PLANT YOUR VICTORY GARDEN
NOW!
Help Grow Food for
Freedom and for
Your Own Family

Six Steps to Success:

1. Make the soil rich—Apply rotted barnyard manure at the rate of 10 to 15 tons per acre. Use a high grade fertilizer liberally.
2. Plow and harrow the soil until it is pulverized as fine as sugar.
3. Get a planting calendar of varieties to grow and dates to plant from your County Agent.
4. Plant all the different vegetables the family likes.
5. Cultivate vegetables clean.
6. Keep on planting. When one crop is harvested, plant another.

ASSESSOR

To the residents of Fulton County: Due to new legislation affecting insurance companies, every insured home, farm or business is required to have insurance or proof of insurance. The only protection against possible loss is the payment of a small premium. It is the duty of every citizen to carry adequate insurance on his home, farm or business.

Remember, the only way to protect your property is through proper insurance coverage.
