## NO DECISION YET IN BOYLE'S CASE

Special Judge Puryear Has  
Issue Under Advisement.

Defense Objected to Mayor's Ap-  
pointment But It Had No Effect  
on Court.

### ANOTHER WARRANT SECURED.

No decision was rendered today  
by Special Judge Puryear in the  
case of the city against Hugh Boyle,  
charged with selling liquor without  
a license at Fourth street and Ken-  
tucky avenue. The court had a num-  
ber of legal propositions with au-  
thorities submitted to him, and he is  
taking his time about deciding the  
case.

Another warrant was sworn out by  
Chief of Police Collins and placed on  
the police court docket. The case  
was continued until Monday.

The defense in the case made ob-  
jection to Mayor Yelzer appointing a  
special judge, claiming that privilege  
for the agreement of counsel.

### FOOTBALL HERO.

Becomes Soldier of Fortune in Cen-  
tral America.

Mexico City, Aug. 16.—A cable-  
gram received here from San Salva-  
dor, El Salvador, that Captain John H. Poe,  
who was at one time well known as a  
Tribulation football player, and who  
recently has been fighting in the Hon-  
duran army, has left Salvador for the  
steamer San Juan for San Francisco,  
where he proposes to recruit a "for-  
eign legion" to take part in the ex-  
pected war between the Central Amer-  
ican states. Poe held the rank of  
captain with the Hondurans.

The last sources of information in  
Mexico City unite in declaring that  
trouble in Central America is cer-  
tain.

Guatemala and Salvador will be  
arrayed against Honduras and Nicara-  
gua. President Figueroa of Salvador  
and President Cabrera of Guatemala  
have agreed that peace is impossible  
so long as Zelaya remains president  
of Nicaragua.

### LUNCH STAND WAITER LEAVES—MONEY IS GONE.

Where is Charles McGuire?  
This is a question puzzling local  
police, and is vital to the Nation-  
al Hotel company, of Chicago. Mc-  
Guire has disappeared and the pro-  
ceeds of last night's sales at the  
Paducah Illinois Central lunch stand  
also have disappeared. McGuire  
came to Paducah from Ohio, and  
seemed a model young man. He was  
employed by Manager G. A. Martin  
to look after the night trade. For  
several nights he discharged the  
duties with dispatch and correctness.  
Last night he rang up as much as  
\$1.55 in the cash register, but left  
the stand vacant. The cash drawer  
in the cigar department was looted.  
The absence of McGuire was discov-  
ered by Miss Bess Theobald, a wait-  
ress in the stand. No idea of the to-  
tal amount taken can be had.

### 2. KISSED MAN ON CAR.

Allegheny Matron Says He Looked  
"Too Cute for Anything."  
Pittsburgh, Aug. 16.—Mrs. M.  
Kierney, 30 years old, a dainty ma-  
tron of Allegheny, was in McKees-  
port yesterday and saw a man in a  
street car who looked "just too cute  
for anything." Mrs. Kierney got a  
strange hold on the defenseless man  
and carried through an Olga Nethe-  
rsole osculatory act that caused a sen-  
sation in the street car. Policeman  
Peter Forbes resented this unwar-  
anted attack upon his kind and took  
the pretty visitor before Mayor Cole-  
man.

The mayor fined Mrs. Kierney \$5  
and costs.

### COMMITTEE DISSOLVED.

Which Had Been Dealing With Pal-  
estine Diplomatic Matters.  
The Hague, Aug. 16.—The dilator-  
iness of the committee of the Zion-  
ist congress, which has been dealing  
with the diplomatic negotiations re-  
garding Palestine, was sharply criti-  
cized at today's session of the con-  
gress and the desire was expressed  
that new blood be infused into the  
committee. After a heated discus-  
sion the congress decided in favor of  
dissolving the committee.

Funeral services over the body of  
Mrs. Anna P. Peiper were held  
this afternoon at 2 o'clock at the  
residence of Mr. Coley Peiper, her  
son, Sixth and Trimble streets. The  
services were conducted by Rev. T.  
B. Rouse, the burial being in Oak  
Grove cemetery. Pall bearers were  
Messrs. George Rawleigh, J. Henry  
Smith, Charles R. Hall, John Bur-  
nett, F. L. Brown and W. R. Hol-  
land.

### WEATHER FORECAST.

Occasional showers tonight and in  
eastern portion Saturday. Highest  
temperature yesterday, 90; lowest,  
75.

### CAMP STRUCK.

St. Joseph, Mo., Aug. 16.—  
Major Allen Orrick, and Pri-  
vates Thomas Copral and Synder  
are in a critical condition from a  
shock by lightning. Sergeant  
Major Charles Mill is dead, fol-  
lowing a terrific thunderstorm  
which wrecked the camp of the  
First regiment at camp Folk  
near Lake Contrary last night.

### TENEMENT FALLS.

Chicago, Aug. 16.—Five per-  
sons were killed and ten injured  
in the collapse of a two-story  
tenement building at Fry and  
Chase streets during a terrific  
wind storm early today. The  
building tipped over on a vacant  
lot and the ten occupants with the  
greatest difficulty were taken  
out alive, all more or less seri-  
ously injured. The residence  
district of that part of the city  
was flooded by the breaking of a  
36-inch water main.

### FIRE PANIC.

New York, Aug. 16.—One man  
is reported dead and a score of  
persons injured and a dozen fam-  
ilies driven from their homes  
early today by a fire, which de-  
stroyed a factory on Second av-  
enue. The engineer of the build-  
ing is missing and is believed to  
have perished in the flames. One  
fireman was seriously burned  
and several employees were in-  
jured. The flames spread to  
neighboring dwellings, causing a  
panic.

### CLEVELAND ILL.

Princeton, N. Y., Aug. 16.—  
Former President Cleveland is  
slightly ill at his home here.  
Physicians who attend him said  
the patient is gaining ground  
rapidly but must be careful.

### CAPTAIN DIES.

Buenos Ayres, Aug. 16.—Four-  
teen passengers and four sail-  
ors lost their lives in a wreck  
of the American bark Prussia in  
Elidore bay, according to dis-  
patches from Punta Arenas.  
It is reported, committed sui-  
cide after the disaster.

### DEFAULTED.

Washington, D. C., Aug. 16.—  
The government is considering  
what action it will take to sa-  
ve its loan to the Jamestown  
Exposition company. The com-  
pany has defaulted on the first  
semi-monthly payment of \$100,-  
000. The due August 1, and all  
indications point to a default in  
the second payment of a similar  
amount today.

## CHILDREN WOUND MOTHER WITH GUN

Kevil, Aug. 16.—(Special).—Mrs.  
Rufus Veal was shot in the breast  
and face this morning by the acci-  
dental discharge of a gun. Mr. and  
Mrs. Veal reside three miles north of Gra-  
hamville on the Horace Mankin farm,  
and early this morning Mr. Veal  
went out squirrel hunting. On his re-  
turn he left the loaded gun on the  
porch. His children began playing  
with the gun, and Mrs. Veal seeing  
their danger went near to warn them,  
when the gun was discharged and  
she was shot in the face and breast.  
As far as could be learned the  
wounds are not serious. The accident  
happened this morning about 7  
o'clock.

Piece of Steel in His Eye.  
Joe Woodridge, flagman on the  
Louisville division of the Illinois  
Central, was standing in the caboose  
when a piece of steel struck his right  
eye. The particle was removed at the  
Illinois Central hospital here.

Patriot Kossuth Ill.  
Buda Pest, Aug. 16.—Francis Kos-  
suth, the minister of commerce and  
leader of the government party, is  
reported to be alarmingly ill.

## THEOBOLD PETERS' FINES REDUCED FROM \$100 to \$30

Restaurant Keeper, Charged  
With Selling Liquor With-  
out License, Pays Small  
Sum Instead of Appealing  
Case From Police Court—  
The Records.

### HIS LAWYER IS IGNORANT

Though lack of memory on the  
part of officials fail to either corrob-  
orate or deny, a tip received a few  
days ago that Theobold Peters, pro-  
prietor of a restaurant at 1940 Broad-  
way, who was fined \$100 in police  
court for selling liquor without a li-  
cense, had paid out and would not  
appeal, was apparently verified by  
records of the court and police depart-  
ment.

Not only did he pay out, but the  
police court docket shows that two  
days after the two fines were assessed  
Judge Cross dismissed one case  
and reduced the fine in the other to  
\$30 and costs, thus saving Mr. Peters  
the records are correct, about \$72.

Mayor Yelzer, when asked about  
the case, said it was out of his pro-  
vince and he knew nothing, but sup-  
posed the records of the case would  
show for themselves. Chief of Pol-  
ice Collins had forgotten how much  
fine was paid, and Police Capt. Har-  
lan referred a reporter for The Sun  
to the police judge, who, he said, was  
the proper official to mitigate pun-  
ishment and assess fines. Judge  
Cross referred the reporter to the  
chief of police as the person who col-  
lects fines.

The case shows the most remark-  
able fact that Peter's attorney, Eu-  
gene Graves, Democratic candidate  
for the legislature, is unacquainted  
with what the records show.

When asked if he had appealed the

case as yet, he said:

"No, I don't know what will be  
done yet."

When informed of the tip that the  
fine had been paid, he said:

"I guess that must be a mistake."

Mr. Graves represented the de-  
fendant and City Attorney Thomas  
Harrison looks after the city's inter-  
ests in the police court cases.

The police court docket shows two  
entries on page 168, for July 23, as  
follows: "Com'l. vs. Theobold Peters,  
selling spirituous, vinous and malt li-  
quors without license. Cont. to July 25."

On page 172, for July 25, the first  
entry is "City vs. Theobold Peter,  
selling spirituous, vinous and malt li-  
quors without license—Judgment  
\$50. Full costs."

"Judgment set aside and warrant  
dismissed, July 27, 1907."

"D. A. Cross, J. P. P. C."

The second entry is:

"City vs. Theobold Peter, selling  
spirituous, vinous and malt liquors  
without license—Judgment \$50. Full  
costs."

"New trial granted and judgment  
for \$30, full costs, July 27, 1907."

"D. A. Cross, J. P. P. C."

In the report of Chief of Police  
Collins of fines collected for the  
month of July, submitted to the gen-  
eral council, is this entry:

"Theo. Peters, collected \$30, due  
city \$30, cost, \$3."

There is nothing to show balance  
due, replevin or fine worked out.

The Peters Case.

Theobold Peters' license was re-  
fused by the last general council. He  
formerly conducted a saloon at  
his present stand, and complaint  
was made because of high school  
children were compelled to pass  
there. He continued to conduct a  
restaurant, however, and City Li-  
cense Inspector George Lehnard  
made complaint.

Chief of Police Collins and Mayor  
Yelzer took cognizance of complaints  
and a warrant was sworn out for  
Peters. He was tried in the police  
court on two warrants and convicted.  
He was fined \$50 in each case with  
full costs and appealed.

## Somebody Fed Ground Glass to Collin Clark's Shetland Pony

Chief of Police James Collins of-  
fers \$100 reward to any one furnishing  
information leading to the detec-  
tion of the person guilty of feeding  
his grandson's Shetland pony ground  
glass, which caused its death.

Last night at 8 o'clock the three-  
year-old Shetland pony of Collins  
Clark, son of Louis Clark, and grand-  
son of Chief Collins, died in Chief

Collins' barn. At an autopsy Dr.  
Warner, the veterinary, found half a  
handful of ground glass in the pony's  
stomach.

"Any one could have fed the pony  
from the alley or pavement, his stall  
facing the street," said the chief,  
"and I will give \$100, just what the  
pony cost, to find out who fed the  
glass."

## WALL STREET HEARS OF ROOSEVELT PLANS

And Stocks Are Revived  
Under Benignant Rumor  
of Speech.

New York, Aug. 16.—That Presi-  
dent Roosevelt will publicly an-  
nounce next Tuesday that the fed-  
eral government has reached the end  
of its campaign against the big cor-  
porations or so-called trusts was the  
information which reached Wall  
street. This knowledge was gained  
from advance copies of a speech  
which the president will deliver on  
Tuesday at the Pilgrim's celebration  
at Provincetown, Mass., which in  
some mysterious manner found their  
way into the hands of certain power-  
ful Wall street houses and at once  
caused a marked advance in the  
stock market prices which had early  
been demoralized and in which de-  
moralization the action of the Bank  
of England in raising its discount  
rate from 4 to 4 1/2 per cent. mate-  
rially aided. From the same source  
it was said that the president would  
announce a definite policy which the  
administration proposes to pursue in  
its future attitude toward corporate  
interests. Advance copies of the  
speech which Mr. Taft, secretary of  
war, will make at Columbus on Mon-  
day, have also been received in Wall  
street, indicating that as an official  
spokesman for the administration he  
also will announce a cessation of hos-  
tile action against the trusts of the  
country.

Washington, Aug. 16.—Illinois  
solid for "Uncle Joe" Cannon in the  
Republican national convention next  
year, is, in brief, the prophecy of  
Philip J. McKenna, of Chicago, who  
is in the city this week; that is, if it  
appears that the Favorite son of the  
Sucker state can get the nomination;  
otherwise, Mr. McKenna believes Mr.  
Fairbanks will poll at least two-thirds  
of the Illinois vote.

## JONES MAKES BOND TO SUPPORT GIRLS

He Must Also Stay Sober for  
Whole Year to Satisfy  
Court.

If Brent Jones makes a bond to  
stay sober and support his children,  
before Judge R. T. Lightfoot, he may  
go free for a year. Otherwise he will  
have to serve a term in the county  
jail. Jones is a bootmaker and  
works for Clem Francisco, 218 Ken-  
tucky avenue between Second and  
third streets. He is said to have  
failed to provide for several daugh-  
ters residing at Fourth and Jefferson  
streets with their grandmother Mrs.  
M. J. Finley. Charges were prefer-  
red and Jones stood trial. He plead-  
ed for mercy and County Judge  
Lightfoot pronounced the following  
sentence:

"For failing to provide for your  
children and for abusing Hazel, your  
fifteen-year-old girl, you are given 25  
days in jail and fined \$50 and costs.  
For non-support you are given one  
year in the penitentiary."

"Providing you give a bond for  
one year that you will remain sober  
for that length of time, and give \$2  
per week for your daughters' support,  
I will permit you to escape from the  
fine."

Jones promised, and is this after-  
noon making bond. He promises to  
do better.

Paducah Iron Company.

Articles of incorporation of the  
Paducah Iron company were filed  
yesterday afternoon in the county  
court with a capitalization of \$10,  
000. Incorporators and the amount  
of stock held follow: Fred Spink, 45  
shares; Walter McDowell, 10 shares;  
J. W. Speck, 3 shares. Shares are  
valued at \$100 each. The company  
is to do a general hardware business,  
leasing the store of Mr. John Mc-  
Knight, 127 South Third street.

## M'CRACKEN COURT MAY BE CONTINUOUS

Bill Will Be Introduced for  
That Purpose.

County Attorney Alben Barkley As-  
pires to Position Held By John  
G. Lovett, of Marshall.

### COUNTY CONTEST IS COMING.

Political interest, aroused by the  
approaching municipal campaign,  
runs ahead twelve months, and at-  
tracts voters to some county contests  
to be fought out in McCracken. One  
of these concerns the office of com-  
monwealth's attorney, now held by  
John G. Lovett, of Benton, and it is  
probable Mr. Lovett will find himself  
opposed by County Attorney Alben  
Barkley, of McCracken, if, indeed, he  
is not cut off from his position by  
legislative enactment.

It is a common rumor that Mr.  
Barkley will be a candidate for the  
commonwealth's attorneyship, if Mc-  
Cracken and Marshall counties con-  
tinue in the same circuit. Marshall  
has both the judge and common-  
wealth's attorney now, while about  
90 per cent of the county's business is  
in McCracken county, and especially  
the criminal business, with which the  
office of the commonwealth's attorney  
is concerned.

But there is likelihood that the  
McCracken circuit court will be made  
a court of continuous session, which  
amounts to the creation of a separ-  
ate circuit for this county, and the  
detachment of Marshall county. That  
would leave Mr. Lovett out in the  
cold. Two things are working to-  
ward that end. Judge Reed protested  
that the present salary is not com-  
mensurate with the duties and re-  
sponsibilities of the office, and an en-  
abling act was passed by the general  
assembly, so that McCracken county  
could increase his salary. County  
Attorney Barkley prevented this by  
appealing from the county court to  
the court of appeals. Many people  
assume the position that since Mc-  
Cracken county pays most of the  
judge's salary, if any increase is  
wanted it should come from Marshall  
county.

Lawyers and litigants in this coun-  
ty consider the business sufficient to  
justify continuous court here, as they  
have in other second class cities. In  
that way this county, which pays the  
judge's salary, will get all his serv-  
ices.

The tip is out that a bill will be in-  
troduced for the purpose of making  
McCracken county a separate circuit.

### TO SELL ART TREASURES.

Valuable Paintings in Cincinnati To  
Be Disposed of.

Cincinnati, Aug. 16.—Valuable  
paintings stored in St. Peter's Cath-  
edral, the seat of the Cincinnati arch-  
diocese, are to be sold. In the col-  
lection to be disposed of are four Mu-  
rillo's, one of them, "The Delivery of  
St. Peter From Prison," being valued  
at \$150,000. Another, "The Sorrow-  
ful Mother," depicts Mary gazing up-  
on the form of the crucified Savior.  
It is said to be worth \$50,000. The  
Murillos were taken from a cathed-  
ral at Seville, Spain, in 1824 and  
carried to Paris. Later they were re-  
moved to this country by Bishop  
Fenwick, who brought them to this  
city and placed them in the cathed-  
ral. Besides these there are several  
other works by famous masters. The  
collection is to be sold because they  
are gallery pictures and not adapted  
to church purposes.

### OLD ORCHARD, MAINE, RECEIVES RELIEF.

Old Orchard, Maine, Aug. 16.—  
The first of twenty relief trains dis-  
patched by the Boston & Maine was  
greeted with thanksgiving this morn-  
ing by between three and four thou-  
sand refugees driven from their  
homes by last night's fire and forced  
to camp on the beach. The fire was  
not controlled until early this morn-  
ing. Seventeen hotels and 60 cot-  
tages and almost 20 stores were de-  
stroyed.

### Compares Court With Poker.

Topeka, Kan., Aug. 16.—D. A.  
Valentine, clerk of the supreme court  
today received a letter from an at-  
torney containing a check in payment  
for costs in an old case. The letter  
said: "I do not know much about the  
game of poker, but as the court de-  
cided this case with four judges  
against me and three for me, it seems  
that two pairs beat three of a kind  
in this game."

### Married at Metropolis.

Metropolis, Ill., Aug. 16.—(Special).  
—Henry Drin, 32 years old, and Ada  
Darthing, 28 years old, both of Pa-  
ducah, were married here by Magis-  
trate Liggett. They were accompa-  
nied by James and Effie Floyd.

## GENERAL STRIKE IS ORDERED BY PRESIDENT SMALL TODAY

Chicago, Aug. 16.—Following  
is the official strike order, issued  
this morning:  
To All Commercial Telegraphers:  
"All telegraphers employed  
by the commercial telegraph  
companies and Associated Press,  
private and leased wires, not  
working under a union agree-  
ment, are hereby called upon to  
leave work immediately by au-  
thority of the president and the  
general executive board of the  
Commercial Telegraphers' Union  
of America."  
(Signed) "S. J. SMALL,  
President."

The order becomes effective at  
once.

### WORTEN'S ADDITION STREET CARS TODAY

Worten's addition will have cars  
tonight over the Nineteenth street  
line. The first trip will be made at  
4 o'clock this afternoon, by Manager  
Bleeker and an inspection party. At  
6 o'clock the regular schedule will  
be started. Broadway will have three  
lines thereafter to Ninth street and  
two lines of cars to Fountain avenue.

### DRIVES HORSE INTO DEEP EXCAVATION

No. 2 fire company at Tenth and  
Clay streets, was called out last night  
at 10 o'clock to rescue a horse from  
a manhole, with a block and tackle.  
Ernest Rehkopf was driving out  
Tenth street. He did not observe the  
warning light over a manhole exca-  
vation, and his horse went in and had  
to be rescued by the fire company.  
Driver and the horse escaped injury.  
The horse was owned by James Glan-  
ber.

### WATCHED ANOTHER RIG; STRUCK BY STREET CAR

Mr. James Downs was returning  
home yesterday afternoon about 6  
o'clock and when he reached Sixth  
and Trimble streets his horse frick-  
ened at a street car and backed the  
buggy into the car. A wheel was torn  
off, and the buggy scratched. Mr.  
Downs was thrown out of the buggy  
and his horse started running but  
ran into a telephone pole and was  
stopped. At the time Mr. Downs was  
watching a farmer's team that was  
backing from the car, and did not  
notice his horse until backed into the  
car.

### I. C. HOSPITAL HAS ACCIDENT PATIENTS

Several accidents of minor impor-  
tance are reported by the Illinois Cen-  
tral hospital corps as follows:

J. G. Vines, 32 years old, a car re-  
pairer, while striking with a ham-  
mer, missed a chisel and struck his  
left hand, crushing several fingers.

Andrew Wylie, colored, a shop la-  
borer in Paducah, struck his left  
hand with a hammer and crushed it.

S. P. Whitley, 23 years old, an Illi-  
nois Central fireman of Paducah,  
stepped from his engine at Central  
City and sprained his left ankle.

Alex Yates, 24 years old, a car re-  
pairer of the city, caught his right  
hand in moving wheels and crushed  
several fingers.

### FATHER TAKES HAND IN THE INGRAM CASE

The fight for the 22-months-old in-  
fant of Clarence and Essie Ingram to  
secure it from the board of directors  
of the Home of the Friendless is not  
over by any means, according to in-  
formation furnished by relatives of  
the father. The child was last week  
awarded to the Home by County  
Judge R. T. Lightfoot because he did  
not think the mother capable and  
competent to care for it. It is stated  
today that the father will arrive  
from Leavenworth, Kan., to claim  
the child, and will renew proceed-  
ings, promising to place the child in  
an institution or with a family cap-  
able of taking care of it.

### Brazilian Gun Manufacture.

Rio de Janeiro, Brazil, Aug. 16.—  
Senator Wernock has introduced a  
bill in the chamber of deputies au-  
thorizing the Brazilian government to  
give a foreign company a conces-  
sion to establish a manufactory of  
guns and armament in this country.

### Judge T. P. Cook, of Murray, was in the city last night on a short visit.

Protest Made Against Any  
Interference By Presi-  
dent Roosevelt.

### NO ARBITRATION WANTED

### PREST. SMALL IN CHICAGO

New York, N. Y., Aug. 16.—(2  
o'clock).—As a general strike order  
issued by President Small, from Chi-  
cago, officials of the Telegraphers' union at local headquarters are en-  
thusiastic today. Officers of the two  
big telegraph companies and the As-  
sociated press, however, seem to be  
undisturbed and claim the strike is  
affecting them but little. Messages  
are being accepted subject to indefi-  
nite delay.

Chicago, Aug. 16.—"Every com-  
mercial telegrapher in North Ameri-  
ca not working under contract is here  
by ordered to strike immediately."

This order was sent out early this  
morning according to International  
Secretary Russell, of the Commercial  
Telegraphers' Union. The decision  
was reached at a conference between  
President S. J. Small and Secretary  
Wesley Russell, of the Commercial  
Telegraphers' Union, and President  
D. H. Perham and Secretary L. W.  
Quick, of the Order of Railroad Tele-  
graphers.

President Gompers, of the Ameri-  
can Federation of Labor, presided.  
The conference was held at the Briggs  
House. W. C. Long, editor of the  
Telegraphers' Journal, and D. G.  
Ramsey, ex-president of the Order of  
Railroad Telegraphers, were also  
present. After it had been agreed to  
call a general strike, the following  
four men were selected to manage  
the strike:

Messrs. Small, Russell, Quick, Per-  
ham.

These men will constitute what is  
generally designated as "board of  
strategy."

Plans were made to use every tac-  
tical advantage possible in the strike.  
Not a move will be made without  
careful consideration, and after be-  
ing voted unanimously upon by the  
four strike leaders.

The general strike order includes  
the operators and wire chiefs. There  
are about 300 of them in the larger  
cities, and according to reports re-  
ceived by Secretary Russell they are  
only awaiting the word to quit.

About 5,000 operators are expected  
to answer the call. There are now  
more than 100 cities affected by the  
strike and the number of operators  
and other employees out is estimated  
at 12,000.

One of the plans of the strike lead-  
ers is to induce every employee of the  
telegraph company, whether operator  
or not, to go out in sympathy. En-  
gineers, firemen, elevator conduc-  
tors and starters, janitors, window  
washers, messengers and all other  
workmen generally employed about  
the buildings in which the companies  
have their offices, and who are paid  
by the companies are expected to quit.

Labor Commissioner Neill will  
leave for Washington this afternoon.  
He is taking no part in tonight's  
conference and said that he would  
make no effort to do so until a re-  
quest for such action had been made.  
During the day both telegraph com-  
panies made a material increase to  
their board of trade force and the ac-  
cession was greeted with lusty cheers  
by the traders.

### Companies Protest.

New York, Aug. 16.—A decided  
stand against presidential mediation  
in the Telegraphers' strike, which has  
partially tied up the entire country,  
was taken today by high officials of  
the Western Union and Postal Tele-  
graph companies. Even if President  
Roosevelt should decide to interfere  
in answer to the appeal of many com-  
mercial interests the companies are  
prepared to protest. They declared  
today that there was no chance for  
federal intervention, as there was  
nothing to arbitrate.

The urgent request of the Chicago  
board of trade that the president en-  
deavor to bring the strikers and  
the companies together was backed  
up by similar appeals from the

## WAR DEPARTMENT

EXPECTS CONSIDERABLE SCANDAL HERE LONG.

Investigation in Department of Philippines Promises Some Spy Charges Against Officers.

Washington, Aug. 16.—The war department has learned that Brig. Gen. Ernest A. Garlington, who was specially charged by Secretary Taft to make a further investigation into the alleged irregularities in the quartermaster's department in the Philippines, arrived in Manila July 5 and entered upon his work the following day.

The original investigation was based upon the allegation that a number of army officers stationed in the Philippines had caused a lot of expensive furniture to be manufactured for themselves to be sent to their friends in the states for which no proper return was made to the government.

Gen. Leonard Wood, upon discovering the conditions of affairs, made a report on the subject to the war department which was the basis of several direct inquiries. Much conflicting testimony was taken, the result of which was to leave in doubt the question as to whether or not any of the officers had been culpable to a degree that affected their integrity or

whether they had been simply careless. The names of some officers of very high rank were brought into the case to their great indignation, as they declared that they had settled in full at the highest market price for the furniture.

Upon the report of Gen. Garlington will depend the course to be adopted by the department in its treatment of certain officers who are alleged to have misused their privileges.

Vanhook, Elton, Ala., writes: "Being a constant sufferer from constipation and a disordered liver, I have found Herline to be the best medicine for these troubles on the market. I have used it constantly. I believe it to be the best medicine of its kind, and I wish all sufferers from these troubles to know the good Herline has done for me. Sold by J. H. Schuchmacher, Lang Bros. and C. O. Ripley."

**Why There Was No Recount.**  
If last Thursday's primary had been fairly and impartially conducted and the henchmen of the governor had not committed the most atrocious irregularities, the majority for Mr. Williams would be at least 10,000 instead of only 648 votes. The governor's followers did not ask a recount because they were afraid of an exposure. There was plenty of evidence in hand to prove a deliberate attempt to wrest the victory from Mr. Williams in spite of the will of the people.—Jackson, Miss., News.

## SECRETARY TAFT HEARS GOOD NEWS

From Various States and Political Seers.

Taft Is Busy Preparing His Speech to Be Delivered at Columbus, Ohio.

HE IS A TERRY REVENOMSE.

Washington, D. C., Aug. 16.—Presidential politics reign supreme in Washington. From from political conferences held at Oyster Bay, Secretary Taft arrived here and during the day discussed the situation in various states with prominent politicians who claimed merely that they called to "pay their respects."

Former Speaker Cannon, reached Washington not on any political mission, he declares, but to transact some routine business. The longest interview Taft had with any Representative was with Rep. Hiram Boren, of Ohio, and Assistant Secretary of the Navy Newberry, who hails from Michigan.

Representative Boren said, after leaving the war department, that the presidential campaign in Ohio was in danger of being overshadowed by the municipal elections. He doubted if any determined effort would be made to beat the strength of either Foraker or Taft by naming representatives of one or the other in city campaigns.

Newberry knows up Michigan. It is understood that Assistant Secretary Newberry for some weeks past has been conducting a quiet campaign in Michigan in behalf of the secretary of war. Representative Fordway by unauthorized action which was intended to lead the assembling of the state convention, stated it is believed here, to leave Michigan for the nomination of Speaker Cannon.

It is not known what steps Mr. Newberry has taken to counteract this movement, but it is understood that his work has given great satisfaction to Secretary Taft and his friends, and, therefore, is believed to have been effective.

While Secretary Taft is giving close attention to the details connected with his campaign for the nomination, just at present he is applying himself particularly to the completion of the speech he will deliver on Monday next at Columbus, O. This speech will be the keynote of the secretary's campaign. It will be less an expression of the views of the president than it will be those of Taft, though at the same time there is no question of Mr. Roosevelt's approval.

Those who have seen it say that Mr. Taft does not flatter in handling the serious problems which are now before the American people. In the case of the tariff, for example, the secretary will come out squarely for revision, taking up courageously the case which Senator Foraker recently threw down, and it will be a kind of review that means the lowering of duties.

**Counted for Tariff Revision.**  
In a speech which he delivered at Bath, Me., last fall, the secretary referred to the desirability of modifying the tariff, and the more he studied the situation and the more he came in contact with the people the more convinced he was that the time ripe for revision, which will be the first act of his administration, if elected.

The secretary is a believer in the amendment of the anti-trust law, so as to make it more effective in ending the nefarious operations of the "bad corporations." But the secretary does not belong to the class of men who believe that corporations are "all bad." He sees in them the natural development of economic conditions and all he wants, from them is that they shall obey the laws and give to the people what they have a right to exact and expect.

It is not likely that John D. Rockefeller will obtain much comfort from the amendment of the anti-trust law, so as to make it more effective in ending the nefarious operations of the "bad corporations." But the secretary does not belong to the class of men who believe that corporations are "all bad." He sees in them the natural development of economic conditions and all he wants, from them is that they shall obey the laws and give to the people what they have a right to exact and expect.

## RIVER NEWS

Even eight feet were registered on the gauge this morning, a fall of 5 since yesterday. Weather cloudy, and business was lively.

The Ohio river engineers left Pittsburgh yesterday on their trip of inspection down the Ohio. They will stop at nearly every port and gather data for their report to congress and will be here in about ten days. Owing to the low water in the upper Ohio they were compelled to travel some distance from Pittsburgh southward by rail, before they could take the steam or Cherokee on which they will come here.—Cairo Bulletin.

The Fowler pulled out from the wharf this morning at 8 o'clock, and Capt. Mark Cole said the boat would be back at 5:30 o'clock tonight, and when the captain says so, you may depend on it. Mayor Parsons, of Cairo, and his house party are coming on the trip tonight and will remain over until the trip tomorrow morning. Yesterday was a big day with the Fowler and she did not return until 11 o'clock last night.

The Roy Dudley is out on the ways receiving repairs. There were but a few bad planks in her hull and Capt. Taylor thinks she will be ready to lower into the water by next Monday.

The Kentucky arrived this morning from the Tennessee river with one of the biggest freight and passenger trips of the season. She will leave on the return trip tomorrow evening at 6 o'clock.

The Harth will return this evening from Cairo, where she took several barges for the West Kentucky Coal company.

The Cowling had an excursion from Metropolis last night and it was one of the most successful of the season. The boat was well loaded with passengers and but two or three could get on board here.

After coaling and storing the Homer left today for the Cumberland river for a tow of ties for the Ayer & Lord Tie company.

The Chattanooga left today for Waterloo and other landings on the Tennessee river with one of the biggest trips of this summer.

The Joe Fowler arrived on time today from Evansville with a good trip.

The Royal had another good trip today, both in passengers and freight.

The Belle Owen made the usual trips today. Yesterday a congregation of negroes had a dance across the river, and on the last trip of the boat they came across. After dancing all day they still had energy, and turned the deck of the boat into a dancing pavilion.

John Street, right clerk on the wharfbait, is better today from his illness. Wednesday he was threatened with a congestive chill.

The Charles Turner will leave late this afternoon for the Tennessee river after a tow of ties.

The Peters Leo will arrive tomorrow from Cincinnati en route to Memphis. This will be the last trip on the Ohio river for the big packet until the river rises.

The Cowling made the regular trips today, and many shoppers were brought over from the neighboring city.

Priest Scores Bloomer Girls. Dubuque, Ia., Aug. 16.—Those bloomer girls are a disgrace to womanhood and they should be driven from the city," was the statement Father A. Booding made before the 15,000, apart from the 1,100 already counted.

ing themselves "bloomer girls" who are playing baseball here should be driven from the town. Good, clean baseball is not objectionable to any one, but to have females who call themselves women disparage themselves in bloomers and drag womanhood to the lowest depths should be suppressed.

In all France there are only 1,100 persons who are millionaires in our sense of the word (in dollars). Of millionsaires in francs there are about 15,000, apart from the 1,100 already counted.

## BROKERS SIGNED, SCALE DEMANDED

Seven Hours and Thirty Dollars the Week.

Conflicting Claims and Estimates Made By Two Sides To Controversy.

## ANOTHER DAY'S HAPPENINGS.

New York, Aug. 16.—At the main office of the Western Union reports were given out to support the claims of the company that it is able to conduct its lines despite the strike. Mr. Brooks said that with the exception of New Orleans and Kansas City, where transmission was still considerably hindered, the rest of the country was in shape for almost un-

interrupted traffic. Vice-President Adams of the Postal said that more men to fill the places of the strikers were being engaged every day, and that the company was succeeding in restoring all of its lines except those of the New Orleans service to the normal capacity.

The union telegraphers who work in brokers' offices in the financial district closed their negotiations with their employers on the wage scale determined upon at Tuesday afternoon's meeting of the Wall Street operators.

Stock Brokers Sign Wage Scale. Over 100 brokers signed the union agreement with their telegraphers, which calls for \$30 a week and a seven hour day. By agreement of the union men themselves the question of overtime wage is left to individual agreements between employer and operator.

There were a few brokers on the street that did not sign. If there is a general strike order promulgated by the union these brokers will lose their telegraphers.

A mass meeting of the strikers was held in Everett hall. The most important piece of business accomplished was the appointment of a committee of three to interview Attorney

General Jackson with the hope of moving him to proceed against the two telegraph companies on the grounds that they are not delivering messages in reasonable time.

Union Estimate of Strike. Secretary Melnerney, at the headquarters of the local union, estimated last night that there are now 100 cities affected and that there are 22,000 telegraphers on strike in the United States and Canada. Of these he put 5,000 in this city, but from other sources it is said there are not more than 3,500 operators in Greater New York employed by both companies.

Melnerney puts 275 in Boston, 1,500 in Chicago, 350 in San Francisco, 225 in Philadelphia, 250 in New Orleans, 126 in Cleveland, 225 in Washington, 450 in St. Louis, 60 in Norfolk, Va., 35 in Columbus, O., 175 in Pittsburgh, 25 in Harrisburg, and 250 in New England towns, the rest scattered.

Deputy Labor Commissioner John J. Bealin estimates that there are 1,500 Western Union operators on strike in Greater New York, and he thinks there are 1,150 Postal operators out.

Conflicting Claims in Washington. Washington, D. C., Aug. 16.—There is little change in the telegraphers' strike situation here. The Western Union company claims that it has a sufficient number of operators at work to handle all business.

The manager of the Postal company states that conditions are improving daily and that within a few days the company will be doing its usual business. President Groves of the Washington union says that the Postal has only six men at work and that not more than 20 are on duty at the Western Union.

Companies Crippled in Frisco. San Francisco, Cal., Aug. 16.—Fifty operators employed in both the main and branch offices of the Postal Telegraph company walked out. Superintendent Storer said today that he can handle the ordinary amount of business, although possibly more slowly than usual. Manager O'Brien of the Western Union, whose men also went out yesterday, claimed to be in better shape than when the men went out on the strike preceding this one.

Quit Work at Jamestown Show. Norfolk, Va., Aug. 16.—The union telegraph operators in both the Western Union and Postal offices here are out. The Western Union manager reported 14 men out, with 10 men available for operating duty. The Postal Telegraph company has eight men out. Two are working. At the Jamestown exposition and in Portsmouth Western Union and Postal operators struck. Small forces are working in both places.

Two Men, One Boy Out at Galesburg. Galesburg, Ill., Aug. 16.—The two Western Union operators here walked out upon telephonic instructions from Kansas City.

Lone Unionist at Lynchburg Quits. Lynchburg, Va., Aug. 16.—The on-

ly union operator in the Postal telegraph office here walked out. There is no other change in the situation. Both the companies claim to be getting off all business offered.

One Man Strikes at Newport News. Newport News, Va., Aug. 16.—The Western Union office here is now with but one operator and this the manager. One of the two operators was off on a vacation when the other one walked out. The Postal operators have not struck.

MURRAY.

The county committee and the building committee of the tobacco association, after a long deliberation, passed resolutions recommending that a warehouse building be erected at an early date. Mr. Fruitema agreed to sell his warehouse building alone for \$7,000, and turn its control over to the association. The proposition was discussed at some length but not accepted. Finally a resolution was introduced and passed appointing solicitors to take subscriptions for stock in a new warehouse building. The amount of the capital stock has been fixed at \$10,000.

## SALVATION ARMY

PICNIC PROVED GREAT SUCCESS AT WALLACE PARK.

Street Car Ride Followed After Outing—Captain Meeker Greatly Pleased.

Following a successful charity picnic, a street car ride over the city at dusk, lasting over an hour, was enjoyed by many little ones who attended the outing given by the Salvation Army at Wallace park yesterday. Food of every description was furnished the little ones, and one of the most enjoyable days imaginable spent at the park. Everything went off excellently and Captain Meeker and other members of the local corps, were more than pleased with the success of the picnic. Manager William Malone, of the park, showed about three times the usual number of films at the free moving picture show for the children.

## Does Own Plumbing Jailed.

Aurora, Ill., Aug. 16.—A case which will bring to a test a portion of the state law requiring plumbers to be licensed was begun here today with the impaneling of a jury to try Nicholas Schlenz on the charge of violating the law in doing his own plumbing work.

Schlenz, who is putting up several flat buildings, was unable to agree with plumbers on the price to be charged for connecting his houses with the street mains and did the work with his own hands.

The city authorities thereupon tore up his work on the ground that it had not been done by a licensed plumber and later, by agreement, Schlenz was arrested.

The Strait and Narrow Way.

"So you don't share the general indignation toward the railway?"

"No," answered Farmer Cornstossel. "I have always felt that a locomotive was entitled to a great deal of credit for sticking to the track instead of snorting up and down the country roads like an automobile."—Washington Star.

Democratic spellbinders for the 1908 crop, should not spend all their time on the tariff issue. Secretary Taft is likely to make his bid on a revision plank—and, of course, it wouldn't do to endorse the war secretary's idea.

Western Union officials declare they have the situation in hand; but indications are that they have the situation on their hands.

## IMMIGRATION AND ABSTRACTIONS.

Abstractions, if properly qualified and excepted, are very well in essays, but for the purposes of newspaper editorials, practicability is an essential. We read with some pleasure an academic discussion in a paper of the immigration question, by one who apparently fears that the American national type is not sufficiently strong to stand the injection of alien blood from Europe, and for that reason the paper was made to say that the south should not encourage immigration, even though we should thereby be passed by the "car of progress."

And yet, we have seen in that same paper articles, advising the importation of southern Europeans to supplant the negro as the laborer in the south, a dream so visionary that it has so far discouraged efforts in nearly every part of the south to induce desirable immigration.

The array of argument in this article, indicates that it is by way of special pleading, and consists principally of the question of questions.

And yet, we have seen in that same paper articles, advising the importation of southern Europeans to supplant the negro as the laborer in the south, a dream so visionary that it has so far discouraged efforts in nearly every part of the south to induce desirable immigration.

draw the bulk of our prospective immigrants," it says. The far south, it is true, may draw the majority of those, who come voluntarily, from southern Europe, but these the paper would welcome, and share with them and their children the generous fortunes so lavishly bestowed upon our south-land."

Now, of a truth, there is nothing to attract immigrants from southern Europe to western Kentucky, and in the matter of industrial development, we must sever ourselves from Louisiana and Florida, except as those sections contribute in some measure to our wealth, by offering us a market, or a source of raw material. The natural flow of immigration to the gulf states may be from southern Europe, but not to western Kentucky, else we should have a large influx of southern Europeans already.

There is nobody connected with the immigration movement endeavoring to induce southern Europeans to come to this section. The only effort has been directed to inducing German and Austrian farmers, with a little capital, to settle on our agricultural lands. This is a demonstrated fact. We already have them here, and racially they are brothers to us; for under analysis we are all Teutons, Saxons and Celts.

No one is hankering for an infusion of southern European blood, nor do we desire an influx of cheap European labor, nor are we going to get them, by filling up our land with northern and central Europeans.

The fear that, "they might think that we need them so much that they can fix the conditions upon which they will share with us our own heritage," looks like a desire to mask an ulterior motive for attacking the immigration movement behind an apparently innocent hesitancy, more than any real anxiety. Their ability to fix conditions, being foreign to the ways of our land, in the minority, and ignorant of the language, would be a manifestation of superiority of intellect, and they have five years after arrival, before they can participate in the civil government.

"Our untold fields are not being robbed of their fertility," says the editorial. Perhaps not, but that is such a slovenly, shiftless sort of a notion, that it calls up visions of tumble down snake fences, full of "hogholes" and grown up on both sides with briars and weeds; of shocking cabins, and dirty, half-naked children and lean hounds. The fertility is in the fields, but just so long as we conserve that fertility by disease, so long shall we pay tribute to the north and west for every mouthful of bread we feed our families.

Bad investments and borrowed capital with no reserve resources, will continue to reap their harvest of failures; but the general tone of business is upward and ever upward. Paducah is sharing in the general prosperity of the nation, and conditions were never brighter than at present.

Dr. Ponce has increased the salaries of teachers in the Wilmington, Del., public schools \$100 a year. We always knew the powder trust was a good thing.

## OUR RIVER.

Some effort should be made by Paducahans to entertain the engineers coming down the Ohio inspecting the river with a view to recommending or disparaging the nine foot channel from Pittsburgh to Cairo. This is an opportunity to put in a good lick for the river trade, and Paducah, more than any other city on the Ohio, possesses excepting Pittsburgh, will benefit by any improvement of the waterways system. Chicago and St. Louis and the intervening territory are discountenancing the expenditure of any large sums on the Ohio river, in order that there may be the more inducement to undertake the lakes to the gulf deep waterway. It is small business for the Chicago papers to indulge in, and it is short-sighted and injurious to the cause of the rivers, harbors and great lakes. We would not put an obstacle in the way of the attainment of the lakes to the gulf route—but that is the creation of a new water way. The canalization of the Ohio is the development of a natural highway, the course of which is dotted with thriving cities built up and depending on its traffic. Let us interest the engineers in the people along the river as well as the channel, and let them know we believe in the big stream, and desire its development.

The situation in Morocco is grave, say press dispatches. If the shooting keeps up and the exodus continues, the situation bids fair to be composed entirely of graves in a short while.

## JOHN J. DORIAN.

No city official ever gave better satisfaction to the taxpaying public than City Treasurer John J. Dorian. Always affable and accommodating, attentive to his duties and accurate in his bookkeeping, Mr. Dorian has made a record in office that challenges comparison. By his careful attention to the collection of taxes, and his skillful businesslike methods, he has reduced the delinquency to less than five per cent, and has established the custom of paying taxes promptly, thus relieving the city of much financial embarrassment just before tax collecting periods. In devotion to duty and attentiveness to the interests of the city, combined with courtesy to the taxpayers, are recommendations, the citizens of Paducah are entitled to another term of Mr. Dorian's administration.

## PORTLAND PREPARING TO DO HONORS TO SECRETARY.

Seventy-Five Oregon Commercial Bodies Will Unite To Welcome Him.

Portland, Ore., Aug. 16.—Secretary Taft visits Portland September 6. His entertainment will be in the hands of 75 Oregon commercial bodies and the people are aroused to a high pitch of enthusiasm. There will be something doing. The secretary will visit Vancouver Barracks, the former headquarters of Grant, Sherman and others of historical importance. Fairbanks, Garfield, Strauss and Wilson have all been here but Taft is the lion. There is a scrap on for Senator Fulton's seat. They are also after Ankeny's scalp. All the politicians in the Northwest will be here.

## VOICE OF THE PEOPLE.

## Knows Where Silver Is.

Editor Paducah Sun:  
 Dear Sir: I wish through your paper to disclose to its readers some of the unknown riches that are hidden within the corporate limits of your city. Tradition has it that somewhere near Clark's river is silver metal, and to verify this statement ask the oldest citizens of Paducah and the surrounding country and they will tell you that it has been the talk all these years, but no one seemed to know the exact spot and after many fruitless searches it has been given up as lost, as there are no more red men to tell where the treasures are. But fortunately through a direct line from the early days to the present there is one that can locate the very spot or spots where the metal was dug out. One place I think is inside the city limits. One place is some distance up the Tennessee river. One place is near Benton, Marshall county. Now this intelligence comes through a period of something like 200 years. Now if there is any man or men who has brains and the means and is willing to take hold of the matter with me I will be glad to confer with them in the matter. I have always been too poor to undertake to develop it and now I am 62 years old and whatever is done must be done quickly. Now, Mr. Editor, if you think this will be of any interest to your readers you can publish it, otherwise let it go to the waste basket. Hoping that some good may come to some one, I am yours respectfully,

## SOUND LOGIC.

August and September are two months when one has to be very careful about every condition that makes for good, or bad health. The system is usually beginning to feel the strain of the hot summer months and the different organs need but very little to throw them into complete disorder and result in probably a fatal illness.

Good health is assured however if you heed nature's gentle warnings, and are in any measure discreet. The usual summer disorders—malaria, general worn-out, and run-down, conditions, biliousness, stomach and bowel disorders of all kinds, chronic or acute headaches yield readily, and very quickly, to the Osteopathic treatment, and have no attending ill effects. Usually you are as ill from the customary medical prescriptions as from the illness, but in Osteopathy you experience none of this. Let me tell you at any time of the great success I am having with the treatment in Paducah. I shall refer you to people you know well for the evidence, and who will tell you just what it has done for them.

## BRONZE TABLET TO MASS. COLONY

Unveiled at Gloucester With Ceremony.

President Roosevelt Will Lay Corner Stone of Pilgrims' Monument Tuesday.

## ORDER OF THE EXERCISES

Gloucester, Mass., Aug. 16.—Citizens of Gloucester yesterday unveiled and dedicated a bronze tablet at Stage Fort park in memory of the men who under the direction of the Rev. John White, came from Dorchester, England, in 1623, settled here and founded the Massachusetts Bay colony.

The dedication ceremony was attended by many notables. Senator Henry Cabot Lodge delivered the oration of the day, Madison Cawein, of Louisville, Ky., read a poem and Ambassador Bryce, of Great Britain, spoke. An original poem by Elizabeth Stuart Phelps Ward was read.

The monument tablet unveiled is the largest ever placed in America. The bronze tablet measures ten feet by six feet four inches, while the bronze tablet and granite, while surrounding it measures sixteen by thirteen feet. The table and has relief were made from designs by Eric Pape, of Boston. The boulder on which stands the bas relief is directly opposite to the entrance of Gloucester harbor in a magnificent situation. The boulder measures two hundred feet in length and thirty-seven feet in height.

## Pilgrims' Monument.

Provincetown, Mass., Aug. 16.—Arrangements are rapidly nearing completion for the laying of the corner stone for the Pilgrim monument next Tuesday, when the presence of President Roosevelt and many other distinguished guests will render the day of a commemorative significance probably without a parallel in the history of New England since the dedication of the Bunker Hill monument in Charlestown.

The president will come from Oyster Bay to Provincetown on the Mayflower, and will be met here by Governor Guild, who will journey from Boston in the gunboat Newport, attended by a brigade of the Massachusetts naval militia.

The corner stone for the monument will be laid with imposing Masonic ceremonies by the Grand Lodge of Masons of Massachusetts, J. Albert Blake, of Malden, grand master. The grand master will be assisted in laying the corner stone by President Roosevelt, who is a member of the order.

The principal address of the day will be made by the president. The poem will be by Nathan Haskin Dole, of Jamaica Plain, and a dedicatory hymn, written by Dr. William Elliott Griffiths, of Ithaca, N. Y., will be sung. Other addresses will be made by United States Senator Henry Cabot Lodge and Hon. William C. Lovering, of Boston. The conclusion of the ceremonies will be marked by the firing of a salute from the ships of the North Atlantic squadron in Provincetown harbor.

## MEXICAN WAR VETERAN POSSESSOR OF RARE CURIO.

Huntingdon, Tenn., Aug. 16.—Mr. S. B. Barlow, of this city, who is a veteran of the Mexican war, has in his possession an ancient curio that is believed to be of great value. It is a Catholic publication, which is 137 years old, and is entitled "Instructions for Confession and Communion." It was printed in the year 1720. The ancient little volume is about four by five and a half inches in size, and the dark leather backs contain 152 pages that are yellowed by the hand of time. Nevertheless, the book is in a fine state of preservation, and every word is intelligible, the type being bold and the style characteristic of that period. On the fly-leaf is the inscription, "William Mullen—His Book; N. Y., April, 1809."

As the aforesaid William Mullen is doubtless dead, Mr. Barlow has no fear of that gentleman appearing to claim his property. The manner in which Mr. Barlow came into possession of the ancient volume is an interesting story. He acquired it in 1847, while he was a soldier of the United States Government in the war with Mexico. While in the City of Mexico he formed the acquaintance of a Spanish lady named Fernalde, and before he left the city with the United States troops she gave him the little book as a remembrance of their meeting. It had been given to her by Col. Riley, an officer of the United States army, who was said to have deserted Uncle Sam's service and joined the forces of the Mexican army. Mr. Barlow has retained the book through the sixty years that have elapsed since it came into his possession, and he has prized it very highly. A prominent Catholic informed Mr. Barlow that there were but two other copies of the edition in existence, so far as known.

A woman can never understand how it is possible for a smart man like her husband to get the short end of it in a lawsuit.

## GENERAL STRIKE IS ORDERED

(Concluded from First Page.)

terests of the country were dangerously imperiled.

The third day of the strike closed with the Commercial Telegraphers' union and the two big companies as far apart as they were at the moment the operators walked out at a whistle blast signal. On neither side was there a sign of yielding. While the companies reported improved service the strikers gave out bulletins showing that business was badly crippled.

## O. R. T. Will Not Strike.

Chicago, Aug. 16.—It was said by members of the general executive board that the Order of Railroad Telegraphers was a well disciplined body of men and that there was no fear of their striking unless encouraged by false reports. G. J. Dal Jones, an influential member of the Order of Railroad Telegraphers, said that the members would remain at work.

General Secretary Quick has notified all members to live up to the union's contract with the companies. They will take commercial messages as in the past. "The only danger which confronts us," said the general secretary, "is that we have many young men members. It is possible, if the strike bound companies keep up the agitation, the young men might stampede, as did the commercial men."

The board issued the following statement:

To the press: The Western Union and Postal companies and The Associated Press are bending every effort to cause a sympathetic strike of the railway telegraphers. This making allies of the railroads and precipitating a general panic in which they hope to best the strikers. They are sending out reports calculated to incite the railway telegraphers to a refusal to handle commercial business which they are now handling under contract. At least certain newspapers are refusing to publish interviews with railway presidents in which they express a desire to keep out of the trouble and let the commercial companies fight their own battles.

"The commercial companies are beaten now. They realize it is an absolute impossibility to resume operations to handle their business and also that the ranks of the strikers can never be broken, with every railroad telegrapher and private wire operator to contribute a large percentage of his wages to the support of the Commercial Telegraphers' union. The

## To Secure Legal Advice.

New York, Aug. 16.—In a mass meeting of the New York strikers held today a committee was appointed to secure competent legal advice as to the liability of the telegraph maintaining reliable telegraph service. If it comes within his powers Attorney General Jackson will be requested to institute an investigation into the failure of the companies to maintain public service.

Another committee is to devise ways and means of replenishing the treasury of the union in case the struggle is long drawn out. There is a disinclination on the part of the strikers to draw on the funds which

other labor organizations have put at their command. Some plan will be worked out to assure a steady income during the strike.

## Women's Trade Union League.

Chicago, Aug. 16.—A secret meeting of the girl operators now on strike was held in Brand's Hall yesterday. Mrs. Raymond Robins, president of the Women's Trade Union league, and her sister, Miss Dryer, president of the New York Women's Trade union league, addressed the meeting. Miss Dryer said that the league in New York had proffered aid to the New York girl operators, using a club with which to beat the now on strike, but that the latter declined it, declaring that they did not

need help at present. Mrs. Raymond Robins especially commended one of the demands of the strikers, that which demanded on behalf of the women equal pay for equal work. Mrs. Robins tendered, on behalf of the Women's Trade Union league, financial aid to the strikers whenever called upon.

## Warn United Press.

The United Press was yesterday served with notice by the Telegraphers' union that they must not serve new business to Associated Press papers. "By serving these papers," the United Press was informed, "you are aid to the New York girl operators, striking operators of the Associated Press."

## SMOKES PIPE AT 110.

Aged Woman of Wisconsin Still Clings to Use of "Obnoxious" Weed.

Milwaukee, Wis., Aug. 16.—Mrs. Mary McGrath, who is probably the oldest person living on this mundane sphere, is in Milwaukee, and will hereafter make her home with the Little Sisters of the Poor, at their institution on Wells street.

Mrs. McGrath came here in charge of Dr. F. E. Shaykett, of Brandon. She did not make the journey from her little cottage in the village of Brandon, Wis., in a stately chair car, or a palatial day coach. She came in a baggage car, lying upon a cot with her physician standing at her side. Her paralyzed hands reached under the cover of her cot as she produced a short clay pipe, filled it with tobacco and lay back enjoying the soothing effects of a smoke, for Mrs. McGrath, notwithstanding her advanced age, still sticks to the "obnoxious" weed.

The memory of the oldest inhabitant of Fond du Lac runneth not back of the time when Mary McGrath was not a resident of Brandon. She says she will be 110 years of age August 15. There is nobody left among the living to dispute her claims.

And yet up to a few years ago she cultivated a little patch of three acres of ground in the village of Brandon and made it yield her a living. And then she fell and broke her legs, and that incapacitated her for working her little farm, and she was obliged to go and live with her stepson.

Last spring death entered the home and took the daughter-in-law, since which time Mrs. McGrath has been a public charge.

The land and the little home was left her for life by her husband, who died many years ago. Mrs. McGrath is a member of the Catholic church.

## PEOPLE AND SOCIAL EVENTS

### Birthday Party.

On Wednesday evening Miss Lura Rassman, daughter of Mr. and Mrs. J. P. Rassman, of 637 McKinley avenue, entertained her friends with a party in honor of her birthday. Many games were played during the earlier part of the evening, after which refreshments were served by the little hostess. Among those present were: Misses Robbie Hysmith, Amy Council, Marceline Grimm, Rosa Langston, Nora Cothran, Mary Gholson, Tessie Hurt, Mary Bethel, Bessie Robinson, Gerty Gheen, Lura Rassman, Doris Walters, Lillian Grimm, Mrs. Sallie Hysmith, Mrs. Ethel Brandon and Mrs. Maud Bailey, and Masters Fred Bahr, Stall Gholson, Glynn Walters, Jesse Cothran, Alfred Downs, Roy Bahr, Morgan Rassman, Charlie Walters and Earl Bailey.

### Engagement Ends.

Music lovers of Paducah regret the ending tonight of the engagement at Wallace park of Mrs. John Cathey, of Memphis, and the Misses Burrow, instrumentalists.

Mrs. Cathey's reputation as a concert singer is already established, and Miss Shellye Burrow, on the violin, and Miss Nelle Burrow, on the piano, play numbers fit accompaniments of such a rare voice. The program tonight is:

PART I.  
Piano Solo ..... Selected  
Miss Nelle Burrow.  
"My Heart at Thy Sweet Voice"  
Sampson and Dellah, Saint-Saens  
Mrs. John A. Cathey.

Mrs. John A. Cathey.  
Violin Obligato.

### Six O'Clock Dinner.

In honor of Misses Essie and Luna Douthit, of Mayfield, guests, of the Misses Beyer, Fifth and Monroe streets, Miss Katherine Rock entertained last evening at her home, 224 North Sixth street, with a 6 o'clock dinner. Covers were laid for 12, and the dining room was prettily arranged with potted plants, and cut flowers. A color scheme of blue and gold was cleverly carried out by the hostess in the refreshments and decorations. The dinner was in four courses. Those attending were: Misses Essie Douthit, Lillian Beyer, Luna Douthit, Carrie Beyer, Ethel Seamon, Lorena Beyer, Flora Seamon, Katherine Rock, and Mr. and Mrs. Howard Shelton, and Messrs. George and William Rock.

### Basket Supper.

## IN THE COURTS

### In Police Court.

Police Judge D. A. Cross had an uninteresting docket today. Four cases were entered with not a fine.

Thos. Bridges & Son, breach of ordinance, dismissed; Will Scott and Tom Martly, colored, drunk and disorderly, continued; Ira Anderson and Claves Edwards, cruelty to animals, continued. Allie and Adeline Morton, Annie Tolliver, Nannie Gray, colored, and Eliza Sweeney, white, petit larceny, continued.

### DYNAMITE PLOT TO KILL HATED IRISH NOBLE FAILS.

Cionnell, Ireland, Aug. 16.—Lord Ashton, one of the landlords whose activity in the cattle grazing war has aroused the most bitter animosity, narrowly escaped death this morning from the explosion of a dynamite bomb which partly destroyed the hunting lodge where he was sleeping.

Lord Ashton has large estates in the west of Ireland, where the grazing troubles have taken place. He arrived at his lodge at Glenshury last Monday. He was awakened at 2 o'clock this morning by a crashing explosion. He rushed from his bedroom into the hall just in time to escape a falling mass of timbers and glass. The exterior side of the house was shattered and part of the interior is a heap of debris.

It is believed by Lord Ashton that the explosion was the work of peasants from the west of Ireland.

There has been considerable feeling against Lord Ashton, arising from a remark he made in the course of a speech on the cattle grazing war. This remark was: "I would rather have bullocks on my estates than Catholic laborers."

### FEAR ANOTHER MAINE.

Regretted That American Warships Are Sent to Japan.

Manila, P. I., Aug. 16.—Much regret has been caused, particularly among Americans and the business element here, by the departure of the American warships for Japan. The Raleigh and the Cincinnati left Cavite on Aug. 3, and the Colorado, the West Virginia, the Maryland and the Pennsylvania on Saturday last. The program was that the vessels should meet at Yokohama, where collars were to await them.

Some of the officers are dubious regarding the wisdom of visiting Japan just now, citing as their reason the possibilities of an accident similar to the Maine affair, which might occur owing to the hatred of some individual excited by the radical publications in the Tokio journals.

### BOY A BANK THIEF.

Caught With Dress Suit Case Stuffed Full of Ten Dollar Certificates.

Old Town, Maine, Aug. 16.—Having in possession a new dress suit case well stuffed with new ten dollar gold certificates and new treasury notes amounting in all to \$4,700, Winfield Marston, aged 16, formerly clerk in the Chicopee National bank at Springfield, Mass., was arrested near here today on the charge of stealing \$5,000 from the bank on July 29.

Wives Work Pittsburgh Keys.

Pittsburgh, Pa., Aug. 16.—Pittsburgh remains in communication with the rest of the country telegraphically chiefly because of three women, wives of the officials in the office of the Western Union company here. They are Mrs. E. B. Saylor, wife of the superintendent; Mrs. N. E. Church, wife of a local manager, and Mrs. Schiller, wife of the night-wire chief. These women were operators before their marriage. Two days' work has taken the kinks from their fingers, and last night the three women set the pace for thirty-six other operators.

Diplomat Insults a Woman.

St. Louis, Mo., Aug. 16.—Mannet R. Embil, secretary to the Cuban consulate at St. Louis, was fined \$66 to-day for insulting Mrs. Osman Reichel, Mrs. Reichel, with her baby in her arms, was standing near the Jefferson hotel waiting for her husband, who is employed there as a waiter. Embil accosted her. Mrs. Reichel moved and Embil followed her, seizing her hand and kissing it. At this moment Reichel appeared and soundly thrashed his wife's tormentor, afterwards having him arrested.

Reichel is a law student, working as a waiter in order to procure money enough to pay his tuition fees.

Boston Officials Indicted.

Boston, Mass., Aug. 16.—Superintendent of Streets James H. Doyle and Common Councilman James H. Hatton, of Charlestown, were indicted today, the former for offering a bribe in connection with the passage by the council of a loan bill amounting to \$1,500,000, and the latter for perjury, also in connection with the bill. Both were held for trial.

Fiancee Sees Swimmer Drown.

Milwaukee, Wis., Aug. 16.—Adolph A. Schmidt was drowned while swimming in Lake Monona. He was following a boat in which his fiancée, Miss Irma Hassinger, and his half sister, Ida Peters, were seated, when he became exhausted and sank.

Making Tinfoil.

Tinfoil, which is extensively used for wrapping tobacco and other articles of commerce, is a combination of lead with a thin coating of tin on each side. It is manufactured in the following way:

First, a tin pipe is made. This pipe is then filled with molten lead and rolled or beaten to the thickness required. In this process the tin coating spreads simultaneously with the lead core and continuously maintains a thin, even coating of tin on each side of the sheet of lead, even though it may be reduced to a thickness of only one-thousandth of an inch or less.—New York Press.

Notice!

## PRINTERS WON'T HELP OUT STRIKE

Report of Sympathetic Movement Was Erroneous.

Statement Made at Meeting of International Typographical Union at Hot Springs.

### HOW THEY STAND IN MATTER.

Hot Springs, Ark., Aug. 16.—International feeling marked the session of the International Typographical Union today. Because Vice President Hayes had settled a strike in Toronto according to his best judgment, and did not consult the local union, Delegate Williams told the convention that Hayes had exercised a despotic power and concluded a fierce speech by declaring that "what grinds, is to have a Yankee settle things for us."

The last assertion was greeted by an uproar. As soon as quiet was restored by President Lynch, Delegate Williams apologized for bringing into the convention national tendencies, and asked consideration of his amendment, limiting the power of the national officers in adjusting wage scales and settling difficulties without consulting and securing the approval of the local union affected. The debate on the amendment occupied almost the entire morning, and on a vote the measure was lost, 111 to 70.

Committee reports will be read tomorrow. As a mark of respect to Delegate H. R. Moffit, who dropped dead Tuesday, resolutions were passed today and during the remaining days of the convention crepe will be worn by the delegates.

The fifty-third annual convention of the International Typographical Union, which is in session here, is unanimously pronounced the most successful from a business and social standing of any ever held.

A great mass of business has been transacted already, although only half-day sessions have been held so far. The delegates are being entertained in an elaborate manner.

The annual reunion of the pirates took place this afternoon, and tomorrow night there is to be a grand ball at the Arlington hotel in honor of the types. The convention spent most of the morning in considering the report of the committee on laws. No changes of especial importance have been made in the general laws up to date.

Boston and Lexington were nominated for the 1908 convention, and a

vote will be taken upon the matter tomorrow. Boston leads, but St. Joseph and Seattle are strong competitors for the convention of 1908. Owing to the telegraphers' strike, the officers have received but little information from the outside world since Monday, except what they read in the foreign papers.

The report that the International Typographical Union might become involved in the strike is scouted, in as much as the typographical unions are all bound by contracts for a period of years.

Miss Anna C. Wilson, of Washington, is a candidate for election to the board of trustees of the Printers' Home, and is conducting an active campaign.

Delegate George Bothler, of Cincinnati, who was prostrated by the heat yesterday, and whose life was despaired of at one time, was able to attend the convention this morning.

Hollan's Independents will play the Metropolis Blues at League park grounds Sunday.

## METHODISM

IS ONE HUNDRED YEARS OLD IN ILLINOIS THIS WEEK.

Centennial Celebration Was Observed at Shiloh, St. Louis County.

The birth of Methodism in Illinois occurred 100 years ago this week, the exact date being Wednesday, August 14, 1807, at Shiloh in St. Louis county. A great celebration of the event was held Wednesday and yesterday. Governor Deneen being one of the speakers.

Many tender memories cluster about the site of the present Methodist church at Shiloh, Ill., a historic village five miles east of Belleville, for it was there 100 years ago that the first Methodist church was erected in the Prairie state, and Methodism was first established in Southern Illinois. In that first log building erected by pioneers of the territory many of the nation's most prominent men half a century ago received their first instruction in religious training.

The anniversary was celebrated at Shiloh on the very site of the first church. A two day's program of addresses by some of the most prominent ministers and other public men of Illinois was given and old-fashioned basket dinners were served there, just as they were 100 years ago when the memorable camp meeting was held and the first church raised. In response to the invitations sent broadcast there were hundreds of leading Methodists present from all parts of the compass and such a gathering as never has been known in the history of religious assemblies in the United States.

**BEAUTIFUL WOMEN**  
Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Middleburg, Tex., writes May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by J. T. Ochsenschlaeger, Lang Bros. and C. O. Ripley.

**Woman's Nightmare**  
The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend prepares the system for the coming event that it is safely passed without any danger. This great and wonderful remedy is always applied externally, and has carried thousands of women through the trying crisis without suffering.

**Mother's Friend**  
No woman's happiness can be complete without children; it is her nature to love and want them as much so as it is to love the beautiful and pure. ### I. C. MEN WISH ON HOSPITAL BOARD

May Have a Representative From Each Union.

Delegates Have Just Returned From Conference Held at Chicago With Officials.

NO COMPLAINTS ARE MADE

Indications point to another upheaval in the management of the local Illinois Central railroad hospital, and all depends on action taken tonight at a special meeting of the Brotherhood of Railway Machinists of the Illinois Central. The meeting is held for the purpose of hearing a report from a special committee, appointed to confer with higher officials relative to representation directly from the brotherhood. While no definite statement can be secured beforehand from the committee, it is said the higher officials will grant the requests.

What is desired among machinists is representation from their ranks in the board of directors of the hospital association. The reasons given are these, to use the words of a machinist:

each month we think we are entitled to assist in adjusting the finances as well as the management of the institution, realizing that we pay for it. It is true that machinists form only a small part of the employees who contribute to the support of the hospital, but we are backed by other brotherhoods who will come in later, we believe.

#### Old Controversy.

Four years ago such a move was contemplated but did not materialize. It was desired that a representative from the shops be appointed to act in conjunction with the master mechanics, who by virtue of his office is representative of shop employees. It is intimated that the shop men do not desire an official of the road representing them.

"We do not question the management of the hospital in any way, but believe that we can manage it to the better satisfaction of the employees who pay for the accommodations, if

we have direct representation from our ranks," stated a member of the brotherhood. "This step is not antagonistic to the officials, and we do not desire it to be so understood."

Messrs. Fred Flanagan and Harry Kelley compose the committee appointed. They returned from Chicago last night after conferring with William Renshaw, superintendent of machinery; General Manager Harriman and other higher officials. About their trip the committee refused to make a definite statement.

"We were well received," they stated, "and are satisfied with what we got. Our report tonight will be made public at the proper time."

The local hospital is the only one on the entire Illinois Central system. It is maintained by contributions from employees south of the Ohio river.

### RAILROAD NOTES

#### Picnic Incidents.

Echoes of the most successful Illinois Central railroad employees' picnic ever held reverberate, and incidents are reported daily. While there were not any serious accidents or trouble of any kind, several narrow escapes, and incidents worth recording were reported. Mr. Harry Judd, an Illinois Central pattern maker, with his wife and two sisters-in-law, grew weary on the tramp from the picnic grounds to the depot. They sat at the base of a long hill to rest, but were presently disturbed by the advent of boulders ranging in size from a hen's egg to several inches in diameter. Kuttawa "hoodlums" were practicing throwing at a sleeping picnicer's head. They missed

fortunately, and Mr. Judd rose to investigate. He found the sleeper uninjured and promptly dispersed the "alley gun" artists. He found, however, a four-foot blacksnake investigating the wearing apparel of the sleeper, and dispatching the snake, awoke the sleeper. Mr. Patillo Kirk, the I. C. special policeman, was a victim of a sneak thief, and although he regrets to acknowledge it, told the joke to friends. Someone "touched" him for his pistol, taking it from its scabbard while riding in the baggage car on the train. Loss of the firearm was not discovered until after he reached Paducah.

Mr. Jack O'Connor, the well known Illinois Central machinist, will leave tonight for Sedalia, Mo., to work for the Missouri Pacific. He is a Louisville boy and during his six weeks' residence in Paducah has made numerous friends, who will regret to see him leave.

The Illinois Central pay car arrived this morning between 9 and 10 o'clock from Mounds, Ill., and all local employees were paid off. Merchants will observe the day by keeping open tonight to accommodate the railroad trade.

A general cleaning of the Paducah I. C. yards has been indulged in, and the tracks present a perfect appearance. All debris has been removed, and nothing but cleanliness meets the eye.

Messrs. Edward and Bob Blanks and George Schaven, well known I. C. machinists, will leave in a day or two for Louisville to visit relatives.

Messrs. J. H. Thorpe, Ed Stevens, Herman Boaz and R. G. Randolph left this morning for an inspection of the Cairo extension of the Illinois Central. They are painters, and will recommend improvements in painting if found necessary.

Supt. A. H. Egan of the Louisville division of the Illinois Central, left for Louisville this morning. He had been here several days on business.

Thrones of King Edward, Great Britain, has at least half a dozen thrones, of which three are in London palaces, one in the House of Lords, one in Westminster Abbey and a sixth at Windsor Castle.

Of these, the most ancient is that in the Abbey, where each new ruler of the British Empire is crowned. The Austrian Emperor, like his brother, the Russian Czar, has several thrones—one in the great Hofburg in Vienna

and another in Budapest as King of Hungary. The latter is the more interesting on account of its history and antiquity.

Wants Teachers' Certificates. Supt. John Carnagoy, of the city schools, has received many city teachers' certificates. He desires the others so that he may know how many must take the examinations next week.
