Fifteen Years Ago

On Nov. 16, 1897, Fulton Daily Leader published the following:

"The American Telephone & Telegraph Company received today a new formula of operation of the telephone company of the country. This formula, which is a continuation of the work of the company in the past year, has been adopted by all the entire telephone companies of the United States, and has been adopted by all the telephone companies of the world. The work of the telephone company is now being handled by a new group of engineers, who have been brought into the company in the past year by the American Telephone & Telegraph Company, to work in the station of the telephone company in Fulton, Kentucky.

..."
Thanksgiving

We are one year nearer Victory and Peace than we were one year ago. Many blessings have come to us during this year and for the fine friendships we have enjoyed we give thanks to all.

Bennett Electric

You Can't Build a Home

No, you cannot build a home in person, because of strict regulations during the war period.

But you can buy one. Perhaps you have had your eye on a certain place for a long time and have lacked money to make the deal. If you have a steady position and the habit of saving you need not wait any longer. We can help you in your quest.

We Are Thankful

We are indeed thankful for many blessings we receive in this Nation en joy. We are thankful that we are again able to extend our thanks to the good people of the United States for many favors in past years. We are thankful that we are one year nearer Victory and Peace than we were a year ago.

Kentucky Hardware & Implement Company

A Fine American Tradition

Of all the holidays the people of this Nation celebrate Thanksgiving is one of the most meaningful. The first Thanksgiving came after a period of stress and strain and worry and represented the real thanks of the Founding Fathers to a God who had blessed them in a stern new country.

This is a new period of stress and strain, and it is well that we again offer thanks to the Almighty who has thus far guided our destinies and who is now guiding us in the direction of victory and peace.

HINTS FOR YOUR THANKSGIVING DINNER

OUR BEST WISHEs

As another Thanksgiving period comes we are reminded that, despite war and shortages, we still have more to be thankful for than any other nation on the globe. We still have the blessings which our forefathers gave their lives for, and our fighting men on every front of the world are still willing to fight and die for these principles which were set forth in the days of the Revolution.

We are indeed thankful for the many blessings we have and to one and all we extend our best wishes on this Thanksgiving eve.
