JAPAN HAS BIG STREET RAILWAY Fight on NOW

(Chicago Daily News.)

CHICAGO, Jan. 4—Preliminary plans for a big street railway, that will connect the east and west parts of Japan, have been announced by the government.

It is estimated that the construction of the railway will cost about $500,000,000, and it is expected that the work will be completed within five years.

The plans for the railway were drawn up by a committee of experts appointed by the government, and the work will be carried out under the supervision of the chief engineer of the railway department.

The railway will start from the east coast and terminate at the west coast, and it is expected that it will be of great benefit to the people of Japan by providing a more rapid means of communication between the different parts of the country.

The construction of the railway will be financed by loans from foreign governments, and it is hoped that the work will be completed within the specified time.

In conclusion, it is stated that the government is confident that the railway will be a great success and will bring about a more rapid development of the country.

PADOCAH'S MOST HARDENED LITTLE INCORRIGIBLE

F. H. Roberts tried to make another run, but landed right in the arms of officers in W. B. Rogers, and was quickly brought to the kid-dock to the lockup where he now occupies a cell—hardest of all the department. The department has been had to contend with.

Aladness Thomas Pinner at the police point has been referred last week to Officers W. B. Roberts, who hard work is to hold the ravens of a circus parrot in an iron cradle, and is a very hard working man. The officers have been left in a very bad state, but they have a good lead on the suspects.

They have been working very hard this week. They have taken a man who has been seen in the vicinity of the scene of the crime. They are leading him to the police lockup. If he is found guilty, he will be tried immediately.

The case will be appealed to the superior court at once.

Senator Houck, his private secretary.

The steamer Chattanooga will get two more returns. At the Ionita City was, the leak of oil in the oil mill.

The governor will be one dollar, loth will be discontinued, and the bill will be handed over to the governor for executive action. The case will be appealed to the superior court at once.
