NUMBER TWENTY-TWO

One Big Tax Attracts Another

Nation's Taxpayers Start "Giving
Out 20 Percent On Pay-As-You-
Go Beginning July 1

Beginning July 1, the Nation's individual taxpayers will go the "pay-as-you-go way," on the monthly collection system. Where heretofore, federal income taxes have been paid yearly or quarterly, taxpayers will "shell out" monthly on the new 20 percent basis. Every one readily admits that the cost of the war is terrific, but no one seems willing or able to do anything about unnecessary overhead due to bureaucracy and over-burden payrolls of government employees.

Along with this good news President Roosevelt says that he will send Congress formal new recommendations for more, and probably higher taxes within a few weeks. The President said that the quicker the inflationary gap between purchasing power and available goods is closed the better it will be. To do this, he said, would probably require a combination of compulsory savings and more taxes. He told his press conference that he still expects a sales tax because it would hit the poor people of the country, and that most people fall into that category. But he said that higher taxes on liquor and tobacco might be a good way to help close the inflationary gap.

As for the new tax program, Mr. Roosevelt said that he would send his proposals to the Capitol before Congress starts its proposed recess. Plans for the recess are not definite, but leaders hope to finish necessary work and let the members go home for about two months starting July 13.

GRADUATES RECEIVE DEGREES AT U. K.

Approximately 600 students, representing a cross-section of Kentucky and many other states, were graduated from the University of Kentucky recently. Among those receiving degrees were:

Anna Mary Dellyer, bachelor of arts, Fulton; James Moss Johnson, bachelor of arts, Clinton; Trevi Whyne, bachelor of arts, Fulton; Earl Moore Bohn, bachelor of science in agriculture, Clinton; Myrtle Pearl Binkley, bachelor of science in home economics, Fulton; Mary Liversone Barnett, bachelor of science in home economics, Fulton; Mildred Katherine Hancock, bachelor of science in home economics, Fulton; Ben Davis Sublett, bachelor of science in commerce, Cayce.

NOTICE TO TAXPAYERS

Enacted by the General Assembly of the Commonwealth of Kentucky, Regular Session of 1942, in Senate Bill No. 182.

"It shall be the duty of all persons owning or having any interest in any real estate situated in this state or owning or having any interest in any personal property having a taxable status in this state to list or have listed between July 1st, and September 1st, of each year such property with the County Tax Commission of the County where it is located."

Before the enactment of this law, it was the duty of the Tax Commissioner to call at the residence of the taxpayer and receive the assessment lists. Due to the fact that last year was my first year as Tax Commissioner, I covered the county from house to house to better acquaint myself with the property.

I, Elmer Murchison, County Tax Commissioner, will have my office open July 1st, and will appreciate your listing your taxable property with me before September, 1943. If there is no change from your last year's assessment, a card or telephone call authorizing me to make assessment will be permissible.

I will be in Fulton for two weeks in July, at a place to be published later, for the purpose of listing your lists.

ELMER MURCHISON,

Fulton County Tax Commissioner

HARRY BRADY PROMOTED BY KENTUCKY UTILITIES

Harry Brady, who has been employed by the Kentucky Utilities Company here for the past four years, has been transferred by the Company to Clinton. He will be manager in Clinton, and his friends here will be glad to learn of his promotion.

Mr. and Mrs. Brady and son, Toby, will go to Clinton Wednesday to make their home.

FULTON HOSPITAL

Miss Pauline Thompson is better. Mrs. Orby Bushart was admitted Monday for treatment. Mrs. C. C. Boyett is improving. J. E. Vetch is all right. Mrs. Lulu Bird is about the same. Mrs. Gibson was admitted Tuesday.

DUKEDOM NEWS

Mr. and Mrs. John Smoot received a telegram from their son James, who is somewhere in England, last week stating that he had been slightly injured but was in the best of health otherwise.

Pvt. J. H. Webb of Camp Berry, Conn., is spending a few weeks furlough with his parents, Mr. and Mrs. George Webb and family.

Marvin French, who is taking treatment in a Middlesboro Hospital is spending a few days with his wife and daughters.

Mr. and Mrs. Powell Webb of Knoxville, Tenn., is visiting his mother, Mrs. Lela Webb and other relatives and friends.

Mrs. Anna Hook spent the week end with her sister Mrs. Hubert Jackson.

Mr. and Mrs. Dave Alexander spent Sunday with Mr. and Mrs. B. A. Winston and attended church services at Oak Grove.

Dr. and Mrs. C. A. Bell have returned from a business trip in Memphis last week.

Mrs. Clarence Moody and son Billy of Memphis are visiting her parents, Mr. and Mrs. C. A. Bell.

Troyce Brann, who is working in Alaska arrived Sunday for a few days visit with his wife and parents.

Rev. E. B. Rucker filled his regular appointment at the Methodist church Sunday afternoon with her parents.

Mr. and Mrs. Jimmy Jackson spent Sunday afternoon with her parents, Mr. and Mrs. Pentecost in Palmersville.

James Gay and Wanda Roberts of Mayfield were visitors in Dukedom Friday night.

Mr. and Mrs. Arnie Chasen of Fulton were Sunday afternoon visitors of Mr. and Mrs. Powell Webb.

Pvt. Handy Yates of Fort Knox, Ky., spent the week end with his parents, Mr. and Mrs. Dewey Yates of Pilot Oak.

Miss Frances Vaughn left Saturday morning for Camp Livingston, La., where she will be married to Pfc. Ray Pate.

SAFETYGRAMS

I have repeatedly warned motorists about the careless practice of backing up without looking.

Headlight is as important as flashlight. The rear view mirror should be so adjusted that you will always have a clear view of the road behind you. This is not only advisable for truck drivers but also for the passenger car operator.

Many drivers park their cars near the curb and leave it for a few minutes. Upon returning they find that someone has driven ahead of them, and in order to get into the road they make a sudden backward movement only to find that there has been an accident.

Keep your rear view mirror clean and so adjust that it will give you a clear view of the road behind you.

Mrs. Sarah and Loretta Weeks of Middlesboro visited Sunday night with James Thomas and Elsie Thomas. James Thomas and Elsie Thomas. Eugene French is spending the week with his grandmother, Mrs. Walker in Martin.

OUR DEMOCRACY

by Met

DOUBLE DUTY

THE SAVINGS MEN AND WOMEN HAVE IN LIFE INSURANCE, IN ADDITION TO PROVIDING FAMILY SECURITY, ARE DOING A DOUBLE DUTY JOB.

MORE THAN 17 BILLION DOLLARS OF LIFE INSURANCE MONEY ARE ALREADY AT WORK IN THE "ARSENAL OF DEMOCRACY"—AND MORE AND MORE SECURITIES OF THE GOVERNMENT AND INDUSTRY ARE BEING PURCHASED DAILY.

YOUR JOB TO FACE NEW DIFFICULTIES

Your job and my job must face new and difficult problems.

National industries are engaged in war production. Local businesses, including the butcher, the baker, the candlestick maker, the grocer, the publisher, the banker, the shop and small factories are feeling the pinch of war as they try their best to operate under restrictions and controls.

They have to conduct their business affairs in unusual ways; but Americans are united in the determination to do their full duty to their country and bear the burdens of sacrifice. A few weeks ago merchants were in distress, asking friends "what can I do?" There have been an unusually large number of business failures, but the world wages on, with tremendous changes in our business system.

Still, news writers and correspondents must keep their heads cool, their nerves steady. Their editors and publishers must serve their communities, and keep their readers informed and their columns open to local advertisers to let the public know what's going in the stores and markets.

It's just up to all of us to do the best we can while business is unusual—and meanwhile pave the way for the new business to the old standards in the coming post-war days.

LOWER FOOD OUTPUT PERHAPS WAR EFFORT

Threatened decline in food output this year may bring needless disaster to our war effort. To put the nation's farms on a genuine war basis requires all-out production of essential foods on every farm unit in the country.

Some 430,000 low-income farm families have been assisted in expanding their output, especially of pork, milk, eggs, poultry, peanuts and vegetables, this study shows. Such small-farm production can be still further increased if the work of the Farm Security Administration is continued.

Over-all planning of food production, now possible under the new Office of War Mobilization, can limit non-essential crops and convert more land to necessary war crops. It can meet the labor shortages that have developed in certain areas by drawing on manpower from other centers. And it can carry out more effective rationing of new farm machinery.

LOCAL SURGEON IS MADE ARMY MAJOR

Dr. Ward Bushart, who entered the United States Army last September, with rank of Captain, was recently promoted to Major. This promotion was made in Philadelphia, where Major Bushart has been for the past eight weeks with the Army Air Forces Wing.

This news will be of great interest to Fulton people, who have followed Major Bushart's career in the Army with much interest. Before entering the armed services he was connected with his brother, Capt. Glenn Bushart, and father, Dr. Bushart in the Fulton Hospital.

KENTUCKY FARMERS FACE CHALLENGE

"Farmers throughout Kentucky and the Nation face the greatest challenge in agricultural history" was the statement made today by M. D. Boye, Chairman of the Kentucky Agricultural Adjustment Agency and USDA War Board.

"Although conditions have not been adequate for farmers to become actively engaged in spring planting, they should make every effort to finish this job when conditions are favorable. No acre of land should be left idle. States not affected by the recent floods of the middle Mississippi basin have an extra job to perform in food production to make up the deficit that will be forthcoming in the areas recently flooded."

Farmers will be given every assistance possible in the obtaining of labor and machinery by the U. S. Department of Agriculture. Although farmers plant up to their farm goals, every effort should be made to increase his acreage. We should plant with the anticipation that the most favorable weather conditions will exist for harvesting.

CHRISTIAN SCIENCE

"Arise, shine; for thy light is come, and the glory of the Lord is risen upon thee." These words from Isaiah comprise the Golden Text to be used in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Christian Science." Included among the scriptural selections will be "For the earth shall be filled with the knowledge of the glory of the Lord." (Hab. 2:14.)

LT. EDWARD FRY KILLED IN ACTION

Lt. Edward J. Fry, 22, was killed in action in North Africa on November 23, 1942, according to a message received from the War Department by his parents, Mr. and Mrs. Charles Fry in Cayce recently.

Lt. Fry was graduated from Fulton High School and volunteered for the service in 1939. He received his commission at Fort Knox, Ky., and was sent overseas with a field artillery outfit in January of last year. He is survived by his parents, a brother, Robert J. Fry, who is in the U. S. Naval Air Corps at Corpus Christi, Texas, and a sister, Janet Fry of Fulton.

I. C. NEWS

J. L. Bevins, president, was in Fulton Monday.

F. R. Mays, vice president and general manager and W. A. Johnston, assistant vice president and general manager were in Fulton Monday.

T. K. Williams, superintendent of Paducah, was in Fulton Monday.

J. F. Sharkey, superintendent, Warrenton Valley, Miss., was in Fulton Monday.

S. C. Jones, trainmaster, R. C. Pickering, clerk, and T. C. Nims, traveling engineer, were in Paducah Monday.

L. E. Harper, assistant to the manager of personnel spent Monday night in Fulton.

C. J. Carney, division engineer, Paducah, was in Fulton Monday.

W. L. Jones, master mechanic, Jackson, was in Fulton Monday.

H. K. Buck, trainmaster, was in Jackson Tuesday.

C. J. Hurst, traveling baggage-mail express agent, Paducah, was in Fulton Tuesday.

E. W. Young, traveling auditor, Chicago, was in Fulton Monday night.

E. C. Ellis, assistant engineer, Paducah, was in Fulton Tuesday.

R. C. Pickering, clerk, and S. C. Jones, trainmaster, were in Dyersburg Tuesday.

Miss Irene Dover, secretary, was in Dyersburg over the week end.

TO ENCOURAGE ALL TO CAN FOOD CROPS

Information on how to can Kentucky's victory garden and fruit crops is to be made available to every rural family in the state, Miss Myrtle Weidman, state leader of home demonstration work, has announced.

Community and neighborhood demonstrations on canning and dehydration will be given by home demonstration agents and leaders they have selected. Demonstrations will feature a canning institute for home agents conducted by Mrs. Pearl Haak of the State College of Agriculture and Home Economics and Miss Jane Roberts of the Tennessee Valley Authority.

In many counties, food preservation demonstrations will be held the last week of June and the first week of July in order to put away for winter use the biggest garden crop ever produced in the state. With the cooperation of farm agents, eight members of the state home economics extension staff will hold canning meetings to train homemakers as leaders in these counties without home agents. They will teach correct methods of canning and drying in their neighborhoods.

OPERATORS LICENSES MAY BE PURCHASED

Holders of Kentucky Operators Licenses may purchase their 1943-44 licenses between now and August 1, when current licenses expire, the Revenue Department announced today.

The new licenses have been mailed to Circuit Court Clerks and may be picked up in advance. This will be helpful to persons going into the armed forces or on vacations.

Although applicants are required to surrender this year's licenses when obtaining their new licenses, they will be protected fully for the remaining part of the present licensing period, because no new licenses will be issued unless the applicant holds this year's license.

Mrs. Hortense Johnson returned home after a weeks visit in Fulton.

Food Conference Developed Little But New Theories

Will American Farmers and Taxpayers Feed A Hungry World?

The food conference held by the United Nations at Hot Springs, Va., was called a complete success by President Roosevelt. The conference agreed that the world has never yet produced enough proper food for all its people, but it expressed confidence that full production could be met through the simple process of better use of the land that God left for human beings to work and cultivate.

The conference went a-dreaming over theories about exploitation, political aggrandizement, tariff walls, international currency—and other things that the United States eventually would have to pay for.

Washington has been entertaining doubts about the success of the double-headed Administration of the Agricultural Department, operated by Mr. Wickard as Cabinet Secretary, and Chester C. Davis as Food Administrator. There is talk of putting the two jobs under one head, but the choice would like go against Wickard. He knows his potatoes, grains, cottons, and soybeans. He may be a little slow on learning political tricks, but he has plenty of what might be called farm and horse sense. He is not, New Dealer though.

The whole question seems to create a division over whether the United States will agree with the Hot Springs Internationalists and the President of the United States who wants to make a sort of Wilkie "One World" job out of feeding the hungry world or, doing the job single-handed the way Hoover did when he was Food Administrator for the United States. A few months ago Herbert Lehman resigned as Governor of New York State to take this same important job. He hasn't been prominent in the picture the last three or four months.

To solve the tremendous food problem the following nine point program might help:

1. Consolidate food production and distribution authority under one responsible head, who must be Secretary of Agriculture.
2. Decentralize work under state, municipal and county administrators.
3. Increase farm manpower to levels higher than before the war, and plant 40 to 50 million acres more this year.
4. Supply an adequate amount of agricultural machinery.
5. Abolish the system of price ceilings and let price fixing "begin as near as possible to the farmer."
6. Set up a farmer's war committee on price, and so-called "parities" for the war.
7. Balance consumption with production through rationing, which should be simplified by excluding non-essential foods and decreasing the variety of foods rationed.
8. Set up war committees among processors and distributors to maintain the flow of food.
9. Avoid subsidies, which are deplorable aggravation.

The present Administration has reduced 17 leading farm crops by 47,000,000 acres between 1932 and 1939. Now all this, and more, must be gotten back into cultivation to feed a hungry world. American taxpayers are realizing more and more at whose expense.

PERSONALS

Mr. and Mrs. L. S. Hoston, Water Valley, Miss., spent the week end with their daughter Mrs. L. M. Cott.

Mrs. F. J. Bryant and daughter Peggy Joyce, spent the week end in Grenada, Miss. Peggy remained there for a two weeks vacation with her grand parents.

Mr. and Mrs. Carl Carl King and children spent Sunday with her parents, Mr. and Mrs. C. E. Weeks, south of town.

Mrs. Thomas Tucker and children spent the week end with her sister Mrs. S. E. French.

ANOTHER SNEAK ATTACK

The well planned closing of the nation's coal mines while United Mine Workers' demands were in process of negotiation, is on a par with the Japanese sneak attack on Pearl Harbor. Words cannot express the contempt of the American people for individuals who are parties to such treachery, and who refuse to work while our soldiers die.

Let us hope that Congress will at last assert its authority and enact legislation providing controls for organized mutiny which endangers public safety for personal gain.

If the enemy had bombed our coal mines, the work stoppage would not have been as complete as when the United Mine Workers deserted their posts. Therefore their action is the equivalent of an enemy attack on this nation.

STRENGTHEN ISLAND TERRITORIES

How many persons know that the island of Puerto Rico, a guardian for the Panama Canal and our eastern seacoast, is a territory of the United States, represented in Congress by Hon. Bolivar Pagan, resident commissioner for Puerto Rico? Our far flung outposts should loom larger in the minds of all of us since our experience on Attu.

Commissioner Pagan has spoken before our House of Representatives urging a study of the political, economic and social conditions in Puerto Rico. He says it would be helpful to Congress and to the Puerto Rican and continental American people.

This is no time to neglect our territories or to countenance political policies therein contrary to the best interests of our republic. Instead, every endeavor should be made to develop such territories and help them become states in our Union.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The art of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer raging backache, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use Doan's Pills. They have had more than forty years of public approval. Are endorsed the country over. Insist on Doan's. Sold at all drug stores.

WILL PRICE FIXERS LEARN?

Will we next see a disastrous oil shortage because our economic planners again try to go counter to the laws of nature?

Oil men state that we are using up our known oil supplies much more rapidly than we are discovering new ones. Wildcatting for oil must precede refined oil products. To promote wildcatting, ceiling prices on crude oil must cover increased cost of labor, supplies and taxes, and allow a profit, or no new wells will be found to offset those being exhausted.

The same policy is for government development of our oil resources. We face disaster from many other courses.

COUNTY AGENT NOTES

Mr. Willis Hilliard will begin dipping sheep in Fulton County around July 1. All sheep owners should dip their sheep to prevent shedding of wool. Shedding is caused by a little mite which works just under the skin which causes wool to drop off. If you want your sheep dipped make it known to S. V. Foy, county agent. The Fulton County Farm Bureau and sheep improvement committee are expecting to receive a carload of Northwestern yearling ewes the first of July. These sheep will be shipped from Bozeman, Montana and will cost \$15 per head.

Flye multiply fast. A female fly may become a great grandmother in 60 days. The house fly may lay as many as 2700 eggs during a life time of three months, says F. C. Bishop, entomologist of the U. S. Department of Agriculture. Preventive measures against these pests include disposal of manure, garbage, sewerage, decayed grass clippings, and other vegetation and use of fly spray and fly traps. Flies may travel several miles so as a flyless community calls for neighborhood cooperation. Plans for making a fly trap can be had at your county agent's office.

The county and home agents have on display at the REA Office an electrical dehydrator for fruits and vegetables. Dehydration of fruits and vegetables is going to be an important part in food preservation this year. We suggest that you go to REA Office and see this dehydrator. Then contact Mrs. Catherine Thompson, home agent for plans whereby you may use it.

WFA TO ASSIST VEGETABLE MARKETING

With the 1943 crops of fresh vegetables beginning to move in seasonal abundance the War Food Administration today announced steps designed to help growers maintain favorable marketing conditions for their produce and provide for the most effective utilization of available supplies.

While fresh vegetables generally have been in short supply during the spring months, they should be in increasingly plentiful quantities as the summer season advances, WFA officials said.

Consumer demand for fresh vegetables is heavy and should result in an outlet for a large production. It is possible, however, that producers will need assistance in moving some of the commodities during mid-season harvest peaks, so that valuable crops will not be wasted.

When a fresh vegetable is a heavy supply, WFA will cooperate with grower, trade, and consumer groups in focusing attention on that particular product. Retailers will be asked to feature it in their stores and consumers will be urged to make full

What You Buy With WAR BONDS

Pig Boat

At sea on a submarine isn't exactly the "life of Riley." In the Battle of the Atlantic, or on the great stretches of the Pacific these sailors know the hazards of their work.

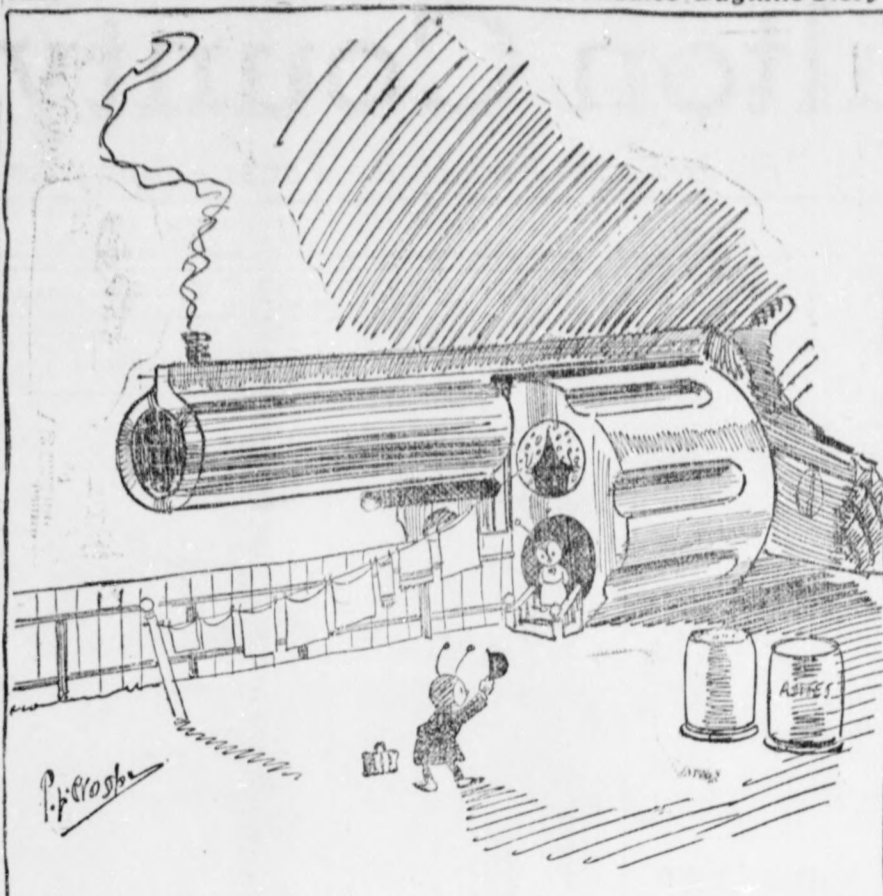

One of the spots aboard these "Pig Boats" that all crew members enjoy is the galley, or kitchen. Space limitations prevent an elaborate set-up, but cooks aboard these vessels are justly proud of the meals they prepare for their crews. Your increased purchase of War Bonds helps make submarine life as pleasant as possible.

use of it while supplies are plentiful. This, it was pointed out, will help relieve the demand on products in shorter supply.

Carrots and snap beans are in large supply at the present time, and assistance has been given in moving these products from producing areas. Peas and tomatoes soon will be coming to market in greater quantities. In addition to these, it may be necessary to assist in the marketing of spinach, sweet corn, cabbage, and onions, and possibly some other crops.

CRUTCHFIELD TWO

Miss Pauline Waggoner started her food preservation meetings, Lessons on Tuesday, July 15.

The Homemakers club was entertained Monday, June 14 by Mrs. Bryant Kirby in her lovely home in Crutchfield. Ten members were present.

Come to Church next Sunday and receive a spiritual uplift.

Mr. Robert Bellaw returned to Camp after a weeks furlough at home.

Mrs. J. W. Edwards spent Wednesday with Mrs. Lawrence Lomax.

Mr. Ed Nugent returned home Tuesday after a weeks visit with his brother Oscar Nugent.

Mrs. Thurman Howell spent Monday afternoon with Mrs. Delma Binford.

Gleason Howell is running his combine this week.

Mrs. Ruth Lomax, Mrs. Mary Lou Binford and Mrs. Laura Cashon attended the homemakers club meeting Monday afternoon.

Miss Pauline Waggoner began her O.S.Y.A. classes Monday over the county. Two classes a day have been given. Each community will get three lessons. The third week a demonstration with the canner will be given at Cayce accommodating two communities at a time.

This is a project put up especially for Fulton County, however it will be available to others when not in use. If you are interested contact Miss Waggoner and she will be glad to explain to you. Better still attend the classes. Crutchfield date is Tuesday, June 22 and Cayce, June 24, then a week from that date the third meeting will be held.

Mr. and Mrs. Morry Wynne from Chicago, Ill., are expected to arrive this week for a visit with the Waggoners and Mr. and Mrs. Jim Dawes. Miss Pauline Waggoner and brother Eugene were Thursday night guests of their aunt Mrs. Jim Dawes.

Mrs. Eugene Bondurant, Mrs. Fred Evans and Mrs. Lawrence Lomax attended the O.S.Y.A. class at Cayce Thursday morning.

Miss Emma Jean Evans has work with the Parishion sundry at Fulton.

Gravel is being spread on this road which is badly needed.

Have an engagement next Sunday? If not meet us at Harmony.

Mr. Eugene Waggoner is spending a few days at home before entering the Navy the first of July.

Mrs. Irvin Jeffries called in Crutchfield Tuesday afternoon.

Mrs. Clyde Corum has a new electric range stove now.

Mr. Fred Hudson has joined the civil air force. He is training at the air field near Union City.

Mrs. Cooley is sick at the home of her daughter Mrs. Fred Hudson.

Mrs. Hubert O'Rear was enroute home last Wednesday when they drove into the path of a cyclone. The bus stopped and they witnessed a terrible sight. Telephone poles, trees, barn tops and houses were

Retonga Is Grand States Mrs. Horton

Distress From Nervousness, Indigestion, And Weak, Rundown Feeling Promptly Relieved. Tells About Her Case.

"I feel better than in years, and Retonga deserves all the credit for it," declares Mrs. R. L. Horton, well

known and highly respected resident of 1115 5th Ave., N. Birmingham, Ala. Discussing her happy

blown down. Mrs. O'Rear said she had never before heard such praying and weeping.

Mrs. Oscar Nugent has been real sick this week suffering with nettle rash.

Mr. and Mrs. Fred Hudson and Mr. Bud Vaughn made a business trip to Fulton Friday.

Miss Joyce Bondurant spent the week end at home. She is attending summer college at Murray College.

Miss Helen Stallins, daughter of one old home boy Arch Stallins graduated from high school in St. Louis, Mo., this spring. Helen is only sixteen. We congratulate the Stallins.

The Fulton County schools will begin in July. Most of the teachers have their places back.

We extend sympathy to Mr. Cutsinger, in the serious accident of his son, our prayer is that he will soon be strong again.

Mrs. Floyd Conner left Sunday for St. Louis, she will be the guest of her daughter Linda.

Miss Doris Attiberry leaves this week for Detroit, Mich. She will be the guest of Clara Lee Clark.

There were twenty six present at Sunday school Sunday.

Miss Juanita Hickman from MSTC spent the week end with her parents Mr. and Mrs. Arch Johnson.

Mrs. Mary Moss and Col. Remley were guests of Mr. and Mrs. Bud Vaughn last week. Mrs. Moss is here from Detroit, Mich. She also visited her father and sister at Columbus and several other relatives while here.

Come to Church next Sunday and

relief, Mrs. Horton continued:

"I suffered so much distress from gas, indigestion, and sluggish elimination, I had little peace for the last two or three years. I had no appetite, and a few hours after eating so much gas formed in my stomach that I often had a terrible feeling of pressure against my chest, had headaches and sluggish elimination added to my suffering, and I felt nervous and rundown."

"I got more actual relief through Retonga than everything else combined. I have a splendid appetite, and eat anything I want. I sleep splendidly and that stubborn constipation is relieved. My friends call me how much better I look and I feel like a different person. Retonga is simply grand."

Thousands praise Retonga. Retonga is a purely herbal gastric tonic combined with liberal quantities of Vitamin B-1 and is intended to relieve such distress when due to loss of appetite, insufficient flow of gastric juices in the stomach, constipation, and Vitamin B-1 deficiency. Retonga may be obtained at DeMyer Drug Store.—adv.

get your part of the wonderful spiritual food.

Mr. and Mrs. Bud Vaughn shopped in Clinton Saturday afternoon.

Mr. and Mrs. Tom Douglas shopped in Fulton Saturday.

Joe Luten spent last week at home. Now he has accepted a new job somewhere in the south. Mr. and Mrs. Luten now own the Joe Attiberry home. Mrs. Luten and Mrs. Mildred Luten live in the north side of the old home and Mr. and Mrs. Willis Attiberry have the south side.

Miss Dorothy Wade, daughter of Mrs. Naomi Hewitt Vick graduated from high school in St. Louis, Mo., this June. We congratulate them, also Mr. Ralph Wade, Dorothy's father.

Mr. and Mrs. James McClanahan and Mrs. Virgil McClanahan called on friends in Fulton Saturday afternoon. Jones is home on a furlough... etc has been in the navy three years. He will return to service soon. We wish for this young couple much happiness and good luck.

Mr. George Ferguson has laid his crop by with one horse and he is 70 years old. We feel he deserves much praise.

Mr. and Mrs. Richard Bellaw and Elaine went from Sunday school to Mr. and Mrs. Harry Sublett for dinner and a visit.

Miss Agnes Sublett and Mr. Harold Shaw are supervising the canner at Western.

A thought— You can't sling mud without getting a little on yourself or you can't spill happiness without spilling a little on yourself.

—V—

Every egg and pound of meat hastens the day of the Axis defeat.

It will take the united efforts of our Farm Forces to feed our Armed Forces.

WHAT IS IT GOING TO COST YOU?

WHAT is electricity going to cost you after the war? Records show that as the use has developed, costs drop. Today our average domestic rate is about half what it was only nine years ago. If this downward trend can be maintained we hope to have the cost for home-use comparable to that of the government subsidized power system within a few years.

We hope to do this and carry our part of the cost of war and government. We are paying out in taxes 21 cents of every dollar you pay us for electricity. The government owned systems, like TVA, with special privi-

leges under existing State Law, would be required to pay only a few cents in state taxes and no federal tax. This is only one of the advantages government subsidized power systems have.

With sound business management the electric power industry is meeting all normal civilian and war plant demands for service. And in the face of rising operating costs it goes right on selling electricity at lower and lower prices. Where else can you match this record?

REDDY KILOWATT,
your electrical servant

WEDDING ANNOUNCEMENT

Of interest here is the announcement of the engagement of Miss Delia Ewing, daughter of Mr. and Mrs. Sam R. Ewing of Louisville, to Midshipman James Ross Johnson, U. S. N. R., Northwestern University, son of J. R. Johnson, Sr., Clinton. No date has been set for the wedding. Miss Ewing attended the University of Kentucky, where she was a member of Kappa Kappa Gamma sorority. A graduate of the University of Kentucky, Midshipman Johnson belonged to Alpha Tau Omega and Omicron Delta Kappa, honorary leadership fraternity.

JOHNSON-MCKINNEY

Mrs. J. P. Witt announces the marriage of her daughter, Mrs. Mildred Johnson to Sgt. Taylor M. McKinney at Charleston, Mo., on Saturday, June 19. Justice of the Peace Charles E. Kickpatrick officiated, saying the single ring ceremony.

Sgt. McKinney, stationed at PAAP, Pecos, Texas, will return to his post next week.

CRUTCHFIELD HOME-MAKERS MEET

A very delightful meeting of the Crutchfield homemakers club was held at the home of Mrs. Bryant Kirby. After the business session was held the members attended a show and had refreshments at a cafe.

Mrs. Williams the secretary opened the meeting, a nominating committee was appointed and their decision was as follows: Mrs. Vivian McClanahan, president, Mrs. Ruth Lomas, vice president, Mrs. Mary McClanahan, secretary and treasurer and Mrs. Mary Lou Buford, pro-con.

The major project on food preservation

tion was omitted as the leaders had not been trained. The minor project on "First Aid" was read by the group.

Songs were sung during the recreational hour and a special piano solo by Miss Marion Kirby.

The next meeting will be with the Bufords.

Refreshments were served to 11 members and Miss Frances Kirby and five children. Those absent were Mrs. Percy Veatch, Mrs. Clois Veatch, and Mrs. Tom Douglas.

JOAN LATTA HONORED ON BIRTHDAY

Miss Joa Latta was delightfully surprised Friday night when her mother, Mrs. Van Latta, entertained with a birthday party in her honor at her home on Green street. The children enjoyed the evening playing games. Hours of the party were from 7 to 9 o'clock.

The hostess served delicious ice cream and cake to the following guests, Joe Figue, Marion Dawes, Mary Davis, Wanda, Donna Pat Bragg, Booby Crocker, Joan Crocker, Ralph Puckett, Rosalyn Bennett, Godfrey Buford, Louise Hancock, Kay Cherry, Betty Jean Mitchell and Joan.

Mrs. Della Burdette and Mr. Rigmor stayed at Mrs. Eva Seal's Sunday and will return to Fulton to work next Friday.

Talk your problems and share over with your county agent as long as possible before you will need extra farm labor.

The building foods are meat, poultry, fish, eggs, milk, cheese, dried beans and peas.

Charles C. Weggoner Announces Candidacy For State Senator From First District

TO THE DEMOCRATIC VOTERS OF THE FIRST SENATORIAL DISTRICT:

I wish to announce to you my candidacy for the nomination by the Democratic voters at the Primary Election August 7th, 1943.

Charles C. Weggoner

for the office of State Senator from the First Senatorial District of Kentucky.

If elected to this responsible office, I shall do everything in my power to creditably fill the office. I will not align myself with any political group or special interest but will undertake to preserve and protect the best interest of all the people of the district and to do all within my power to give the State

of Kentucky the most efficient and economical administration possible.

It cannot be foreseen in these most trying and perilous days what Legislative problem will be presented to the next session of the General Assembly but we know there will be many of the greatest importance and which will require most careful and unselfish consideration and action. If elected to this office, I shall keep in touch with the people of my district and always seek their suggestions and advice on important matters and endeavor to vote on all questions in a way that will be to the best interest of all the people of my district.

The people of my county have heretofore elected me to offices of important trust. I tried to fill these offices in such a manner that they would have no cause to regret their action. If elected as your Senator, I shall be guided by that same ideal.

This is a large district and my duties as an employee at the Shell Loading Plant, near Viola, Kentucky, which is now engaged in War Work of most vital importance will prevent giving all my time to my race. I will, in the limited time I have, try to see as many people as possible. If I do not see you, please understand that this is not from lack of interest or that it is because I do not want your vote.

Thanking you for your favorable consideration and for your vote and influence in my behalf, I am,

Respectfully yours,

Charles C. Weggoner

ROPER NEWS

Mrs. Mina Clark visited Mrs. Martha Fields Sunday afternoon.

INTELLIGENCE TO HELP PREVENT ACCIDENTS AND FIRES ON U. S. FARMS

The dropping is the battle cry of more than 1-1/2 million 4-H Club boys and girls throughout the nation who are "all out" to make rural America safe and secure for victory. Enrolled in the National 4-H Farm Safety Activity, they're impressing upon rural residents that accidents and fires—which cost staggering human losses in lives, labor, livestock, and property on American farms—can be prevented. The 4-H's are pointing out that extreme vigilance should be exercised this year to make America at "thousand" of homes and barns

NOW IT CAN BE TOLD

will work on the farms.

Among their recommendations to prevent accidents and fires are to keep tools, when not being used, in racks . . . dangerous animals in secure pens . . . electrical and mechanical equipment in repair . . . to install fire-fighting equipment . . . establish fire lanes . . . mark containers of inflammable and explosive liquids. In short, they are impressing upon farm people the 4-H principle of the coordinated use of the Hands, Head and Heart for Health.

Outstanding records of achievement in this activity will receive honor awards provided by the National Company, which include: mobile special prizes, \$100 War Savings Bonds, and trips to the National 4-H Club Congress in Chicago. The activity is being conducted along with other wartime projects of production and conservation, under the direction of the U. S. Department of Agriculture, State Agricultural Colleges and

County Extension Agents. The last named will furnish full details.

PERSONALS

Mr. and Mrs. Orton Oliver of Chicago, Ill., have been visiting here with friends and relatives. A reunion was held Sunday at Mr. and Mrs. Emmett Caldwell. Those present were Mr. and Mrs. E. A. Golden and Thelma, Mr. and Mrs. Edd Lamb, Mr. and Mrs. Karl Kimberlin and children, Robert Lamb, Mrs. Wayne Lamb and children, Mr. and Mrs. Orton Oliver and Mr. and Mrs. Emmett Caldwell and daughter, Delores. Lunch was served at the noon hour.

Billy Copeland of Detroit, Mich., spent last week with his parents Mr. and Mrs. Bert Copeland.

Darlene Vincent spent the week end with her parents.

James "Sweet" Spiller spent the week end at home with his parents Mr. and Mrs. Claude Shelby.
