man in the world today. You and your children are fighting and winning the greatest war in history. You are winning that war for decency and justice . . . so that all the world may have the opportunity to adopt those principles of freedom which have made this nation great. Your sons are giving their lives and you are spending your resources to keep our American Way of Life.

Some people want to destroy our way, our system of free enterprise. They say dictatorship, with government control of industry, makes for greater efficiency. Does it?

It took dictator-controlled Germany nine years to build enough plants and equipment to fight this war; it took autocratic Japan twenty-five years; and even heroic Russia twenty years. American industry, under free enterprise, has done it in two years . . . built and tooled the plants to turn out a thousand times the war materials we could make before Pearl Harbor.

You, Mr. JOHN AMERICAN, have the power to maintain this system that pays higher wages, provides better living conditions and more opportunities than any other system on earth has ever produced.
