[WITHHOLDING TAX BECOMES

EFFECTIVE ON JULY 1, 1943

The new Federal income tax law becomes effective July 1, 1943. It requires you to pay income tax on your total earnings at the end of the year, rather than paying the taxes throughout the year as you earn the money.

Your employer is required to withhold tax at the rate of 1.16 for Column 1, and then multiply the amount shown in the other Columns by 2.16 (this gives approximate deduction).

If you are paid twice monthly you should divide your total earnings by 2, and then multiply the amount shown in the other Columns by 2.16 (this gives approximate deduction).

If you are paid every two weeks you should use half your total earnings for Column 1, and then double the amount shown in the other Columns, according to your family status.

Remember that a blind man wants nothing but his eyes. You'll never miss them until they are gone.

MUST HAVE UNITY FOR VICTORY

We must have unity of sacrifice and effort from all Americans to hasten the day of final victory. We must not have any thought of personal gain, for the greater the sacrifice, the sooner our victory will come.

PART-TIME PATRIOTS DON'T WIN WARS

In time of war, when the whole nation is working to win the war, every man, woman, and child must do his part. We must all work together, and we must do our part.
