Laundry Owners Warned To Obey Sixty Hour Law

FULTON, KY. — William C. Turner, State Industrial Relations Commissioner, warned Kentucky laundry owners to obey the sixty hour law which limits the working time of women to ten hours a day and sixty hours a week. Mr. Turner said "indulgence cannot be permitted in this matter." He explained that women employed in laundries are required to work no more than ten hours a day and sixty hours a week. These women, according to Mr. Turner, are not protected against work in excess of these limits.

A Friend To Industry

It has been said, and probably truly, that a nation's prosperity is linked to the soil—that when farmers are prosperous, the country is prosperous. This farmer, with his various agricultural products, helps keep industry moving.

As a business enterprise, we realize the farmer is a friend to industry. Out of our willingness to cooperate with the farmer, we have offered a field service for a number of years. The idea has been to provide better policy and Taras through select breeding and, of course, proper feeding. Our field representatives are qualified to advise you on such problems. You may feel at liberty to call on him at any time.

House Group Approves Reducing Money For WPA Appropriation

Washington, D.C. — A reduced relief appropriation of $1,375,000,000 was voted by the House Appropriations Committee yesterday, which would also provide for retention of the $50,000,000 fund now available to W. P. A. operations, President Roosevelt recommended a $10,000,000 cut in the $50,000,000 fund. The committee gave "hearty commendation" to continuation of the W. P. A. defense training program.

Rebuilding, Remodeling or Investing Savings

No matter whether you are planning a new home from start to finish; remodeling or rebuilding your present home; or whether you wish to start a systematic savings plan of investment, our service will be of value to you. We have helped hundreds in past years in all these efforts and our suggestions and advice are always valuable.

A BROKEN LINK SMASHES THE ENTIRE CHAIN

Everybody knows that a broken or weak link in a chain makes the entire chain vulnerable. But not everyone applies the same reasoning to life insurance. Yet in equally true in this matter. One poorly written policy, or particularly one that is misapplied and not written, may prove harmful to the policy holder.
Fifteen Years Ago

(June 13, 1938)

Leslie Wingo has returned from a trip to the Lake and Mrs. Noble. Dottwerth and Mr. and Mrs. Felix Guissiem last fished for a trip to Morgantown, Ind.

Lee Eildon Earl, who has been attending school in Milwaukee, has returned for vacation.

Mr. and Mrs. Charles Wells, Sr., have visited his sister, Mrs. Sumner Shapard, in Memphis, who has been here for vacation.

Mr. and Mrs. Elmer Hamblin returned yesterday from a trip to St. Louis.

The Llano Club, in an interesting session, discussed the matter of improving the breed of chickens of the section. Lion Harry Murphy sailed in the discussion. That chickens from other states brought far better prices than those shipped from this section. A committee was named to investigate the gagepelts and try to bring about better conditions.

Mr. Clyde Williams and Mrs. R. H. Soward have returned from a trip to St. Louis.

Laundry Owners Warned To Obey Sixty Hour Law

Frankfort, Ky.—William A. Burrow, State Industrial Relations Commissioner, announced yesterday that $10,000,000 cut in the $50,000,000 fund now available to W.P.A. had been ordered.

A PROCLAMATION

To the Good People of Fulton, Great State of Kentucky:

WHEREAS, the public welfare and the need for the employment of the unemployed, are the consideration of the Board of County Commissioners, as provided by law, I, Paul Dwyer, Mayor of the City of Fulton, Ky., do hereby proclaim June 8th to 14th as FLAG WEEK and direct that during this period the following laws be enforced: 

1. That all owners of business in this city shall display the American Flag in public places.
2. That all employees of business in this city shall display the American Flag on their cars, and
3. That all citizens of Fulton shall display the American Flag in their homes.

IN WITNESS WHEREOF I have hereunto set my hand and caused the seal of the City of Fulton, Ky., to be affixed this 10 day of June in the year of our Lord Nineteen Hundred and Forty-one.

Paul Dwyer
Mayor of the City of Fulton, Ky.

A BROKEN LINK SMASHES THE ENTIRE CHAIN

Everybody knows that a broken or weak link in a chain makes the entire chain worthless. But no one applies the same reason to his insurance. Yet is equally true in every matter. No policy, no matter what it is, is written to cover every possible event. It is generally much more important that the insurance be planned and not written, thus giving the utmost protection to your entire business or home. A weak link in your insurance coverage may ruin an otherwise perfect plan any day.

Consult us as your friends about those insurance plans. We have a great deal of knowledge in the field. We will give you a free estimate to see how we can help your business or home.

Governor Uses Special Funds To Modernize Old Hospital Building

Princeton, Ky. — Governor Thought of Ward Building No. 10, a small white frame house, Monday morning and announced plans to take money from the Commonwealth's emergency fund to reconstruct an old building at Central State Hospital to show the possibilities of modernizing and improving institutions at the central state facilities. The money will be opened June 10 for the complete interior reconstruction of Ward Building No. 10. After the work is opened June 24 for the selection of bids, the building will be in the hands of the contractors.

"The whole idea is mine," Governor thought to himself, "I decided to take enough money from the Commonwealth's emergency fund to show that it is both possible and practicable to modernize and fireproof these old buildings. So I called all of them all here and asked them to do it."

"It will cost about $50,000."

"But it is solid structurally, with a good roof, and it is good brick walls eight inches thick. However, the best is not only the good exterior, but also the interior, which is simple and adequate."

"There is work to be done here, the building is out of date, the interior is going rusty, the windows are rusting, the building is torn apart. But the money will be the right amount for the job."

"The whole idea is mine," Governor thought. "When the work is finished perhaps people will say I am a raving madman."

Ward Building No. 10 is to be 100 feet. It is said structurally, with a good roof, and it is good brick walls eight inches thick. However, the best is not only the good exterior, but also the interior, which is simple and adequate. When the work is done, the building will be in the hands of the contractors, but not to be."

Training for Defense

By Paul T. Brodsky

The work will be finished perhaps by late fall, the modernization will be done, and people will say I am a raving madman."
