## LEWIS NAMED CHAIRMAN OF LOCAL RED CROSS

J. O. Lewis, local school superintendent, who has been chairman of the local chapter of the Red Cross for several years, was again named to the post at the annual meeting last night. Mr. Lewis, who has rendered a valuable service for the past years, was not able to attend owing to the illness of Mrs. Lewis, but who had agreed to accept the responsibility again if called upon.

One change was made in the board, Rev. R. D. Martin replacing M. L. Parker who has moved away from the city.

Despite freezing weather, a large crowd was present, and interest was keen. Joe Davis, chairman of the War Fund campaign explained the needs and desires of the Red Cross, and then asked Rev. R. D. Martin to give the keynote address. Rev. Martin in a brief talk, caught the attention of the audience as he told of the vital part the Red Cross is playing in the war.

After the address Mrs. Hazel Scruggs gave out the material for the workers and plans were made to start the campaign.

### FUNERAL SERVICES FOR H. D. HOWELL

Funeral services for H. D. Howell 42, native of Kenton, who was found dead in bed at his rooming place Wednesday morning, were held Thursday afternoon at the Cumberland church in Kenton.

The Rev. J. E. Gardner officiated and interment was in Sunset cemetery.

Mr. Howell was employed here by the DeMyers Bros. store.

### NEGRO YOUTH SHOT TO DEATH

Turner Tinson, 16 year old negro youth, was shot to death Saturday night about midnight on Burns Avenue, near the Bernice Hotel, a negro hotel, following a brief dispute with John Henry Martin, 56. The killer made his escape, but was picked up Sunday afternoon in South Fulton at the home of Arrie Wilson by local officers and South Fulton police. Feeling being rather high among the negroes here, Chief Dalton decided to take him to Hickman to the county jail. He is there now, and his examining trial will not be for several days.

Tinson, who was employed at the Eldridge Store as porter was regarded as being a steady worker and was well liked. Martin, who is under indictment for malicious cutting several months ago, is an elder man. Information pieced together by local police indicates the shooting was the result of a trifling dispute. The boy is said to have used profanity when Martin was near with two women companions. The older man remonstrated and the boy is said to have apologized. It appears that Martin began shouting at once. Tinson, with a bullet near his heart, and another which pierced his hat without wounding him, ran up on the railroad before falling, but was dead when spectators reached him.

Funeral services were held Tuesday at 2 o'clock at Jackson, Tenn. Burial was at Oak Grove church. He is survived by his parents, three sisters and a baby brother.

Mozell Harwood spent last week with her parents, Mr. and Mrs. Willie Harwood of Latham.

### His Young Hurt In Railroad Yard

Otis Young, 17 year old son of Mr. and Mrs. T. B. Young, living on Fourth street, suffered under-termined injuries early Sunday morning while at work in the I. C. yards here. He was taken to the Illinois Central hospital in Paducah in a Hornbeak ambulance but extent of his injuries could not be determined during the day.

Young, who is an airbrake "binder" was standing near a caboose, and when an engine hooked to the front of the train the caboose was suddenly pushed hard against him. He received a very hard fall and after receiving emergency treatment he was hurried to Paducah.

### A SOLDIER WRITES HOME

Dear Mother and All:  
I received a letter and a package from you yesterday. yes we finally got a bunch of mail and packages and we just got our Christmas. I got another package from the boys I worked for and it was very nice. The box I got from you was a good one. The candy was really enjoyed by a lot of boys as well as myself. I haven't received either package that Ruth sent but did get some letters and that helps a lot, in fact a letter from home is a real treat. Your latest letter was dated December 11th. I also got a nice letter and card from Mrs. Good and am sure proud to know she thought of me. I also got the birthday cards from the Ruddles, please thank them for me. I will try and write to them soon, there is nothing like having good friends. Mother I would sure like to see all of you and most of all my baby sister, it does me good to hear of her going to church and Sunday school. I have learned to be very close to God for I know that He alone has brought me through so far and I know it is His will I will go through it all, when we start out I pray and ask Him to help us and bring us through and so far I has not been so bad. Tell Paul I will try and get in this and I will try and down a few for him. I don't see how this can last much longer, then we will celebrate. Well mother dear I must close now but am sending my love to the boys. I am a boy ever had, I often wonder why you all love me so dearly, so keep smiling and be brave, keep praying and trust God for Jesus love. Cast all your care upon Him for He catch for you. Write me real often as that helps a lot.

Your Soldier Son,

MAURICE

This letter was received Feb. 26, by Mrs. Lee Hammett from her boy who is somewhere in North Africa.

## ONE DAY AT A TIME

by RUTH TAYLOR

Great times call for great people. But it isn't the crisis that calls for the greatest exercise of self-control and patience. It is the every day grind of monotonous, disagreeable tasks. We can stand big sacrifices which no one knows about that wears our tempers thin.

It's the plan spotting detail on a holiday evening—after weeks of nothing happening. It's the first aid class on the first spring day. It's the store being out of butter when we've so carefully rationed our family. It's the conscience that makes us buy bonds when we want team has a good chance of going bright new clothes. It's all the things we do day in and day out that nobody notices, that makes us not angry, but—worse still—fretful.

What we must do is to remember that ill temper in these days is the warning of the danger hour on the home front. It is the sign of the weakness in the fortification the break in the line—on the battlefield, so on the home front, it means we must call up the reserves.

Why is it dangerous? Because we are surrounded by saboteurs, those sneaky thieves who destroyed the countries of Europe. They slow up work by saying: "You have done your share. Wait till the other fellow catches up with you." They delay the war effort by whispering, "Just this one day off. You are only one. You won't be missed." They waste material by saying, "You can save tomorrow. Have what you want today."

Then when the will is weakened come the tank troops—Every one else is getting theirs. You're a sap. Get yours. — They attack racial

all, the mistakes—common to all groups—of a few individuals. They make scapegoats and use them as alibis for negligence, indifference and selfishness.

And then—in through the breaks made by the tanks, pour the shock troops of the conqueror.

How can we fight this subtle and religious groups, imputing to enemy? By throwing in the reserves of character before the line is weakened. By determined resistance to self-pity, discontent, discouragement, resentment, prejudice with me which helps me. In the ice. I have a motto I always carry hope that it might help others, I quote it here:

"Anyone can carry his burden, however heavy, till nightfall. Any one can do his work, however hard, for one day.

Any one can live sweetly, patiently lovingly, purely, till the sun goes down. And this is all that life ever really means."

## AMAZED AT RESULTS FROM RETONGA, HE SAYS

**Lost Forty Pounds, Felt Weakened Almost to Point of Exhaustion, States Mr. Faulkner. Eats Plenty Now, Gains Fifteen Pounds, Thanks Retonga**

Among the latest to come forward with his strong endorsement of Retonga is Mr. John L. Faulkner, well known farm owner, stock raiser and merchant of Route 2, Mt. Sterling, Ky. Mr. Faulkner declares:

"I don't believe anyone in Kentucky has suffered more than I have with the distress of indigestion. It looked as if I would never be able to eat solid food again. What food I forced filled my stomach with gas that felt like it would cut off my breath. Constipation forced me to take strong laxatives, and I ached from head to foot. Jumpy nerves kept

me awake nights and I often felt so smothered I had to sit up nights to get my breath. I spent money and spent money, but felt I was doomed to continue suffering:

"I will always be thankful for Retonga. From the very first bottle I could feel I had found the right medicine at last. My appetite is good, I eat anything and don't fear the gassy bloating and pain. All my distress is relieved, I don't have to take strong laxatives, and have regained fifteen pounds, feel strong and go about my work with my old time energy."

Retonga is a purely herbal gastric tonic combined with Vitamin B-1, and is intended to relieve such symptoms as suffered by Mr. Faulkner when due to loss of appetite, insufficient flow of gastric juices in the stomach, constipation, and Vitamin B-1 deficiency. Retonga may be obtained at DeMyer Drug Co. Adv.

Remember when Johnny was just a little boy?

IT SEEMS only yesterday that Johnny was romping through his childhood. Remember? As if you ever could forget! Even in those days, he had his troubles, and they seemed great and unbearable until he brought them to you. After all, Mom or Dad could make the world right again with a word or a kiss.

Now your Johnny is somewhere on many of the war-shattered fields where countless thousands of Johnnies are fighting—fighting for Mom and Dad and The Girl—against the forces of evil. He may be pouring out his lifeblood. And you—Mom and Dad—can't be there to take his hand and make everything all right again.

But the American Red Cross, "The Greatest Mother," is there and will continue to be there if we—all the Moms

and Dads and Girls—give a little of our plenty to pay the cost.

If Johnny was among the wounded today, a blood transfusion may be required to save his life—blood contributed to the American Red Cross by Americans back home. Contributed? Yes, but it costs money to store and transport the precious plasma which may save Johnny's life. Back at the Army hospital, Johnny's wounds will be dressed by Army nurses, recruited by the Red Cross. Sympathetic Red Cross workers will advise you of his progress, and, as he gets better, other Red Cross workers will be with him to speed his recovery by furnishing him cheerful company and the other little comforts a convalescent requires.

Maybe Johnny hasn't been wounded. But the chances are he's lonely and heart-sick for home. He can't come home, but he can go to the American Red Cross

Club. True, that isn't as good as home, but he will find a warm welcome, a good meal and amusements.

Perhaps Johnny is in an enemy prison camp. The Red Cross will help him there, too—help him to get mail from home and some of the comforts which will help to keep his morale up. Or suppose you are in trouble at home, and Johnny can't come back to help straighten things out. . . . There are thousands of Red Cross workers throughout the country, and millions of volunteers, ready to do it for him.

The American Red Cross needs \$125,000,000 to carry its many tasks in 1943. It must depend upon your contributions to continue its great work. Don't fail "The Greatest Mother!"

## "THE ARMY RECOGNIZES THE RAILROADS AS THE BACKBONE OF THE NATIONAL TRANSPORTATION SYSTEM"

—MAJOR GENERAL CHARLES P. GROSS  
Chief of the Transportation Corps  
United States Army

WHEN the newspapers headline the sensational exploits of our fighting forces, few realize the tremendous part the railroads play in putting our troops on far-distant battle fronts and in maintaining them there.

Before an army can set foot on a foreign shore, a colossal transportation job must be done at home. Fighting men move an average of six times before reaching a port of embarkation. To transport them calls for intensive organization. The engineer at the throttle, the signalman in the tower, the dispatcher intent over his train sheets, the switchman in the yard—all do their part.

To move a triangular division of 15,000 men involves the operation of 65 trains; an armored division with some 3,000 mobile units requires 75 trains. To transport millions of fighting men becomes a gigantic undertaking.

As General Gross has well said, the railroads are the backbone of the national transportation system—in peace and war. Besides moving our armies, they must also transport the materials of war. Guns and munitions, food, clothing and supplies—the job of war transportation is never-ending.

It is the Illinois Central's satisfying lot to be a part of this great effort.
