TWO GREAT SINGERS

This month we celebrate the birthdays of two of our greatest Americans, George Washington and Abraham Lincoln. These two men had little in common except their love for America and their determination to build and preserve a nation founded upon freedom and equality.

They started life under widely different conditions, but both rose to the highest office of our country. In this they typify the American Way of Life. Under the American system of free enterprise, you and your children, no matter whether you are rich or poor, have equal opportunity to succeed in life to the full extent of your ability. No other nation on earth can truthfully say that its citizens have the same opportunity.

Freedom of enterprise is possible only under our democratic form of government. Under it, we Americans enjoy the highest standard of living, the highest wages and the most liberties and conveniences of any nation in the world.

Only with freedom of enterprise could the United States have become so fully the "Arsenal of Democracy." Our war effort makes the efforts of national-socialists, or dictatorship, nations seem weak and ineffective.

The present war has exploded the old myth of totalitarian efficiency. But in spite of all this, there are some people in America who want to scrap freedom of enterprise and replace it with political control of all business and industry. Let's keep the system which has given every American something more and made our nation the strongest on earth!

The World's News Seen Through

"We've come to join you — UNCLE SAM"

"We've just little fellows, Uncle Sam, but there's a whole lot of us, and now that we know just how valuable the telephone is to you in helping you win the war — we won't use the phone just my old time as we used to before the war. We know that you need the phone."

The telephone folks wish that every American youngster and government man, too, would telephone, not because they would one day if they could know the full importance of telephone service, but because telephone channels are now an important part of our war effort.

We cannot expand our efforts without more service stations, more telephone wires, and more operators. We are working now.

Mrs. Ruth Lomax spent Sunday with Mrs. Mary Syers and Mr. and Mrs. Bill Lomax.

Mr. and Mrs. Art Smith spent an enjoyable day Sunday visiting at the home of Mr. and Mrs. J. W. Smith.
