cases than we realize a pretty good case could be made out. Take a man, or a man and wife or family, to proceed overseas. I know that in the past people have worried about this, but the problem is no longer the same. The world has changed, and perhaps some plan is really being considered. When a situation arises, the crowded condition of trains and buses, the idea seems to be to solve the problem by reducing the number of trains and buses. But when we get right down to it, no one really wants to be disturbed by more than a few minutes. I think the situation is settling down.

Almost every person believes that travel is not the best way to spend time. Travel is, after all, a way of passing time. But people today are more interested in making the most of their time. They are more concerned about their work and family. They want to spend their time in a productive way.

What is the smartest thing for him to do after a visit to his family? As soon as he arrives in London, he heads for the city where he is going to spend the next few months. He goes to the court where he is going to spend the next few months. He goes to the court and enrolls his name to receive his passport. Then, he heads for the airport. It is not a long trip to get his passport, and he can return to his family very soon, if he wants to.

WHAT is it GOING TO COST YOU?

WHAT is electricity going to cost you after the war? Records show that at the time has passed Whelype that that is the cost of war and govern-
ment owned systems, like TVA, with special privi-
leges under existing State Law, would be required to pay only a few cents in state taxes and no federal tax. This is only one of the advantages government subsidized power systems have.

With sound business management the electric power industry is meeting all normal civilian and war plant demands for service. And in the face of rising operating costs it goes right on selling electricity at lower and lower prices. Where else can you match this record?

REDDY KILOWATT,
your electrical servant

CAROL TERRY HOSTESS TO PICNIC LAST NIGHT

Mr. and Mrs. Terry entertained a party last night at 3:30 in their home on Sixth avenue after a wedding at 3:00 in the morning. They were married in the Methodist church and the bride was Miss Joan Murphy of Memphis. The groom is a brother of the late Walter Terry. The bridal party included Miss Jean Shelby with Virginia Jackson with William Jack Browder on their fourteenth birthdays. The guests were served at once in the large parlor of the house. Mr. and Mrs. Terry are in excellent health.

Those present were the hostess and Mrs. Terry, Mr. and Mrs. W. A. Terry, Mr. and Mrs. O. T. Jones, Mr. and Mrs. E. P. Daniel, Mr. and Mrs. J. S. Daniel, Misses Jean Shelby and Virginia Jackson, Mr. and Mrs. Billie Campbell and Billy Murphy. Mr. and Mrs. W. E. Flipper, Mr. and Mrs. E. L. Daniel, Mr. and Mrs. E. L. Daniel, Jr., Mr. and Mrs. G. M. Daniel, Mr. and Mrs. G. M. Daniel, Jr., Mr. and Mrs. G. M. Daniel, Jr., Mr. and Mrs. G. M. Daniel, Jr., Mr. and Mrs. G. M. Daniel, Jr., Mr. and Mrs. G. M. Daniel, Jr., Mr. and Mrs. G. M. Sunny Dip Swimming Pool
Open Now To Swimmers

Enjoy a good swim in the pool. Water is changed daily. Get away from the heat and refresh yourself.

Sunny Dip is one of the best excursions.

Hours 1-1-1-4 daily. • Apts. 12 cents all day

O. K. Laundry

Cleaning Done the Sunny Dip Way

Certainly We Do!

A fellow asked the other day if we
really wanted laundry and cleaning work.

We certainly do! We have spent
several thousand dollars recently in order to
be able to handle satisfactorily all the
work we can get. Naturally we want to use
the new machinery.

Let us have your work and we will
show you that we mean business.

You need protection.

During these days, where shortages are a constant threat, it is vital that you are protected against fire and theft. Many of the things you might lose are difficult to replace, but it is better to carry the insurance which will protect you than to fail in this venture.

Look at it this way—the clothes you now own must be replaced. The insurance you have paid for will do this for you.

WHAT HAPPENED TO FLETCHER'S CASTORIA?

AFTER SEVEN WEEKS of intensive work, laboratory researchers have discovered the reason why certain batches of Fletcher's Castoria caused nausea.

Methods of preventing a recurrence of the trouble are now known and manufacture is being resumed.

The Fletcher's Castoria has been made during this seven-week period to follow as closely as possible the modified trichloroethylene to remove the reduced sugar. This removed sugar, when used in Fletcher's Castoria, yields the reduced sugar. This removed sugar, when used in Fletcher's Castoria, yields the reduced sugar. This removed sugar, when used in Fletcher's Castoria, yields the reduced sugar. This removed sugar, when used in Fletcher's Castoria, yields the reduced sugar. This removed sugar, when used in Fletcher's Castoria, yields the reduced sugar.

However, at that time a chemical change has occurred in Fletcher's Castoria and the sugar used in Fletcher's Castoria yielded the reduced sugar. This removed sugar, when used in Fletcher's Castoria, yields the reduced sugar.

Q. Why didn't normal tests show this as wrong?

A. The change which occurred was not detected by the regular tests because of the way the process was conducted for more than 50 years. In fact, even after the removing effect was discovered by a research to identify the plant extract and were that were extracted.

Q. Why are the makers doing this under the pressure of the trouble?

A. We are doing this because we are under pressure of the trouble.

The Kentucky Agricultural Department has announced a program for the purchase of white sugar and the ground 86 cents a pound.
