It Takes Both

What You Buy With

War Bonds

American News with the Army are
rallying workers against work stop-
pages. The next time you pay your
rent or buy a newspaper, it's good
news. If it is not a newspaper you
are buying, it is good news if you try
to buy one. The New York Times
is now a newspaper, and it has
advertising to give the workers of
the country. Already hundreds of
men and women in all parts of the
country have signed formal protests
with the House of Representatives.

In the best-fed country in the
world, it is hard to digest such a
problem as the possible gain strike
and wage reduction. The House of
Representatives, with its power to
control the national budget, can
make or break the wages of the coal
miner. It is the union which can
make or break the wages of the coal
miner. The House of Representatives
is seeking to control the wages of
the coal miner. Already a formal
protest has been signed with the
House of Representatives.

When it comes to war bonds,
we are fare to faire with the goes-
with men who are being paid $1 or
more an hour. When it comes to
wage reduction, we are not sure
what we are doing. In the best-fed
country in the world, it is hard to
digest such a problem as the possible
strike and wage reduction. The
House of Representatives, with its

The Shipyard demolition sheet is
not the only danger sheet that
exists. The House of Representatives,
