PART-TIME FEES FOR STUDENTS AT COLLEGE ARE CUT

New Classification Is "1 to 8 Hours." Many Will Use It

RATE IS SET AT \$3.00
PER SEMESTER HOUR

Incidental fees have been reduced for persons enrolling part-time students at Murray State College, President J. H. Richmond announced today. Full credit may be obtained for the fall semester with registration as late as Monday, September 23.

College officials have asserted that this new ruling will make it possible for persons in the city and elsewhere who desire to take from 1 to 8 semester hours of college work to take advantage of the reduction in incidental fees. Several cities of Murray and of Calloway County—some of them graduates—have announced their intention of utilizing this opportunity.

The incidental fee for part-time students is \$3.00 per semester hour for each course taken either during a regular semester or part of a semester, or during the summer session, an official announcement stated.

Students taking from 1 to 8 semester hours are classified as "part-time students." The qualification for admission of these students will be the same as for full-time students.

Library privileges and the privilege of physical examination will be extended to part-time students. Student tickets will not be given part-time students. Special fees charged regular students for laboratory courses, and other course carrying a special fee will be charged part-time students.

MURRAY TIGERS MEET CLAY HERE

Game on High School Field Tonight 7:30; First Conference Encounter

Murray High School Tigers encounter the Clay high school eleven tonight on the Murray Athletic field at 7:30 p. m. This is the first conference game for the Rockets coached men, while Clay has one conference win due to a former game with Madisonville playing ineligible men, although Clay lost 42 to 0.

The Tigers are in good condition with the exception of a few strained muscles and will be ready for tonight's bout. With such excellent showing against Greenfield, Tenn., last week the Murray lads will no doubt have the rough edges polished and in the pink for the Clay game.

Practically the same line up will begin the Clay game as started the game of last week. Despite the 1,000 percentage there is no dodging the fact that Clay won't make much impression on the gridiron this fall. Although Coach Wendell Johnson, a Western Teachers College product, has 11 lettersmen, they are not especially talented.

The line averages 155 pounds while the backfield is light with the exception of Vaughan. And Vaughn, the only player who could gain against Madisonville, has a broken rib which will keep him out of the game two or three weeks.

Mayor and Mrs. Swann Expected Home Shortly

Mr. and Mrs. Swann's trip has taken them to almost every country on the earth.

LIGHTER MURRAY TEAM IS FAVORED OVER GEORGETOWN

Thoroughbreds Start Season in Stadium Here Friday Night

VARSITY LOOKS GOOD
OPPOSING FRESHMEN

Despite the fact that they are outweighed nearly 10 pounds to the man, Murray College's Thoroughbreds are slight favorites to take their first test of the season from Georgetown Friday night in the college stadium here.

Coach Stewart sent his boys through their last stiff workout Wednesday afternoon, and the boys will have only slight work until Friday night. Six of Murray's varsity have received injuries in pre-season practice.

In scrimmage the best looking frosh team since 31 when Kent, King, Simmons, and Co. made their bow, the varsity ran to five touchdowns in the 25 minute workout. Bobby Dick Nunn, Capt. Henderson, and Casey Organ led the onslaught for the varsity, while Jimmy Howard, Heinzelman, All-Indiana quarter for two years, and Eugene Irvan, a Murray High product, did the major portion of the Frosh work.

The Georgetown College will have their final workout before the game in Mayfield this afternoon. The Tigers boast a 196 pound line with a 177 pound backfield. Practically all the boys stand over six feet, two of the ends reaching 6' 6" and 6' 8". Dean Robinson, end, and Bill Day, center, are reputedly the outstanding members of Coach Bob Evans' team.

Probable starting line-ups and weights:

Georgetown	Pos.	Murray
Robinson, 205	LE	168, Herndon
Tackett, 225	LT	226, Land
Walker, 215	LG	172, Cochran

TIGERS DEFEAT GREENFIELD 15-7

Second Half Rally Nets Holland and Baker Star for Visitors

The Murray Tigers came from behind in the second half to defeat Greenfield 15-7 on the Murray field Friday night.

Murray threatened Greenfield's goal line 3 times in the first quarter but each attempt to score failed as the strong line of the visiting eleven held within the 5-yard stripe. At the start of the second quarter Greenfield had the ball on their own 3-yard line and tried to kick out of danger but failed as Ralph Wells and Martin Provine, Tiger ends, blocked the kick and scored a safety. Greenfield started a drive for extra point when Baker, who they kept up throughout the entire game, Greenfield's aerial attack carried them into position for a touchdown and then ran the ball over right tackle for the first touchdown of the game.

GOUGH PROVES HIS STRENGTH TO HUGE AUDIENCE TUESDAY

Performs Unbelievable Feats of Strength at High School Here

ALLOWS TRUCK TO
RUN OVER HIS BODY

Galen Gough really showed the people that he meant all he said he was in his performance at the Murray High School auditorium Tuesday night, as the Miracle Strongman of the age. He played to a night crowd of house, some being turned away because of lack of room to accommodate them. The windows were full, the exits crowded, people stood, all in bewilderment of the seemingly unaccomplishable feats of strength displayed by this super-human physique.

Gough began his evening's entertainment at the scheduled time with an illustrated chalk talk. His ability as a lecturer and entertainer is really more than just a physical genius, he very capably amused and entertained the large audience with his drawings and wit.

Following came the feats of strength, which all wanted to see, straightening a No. 4 horse shoe with ease, tearing catalogs in halves, bending wagon tires with his teeth, and wrapping them around his arm with human strength, making horse shoes of steel bars, bending them by human strength at the back of his neck; lifting a 165 pound anvil with his teeth while a person bent upon it with a sledge hammer, pitching it up in mid-air and catching it in his arms; supporting an iron rod with his teeth while eight men beat it, allowing a spiked board to be placed on his chest, the anvil this and letting a person beat upon the anvil, breaking a 100 penny spike with his teeth. All these feats were performed with the greatest of ease.

And on the high school athletic field, before several hundred people he allowed the heavy truck of Gibbs Transfer Co. to run over his body. The truck was filled with the Murray High Tiger football squad. This brought the weight of the truck to over 8,000 pounds, and all this was supported by his strength, even with him on his 36th day of fast of nothing but water.

Gough has been on the water fast for 39 days, finishing tomorrow. Making the total fast of 40 days without food. He did such feats of strength before his large audience, without food, and at the end of the performance was as full of energy as before his performance, happy and smiling. No doubt this has convinced all that saw the exhibit of strength that he is the World's Iron Man, the Hercules of Modern days.

Galen Gough expresses his appreciation to the Ledger & Times, the Clinic staff, and the Murray High School staff, especially Supt. W. J. Caplinger, in their cooperation in his fast and performance here.

Innocent Dog Is Cruelly Tortured

A fine 2-year-old bird dog, belonging to E. G. Neale, was needlessly and cruelly tortured Monday night when some thoughtless members of the Murray C.C.C. camp poured coal oil on the friendly dog's back and set afire.

The pup was painfully and seriously burned and rolled in agony for hours. He was treated by a veterinarian and will possibly recover.

Captain R. E. Smith pushed a vigorous investigation with the assistance of Mr. Neale but the guilty boys could not be discovered. The puppy had been fed and petted by some of the boys and was a welcomed companion on the camp grounds.

Charles McDaniel, Murray, and Harold Jackson, Princeton, local CCC boys, have been arrested on the charge of burning the bird dog of Garland Neale. The incident happened the early part of this week. The youths are on \$100 bond until November court. McDaniel is the son of Curt McDaniel.

INCREASED FEES, DROUTH FAIL TO CUT ATTENDANCE

361 in Training School Is Largest Ever; Dr. Richmond Extends Welcome

Despite the drouth, elimination of M. A. courses, and increased fees, enrollment for the fourteenth fall semester at Murray State College is higher than that of a year ago. At the close of regular registration Monday evening, September 21, 1,049 students had registered in the college and Training School.

Of this number 838 were in the college as compared with 678 on the corresponding date a year ago. This morning 709 had enrolled in the college, and, with enrollment for maximum credit possible as late as September 28, officials are confident that the total number of students will definitely exceed the 753 who registered for the fall term of 1935. The 361 in the Training School represent the largest enrollment ever recorded there.

Registration for limited credit is possible as late as October 13. Freshman registration opened Saturday, September 19, while regular enrollment took place Monday, September 21.

Barber Edwards Is Republican Chairman

Kirksey has produced two splendid young men, both bearing the Christian name of "Palmer" and both well-known to the writer of the article on the Republicans' campaign chairman for Calloway county last week.

Therefore, we hope we will be pardoned by both of them for making the error last week of saying that Barber Palmer had been named the chairman, instead of Barber Edwards, who was chosen. It is no reflection on either of them to be taken for the other, though Barber Palmer now lives in Washington, D. C. But Barber Edwards is the man in this instance.

JUST JOTS

By Joe

Twenty years ago, college freshmen were greeted with various methods of hazing and efforts to be made as miserable and as insignificant as possible. What a different condition today and how commendably so. The newcomers are welcomed with every facility at a college's command—cordially greeted by everyone from the president of the school down to the sophomores.

There were a few things more cruel than taking advantage of a young boy or girl possibly away from the parental roof and hearthstone for the first time, when most of them are homesick enough to die anyhow.

The Government field worker is also supposed to harvest his crop of votes on election day.

The Republicans carried Maine, which is another way of saying "The Dutch have captured Holland."

While others are looking for political straws in the wind we keep continually casting our eyes heavenward for a cloud that will toss off some rainbows to revive our parched pastures and replenish our dry cisterns and ponds.

A man's character is not established by what he says but how he lives his daily life.

The depression may still be here but in Louisville a store is advertising \$20.00 hats.

Clay county went dry in a local option election but they have been keeping their power dry in that county for the past several years—and using it quite often.

State Fair attendance is said to have been smaller than last year which will simply break Garth Ferguson's heart.

The horse which died in London at the age of 40 was probably being ridden by some Englishman trying to catch an American joke.

Remember that you have only until October 10 to register if you want to vote for your President on the first Tuesday in November.

Governor Laffoon says he isn't

trying to wreck the Chandler administration but we don't hear of him planning to give it a birthday party and wish it "many happy returns."

Democratic Senator Rush Holt is encouraging Landon and we rather suspect West Virginia will give Rush the bum's rush when the next election rolls around.

The political observers are now trying to digest the Digest vote.

Last week's edition, our 8th annual College Opening Edition, was the largest yet published for that important occasion. Many were generous enough to say it was the best. Our hearty and sincere thanks to all who co-operated to make it possible. We are deeply grateful.

The Elizabethtown News thinks too many youngsters depend on Pap instead of pep.

David Friday, Eastern economist, has predicted a building boom and the material dealers will exclaim, "Good Friday" if it comes true.

State Democratic headquarters have been opened in the Kentucky Hotel—a good augur for the past several Democratic campaigns conducted from that excellent holstery have been successful. And Turner Millam, the genial assistant manager and host, will make the warm approval of those who occasionally have to drive to the Kentucky metropolis.

Announced plans to pave the sole remaining stretch of gravel road between here and Louisville, the 10 miles between the Rivers in Trigg county, will have the warm approval of those who occasionally have to drive to the Kentucky metropolis.

Now that the Rural highway program has been set up to give the farmer his much-needed and much deserved farm-to-market roads, it is appropriate, as the new highway engineer, Mr. Cutler, has announced, for the state to devote its road fund to bringing the arterial highways of the commonwealth up to modern needs.

SELLS SCHOOLS, GROUNDS

County School Superintendent M. O. Wraether sold the schools as advertised in the Ledger & Times of past issue. The Smith school and grounds sold for \$150.00, while the Wyatt school brought \$90.00.

The Foreman Has His Troubles

Robert L. Hart, foreman of rural highways in Calloway county, had been wrestling with his books for about three hours, trying to balance the payroll, and further crawl into a clean shirt, when two radio agents drove up early Saturday morning. He rushed to the door, and said:

"All right, gentlemen, you want to sell me a radio. Well, I have been working from 12 to 16 hours per day. I have 15 projects in this county and have 250 men working under me, and 449 asking me use my influence to get them a job."

"I am asked a thousand and one questions which I cannot answer; 40 men per day want to see the

work sheet to find out whether Dick, Tom and Harry are listed. I am expected to level every mole hill and fill every duck puddle. The fiscal court is not always in agreement, and I am blamed for every mistake whether real or imaginary. Too, the well has gone dry, and the women are fussing at me to dig a cistern; my old car is worn out, and the bank has sent me a dun for \$50.00.

"Go ahead set up the radio, and when I return to night, I'll tune in, and if it can 'teach' me how I can truthfully sing, 'There's Not One Wave of Trouble Rolls Across My Peaceful Breast,' I'll buy it! Goody, gentlemen, I'm in a great hurry!"

Obituary

George A. Nanney, born Nov. 23, 1861, departed this life August 23, 1936, age 74 years 9 months. He was united in holy matrimony to Alice Williams on Nov. 15, 1883, to which we've born to this union 11 children, 4 boys and 7 girls of which one boy and four girls are still living, namely, Cordie Byrum, Tommy Nanney, Lottie Burken, Gracie Mathis, and Gertie Henderson.

He professed faith in Christ at an early age and united his membership with the Methodist Church at Independence. He remained a true and faithful member until his death.

He was a kind and devoted father and husband and was loved by all who knew him. He was ever ready to do his duty as a Christian citizen to his state and country.

He leaves a widow, a brother, Jim Nanney, five children, 23 grandchildren, one great grandchild and a host of relatives and friends to mourn his absence.

A loving one from us is gone. His voice we owe is still. A place is vacant in our home which never can be filled.

New Activities at New Concord Hi

School Ground Improvements

Much work is being done to improve the school grounds. New walks have been constructed and the entire grounds cleaned and leveled.

Agriculture Boys Return

Mr. Walton, Lewis Bucy, Woodrow Bucy, and Randall Peterson returned from Louisville Saturday where they attended the state fair. The boys entered as part of the judging team and had as the project poultry and dairy cattle.

Hobbies Come and Hobbies Go. The height of interest in the school campus is washer pitching. Instead of holes in the ground Kegs are used as goals. Even though this is an old game it is being enjoyed by all students.

Sports

The softball team won over the undefeated team of Faxon Wednesday, September 16, by a score of 14-1. Home runs were made by Ivan Henderson and Earl Knight. Concord is now the only undefeated team in the county and hope to hold that place.

The last game of the season will be played Friday, September 25, with Hazel. Games for both the boys' and girls' team have been scheduled.

Health

Dr. Outland visited our school Tuesday and gave shots for typhoid fever and smallpox.

The smaller grades are making an effort to be more healthful by using individual drinking cups.

Music

Mrs. Williams has started practice with the boys' chorus. Music has been ordered for the different music groups.

Fourth Grade Contest

The fourth grade geography class

has divided into two sides the Redbirds and the Bluebirds. One day the Redbirds seem to be winning and the next the Bluebirds seem to be in the lead.

Grade Honor Roll

First grade: June Farley, James Duke.

Second grade: Mary Frances Buchanan.

Third grade: Max Farley, Wilma Jo Lovins, Chester Thomas, Myrl Faye McCulston.

Fourth grade: Neva Ferguson.

Fifth grade: Helen Shumaker, Inez Ealey.

Sixth grade: Patricia Gibson, George Gibson, Lloyd Boyd, Byron Elkins.

Faxon Facts Tells Crop Conditions

Water-hauling is again general in this community. But corn and tobacco are mostly cut and there is no hay nor cane to harvest, so farmers have more time for the added work. Livestock are thin and dairy cows are giving less than normal of milk and butter, both because the water supply is scant and the dry pastures are hard to supplement.

Fall is with us again. Not only the calendar tells us but the warm days and cool nights and the soft blue smoke curling from every tobacco barn to vividly delineate the ravages of autumn. The drought, in its haste, is not doing as brilliant a job of tinting the forests as Jack frost usually does.

All the sick ones are better, we are glad to report. Hattie Mae Maupin, a freshman in high school, is absent from school. She sprained her left ankle two weeks ago, and in getting about with the injured member supported in a chair, the knee became bruised and infected.

Mr. and Mrs. Roy Drennon and children have returned from Oklahoma to see his father, who has been confined to the house with rheumatism.

Uncle Billy Geurin was one of the early settlers of this community. He did not prove a government claim, but the family from whom he got it, that of Jim Brandon, did. Uncle Billy was the first to improve his land. He was an outstanding citizen and a pillar of the church, though he was a bit eccentric. He contributed the site for the first frame buildings of both Sugar Creek school and church. The thing most people here still remember about Uncle Billy was an incident of his young manhood. He was at Murray one rainy day with a brand new shawl, of which he was exceedingly proud. He was probably teed up a bit and though everyone else was run to cover by a hard shower, young Billy wrapped his shawl about him and sang out as he dashed through the down pour:

"Nobody out but Billy Geurin, He's got his shawl And he ain't a-keerin'!" —Alf

Almo Judging Team Attends State Fair

The judging team representing Almo at the State Fair returned Sunday afternoon. The team was composed of Boyd Linn, James T. Roberts, and Charles Johnson. They were accompanied by J. H. Wells, agriculture teacher.

Many places of historical fame, including Old Kentucky Home, Lincoln's Birthplace and Mammoth Cave were included in the circuit made by the boys. Sightseeing was the main object to all but Charles Johnson and his delight was hamburger stands. He will be known as Wimpy in the future.

Ninety-five teams entered the contests and Almo came out in the twenties. But to our delight, we outscored the other three teams present from this county. Linn outscored the other two boys by 88 points.

The juniors are planning to give a program, Friday as it is an even week. No program is given on odd weeks. They are also beginning on the play that will be given at the fair, "Kidnapping Betty."

Our debating team is planning on starting soon.

A ball game has been arranged with the Lynn Grove boys there for Friday. We are hoping to do better in the future than we have done in the past concerning our ball games.

Protracted meeting at Coldwater Baptist Church resulted in about 20 baptisms at the altar.

Hail storms last spring caused Erwin Forest's house to leak, so Billy Venable and Charles Chambers of Kirksey, "recovered it". There are two Charles Chambers and three Elbert Lassiters, two Jim Baileys, two J. T. Cochran, two Bill Jones and 100 John Smiths in the county.

Mr. and Mrs. Lubie Rhinmond motored to Dell, Ark., to see Herbert Brinn and family. Best looking pair that Arkansas ever saw.

I saw Everett Hughes of Memphis in town Saturday. I partly (?) raised him at Coldwater just 40 years ago. Dear Tom!!!

Great big mud hole in the middle of the road in Cook branch, east of iron bridge, on Murray-Coldwater State Highway. Just one big pour-down of rain then school children can NOT get to school; mail-man and doctors and the general public cannot pass. A short levee, a 14-foot bridge would eliminate all the awful tragedies I have seen. Bob Humphrey, Fonzo Hopkins, and Bob Hart, are you listening?

Mr. and Mrs. Connie Mills and Richard, Mr. and Mrs. Joel Cochran attended church at Lebanon Church of Christ, last Sunday and heard Elder G. C. Brewer preach a fine sermon in his deep, slow, rich voice. Took dinner with Mrs. Esther Smith and family near Sedalia.

Admiral Bodine Henslee sent me by mail literature about life's trials and triumphs and steam and motor boats, cross ties and etc., from Newburg on the beautiful Tennessee River. Fine!

Joe Williams and Wiley Dick were arguing with Jim Dodd that spirit baptism and apostolic signs and wonders are still going on. Must have been a theological "dog fall". A big bunch "listened in" with much amusement!

What must you do to be lost? Answer: "Nothing, absolutely nothing!"

Farson Gigs will preach in the south end of town next sabbath morning and in North end at early candle light; children will be baptised at both ends. Now I lay down my bottle of ink and close my mouth—hoping you will do the same.—Eagle

4-H Ton Litter. Bill Ed Hendon had an excellent project this year. He started with a sow and eight pigs and started feeding according to improved methods. Bill Ed's eight pigs weighed so much at 167 days that he had to sell them to keep them from exceeding tops. They weighed 1850 pounds. They were gaining 150 pounds per week and would have been well over a ton in the remaining thirteen days. The results of the project were as follows:

Bill Ed started his project March 1, 1936. He cared for the sow 29 days before the pigs were farrowed.

Feed cost from March 1 to Sept. 12: Pigs and Hog Chow, 842 lbs. \$ 22.95 Wheat, 15 1/2 bu. and grind- ing 17.15 Tankage, 140 5/8 70 Corn, 54 1/2 bu. 50.85 Milk, 5 gal. @ 12c 60 Feed for sow before farrow- ing 10.20 Truck to Hazel market 1.00

Total expenses \$108.45 Hogs sold for \$10.60 \$196.10 Net income \$ 87.65

The pigs gained three pounds per day per pig. This gain was made possible by the system of feeding that Bill Ed used. He made a self feed and the pigs could eat any time they wanted. Bill Ed reported that he could hear these pigs using the feeder any hour of the night he was awake. He also moved the sow before she farrowed to clean ground and provided plenty of water to keep them cool to drink.

To sum up this report one would have to say that Bill Ed Hendon has learned the secret to a successful swine grower. He has learned there is no reason for having pigs a year or two old before they reach tops for the market. Each

Women from the "teen age to the change of life have found Cardui genuinely helpful for the relief of functional monthly pains due to lack of just the right strength from the food they eat. Mrs. C. H. I was very nervous, had head and back pains and was in a generally run-down condition. Cardui has helped me greatly. Thousands of women testify Cardui benefited them. A Party

Many friends of Miss Eileen Paschall enjoyed an unusually well planned party at the home of her parents, Mr. and Mrs. C. D. Paschall, of Hazel, September 15 from 4 to 6 p. m.

Miss Paschall returned recently from Chitticothe, Mo., after completing a full commercial course and had been absent for more than two years. She goes soon to Detroit.

The party stressed the passing of flowers with the autumn season and particularly the roses. Each guest found her seat under the petals of a pink rose. The contest was also about flowers and those winning prizes were Misses Celia Miller, Audrey Rose Oliver and Messrs. Geo. Steele and T. R. Jones. The guests on entering slipped tiny parcels past the host, and when they were assembled they proved to be "kerchiefs of every hue and texture for the honoree. Then a lovely cedar chest given by her mother completed the surprise, and the guests were invited into the dining room which made a beautiful picture, for crystal bowls of pink and white roses were used as centerpieces, on tables spread with feist lace.

The plate of delicacies further emphasized the color scheme of pink and white with dainty rose baskets as favors. The host was assisted by Mrs. T. R. Jones, Mrs. J. R. Miller and little Chas. C. Paschall.

O. A. Marrs, pastor

What Is Sin? will be the subject of A. V. Havens, minister of the First Christian Church, at the morning worship service next Sunday.

"Young people," Mr. Havens said, "do not want to be 'old fogies' and 'moss backs'. They do not want to be 'back numbers' but at the same time they want to live right. Therefore," Mr. Havens continued, "the question frequently arises, 'How can I tell what is right and what is wrong?'"

"Indeed," he said, "this question is not limited to young people, for older folks are frequently asking, 'Is it right to play bridge?' 'Is it right for married couples to dance?' 'Is it right to buy a chance on a lottery?' 'Is it right to conduct an advertising lottery?'"

The sermon, "What Is Sin?" will seek to develop the basic principles which can be used to answer all these questions and others.

The service will begin at 10:45. Promotion Day will be observed in the Sunday School, beginning at 9:30, directed by W. B. Moser, superintendent.

The Young People's Christian Endeavor Society will meet, at 6:30. Mrs. George Hart is the

adult counselor.

The Sunday night church service will be dismissed in favor of the revival meeting at the Methodist Church.

Wednesday night at 7:30, the Mid-Week Meeting will be led by Mrs. Rupert Parks. The music sponsor will be Harold Gilbert. Boosters will be Mrs. Shelby Davis, Mrs. Whitmore Innes, Miss Alice Keys, Handshakers will be Miss Mary Martha Overby, Mrs. Hugh Melugin, Mr. H. A. Redden.
