Every 3rd U.S. Marriage Fails,
Weakening Social Structure

By Dr. Clifford S. Adams

JANUARY 25, 1945

I could list, in little 20 pages, the reasons why the marriage rate is falling and why our social structure is weakening. Why? And what is the social pressure that is working against it? That is the subject of this article.

By April, Congress would have had the Senate and House of Representatives, with the pressure of public opinion, to pass a law making it illegal to speak against the marriage rate. And it would no longer be a matter of public opinion; it would be a matter of public instruction.

The marriage rate is falling because of the social pressure. And it is weakening our social structure. It is weakening the social structure that is our civilization.
