NUMBER TWENTY-THREE

## Church Offers

### Play Features

Two Ping Pong tables two Shuffle Boards, four checker tables, and other games will be made available to youth in the First Methodist Church each Tuesday night, according to plans of the Youth Fellowship organized last Tuesday night. The young people will meet at 7:30 o'clock and engage in a thirty minutes devotional. The first speaker was the Rev. J. T. Scott, new minister of the Cumberland Presbyterian Church. Following the religious service, the young people will adjourn to the recreation rooms for fun and fellowship.

Concerning this feature the pastor stated, "It is as much the business of a Methodist Church to furnish youth with christian contacts and a place to play as a place to pray."

"I believe most parents will appreciate the Church affording supervised Play Room Night each Tuesday, and I know some might wish some young people who will be there."

The Misses Mary Neal Jones, Jean Atkins, Janice Koonce and Jessie Nelle Carter have painted the Shuffle Board squares and circular blocks. Loyal O. Hartman, Jr., has prepared and placed the two Ping Pong tables.

### GALBRAITH SHOP TO OPEN

Miss Frances Galbraith moved to her new location Monday on Main street, opposite the Malco Theatre. Her new shop is located in the old Owl Drug Store building. The building has been completely remodeled and she would appreciate her friends and customers calling on her.

### COUNTRY CLUB OPENED THURSDAY

The annual opening of the Fulton Country Club, later this year than usual, was opened Thursday afternoon. At seven o'clock a picnic lunch was served on the beautiful lawn. No special program was arranged.

The grounds are now in excellent condition and interest in golf seems to be showing a slight increase. More interest must be manifested, however, if the Country Club is to continue, and it is hoped to arouse more interest by the opening Thursday afternoon.

### NOTICE TO TAXPAYERS

Enacted by the General Assembly of the Commonwealth of Kentucky, Regular Session of 1942, in Senate Bill No. 182.

"It shall be the duty of all persons owning or having any interest in any real estate situated in this state or owning or having any interest in any personal property having a taxable situs in this state to list or have listed between July 1st, and September 1st, of each year such property with the County Tax Commissioner of the County where it is located."

Before the enactment of this law, it was the duty of the Tax Commissioner to call at the residence of the taxpayer and secure the assessment lists. Due to the fact that last year was my first year as Tax Commissioner, I covered the county from house to house to better acquaint myself with the property.

I, Elmer Murchison, County Tax Commissioner, will have my office open July 1st, and will appreciate your listing your taxable property with me before September, 1943. If there is no change from your last year's assessment, a card or telephone call authorizing me to make assessment will be permissible.

I will be in Fulton for two weeks in July, at a place to be published later, for the purpose of taking your lists.

ELMER MURCHISON,  
Fulton County Tax Commissioner

C. G. Boyett, Jr., returned to Memphis to the University of Tennessee after spending a few days with his parents here.

Pauline Thompson was dismissed Sunday.

Mrs. Orby Bushart was dismissed Saturday.

## DEATHS

### MRS. J. E. FIELDS

Mrs. Eugenia Ann Browder Fields, 34 years of age, widow of James E. Fields, died last Tuesday night at her home on Pearl street, after an illness of several weeks. Funeral services were conducted from the First Methodist Church Saturday afternoon at four o'clock, with the Pastor, Carl O. Hartman, assisted by Rev. B. J. Russell, in charge. Burial directed by the Hornbeak Funeral Home was in the Palestine cemetery. Active pal bearers will be the grandsons of the deceased.

Mrs. Fields, whose long and active life thus comes to a close, spent all her years in Fulton and in the nearby countryside. She was born December 12, 1858 in Fulton County, the daughter of Altheus and Caroline Browder. Her grandfather, David Browder, was one of the pioneer settlers of Fulton County.

On October 25, 1876, she was married to the late James E. Fields, who belonged to another of the pioneer families of this section. For many years Mr. and Mrs. Fields lived in their country home in the Palestine community and this home was one of the great gathering places for young people for many years. About 1934 they moved to Fulton, and Mr. Fields passed on April 21, 1940.

Seven children today mourn the loss of the mother. They are: Mrs. E. A. Thompson of Fulton, Mrs. Fred Paschall of Memphis, Mrs. Pauline White of Nashville, Heydon Fields of Alton, Ill., Jesse Fields of Fulton, Miss Ruth Fields of Fulton and Mrs. Smith Atkins of Fulton. Seventeen grandchildren and three great grandchildren also survive. Mrs. Lulu Bard is a sister and John C. Browder a brother.

Mrs. Fields was a life-long member of the Methodist Church, having joined the Palestine Church many years ago, later transferring her membership to the First Methodist Church in Fulton. A woman of kindly tolerant characteristics hospitable in every sense, faithful to her church vows and to her neighborly duties, she made many friends during her many years in this community, and hundreds of close friends today mingle their tears with those of the bereaved family. Her memory will never be forgotten, for her busy fruitful life meant too much to so many people. While she is gone, her memory will remain with her friends like a beautiful benediction.

### CLIFTON L. NEWTON

Sgt. Clifton L. Newton, age 37 years, of Camp Vickett, Va., was drowned near Lynchburg, Va., a few days ago. His body arrived at Fulton Sunday night about 8 p.m. Funeral services were held at Oak Grove Tuesday at 2 o'clock. The Rev. Harry Williams officiating.

Survivors are his wife, Mrs. Alice Newton, his parents, Mr. and Mrs. Luther Newton of near Dukedom, two brothers Newell of Leesburg, Fla., G. D. of Shepherdsville, Texas, two sisters, Mrs. Henry Davis of Fulton, Mrs. Vernon Stevenson of Puryear, Tenn., and several nieces and nephews.

J. T. Jackson and Son's were in charge of the funeral arrangements.

### JAMES RAY HOLIFIELD

James Ray Holifield, infant son of Mr. and Mrs. James Holifield, Fulton Route One, passed away Sunday, June 27, at 5:30 p.m.

He is survived by his parents and several brothers and sisters. Burial took place in the Holifield burial lot.

Paul Burken of Jackson, Tenn., spent the week end with Richard and Robert Rucker.

## Giant Tanks in Action

THIS 40-TON TANK is moving forward with the rest of its squadron following the success of famed British Coldstream and Grenadier Guards during recent battles in Tunisia. It is one of the formidable new "Churchill" tanks, mounting a powerful gun, which are being turned out in quantity by Britain's war factories. The men clinging to the tank belong to a Field Company of British engineers and their dangerous job is to lift enemy mines and make the newly won territory safe for further Allied advances.

## Local Soldiers Write Home

This letter was received by Mrs. Lee Hammett from her son who is in North Africa.

Dearest Mother:

Today being mother's day I thought I would write to one of the sweetest mothers a boy ever had and wish her a very happy day. I only wish I could be there with her to help her enjoy it. But I do thank God that will tell her how proud I am to be her son. I trust God that same day I will be back home with her. Yes today is mother's day, but for me I honor every day that passes for a mother that surrounded my growing years with unfailing care. Every day that I am true ideas, her love, her faith and her God I honor my mother. Every day that I give my strength, courage, clean living and unselfish service that day becomes a shining memorial to my good mother. But there is still a better Mother's Day yet to be and that will be when by God's help we win and can build a world in which all mankind will be free to live and have a chance to be just what they want to be so in honor of my mother and mothers everywhere I dedicate my service, my toil, and my loyalty and also my life. Well mom how does this find every one back home?

As for me I am feeling great and fit as a fiddle, tell every one hello and kiss little Aggie for me. Things are moving fast now and might soon be coming to a close (I hope) but not any too soon.

Tell Dad hello and tell Paul to keep that chin up. Well mother dear this is about all I have time for now so I'll close you write often and remember that old saying "where there's a will, there's a way." Keep smiling, lots of love.

Your soldier boy,

MAURICE

A letter to Mrs. John Smoot from her son who is in England and was injured in battle. The letter is as follows:

U. S. Army Hospital

Dear Mother:

How is everything? I am getting along fairly well. Should be out of here in a month or six weeks. My foot is getting along fine. Have it in a cast. I get up about five minutes a day while my bed is mad. Can hobble around on crutches a little.

The General was supposed to come over with my Purple Heart yesterday. But he never got here.

Went to the show the other day. Some of the boys carried me up in a wheel chair; some fun.

Today is a very nice sunny day, should be out getting some tan, am about to lose all that I got while on my seven day leave.

Lts. Steele and Jones, co-pilot and pilot, and Bill were over to see me today. What I need though is feminine company.

Lots o' love,

JES

## WARTIME TRANSPORTATION PROBLEMS

Although buses carry more than half of the passengers using any form of interstate transportation, the highway motor coaches require only six per cent of the crude rubber and two and a half per cent of the motor fuel consumed by all commercial vehicles. These facts were disclosed by the National Association of Motor Bus Operators in a comprehensive study of wartime transportation problems confronting the industry.

In traveling 1,115,000 miles to transport 692 million passengers last year, the 21,840 buses in interstate service used 165,000 tires, each weighing approximately 50 pounds. This is a total of 4,120 tons or less than one-sixteenth of all the rubber allotted to trucks, taxis and city buses.

As pioneers in rubber conservation, members of the bus organization report they ordinarily average better than 40,000 miles per tire, with many tires giving 75,000 miles of wear. Even when discarded for safety reasons, the bus tire still has enough recapping rubber for passenger car tires.

discarded motor fuel was even less in comparison. The typical bus, when carried 19 passengers for every mile.

The consumption of gasoline and of operation, averaged six miles to the gallon, a figure not far below the average of some of the larger pleasure cars. The total usage by interstate buses was four and a half million barrels of motor fuel, a fortieth of the consumption by all commercial vehicles.

#### COUNTY AGENT NOTES

Beets and carrots for fall use or storing for winter should be sown in late June. However sowings as late as August 1 sometimes succeed in a favorable season, says the Kentucky College of Agriculture. These crops may occupy the space that was used for early greens, cabbage, etc. When the early crops are removed, the soil should be spaded or pulverized and worked down to make a fine soil for seeding. Sow beet seed rather thin, about one to the inch and cover about one inch deep. One ounce of seed will sow a fifty foot row. When the plants are developed 4 leaves thin to 4 inches apart. Suggested varieties are Casley's Egyptian, Detroit Dark-Red and Winter Keeper.

Special attention is needed to start carrots in hot weather. The seed is

small and germinates slowly. To hasten germination the seed may be soaked in water over night, then sown in a furrow about half-inch deep and covered with moist soil pressed firmly over the seed. A board laid over the row will help to hold moisture till the seedlings appear, when the board should be removed promptly. This procedure is practical only for the home garden.

County Agent

## "YOU'VE DONE YOUR BIT NOW DO YOUR BEST!"

DURING the first year of our toughest war, we—

Trained millions of fighting men—made millions of dollars worth of fighting tools—built millions of tons of shipping to carry these men and tools to the fighting fronts.

And to help pay for it all, we bought War Bonds. Altogether, 50 millions of us bought War Bonds. And nearly 30 millions of us started putting, on the average, 10 percent of our pay into War Bonds every pay day through the Payroll Savings Plan.

That was a good start—a whale of a good start. But, every American knows that it was only a start. Nobody would contend for a single instant that what we did in '42 is enough for '43!

Did we make 48,000 planes last year? Believe it or not—we did. But we've got to make 100,000 this year! Sure! We broke every record in the world last year, building 8 million tons of shipping. But everybody knows that the 18 million tons we're building this year isn't enough!

We've got to do more fighting this year. We've got to do more building, more training, more shipping—and more saving.

We've got to buy more War Bonds.

Is that too much to ask? Many of us are making more money than we have made for

years. The things we'd like to buy with that money have either disappeared or are as "scarce as hen's teeth." So, why not put that money into War Bonds at good interest—\$4 for every \$3 when the Bonds mature? Money to help pay for the war—keep prices down—provide peacetime jobs and peacetime goods and a generally decent world for all of us when the war is won.

Chances are, you're already in the Payroll Savings Plan—buying War Bonds—doing your bit. But don't stop there. See if you can't boost your ante! Do your best!

How millions of Americans have done their bit—and how they can do better:

Of the 34 million Americans on plant payrolls, nearly 30 millions of them have joined

the Payroll Savings Plan. (If you aren't in yet—sign up tomorrow!)

Those Americans who have joined the Plan are investing, on the average, 10 percent of their earnings in War Bonds. (If you haven't reached 10 percent yet—keep trying!)

#### BUT...

America's income this year will be the highest in history: about 125 BILLION dollars! In spite of all taxes and price rises, the average worker will have more money than last year—more than ever before!

That is why Uncle Sam has a right to ask us, individually, to invest more money in War Bonds, through the Payroll Savings Plan. He asks us to invest not 10 percent or 15 percent or 20 percent, but all we can!

## YOU'VE DONE YOUR BIT --- NOW DO YOUR BEST!

Miss Cooke served a lovely ice course to the following: Mrs. Claude Muzzle, Mrs. Al Gentleman, Mrs.

### What You Buy With WAR BONDS

Beans

So long as a soldier can eat and think up disparaging names for his equipment the Army will do all right. Food is either "beans," or "chow."

"Chow" may consist of a well cooked meal or if circumstances demand our fighting men have learned to subsist on "Ration K," the concentrated food that all of them carry into battle.

With millions of men and women in the services it will require a lot of War Bond buying on our part to keep them happy.

### What You Buy With WAR BONDS

Wags!

No quadruped of the K9 contingent used by the Marines, the Army or the Coast Guard is purchased. They're strictly volunteers for the duration, loaned by their masters and mistresses. These dogs are taught to hear and smell and see enemies where humans cannot. They are invaluable at night.

Several K9 training stations are maintained by various branches of our fighting services. You may not have a dog to send to war but you can send your money. Buy War Bonds.

#### THE WEST INDIES TRADE

THE COLONIES HAD COUNTED ON INCREASING NUMBERS OF IMMIGRANTS TO PURCHASE SUPPLIES OF FISH, DRIED MEAT AND LUMBER. THE ENGLISH CIVIL WAR OF 1641 TEMPORARILY HALTED IMMIGRATION AND THUS PRECIPITATED AN ECONOMIC CRISIS HERE. NEW MARKETS WERE NEEDED.

FIVE YEARS EARLIER (1636) GOVERNOR WINTHROPS SON JOHN AND THOMAS MAYHEW OF BOSTON HAD SENT A TINY SLOOP TO TRADE WITH BERMUDA. IT WAS A SMALL VENTURE BUT PROVED TO NEW ENGLANDERS THAT THERE WAS A MARKET IN THE WEST INDIES.

AS THE TRADE DEVELOPED COLONIAL SHIPS BROUGHT BACK SUGAR AND MOLASSES IN SUCH QUANTITIES THAT THIS COUNTRY'S SHIPPERS BEGAN EXPORTING THE TROPICAL PRODUCTS TO AMSTERDAM, COPENHAGEN AND OTHER EUROPEAN PORTS.

THUS, THE COLONIES NOT ONLY GOT RID OF THEIR HOME-GROWN SURPLUS BUT SUDDENLY FOUND THEMSELVES DOMINATING ONE OF THE MOST PROFITABLE TRADE ROUTES IN THE WORLD. THE FAMOUS WEST INDIES TRADE WAS BORN.
