## CANNED FOODS TO BE

### RATIONED MARCH 1st

Rationing of commercially canned, bottled and frozen fruits and vegetables including juices, all soups, and dried fruits will begin March 1.

Retail sales of the foods to be rationed will be suspended as of midnight Saturday, February 27, and registration of the entire civilian population for War Ration Book Two will be conducted during the six days beginning Monday, February 22.

The first ration period will cover the month of March and each holder of War Ration Book Two (except those possessing more than the allowable maximum of five cans per person) will have 48 points to "spend" for the rationed foods when retail selling resumes on Monday, March 1. Particulars of registration for Book Two will be announced by OPA's eight regional offices. Registration sites will be announced in each community by the local War Price and Rationing Boards.

Official point values for more than 200 food items covered by the processed foods program will be made public as soon as retail sales have been "frozen." Storekeepers will make use of the "freeze" period to replenish their stocks of canned goods against the morning of March 1, when every sale will involve the transfer of point stamps in addition to the usual payment in cash.

The following need not be cashed or declared: home canned foods, canned olives, canned meat and fish; pickles, relish; jellies, jams, preserves; spaghetti, macaroni and noodles. OPA officials suggest that housewives may find it convenient to make this count by spreading their pantry supplies on the kitchen table and eliminating immediately all of the excluded items. By counting out five cans for each member of the family from the remainder and restoring them to the shelves, the housewife will have left the exact number of containers, but she must state on the Consumer Declaration sheet.

## CHRISTIAN SCIENCE

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., a Lesson-Sermon will be read on Sunday, February 28, 1943, on the subject "Christ Jesus."

The Golden Text will be "Jesus Christ the same yesterday, and to day, and for ever" (Hebrews 13:8). Bible selections will include the following passage from John: "But when the Comforter is come, whom I will send unto you from the Father, then the Spirit of truth which proceedeth from the Father he shall testify of me" (John 15:26).

## CARD OF THANKS

We, the family of the late Mrs. Lula Wilkins, wish to thank everyone for kind expressions of sympathy and beautiful floral tributes. Rev. Walter Lee, pastor of the First Baptist Church, Fulton, and the Homebush Funeral Home for their efficient service.

## WAR CROP LOAN PLAN ANNOUNCED

M. D. Royle, Chairman of the State AAA and USDA War Board, announced here this week a program of special aid to farmers to encourage additional production of specified war crops and to insure producers against loss in the case of high risk crops or crops which they would not otherwise undertake to grow.

This aid will be in the form of "special war crop advances" which will be extended through the County War Boards and the RACC.

Advances will be made on such war crops as soybeans for beans, Irish potatoes and sweet potatoes on farms with goals determined here for seed or fiber, castor beans, tomatoes, and certain other vegetable crops.

The amount loaned will be based on the cost of production but not larger than the estimated value of the crop planted. The loan is to be paid at the time the harvested crop is sold on the market. If due to hazardous or unusual growing conditions the sale of the harvested crop does not equal the amount advanced the loan due will be only the amount received from the harvested crop, whichever that may be.

"The purpose of the loan," Mr. Royle explained, "is to help farmers meet or surpass the exceedingly high 1943 production goals which have been set, where that help is necessary, by making credit available to enable the producer to produce essential products to the limit without being hampered by inadequate finances."

Producers should contact their County AAA Chairman who is also the County USDA War Board Chairman for further details.

## ADVANCED TRAINING ANNOUNCED

Lieutenant Gerard W. Cross, Regional Director of United States Maritime Service recruiting activities in this area announced today that ordinary seamen who have had a minimum of three months sea service in the merchant marine could qualify for advanced training. This also includes men with experience on the Great Lakes.

"The new course was designed to meet the needs of our expanding merchant fleet," Cross said. "Experienced seamen can secure their Able Seaman's Certificate after a short refresher course depending upon how much sailing time they have put in," he added. At least one month's training is required in order to take the examination for Able Seaman's papers.

Transportation to the training station is provided, and enrollees will be paid in accordance with the rating they qualify for while training. Quarters and subsistence plus a substantial clothing allowance is also provided.

Former Maritime Service apprentices and seamen graduates can also qualify for the advanced training. In Cincinnati applications should be made at the United States Maritime Service recruiting office, Room 204, Traction Building.

## DEATHS

### WILLIAM THOMAS MOORE

William Thomas Moore passed away suddenly at his home in So. Fulton, Feb. 23 at the age of 63 years, 6 months and 2 days. He had lived in and around Fulton all his life. He professed faith in Christ in his early life and had lived a consistent Christian life all these years.

He was twice married, first to Rena McDaniel, and to this union four children were born, all of who survive, later he was married to Julia French and to this union eight children were born, seven of whom survive.

His passing is a shock to his family and friends and he will be missed in his home and church. Those surviving are his wife and the following children, Leon C. Moore, Ora Conland, Lula, Arthur, Almon, Virginia and Frances of Fulton, James Alford of Union City, Linnie Mae Crowell of River, Russell of Florida and Robert who is in Africa with the U. S. Army. One brother Rufus Moore of Memphis and a host of relatives and friends.

Funeral service will be held at 2:30 p.m., Friday at Chapel Hill, burial in church cemetery. White and Ransom of Union City has charge of funeral arrangements.

## W. L. JONES

W. L. Jones, 82, prominent farmer of the Welch community for many years, passed away at 8:45 Friday morning at his home near Dukedom. Funeral services were conducted Sunday afternoon at 2 o'clock at Mt. Moriah church, followed by interment in the church cemetery.

Mr. Jones was well known in this section, having resided here for a number of years. He leaves his wife, a daughter, Mrs. R. T. Taylor of this city; a granddaughter, Mrs. E. C. Grisham of Fulton and two great grandchildren, Betty Jane and Bobby Grisham of Fulton.

## HARRIETT E. CARPENTER

Mrs. Harriett Elizabeth Carpenter died suddenly of a heart attack Feb. 21 at her home here. She was 77 years of age and was born and reared around Hickman and Fulton.

The body was carried to the Homebush Funeral Home where it lay in state until carried to Hickman for burial with services conducted by Rev. M. H. Harkness, pastor of the Baptist church there.

She is survived by a son, John H. Carpenter, Chicago, Ill.; a daughter, Regina Carpenter, Union City, Tenn.; a daughter, Mary Carpenter of Huntington, and a son, Mrs. Clarence Reed of Lexington. He is the son of the late M. L. McDade of this city.

## R. E. SANFORD ELECTED PRESIDENT OF FULTON CHAMBER OF COMMERCE

At the regular meeting of the Chamber of Commerce Monday night R. E. Sanford, local Coca-Cola bottler, was unanimously elected president of the organization for the coming year. Bob White, who has served as president for the past two years was named vice-president. Warren Graham, secretary, and Louis Kammow, treasurer.

The new board of directors are: Bob White, Joe Davis, R. E. Sanford, Hoyt Moore, Smith Atkins, Leon Browder, J. E. Fall, Louis Kammow and Warren Graham.

Bertie Pigue gave the financial report for the past year, reporting a cash balance on hand of \$326.00. The pure bred sire account is approximately \$400.00 and Mr. Ross reported a steady improvement in this movement.

The matter of disposing of the money raised to improve Harris Fork Creek was discussed but was postponed until a later meeting.

It was suggested by Joe Davis that since the nation is now facing a great crisis that the Chamber of Commerce would not be able to do a great amount of work this year, but the chief aim of the organization would be to help hold up the morale of the community, and to be ready to do whatever might come.

It was decided to abandon the dinner meetings and instead have evening meetings without dinner.

The body decided not to elect a successor for Mrs. Mary Boyd, who resigned some time ago as assistant secretary. With a reduced budget, and curtailed activities there would be no need of filling this position at this time.

## 4-H CLUB OFFICER APPEALS TO YOUTHS

Charles L. Hatcher, president of the Kentucky Association of 4-H Clubs, has issued the following appeal to Kentucky youth to join in the program of increased production of food and fiber.

"Boys and girls of Kentucky, we have been called on to enlist in the great army of youth to help produce the food and fiber so vitally needed by our men on the fighting fronts. I know that thousands of you are going to want to take part in the great fight for freedom."

"The President of our country has told us that as rural youth we have been presented as never before with a greater challenge to do our part in a democratic world. He also said: 'We have faith in your ability to render a great service, and like your brothers and sisters in the service, have the spirit and perseverance that will bring victory in the fight for human freedom and a world at peace.'"

"Dean Thomas P. Cooper of the Kentucky College of Agriculture and Home Economics, realizing what 4-H Clubs have done in the past, and knowing what can be accomplished by a larger membership, has asked that 200,000 boys and girls between the age of 10 and 20 enlist in 4-H victory projects during this year of 1943."

"The 4-H Club is an organization of rural boys and girls who do their work as projects and are furnished instruction and guidance by the Kentucky College of Agriculture and Home Economics. The clubs are organized and function under the direction of county farm agents and county home demonstration agents representing the Extension Service of the College."

"This year 4-H clubs are stressing the production of gardens, field crops, livestock, dairy and poultry products, the canning and preservation of foods, clothing making, and all other work that furthers the war efforts."

"As president of the Kentucky Association of 4-H Clubs I am appealing to all rural youth of the State to enlist in some of these victory projects. We must do our part in backing up the men who are offering their lives on the fighting fronts that our country may continue to be free and a safe place in which to live. Enlist now in this great youth army."

## ALBERT S. MCCLAIN REPORTS TO KEESLER FIELD, MISS.

Pvt. Albert Smithard McClain, son of Mrs. Mary McClain of Fulton, was enrolled as a student this week in Keesler Field's great airplane mechanics school, a unit of the Army Air Forces Technical Training command.

## A MARK TO SHOOT AT

The coal industry of our country came through 1942 with one of its best production records—560 million tons, 13 million tons under the record high in 1926.

Last year's production was achieved in the face of a severe manpower shortage, unprecedented demands for coal, difficulties in obtaining repair parts, and other obstacles.

For 1943, the industry will strive for a record of 600 million tons. Longer work weeks in the mines are inevitable. An increased production must be secured with fewer men. The enjoyment of social gains and soft living will now have to wait until this war is over. The men on the front must not be held up on supplies which coal produces; their efforts are not confined to a 6-hour day, a 10-hour day, or a 20-hour day. They work until the job in hand is done. Workers permitted to remain safely at home should be more than willing to match their record, as a small return to the men who are fighting and dying at the front.

## ENCOURAGE THE TAXPAYERS

Stripped of all political camouflage, Congress faces two inescapable duties in formulating future tax policies.

First, a tax law must be perfected which will provide a practical method for millions of individuals who never paid taxes before, to pay taxes on income as earned.

Second, the tax structure must not destroy productive enterprise and profit, thereby eliminating tax income for the government at its source.

This will not be so difficult to do if politics can be eliminated from the formula.

## BEELERTON NEWS

A friend said to me after he was gone: "He was a grand old man." He was that to us and his family even more, my grandfather, Dr. W. S. Hamlett, kept his keen sense of humor until the very end. He had been seriously ill since Christmas, going to the hospital New Year's day. I had been with him since Jan. 19th. The last week of his life he seemed stronger and consented to an operation, the amputation of his left leg; the operation being necessary because of Thrombosis of that limb. He was operated on at noon Feb. 12 and stood the operation good, resting throughout the afternoon. Following a blood transfusion he became suddenly worse about 8 that night and passed away Saturday morning, Feb. 13, at 4 o'clock his age being 81 years, 4 months and 28 days. His body lay in state at the First Methodist church at Baird from 12 noon until 5 o'clock when funeral services were held with the pastor, Rev. W. B. Hicks in charge, assisted by Rev. A. A. Davis, Baptist minister of Baird.

His sister, Miss Josephine Hamlett, who resided with him, Dr. G. A. Hamlett of Dallas, Texas; Dr. E. G. Hamlett of Amrilla, Texas, and myself accompanied the body back home, arriving here Monday. He was carried to the home of his daughter, Mrs. Leon Wright. The funeral was held at Water Valley Methodist church Tuesday afternoon with Dr. Robert Clark, Supt. of Paris district and Rev. Swift of Water Valley.

Burial was in Wesley cemetery following a Masonic service at the grave. Other ministers attending the funeral were: Rev. L. O. Hartman, Fulton; Rev. Burk, Paris; Rev. E. B. Rucker, Fulton; Rev. W. H. Mobley and Rev. Vaughan, Water Valley. Dr. Hamlett is survived by three children, six grandchildren, and six great-grandchildren.

In talking to his pastor before the operation he told of having decided on the operation in hopes of prolonging his life but that he was ready either way; that all was well in his heart and as his friends have said, a grand old man has gone after having lived a long and useful life and it seemed to me that he got more joy out of living than any one I have ever known.

Mr. Jasper Bockman is on the sick list.

Mrs. Carl Bostick spent the past week with her mother.

Mr. and Mrs. Luther Moore of Calvert City spent the week end with Rev. and Mrs. E. C. Nall.

Mr. and Mrs. John Ladd and children spent Monday in Clinton with Mrs. Owen Jackson.

Mrs. Cora Hicks spent Sunday with Mrs. Nora Byars.

Miss Jean Hicks of Murry College spent the week end with home-folks.

Mr. and Mrs. Edmond Brown have their two sons who are in service at home with them, one for a 14 day furlough and the other for a week end.

Mrs. Mattie Weatherspoon conducted prayer meeting Sunday night.

Mrs. Leon Wright and Mrs. Hamp Clapp and Tommie Clapp spent Saturday afternoon in Hickman with Mrs. Kennie Cook and Miss Josephine Hamlett.

Mr. and Mrs. Maurice Vaughn spent Sunday afternoon with his sister, Mrs. Edd Gossom of Wingo. Mrs. Gossom continues very sick.

## GIVES RETONGA CREDIT FOR HER HAPPY RELIEF

Had Spent Money Until She Felt Almost Hopeless, She States. Retonga Proved Happiest Surprise Of Life.

Declaring that Retonga relieved her of six years of suffering, Mrs. J. W. McFarland, highly respected resident of 224 West Main St., Louisville, adds her name to the thousands throughout this section praising this famous stomachic and Vitamin B-1 medicine.

"I had spent money on medicines and treatments until I had about lost faith in all of them," declared Mrs. McFarland. "My arms and shoulders had not been free of pain for months, and I had so little strength that at times I could not do my housework. My appetite was bad and the few bites I forced myself to eat made me miserable

with indigestion and gas in my stomach. My nerves seemed to stay on edge, and I didn't get a real restful night's sleep once a month. Constipation was so stubborn that a day seldom passed that I did not have to take a laxative. I simply felt like a weak nervous wreck.

"The relief Retonga gave me is one of the happiest surprises of my life. It just seemed to drive out all my distress, and I eat, sleep, and feel better than in years. If I can help someone suffering as I did get the same grand relief Retonga gave me I shall feel amply repaid for making this statement."

Retonga is a purely herbal stomachic medicine combined with Vitamin B-1 for the relief of distress as described by Mrs. McFarland when due to insufficient flow of gastric juices in the stomach, constipation, and Vitamin B-1 deficiency. Accept no substitute. Retonga may be obtained at DeMyer Drug Co. —Adv.

## MRS. PAUL CLACK ON WPAD, PADUCAH, KY.

Mrs. Paul Clack of the Western Homemakers Club will give a radio talk over station WPAD at Paducah Monday afternoon, March 1, at 2:30. The subject of her talk will be War Time Clothing.

As one travels through Fulton county at this season of the year they are conscious of the severe pruning that shade trees are given. Mr. N. R. Elliott landscape specialist of the University of Kentucky makes the following statement concerning the pruning of trees.

"This is the time of the year when many feel that the shade trees must be severely pruned if they are to live and look good. This is far from the facts, for practically every tree that is badly mutilated by severe pruning or dehorning never fully recovers from the operation. All one needs to do to see the effects of this drastic pruning is to look at trees that have been treated this way. They will have a bunch of small branches on the ends of the main limbs where the cuts were made and the whole top of the tree is bushy and unnatural looking. Also many of the main branches are decayed as the result of the cutting.

"As a matter of fact shade trees need just a little pruning to remove a few small branches that may have crossed or to thin certain parts. Of course all dead wood should be taken out and all wounds over 2 inches in diameter should be painted with tree paint or some house paint. Now is a good time to go over the trees and see if they need any pruning, but do not feel that every tree should be dehorned by having all the top cut out."

Miss Vivian Curnutt, specialist in home furnishing, will meet with the home improvement leaders of the Fulton County Homemakers on Wednesday, March 3, at the Hickman Homemakers club room for their major project training school on War Time Utilization of Space. This is the fourth lesson that she has given this year. Those women who will attend are: Mrs. J. R. McClanahan, Mrs. Ernest Brady, Mrs. Annie Young, Mrs. Lyle Shuck, Miss Alice Sowell, Mrs. Bryan Kearby, Mrs. S. V. Foy, Mrs. J. E. Hepler, Mrs. Paul Hornsby, Mrs. J. H. Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of all excess of toxic impurities. The act of living—life itself—a constantly producing waste matter the kidneys must remove from the blood if good health is to ensue.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide diseases. One may suffer during long periods of indigestion, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning urination are sometimes further evidence of kidney or bladder disturbances.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body wastes. Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

## From where I sit...

by Joe Marsh

Last night at Jeb Crowell's house we were talking about the funny laws some people have put through in this country.

"Railroad law I once heard about," says Basil Strube, the station-master, "said when two trains meet at an intersection, neither can proceed until the other one has gone ahead."

"That just don't make sense," says Pete Swanson. "Lots of laws don't make sense," says Jeb. "What about Prohibition?"

Well he had us there. Now

that it's all over, it's hard to realize how people put up with a law like that, even as long as they did.

From where I sit, a man's got every right to enjoy a glass of beer—as a friendly drink of moderation. And most folks are tolerant enough to respect the other person's right to do so.

I reckon Jeb was right—we've had some mighty strange laws in this country.
